ROOSEVELT DAY.

Great Interest Taken in Getting ready for the Day.

EVERY ONE DO HIS BEST

And We Will Have a Day All Will Be Proud of.

Last Saturday we announced the proceedings of a meeting on Friday evening. It was stated that if necessary to prevent a repetition of a previous occasion, the committee would go to Chicago and board the train there, but the following telegram and letter explains that it cannot be done:

WHITE HOUSE, WASHINGTON, D. C., Sept. 18.

HON. E. L. HAMILTON,
Niles, Mich.

Telegram received. Our itinerary does not contemplate stopping at Michigan City owing to limited accommodations on train. Local committees can only be received at places they represent.

G. B. CORTELYOU, Sec'y.
NILES, MICHIGAN, Sept 19, 1902.

MY DEAR MR. BOWER:—

I enclose a telegram which was received from Secretary Cortelyou last night. I am sorry that there is no opportunity for the committee to board the train sooner but it seems that the rule indicated in the last sentence of the message is being observed everywhere. I had expected to meet the train as soon as it entered Michigan or before, but have a letter from Mr. Cortelyou indicating that it will not be possible for me to board the train before it reaches Buchanan, the first stop in the district. If there is any further information which I can furnish do not hesitate to inform me.

Yours very truly,

E. L. HAMILTON.

The above certainly is sufficient to assure all that there need be no failure. The committees on arrangements, music and finance can go right along and perfect the arrangement and then tell the printers and we will see that the people know all about it. The M. B. H. & C. R. R. announces the following:

On arrival of the president's special train at Buchanan Oct. 4, Paine's fire works will give president's salute, 21 guns and aerial fire works under the auspices of the M. B. H. & C. Ry. and South Haven and Eastern Ry. A special train will leave Benton Harbor at 6:15 a. m., affording all an opportunity to see and hear the nation's chief, Theodore Roosevelt.

It was suggested that the small amount to defray expenses be taken from the village fund, but should that not be thought wise there certainly will be no trouble to raise the needed funds.

Helmick Reunion.

Saturday, Sept. 20, the Helmick family gathered in reunion at the Grange Hall 6 1/2 miles northwest of Buchanan, on the very ground where nearly three-quarters of a century ago the elder Helmick and his sons erected a home for themselves in the forest. There were about 80 persons present from the youngest to the venerable John S. Helmick, who presided at the meeting. Most of these were of the family, a few exceptions, among them your scribe who was a guest. The good things enjoyed, material and intellectual were more than could be enumerated at one time and will be continued in our next edition.

The Michigan Central R. R. Co., will sell tickets from Buchanan to Washington D. C., on Oct. 3, 4, 5, 6 good for return until Oct. 14, and subject to an extension of time until Nov. 3. Choice of 7 different routes. A special train will pass through Buchanan at 10:02 p. m. Saturday Oct. 4 for Washington and will run via Michigan Central to Buffalo, and Penn. Co. beyond, without change arriving at Washington Sunday Oct. 5th. Breakfast will be served at Williamsport at 8:30 a. m. on Sunday morning at a rate of 50c also a lunch at Baltimore at 2:50 p. m. Fare from Buchanan and return \$14.05.

M. E. CONFERENCE.

Interesting Session Being Held This Fall for Ministers of the State.

The attendance at the Michigan Conference now in session at Traverse City, has reached 500. The various districts have made their reports of the past year's work, and Niles district in which this village is located, reported 800 conversions for the year. Seventeen young men have been examined for entering into the ministry.

Bishop Fitzgerald addressed the candidates for admission in full, and consumed nearly an hour. It was one of the finest addresses of the convention. The young men candidates stood before him during the address. They were ordained Sunday.

Rev. J. H. Potts, of Detroit, editor of the Michigan Christian Advocate, addressed the conference and presented to the treasurer a draft for \$2,081.47 for the conference claimants fund, \$500 of the amount of the gift of Julius Berkey, of Grand Rapids. President Samuel Dickle, of Albion college, reported that the endowment fund now amounted to \$264,000.

A resolution was passed that Sunday, Nov. 16, be generally observed by the Michigan Methodist church as "educational day."

Letters From Abroad.

There is no better way to keep posted in detail on the progress of the world outside of the United States than by watching the "Foreign News Notes" published in The Chicago Record-Herald. Over a hundred foreign staff correspondents of the Chicago Record-Herald are located in important cities abroad. Their duties do not end with the transmission of news by cable, but includes also correspondence by mail concerning all important matters of any interest to readers in this country. It is worthy of note also that in addition to the work of its own correspondents the Record-Herald receives the full foreign news service of the New York Herald and the Associated Press.

Heroic Deed Rewarded.

An account was recently given in these columns of the rescue of Miss Edna Summerville, of Benton Harbor, from a watery grave. The heroic deed was done by Frank Dunbar, who resides north of town. The family of which Miss Summerville is a member, have been very grateful to young Dunbar for his kind act, and have presented him with a gold medal, engraved on either side. The front bears the words, "Presented to Frank Dunbar Sept. 1, 1902." On the other side are the words, "For saving the life of Edna Summerville." Marine Dunbar wears the medal with justifiable pride.

Steam Launch.

Mr. and Mrs. Porter had a party of sixteen up the river on their steam launch, on Sunday, and had dinner on the launch. Among those present were, Thos. Brown, wife and family, Chas. Pears, wife and family, Glenn Smith and wife, Minnie Shafer and Dr. Claude B. Roe. The day was an ideal one and the party thoroughly enjoyed themselves.

Colored Students.

A rooming and boarding house has been opened this fall for colored students, at Ann Arbor. Mrs. Porter-Cole, the famous Fisk jubilee singer, whose home is in Detroit, has rented the house and fitted it up, so that the colored students boarding there might feel at ease and not be subjected to unpleasantness by being with the white students.

Death of Queen of Belgians.

Marie Henrietta, Queen of the Belgians, died at Spa, Belgium, Friday Sept. 19. None of the members of her family nor a physician was near when death came.

She was the accomplished consort of Leopold, and has had a life of much sorrow.

A Warm Winter.

The following is going the rounds of the papers and if the Indian is any kind of weather prophet we shall all be glad:

"The old Indians of the Pottawotomies are very close observers of the weather signs and they are looked upon by many as experts in determining long distance weather conditions—a feature in prognostications that the weather bureau hardly dares meddle with yet," says the Athen Times. "According to the Indians, we are to have a winter suited to poor people on account of its mildness. Mackey Shawgoquet is one of our greatest Indian weather prophets, and, being in town Saturday, the Times scribe thought he would just find out how it was going to be, for coal and wood are nearly out of sight. On being asked, Mackey hesitated several moments and then with much deliberation spoke thusly: 'I see'em many coon and he all poor; no fat on 'im. Coon live out. Don't want'em

any nest for winter, Musk rat he don't want'em house. He tear 'em all down. Going to be warm.'

LITERARY CLIPPINGS

Miss Alice Caldwell Hegon, author of that successful little story, "Mrs. Wiggs of the Cabbage Patch," has written her second book, and it is to appear serially in the Century. She calls it "Lovey Mary," and the many admirers of Mrs. Wiggs will be glad to know that this optimistic character reappears in the new story.

Food adulterations of many kinds are exposed in Good Housekeeping for October, and the campaign for pure food this fall and winter is opened with vigor. Mrs. Ella Morris Kretschmar, in her new department, "The Higher Life," gives a clear and interesting account of the situation as regards a national pure food law, including an interview with Senator Mason of Illinois. Senator A. C. Dowse of the Massachusetts state senate, writes of Honest Labels. A housekeeper describes in detail her visit to a factory where jelly and jam are manufactured, and records the frank confession of the manufacturer. In this same issue appears the first of Mr. Deshler Welch's papers, The Critic in the Kitchen, this one dealing with the housewife. There is an illustrated article on Oriental Rugs by Jacques W. Rodway. F. R. G. S. Mrs. Linda Hull Larned, author of The Hostess of Today, describes a famous harvest dinner. There is not space to tell of all the valuable features of the October number of this popular magazine.

Ten cents a copy, one dollar a year. The Phelps Publishing Co., Springfield, Mass., New York, Chicago.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50c. Satisfaction is guaranteed by W. N. Brodbeck.

Trial Postponed.

The trial of the negro, Nat C. Wilson who so seriously injured the Syrian, down at the power house a few days ago, has been postponed till Saturday, Sept. 27.

Buchanan Young People.

The popularity of Buchanan young people is being tested in the contest of the St. Joseph Press where Mr. Fred Hanley, one of our rural mail carriers, and Miss Kit Kingery, stand respectively 1st and 2nd in the lists. Mr. Hanley has 312 votes in the men's contest for gold watch, and Miss Kingery has exactly the same number in the voting for ladies' gold watch. Their friends are piloting the campaign for them. The Press has the following to say concerning these popular young people:

Buchanan is the latest aspirant for the Press trophies and today the candidates from that city lead both the ladies' and gentlemen's lists. Miss Kitt Kingery, who goes to first place has charge of the dry goods department of the Desenberg store and has a host of friends throughout the entire district tributary to Buchanan. Mr. Fred Hanley who leads in the gentlemen's list is the son of Mr. George Hanley, a prosperous farmer about a mile out of town and one of the oldest settlers. The new candidate carries a rural free delivery route and is popular with all who know him. Miss Kingery and Mr. Hanley will no doubt figure conspicuously in the race and they are both formidable candidates. New contestants have also entered from Galien, Derby, Three Oaks and New Buffalo, which means that there are few towns in Berrien county that have not a favorite son or daughter worthy of the trophies.

New Hotel Planned.

President Graham, of the Graham & Morton Steamboat Co., is contemplating the erection of a new hotel in St. Joseph. He thinks the accommodations there are not sufficient for the people who come and who would come if better hotels were in readiness for them.

Mr. Graham offers to give a clear title to the land the old Hotel St. Joseph was located, on providing a company or an individual would build a hotel costing \$10,000.

Plans for Opening.

B. Cohl our new merchant who occupies the corner dry goods store recently vacated by D. L. Boardman, is making extensive plans for a big opening day Oct. 1st.

The interior of the building is undergoing some changes and a complete stock of dry goods and furnishing goods will be open to the public, on Wednesday of next week.

Let us give Mr. Cohl a hearty welcome to our town.

Bounteous Harvest.

The year's harvest which is now nearly gathered is proving to be one of the most plentiful in years.

The indicated corn crop is 2,495,081,000 bushels, a record breaking figure. There are probably 868,270,000 bushels of oats, as compared with last year's harvest of 736,808,724 bushels.

Statisticians figure the total yield of spring and winter wheat at 610,611,000 bushels, this is smaller than last year's crop, but even these figures have been exceeded but three times in our country's history.

The Secretary of Agriculture calls attention to the excellence of the grass crop, which he thinks, will reduce the high price of meat as soon as the present "feeders" have been fattened up to beef condition.

A census of the Philippines is to be undertaken. It will be the first complete count of the inhabitants of the archipelago, and the only one since that of Spain in 1887.

Do not think because you have not got a very large pumpkin it will not be worth while trying for a prize in the Pumpkin Contest. Remember there are at least five prizes to be given.

Senator Beveridge, of Indiana addressed a large audience at the Oliver Opera House in South Bend on Saturday evening. Many from all the adjoining towns were present and all enjoyed a treat, for few men surpass Beveridge as an orator.

We cannot always do what we want,—is as trite a saying as it is true. If we could have controlled affairs we would have had the RECORD out Tuesday evening and the village subscribers would have had it for the evening, and the rural subscribers by Wednesday morning; but at 4 o'clock, when we were ready to go to press we were not able to secure electric power and, as we have so often been compelled to use our brawn, we decided to save our brawn and set our brain to work to avoid a repetition.

WHO CAN BEAT THEM?

The Strawberries in the Record Office Window, raised by Geo. Diehl.

All along during the fall we have had displayed at the Record office a second crop of berries from different persons. But the high tide was reached Tuesday when Geo. Diehl brought in a box of as fine berries as it falls to our lot to see in the regular season. Sadie Anderson, Jesse East others have reported picking berries, but it remains to Mr. Diehl to take the prize. The berry is the Clyde.

A report of the first meeting for the year of the two clubs composed of high school pupils, is given below by one of the members of the B. O. B's: The B. O. B's and J. N. R's, two very popular societies, held their opening at the home of Miss Zella Stanton, last Friday night. A very good time was enjoyed by all. A little excitement was added to the evening; some very rude boys stole our watermelons, bananas and a number of our cakes in the fore part of the evening. This was soon forgotten, but not by all. Ice cream and cake were served and none could say they went home unhappy.

Venerable Lady's Birthday.

Comparatively a small percentage of people live to celebrate their 90th birthday, but this privilege has come to Mrs. Sarah Black the mother of our village president, and Monday afternoon she was completely surprised by a party of about forty ladies who met at the residence of Mrs. Howard Smith and went to Mrs. Black's home to tender their congratulations and best wishes.

Mrs. T. H. Merrill read an original poem which we give below. Before dispersing, to the surprise of hostess and guests, Mesdames Miller and Smith served dainty refreshments.

Another birthday has whirled around, How fast the time does fly! And cringe as we may, It passes no one by. When we were children—every one, Time seemed to drag so slow, But not a care was left behind, 'Twould only come and go. Sometimes we'd have a little gift, To remind us of the day— We would admire— then forget, And off we'd romp and play.

A little while and we were sent With books and slate to school, We learned the multiplication table And partly practiced the Golden rule. We soon got tired too of this And time did seem so slow,— For we were nearing sweet sixteen And ready for a beau! At last that day did come And didn't we feel gay? But what a damper was put on us When our folks would n't see that way. But those days quickly passed And we saw the reality of life, When we assumed the responsibility Of home, and mother and wife. Then the gray hairs began to show— And they did show so plain, And shyly we would weed them out, But they would sprout again. Then our sight grew a little dim, And we could hardly see Without holding things at arm's length, But say our sight was good as it used to be.

But we have learned that Father Time Is a great healer, and impartial too, He sets the milestones just the same Whether for me or you. Mrs. Black, you are entitled To the generosity bag we leave today And may examine the contents After we go away. Loving friends have planned it, And each day you are supposed To unite one little bundle— What they contain,—no body knows.

STRAIN TOO GREAT.

Hundreds of Buchanan readers find it so.

Mr. Jas. F. Higbee, Broker, of 207 Britain Ave. Benton Harbor, says: "I have had marked symptoms of kidney trouble for some time off and on and although I used a good many remedies I received little if any benefit from them. Noticing Doan's kidney pills endorsed by some of the most prominent people in Michigan, I concluded to try them and procured a box at Harry L. Bird's drug store. This I cheerfully say about them. They did me more good than all other remedies put together I ever used. I certainly can recommend Doan's Kidney Pills as a remedy of great merit." Just such emphatic endorsement is plentiful in Buchanan. Call at W. N. Brodriek's drug store and ask him what his customers report. For sale by all dealers. Price 50c. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Reception.

Brilliant Farewell for Mr. and Mrs. D. L. Boardman.

The 30 Literary Club gave a reception in honor of Mr. and Mrs. D. L. Boardman at the home of Mrs. E. S. Roe. The rooms were handsomely decorated in cut flowers, potted plants, autumn foliage and flowers, carried out in the club colors, green and white.

A fine program was rendered consisting of a vocal solo by Mrs. Desenberg; a character recitation by Mrs. Hattie Kingery, depicting Mr. and Mrs. Boardman getting ready for their western trip, with details and the usual trials with white shirts, collar buttons and pocket book, occasioned by such trips. Dr. C. B. Roe sang The Bandolero, which was heartily encored, and the ladies quartet sang two very pleasing selections; after which the president, Mrs. S. C. Cook, in behalf of the Club, made a few most excellent remarks; as an expression of the warm love and high esteem in which the club holds Mrs. Boardman as charter member and former officer of the club, who had preformed all her duties cheerfully and well, and both Mr. and Mrs. Boardman as citizens and friends they tendered this reception. In losing them as such, Encampment would profit at Buchanan's expense. A gain her citizens would early learn to appreciate. She then presented Mrs. Boardman, as a token from the club, a handsome solid silver salad spoon.

Mother Ladronne from the gypsy camp outside of town, had her headquarters for the evening in the library, which was decorated in oriental manner with skulls and oriental figures. HIT BY A WILD CAR

Two Persons Hurt in a Trolley Line Collision, One Case Being Very Serious.

BRAKE GETS LOOSE SOME WAY

Widow of the Missing Rabson Offers a Reward for Body and Valuables—State Items.

Rochester, Mich., Sept. 23.—One of the big Detroit United railway cars standing on the siding near the power house here yesterday morning broke away, and crashing into the rear end of a loaded car bound Detroitwards, smashed the rear end of the loaded car and injured two men. They are: Winfield Bird, aged about 30, a carpenter living at Orion, single, internally injured and both legs broken; John C. Henderson, of Romeo, cut and bruised injuries not serious.

Side Track on an Incline.
The side track on which the empty car stood runs back from the power house and up an incline. The empty car stood at the top of this incline with the air brake on, as was supposed. What started it is a mystery, but it began to run down the incline at the moment that the loaded car on the main track stopped before the power house. The rear platform of this car was crowded, and the alarm was given. Everybody jumped but the two men who were hurt, and they appear not to have had time to get away.

Lucky It Was No Worse.
The whole rear platform of the loaded car was smashed off, and the front of the empty car badly damaged. The Detroit-bound car was the one due in that city at 9 a. m. It was carrying a crowd of people going to the city to attend the Roosevelt ceremonies. Bird, the injured man, however, was on his way to work. Bird is a Spanish war veteran. He was taken to the residence of T. Z. Farmer and his hurts attended to. Henderson, the other injured man, was able to continue his trip to Detroit.

NO SIGN OF RABSON'S BODY

His Widow Offers \$50 Reward for the Recovery of the Corpse.

Saginaw, Mich., Sept. 23.—Mrs. Phoebe Grant Stephens Rabson offered a reward of \$50 for the recovery of the body of her husband, Charles B. Rabson, supposed to have been drowned Sunday morning in the Saginaw river, the reward being conditional on the recovery of the money and valuables which he had on his person. Mrs. Rabson says he had \$500 in his pockets when he left the house. The police still incline to the belief that he is at the bottom of the river. He had several pounds of gold nuggets with him in a big leather bag and these are supposed to have aided in dragging him down.

Mrs. Rabson is prostrated by grief, the more so because her niece Nina, who was received her care since she was a child, has deserted the house and taken up her residence at the home of a neighbor and refuses to return, saying that she is afraid to stay in the house. Mrs. Rabson refers to a big Dane dog as her sole protector and only friend.

Ross Gets a \$2,000 Fine.

Lansing, Mich., Sept. 23.—Gilbert S. Ross waived examination on the charge of fraud against the state before Judge Pinckney. He was bound over to the circuit court in the sum of \$10,000 for his appearance. Ross is the last of the Henderson-Ames company directors to come before Judge Wiest. Yesterday he appeared and the judge fined him \$2,000. He had already been disbarred for his connection with the matter.

Schneider's Appearance Was Opportune.

Jackson, Mich., Sept. 23.—George Schneider, superintendent of the Metropolitan Insurance company, surprised four men burglarizing the safe in the company's office in the Dwight block Saturday evening at 7 o'clock and was bound and gagged by them, when they fled. The safe was not broken open. The police effected one capture, that of a man claiming to be Daniel McDonald, of Detroit.

Died at the Age of 105 Years.

Saginaw, Mich., Sept. 23.—Anna Bentley Lewis died yesterday morning at the age of nearly 105. At 5 a. m. yesterday it was discovered that she was getting cold and she slept peacefully away. She was born Nov. 14, 1797, at North Kingston, R. I., the youngest of eleven children. She was married in 1822 at Berlin, N. Y., and resided at Troy, N. Y.; Kenosha, Wis., and Muskegon.

Trouble Ahead for Mueller.

Lansing, Mich., Sept. 23.—Chief Starmont has learned that J. J. Mueller, who was arraigned in the circuit court yesterday on the charge of burglary, has served eight years for a similar offense and is now wanted in Chicago for jumping bail while being held on another charge of the same character.

Separation Causes a Tragedy.

Greenville, Mich., Sept. 23.—Hawley Hamaker shot and fatally wounded his wife yesterday and then shot himself through the heart, dying instantly. The cause of the tragedy was a separation Saturday on account of long continued domestic troubles.

High Wages for Woodsmen.

Negaunee, Mich., Sept. 23.—Loggers are getting in the woods early this fall, but report a scarcity of men never before equalled. From \$30 to \$40 a month and board are offered, the highest wages ever known for woodsmen.

Contract Let for a Library.

Houghton, Mich., Sept. 23.—A contract has been let for the construction of a memorial library at Painesdale, to cost \$30,000. It is given by William A. Paine, of Boston, as a memorial to his mother, who died in 1901.

IN THE COAL STRIKE REGION

Story Told by a Newspaper—More Troops Ordered Out.

Philadelphia, Sept. 23.—A special to The Ledger-Times from Pottsville, dated yesterday, says: "A delegation of anthracite mine workers, headed by Peter Williams, of Mahanoy City, called at the offices of the Philadelphia and Reading Coal and Iron company last night and submitted a proposition to return to work if they could have assurances that President Buer will adjust all local differences at the collieries. * * * The delegation will have a conference with General Manager R. C. Luther and General Mining Superintendent John Veith, of the Reading company tomorrow morning."

Harrisburg, Pa., Sept. 23.—Governor Stone issued an order shortly after midnight this morning directing the Thirtieth regiment to report to Gen. Gobin for duty in the strike region. The governor gave out a statement in which he said: "The sheriff of Lackawanna county has asked for troops. Mobs in that county have cut off the water and light from the town of Archibald, and it is now in darkness. The steam pipes in Old Forge colliery have been dynamited and workmen in different places driven from mines and washeries. There has been shooting and some men wounded. Mobs are marching on Oliphant and collecting at that place with the apparent intention of moving on the mines in that locality. In Schuylkill county an attempt has been made to wreck a passenger train. Serious trouble exists there."

TWO PENNANTS WON

Indianapolis Takes the Association's Pennant, Kansas City the Western.

St. Paul, Sept. 23.—The American association season terminated yesterday, and at Indianapolis will float the championship pennant. In order to gain the first place, however, the Indianapolis club was obliged to play and win three games yesterday. The race between Indianapolis and Louisville was so close that even the failure to play out the full schedule by either club would turn the scale against it. So when it was announced that Louisville and Minneapolis would play three games the Indianapolis management secured an agreement with the local club to do likewise. The Indianapolis club won all of the games; at St. Paul Louisville won two games and one was forfeited to her.

Kansas City, Mo., Sept. 23.—By winning at Denver yesterday the Kansas City Western League club gained the pennant for 1902, and ended one of the prettiest races in base ball history. Kansas City, with eighty-two games won and fifty-four games lost, has a percentage of .603, leading Omaha by only three points. In the other game yesterday Omaha beat Milwaukee.

Big League Base Ball.

Chicago, Sept. 23.—Following are the scores of the National and American League base ball clubs yesterday: League: At New York—Boston 7, New York 1; at Brooklyn—Philadelphia 1, Brooklyn 2.

America: At Washington—Baltimore 9, Washington 4; (second game) Washington 14, Baltimore 3; at Philadelphia—Boston 5, Philadelphia 1; (second game) Boston 3, Philadelphia 5; at Chicago—Detroit 6, Chicago 4.

SOMETHING NEW FOR A PRESIDENT

Miss Clara Barton Honored at the Spanish War Vets' Reunion—Good-bye to Detroit.

Detroit, Sept. 23.—President Roosevelt's two days' visit to Detroit came to an end last evening at the conclusion of a banquet tendered him in Light Guard armory by the Spanish War Veterans, the opening of whose third annual reunion he attended yesterday morning. It was a brilliant event. Nearly 800 men sat at tables on the floor of the big armory, and the galleries were crowded to their utmost capacity by brilliantly gowned women and their escorts. When the president rose to begin his address, which was the first of the evening, he received an ovation. The men on the floor stood up and cheered again and again, while the clapping of hands from the gallery was like the crackle of musketry. The speech was a eulogy of the United States soldier, with a defense of the government's Philippine and Cuban policies and a plea for reciprocity with the latter as our duty, as well as to our advantage.

Visit to the Reunion.

The banquet was the culmination of an extremely busy day for the president. At 1 a. m. he drove to Light Guard armory and attended the opening session of the third annual reunion of Spanish War Veterans. He was given a tumultuous welcome by the soldiers, and his speech was enthusiastically received. He eulogized the veterans of the Spanish war for their deeds, and declared that we have no apologies to make for the war in Cuba or in the Philippines. As a result of the latter, he said, we will give the Filipinos life, liberty and the pursuit of happiness such as they never knew under a cruel oligarchy operating through the society of the Katipunan.

In King Edward's Domain.

President Roosevelt drove from the armory to the steamer Tashmoo, on board of which he spent three hours riding on the river. Every steam craft on the river saluted the Tashmoo with ear-splitting blasts of the whistle, and the steamer Yantic, United States navy, fired a presidential salute of twenty-one years as the Tashmoo left her wharf. During the ride the steamer went far enough into Canadian waters so that the president was for a short time in King Edward's domain.

DOES SOMETHING ENTIRELY UNIQUE

President Reviews a British Regiment on United States Soil.

The president returned at 3 p. m. and participated in the parade of the Spanish War Veterans, which he later reviewed. He was given a great popular ovation during the entire afternoon. For what is believed to have been the first time in the history of the country a president of the United States on this occasion reviewed a regiment of British troops. The Twenty-first, Essex Fusiliers, participated in the parade by the special permission of this government and the Canadian militia department. At the banquet last evening the president called Lieutenant Colonel Bartlett, their commander, to his table and congratulated him on the fine appearance of his command, which received a veritable ovation on the line of march.

It was past 7 o'clock in the evening when the president arrived at the Cadillac, after reviewing the parade, and he immediately began preparing for the evening banquet. He drove to the armory over the less traversed streets and arrived there at 9 o'clock. His appearance was the signal for a great outburst of enthusiasm. He was given three rousing cheers as, escorted by Mayor Maybury, he led the presidential party to their table on the platform. Soon after the party was seated Commander Richmond P. Hobson, United States navy, arrived at the armory and took his seat at the president's table. He was given an enthusiastic reception.

An incident at the president's visit to the reunion in the morning was the entrance of Miss Clara Barton. It was while the president was speaking that Miss Barton entered the hall and took a seat on the platform. General Urell told the soldiers that their good angel was present and then said: "I will now detail Comrade Roosevelt to escort Miss Barton to a seat on his left hand." Amid thunderous cheers the president stepped across the stage and gallantly escorted Miss Barton to a chair at his left.

The company secured an injunction from this court, restraining the union strikers from interfering with the non-union men employed. His Wife's Body Stolen.

Indianapolis, Sept. 23.—The wife of Joseph Neidlinger, south of the city, died two weeks ago. Saturday night some one telephoned Neidlinger that he would find his wife's body at the College of Physicians and Surgeons in this city. Neidlinger examined the grave and found the body missing, and Sunday night it was recovered from the college. It is not known who telephoned the information.

Jealous of His Housekeeper.

Syracuse, N. Y., Sept. 23.—Luther Brooks, a painter living at Baldwinsville, shot Mrs. Nellie Carver at that place yesterday and then committed suicide. The woman will die. Mrs. Carver separated from her husband and had kept house for Brooks. She was about 30 years old. Jealousy is said to have caused the tragedy.
