Grass Grew Upside Down.

"Yis" said Mr. O' Mara, "O'll vote th' Dimmicrathic ticket, Oi suppose, but Oi must say Oi'm deeply disappointed that they have no board in their platform appertain' to th' restriction uv Dago immigrations.

"Have ye nivir noticed th' bare spots in th' lawn at Bathery Park? Well th' Dagoes did thot. If they'd employed Christian whoite min' t' do th' work twould niver have happened. But what do thim cheap underpaid Eyetalians do? What do they know about sowin' a lawn?

They threw th' gras seed about any old way so thot half uv thim stuck th' sod upside down. An' what's the consiquince uv thot? As ye sow, so ye'll reap. Th' seeds thot landed upside down grew upside down, an' we developed one uv the finest ingrown lawns that iver pinitrated th' bowies uv th' earth.

"One day during, a terrible rain-storm in Battery Park, the vicercy of Ski-Hi was walkin' about his gardens in Chiny, when he suddenly pe-caved a foine young lawn a-sproutin up uv its own accord.

"Lop grow!" says he, which in Christian talk mean, 'Where th' devil does this come frem'?"

Throth an' 'twas nothin' more nor less than th' ingrown lawns that th, Dagoes had planted in Battery park four years before.

"As soon as this was discovered international complications of the worst sort set in.

"The vicercy uv Ski-Hi immediately set up 'Keep off the grass' signs all over his ind uv our grass. American tourists naturally raintined this outrage t' their freeborn personal liberty an' complained accordinly t' th' prisdint uv th' United States Th' prisdint protested t' Ski-Hi, who in reply issued a most insultin edict foibidden American children in Battery park from pullin' up his grass by our roots.

"This last was too mnch. Hostilities commincd at once an' before we had finally succeeded in ex-

terminatin' th' boxers an' wrestlers in rest of the haythens, th' war had cost us some odd 9,000,000 yens, which would have more than covered th' extery wages required t' hire Christian whoite min' t' plant th' grass in th' first place." —Exchange

Good Bye.

By what strange, subtle and mysterious process the human affections are entwined in and about the heart we do not know—that the memory fondly retains the recollections of other days; other faces and other scenes, when those we loved walked and talked with us. Even the hills we climbed and the valleys we crossed in this companionship, in after years, when they are gone, become to us enchanted ground. Even the homes in which our friends have dwelt and loved, in after years become in our mind palaces fit almost for the gods to dwell in. The hearth-stones around which we have sat and enjoyed sweet communion together seem to us in the storms and conflicts of life holy ground that only angel feet should tread upon. The emotions of nobler, loftier principles and grander resolutions to become better men and women rise in our souls as we recall to our minds the memory of those lives that have lifted our beings heavenward.

Last Tuesday evening, Nov. 4th, the Christian church met at the home of Brother Jacob Miller to say good bye to its loved pastor, E. R. Black and wife. Although the day was gloomy and the evening very dark and rainy, yet during the afternoon many of the aged portion of the church came to say the parting word. The evening found Brother Miller's large house crowded with loving neighbors, friends and dear brethren.

Could the first church in the days of the Apostles have lifted the veil of death that for centuries has covered their graves and witnessed the parting scene of these brethren and their beloved leader; that church would have been reminded of their farewell with Paul when he left them to go to Jerusalem, and his parting words to them recorded in Acts 23:13 as follows: "What were ye to weep and break my heart," would have been recalled as in our tears we said "Good bye."

For six long years Brother and Sister Black have been with us in dark storms and bright sunshine, and no lives have entwined themselves more in the affections of the people than they. Loving, kind, generous and true, to a fault (if that could be) has been their manner of life among the people. Joy, gladness and sunshine have ever been the woof and warp they have hoped to weave into the Christian mantle they profess to wear.

As we say good bye to our brother and sister in Christ we would not be unmindful of them in their new field of labors and among strange and new faces. To those in their new field let us say: Be kind, loving and generous to these dear brethren in Christ, for there is a beauty, a value and a richness in their lives you cannot know until revealed to you by a close contact with their daily walk.

May the God of peace keep us all in the love of Christ.

30 Club.

The 30 club met with Mrs. Grace Brodrick Wednesday afternoon. Mrs. Bertie Smith had charge of the history lesson. Mrs. Cora Rough read a well prepared paper on "Indian Tribes of Michigan." At Mrs. Mayme Boyle's request Mrs. Brodrick sang a very pleasing selection. Another paper was read by Mrs. Boyle, the subject of which was "Geological formation of Michigan." Current events were given in answer to roll call.

IMPORTANT WITNESS.

Convicted a Gang of Gamblers in Colorado Springs.

Carey J. Tremmel, a young man formerly of Buchanan and later of Colorado Springs but again a resident of our village, was called west by the authorities as a witness against a set of prominent gamblers, who were fleeing unsuspecting young men. There were eight counts against them. They were convicted on four and seeing no possible way of escape they pled guilty on the remaining four.

Mr. Tremmel was engaged by the Y. M. C. A. when others failed and he was able to secure sufficient evidence to convict, and he has again returned to Buchanan.

Angel Arrested.

Man is prone to err, and even an Angel, if his name be John, may be found serving a term in the county jail.

A few days ago Constable E. C. McCollum missed some money from his overcoat pocket and found the man who had taken it in Benton Harbor. The man, John Angel by name, took a party to Berrien Springs for McCollum's livery barn with a horse and buggy from their barn; when he reached Berrien Springs he took the money from Mr. McCollum's overcoat which was in the buggy sold the overcoat and left the rig at Berrien Springs.

Mr. McCollum arrested the culprit brought him here and turned him over to Deputy Sheriff Richards; he was tried before Justice Kellar on Wednesday. He was given twenty days in jail and was taken to St. Joseph Thursday morning.

Buchanan Business Men.

The election is over can we not now do something to tempt manufacturers to our village? We have every thing at our hand to offer to good and reliable parties. Let us not plead that we want them but let us put our advantages before them in such a way as to make them want to locate here. Do not let us heed the timid but well meaning persons who say we cannot do anything, for we can and we will.

It is for you to act now or never. Let the business men get together and talk the matter over, not a few but all, for certainly all are interested in the town. Let each man without hinderance or ridicule, frankly and freely express his views and then let us carefully weigh them and accept those most practical and do something yes, do something. Do it now. Do it with some zeal.

The election returns show about what was predicted, with the exception of the office of sheriff. While every one knew that Mr. Collins by his genial manner, both to friend and foe, and his faithful performance of the duties of his office, would be difficult to defeat, we think that his majority was a surprise to everyone, even to himself. This demonstrates that when once a breach is made in the party ranks it is difficult to again repair the damage. The republicans of Berrien ought to learn the lesson so often learned by others, that no matter how large the majority, when the people are convinced that those in authority are not fulfilling their duties as they ought, that majority can be overcome. We do not know the cause of Mr. Collins being elected two years ago, but we do know that he has again been elected by an overwhelming majority and that against a good man. Let us as good citizens and republicans show that we can honor the man whom the people elect.

TWO BOYS HAVE A SCHEME.

Forrest and Stephen Roddy of Centralia, Mo., have put into execution a plan by which they expect to get to the World's Fair of 1904 at St. Louis without expense to their parents. They will be drawn in a cart by two two-year old cattle.

Vacation was a problem with Mr. Roddy as with all fathers; much more of a problem than it was with the boys. What would be done with the boys after school, was puzzling Mr. Roddy. He wanted to keep the boys employed and off the streets. The devil lurks on the streets of towns, small and big, looking for boys. The purchase of the calves was a solution. They skirmished through the country and found two of the same age that matched. For one five dollars, was paid and for the other six dollars. The boys will kill the calves, declared some of Mr. Roddy's friends, as they ridiculed his venture. But the boys did nothing of the kind. They soon had the animals well trained to harness, working finely. Feed and caring for them was sufficient employment to keep the youngsters out of mischief.

The Centralia Fair Association gave the cart, its owners and drivers free admission providing they would drive around the show ring.

The famous cattle herds of central Missouri did not attract more attention. The second day of the Fair a wealthy farmer offered one hundred dollars for the team of calves for his boy, but the Centralia youths, though sorley tempted, refused to sell.

The young men will raise them, get an old time outfit and drive to St. Louis and through the city to the Exposition. They hope to sell the team there for enough money to pay their expenses at the Fair. Stephen Roddy, is thirteen years of age; his brothers Forrest, ten years.

The boys are now in school, much better for their summer experience than had they spent the vacation on the streets.

WAS NOT MOLINEUX

So Testifies a Witness as to the Man Who Mailed the Poisoned Package.

BELIEVES THE MAN WAS CORNISH

Latest Development of Testimony in the Celebrated Mrs. Adams Murder Case.

New York, Nov. 7.—The greatest sensation in the second trial of Roland B. Molineux, charged with the murder of Mrs. Adams came late yesterday when Mrs. Hannah Stephenson, the wife of a Brooklyn policeman, was called to the stand by the defense and testified positively that Molineux was not the man who mailed the famous poison package at the general postoffice on the evening of Dec. 23, 1898. Then the witness partly identified Harry Cornish, who was asked to stand up in court, as the man whom she saw standing in front of her in the line at the postoffice and holding in his hand a package addressed to "Mr. Harry Cornish, Knickerbocker." That was all she saw.

Testimony of Other Witnesses.

Other witnesses were half a dozen handwriting experts who all testified that Molineux did not write the address on the poison package. A clerk in a drug store testified that he had sold bromo seltzer to Cornish; also to Mrs. Rogers. Miss Miller, the clerk in the store where the bottleholder was purchased, testified that she sold the holder late in the evening. Her evidence was corroborated by a man who was in the store at the time. The prosecution has held that the holder was purchased early in the afternoon. Miss Miller positively swore that the man who bought the holder was not Molineux. Cornish, in his testimony, swore he had never tasted bromo seltzer, and Mrs. Rogers said she had never bought any of the stuff.

Why She Did Not Talk Before.

Mrs. Stephenson, explaining why she had not testified at the first trial, said that when the trial was on she went to offer her testimony, but was shut off by the decision of the lawyers to offer no defense. Then after Molineux's conviction she sent word of the evidence she had to give to General Molineux.

"Is that the man you saw with the package in the postoffice?" asked ex-Governor Black, as Molineux stood up. "It is not," said Mrs. Stephenson with emphasis.

"Do you think you could recognize the man who mailed the package?" asked Osborne, in opening his cross-examination. "I think I can."

"Do you say Cornish is that man?" "I say he looks like him."

Mistake as to the Stamps.

Cornish stood up at the invitation of the assistant district attorney and he and the witness regarded each other steadily. "Is that the man?" Osborne said.

"It looks very much like him," Mrs. Stephenson replied.

"But is it?"

"To the best of my recollection it is."

Mrs. Stephenson said it was at the first trial that she first recognized Cornish as the man who mailed the package. She testified that there were three stamps on the package and the wrapper was put before her. It had five stamps on it, and witness said she probably had noticed three of them which were in a straight line at the top and had overlooked the two lower ones. After some other questions indicating that the prosecution will try to impeach the witness' sanity or reliability the court adjourned.

GROCERY COMBINE PROJECTED

Proposal to Have All Those in That Line Pool Their Issues in a Merger.

Detroit, Nov. 7.—The Free Press says that George B. Hanford, the New York man who arranged a conference of wholesale grocers of eight middle and eastern states in Detroit Wednesday, has gone to Chicago to endeavor to interest the Western Grocers' association and the National Grocers' company in his proposed grocery combine and get them to enter the deal.

At the Detroit meeting Hanford arranged with those present to make out statements showing the liabilities, assets and earnings of their respective concerns and forward them to him within thirty days, the basis on which the concerns can enter the combine to be determined from these statements. The Free Press casts considerable doubt on the probability of the two combines which have headquarters in Chicago taking up Hanford's project.

LOOKS LIKE A CONTEST

New York Democrats Indicate a Determination to Challenge the Figures.

WILL WAIT UNTIL FULLY ADVISED

And May Throw Odell's Election into the Courts.

Republicans in Colorado Have Begun the Fight—Related Returns and Results Still in Doubt.

New York, Nov. 7.—Chairman Frank Campbell, of the Democratic state committee; Secretary John A. Mason and Elliott Danforth were in conference last evening. Campbell afterward issued the following statement of the position of the state committee upon the results of the election. "After having carefully examined the returns gathered by John A. Mason, secretary of the Democratic state committee, as filed in the several county clerks' offices in the different counties of the state, it appears on the face of the returns that Mr. Odell has a plurality of 9,122. These figures do not include in some of the counties the vote cast by the Greater New York Democracy ticket, which has on it the name of Bird S. Coler for governor. This will materially reduce this apparent plurality.

Election of Two Men Claimed.

"We claim the election by a safe majority of John Cunniff as attorney general, and the re-election of John Clinton Gray, of the court of appeals. We have reliable information of thousands of defective ballots having been cast, and in certain districts where the returns were strongly Republican the ballots were burned by the inspectors immediately after they were counted, which is a direct violation of law, as they should be kept six months by the proper officials before they should be destroyed. These facts and all others will be thoroughly investigated by representatives of the party, who will appear before the canvassing boards in all the counties of the state on next Tuesday to see that an honest count is had, and until that time the actual result cannot be stated."

Contest in Colorado Begins.

Denver, Colo., Nov. 7.—On application of attorneys for the Arapahoe county Republican committee District Judge Johnson has issued a writ of attachment for County Clerk Julius Achille, who is charged with having disregarded an order of the court which enjoined him from certifying about 100 names on the registration lists, which it was asserted were fictitious and fraudulent. Achille appeared in court and was placed under bond of \$500. Judge Johnson giving him until next Monday to make return to the writ.

FUN AHEAD IN COLORADO

Republicans Propose to Unseat Democrats on the Charge of Fraud.

Denver, Colo., Nov. 7.—Although the returns from Tuesday's election in Colorado are far from complete enough have been received to show that the Republicans will have a majority of the lower house of the legislature, while the Democrats, with seventeen hold-overs, will have a majority in the senate. From the best reports obtainable at this time the legislature seems to stand on joint ballot—Democrats, 53; Republicans, 47. Of the Democratic representatives fourteen are from this (Arapahoe) county, and their seats will be contested by the Republicans on the ground of frauds in registration and at the election.

Republican leaders declare that the whole number will be unseated, thus making the legislature heavily Republican on joint ballot. It is declared by leading Democrats that if this course is adopted by the Republicans the Democratic senate will block the election of a senator to succeed Senator Teller. Republicans, however, say this would be impossible.

Already several Republican candidates for the United States senate are mentioned. They include David H. Moffatt, Frank C. Goudy, Irving Howbert A. M. Stevenson, A. B. Seaman and others, beside ex-Senator Wolcott who is generally conceded to be the strongest man in the race if he decides to enter it. The Republican pluralities on the state ticket will probably reach 7,000.

ADDITIONAL ELECTION NEWS

From Numerous States in All Quarters Where They Were Late.

Salt Lake City, Nov. 7.—Practically complete returns from every county in the state show larger pluralities for the Republican candidates than were indicated by earlier returns. For congress Joseph Howell (Rep.) will have a plurality of 5,427. The legislature will stand as follows: Senate—Republicans, 13; Democrats, 5. House—Republicans, 39; Democrats, 6.

Santa Fe, N. M., Nov. 7.—The territorial legislature will be made up as follows: Council, eleven—possibly twelve—Republicans, and one Democrat—possibly none; house, twenty-one Republicans and three Democrats.

Concord, N. H., Nov. 7.—With only ten towns missing New Hampshire's vote for governor is: Bachelor (Rep.),

41,057; Hollis (Dem.), 33,507; scattering, 1,498. Bachelor's plurality in the whole state will be about 7,758.

Chicago, Nov. 7.—With a majority of forty-two on joint ballot, Republican leaders are turning their active attention toward the organization of the legislature, and the election of Representative Hopkins as United States senator. Several names are mentioned for the legislative gavel. Lorimer's plurality in the Sixth district is 1,016.

MORMON UP FOR SENATOR

He May Go to Washington to Take the Place of Rawlins.

Salt Lake City, Nov. 7.—The telegram prints an interview with Apostle Reed Smoot, of the Mormon church, candidate for the United States senate to succeed Senator Rawlins, Democrat. "Is it true," was asked Smoot, "that you have secured permission of the church to make the race for the senatorship?" "I have secured the individual permission of my associates. The church has nothing to do with it."

"Have you ever practiced or countenanced polygamy?" "I never practiced polygamy." "Did you believe in polygamy before the manifesto was issued?" "As an American citizen I claim the right to believe as I please, so long as it does not interfere with the rights of any other citizen."

Situation in Delaware.

Wilmington, Del., Nov. 7.—Complete returns from Sussex county show the election of Thomas W. Jefferson, Democrat, as state senator from the Fifth district, by a plurality of 7 votes, over George B. Magee, an Addicks Republican, whom earlier reports declared elected. There are fifty-two members of the legislature and the vote on joint ballot will be twenty-seven Republicans and twenty-four Democrats, but as seven are "regular" Republicans and opposed to Addicks, his chances of election to the United States senate are still further reduced by Jefferson's election.

Five of Six from Nebraska.

Lincoln, Neb., Nov. 7.—Complete returns from eighty-four of the ninety counties in the state, with estimates on the remaining six, show that Mickey (Rep.) for governor is elected by 5,800. The official count will not change this 300 votes either way. The returns also make it positive that McCarthy, in the Third, and Norris, in the Fifth districts, are elected to congress. Both are Republicans, giving that party five of the six representatives from Nebraska.

Will Be 7,000 in Idaho.

Boise, Ida., Nov. 7.—The results of Tuesday's election continue to come in. It is now known that the majority for the Republican state ticket will reach close to 7,000, while French, for congress, may have 8,500. In the legislature the Republicans will have fifty on joint ballot out of a total of sixty-seven.

Canvassing Indiana's Vote.

Indianapolis, Nov. 7.—Election boards throughout the state met yesterday to canvass the vote. Some of these boards will not finish their work until today. Official and unofficial returns thus far show that the Republican plurality in the state will be close to 34,000.

What Is Cost Gov. Odell.

Albany, N. Y., Nov. 7.—Governor Odell filed his statement of election expenses yesterday. It consists of one item, \$10,000, which was contributed to the Republican state committee for campaign expenses.

Bitter Struggle in Oklahoma.

Guthrie, O. T., Nov. 7.—There is a bitter struggle for the election in Oklahoma of a delegate to congress. The result is still in doubt.

Some Brief Elections Facts.

Washington gives 12,000 Republican plurality on state ticket. Odell's latest figured plurality is 11,262. The figures on the national house now are 206 Republicans and 178 Democrats. Pardee (Rep.) is probably elected governor of California by 3,500 plurality.

LOSS OF LIFE AT NOME

Eight Drowned in a Storm on Oct. 14—Much Property Destroyed—Many Narrow Escapes.

Seattle, Wash., Nov. 7.—No less than eight men were drowned, three vessels driven ashore, and practically every lighter on the Nome beach was wrecked in a storm that commenced on Tuesday, Oct. 14, and continued throughout the day. The facts are supplied by Purser Robertson, of the Ohio, who arrived yesterday. The known dead are: Frank Kelly, George Robertson, George Fleuth and Sam Josephson.

A dozen or more people thrown into the surf were rescued by the life-saving crews. The schooner Louise, the steamer Elk and the launch Fleetwing were among the larger craft wrecked on the beach. In each instance the crews were rescued or managed to reach the shore. The stern caused the water to back up in Snake river and Dry creek, and the Dry creek bridge was washed away.

Founders Day Exercises.

Pittsburg, Nov. 7.—The Hon. and Mrs. Whitelaw Reid and Mr. and Mrs. Richard Watson Gilder arrived in Pittsburg yesterday to attend the Founders Day exercises of the Carnegie Institute. The morning was spent in viewing the great loan collection of art treasures, after which the visitors were entertained at luncheon at the Hotel Schenley.

GYMNASIUM WANTED

At the School of Mines and the Students Begin a Move to Get It.

PLENTY OF PROMISE OF SUPPORT

Night Shirt Parade as a Starter—Professor Kedzie, of the M. A. C., at Death's Door.

Houghton, Mich., Nov. 7.—At a meeting of the student body of Michigan College of Mines, held here yesterday, \$5,000 was pledged by students and faculty toward a \$50,000 gymnasium for the institution. Last evening the whole student body, 200 strong, held a night-gown parade, marched to the train to meet the members of the board of control, and hauled them to the hotel with President McNair.

Board Promises Quick Action.

Members of the board addressed the students and promised immediate action. Later the students serenaded Graham Pope, who addressed them and promised land for the new building, or if the site was not acceptable his check for \$1,000. R. R. Goodell has pledged a like amount and Marquette parties also promise liberal contributions. President McNair believes the action of the students insures the construction of the new building.

M. A. C. PROFESSOR DYING

He Has Been More Than Forty Years Professor of Chemistry in the College.

Lansing, Mich., Nov. 7.—Dr. Robert Clark Kedzie, dean of the faculty of the Michigan Agricultural college, and for more than forty years professor of chemistry at that institution, has been long at the point of death at his home on the college campus for the last fortnight. Several months ago Dr. Kedzie suffered a severe stroke of paralysis. He rallied in a short time, but in September was attacked by bronchitis. Gradually other complications set in, and because of his advanced age he has been unable to rally.

His vitality has been remarkable. The manner in which he has clung to life has been a surprise to the attending physicians.
