The ceremony will be solemnized at the home of the bride on River street, Wednesday, Aug. 3, at 8:30 P. M. The Rev. James Provost of the First Presbyterian church will officiate.

Another Fire.
Early on Friday morning, the building occupied by McKay's laundry was discovered to be on fire and, in a little while, the entire roof was ablaze. The fire department was soon on the scene, although the fire was at 2 o'clock in the early morning. The blaze was quickly subdued, and peace and quiet reigned once more.

Mr. C. B. Tucat, the owner of the building, is having all the frame part torn down, and will put a roof on the brick portion, which will be covered with a metal roof and occupied by Mr. McKay as soon as the repairs are completed.

Mr. Treat desires us to state that he highly appreciates the efforts of the Fire Department, and begs their pardon for causing them so much trouble, and sincerely trusts that it will not occur again.

COMMON COUNCIL.
OFFICIAL RESUTES.

A special meeting of the Common Council of the Village of Buchanan was held in the Council chamber, Wednesday morning, July 27, 1898.

Written notices were served on each member of the Common Council as required by law.

President Keller presiding.
Present—Trustees Dodd, Pears, Arthur, and Boardman.
Absent—Trustees Whitman and Bishop.

The Committee on Water Works to whom had been referred the question of revision of the ordinance governing same reported through its chairman, Trustee Dodd, that they were ready to report and requested the Village Attorney, Washington, to read the ordinances which had been prepared. When read they were adopted as follows:

Moved by Trustee Dodd, supported by Trustee Pears, that an ordinance entitled "An Ordinance concerning the Water Works of the Village of Buchanan, and establishing Rules, Regulations, and Penalties for the Government of Water Consumers and Others," be adopted.

AN ORDINANCE CONCERNING THE WATER WORKS OF THE VILLAGE OF BUCHANAN, AND ESTABLISHING RULES, REGULATIONS, AND PENALTIES FOR THE GOVERNMENT OF WATER CONSUMERS AND OTHERS.

The Village of Buchanan, Ordinance:
Sec. 1. The President shall, by and with the consent of the Common Council, appoint a Superintendent of Water Works, who shall have charge of the water works in said village, and he shall hold his office for the period of one year, or until his successor shall qualify and enter upon the duties of his office, and his duties are defined as follows:

The said Superintendent shall have the care of the water works buildings, engines, pumps, wells and all other property connected therewith, and it shall be his duty to see that the several officers and employees connected with said works faithfully discharge their respective duties. He shall have supervision (under the control of the Common Council of said village) of all alterations, alterations, or repairs on buildings and property belonging to the water works in or in any way connected therewith. He shall not be allowed to make any expenditures for supplies or for repairs of the water works, or for any other purpose, without the approval of the Common Council.

Sec. 2. The Superintendent of Water Works shall be the collector of all revenues pertaining to the Water Works of said Village. He shall receive and keep all moneys, and shall see that they are used for the purposes for which they were intended, and he shall see that they are kept in proper repair and in working order at all times.

Sec. 3. The Superintendent of Water Works shall be the collector of all revenues pertaining to the Water Works of said Village. He shall receive and keep all moneys, and shall see that they are used for the purposes for which they were intended, and he shall see that they are kept in proper repair and in working order at all times.

Sec. 4. The Superintendent of Water Works shall be the collector of all revenues pertaining to the Water Works of said Village. He shall receive and keep all moneys, and shall see that they are used for the purposes for which they were intended, and he shall see that they are kept in proper repair and in working order at all times.

Sec. 5. The Superintendent of Water Works shall be the collector of all revenues pertaining to the Water Works of said Village. He shall receive and keep all moneys, and shall see that they are used for the purposes for which they were intended, and he shall see that they are kept in proper repair and in working order at all times.

AN INTERESTING LETTER.

Mr. H. A. Hathaway writes about the Grain Fields of the Northwest.

The following letter is just received from our genial friend and we take great pleasure in giving the same space.

Davenport, N. D., July 24, 1898.

FRIEND BOWER:—

On the same mail with this letter I send you a copy of the Davenport News.

As said Davenport News contains an account of the hail storm that passed over this section of North Dakota, I send you one thinking it might interest the readers of the Record if republished. The storm passed near the town of Davenport altogether too near, for one of my tender age to witness without feeling "I wish I was in Buchanan, Mich."

But it did no damage here but as the storm traveled northward and grew worse all the time, the nearest farmer that suffered any serious loss, is a man by the name of Torgerson, who only lost 50 acres of fine wheat, as I do not notice his name amongst the ones who suffered a loss, I think the Editor did not count him in as he has 700 acres left and if nothing happens he will not have to beg his bread. The Dalrymple spoken of as losing 6 sections is the owner of the famous Dalrymple farm of 36 sections or twenty two thousand and 40 acres all in one parcel. But it is divided into 5 departments, each department having an overseer. It requires 247 Binders to cut the crop and as they employ sufficient help to keep the wheat shocked as fast as it is cut, you can imagine the army of men employed and how it looks to see from 15 to 40 machines at work in one field. There is an expert in the field with these machines all the time; and as soon as anything gets out of place with a Binder it is pulled to one side at once so as not to interfere with the other machines, the expert being supplied with all the extra parts most liable to wear or give out, it requires just a few minutes to put the machine in working order again, but as he has a lot of machines to look after he is kept very busy. I will give you a description of this grand city. In the first place it is located 95 miles west of Fargo, on the Great Northern and Northern Pacific R. R. The inhabitants are all Norwegians not even one American carrying on a business here. The country is grand and such a crop of wheat I can see in every direction for miles and there is nothing in sight but fields of growing grain with the exception of the small brushy timber that fringes the banks of the Cheyenne River which flows about 7 miles South of this place. We have been highly entertained today, the Ball team from Kindred, played the Boys or Men of this place and it was a fine exhibition, score 3 to 27 and while I am writing I can hear the music from a squeaky old band organ that is being used to call the people to a small tent which is pitched on the commons about 8 rods from the main street. In this tent there is a Mammoth Exhibition of wild animals consisting of 1 Bear, 1 Mountain Lion, 1 Wild Cat, 2 Badgers, 1 cage of Monkeys and 1 Prairie Wolf. Oh yes, tame Snakes and a Lady Snake charmer. It is a hard yard but just suits the people here as they have been coming and going for the past 3 hours. I am having a nice trade and expect to finish the season here with a very satisfactory lot of Champion Machines sold and settled for. I will not get back to Chicago before Sept. 15.

I did not write this for publication but thought as I was sending the paper to you I would explain matters and as I have nothing to do but to kill the time. I have written more than I expected to on the start.

Hoping this will find you doing a successful business.

I am yours very respectfully,

H. A. HATHAWAY.

The following is the account referred to by Mr. Hathaway:

BIG HAIL STORM.

Thursday afternoon a hail storm of wide extent prevailed in the section of country from near Mapleton to Gill township. The rain was heavy and the hail was simply awful. We cannot learn today the whole damage, but hear of various people who lost their entire crop or were badly damaged. Senator Twichell's farm was struck, E. Green lost at Oliver Dalrymple 6 sections, Aug. Hille 400

ELLSWORTH'S "AT THE POPULAR STORE." ELLSWORTH'S

HATS! HATS!! HATS!!!

The policy behind our Millinery business is the same that prevails through the whole store—to give THE BEST FOR THE LEAST. Please do not understand from this that we do cheap work. The word "least," referring to prices, is so easily misunderstood. We think there may be lower prices than ours, BUT NOT ON OUR KIND OF WORK.

There's a particularly strong line of materials which we will make up into hats for you at 75c, \$1, \$1.25, \$1.50.

There's a splendid choice of hats and trimmings which we will make up for you at \$2, \$2.50, \$2.75, \$3.

There's a tremendous assortment for you to choose from, really as fine as any in the land, which we make up for you at \$3.50, \$4, \$5 up to \$25.

We are contented with a small profit on the goods we sell in this department and should you desire the correct kind of hat at a correct price come down to this store and let us show you what we can do for you in this line.

JOHN CHESSE ELLSWORTH, 113-115 N. MICHIGAN ST., SOUTH BEND, IND. Store Open Wednesday and Saturday Evenings.

Armour's Pure Animal Fertilizers

For Wheat and Grass.

GRAIN GROWER. {Especially prepared for wheat. An excellent fertilizer for \$21.00 per ton.

AMMONIATED BONE WITH POTASH. {A highly ammoniated manure, bone basis. \$28.00 per ton.

ALL SOLUBLE. {Running high in Phosphoric Acid. An extra fine wheat manure \$28.00.

Two hundred pounds per acre of either of the above pure bone fertilizers at a cost from \$2.10 to \$2.80 will not only increase the yield of wheat but will insure you a better catch of grass. Having had several years of experience in growing wheat, with aid of fertilizer in the East (Maryland) I am prepared to give purchasers any information they may desire on this point.
