PUNGENT PARAGRAPHS. Extracts from Gore's Speech at Buchanan, Sept. 27.

"The Kansas City platform says Imperialism is the paramount issue, and that platform was dominated by a man so sincere about silver as Mr. Bryan claims to be."

"It seems to me that Bryan is the paramount issue."

"I say that Bryan does not know what Imperialism means, but I do know what his purpose is, he wants to gain votes."

"The cry of Imperialism is a false one, raised because they can't talk free trade or free silver."

"Can you point to one thing that the democratic party did to control trusts when they won with Cleveland with the Monopoly cry in 1892, and had control of both government branches for four years?"

"The only legislation to control trusts was passed by republican congress and signed by a republican president. One was the Cullom bill regulating interstate commerce and the other the Sherman bill. These facts should satisfy you as to which party is sincere on the trust question."

"Performance or repudiation should weigh with voters."

"In 1896 the democrats adopted a platform assailing our financial honor and attacking the Judiciary of the Supreme Court of the United States. Four years later in 1900, in solemn convention they reiterated the doctrines of 1896, and, the issues this campaign is practically all there was last."

"Well four years ago the republicans made promises and I appeal to every far minded democrat, whether we have not carried out these promises in every particular, and have made every spindle turn, and made the music of labor heard all over the land."

### STATE BOARD of HEALTH

#### Ask for Dr. H. B. Baker's Resignation.

At the evening session, only four members besides the Secretary were present: Drs. Belknap, of Niles, Johnston, of Grand Rapids, and MacLachlan, of Detroit, and Judge McAlvay of Manistee, when the following resolutions, offered by Judge McAlvay, were adopted:

"Resolved that the Secretary of this Board Henry B. Baker be and is hereby requested to tender to this Board his resignation as such Secretary to take effect Jan. 1st., 1901, and that such resignation be placed by him in the hands of the President of this Board on or before Nov. 10th. 1900, and that the President is hereby directed on said last mentioned date to notify each member of this Board whether such resignation has been received by him."

"Resolved that this regular meeting now adjourn to November 16, 1900, at 10:30 o'clock a. m. at this office."

Judge McAlvay stated that this action was not approved by Hon. Frank Wells, the President of the Board.

Prof. Delos Fall was not present. No reason for the action was mentioned.

#### A ROUSING RALLY.

Labor Commissioner J. L. Cox makes a good talk.

Friday evenings, republican rally was a big success notwithstanding the fact that several disappointments occurred on the program as originally planned. In the first place Mr. Burns of Niles, who was billed to speak was compelled to be in another section of the state, owing to his having been assigned to fill dates made by Hon. Chase Osborn, railroad commissioner of the state, the special session of the legislature keeping Mr. Osborn at Lansing.

The Niles republican clubs had arranged to come over as an escort to Mr. Burns and as he could not come the Niles contingent decided to stay at home therefore the torchlight pa-

rade was given up. The republican committee were fortunate indeed to secure Hon. J. L. Cox, labor commissioner of the state to supply Mr. Burns' place and as "Joe" laughingly put it, "there was enough of the Irish in him to make up for Mr. Burns."

At the appointed hour the hall was well filled and the meeting was called to order by Dr. R. Henderson who introduced Mr. Cox as the speaker of the evening. Upon the stage were seated a number of gentlemen, among whom were Capt Dennison of Galien, Rev. J. F. Bartmess, Dr. R. Henderson, and Mr. B. F. Earl of Niles, our next sheriff.

The Buchanan Glee Club furnished excellent music.

Mr. Cox in his remarks dealt almost exclusively with the labor situation, and his position as commissioner of labor gave him unrivalled opportunities for the critical observation of conditions, stating that he spoke not as a politician but as a fellow laborer. He pictured in a feeling manner the condition of the laborer and working man in 1896 and at the present time.

He called attention to the fact that 4 years ago, there came to Buchanan speakers with pledges, and then asked his audience to think how these pledges had been fulfilled. The speaker was frequently interrupted by liberal applause, and made many telling hits, many of which were heartily appreciated by his hearers.

He humorously stated that he was not a gold bug, or a silver bug, but as he was appointed by Pingree, he must be a potato bug which sally was greeted with great laughter.

Mr. Cox was listened to with closest attention and at the conclusion of his talk many expressed a desire for him to continue his talk longer.

More music was furnished by the Glee Club, three rousing cheers were given for the ticket, the entire audience then joining in singing "America" and one of the best vote getting meetings ever held here passed into history.

#### Will Banquet Chapin.

A meeting of the citizens of Buchanan was held at the office of W. A. Palmer, president of the Improvement Association to discuss the feasibility of tendering a banquet to Millionaire Chas. A. Chapin, who has recently acquired the title to the dam and Electric plant at this place. It was the unanimous opinion that such a banquet should be tendered Mr. Chapin, as an expression of the good will, and the desire on the part of the

part of the citizens to co-operate with Mr. Chapin in his efforts to benefit Buchanan.

The following committees were appointed: Invitation, W. A. Palmer, D. H. Bower, M. S. Merd.

Finance, J. C. Dick, C. F. Pears, John Morris.

Entertainment, E. S. Roe, J. W. Beistle, G. E. Smith.

Banquet, G. B. Richards, W. N. Brodrick, W. H. Ingalls.

Decorations, D. L. Boardman, F. A. Stryker, M. J. Kelling.

Toastmaster, A. A. Worthington.

The committees are all composed of representative citizens and the proposition is a good one, so let every one take hold and help make a big success of the affair.

Tickets to the banquet will be on sale by the finance committee and it is thought that it may be necessary to limit the number owing to the inability to accommodate a large number at the tables, so if you want to attend you should hand your name to Mr. John C. Dick at once, to ensure your getting a ticket.

Those at the meeting are greatly enthused over the project and we trust ere long to chronicle the banquet as one of the pleasantest gatherings ever held in this section.

#### Will Enlarge Cemetery.

The common council of the village are taking steps to enlarge Oak Ridge Cemetery, and on Saturday purchased at auction the forty five acres of the Hamilton estate which lies south and west of the present cemetery.

The price paid was \$1,520 and the necessary papers were drawn up for the purpose of submitting the same to the Probate Judge for his approval. The purchase will be a fine thing for the cemetery and will permit the extension of the cemetery grounds south to the road passing Rev. J. F. Bartmess and Rev. Geo. Sickafoose, making two entrances to the cemetery from main traveled roads and will be a great improvement.

#### How Shall I Vote?

Suppose I am a skilled mechanic. What was I doing as late as the summer of 1896? Oh, I remember; I was looking for a job. Had been out of steady work for nearly three years—partly on account of strikes, and then I was sick off and, on for months because I had to eat poor food (I had mighty little money saved up for "a rainy day"), and the doctor said I couldn't work without proper nourishment.

And the wife had to take in washing to keep her body and soul together. And the children had to give up going to public school because their clothing were so ragged.

But the clouds rolled by when McKinley was made President. People who had money began to put it where it would do good. They invested it in mills and machinery, in railroad construction, in houses and office buildings, in every sort of way that would furnish work to the mechanic and the laborer; and where are we now? God knows that in all this broad land any man who wants work with his two hands can get it, and at good wages.

And it costs less for bread and meat and clothes, and for some of the luxuries of life than it did during the hard times under a Democratic President when there was no money or job to be had.

And whether I am a Democrat or Republican, I know now on which side my bread is buttered, and here goes my vote for four years more of the "full dinner pail," brought to me by President McKinley. God bless him.

The two gentlemen attended the Hamilton fair, which is an event in Van Buren county, and spent an enjoyable day greeting old friends. Dr. Brodrick says he feels ten years younger for the trip.

The Chapin banquet is a move in the right direction and one of which the Record heartily approves. The one thing that a town needs to build it up is to have capital interested in its development, and for that reason every citizen should bid Mr. Chapin welcome and manifest a hearty cooperation in every plan Mr. Chapin has for the development of Buchanan.

The funeral of Miss Mildred Case daughter of Mr. and Mrs. Almon Case, was held at the home of her grandparents, Mr. and Mrs. Voorhees Saturday morning at 10 o'clock, Rev. J. F. Bartmess officiating. A large number of the friends of the deceased were present to pay the last tribute to a loved friend and former associate. Interment was made at Oak Ridge.

Mr. M. K. Spaulding who was severely hurt last week by falling on a sharp stake, was given an example of the fraternal feeling that exists within the ranks of the M. W. A. lodge. Some of the woodmen learned that quite a lot of Mr. Spaulding's crops were still unharvested, and Monday sixteen Neighbors took a drive to his place, and husked about 150 bushels of corn, and dug up a big lot of potatoes. All enjoyed their trip and left for home well pleased over the kindly deed they had accomplished.

Tuesday evening while driving to C. H. Fuller's feed mill Mr. Ross Reynolds had a horse hurt in a peculiar manner. He met a rig belonging to Mr. Tom Kissenger coming from the Axle Werks, and in attempting to pass, both started the same way, the rigs collided, and a shaft penetrated the side of Mr. Reynolds' horse to the depth of nearly two inches. Mr. Reynolds left his horse here all night, but it was able to walk home on Wednesday. He thinks the animal will recover from the accident.

A number of Buchanan Masons drove over to New Troy to attend the Morley funeral on Monday. Among those who went were E. S. Roe, D. V. Brown, F. A. Stryker, Chas. Snyder, John Perrot, B. R. Desenberg, J. B. Moulton, Dr. O. Curtis and D. H. Bower.

The funeral of Mrs. Jane Batchelor occurred from her late residence just across the river in this township, Friday afternoon at 2 o'clock Rev. J. F. Bartmess of the United Brethren church conducted the services which were largely attended. Among the floral offerings were several fine pieces from the Royal Neighbors.

No argument was made in the case of Frank S. Whitman, bankrupt, last Thursday, at Grand Rapids, in regard to the point of securing \$2,000 from Whitman on a judgment for damages rendered in favor of Fred Markley, on account of the losing of his voice. Judge Wauty said the point was not for his court to decide. V. M. Gore was Mr. Whitman's attorney.

To end all suspense and newspaper talk with relation to the recent purchase of the Buchanan dam and electric power in connection, and to cut a long story short, Mr. Chapin did not, and does not now intend to transfer any of the power in question away from Buchanan. The Star printed the first news of the sale, and obtained its information direct from headquarters, and consequently is able to make the above statement. The thing for Buchanan to do is keep still—it may have several factories before long that are worth something.

—Niles Star.

Mr. Alonson Hamilton who lives a few miles west of here was digging potatoes last week and dug up some thing for which he was not looking. While pulling a few weeds he heard a noise and on taking his potato fork and stirring up the weeds he uncovered a monster rattle snake bearing nine rattles and a button. Mr. Hamilton quickly dispatched the reptile and as a sample of his "find" he brought the rattles down to the Record office and they are at present adorning the table in our sanctum.

The gas street lamps which have now been in use five months give entire satisfaction, and the light given is fully as bright as the arc light. Strangers take them to be electric lamps, and ask where we obtain our power.

Mr. O. R. Butler is visiting her parents in Kerwin Kansas.

Addison Jerne the Lake Shore Fireman who was killed in the wreck at South Chicago Sunday night, was the son of Mrs. E. H. Harris of this place. The remains were brought here Wednesday and funeral services were held in the M. E. church by Elder J. R. Dayton. A wife and four little children are left to mourn the young father's loss. He was but 28 years of age and the affair is very sad.
