THE GREAT FAMINE.

INDIA there are, speaking generally, but two rainy seasons—the one in early summer and the other in the autumn. In the present case there was scarce any rain in the summer of 1899; virtually none in the autumn. The temperature also must be considered. The average temperature of the more densely populated portions of the famine district is hardly less than 80 degrees, as contrasted with New York state, with its less than 60 degrees; Virginia, with its 58 degrees, and the extreme south of Florida with its 72 degrees.

VICTIMS OF FAMINE.
In India three-fourths of the population is agricultural; in the United States one-seventh. In large portions of India the population is 500 to the square mile, in New York state 132, and in Ohio 109. No real improvement is possible until the harvests of next October and November.

DISTRIBUTING AMERICA'S BOUNTY.

are gathered, but also, doubtless, even afterward. Clothing and shelter are needed, and tens of thousands of orphaned and deserted children must be cared for.
The great civic and national agency of famine relief is the New York Committee of One Hundred, William E. Dodge, chairman, and Brown Bros. & Co., 52 Wall street, New York, treasurers.

LADY'S MAIDS IN EUROPE

A Necessity There, Though Held to be a Luxury Here.
NONE thing for which European women are to be envied," said a student of singing who has just returned from a sojourn of three years in Europe, "is the facility with which they are able to keep lady's maids on little or no income.

and, combined with the maid's wages, the cost for keeping her can be borne only by the wealthy, or at least by those who can indulge themselves in any luxury they desire. Lady's maids are so rare in the United States that no arrangements for housing them reasonably have ever been made.
The girl with an artistic eye will see in the novel design of the accompanying cut a charming arrangement for her own dainty room.

the paper should be loosely arranged and the sticks of wood placed leaning against it. Everything burns quicker when placed in an upright position. Small pieces of coal from yesterday's fire should be placed lightly about the wood and space between allowed for the air to circulate.

A large hoghead makes a most comfortable sheltered and, at the same time, picturesque seat for a windy porch, if cut with a saw like the above sketch. The top, which serves as a seat, is fixed at the right height.

She was standing in front of the post office, chipper and neat in a lilac shirtwaist and a "sassy" Ladysmith hat, and she wanted a drink of soda water.

"No American woman who had to live so economically as these women would ever think of dragging a maid after her. But it always seemed as if the maid were a distinctly necessary part of the existence of the women to whom I refer.

In laying a fire much paper and wood are often wasted. Most house-maids cram a piece of paper tightly down, place a heavy layer of wood on top of it and cover this thickly with lumps of coal.

"I don't care for the ice cream! It hurts my teeth!"
"I should take the ice cream by all means, if I were you!" she answered.
"You could lay your teeth on the counter while you ate it! Goodbye!"

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well.

With one exception the Colorado delegates who walked out of the St. Louis convention in 1896 have returned to the Republican fold. The moral courage of the man finds himself in the wrong and admits as much is always to be admired. It is this sort of courage that has made Colorado a debatable state.

"If there is any one who believes the Gold Standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it.—HON. WILLIAM JENNINGS BRYAN, Knoxville, Tenn., Sept. 16, 1896.

One of the most marked features of the Labor Day parade at Chicago was the appearance of the marchers, their general air of prosperity, good clothing and indications of plenty of work and good wages. Contrasted with the attire and dejected air of the laboring men who paraded four years ago, their appearance was marvelous enough to attract general attention: There is no question that the wage-earners are enjoying good times. And they know that the protective tariff and an honest dollar brought them prosperity.

Saturday's demonstration at Benton Harbor in honor of Governor Roosevelt was a record-breaker, and Michigan can well be proud of Berrien County and the Twin Cities. The various committees performed their work in a thorough and systematic manner, and all arrangements were so complete that the meeting was a model one, the order in the vast throng being well nigh perfect, and the speakers were listened to with close attention. The reception accorded the Vice presidential party was very pleasing to Gov. Roosevelt, and party.

The annual meeting of the Republican Newspaper Association of Michigan will be held at Kalamazoo, on Wednesday and Thursday of next week. An interesting program has been prepared.

REMEMBER.

REMEMBER '92. During the campaign of '92 you thought you were too busy to take an active interest in politics. Remember the result: Consternation. Loss of confidence. Empty pocketbooks. Vicious tariff laws. Emergency bond issues. Losses in business. Assignments. No employment. Distress. Do not make the same mistake this year.—Ark., Herald.

IDAHO DEMOCRATS DISMAYED.

Drift of Prominent Leaders to the McKinley Banner is Alarming. (SPECIAL TO THE TIMES HERALD.) MOSCOW, Idaho, Sept 11.—Democrats and Fusionists in northern Idaho are dismayed at the action of J. W. Reid of Lewiston in deserting the Bryan cause and announcing himself as standing squarely upon the Republican platform. Reid is upon the Bryan electoral ticket, having been nominated at the Pocatello convention. Last night he addressed the Republican club at Lewiston, and announced his changed convictions. Reid is known over the state as a Democratic leader and a most eloquent orator. His change politically has caused a great deal of comment, the Fusionists being loath to believe it. His action is an index of the general drift toward the Republican party in Idaho. The sentiment clearly indicates that the state can be safely counted in the McKinley column.

The injured commentator has been sent to Chicago and is expected back some time this week. As the plant here is wholly without duplicate parts no power can be had until the injured part has been repaired.

OBITUARY.

MARY L. WILLOT.
Mary L. Willot was born in New Jersey July 31, 1837, and after many weary months of severe illness she passed away September 6, 1900, being at the time of her death 63 years, 1 month, and 5 days old.
She was married to George W. Dunbar in Laporte County, Ind. in 1854. She became the mother of four children—one son and three daughters. Mr. Wallace Dunbar is a resident of Buchanan township; Mrs. Alice Williams and Mrs. Armret Haas reside in Pokagon, Cass County, Mich. and Mrs. Rosette Price is a resident of Battle Creek. The first death in this family was that of Mrs. Dunbar, although the youngest child is 39 years old. Mrs. Dunbar, in her girlhood days was baptized and took membership in the Episcopal church.
On the 8th inst Elder Wm M. Roe conducted the funeral services at her late home, appropriate music being rendered by Mr. J. J. Roe and his daughter Mrs. George Richards. Interment was made in Oak Ridge cemetery.

Dr. J. H. ROYCE

Dr. J. H. Royce, of Lake township, died Aug. 31st, 1900, after an illness of only a few minutes. Heart trouble was the cause. The Dr. was born in Cayuga Co. New York, June 3d, 1831. He came to Berrien county in 1850 and has lived for nearly forty years on his farm in Lake township. His first wife died many years ago. He was married a second time, to Miss Belle Babcock. One boy, John, a bright boy of eleven years, is the result of this union. These survive him as does also an adopted son, whose home is now in Nebraska.
Services were conducted Sunday, Sept. 2, at 4 p. m. by Elders Peck and Blaksley, of Galien, and Elder Granger, of Coldwater. Interment was deferred until sunset, awaiting the arrival of his son William and wife from the west, then he was quietly laid to rest. In his departure there is a vacancy which cannot easily be filled.

ROBERT G. CLARK.

Robert G. Clark formerly marshal of the village of Buchanan, died of apoplexy at Michigan City last Friday afternoon. He was born in England Oct. 12, 1837, came to the United States when but a boy locating at Monroeville, Ohio, enlisting from there as first lieutenant of Co. G, 24th Ohio Inf., and afterward in the 3d Ohio Cavalry. He was married a few years after the war to Miss Eliza Simmons at Monroeville, Ohio, removing to Buchanan where they resided until 1886 and then moved to Michigan City, Ind. The funeral was held Sunday afternoon at 3:30 o'clock by Rev. W. H. Wilson of the Presbyterian church of which church the deceased had been a life long member. His sister-in-law, Mrs. A. M. Glover of Buchanan attended the funeral at Michigan City, other relatives being present from Eau Claire, Wis., Cleveland, Ohio and Monroeville, Ohio.

PORTER T. HENDERSON.

Porter T. Henderson was born in Snyder Co, Penn. in 1848, and died at his home in Buchanan this morning at 5:30 o'clock after a lingering illness of over 22 weeks. The deceased resided in Pennsylvania until sixteen years ago when he and his family removed to Buchanan where they have since resided.
At the age of fifteen years Mr. Henderson learned the undertaker's profession and has followed that occupation his whole life.
On Sept. 2, 1870 he was married to Miss Diana B. Doyle, the ceremony being performed at Shirleysburg, Pa. who with one daughter, Mrs. Ivy H. Clark, and five brothers, survive to mourn the loss of a kind husband, indulgent father, and a loving brother. The deceased has been a sufferer for many months and for twenty-two weeks has uncomplainingly borne much suffering and welcomed the end with much resignation.
The funeral services will be held from the house on Friday afternoon at 2:30 o'clock. Rev. James Provan officiating. Interment will be made at Oak Ridge Cemetery.
Last Friday night while the milk wagon of Mr. R. S. Tambling was being driven north on Main Street the team collided with a light rig containing Mr. and Mrs. Geo. B. Richards, throwing Mrs. Richards out of the rig, and narrowly averted a serious accident. It was thought that the driver of the milk wagon was blinded by the glare of the electric lights and did not see Mr. and Mrs. Richards.
