THE OPERATOR

The operator evidently comprehended the full meaning of my dispatch. In fact, he had been waiting in Philadelphia at the time of the robbery, and that message would know its meaning.

The short term expressing good will, received in answer to my request to rush, coming from one I had probably never seen, and known me so readily.

Then, too, knowing Mr. Perry's energetic nature, I was confident that gentleman would be up and doing immediately upon the receipt of my dispatch. A man of his standing would be difficult in procuring a special train, and, allowing the time necessary to obtain the officers of the law, in two or three hours I could expect Mr. Perry's arrival.

I could not repress a smile as I pictured to myself the president of the Safety Security company riding, seated in the coach, but on the engine to which I had been assigned.

It was not until I had been some time on my way that I recalled the fact that I had been assigned to the engine to which I had been assigned.

Some one had gone through the door on the night of my arrival, and, startled by the pistol shot at my reflection, had been thrown into the air.

Standing before the place and reasoning thus to myself, I noticed a small hole between two stones at about the height of my chest. Resting one hand on the edge of the door frame, I stooped down and peered into the hole.

Immediately there was a blinding flash right in my eye, a hot flame almost burning my cheek, a loud report, then total darkness. The candle was shattered, and I was left in the dark.

CHAPTER VI.—Discoverer is made that the safe of one of the cellars has been broken into. The safe was found to be empty.

CHAPTER VII.—Conway sees Skinsman, who is arrested and taken to the jail.

BUCHANAN RECORD.

D. H. BOWER,
PUBLISHER AND PROPRIETOR.

THURSDAY, OCTOBER 14, 1897.

John Roderick McPherson, at one time Democratic leader of New Jersey, and a United States Senator from 1877 to 1885, is dead.

The Record would be pleased to receive school notes from every district school in this locality and will furnish the necessary stationery and supplies to any who will request them. Call and see us about it.

Sunday, Oct. 24, has been designated as "Prison Sunday," by the State Board of Charities and Corrections, and pastors will be requested to preach sermons bearing on the prevention of crimes and other like subjects.

Hon. P. E. Studebaker of the famous Studebaker Bros. Mfg. Co. of South Bend, died at Alma, Mich., very suddenly on Saturday, from heart disease. The funeral was held, Tuesday afternoon, from the First M. E. church of South Bend.

The bank clearings for September have been enormous. It does not seem possible that they could be so large in view of their shrunken condition of last winter. But according to Bradstreet's September clearings of 78 important cities in the country amounted to \$5,521,933,000, which is fifty per cent. over the corresponding period of last year, when Bryan was stumping the country.

thought Berrien Springs would welcome any purchaser who would improve it.

On motion of Supervisor John Seel the board was authorized to sell the county buildings for \$2,000 to any purchaser, and the matter was made a special order for 3 o'clock Wednesday.

The selection of a member of the board of county school examiners to succeed R. H. Struble, of Watervliet, was the regular order of business at the meeting of the board of supervisors Wednesday morning, but all efforts to unite on an appointment proved of no avail and the matter finally went over until to-morrow morning at 9 o'clock.

At the resumption of business Wednesday afternoon the resignation of Freeman Franklin Buchanan, as member of the board of county superintendents of the poor, on account of failing health; was presented and accepted.

At this session the board decided to sell the old county buildings for \$1,025.

PROBATE COURT.

Hettie Burrows was adjudged insane and ordered sent to the asylum at Kalamazoo.

APPOINTED DEPUTY CLERK.

Mrs. Margaret E. Needham, wife of County Clerk John W. Needham, was Monday afternoon appointed Deputy County Clerk.

Two couples were married in the court house Wednesday afternoon of last week by Justice Baldrey with one ceremony. Both pairs were strangers but as they were there for the same purpose they decided to have a double wedding and in the presence of the county officials Justice Baldrey made Gust Kroening, of Manistee, and Miss Dora Conrad, of Buchanan, husband and wife and performed the same pleasant duty for Mr. Albert Knuth and Miss Pearl Gerster, of Derby. The interested couples signed each other's marriage certificates.

DEER LICENSES.

Albert Schneck of St. Joseph secured a license Saturday morning to hunt deer and left Monday for the north woods.

BOARD OF SUPERVISORS.

This session of the supervisors will mean the consideration of some important matters. The committee on equalization will meet, report and spread the taxes.
Among the important business to be transacted by the Board of Supervisors this week will be the election of a county school examiner, two superintendents of the poor, and a county drain commissioner.
For the office of school examiner to succeed Mr. R. H. Struble, whose term expires, there are several candidates, among whom are Mr. Benson of Eau Claire, Mr. Mills of Watervliet and Mr. Millham of Three Oaks.
Mr. Freeman Franklin has tendered his resignation as superintendent of the poor, and Mr. T. W. Reynolds's term on that board expires. For these vacancies there are several candidates.
There are a dozen or more candidates for the office to County drain commissioner to succeed Mr. John E. Burbank whose term expires.
The Board of Supervisors convened Monday afternoon at 1 o'clock for the October session, all members being present.
Mr. Geo. H. Murdock addressed the Board and for Mr. J. Sherlock Allen of Chicago offered the county \$1,250 for the old county buildings and property at Berrien Springs. He stated that Mr. Allen desired to turn it into a summer resort and use the old court house for a summer opera house and dance hall and the other buildings for a public library and gymnasium. It was referred to the building committee and made the special order of business for 10 o'clock Tuesday morning.
The Board of Supervisors spent most of the Tuesday morning session discussing the action to be taken on the township clerk's reports to the supervisors for taxes to be spread by the board. The matter was finally disposed of by referring the reports back to the clerks for correction.
A motion was carried to spread a tax of one-tenth mill for the relief of poor old soldiers.
Mr. Murdock appeared before the board again in the interest of the sale of the old county property at Berrien Springs to Mr. J. Sherlock Allen, of Chicago. He stated that if the property was bought they would spend \$15,000 in improvements and would keep the old court house intact.
Supervisor Keith thought it was worth \$5,000 and said he wanted the old court house kept intact as long as he lived.
Mr. Murdock thought, considering the improvements to be made, \$1,250 would be enough to pay. The village he argued, had no use for the property and as it is being allowed to decline and is fast becoming an eyesore, he

THE EVENT OF THE SEASON.

RICHMAN LODGE NO. 68, F. & A. M. HAVE A FINE TIME AT THEIR BANQUET.
Last Thursday night was a "red letter" event in the history of Buchanan Lodge No. 68, F. & A. M., and one that will long be remembered in Masonic circles, in this locality. It was the occasion of a sort of jubilee banquet, commemorative of the recent growth and prosperity that has been attending Buchanan Lodge.

An invitation was sent to the South Bend lodges to be present and join with the local lodge, and the invitation was accepted by about thirty-five members of South Bend lodges. An invitation had also been sent to Grand Master Lou B. Winsor of Reed City, Mich., and accepted by him. Grand Junior Warden L. E. Wood of Pokagon was also present.

When W. M. Stryker called the Lodge to order, the room was crowded, and a few moments later the South Bend brethren arrived and were provided with seats. A candidate for the M. M. degree received his degree in a very interesting and impressive manner, the degree being conferred by the Grand Master Brother Winsor. After the degree had been conferred, addresses were made by various members of the visiting brethren, and then the visitors were invited to a banquet that had been prepared by Mrs. F. C. White of Hotel White. The banquet was served in nice style, and consisted of the following menu:

Roast Turkey, with Dressing.
Escalloped Potatoes.
Cabbage Salad.
Celery, Olives, Pickles.
Vanilla Ice Cream.
Chocolate Ice Cream.
Angel Cake.
Gold Cake.
Crackers, Cheese, Bread and Butter.
Tea.
Milk.
Ice Tea.
Coffee.
Grapes and Bananas.

After every one had done justice to the viands, all hands repaired to the lodge room where cigars were passed and stories exchanged, and acquaintances began and renewed among the visitors and visited, and it was well along in the "wee sma' hours" when the visitors departed for their home, and the banquet of Buchanan Lodge had passed into history.

CHICAGO LETTER. Oct. 12, 1897.
Special Correspondence.

Wheat broke 1/2 today, recovering 1/4 of the decline. The break was started by Liverpool, which was off 1c. The government report, last night, excited fear of an increase before long in the estimate on wheat area by not giving the yield per acre and by adding that an investigation as to the area was under way. There was liquidation by local traders and it looked as if the weakness was increased by short selling for account of St. Louis people. The low prices were made on the announcement of a very much larger increase in the world's visible than anticipated, 6,210,000 bu., December opened at 90 1/2. New York reports to almost 90 loads of wheat for export; a line of wheat was taken at Detroit, 100,000 bu. Seaboard clearance was 765,000 bu., almost all for New York. Receipts everywhere were considerably under last year, at Chicago, and primary points. An Argentine cable reported no break in its drought and further trouble from locusts. The estimate on our receipts for tomorrow is only 175 cars. It looks as if the market had had break enough. Europe has been making considerable export purchases for several days; the continent was strong today. North western receipts were 1267 cars against 1669 last week and 1438 a year ago.

Corn was weak, declining a cent, the government estimate being considerably larger than had been anticipated. The selling was largely by long account and the buying by short interest. Receipts were 1870 cars with 475 estimated for tomorrow. Clearances from the seaboard were 161,000 bu. The break ought to improve the shipping demand and check receipts. Bradstreet reported an increase east of the Rockies of 382,900 bu. December corn sold as low as 27 1/2 and closed at 27 3/8.

The oats statistical position could not be any stronger. Shippers can sell any amount of oats at any moment, it being only a matter of a fraction one way or the other. Today's clearances were 455,000 bu. There never was such an export demand as exists. Yet oats follow corn. May touched 2 1/4 today and closed at 2 1/4. Receipts were 227 cars with 275 estimated for Wednesday. Brad

ARE YOU GOING

To Hear Henry Waterton Deliver His Famous Lecture on

"ABRAHAM LINCOLN"

At Benton Harbor, Next Wednesday.

The promoters of the Lecture Course have done good work this year, and the first entertainment on the course is a great treat, as it is one that will only be given four times in the state of Michigan. We refer to the lecture on "Abraham Lincoln," by that brilliant newspaper man and able Southern writer, Henry Waterton of the Louisville Courier-Journal.

Our citizens should hasten to enroll themselves as wishing to take advantage of the opportunity offered. Through the exceedingly liberal arrangement by the M. B. H. & C. Ry. Co., a ticket to the lecture, including the railroad fare, has been placed at the low price of \$1.00 good going on the afternoon train Wednesday and returning Thursday morning or, if a sufficient number agree to go, the railroad company will run a special down, at the close of the lecture. It is desired, if possible, that those wishing to go will kindly leave their names with Mr. I. L. H. Dodd, at E. S. Dodd & Son's drug store, in order that some idea may be had of the number who expect to go. This opportunity is a grand one, and the Record would urge its readers to arrange to go, if it is a possible thing to do so. It is well worth all the effort it will cost.

BUCHANAN TO BENTON HARBOR

OVER THE MILWAUKEE, BENTON HARBOR & COLUMBIA RAILROAD.

Every citizen of Buchanan and every reader of the Record who enjoys magnificent scenery and beautiful landscapes should not miss the opportunity presented to them, and take a trip over the "new railroad," at the very first chance that presents itself. It was the good fortune of the writer to take the trip, last Saturday.

The road winds along the banks of the St. Joseph river, and glimpses of the beautiful St. Joe" can be had for many miles, as the train goes puffing around the curves, many of them high above the level of the water. The construction company is still at work on the road bed, straightening out bad curves and filling in deep gullies and ravines, making a thorough job of the work, the road bed being remarkably good for a new one.

Berrien Springs was reached on schedule time, and the train went speeding on to Benton Harbor, stops being made at Hinchman and Royalton, both stations already beginning to reap the benefits of direct rail connections with the outside world. After leaving Royalton, the road runs through an interesting country, crossing the St. Joseph river over the new steel bridge at Hickory Creek, which is an elegant structure costing considerable time and money to place in position. This bridge is also arranged for teams, and when the approaches are put in, will accommodate a large number of people, and prove a great benefit to Benton Harbor. After leaving the river, the train crosses over the "Big Four" tracks, and then parallels the tracks until Benton Harbor is reached, the train arriving on time.

The trip from Benton Harbor back to Buchanan was equally pleasant, and Buchanan was reached at 5:30, in ample time for passengers who desire to go east on the Michigan Central at 5:35. The freight carried by the new road is already growing to considerable proportions, and Buchanan dealers are almost daily in receipt of orders for goods from various points on the line which they were unable to reach before. The management of the road is first-class in every particular, and the Record trusts that the Milwaukee, Benton Harbor & Columbia Ry will have a brilliant and successful future, and we trust our citizens will do all they can to aid the road, by giving it all the patronage they can.

Early this morning while driving through town a horse belonging to Mr. G. H. French took fright at some object on Day's Avenue and started to kicking and then ran away, smashing the buggy and throwing the occupants, Mr. Robert Franklin, and one of the farm hands on the French farm, out of the buggy. The horse freed itself from the buggy and ran home. The young men were not badly injured although Franklin received a bad gash in the foot caused by the horse kicking him. Both were able to walk home however.
