Primary School Interest.
The amount of the semi-annual primary school interest appropriated to this Congressional district is as follows:

Under Sheriff Palmer has recovered the watch that was taken from Miss May Rough, some months ago, by highway robbers. It was recovered in a pawnshop in Chicago. It was taken by the same gang that stole the Housworth horse and buggy. The names given by the gang when captured through the efforts of Mr. Palmer, turn out to be aliases. Williams' real name being Lewis Vanderberg, Ewing's name Michael McCame, and Rogers' being Ed. Milsted. Mr. Palmer has also located the other member of the gang, but the South Bend authorities decline to prosecute the man even if delivered to them.

Buchanan's Boom.
Terrorists to Assume Large Proportions.
The citizens of Buchanan are already imagining their pretty little village to be a second Chicago, and in a few years to become the metropolis of Berrien county. Let us hope that their anticipations may be realized to some extent. The people of the town base their claims upon their admirable facilities for water power to run large factories, a number of which they say are already in making preparations to move into their midst. When these institutions are firmly established, skilled workmen will be called upon, and thus, in a large degree, the population will be increased.

CITIZENS WAKING UP.
Moneyed men are already becoming interested in the town's progress. Fred E. Lee, the Dowagiac capitalist, has spent many thousands of dollars purchasing real estate, and the word is that he now contemplates erecting a new business block. He has considerable money in factories, the buildings for which are now in the course of construction, and he is not likely to give up his town's present thriving condition. He has considerable cash invested in numerous business enterprises, and being a man of shrewd conception and ability, it is not likely he would place money where he thought he would not get good returns.

CITIZENS WAKING UP.
These two gentlemen have aroused Buchanan citizens from their Rip Van Winkle slumber, and they are becoming more and more interested in the town's progress. One, especially, who is doing much for his native town's good, is Mr. John G. Holmes, formerly editor of the Buchanan Record. Since the improvement of Buchanan, Buchanan has been gone, heart and soul, into the venture, and now is giving it his best support. Other prominent citizens have followed his example, and many friends are beginning to wake up and is making a name for herself—Niles Star.

Will A. Hull, secretary and treasurer of the Electric Railroad and Light Company, and Miss May Belle Graham, daughter of Mr. and Mrs. E. A. Graham of the Graham Transportation and Dockage Company, were married at the bride's residence at St. Joseph, on Wednesday evening of last week. The affair was one of the highest social events of the season, and was attended by guests from several states. The couple left on the Thursday morning train for a trip through the South.

Notice is hereby given that a special election will be held at the Engine House, in the Village of Buchanan, in the County of Berrien and State of Michigan, on the 23rd day of November, 1894, for the purpose of submitting to the electors of said Village of Buchanan the question of issuing ten thousand dollars of the bonds of said Village for the purpose of purchasing of the Buchanan Power and Electric Company a volume of water from their water power, at the St. Joseph river, of one hundred and fifty horse power, and the right to use said water, and race way and wicket pits, for the purpose of pumping water for the water works now in use in said Village of Buchanan.

The notice is given under and by the direction of the Common Council of said Village.
Dated November 15, 1894.

Good for Sheriff Palmer.
Frank Williams who, with several others, was some time ago arrested at Crown Point, Ind., after a long chase by Under Sheriff W. A. Palmer of Buchanan, who has shown himself to be one of the most clever detectives and officers in this part of Michigan. It has now been brought to light by Detective John F. Norris of Springfield, O., that Williams is one of the most noted crooks in Ohio. He escaped jail at Columbus, O., after serving one year of a three years' sentence for diamond robbery, and will be taken back by Norris. He has told and confided to Palmer and the officers at Berrien Springs of other robberies he has committed in this vicinity. The worst one was that of stealing a horse and buggy belonging to young Housworth, living south of this place, for which he was captured at Crown Point.

The following item is clipped from the South Milwaukee Star of Nov. 3 and we are pleased to publish the same in the columns of the RECORD:
DEPARTURE OF MR. HATCH AND FAMILY.
The departure this week of Mr. and Mrs. W. P. Hatch and son Percy for Buchanan, Mich., where they will make their future home, is much regretted by the entire community. Mr. Hatch has been one of the shining lights of our prosperous village, and has always taken a lively interest in an active part in all things that would promote the welfare of the town. In the Congregational church he has taken the part of deacon, has been the leader and promoter of the choir, superintendent of the Sunday school, one of the most helpful and influential of the church members and one of its strongest pillars. Last Sunday being the last Sunday the family would be able to spend here, Mr. Hatch very appropriately addressed a few remarks to the congregation, immediately after the morning service and it may be said, that he really was the sadness of the occasion felt by all those present that scarcely a dry eye remained among his hearers. Mrs. Hatch has been a co-worker with her husband in the church, and has been a regular member in the choir and the Ladies Aid society. Their son Percy has assisted in the music as few boys of his age would have done. He has taken the part of violoncello, and has been a regular and faithful attendant. South Milwaukee suffers a great loss in the departure of this family, and truly no town can afford to lose people whose influence is so conducive to its good, and we know that only the urgent business interests of Mr. Hatch could have taken him from us, and we congratulate the people of Buchanan on their great good fortune in securing him for a future resident. Mr. Clarence Hatch is to remain here for a short time yet, to which it is probable that he will eventually go to Buchanan also, but his present plans here, hope that his stay here may be made as prolonged as possible.
