County Convention.

The W. C. T. U. county convention was held Saturday, and though hastily planned and speedily conducted was a pleasant and successful occasion. The picnic dinner was excellent and much enjoyed. Some of our associate members had contributed to the occasion financially, but only one man, Mr. Sewall, of Buchanan, cheered us by his presence at the hall. The convention was called to order by the county president, Miss Sweeting, of Water-vliet, who after devotional exercises asked Mrs. Calkins, the district president, to conduct the meeting. Reports of the unions of the county came first, followed by reports of superintendents and report of the secretary of Benton Harbor union and the county treasurer. Then came the election of officers, resulting in the re-election of Miss Sweeting for president; Mrs. Hadlock, vice president; Mrs. Feather, secretary; Mrs. Belden, treasurer; superintendents of work were elected; Madam Christopher continued for franchise, also prison and jail work with assistant; Mrs. Bass in charge of scientific temperance instruction; Miss Mead of Buchanan, of literature; Mrs. Lampert, of flower mission. Mrs. Porter Henderson, of Buchanan, of Mothers meeting. All then adjourned to street cars with a bouquet of roses, which are presented with cordial greeting to Madam Christopher upon the occasion of her eighty-third birthday. Rev. Sahlin, whose birthday is also the same, just 50 years younger, responded for Madam Christopher in his usual felicitous manner. Mrs. Christopher served in her usual hospitable manner.—Benton Harbor Evening News.

Old Settler's Picnic.

Posters are being announcing the 55th annual meeting of Old Settlers of Berrien County at Berrien Springs on Wednesday, June 7. Congressman E. L. Hamilton, of this city, will deliver the oration of the day, and there will be brief talks by early settlers. Music will be furnished by the Berrien Spring band.

W. C. T. U. Visitors.

Among those who came to attend the W. C. T. U. here this afternoon, and help give the birthday greeting to Madam Christopher were Mr. and Mrs. Alfred L. Sewall and Mrs. El-mira Bennett, of Buchanan, Mrs. E. L. Calkins, of Kalamazoo, district president, Mrs. Sutherland and Miss Sweeting, of Watervliet, Mrs. A. Feather and Mrs. Hadlock, of Berrien Springs.—Benton Harbor Pal-ladium, May 20.

Returned the Compliment.

Last week the Lady Maccabees surprised the Sir Knights at their meeting and had a royal good time. On Tuesday evening of this week East HIVE held their regular meeting and had arranged to initiate five new members and follow the initiation with ice cream and cake. Some of the Sir Knights overheard the plans and determined to pay the Lady Maccabees off in the same coin as they had received. Word was quietly passed around and at the appointed time about 20 of the Sir Knights quietly stole up stairs and then walked in upon the surprised ladies as they were preparing to serve refreshments. The ladies quickly accepted the situation and likewise the Sir Knights, and a jolly time was spent. After refreshments an excellent and edifying piano duet was rendered by Ladies Knight and Stryker, which was vociferously applauded. After passing the collection basket Ladies Stryker and Croster assisted by Ladies Bower, Gardner and Knight favored the company with a new and original duet called "Swanee River." At the conclusion of the duet they were unanimously requested not to sing again. After the music a cake walk concluded the program. Lady Commander High made a brief speech expressing pleasure at the presence of the Sir Knights, and all departed for their homes well pleased with their surprise.

Mrs. Percy G. Skirven and two children, of Buchanan, Michigan, are guests at the home of Mr. and Mrs. William R. Kay, on the shores of the Chesapeake. Mr. Skirven, the eastern representative of Armour & Co., phosphate manufacturers, of Chicago, is now traveling on the peninsula and has spent some days in Kent. Though loyal to his old home and friends, Mr. Skirven grows enthusiastic when referring to the financial possibilities in the west for young and aggressive men.—Chester-ton, (Md.) Transcript.

TOAD AND DOVE.

are are useful Hints for the Economical Woman to Profit by.

Economy in small things is often overlooked, and if only more consideration were given to this subject, a considerable sum of money could be saved annually. The careless manner in which a very large number of ladies treat their gloves is an instance in point, and perhaps the following hints may serve to show how the reasonable care of kid gloves will result in a reduction of expenditure.

In the first place, it may be pointed out that rough handling is especially disastrous to kid gloves, and it very often happens that a new pair are split and ruined by jerking them on in a careless fashion. Always put on a new pair of kid gloves for the first time long enough before they are worn to allow of due deliberation in the task. When a pair of fine gloves are bought the purchaser should insist that they be fitted on in the shop; then if there are any flaws they will be detected before the gloves are paid for and taken away.

Cheap gloves are generally risky investments, but some of the best shops keep a fairly good line of gloves at low prices, which are worth buying for common wear. If strong and well made they will serve for shopping and morning walks, or for bad weather.

In putting on a glove be careful to get each finger straight. Coat each one by rubbing gently with the thumb and first finger until the fingers are down to the very ends.

In taking the gloves off turn the wrist over the fingers and take hold of the ends of the fingers through the wrist. It wears a glove out badly to pull it off by catching hold of the finger tips. Pull the glove into shape and lay it aside carefully. Silk should be kept to match each shade and gloves should be mended as soon as a break appears, for the old proverb, "A stitch in time saves nine" is especially appropriate to these articles of attire. Glove mending is delicate work, which requires both skill and dexterity, and when well done pays admirably for the pains taken. Glove powder should form one of the adjuncts to every toilet table, and a pretty glove stretcher another.

French women set a good example, and have made quite an art of putting on gloves, and this is why a Parisienne's gloves last her four times as long as anybody else's.

Buttoning gloves should never be done in a hurry. The wrist should be carefully and gently pulled straight, and the buttons insinuated gently into the holes. Use a glove buttoner always; it ruins both the button hole and the finger tips to button them without. After purchasing a new pair of gloves always sew the buttons on before wearing them. The annoyance of having the buttons drop off will then be avoided.—Woman's Life.
