Their ambition is to control the nations of the world, and they have been promised that the time is not far distant when they will spread over North and South America, and become rulers of men, indeed.

Some delightful "Recollections of

"Orion" Home" are given by Edmond Gosse in the April "North American Review." Mr. Gosse in his youth saw a great deal of this extraordinary personage, who, at one time, took his place with Tennyson and Browning as one of the most promising young poets of the age.

Mr. J. P. Binns Falls from a Scaffold. Mr. Joseph P. Binns who was a well known and respected citizen of this village met a sudden and tragic death on Tuesday evening. He had fixed a scaffold under a skylight in the store room of Mrs. Binns's millinery parlors for the purpose of cleaning the glass of the skylight. From some unknown cause the scaffold gave way precipitating Mr. Binns to the floor, a distance of about twelve feet crushing his skull, breaking his left wrist, and injuring him so badly that he died within an hour and a half from the time the accident occurred which was about 4.50 p. m. Willing hands rendered whatever service could be done for the sufferer, Dr. Henderson & Curtis being promptly at hand and everything that was possible, was done, but the injured man never rallied or recovered consciousness.

The deceased was born Nov. 28,

1851 at Yeadon, near Leeds, England. He removed to America in 1843, locating in New York state, and a few years later removed to the old homestead 3 miles south of Niles. FAMILY TIES.

Shoes for the whole family. The ideal shoe for gentlemen this summer for street wear is Vici Kid or Russia Calf. The popular colors for the "russet" shoes are mahogany—brown and dark tan; soft, light, cool and easy to keep clean.

For ladies Oxford ties—black and colors—in new shades, and the same variety for the little ones. The day is past when any shoe is good enough for the children. We make up our stock as carefully for the juvenile trade as for the parents. We want to train the little ones up in the way they should go—and they will continue to go to our store.

Yes—we have a good line of bicycle shoes.

SUGAR STATISTICS.

The Michigan Sugar Co., at Bay City Has Made a Statement.

The Michigan Sugar company has prepared a statement of its operations during the season just closed. The factory began the campaign on October 20, and was in operation 197 days. The total output of sugar was 5,471,406 pounds and the total bounty earned was \$33,714.06. A little more than half of this was earned previous to Jan. 1st and has been paid. The remainder is awaiting an appropriation by the legislature. The amount of beets used by the factory was 32,047 tons. The average sugar content was 13.33, and the average price paid was \$4.45 a ton. At this rate the cost of beets per pound was 3.12 cents. The total amount paid to farmers for beets during the campaign was \$142,000. The total acreage was 3,005. The company estimates the total cost to manufacture the sugar at 42 cents a pound. Of the total output of sugar 3,022,928 pounds were sold in Michigan, and 1,568,418 pounds were shipped out of the state.—Tuscola Co. Advertiser.

R. G. Dan & Co's Review says:

Failures during the first quarter of 1899 have been in amount of liabilities not more than about \$26,080,033, against \$1,710,142 last year, \$48,007,910 in 1897, and \$57,525,436 in 1896. While the later returns may increase the amount for the quarter a little, the complete return which will be given next week will be very remarkable in comparison with that of any previous year.

Business is not at present improving. There has been something very like a check, partly the result of heavy buying since January 1st to anticipate the market, partly caused by the uncertainty about the operation of many combinations, and a shade of doubt about foreign affairs also had some influence. The advance in foreign exchange is attributed, with or without reason, to preparations of the government for paying off the \$20,000,000 assured by the treaty to Spain, and if such preparations were begun just before the pressure which April settlements usually cause they were enough to cause some annoyance. The new rule of the clearing house banks at New York about taxation of country checks also causes some shifting of accounts. But the money market throughout the country is well supplied.
