SUNDAY SCHOOL EVANGEL.

EDITED BY REV. O. J. ROBERTS.

This column is open to any who have any communication bearing upon practical Sunday School work, or have any news concerning the progress of the work. We solicit correspondence along these lines from all workers.

How Best Get the Most Out of the Song Service in our Sunday School. [The following excellent paper was prepared by Mr. James Baley of Benton Harbor, and was read at the County Convention at Barren Springs.]

As to the value of music and its influence on the children it is hardly necessary to say anything, for that fact is patent to all who are conversant with history or have had any experience whatever on the subject. My purpose, therefore, will be to suggest, if possible, how the service of song may be made more effective and practical in the Sunday School. I am sorry to admit that too often the singing is a formal part of the service, just as the taking of a collection or reading notices, without any regard to the sentiment of the song or its relation to the subject of the lesson.

It is also to be regretted that very many of the songs are not worthy of a place in any school, but are mere trash that should be banished forever and replaced by the sweet and soul-stirring hymns that so ably supplement the very Gospel truths we are trying to teach the children. Another difficulty in the way of satisfactory and effective music is the limited time the average school can devote to it. In our own case, for instance, by the time the usual large Sunday morning congregation has vacated the auditorium and the incoming members of the school are seated, it is generally from ten to fifteen minutes past twelve, and consequently obliges us to hasten the opening services in order to allow the required time for the study of the lesson, as we cannot hold the session later than one o'clock without many becoming restless. It will therefore be observed by this Convention that my reference will be to the ideal rather than as it exists with us, and blessed is the school that can devote ten minutes before the opening hour to a spirited song service, not only singing the words but impressing the truths they contain upon the hearts of the boys and girls. Secure the very best orchestra possible, and make the musical part of the school so attractive and enthralling that all will be compelled to join heartily in the songs.

One of the unique features in the famous Wannamaker school is to have different classes in various parts of the room sing a verse of the song alone, the one on each side hugging him with questions until his wits became so entangled that his answers grew quite wild and preposterous. Noticing the distress and confusion of the poor old witness, the judge, who was a most kind hearted man, bunched the lawyers and put a simple question to the bewildered dandy, with the intention of bringing him back to the starting point.

This third assault, so Van Meter regarded the kindly judge's interposition, proved the last straw to the old dandy.

"Now, look-a-hear, you glory haired geman up on do bench dat," he broke out, shaking a trembling forefinger at the judge, "don't you interfere wid dis yer business at all. Dis child's got jess as much as he can do to take care ob dese two fellows down here, an' dat's de trat!"—Yonth's Companion.

A Dog In a Crowd. It is really cruel to take a dog, and particularly a small one, into a crowd. No one possessing any imagination would ever do it. A little animal must be when it finds itself in a perfect forest of legs, each leg provided with a foot shod in hard leather and liable to come down on one of its poor little feet.

The following is the daily ration of the animals at the Jardin des Plantes in Paris: Ten pounds of flesh for each lion, tiger and bear; seven pounds for the panther, three pounds to six pounds for the hyena, one pound for the wild cat, and two pounds for the eagle.

There is a "rooking stone" in Sullivan county, N. Y., which is estimated to weigh 40 tons, and which is so evenly balanced that the strength of one finger is sufficient to set it in motion.

The British Medical Journal states that the strain of railway racing must tell upon the drivers, and either they must work shorter hours or that greater risk must be run.

In the Ural mountains the peasantry believe that if a wolf sees a man before the man sees the wolf, the man will be struck dumb and remain so as long as the wolf lives.

Included to Assist Him. "You don't object to a contributor dropping into poetry once in awhile, I presume?" said the editor, with an affable smile.

"Certainly not, sir. Sit down," replied the editor, pushing the waste basket toward him.—Chicago Tribune.

Living on One Food. We hold that a well devised dietary system does not need frequent changes. All do not require to eat the same in amount or kind. Uncooked fruits and nuts suit some; others live almost entirely on bread and oatmeal; but when the correct diet has been found it is not necessary to change. Animals in a state of nature live on one food throughout their lives.—Vegetarian.

Immortal Fame. Did any man ever achieve distinction by lying?—San Francisco Post.

See. Baron Munchausen.—New York Sun.

In our column next week we will have the annual report of the Field Secretary, and we hope to have the admirable paper on Primary Work which Mrs. J. D. Greenaway, of Niles, presented at the County Convention.

**Joined in Wedlock.**  
Justice Baldey yesterday united two kindred hearts in the holy bonds of wedlock. Frank A. Stearns and Alice Albee, both of Buchanan, appeared before the Justice and made complaint that they were both unhappy because the cruel hand of fate had in many ways sought to keep their youthful hearts asunder. They had decided to invoke the majesty of the law against fate and, as they had their marriage license with them, the gallant Justice pronounced them man and wife with his usual *et tu, Brute!* and hand they departed, together to face the great problem of life, from the standpoint of eighteen and seventeen years, their respective ages.—*St. Joseph Press, Wednesday.*

**Appeal Dismissed.**  
On June 4, 1892, Stephen A. Earl, of Buchanan, secured a judgment against Charles Moore, of Pipestone, and on January 10, 1893, the sheriff of this county levied upon the three acres of land belonging to Moore to satisfy the judgment. In March, 1895, Moore filed a bill in the Berrien Circuit Court in Chancery to set aside the execution of the writ of attachment and to constitute his homestead. A hearing was had before Judge O'Hara in June, 1895, and a decree entered in favor of Earl. This decree was filed June 10, 1895. Moore sought to appeal from this decree to the Supreme Court, he filed an appeal bond, procured a transcript of the testimony, had it certified by the Circuit Judge, printed his report, and in due time he appeared before the Supreme Court. Earl moved that the Court dismiss the appeal on the ground that Moore had not complied with the statute in taking it; that he had not filed his bond in time; did not procure the transcript in time; did not file the transcript in time; and did not prosecute his appeal with diligence. The motion was argued before the Supreme Court last Friday. James O'Hara appearing for Earl, and A. L. Hammond for Moore. Yesterday the Supreme Court handed down an opinion sustaining Mr. Earl and dismissing the appeal. Moore ends the last chapter of this litigation.—*Thursday's St. Joseph Press.*

**Taken by Surprise.**  
November 6 was the anniversary of Mrs. George Johnson's birthday, and the members of the church made use of the occasion and thoroughly surprised her. Early in the evening the members of the Young People's Alliance sent her a fine rocker, and great indeed was her surprise when after the evening service, she was surrounded and presented with a beautiful purse well filled with money. Both these gifts were a thorough surprise to her. Such gifts are valuable in themselves, but the expressions of love and esteem manifested in them are of far greater importance, and will be cherished long after material things have disappeared.—*St. Joseph Press.*

## County School Notes.

A county inspiration institute will be held in Benton Harbor the last of January.

Teachers, write to Norman B. Conger, Inspector, Weather Bureau, Detroit, for daily weather maps.

The November apportionment of the primary school fund averages 83 cents per capita.

The first township spelling contest will take place in Baroda, Friday evening, Nov. 22. Other contests will follow in rapid order until every township has selected its best two spellers, when there will be a county test.

Ten township teachers' and patrons' institutes have been organized and arrangements made for regular monthly meetings. Teachers, if your township has not organized an association, why not call for a meeting? Do not wait for the Commissioner to do this, as he cannot be in twenty townships at the same time.

Act No. 146, Laws of 1895, requires school boards to see that teachers give their blackboard attention regarding the modes by which dangerous communicable diseases are spread, and the best methods for their restriction and prevention of such diseases. Teachers may be dismissed, the school boards subjected to fines or forfeiture for neglecting or refusing to comply with this law. This Act applies to all schools, city, village and district. The County Commissioner has received from the State Board of Health a large supply of pamphlets containing dates and statements, which will be mailed to teachers this week and thus enable them to take up the work. As this subject is to be taught orally and from the blackboard, teachers will need to make a careful study of the pamphlets sent them, before attempting instruction of pupils.

Several schools will soon take up the study of Stoddard's New Intellectual Arithmetic. We hope other schools will follow this lead, as it is a move in the right direction.

At a late meeting of the Board of Education, it was voted to withhold special certificates. These certificates are not needed and when granted are the source of much trouble. Candidates for teachers positions must attend the examinations.

**Joined in Wedlock.**  
Justice Baldey yesterday united two kindred hearts in the holy bonds of wedlock. Frank A. Stearns and Alice Albee, both of Buchanan, appeared before the Justice and made complaint that they were both unhappy because the cruel hand of fate had in many ways sought to keep their youthful hearts asunder. They had decided to invoke the majesty of the law against fate and, as they had their marriage license with them, the gallant Justice pronounced them man and wife with his usual *et tu, Brute!* and hand they departed, together to face the great problem of life, from the standpoint of eighteen and seventeen years, their respective ages.—*St. Joseph Press, Wednesday.*

**Appeal Dismissed.**  
On June 4, 1892, Stephen A. Earl, of Buchanan, secured a judgment against Charles Moore, of Pipestone, and on January 10, 1893, the sheriff of this county levied upon the three acres of land belonging to Moore to satisfy the judgment. In March, 1895, Moore filed a bill in the Berrien Circuit Court in Chancery to set aside the execution of the writ of attachment and to constitute his homestead. A hearing was had before Judge O'Hara in June, 1895, and a decree entered in favor of Earl. This decree was filed June 10, 1895. Moore sought to appeal from this decree to the Supreme Court, he filed an appeal bond, procured a transcript of the testimony, had it certified by the Circuit Judge, printed his report, and in due time he appeared before the Supreme Court. Earl moved that the Court dismiss the appeal on the ground that Moore had not complied with the statute in taking it; that he had not filed his bond in time; did not procure the transcript in time; did not file the transcript in time; and did not prosecute his appeal with diligence. The motion was argued before the Supreme Court last Friday. James O'Hara appearing for Earl, and A. L. Hammond for Moore. Yesterday the Supreme Court handed down an opinion sustaining Mr. Earl and dismissing the appeal. Moore ends the last chapter of this litigation.—*Thursday's St. Joseph Press.*

**FIFTY-TWO DIVIDENDS.**  
As a general thing investors are pleased to receive only two dividends a year, and if they are paid with regularity are fully satisfied. When one, however, can receive fifty-two dividends in a year upon an investment of only three dollars, the matter deserves very serious attention.

THE INDEPENDENT of New York for forty-seven years has held the first position among the great religious literature and family weeklies of the land. It presents features for the coming year far in advance of any heretofore offered. It has the leading contributors of the world, it prints the best poetry, it has twenty-two departments, edited by specialists, devoted to Fine Arts, Science, Insurance, Finance, Biblical Research, Sunday School, Missions, Health, etc. THE INDEPENDENT is particularly fitted for intelligent people, whether professional men, business men or farmers, and for families. It costs but six cents a week, and gives a great deal for the money. A subscriber receives fifty-two dividends a year.

The subscription price of THE INDEPENDENT is only three dollars a year, or at that rate for any part of a year, and a sample copy will be sent to any person free by addressing THE INDEPENDENT, New York City.

**Weak, Irritable, Tired**  
"I Was No Good on Earth."  
Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease. "About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss of tempo of memory. Weighted down with care and worry, I completely lost appetite. I felt my vitality seeping out. I was weak, irritable and tired. My weight was reduced to 100 lbs. In fact I was no good on earth. A friend gave me a bottle of Dr. Miles' book, 'New and Starting Facts' and I tried it. One bottle I could use as well as a 10-year-old boy. My appetite returned greatly increased. When I had taken the sixth bottle my weight increased to 176 lbs. The sensation in my legs was gone. My nerves steadied completely. My memory was fully restored. My brain seemed clearer than ever. I felt good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine. I assure you." August, 1895. WALTER R. BURMAN. ## REAL ENJOYMENT

There's real enjoyment in wearing comfortable footwear. When a man gets home at night, off come his shoes. When he arrives at his place of business or labor, the chances are he fishes out an old pair of shoes that have convenient holes out to ease his corns. That's the way with some men.

The men who find comfort in wearing the same pair of shoes from morning till night are the men who buy footwear of us. We can give anybody foot comfort who will buy the kind of shoes we
