COLUMBIA WOOD NOVELTY CO.

THE LATEST ADDITION TO INDUSTRIAL BUCHANAN, AND SOME OF THE GOODS THEY MAKE.

ARCH GRILL. Manufactured for St. Louis Club House from special design by Mr. C. F. Gilbert.

ABOUT a month ago a deal was consummated which secured to Buchanan another factory which will be a valuable acquisition to our town industries. It is with pleasure we give our readers some idea of the class of work which the Columbia Wood Novelty Co. manufacture, together with a brief sketch of the business career of the company. The company was organized by Mr. C. F. Gilbert, at Chicago, in 1889 and has enjoyed a good trade from the very start, with a satisfactory increase each year. The specialties made by the company are display cases, for chewing gum, confectionery, cigars, jeweler's novelties, druggist's sundries, etc. In addition to these show cases, the company makes a specialty of Grill Work, Striped Floorings, and Parquet Floorings.

Mr. Gilbert who is manager of the company is also a practical man in his line of business, and will design anything in the line of goods made, and furnish special designs if so desired. The accompanying cuts will give some idea of the class of work turned out by the concern. Sometime ago the necessity for better facilities for handling the rapidly increasing volume of business was forced to the attention of the company and in looking about, the advantages offered by Buchanan impressed Mr. Gilbert very strongly and after conference with the leading business men of the place, a deal was made whereby the old Weisgerber property was secured to the Columbia Wood Novelty Company, and a decision was made to bring the plant of the company to Buchanan. Mr. Gilbert is at Buchanan superintending the erection of a dry kiln which is rapidly nearing completion. Next week he will go to Chicago and begin the work of getting ready for a removal to this place. The factory will be put in running order just as soon as possible and will be running with a goodly number of men and all in shape for the early spring building work.

The old brick building formerly used as a mill will be thoroughly overhauled, a floor put in and additions built upon which will give when completed a building that will be 105 feet by 60 feet. This building will be fitted out with all the latest machinery and thoroughly equipped with everything necessary for the prompt and economical turning out of every class of wood work manufactured by this company. It is expected that the alterations will be completed within sixty days and work will begin on the large number of orders which are in the hands of the

Mrs. A. B. Wright and son Wm. will leave this week for Thomasville Georgia, where they will spend the winter. Mrs. Wright goes for the benefit of her health.

The Township Sunday School Convention will meet in the M. E. church two weeks from next Sunday. The Volunteers of America, a band of young men from Chicago, are holding a series of meetings in the Opera house. They are earnest young men and we wish them success in their good work.

SCHOOL DEPARTMENT.

A THIEF

The real test of a pupil's advancement in reading is his ability to read well, and not the fact that he is "in the third, fourth, or fifth reader". Occasionally we hear of a parent who has raised a rumpus because the teacher has graded her boy or girl according to ability and proficiency. With this parent, the name of being in a particular reader has more weight than the ability to read. A flood of light would be thrown on this matter if parents would visit their school, note the work their children are doing, and talk with the teacher about it. Nowadays, a teacher who does her work conscientiously, places pupils where they belong, and pays no attention to blind, unreasonable criticism. In districts favored with first-class teachers there are a few parents who know all about the teacher's work (in their own minds), and are free with their criticisms, but if given charge of a school they would make sorry mess of it. Generally speaking, our teachers are receiving good support.

A district reports that their teacher is "lazy". She has certainly missed her calling, if the statement is true, besides she may discover soon that the atmosphere of the school room does not agree with her particular brand of health, and resign. Then the next teachers' examination may be "awfully hard" for her (it may contain as many as five questions on current events). Then—

The sixth and eighth grade of eth Long Lake school, Berrien, send for ten copies of *Timely Topics*. This is the best paper published on current affairs, and will furnish these grades with the best kind of matter for supplementary reading. Evidently neither Miss Steiner nor her patrons entertain the moth eaten notion that nothing not contained in a text book ten years old should be introduced in a school, and that there is nothing passing the world today that should be brought to the attention or interest our boys and girls.

Then the teacher who is well read and posted on all the important happenings of the day can make the subjects of history, civil government, and geography fairly glow with life and interest. There are no fossiliferous formations over at Long Lake.

The November reading circle questions will be mailed the 27th. Answers to the September and November questions are coming in daily. Papers will be graded and returned.

A series of teachers' meetings is contemplated to discuss methods of teaching. The first meeting will be held in the Commissioner's office, Nov. 20, at 1 p. m. Impart Geography. Some of the topics are: Sand map work, commercial geography, essentials of geography, including report of committee of twelve, primary geography, if Harper's geographies have outlined their usefulness, what are you going to do about it, map drawing, the seasons, latitude and longitude. Most of the above topics have been assigned to teachers. If this meeting proves a success, others will be held in different parts of the county.

"When there is no more corporal punishment" in our homes, it will be time to declare that it is "brutal" and a "relic of barbarism", when resorted to in the school room. From the days of Solomon down to the present, there is a consensus of wise judgment, that the rod judiciously applied, is efficacious in keeping some kinds of children in order. The modern faddists have probably not corralled all the wisdom of earth, and the question of corporal punishment will continue to be, what it has been in all times and among all peoples, a matter of expediency. The author of the above, evidently thinks it better to conquer a stubborn, self-willed boy, and to keep him in school and try to make a man of him, than to turn him into the streets and let him go to the dogs. THE COLD CASH.

D. L. BOARDMAN.

Stole a Ladies' Purse and ran through the street crying "Thief, Thief." A man doing credit business charges 10 to 25 per cent more for his wares than the man who sells for cash because he loses so many "bad debts". Instead of saying "Stop Thief," the credit man says the Cash Man sells cheap just to get the best of you. Well, the thief made his plan work and escaped, but the credit man still tells his tale of woe and the CASH MAN still sells for CASH. The proper thing to do.

DO YOU USE MILK?

We supply absolutely pure milk, free from foreign substance, put up in nice clean bottles tightly sealed. Just as soon as milk is drawn from the cow we run the milk through Aerator which takes the animal heat from it leaving the sweet pure milk at a temperature of 54 degrees "F" ready to put in bottles. This milk is bottled before the cream rises and hence every bottle contains same quantity of cream and every patron treated alike.

Drop us a postal and have a pint bottle of this milk left at your door.

The C. E. Society held their business meeting, Friday evening, and following officers were elected: Pres., Lillie Abell; Vice-Pres., Rev. E. R. Black; Secretaries, Alice Denno and Mary Miller; Treas., Pauline Mavener; Chorist, M. Lindsley; Organist, Bessie Conard; Chairmen of Committees, Mrs. Black, W. Conard, M. Lindsley, E. Smith, and Bessie Conard.

A young people's Bible study class will begin work, Nov. 22.

EVANGELICAL.

Pastor F. C. Berger is at Marshall, Mich., assisting Rev. W. H. Wagner in revival meetings. Rev. Wagner occupied the Evangelical pulpit, Sunday.

The young people's meetings are growing in interest. The lecture room is being comfortably filled, each Sunday evening, with the young people and friends of the church.

A series of revival meetings will be held, commencing next Sunday and to continue for several weeks. As this is the first meeting, and the only revival meeting at the present time to be held in the village, we invite all who can to attend these services.

METHODIST.

The Epworth League devotional service will be held 15 minutes before 6 o'clock, Sunday evening. Subject: The Foes of the Church. Ref. Eph. 6:10-12. Leader, Miss Anna Simmens. Let us prove our faith by our works. Come.

A welcoming reception to our pastor and wife will be held at the parsonage, Friday evening, Nov. 19. While under the auspices of the Epworth League, it is public. Every member of the church and congregation and the community at large are invited to be present, from 7 to 10 o'clock. During the evening, a musical and literary program will be rendered, to the delight of all who may be privileged to be in attendance.

MR. TALBOT'S FATAL FALL.

SID DEATH OF A FORMER RESIDENT OF BUCHANAN.

News of the sad death of an old resident of Buchanan reached here, this week. We refer to Mr. W. H. Talbot who resided here for many years, but of late has been a resident of Brockton, Mass. As Mr. and Mrs. Talbot has many friends among our readers, we copy the following account of the accident, from the Brockton Times of Nov. 6, 1897:

Death came to William H. Talbot, this morning, about 4:30 o'clock, fourteen hours after a seemingly simple accident, which was, however, the cause of his demise. Yesterday, Mr. Talbot was a hearty, strong and vigorous man of sixty-three years, yet one little misstep, in his own home, cost him his life. The circumstances make the fatality especially sad. Mr. Talbot, who lived at 88 Appleton street, was a merchant by trade, and worked for his son, William, Talbot, as janitor. Young Mr. Talbot and wife have lately been living with his parents, but were preparing to go to housekeeping again, and were about to move their furniture, which was stored with the elder folks, to their new home. It being dull at the factory, yesterday, the father and son both started in at the work of moving. It was about 2 o'clock, and the old gentleman had taken two dining-room chairs, one in either hand, and as he got to the head of the stairs he slipped, or got his foot caught, and was pitched down the stairs. He could make no effort to save himself, but landed on his back with the chairs, and the full force of the fall came to him. He struck on his forehead. Dr. J. E. Bacon was called, and a fracture of the wrist was attended to. No harm was anticipated from the head bruise. The old gentleman further complained of a pain in the leg. The son went to his factory for a short time, and in an hour he returned. Mr. Talbot was unconscious, and the family was frightened. Dr. Bacon and Dr. Paine were at once sent for, and they agreed that the victim of the accident would hardly live until midnight. A blood vessel had burst and caused paralysis. Four hours after that he died.

He was a fine man, whose sudden death has caused sincere mourning among relatives and friends. A widow survives him and two children, Wm. Talbot and Miss Susie W. Talbot. The funeral will be held Monday, at 2 o'clock, at his home, 88 Appleton street.

A County Rating Book.

Mr. C. R. Hutchinson of Benton Harbor is in town in the interests of the Merchants Mutual Protective Association. It is the intention of the association to issue a "rating" book for this county which will enable the members of the association to ascertain the manner in which each person pays their bills. Letters are being sent out and the county is being canvassed by representatives and your credit as rated in the book will be just as you pay to those to whom you are indebted. It is expected that the lists and ratings will be made out for the county by Dec. 1.

THEM W. A. POUND SOCIAL.

The members of the Modern Woodman Camp of Buchanan never do anything by halves and when they started in to give Neighbor Byron Sawyer a "pound donation" it was reasonable certain that their fellow member would be well remembered. The entertainment occurred last night at Woodman Hall and was an enjoyable time. Ten bags of flour, several bushels of potatoes, orders on various merchants and other articles brought the amount contributed up to a total of about \$60. The following programme was rendered:

Instrumental Music.
Herb. Roe, D. Voorhes,
Glenn Smith, J. C. Rough

Vocal Music.
Messrs. D. L. Boardman, Wm. Monro, Mrs. D. L. Boardman, Mrs. H. D. Rough

Reading—Mrs. E. S. Roe.
Recitation—Mabel Kissinger.
Instrumental Solo—Bienni Waterman

Recitation—Louis Runner.
Reading—Mrs. H. D. Rough

Concluding with selections on the phonograph.

While the guests were listening to the phonograph the woodmen went in a body to the home of Neighbor Sawyer and left with him the very substantial evidence of their fraternal feeling for their invalid member.

M. E. CONFERENCE.

RESULT OF ITS DELIBERATIONS, LAST WEEK AT LAWTON.

The fall session of the Niles District Conference was held at Lawton, Nov. 1 and 2. About twenty-five ministers and twenty laymen were present. Rev. R. W. VanSchoick, presiding elder, was chairman of the conference. Rev. H. L. Potter was re-elected secretary and Rev. G. W. Gosling, treasurer. The program was followed, and nearly all the papers assigned were read and discussed.

The District Trustees was elected: A. C. Wood, Samuel Johnson, H. L. Potter, Chas. Stafford Conklin.

The Secretary of the Board of Trustees read his report, as follows: Total receipts for the 1897 session of the campmeeting, \$1,231.28; total expenditures for same session, \$1,022.12. Since that time nearly \$100 has been spent in repairs on the district parsonage, leaving a balance in the treasurer's hands of about \$100; value of property, \$12,000; indebtedness, \$1,770.

The extension of Niles District, so as to include a large part of the Coldwater and Leaning house tract, with two campmeetings upon its hands and that this conflict of interests might be satisfactorily adjusted, a committee of three of which the presiding elder is one and one trustee, David Johnson was appointed to arrange matters in such a way that there might be a consolidation of the Coldwater campmeeting with that of Crystal Springs.

The Presiding Elder was allowed the salary of \$200, including house rent, which is counted at the sum of \$300, making the cash amount to be paid by the different churches of the Niles District, \$1,700. This will be apportioned among the churches on the basis of salaries agreed to be paid, and membership reported, one-half upon each basis. It is supposed that this will secure a slight reduction per charge from the amount paid last year.

The ministers and laymen of Berrien county concluded to call a general council of all ministers and laymen of all the churches of all denominations, in said county, to meet on the basis of salaries agreed to be paid, and membership reported, one-half upon each basis. It is supposed that this will secure a slight reduction per charge from the amount paid last year.
