

BUCHANAN RECORD. VOLUME XXXII. BUCHANAN, BERRIEN COUNTY, MICHIGAN, THURSDAY, AUGUST 4, 1898. NUMBER 27.

MAGAZINE IN TIMES OF WAR. In the building and holding of forts the utmost care is given to a secure and carefully stored magazine. Why? For the usual protection of the fort in several ways.

A Literary Magazine is almost equally as good a thing in every day life. It is a storehouse of knowledge and almost unconsciously the reader acquires a knowledge of many things in the way of Art, Literature, Music, Architecture, Current Events, General Information, Fiction, Etc. "Get posted" and there is pleasure in it. And the wonderful illustrations, so many of them, photographic prints from the Scenes of War, are fine.

FOR GOVERNOR. HAZEN S. PINCREE.

Platform: Equal Taxation. Special Privileges to None. No Free Franchises. Uniform Railroad Rates.

Had the ordinance requiring all bicycles to carry lighted lanterns at night been enforced as it should have been, young Carson French would not be lying at his home in pain and suffering. If the ordinances cannot be enforced it is much better to repeal them, and thereby save public officials from being criticised for their non enforcement.

That franchise. The proposed franchise asked for by the Michigan & Indiana Railway Co. should be carefully looked into before granting. From an examination of the franchise shows that the company asks for the use of one of our finest streets, our bridges and culverts, with scarcely a restriction for a term of 30 years, and in return for these privileges does not propose giving the village a single cent of remuneration for these privileges.

When the Record does not blame the railway company for asking for whatever they want, yet we believe the business men who comprise our board of trustees will see to it that the village will receive some compensation before we turn over our streets to any corporation, for their use and profit. The present condition of Postage street should be a valuable object lesson on this point.

BUCHANAN MARKETS. Hay—\$7.00 per ton, new. Wheat, retail—90c. Salt, retail—80c. Flour, per bushel—\$1.00-\$1.10. Eggs—10c. Corn—35c. Beans—\$1.00-\$1.10. Live Hogs—\$3.25.

NEW ADVERTISEMENTS. All "copy" for change of advertisements must be in our office by Wednesday of each week to ensure the change being made.

MICHIGAN CENTRAL. "The Niagara Falls Route." TRAINS EAST. LEAVE BUCHANAN. TRAINS WEST. LEAVE BUCHANAN.

VANDALIA LINE. TIME TABLE. In effect June 15, 1898. Trains leave Galien, Mich., as follows: TO THE NORTH.

Milwaukee, Benton Harbor & Columbus Railway Co. Time Table. EFFECTIVE SATURDAY, JULY 2, 1898. GOING NORTH.

CHURCH NOTES.

CHRISTIAN. Subject next Sunday morning, "The movement for the restoration of primitive Christianity; its genesis, progress, prospects and dangers." There will be no evening service, owing to the Grove meeting at Hill's Corners.

METHODIST. The camp meeting will be held in Crystal Springs from Aug. 5 and 15. But the pastor has decided that an open church is needed in summer as well as winter, so the class meeting at 7:30 a. m., preaching services at 10:30 a. m., will be held as usual; Sunday school at 11 a. m. and the Devotional meeting of the Epworth at 6 o'clock p. m. Subject for the Epworth League, "Giving to God". Ref., Luke 21:1-4. Leader, Mac Fidl' H. Beoyal; attend, if possible, and the effort will be helpful to you.

OBITUARY. The body of the infant daughter of Mr. and Mrs. W. B. Rycusson was brought to Buchanan, last Thursday afternoon, for interment in the family plot at Oak Ridge cemetery. Mr. and Mrs. Rycusson moved from here to Niles, and thence to Elkhart, where the little one died of brain trouble. Their many friends sympathize with them in their bereavement.

FRANCIS WELLS was born in Ohio, Oct. 15, 1823, and died at his home in Bertrand township on Saturday, July 30, 1898, after an illness of nearly a year. Together with his parents he moved from Ohio and in 1831, located at Edwardburg, Cass county, remaining there for four years, his family then removing to Bertrand township, in this county, young Wells remaining in Cass county two years longer, being employed as mail-carrier between Cassopolis and Niles. In 1837 he followed his parents to Bertrand township, and has been a resident of that township for over 60 years, except a temporary absence of two years, during the California gold excitement, making a very successful trip, in 1850.

At the appointed hour, 8:30 o'clock, Elbel's Orchestra of South Bend, Ind., began playing Loehgring's Wedding March which was rendered very softly and the young ladies began unrolling the ribbons and the bridal party passed from hall, through east parlor, library to the southwest corner of west parlor where the ceremony was solemnized. The bride was given away by her husband, W. F. Bainton, of the well-known firm of Bainton Bros. Mendelssohn and other marches were played while congratulations were extended the happy couple after which refreshments were served by colored waiters. The delectable refreshments were in serving the refreshments, the pink, white and green, also red, white and blue. The napkins were the Cuban and American flags with an appropriate National motto.

The bride is a very estimable and highly esteemed young lady. Her entire life has been spent in Buchanan except two years at the State Normal. She is a graduate of our city public schools. She has always associated herself with that society which would be the help instead of a hindrance and has always been active in church work. She leaves behind her a large circle of friends who wish her all sorts of happiness.

The groom is a prominent attorney of Bowling Green, Ohio, being a graduate of Oberlin College, and the Cincinnati Law School, receiving the degrees of B. A. from the former and L. L. B. from the latter. He is a member of the firm of James & Beverstock, and have an extensive practice with a branch office in Toledo. Mr. Beverstock is prominent in Masonic circles, being a 32nd degree Mason, and a Mystic Shriner.

Mr. and Mrs. Beverstock departed on the 1:40 train amid congratulations enroute for Niagara Falls. They will be home to their many friends at 20 North Grove street, Bowling Green, Ohio. A large number of very beautiful and costly gifts were received including land painted china, cut glass and solid silver.

A Serious Accident. Carson French, son of Mr. and Mrs. Harry French, who resides about two miles south of town, was seriously injured in a collision while riding a bicycle last Friday evening. His company with some friends he had just started down Day's avenue toward Front street, and was coming down the hill by the A. E. church when he noticed a wheel coming towards him, but neither bicycle discovered the other in time to avoid a collision, the glare of the electric light at this point tending to confuse them. Young French was thrown to the ground with terrific force and was badly cut about the head. He was at once taken to his home and medical aid summoned, but he remained unconscious for several hours. Several stitches had to be taken in his head and he has since remained in a very serious condition, although we are pleased to report that he is improving nicely and his physicians state that unless unforeseen complication sets in he will soon be fully recovered.

MATRIMONIAL.

BEVERSTOCK-BAINTON. The beautiful home of Mrs. A. M. Bainton on River street was the scene of a very pretty wedding last evening. The occasion being the marriage of her daughter Mary A. to Edward Beverstock of Bowling Green, Ohio. Rev. James Provan, pastor of First Presbyterian Church officiating in the presence of over 100 guests. The wedding was a very patriotic one, the bride and groom being united under the American flag which had been placed within a canopy of white ribbons and amylax from which pink and white carnations depended, also a large horseshoe of white carnations, the back ground being painted plants and ferns. The home was beautifully decorated with palms and cut flowers. The prevailing colors in parlor, hall and library were pink, white and green. The dining room and lawn, National colors.

The bride wore a superb gown of pearl white tulle and silk, elaborately trimmed with ribbons, pearls and tulle. She wore her hair in her hair and carried large, white lilies, her only ornament was a brooch of pearls and amethysts, the gift of the groom. The groom was attired in a conventional suit of black. The maid of honor, Miss Emma Bainton, sister of the bride wore a nice green and hazel pink silk. Her ornaments, diamonds. She carried pink roses and wore pink tips and pompon in her hair.

The bridesmaid, Mrs. Dr. Snyder of Bowling Green, Ohio, also sister of bride, wore her wedding gown of '90, white faille silk, on train, with ribbon and lace trimmings. She carried white roses and wore white tips and pompon in her hair. Mrs. A. M. Bainton, mother of bride wore black lace over black silk, large corsage bouquet of white roses and flowers in her hair. C. L. Bainton, brother of bride was usher of bridal party.

The young ladies, the Misses Katie Wells, Etta Morgan, Thursa Barrow, Carrie Smith, Bernice Mead, Mabel Elliot, Mabel Hathaway, Etta Devlin, the bride's Sunday School class held the ribbons and wore white with pink, white and green sashes. The little flower children were William Kelsey Bainton, John Bainton Snyder and Blanche Elliot Snyder, nephews and niece of bride. They were daintily dressed and preceded the bridal party and strewn flowers.

At the appointed hour, 8:30 o'clock, Elbel's Orchestra of South Bend, Ind., began playing Loehgring's Wedding March which was rendered very softly and the young ladies began unrolling the ribbons and the bridal party passed from hall, through east parlor, library to the southwest corner of west parlor where the ceremony was solemnized. U. S. Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, Michigan Section, for the week ending July 30th, 1898.

WEATHER. The mean temperature for the week ended Saturday, July 30, 72.1 degrees, was 3.8 degrees warmer than normal. The temperature ranged from 1 to 7 degrees more than the normal during the first six days of the week, and was deficient 2 degrees on the last day. Sunday, July 24, was abnormally warm in all sections of the state. The average total precipitation, 0.86 of an inch, is 0.19 of an inch more than the normal; it was poorly distributed. The sunshine has averaged 61 per cent of the possible amount. Although the average total precipitation for the state during the past week is nearly three quarters of an inch, it was very poorly distributed and inadequate to entirely relieve the droughty conditions which have been prevailing for some weeks back. Throughout the extreme southern tier of counties showers were quite general, and the general benefit to crops was very marked, but in all other counties of the lower peninsula rain is very badly needed. Early potatoes are ripening and being dug, but the drought has greatly shortened the yield. Late potatoes are in fairly good condition, but badly in need of rain. Corn was somewhat relieved by the scattered showers, but is short and very much in need of more moisture; it is sowing and in silk. Beans show the effects of the drought and have made slow progress during the week. Wheat and rye harvest are now about completed in the most northerly counties of the state; the cuts have been well secured and threshing, which is general, shows fine yields. Hay is being finished in the upper peninsula, the crop being finely secured and the yield abundant. Oat harvest has been general in all counties of the lower peninsula during the week; oats have been well secured, threshing has begun, but the yield is generally light. In the upper peninsula oats are turning and will soon be ready to cut. Considerable barley has also been cut during the past week, but in many cases the yield is light. Apples continue to drop badly, and this condition was intensified by hail and wind in many counties. Pastures are drying up fast, much new seeding is dying for lack of rain, and the ground is very dry for plowing.

Miss Dutton's Experience. Durgins attempt to rob the House at Elkhart which she was visiting. The Elkhart Review of July 27th has an interesting account of an attempted robbery at Elkhart in which attempt Miss Linnia Dutton, of Buchanan, by her coolness frightens away the burglars. The account reads as follows: "Burglars who used chloroform were thwarted in their attempt to enter and rob the house of Miss Mary Dutton, who had already been affected by the drug sufficiently to make her hard to wake. She was finally aroused, and while moving about turned over a chair, which is thought to have sufficed to warn the intruders, who then made a hasty retreat. Miss Dutton had in the meantime secured the revolver, and stood ready to give the thieves a warm reception. But the ladies were not molested during the rest of the night. Miss Dutton feels the effect of the chloroform today. The drug was thrown through the netting. The ladies did not inform the police. A hard-looking customer was noticed hanging about the vicinity early in the evening."

The American Monthly Review of Reviews for August reviews the Sanitary campaign of the business men from start to finish. Winston Churchill, who wrote so acceptably on Admiral Dewey for the June Review, describes in this number the wonderful battle with Orosman's fleet, and his article is illustrated with many photographs of the Spanish ships taken the day after the fight. John A. Church, formerly of the Army and Navy Journal, contributes a full account of the war in the Philippines, and his article also is illustrated from new photographs. Park Benjamin writes on the work cut out for the Eastern squadron under Commodore Watson. Altogether, the Review again shows its ability to keep well abreast of all important military and naval movements, and to exhibit a clean pair of heels to all its competitors in magazine-dom.

THREE OAKS. Mr. and Mrs. J. L. McKie are spending a few weeks in northern Michigan. Warden Chamberlain and son William spent Sunday in Three Oaks. J. F. Greenwald is absent on a short vacation. Almon Wright is visiting relatives in Colorado and Nebraska. Several of our teachers are attending the institute at St. Joseph. Some of our people will take in the Niagara Falls excursion, tomorrow. Geo. R. Parren's new house will be considerable of an improvement to the south side of town. H. E. Crocker is putting down a cement walk in front of his residence. Lewis Good's new barn is nearly completed, and when finished will add to the appearance of Telephone avenue.

BENTON HARBOR. The post-office has been supplied with another clerk. Considerable interest is manifested as to whether our post-office should be moved to another street or not. The Peters lumber company is filling an order for two million feet of lumber. The largest order ever received here. The annual reunion of the soldiers of Berrien county will be held in St. Joseph, Aug. 17, 18 and 19. Mail Carrier Phillips of route No. 2—Morton Hill—resigned his position last Friday, but reconsidered it, and resumed work Monday evening. The colored people celebrated Emancipation day here, yesterday, by a parade, speeches, etc. A good many came from Chicago, accompanied by a colored band. Corporal Stephens and Wil Martin of the Alger Guard, who suffered from stroke, are home on a furlough. Lieut. Pound has the yellow fever, at a New York hospital. Dr. Roy, a Brahman, formerly from India, spoke at the Presbyterian church, Sunday morning, and at the union services in the evening. He is trying to raise funds to finish his medical education, so as to return to his native land as a missionary. The State of Ohio and City of Louisville collided, last Friday, while entering port. The boats belong to rival lines, and were trying each to get between the peers first. The damage was not serious, but the U. S. authorities will investigate the matter.

Brave Acts. Quickness in Time of Danger Has Often Saved the Lives of Many Persons. On jubilee day, which commemorated the discovery of gold in California, in 1849, a squad of battery I, of the regular army, was in a salute at Lime Point fort, near San Francisco, says the Youth's Companion. One load—this charge was 50 pounds of powder enclosed in a woollen bag—did not go off, and the officer in command ordered it to be pulled out of the canon. The charge was withdrawn, and as it dropped to the ground, it was seen that one corner of the woollen bag was on fire. The powder in the bag had been caught and the seven men with their officer would have been killed. Private John M. Jones jumped toward the smoldering bag, rolled it in the mud, and with his bare hands, splashed the singed edges with damp earth. It was a quick, brave deed, and had the hero been a British soldier it would have brought him a Victoria cross to wear on his breast. During the Sepoy war a young captain fell near his battery. Instantly he lifted it up, carried it a distance, and flung it away. Just then the powder, splashing his feet, started a fire. In the Crimean war, Capt. Peel, of the royal navy, son of the former prime minister, Sir Robert Peel, commanded a vessel before Sebastopol. One day a large shell, its fuse burning, fell into the battery near where Peel was standing. Picking it up, he carried it to the rampart and tossed it over. It exploded before it reached the ground.

Mrs. Clark Bristol of Battle Creek is visiting her parents, Mr. and Mrs. Geo. Richardson. Mrs. Chas. McCoy came to Buchanan Monday morning, for a two week's vacation. Mr. Edgar Kelsey is at Benton Harbor taking a course of treatment at the mineral baths. Mrs. Alex. Emery and daughters, Misses Georgia and Daisy, were in Chicago, last week. Mrs. D. FARM AND DAIRY.

Conducted by Percy G. Shreve. Our readers are invited to send in any questions for information on this subject...

As a rule for the Private Dairy. A work not enough encouragement is given farmers to induce them to improve their butter product...

It seems to the writer that there is and has been for some time organized and combined efforts to boom the public creamery...

Before dairying attains the high plain of improvement it ought to attain in this country all this must be changed.

Preparing Corn Ground for Wheat. The usual manner in which corn land is prepared for wheat is to have cultivation cease at harvest...

We would not attempt to sow wheat after corn if we always had to wait until the corn was cut.

Mr. Theo. R. MacClure, chief clerk of the State Board of Health, has prepared a most valuable and attractive souvenir of the approaching quarter-centennial celebration of the establishment of the Board.

The rains of the past week have been of great benefit to all late crops.

Wheat grown in this way can be grown more cheaply than in any other way, and if done in the right manner we will not hear so much about corn ground not being good for wheat.

BUCHANAN RECORD.
THURSDAY, AUG. 4, 1898.

Entered at the Post-office at Buchanan, Mich. as second-class matter.

Only 166 out of a possible 575 of the weekly newspapers in Michigan are recorded in a directory, compiled by the American Newspaper Directory for 1898, and the publishers of the D. C. city will guarantee the accuracy of the listing by a reward of one hundred dollars to the first person who can produce the name of a newspaper not included in the directory. The Bureau of Record is one of the 166 that are not at all in their customers' knowledge. Just what they are doing.

Our Clubbing List.
We have arrangements whereby we can save you money on your periodicals for the coming year. Call and get our prices and see what we can do for you.
Born, July 28, 1893, to Mr. and Mrs. Elmer Remington, a fine girl.

A force of workmen have been engaged the past week in tightening the wires and fixing the poles of the Bell Telephone Co. in this vicinity.

Master Claude, the twelve year old son of Mr. and Mrs. J. B. Ryerson, who had his arm broken by a fall from a wagon last week Monday, is getting along nicely and will soon be able to be around once more.

Mr. D. W. Jones, who for some time past has been employed as stenographer and book-keeper at the National Manufacturing Co. has resigned his position and left last night for Milwaukee where he expects to locate. Mr. Jones' many friends in Buchanan will regret his removal from our town.

Mr. H. H. Porter took a party of friends, comprising Messrs. A. C. Stephens, C. G. Deisserer, R. E. Lee, J. B. Laughlin, W. A. Pardon, T. Kissinger, and A. K. Beckwith of Dowagiac, on an excursion up the river on the Lee & Porter steamer last Thursday afternoon. All had a very pleasant time on the trip.

The Niles Band went on their excursion to Chicago, Monday, going over the "Benton Harbor Route." The band came over on the 4:15 train and marched down town and rendered some excellent music for about an hour, which was thoroughly enjoyed by our people. A number of citizens took in the excursion with the band.

Mr. Ashley Carlisle received a box from his son Frank, who is at Camp Cuba Libre, with Co. M, 2d Illinois. On opening the box Mr. Carlisle found it to contain fine specimens of some of the Florida insects. The specimens comprised a Horned Toad, Trapdoor Spider, Scorpion, Tarantula and Centipede. The samples are perfectly harmless as they are dead.

For an Electric Road.
The Township Board held a special meeting, last Thursday evening, for the purpose of considering a franchise requested by Messrs. J. W. Van Olvee of Ypsilanti and T. L. Wilkinson of St. Joseph, in behalf of the Indiana & Michigan Railway. The franchise was granted and permission given to use one side of the highway from the eastern limits of the township to the eastern limits of the village.

The road as planned will run from Buchanan to Niles, where it will join the main line which runs from St. Joseph to South Bend via Berrien Springs to Niles. The franchise provides that the road must be completed within two years.

Grove Meeting.
The Christian church of Hill's Corners have arranged a "Grove Meeting" at Doyle's grove on Boyle's lake, Saturday and Sunday, Aug. 6 and 7. Following is the program:

3:15—Sermon, Rev. Wm. Chapple.
4:00—Social meeting, led by Mr. D. O. Markham.
7:30—Sermon, Rev. Wm. Chapple.
SUNDAY FORENOON.
10:30—Sunday school, conducted by Mr. E. R. Black.
SUNDAY AFTERNOON.
2:30—Social meeting, led by Mr. E. R. Black.
3:15—Sermon, Rev. Wm. Chapple.
4:00—Young People's meeting, led by Rev. Wm. Chapple.
7:30—Sermon, Rev. Wm. Chapple.
Basket dinner at the grove each day. Come everybody and enjoy this meeting.

Auld Lang Syne.
The Record office was favored with a call on Monday from Dr. T. F. Massey, of New Carlisle, Ind., and Mr. Charles R. Whitman, of Ann Arbor, Mich. Mr. Whitman and Dr. Massey were old schoolmates and called at this office to make inquiries about another old schoolmate of theirs, Mr. Will Kingery. The gentlemen were much interested to know that Mr. Kingery had at one time been interested in the management of the Record and made many inquiries about the various members of the family. Mr. Whitman is located at Ann Arbor but was born in South Bend. He is an attorney at law and has filled many positions of trust, having been railroad commissioner under Gov. Winans' administration, as well as many positions in the county. The gentlemen drove to New Carlisle, where Dr. Massey is located.

Soldiers' Life in Camp.
Frank Carlisle writes for Florida, of his Experience.
CAMP CUBA LIBRE, July 29, '98.
TO THE EDITOR:—Thinking that perhaps the Buchanan people might like a short sketch of camp life in Jacksonville, I have written these lines.

This Camp is said to be the healthiest in the South, and is about half an hour's walk from Jacksonville. There are, at the present time, about 15,000 troops encamped here and in the immediate vicinity. Many people imagine that any other than an orange or palm tree is a rarity here, but they are mistaken. There are a few palm trees and fewer orange trees. The main growth is the Southern pine, and the camp is in a grove of it. The camp is well watered from the city water works, with artesian water. This fact alone, no doubt, accounts for the excellent health of the command.

Gen. Lee is in command of this army corps, and has his headquarters here. He is a short, fat man, with a grey moustache, and rides an immense grey horse. The other day, as he rode by our company street, someone asked, "How long before we leave here, General?" He partly turned in his saddle and said, "Can you wait until the first of next month, boys?" But by the way things seem to be going, it will be the first of next year before we get started.

Every day, excepting Saturday and Sunday, the men are given blank cartridges and we march off into the woods and have great sham battles. In a battle, day before yesterday, the 2d Illinois captured the 2d N. Y. Colonel said nearly half of their regiment.

This is the rainy season here, and we have rain almost every day. It rains the hardest here I ever saw it. In half an hour the whole camp is afloat, but in almost as short a time the ground being all sand. I have not seen a stone since I have been in Florida.

Well, I must close for this time by going on dress parade. If this letter proves satisfactory, I may write again.
FRANK CARLISLE.

"Driving" and "For Pedestrians"
If the people who have accepted invitations to a wedding reception to be given next week in a house on the Hudson find to find it, they cannot justly blame the bride's parents. The hosts live within the limits of New York city in a house that is conspicuous from the Hudson river. Probably not one person in a thousand would know how to reach the house, however, by the address alone. Inclosed with each wedding invitation was a colored map of that portion of the city which lies along the Hudson between 125th street and Inwood station. The house where the reception is to be held is indicated by a red square. The streets and cable roads are outlined. Heavy red lines from 125th street to the house indicate the "best way for driving," and blue lines mark the "best way for pedestrians." If the guests bring the maps with them and start early enough, they are very likely to find the house.—New York Sun.

Reassuring.
Patient—Look here, doctor, do you think you will ever be able to tell exactly what the matter is with me?
Doctor—O, yes. I will find that out at the autopsy.—Judge.

HATS! HATS!! HATS!!!
The policy behind our Millinery business is the same that prevails through the whole store—to give THE BEST FOR THE LEAST. Please do not understand from this that we do cheap work. The word "least," referring to prices, is so easily misunderstood. We think there may be lower prices than ours, BUT NOT OUR KIND OF WORK.

There's a particularly strong line of materials which we will make up hats for you at 75c, \$1, \$1.25, \$1.50.
There's a splendid choice of hats and trimmings which we will make up for you at \$2, \$2.50, \$2.75, \$3.
There's a tremendous assortment for you to choose from, really as fine as any in the land, which we make up for you at \$3.50, \$4, \$5 up to \$25.

We are contented with a small profit on the goods we sell in this department and should you desire the correct kind of hat at a correct price come down to this store and let us show you what we can do for you in this line.
