BUCHANAN RECORD.

D. H. BOWER, PUBLISHER AND PROPRIETOR.

THURSDAY, NOVEMBER 25, 1897.

The Record goes to press one day earlier this week to enable our office force to celebrate Thanksgiving.

The Watervliet Record has put in a new press. Evidently Brother Case is getting a slice of the "prosperity" that is coming this way.

The Kalamazoo Telegraph issued an "Illustrated Thanksgiving number" last Saturday that was up to date in every respect. The first page was a handsome full page illustration in three colors. The Record congratulates Editor Dingley on his enterprise.

The editor of the Record had occasion to send a telegram to Newburgh, N. Y., last week and desired to secure an answer as soon as possible. Manager Gordon of the Postal Telegraph Co. sent the dispatch at 8:47 a. m., and at 9:50 a. m. the reply had been received and delivered at the Record. One hour and three minutes is good time for any company, and it speaks well for the Postal.

COUNTY SEAT NEWS.

Emelius Wolcott was given a verdict for \$323 damages against Leopold Hussen by a jury in the Circuit court. The complainant alleged that the defendant set fire to a stump on a piece of ground at Paw Paw lake, and allowed it to burn until other trees caught fire, ruining the shade in that vicinity so that the property is almost useless for resort purposes.

The jury in the case of Frank J. Smith vs. Wm. H. Smith returned a verdict for \$70 damages in favor of the plaintiff.

The case of the Silwell-Berres & Smith-Vaile Co. vs. the Niles Paper Co. has been affirmed by the Supreme court.

The case of Mrs. A. W. Rappelle vs. John J. Lelley et al was on trial in the Circuit court Monday. Wheeler, Austin & Lennants and Valentine & Ellsworth appear for the plaintiff and L. C. Frye for the defendants.

In the trespass case of Wolcott vs. Hussen the defendant was allowed sixty days in which to file a bill of exceptions and ten days in which to file a bond.

Attorney Valentine Monday morning made a motion to dissolve the injunction recently issued against the Eau Claire school board restraining them from securing additional school room. The school board claim there is not sufficient room and were in the act of securing more when they were restrained by an injunction from doing so.

The damage suit of Mrs. A. B. Rappelle against John J. Kelley, the Paw Paw lake railway and the Union Ice & Coal Company was resumed Tuesday before a jury in the Circuit court. It is a case in which Mrs. Rappelle claims \$700 damages because the Union Ice & Coal Company of this city built an ice house to which the Paw Paw lake railway constructed a side track on property at Paw Paw lake that she claims to have leased from John J. Kelley for five years, with an option of five years more.

One of the cleanest and best printed papers that reaches our table is the BUCHANAN RECORD—due in great part to the superior quality of white paper used. There, too, Bro. Bower reaches the fact that the strong feature of such a paper as the Record should be in its local department. This is all that could be desired. The Record has just added a folding machine and other appliances indicating the return of prosperity.

About Over Now.

It seems that the epidemic is about stamped out as but one house is now under quarantine and that one the quarantine will be raised soon.

It is thought now that the school will open next week, but nothing official has been decided upon.

If no more new cases develop, there will in all probability be services held in churches in this place one week from next Sunday. If the bells should ring before you may know it is for service—Gallen Advertiser.

Deputy Grand Commander James J. McDonald of Grand Rapids was in town this week holding a school of instruction, Tuesday and Wednesday nights of this week. The ladies of East Hve L. O. T. M. surprised Cutler Tent K. O. T. M. at their session last evening and served coffee and doughnuts.

STEVENSVILLE.

From our Regular Correspondent.

...We about, believe winter is here. Things seem to wear a frozen appearance.

Meetings have closed at the M. E. church and Mr. Brown the pastor expects to begin a series at the chapel in Royalton, soon.

A neoclassical Patron's and Teacher's Institute was held at North Lincoln school house last Tuesday evening. Such institutes are surely an aid to school work. Why can't there be more of them.

A number of our Sir Knights expect to go to Baroda Friday evening to hear the instructions given by Deputy Lieutenant Jas. McDonald.

SCHOOL DEPARTMENT.

Gaylord Marsh reports thirty visitors during the fall term, at Lakeside. Can any district show a better record? The fall term reports from most schools shows a great big zero opposite the item, "Give names of parents who have visited your school?" Parents, why is this? Are you not interested in your school? Are you content to base your opinion of the work done your school upon reports brought home by mere children, or by stories circulated mischief makers or irresponsible gossipers? When passing the school house, stop, open the door, walk right in and help yourself to a seat. Talk with teacher and pupils about their work. In this way you not only encourage pupils and teacher, but are able to judge correctly of the work and progress of the school. Parents have not discharged their whole duty by paying their school taxes and properly clothing and equipping their children and sending them to school. "There is no school unless the father, the mother, the teacher and the pupil keep school together."

Mr. Foster, the principal at Coloma, gives a concert for the benefit of the school library. The little McClung sisters aid in making the entertainment a complete success.

The Brown school house, St. Joseph township, has been treated to a new coat of paint outside and a new coat of paper inside. Miss Wissing is holding her pupils to thorough work.

The school seems to be losing its prestige. Why should it be retained, when its use leads to slovenly and inaccurate work, and unfit the pupil for using pen and pencil?

In elementary arithmetic, some teachers always give pupils multiples to handle; such numbers are as 17, 26, 31, 37, 53, etc., are studiously avoided as being "too hard". This should not be.

Miss Phelps of No. 18, Niles, adds fourteen volumes to the school library.

The Millburg school board votes to buy an organ for the higher department. This shows the right spirit and sentiment.

No. 3, Royalton, is to be supplied with six copies of "Timely Topics for supplementary reading."

Medames Reybeck, Shafer and Brethaupt were the visitors to the Baroda schools during the fall term.

The term reports show a large number of cases of tardiness. Teachers, make your morning exercises so interesting that pupils will not care to miss them.

Write Dr. H. B. Baker, Lansing, for pamphlets entitled, "Dangerous Communicable Diseases—How Spread, Restricted and Prevented". The law requires this subject to be taught in our schools, but every family should have copies of these documents. They will be sent free of charge.

There should be a good attendance at the Teachers' and Patrons' Institute at Berrien Centre, Nov. 27. Last year some raising meeting were held in this section.

Remember the teachers' meeting in the Commissioner's office, Saturday afternoon, to discuss methods in geography.

A THIEF.

Stole a Ladies' Purse and ran through the street crying "Thief, Thief." A man doing credit business charges 10 to 25 per cent more for his wares than the man who sells for cash because he loses so many "bad debts."

Instead of saying "Stop Thief," the credit man says the Cash Man sells cheap just to get the best of you. Well, the thief made his plan work and escaped, but the credit man still tells his tale of woe and the CASH MAN still sells for CASH. The proper thing to do.

Union Thanksgiving services will be held in the Congregational church next Thursday at 10:30 a. m. Mr. Bennett of the M. E. church will deliver the address.

NEW TROY.

From our Regular Correspondent.

Received too late for last week.

The store of W. C. Kimbel was broken into last Wednesday night and boots, dry goods, tobacco, etc., stolen. The burglars cut out the sash and crawled through the window.

A. W. Pierce has bought the Rhodes farm, south of town and will convert it into a fish and frog marsh.

No trace of the burglars, that broke into Kimbel's store. Some boys found the cash box in the wood, broken and rifled and only about \$1.00 in pennies in it. W. C. Kimbel is not to be discouraged by burglars for he was married last night.

If it snows a little more so we can track rabbits, we shall have Thanksgiving, otherwise not. Several parties have been taken from Grand Rapids as witnesses in a case of looking on the wine when its red. THIS CORRE.
