GEO. WYMAN & CO.

South Bend, Ind.

There comes a time when we must have a new advertisement, whether we feel like it or not. Christmas has passed and we are not quite ready to begin the new year and hardly know what to say. However, we will commence and do the best we can under the circumstances. Georgo Wyman & Co., "The Lead-

Again commence—George Wyman & Co. "have scoured the country over from the Atlantic to the Pacific." No; that won't do. Commence

George Wyman & Co, "The Popular Store.'-

No, that won't do; that's too thin. Again-George Wyman & Co. "offer a prize" for having the most customers. No, that won't do; for we would not have enough prizes to go around.

Again-Geo. Wyman & Co. started trade in South Bend many years ago to sell only the best goods of its kind, (that will do) and by adhering strictly to this principle have built up the largest trade in Northern Indiana; at the same time we cannot say we have any trade that we own. The way we hold our trade is by strict integrity and selling the best merchandise for the least money.

GLOVES & MITTENS.

We offer 2,000 pairs of samples of Men's dog skin, sheep skin, buck skin, hog skin, calf skin gloves and mittens, including lined and unlined and unlined wool and silk, for half price; one dollar goods for 50c,, half dollar goods for 25c. All for men, ladies, misses and children.

CLOAKS.

We offer 1,000 Jackets and Capes for ladies at half value or less, all this season's style. You will be astonished to see what you can get for \$2 to \$10. Maybe you have decided you will wear your old cloak as jackets cost so much; well, if you will take time enough to look at ours, you might select one for next year and put it on and wear it now. Pack Withdraws.

As a result of the Speakership contest at Lansing, in which Representative E J. Adams won out, Albert Pack, who was a candidate to succeed Hon. J. C. Burrows, saw that all indications pointed to the fact that Senator Burrows was sure of enough votes to be re-elected, and therefore gracefully retired from the contest, thus leaving the field to Senator Burrows, who will represent our State for another term.

Genesis of the Side Saddle. Some agile brain centuries ago devised the side saddle for a lame princess who could not ride astride as other women did in those charming days. incidentally, this shows that the modern practice among women of sitting on both sides of the horse is not modern at all. First came the additional pommel, and then, only sixty or seventy years ago, the third pommel. An Englishman who had bet that he could ride a steeplechase on a side saddle found himself compelled, for safety, to add another pommel Many Englishwomen of this day use two saddles, and sit alternately on the right and left sides of the horse.

The companies in each case base their claims upon the number of days of interruption to business, estimating the loss each day by the records of business transacted in corresponding periods in former years. PRESENT SENATOR HAS A CLEAR FIELD

Receives Caucus Nomination, Which Is Equivalent to an Election—Senator Davis, of Minnesota, Sure of Another Term.

Lansing, Mich., Jan. 5 .- Both branches of the state legislature convened at noon. The organization of the house and senate was without unusual incident. The withdrawal of Albert Pack from the senatorial race gave Senator Burrows a clear field. · Senator J., CarBurrows, was unani mously nominated Wednesday night by

self. After the nomination the senator and his late opponent; Albert Pack, of Alpena; came to the capitol together, which elicited great enthusiasm from the legislators. Both addressed the caucus. As the republicans have a large majority on joint ballot the reelection of Senator Burrows is assured.

Senator Davis Renominated. St. Paul, Minn., Jan. 5.—The republican members of the two houses met in caucus Wednesday night to nominate a successor to United States Senator Cushman K. Davis, chairman of the senate foreign relations committee and American peace commissioner at Paris.

The caucus was entirely a formal affair, there being no opposition, and the republicans having a majority of 90 on joint ballot in the legislature. The roll was called to allow all to be recorded. resulting in 127 votes for Senator Davis, that being the number present at the caucus.

Senator Hale Renominated. Augusta, Me., Jan. 5.—The general republican caucus of the legislature was held in the hall of the house Wednesday night to nominate state officials, seven councillors and a United States senator. It was fully attended and most harmonious and enthusiastic. It was a foregone conclusion that Senator Hale would be named to succeed himself, all idea of opposition having vanished. The nomination was made by a grand chorus of "ayes," not a "no" being heard. Illinois.

Springfield, Ill., Jan. 5 .- The Illinois legislature, republican in both branches, began its forty-first session Wednesday under conditions which promise lively times.

Secretary of State Rose called the house of representatives to order at 12 o'clock and Chaplain D. G. Bradford offered prayer. The roll of members was then called and a motion carried to appoint a committee of three to request Justice Phillips, of the state supreme court, to visit the hall and administer the oath of office to the 153 members. All were present-81 republicans, 71 democrats and 1 prohibitionist. As the justice read the oath, which pledges the representatives to accept no bribe, a flutter was noticeable among the members, and the memories of charges which have been brought against previous assemblies were recalled by every man present.

Permanent Officers Elected. When the time came to select permanent officers of the house Representative Trautman nominated Judge Sherman as the republican candidate for speaker, and D. E. Sullivan presented the name of Mr. McGoorty as the democratic nommee.

A roll call resulted in the election of Judge Sherman and the entire republican slate. As soon as a permanent organiza-

tion was effected a committee of five escorted Speaker Sherman to the chair. In taking the gavel he made a short address, outlining his policy for the ses-Clerk Reeve then called the roll, and

a committee was named to wait on Gov. Tanner and notify him that the house was in session and ready to receive any communication he may desire to transmit. It was late in the afternoon when the message was received, and without waiting to discuss the document the house ordered 5.000 copies of it printed and then adjourned

Senator Walter Warder was elected president pro tem. of the sanate thus verifying the prediction that the herry-Busse-Campbell combination would control the senate this session Five republican senators in opposition refused to vote. These were Dunlap: Edwards, Hamilton, Odell and Templeton. They showed their dissatisfaction at

the organization of the senate. Three street car bills were introduced in the legislature Wednesday and the Allen law is already under fire. One was that of the Civic Federation of Chicago, the main feature of which is it gives the local municipality control of its street car affairs through a specially created commission, franchises to be for 25 years. Another, introduced by Senator Berry and inspired by Gov. Tanner, follows the Civic Federation bill closely at first, but differs widely in giving the state railway and warehouse commission the right to fix rates of

fares and other important powers. The third was put in by Senator Busse. It provides for a shorter term and lower fares, with more protection for the property owners...

Indianapolis, Indiana. 5.—The republicans of the legislature, composing the majority, caucused Wednesday night on the organization of the house and senate. Frank Littleton was selected speaker of the house. He is a young lawyer of this city. The senate republicans selected Senator A.C. New by as president pro tem. The result of the caucuses is looked upon as favorable to the candidacy of J. Frank Hanly, of Lafayette, for the United States senatorship. Especially in the senate did the Hanly slate go through. The caucus for senator will be held next

Tuesday night. Legislature of Minnesota. St. Paul, Minn., Jan. 5.- In accordance with resolutions previously adopted, the two houses of the legislature met in Joint ression at 10:80 . m.

Wednesday to near the messages of re-tiring Gov. Clough and of incoming Gov. John Lind. Speaker Dare presided. Gov. Glough read his last, message, devoting considerable space to the war. and the part taken in it by Minnesota, paying a high tribute to the Minnesota troops, both volunteer and regular. He denounced the anti-expansion asser-

enough intelligence to govern any new possessions. Referring to the Leech Lake Indian trouble, he sharply criticised the national government as having invited the outbreak by long-continued abuses. Chief Justice Stuart administered the oath to the new governor, John Lind, who then read his inaugural mes-

tion that Americans "were not of high

Before the joint session the senate adopted resolutions for the appointment of a committee of seven to investigate the subject of a board of control for state institutions.

Missouri. Jefferson City, Mo., Jan. 5.-The legislature met at noon Wednesday, Lieut. Gov. Bolte calling the senate to order and Secretary of State Lesueuer acting in the same capacity in the house. Temporary organization was effected in the house by the election of George T. Lee, of Carter county, as speaker and H. J. Simmons, of Shelby, as secretary.

To Support Administration. Sacramento, Cal., Jan. 5.—In the assembly the Belshaw resolution instructing the state's representatives in congress to support the administration in the matter of its policy regarding the Philippines led to an extended debate. The resolution was finally adopted The inauguration of Gov.-elect Gage took place Wednesday and was attended with considerable pomp and ceremony.

Reduces Telegraph Rates.

Topeka, Kan., Jan. 5.-Both branches of the legislature have passed the bill reducing telegraph rates. The bill will go to the governor to-day for his signature. The bill reduces the charge for day commercial messages of ten words from 25 to 15 cents, and other tolls in proportion. Day press rates are reduced from one-half to one-third cent per word, and night press rates from one-quarter to one-sixth of a cent per word. These rates apply to all points within the state. The measure also places telegraph companies within the jurisdiction of the court of visitation. recently created to regulate railroad

... AMMUNITION EXPLODES.

Two Men and a Woman Are Blown to Pieces and Seven Children are Fatally Injured at Matanzas.

Havana, Jan. 5.—Two men and one woman were killed and seven children fatally wounded by a terrific explosion of Mauser ammunition at Matanzas Wednesday afternoon. The disaster is almost exactly like that which horrified Havana three weeks ago. Fifty men, women and children were unloading Remington and Mauser cartridges in the tagyard of Louis Alum, who has been buying ammunition for the departing Spanish soldiers. Thirty thousand cartridges had been emptied and the powder dumped into open boxes when Pio Mone, 13 years old, while knocking the powder out of a Mauser shell, exploded the cap and set off the loose powder before him. Three explosions followed in quick succession, killing or frightfully maiming all who were in the fatal circle.

Mishap to a Globe Trotter. London, Jan. 5.—The Madrid correspondent of the Daily Mail says: An American named Boynton, who is trying to travel around the earth without money, met with a terrible fall into a chasm while entering France by night through the Pyrenees. He was seriously injured.

Railroad Sold.

Keokuk, Ia., Jau. 5.-The Chicago, Fort Madison & Des Moines railroad was sold Wednesday by N. I. Bobb, special receiver, under an order of the federal court. It was bought for \$150 .-000 by Jesse A. Baldwin, of Chicago for the bondholders' committee.

SOFT-SHELL EGGS.

When the hens lay eggs having

soft shells, or when they lay large

double-yolk eggs, the cause is exces-

fact mentioned, that when the eggs

Deafness Can't Be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deaf ness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken and this tube restored to its normal condition, hearing will be destroyed for-

ever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous . We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for

W. N. BRODRICK, Clerk. * * * The Art Amateur for January con tains a colored plate, "Winter in Holland", which is an exceedingly well-executed snow scene. The supplement designs are equally practical and are for China Painting, Wood Carving, Pyography and Embroidery. The text in this most important number includes the following articles: Phil May, illustrated by that artist, Flower Painting, Drawing for Illustration. Landscape Painting, in both Oil and Water Colors, Progres sive Wood Carving and Embroidery. There is a perfect feast of good things for the Ceramic Decorator. while The House has a Library and Parlor furnished in Indian Style, "The Collector" and "The Note Book" discusses Art Topies of general interest. Montagne Marks, in his London Letter, gives an account of The Lithographic Exhibition; we note

that the place of honor was given to The Art Amateur Color Plates. JOHN W. VAN OOST, Publisher,

23 Union Square, New York. \leftrightarrow \leftrightarrow McClures Magazin'e for January, in two articles on the Lake submarine boat, gives its readers the double sensation of inspecting a really new and extraordinary invention and of following an equally new and extraordinary adventure. No man, since the days of Jonah, has made a more enrious voyage than that which Mr. Ray Stannard Baker describes as taken by himself and the artist W. D. Stevens in the Lake boat; and since the creation of Jonah's whale, no more curious craft than the Lake boat, as Mr. Lake himself sets forth its principles, powers and possibilities, has been constructed. The boat drops down to the bottom of the sea. and there traverses the ground precisely like an automobile road-wagon; and from it divers step out of a house into a garden, and go as spading and hoeing among wrecks.

Pictures drawn by Mr. Stevens from life illustrate the articles. An adventure somewhat akin to that of Mr. Baker and Mr Stevens, and making as thrilling a story in the relation, was a ride from London to Glasgow on the locomotive of the Scotch Express (the preeminent "flyer" of England) taken by Stephen Crane, the novelist, and the late W. L. Sonntag, Jr., the artist. Mr. Crane tells the story in his own vivid, striking way; the picture drawn from life by Mr. Sonntag (about the last work he did before his untimely

death) illustrate it. In the same number, Mrs. Tarbell gives an account of Lincoln's first inauguration as President, drawn largely from an unpublished reminiscences of people who witnessed it; and from similar reminiscences she constructs a most interesting portrait of Lincoln as he appeared in his first meetings with his cabinet and through the first days of his residence in the White House, Captain Mahan describes and compares the naval and military conditions of ourselves and Spain at the outbreak of the recent war; Stephen Bonsal gives some more fine stories from his own expe rienc in the fight for Santiago; and Mr. Hamlin Garland tells a fine true Indian story in the veritable words of Rising Wolf, the Ghost Dancer. Another of Kipling's stories of school boy life and several other stories make the number very interesting also on the side of fiction.

Mr. Shearer moved that the Board allow bill No. 635, but on motion of Mr. Keith it was tabled.

On motion of Mr. Stemm, bill No. 627 was disallowed. Mr. Stemm submitted the report of the

judiciary committee on the Ingleright petition, which is as follows, and asked its adoption:

Your committee on judiciary, to whom was referred the petition of citizens of Buchanan township, asking the county to reimburse Mr. W. H. Ingleright for expenses incurred in defending himself in a prosecution brought by the People against him for obstructing a railroad track, have had the matter under consideration and while they sympathize with Mr. Ingleright for having to defend himself against what he claims was a malicious prosecution, your committee believes it would be a bad precedent to establish, as many others have had to defend themselves in the same manner and we would therefore report adversely on the petition.

IRA R. STEMM, WM. A. BAKER, H. A. RACKLIFFE.

An aye and nay vote was taken on the adoption with the following result:

Ayes-Messrs. Tichenor, Matrau, Rackliffe, Hipp, Hemmingway, Seel, Austin, Bishop, Howe, Keith, Shearer, Smith, Diemer, Schwenk, Forler, Peck, Harder, Beall, Stemm, Clark, Cromer, King, Gard, Minnes, Kingsley, Jones, Heckman, Baker and Babcock.

which the resolution he heretofore submitted was adopted.

Motion prevailed.

Mr. Howe moved that the resolution be amended so as to read as follows:

Resolved, That the County Treasurer be and he is hereby authorized to borrow such sum as may be necessary to defray the expenses of the county, not to exceed the sum of fifteen thousand dollars, at a rate of interest not exceeding six per cent per annum, such loan to be for a period not to extend beyond February 1st,
