Advertisers should note the fact that the Buchanan Record is one of the 166 that are not afraid to let their circulation figures be known.

The Financial Plan.

The Republican Party is unreservedly for sound money. It is opposed to the payment of the late providing for the redemption of specie payments in 1899, since then every dollar has been as good as gold.

We are unalterably opposed to every measure calculated to debase our currency or to impair the credit of our country. We are, therefore, opposed to a free coinage of silver, except by international agreement with the leading commercial nations of the world, which we pledge ourselves to promote, and until such agreement can be obtained, the existing gold standard must be preserved. All silver and paper currency must be maintained at parity with gold, and we favor all measures designed to maintain inviolably the obligations of the United States, and all our money, whether coin or paper, at the present standard, the standard of the most enlightened nations.

Adopted by the Republican National Convention, St. Louis, June 18, 1896.

The State Board of Corrections and Charities are sending out circulars requesting all churches to observe Sunday, Oct. 25, as "Prison Sunday", and requesting various pastors to preach sermons bearing on this subject.

The Benton Harbor Banner-Register entered upon its ninth year, and at the last week's issue. Editor Reed gets out one of the best weekly newspapers in Berrien county, and we trust he may reap the reward to which he is entitled, for the able manner in which he conducts his paper.

Do not forget to put in all the good work you can for the Republican ticket, this fall. Nothing succeeds like success, and Republicans of Berrien county should see to it that our ticket gets such a majority in the county that our fusion friends will wonder that they ever thought for a moment that they had a ghost of a show.

In referring to the Hon. E. L. Hamilton, Mr. E. A. Blacklesie, of Gallien, at the conclusion of his speech at St. Joseph on Monday, paid the following neat tribute to our next congressman:

"We want to send a man whose voice and arguments can carry conviction. We want a man in the forum of the House of Representatives who can represent us rightly. E. L. Hamilton is such a man." (Applause.)

The Three Oaks Press. In the account of the recent Republican rally at Three Oaks, says the following of our next Congressman, Hon. E. L. Hamilton:

At the opera house, after a song by the Three Oaks quartette and a solo by Fred Chamberlain, E. L. Hamilton, the speaker of the evening, was introduced. Too much praise of Mr. Hamilton's speech and the elegant manner in which he delivered it cannot be said, and a more appreciative crowd never greeted a speaker, which was proven by the frequent applause. Those who were present at the town hall also had the privilege of hearing the good, sound facts on the sound money question. It is estimated that there were between 1,500 and 2,000 people in town Monday night. There were about 1,000 in the opera house and 250 in the hall, still the streets were crowded. One of the speakers were heard to say that he never had seen anything like a town of 1,000 people in the evening. It is estimated that 2,000 to 2,500 people were in town Monday night. We glory in the remark of the speaker, however, as it substantiates the old saying—"Three Oaks against the world."

Roscoe D. Dix.

The republican nominee for auditor-general, who was born in Jefferson County, N. Y., in 1829, and came with his parents to Berrien county, this state, when he was 13 years old. He helped his father on the farm until he was 17 years old, when he became the teacher in the district school, and some months later entered Albion college, and pursued his studies until the breaking out of the rebellion. He enlisted at Kalamazoo in April, 1861, in Co. K, Third Michigan Infantry, and was with his company in every engagement in which it participated as private, corporal and sergeant, until he was severely wounded at the battle of Nov. 24, 1862. He was declared permanently disabled for military service in May, 1864, and returned to his home in Berrien county. In the fall of 1864 he was nominated for clerk of the county land office, and re-elected in 1868, receiving the greatest number of votes cast for any candidate on the state ticket. He is an old-line stalwart republican, and the voters of the county can make no mistake in electing him to the important office for which he has been nominated.—*Manistota Herald.*

Early in November.

The Potawatomi Indians Will Receive Their Money From the Government. Letters to Chief Pokagon Assuring that the money will be paid probably in Benton Harbor.

Chief Simon Pokagon of the Potawatomi Indians, who arrived in town this afternoon and made *The Palladium* a pleasant call. He is very hopeful that before another month passes his tribe, which now numbers 271, will receive the \$118,000 due them from the Government. Chief Pokagon has been working for over 35 years to secure the payment of the money to his tribe, and his morning report to the Governor, containing news from his attorney, the following letter was received by Chief Pokagon last night:

Washington, D. C., Oct. 7.

DEAR SIR:—I was promised last Tuesday that your papers would be completed this week at farthest. If the department complies with their promise, and I expect they will, then you may any time expect the payment. I do most sincerely hope he will be among you before many days.

Your friend,
JOHN CROFT.

Mr. David Fisher, who was appointed by the Government to distribute the money, wrote Chief Pokagon Friday as follows:

KALAMAZOO, Oct. 9.

CHIEF SIMON POKAGON:—The commission wrote me two or three days since that payments would be made early in November. He also wrote that the newly appointed Secretary of the Interior thinks payment will have to be made by a special Indian agent appointed by him. If this is so it may be that I shall not have the money I expect to hear again from Washington in a few days. Tell the Indians that the commission says payment will be made early in November.

Yours,
JOHN CROFT.

The chief says that he is making an effort to have the first payments made in Benton Harbor and the next in South Haven.

The Indians have appointed Messrs. Samuel Bailey, of Benton Harbor, Robert Sherwood, of Watervliet, and G. N. Hale, of South Haven, guardians for the minor children of the tribe.

An observer who rode to LaPorte on his wheel yesterday, counted in the window of farm house, a very fine thirty-one pictures for McKinley and two of Bryan.—*Niles Daily Sun.*

the next Congressman from this District. Get in the band wagon and make it unanimous by voting with the majority.

ADDITIONAL LOCALS.

Mrs. H. O. French, who has been seriously with inflammatory rheumatism the past two weeks, is now convalescent.—*Cassopolis National Democrat.*

The Hayes and Murphy cases have again been postponed for a week long on account of the Board of Supervisors being in session.

The Board of County Canvassers was appointed by the Supervisors yesterday morning and consists of the following persons: W. J. Gilbert, E. L. Kingsland and H. C. Rockwell.

The Buchanan Blues went to South Bend on Monday and played a game of base ball with the Senators. The game was called at the close of the seventh inning, the score standing 0 to 5 in favor of the Senators.

We regret that we are compelled to chronicle any one's misfortune. The effects of Landlord Baird are advertised for sale on a chattel mortgage sale next Tuesday, to satisfy an overdue account held by Louis Wehrle against Mr. Baird.

Johnnie Cunningham and some of his friends had a republican pole raising at his home on Clark st., Wednesday afternoon. Everything about the raising was as business like as any pole raising that has been held in the town.

Mr. W. D. Ferguson of the Chicago Adjoining Co., who was to have sold out the entire C. H. Baker stock in ten days, has left for other fields and taken his Chicago manners with him much to the gratification of Mr. Baker's patrons. H. A. Hathaway is acting as auctioneer in his stead and is giving good satisfaction to everybody interested. He is holding three auctions daily, as will be seen upon reading the adv. in another column.

We have been informed that a man is travelling about the county the country, selling mackintoshes that he claims are part of a "bankrupt stock" offering them at a bargain? Our informant states that he has sold mackintoshes at \$7.00 that can be bought at any of the Buchanan dry goods stores at \$3.00. The moral of this is, trade with your home merchant who is your neighbor, who helps you pay your town's taxes and who patronizes you, and whose word you can depend upon.

Roman I. Jarvis is not entitled to any one's sympathy in his loss of the post-office. He was not removed because he favored the election of Bryan. He was ousted from the post-office simply and solely because he violated the civil service rules. He boldly defied the Government and courted dismissal. Mr. Jarvis stands with a party pledged by the Chicago platform to violate law and uphold law-breakers, and his course was consistent with that platform, but no true friend of this Nation and of law and order will vote for Mr. Jarvis for Congress because he deliberately and knowingly violated his plain and sworn duty as a public officer and met the inevitable consequence of such violation.—*Benton Harbor Palladium.*

FAR AWAY KANSAS ENDORSERS.

THE FOLLOWING letter was received from a valued subscriber who is a resident of Kansas, and we gladly give space to the letter in our columns, especially as it gives an endorsement of the choice made for county clerk on the Republican ticket, and coming as it does wholly unsolicited Mr. Needham may well feel proud:

EDMUND, KAN., Oct. 12, 1896.

EDMUND RECORD: Enclosed please find one dollar as my year's subscription to the RECORD from Oct. 10, 1896. Through the columns of the RECORD I see that my young friend, John W. Needham, is running on the Republican ticket for county clerk. I am greatly pleased to know that the Republicans of Buchanan and Berrien county recognize sterling worth. Although I am but a mere boy when I left that county he was a boy that gave evidence of marked ability. Elect him county clerk and you will ever be proud of an efficient, as he will prove himself an efficient and competent officer.

We expect out here in Kansas to carry the State for that hero of protection, John W. Needham. The Democratic Presidential talk that is heard here in Kansas is amusing in the extreme. Our corn crop is estimated at 250,000,000 bushels. Flips county, joining our county on the east, has over 2,000,000 bushels of corn this year. Corn gathering has just commenced. There are 37,000,000 bushels on hand yet of last year's crop.

Very respectfully,
J. F. WEAVER.

NEW TROY.

A Narrow Escape.

The following is an extract of a letter from Lloyd C. Bartness of San Francisco, Cal., to his parents, Rev. and Mrs. Bartness of Buchanan:

DEAR FATHER AND MOTHER:—It may be of interest to you to know, that the steam ship *Umatilla* struck on the rocks in Puget Sound and went to the bottom. It was a close call to all on board. She was bound north with a full passenger list and heavy cargo of freight. The fog was very thick, and as the fog signal at Port Wilson (Washington) was not blowing, the pilot was unable to determine his position. She ran on the rocks at full speed, and crushed a hole in her bows and bottom and began to sink. Every effort of steam and screw was made to drive the foundering vessel ashore, and thus prevent the wholesale loss of life that would certainly occur if she sank in deep water. The firemen kept at their posts, and the men on the deck held out but little longer. Just at that critical moment the ship's stem grated on the bottom, near the beach, and all on board were saved although, at the same time, the ship's stern immediately sank in deep water and the ship became a total wreck, and thus that magnificent steamer, that was my home both night and day for nearly four years and had carried me tens of thousands of miles, met her fate at last, as also did the grand steamship *Colima*, on which I was engineer for nearly a year, that went down with nearly all on board.

Your affectionate son,
LLOYD.

GALLIEN.

From our Regular Correspondent.

Oct. 9, 1896.

An interesting game of ball was played on the Gallien diamond last Saturday between the Gallien Grays and the New Carlisle Stars by a score of 10 to 7 in favor of the Gallien Grays.

On the Main street of the town there are in the windows 33 pictures of McKinley and 5 of Bryan.

G. A. Blacklesie & Co. have put a new roof on their store building.

The Gallien Band gave an open air concert last Sunday afternoon which was enjoyed by all.

The Gallien Grays will go to Glenora next Saturday to cross bats with the ball nine at that place.

The McKinley and Hobart club have secured 100 torches for the marching display.

Hon. E. L. Hamilton, of Niles is expected to speak here in the near future.

Several went from Gallien to Chicago on the Chicago day to see the great sound money parade.

Mr. E. H. Harris, who was injured some time ago in a runaway, is slowly improving.

Someone attempted to enter Dan Myra's house last Saturday night when he was away but the cries of his daughter brought the neighbors and the fellow was frightened away.

Terms of Their Franchise.

The ordinance passed by the City Council last night granting a thirty year franchise to the St. Joseph Valley Railway Co. gives that corporation right of way entering the city east of and running parallel with the C. & C. St. L. tracks, crossing East Main street about 43 feet and Territorial street about 70 feet east of the Big Four line. The new road will run between the C. & W. M. and Big Four tracks to a point on the north side of the ship canal where it intersects Seventh street.

The railway is given permission to alter as necessary the structural work of the bridge over the ship canal and to change and straighten the course of Ox Creek, altering the bridging point of the stream where it crosses East Main street to a point east of the present structure, and altering the bridge now crossing Territorial street to a point 50 feet east of its present site.

The company is given a right of way 100 feet wide across the north end of the franchise and the railway shall plank to such width as the city may require.—*Tuesday's Benton Harbor Palladium.*

The case of The Trump Manufacturing Co. vs. The Village of Buchanan, otherwise known as the "penstock suit", is set for trial at Niles, Nov. 6.

Tuesday afternoon, Mrs. Ted Rouse, daughter of Mr. and Mrs. Aaron Miller, gave birth to a fine pair of twins, a boy and a girl. Mother and children are doing nicely.

The meeting of the Ladies Marching club was well attended, Tuesday. After the business of the evening was disposed of the balance of the time was spent in drilling.

The Union Workers will meet for work, Friday, Oct. 16th, at 1:30 p. m., over Mr. Lough's store. A cordial invitation is extended to all, and any articles of clothing that may be donated can be left at Mr. Lough's.

List of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending Oct. 13, 1896: Mrs. Geo. Smith, Mr. John G. Sanford. Call for letters advertised.

JOHN C. DICK, P. M.

The St. Joseph River Baptist Association held their quarterly B. Y. P. U. Rally at Berrien Springs on Tuesday, and had a very profitable session. An instructive and interesting program was prepared for both afternoon and evening sessions.

Monday afternoon, a successful operation was performed upon the six-year-old son of Mr. and Mrs. P. D. Bennett of this place, by Drs. Henderson and Brodick of Buchanan and Bonine of Niles. The child was ill of croup, and tracheotomy was resorted to save his life.

Presidential candidate W. J. Bryan has postponed his visit to Niles, a day later than announced last week, and will arrive at that city on Friday (tomorrow), at 11:10 in the morning on a special train over the "Big Four" and will remain there 45 minutes, making a speech from the Central school yard.

We would call attention of the RECORD readers to the advertisement of the A. C. Barler Mfg. Co., who manufacture the celebrated "Ideal Oil Heater", and who are advertising these heaters through our columns. The heaters are a great convenience in any house, especially during these cool nights and warm days.

We are glad to welcome back an old friend in the exchange list, the Monthly Bulletin of the Michigan Press Association, now published by the Secretary of the Association, Editor Chas. T. Fairfield of Eaton Rapids. If the falling numbers are as good as the October issue, Mr. Fairfield will be recognized as a public benefactor by his brethren of the Michigan Press Association.

The representative convention of the fustianists of the second representative district of Berrien county was held in Rough's Opera House, Monday, and Mr. Joshua L. Chatterton of Three Oaks, was nominated to make the race. Mr. Chatterton is a good citizen of the county, but he can never beat Hon. E. S. Williams of Niles, who will be the next representative from this district, and who will succeed himself to that position.

S. G. Deam is meeting with excellent success with the canvass for the new insurance order soon to be instituted here.

Mr. and Mrs. Burgess Miles celebrated the twenty-fifth anniversary of their marriage last evening. Some 60 or 70 of their friends aided in the celebration.

The old stairs leading to the council rooms have been removed and a covered stairway built upon the south side of the building, making a very much better means of approach to the council rooms.

At the band tournament at LaPorte, Ind., last week, the Niles City band won the prize of \$175. In the second class competition, the other bands who competed in this class were Three Oaks, Wantah and Michigan City. Good for our neighbors.

President J. L. Richards has received some letters from a gentleman who is interested in the manufacture of threshing machines, who is desirous of locating here provided a suitable building can be secured and an amount of stock in the company taken by our people. Ask Mr. Richards about it.

George Richards of this place made a run on his wheel on Monday that was a dandy. He left Runner's corner at 3:30 p. m., with a message for St. Joseph, and just one hour and twenty-six minutes after he started the message was delivered at the Court House in that place. His cycle-meter registered between 25 and 26 miles for the run.

The free silver party were disappointed by their speaker, Col. Roberts of Illinois, who was billed to speak on Tuesday at 3 p. m., and in his stead local speakers filled the time allotted. The afternoon speaking was held in Rough's opera house. Col. Roberts, however, arrived in the evening and addressed his audience from the porch of Mr. Amos House's residence.

H. L. Bliss, of Chicago, who is the author of "Coin's Financial Fraud", will speak at Buchanan, Wednesday evening, Oct. 21st. The meeting is held under the auspices of the National Democratic Party, and will be held in Rough's Opera House, beginning at 8 p. m. Mr. Bliss especially desires any one who wishes to ask any questions on the issues of the day to be present, and he will be glad to answer all questions asked.

Rob. Dodd raised a McKinley and Hobart pole, Friday evening, in front of his father's residence. The Ladies Marching club and the McKinley and Hobart Marching club were out in full force to assist in the exercises. President Noble of the McKinley and Hobart club was the master of ceremonies. There was music by the Baird family, speeches by Messrs. G. W. Noble, D. H. Bower and Rob. Dodd. Fully seven hundred were present.

The Niles Daily Star, in commenting on Hon. E. L. Hamilton's address at Three Oaks recently, says: "The enthusiastic reception of Mr. Hamilton at Three Oaks, is only an example of the way in which he has been received throughout the District. Even where the free silver element is said to be the strongest, he has met the heartiest welcome. All this is prophetic of the result of November 3. The Star salutes Mr. Hamilton as the next Congressman from the Fourth District."

The Newburgh, N. Y., newspapers gives the campaign cane manufactured by the Specialty Mfg. Co. of Buchanan the following favorable comment: "Mr. D. H. Bower, editor of the BUCHANAN (Mich.) RECORD, formerly of this city, has sent to his father-in-law, Mr. B. P. Sallander, a campaign cane that is a dandy. The cane is gilded all over. The head can be pulled out and constitutes a horn that can be blown at the head of the parade. The small end of stick can also be pulled out, and attached to it is a good-sized United States flag, that can be waved for the candidates for the Protection of American Industries and Sound Money."

Mr. B. P. Sallander has received from his son-in-law, Mr. D. Herbert Bower of Buchanan, Mich., a campaign cane which should be popular with political clubs. It is made of tin, painted gold color, and is a stout walking stick. The ends can be pulled out, showing an American flag and a campaign horn. The article is manufactured in Buchanan at the low rate of \$30 a hundred. —Daily Journal.

Nearly every Republican who could possibly do so went to South Bend on Monday to see the old soldiers who were to speak there in the interest of the Republican party. The weather was perfect, and South Bend was in gala attire, in honor of the event. Wagons loaded after wagon loads of people began to pour into the city, early in the day, among the first to arrive being the Buchanan Marching club, accompanied by the Ladies Marching club and the McKinley and Hobart drum corps. The ladies did not take part in the parade, but the Republican club turned out with fifty men in line, under command of Capt. Granly, Pres. Bower and First Serg. Scott. The club did some fine marching, showing our friends of the "Hoosier State" some points in marching, and our drum corps was the envy of the entire parade. Buchanan is bound to come to the front, for our town believes, "What is worth doing at all is worth doing well."

Will Fill The Coliseum.
Fast Proportion of the Bureau and Bailey Greatest Show on Earth.

Next Monday night, Oct. 19, the Bureau and Bailey Greatest Show on Earth will begin an engagement of two weeks in the Chicago Coliseum. This building is the most perfect structure in the world that is large enough to accommodate on one floor all the departments of this vast amusement enterprise. The Madison Square Garden, New York, where the show has begun its annual pilgrimages for some years, can give room only for the circus and hippodrome, the arena for the splendid menagerie and Oriental India are relegated to the underground passages, where they are partially eclipsed. Even the Olympic Gardens in London were not roomy enough for the great and varied spectacle afforded by the show. Every available foot of room in the Coliseum will be needed for the Bureau and Bailey exhibits. The seating arrangements have been completed, and as arranged the raised seats will accommodate about three thousand people more than could find the entrance last spring during the run of the Buffalo Bill Wild West.

The great show to be included in the exhibit of the Bureau and Bailey. One of the greatest features of the circus performance is given by forty-one thoroughbred American horses, and social institutions. People and societies planning for winter literary work will be interested in this too. The work is popular, local circles are springing up everywhere, and in the new class of 1900, now forming, two months before the opening, fifteen states were represented. The Bay View work is a short, systematic course of four years home reading. It is part of a thoroughly directed system, giving incentives, helps and delightful comradeship in literary work, and crowns its completion with a diploma. The Circle has its American, German, French and English years when the history, literature and social institutions of these great modern nations, and a few associate subjects are studied.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Beginning November 1st, the Bay View Reading Circle will take up special studies in American history, literature and social institutions. People and societies planning for winter literary work will be interested in this too.
