High School Foot Ball Team.

The High School boys have a proposition to play foot ball Thanksgiving day against the Dowagiac High school boys, the game to occur at Dowagiac. Manager J. W. C. Brown principal of our high school has arranged all details and the team will go Thursday. The following boys are the members of the team here and one substitute.

U. A. Brant, Captain, Fred Knight, Walter East, Jesse Spennetta, Guy Huff, Riley Zerbe, Fred Lyddick, Fred Fuller, C. Fuller, Howard Wynn, Jesse Richardson and Clyde Vorhees.

From Our Exchanges.

The adjustment of the fire loss of the Niles Board and Paper Co., has been set for Dec. 2. Mr. Chapin is required to schedule all the property destroyed, including a full inventory of machinery, and it is a task of no small proportions.—Niles Sun.

Fred Blake, residing north of town who has been ill with smallpox, is able to sit up. The attending physician says that Mr. Blake is rapidly recovering.—Niles Star.

Carl Shultz, of New Buffalo, arrived in town today to assume the duties of his new office, deputy county clerk. Mr. Shultz is well known throughout the county and has served as supervisor from his township for several terms. Miss Nora Blackmun, who has been deputy clerk since John Needham was inaugurated has resigned and will leave the office next Saturday. She has been a faithful and an obliging official and has issued more marriage licenses than any other lady in the United States. It is rumored that she will take more than ordinary interest in a license which will be issued in the near future. Mr. Ellsworth Hessong, who has been connected with the office for several years will remain.—Evening News

On December 16, 1903, the plat of land known as the New Buffalo lighthouse reservation lying near New Buffalo in Berrien county, Mich., and a part of the northeast fractional quarter of section 9, town 8, south range 21 west, on the south bank of the Galien river and bordering on Lake Michigan, will be offered for sale at public auction. The contemplated sale of this property recalls the time when New Buffalo was a small settlement at which time it was thought it would some day be the metropolis of the west. It was at that time that the government authorities set aside a parcel of land upon which was to be erected a lighthouse when a harbor had been constructed at that point. A few years later Michigan City and Chicago took a boom and while these two towns grew in population and size New Buffalo remained at a standstill and eventually the plan of erecting a lighthouse at the latter place was abandoned.

Official notice of the contemplated sale was received Saturday by Postmaster Leist from Major James G. Warren of the corps of engineers, U. S. A., and engineer of the Ninth lighthouse district. The property will be sold to the highest bidder, who will be required to deposit a certified check for 25 per cent of the amount of the bid. The sale will not become binding on the part of the United States until passed upon by the secretary of the treasury. Description and other information may be obtained upon application to Major James G. Warren, corps of engineers, U. S. A., lighthouse engineer, Milwaukee, Wis.—Michigan City News.

Martin Stoddard and wife will leave in a few days for Belfast N. Y. where they expect to remain an indefinite time with their daughter and family, Mrs. Rhodes. Mr. and Mrs. Stoddard are old residents here, having lived in Buchanan 21 years, in all 19 years since they returned after an absence. They have one son living in South Bend, and the one daughter in New York state. They have sold their household furniture and expect to go next week.

STRAYED—A flock of turkeys. Owner can have same by calling at Adam Lyddick's.

SPELLING BEE

Mrs. W. L. Mercer Wins Prize After Spirited Contest.

In the social rooms of the Presbyterian church Friday evening there were gathered old and young to attend the old fashioned spelling bee given under the auspices of the Eastern Star ladies. There were twenty people who joined the class and stood to spell while Attorney A. A. Worthington pronounced the words, Supt. Mercer acting as referee. One by one the contestants fell, in the war of words, and there were left Mesdames W. L. Mercer Chas. Pears, I. L. E. Dodd, Ellis-Roe, and Frank Stryker. These stood the test for quite a while but presently all had gone down but Mrs. Mercer and Mrs. Dodd, and after several words Mrs. Mercer was left, alone, the best speller among the contestants and the winner of the prize.

Attorney Worthington presented the prize, a silver meat fork, to Mrs. Mercer with a few appropriate words.

The spelling contest had been preceded by a program in which Miss Elsie Kingery, Mrs. E. S. Roe and Miss Shiflet recited. The band furnished music on the out side the church and attracted a crowd who filled the rooms in the church.

SPELLING BEE BRIEFS

Among the people who do not class themselves as young who took part in the spelling bee, was Mrs. Anna Williams, who stood the test throughout a series of words.

"Gu-rilla" was the cause of Mrs. Dodd's downfall

E. S. Roe and Judge Sanders were the only Masons who entered the contest.

"Millionaire" was the word that caused Mrs. Stryker to lose the prize, though she spelled many more difficult words

"Yak" proved a snare to many spellers.

Mrs. S. E. Johnson Entertains.

Last Wednesday afternoon the lady Maccabees met at the home of Mrs. S. E. Johnson in response to her invitation to have them as her guests that afternoon.

There were about twenty five members of the lodge present and the best of fraternal feeling prevailed.

To say the ladies had a jolly afternoon is putting it mildly,—their hostesses gave them *carte blanche*, and there was a merry time with the unrestrained liberty. At four o'clock a delicious lunch was served, which was greatly enjoyed by all present, and as they each departed each lady expressed having much enjoyed the day and under obligations to Mrs. Johnson for such a pleasant afternoon.

WANTED—An elderly woman as housekeeper Inquire at Mrs. Harry Wood's.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadly, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the Kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50 cts. at W. N. Brodrick's drug store.

Luck in Thirteen.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by W. N. Brodrick, druggist.

Accident.

As R. V. Clarke and wife were driving into town about ten minutes before six o'clock Saturday evening, from the north on Main street, and when about to turn east on Third street, a collision with a buggy, containing Mrs. Michael Zerby and son, occurred, which resulted in wrecking the Zerby buggy and harness and cutting a severe gash above Mrs. Zerby's right eye. The shock dazed her and she soon discovered that blood was streaming over her face. She was quickly transferred to the Clarke buggy and driven to the office of Dr. Henderson, where the wound was dressed, and after a short rest Mrs. Zerby and son proceeded on their way homeward.

It may seem strange that neither party saw the other until the crash came, but such was the fact. It was quite dark and the street was not lighted, except by the brilliant electric light at the foot of Main, on Front, which only served to intensify the darkness at that distance, and the glare of which blinded persons approaching it. The accident might have been much more serious, yet it is hoped that the village council will note the liability of such and much more serious accidents happening under present conditions of street lighting. See to it, gentlemen, that the people are served with sufficient light instead of damage suits.

New Members.

The ladies of the G. A. R. are soon to take in a large number of new members. This is a circle of women whose husband, father or brother was a soldier in the civil war.

The members who will join, at the second meeting in December, and who have been balloted upon and accepted, are Mrs. Howard Smith, Mrs. Geo. Howard, Mrs. T. H. Merrill, Mrs. Hanley, Mrs. Davis, Mrs. Ella Montague, Mrs. Wright, Mrs. Butts, Mrs. Steve Arney, and Mrs. McDonald, of Niles. The last named lady is Mrs. Arney's mother, who expects to spend most of the winter here.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting, it's guaranteed to satisfy by W. N. Brodrick. Price 50c and \$1.00 Trial bottle free.

Lotus Pellets are the best Liver, Kidney, and Nerve Pills made. Large boxes, fifty Pellets for 25c at Dr. E. S. Dodd & Son.

Power.

The word power has come to have a meaning to us such as it never had before. During the past six months we have often been deprived of electric power, on which we depend to run our presses, for a day or two or less time, but it has become worse as time goes on—for a week we have not had a volt of electric power, and only as we have employed muscle have the presses been run at all. But there are some things we cannot do with only hand or foot. We do not know how long this state of affairs is to last but we most surely hope it is about over for all time.

Mean while we ask our patrons to bear patiently with us as we have done and are doing all in our power under the circumstances.

Making Progress.

The RECORD office had a very pleasant call on Saturday morning from the officials of the M. B. H. & C. R. R., Edward Maher, general manager; W. P. Squire, traffic manager; and F. M. Ward, agent at Buchanan. The present management are earnest, active, pleasing gentlemen and are doing all in their power to make their road a benefit to this section of the county. Persons desiring to economize on freight shipments would do well to consider this road when the shipments can be made that way.

Traffic Artery of Berrien County.

It seems strange that so many people fail to see the benefit around them. The management of the M. B. H. & C. railroad call their road the traffic artery of Berrien county, and they are right. The present management is making itself felt and there is no doubt but what they will make their road one of the best and let the people along the line do all they can to advance its interest. A word, if you can not do more, one way or the other often has more effect than one is aware of. Let us speak well of the road or not at all.

Thanksgiving Day.

As a nation, a state, a village and as individuals we ought to observe Thanksgiving Day according to the command of our rulers and according to its original intent; not in idleness, or revelry worse than idleness; or in purely seeking for pleasure.

The are none in this blessed America at least in the United States but who can find as they look back over this year blessings to be thankful for. But alas! we are to ready too over look all of God's blessings and only remember what we think was a misfortune. Often the very thing we thought a misfortune was the greatest blessing however unwilling we are to acknowledge it.

We are as prone to err as any of our fellowmen while remembering the misfortunes we also look back to see the wonderful love of a Heavenly father. Let us worship him that day both in public and in our homes.

Masonic Meeting.

A number of the Masons went from here to Three Oaks Thursday evening to attend a meeting in which the third degree was conferred upon Mr. Hess.

The Master of the lodge at Three Oaks is Postmaster Henry L. Hess, and it was his son upon whom the 3d degree was conferred. There were present four past grand masters of the state, of whom L. B. Winsor, the Grand Lecturer, was one. There were beside three members of the grand lodge and representatives from nearly every lodge in the county.

The work of conferring the 3d degree was done by Grand Lecturer Winsor, entirely from memory, and it was a rare treat to the listeners.

A fine banquet was served, and all report a royal good time.

Thanksgiving Service.

The union Thanksgiving service will be observed in our village next Thursday, the exercises held in the Advent Christian church at 10:00, the discourse being presented by Rev. Tarrant, pastor of the United Brethren church.

All persons having gifts for the needy in the community are requested to bring them to the service, after which a committee will distribute them. An offering will be taken up at the service, to be used in the same manner.

School Notes.

There is to be no school Thursday and Friday of this week.

The pupils of the various grades will make a Thanksgiving offering of food and clothing to needy families of Buchanan. The various things will be distributed Wednesday afternoon.

Dr. C. B. Roe has now been to all the grades and instructed the pupils as to the proper care of the teeth.

Thanksgiving exercises will be held in grades three, four, five and six. Parents and all others interested are invited. Exercises begin 2 p. m. Wednesday.

Ethel Hart, a new pupil, has entered the third grade.

Some excellent Thanksgiving stories have been written this week, in the seventh grade, which are being read for opening exercises.

A display of large potatoes and fine apples will be a feature of the Thanksgiving decorations in the fourth grade. These will be added to the contribution for the needy.

Dr. Claude Roe gave a much appreciated talk on the care of teeth in each of the grade, Thursday afternoon.

The fifth grade is much indebted to Mrs. Blake for a beautiful plant. The seventh grade windows are brightened with some blooming plants.

Homer and Austin Gates have left school. They expect to move soon, with their parents, to New Hampshire.

Each day one member of the A reading, fifth grade, relates a historical story. Georgie Marble told two which were very interesting.

The pupils of the third grade are interested this week in the story of Pilgrims.

Edward Estes, of the sixth grade, wrote the best story of "Horatius at the Bridge."

So much interest is being shown by the seventh grade in music that Miss Seymour anticipates some excellent results along that line.

Albert Peacock and Clarence Dickinson made measurements about the school grounds, these furnishing data for problems for the fourth grade arithmetic class.

Fay Douglass will read his original composition on "Thanksgiving" at the exercises of the sixth grade.

The third grade have begun decorating the room for Thanksgiving exercises.

WARD SCHOOL

Lloyd Hart from the Allegan schools entered the first grade Monday.

A number of thanksgiving offerings in the shape of fruit and vegetables have been brought by the children.

We have begun preparations for our Christmas exercises.

Mrs. Croxon made the second grade happy last week with a fine bouquet of chrysanthemums.

Average attendance in second grade for month ending Nov. 21, 37.

Basket Ball.

Saturday afternoon on the high school campus there was played a game of basket ball between the Seniors and Freshmen, the latter having sent the challenge a few days previous. The score stood 6 to 4 in favor of the Seniors and the Freshmen immediately challenged them to another game.

Miss Currier is manager of the basket ball teams, Henrietta Phillip being captain of the Seniors, and Lorilla Kirtz captain of the Freshmen. The game was witnessed by but a few spectators.

Card of Thanks

We wish to express our heartfelt thanks to the kind friends and neighbors, who so willingly assisted us during the sickness and death of our dear beloved husband and father.

IN MEMORIAM

JOSEPH MERRILL BLISS

Was born July 23, 1837, in Truxton, Cortland county, New York, and passed away at his home in Buchanan, Mich., Nov. 21, 1902, aged 65 years, 8 months and 28 days. He was married to Harriet L. Mead, of Buchanan, Feb. 27 1859. Four children were born to them, two sons and two daughters, of which the two sons remain with their afflicted mother to mourn the sad loss.

Brother Bliss was a charter member of the Advent Christian church and has always taken an active part in its welfare. He also built the first Advent church of Buchanan. There was a large number of friends and members of the church present at the funeral to show their love and sympathy for the bereaved.

The funeral was held at the house and conducted by Elder S. C. Grundy assisted by Elder Charles Shook, the pastor of the Advent Christian church. The text was chosen by the deceased, Psalms 17:15; which shows his strong faith in a literal resurrection to immortality and eternal life at the coming of Our Lord Jesus Christ to all who have loved and obeyed him.

So sleep and rest dear brother till the King shall come and call thee to the marriage feast.

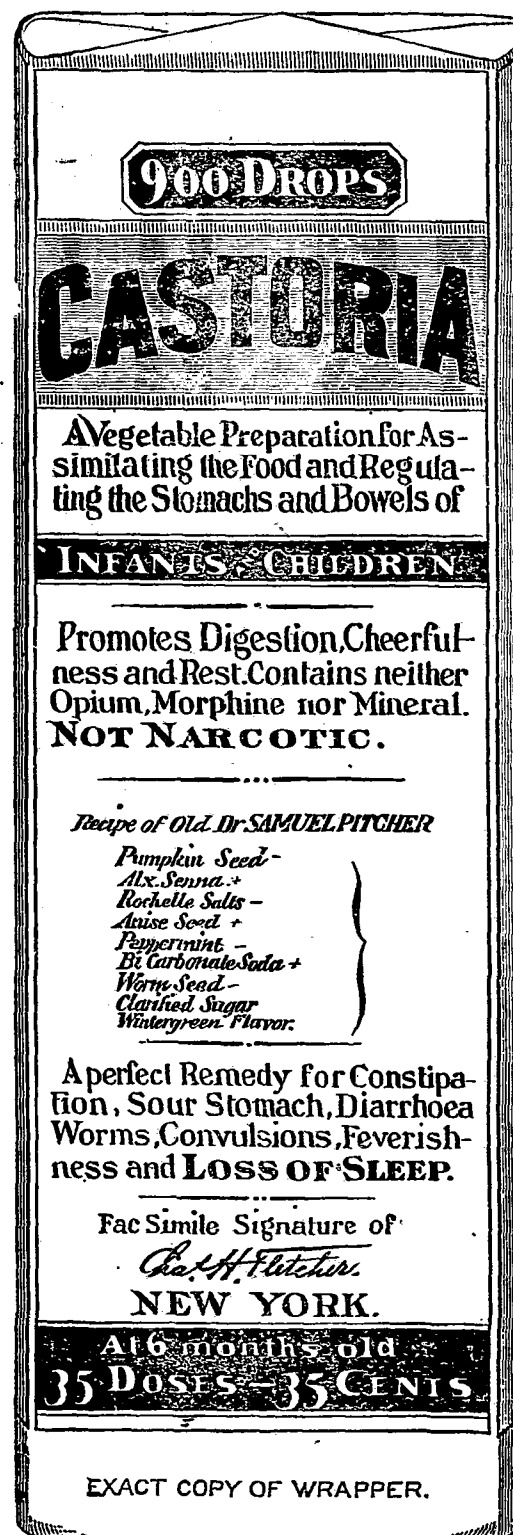

IF WOMEN ONLY KNEW.

What a Heap of Happiness it Would Bring to Buchanan Homes.

Hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache pains come from sick kidneys, Doan's Kidney Pills will cure it. Buchanan people endorse this.

Mrs. M. Griffin, of West Front street, says: "I used Doan's Kidney Pills procured at W. N. Brodrick's drug store and I think them an excellent remedy for backache and kidney complaint. I was troubled for some time with a dull aching feeling in the small of my back often quite severe more especially if I over exerted myself or took a slight cold. I used a great many remedies of which some were worthless and others relieved me for a time. This I cheerfully say about Doan's Kidney Pills. I received more permanent relief from them than from any other remedy I ever took."

For sale by all dealers; price 50c. Foster Milburn Co., Buffalo, N. Y., sole agent for the U. S. Remember the name, Doan's, and take no other.

MONDAY CLUB.

Ye Call to a Dinner Party.

All ye dames of ye Monday Club be invited to ye house of Goodman David Hinman in ye town of Buchanan on ye 24 day of Nov. Ad. 1902 to renew ye friendship with Mistreifs Prissilla Alden and others of ye friends from Plymouth. Come at early candle light. With abundant cordiality,

(Signed)

MISTRESS EUPHEMIA DORINDA HINMAN.

In response to the above invitations the ladies of the Monday Club and three ex-members Mrs. Ida Baker Mrs. Plympton of Benton Harbor, and Mrs. Baker of New Carlisle, met Monday evening with Mrs. Hinman at her Front Street home, in an old-fashioned dinner party.

All modern innovations were discarded and the table was covered with old-fashioned china—no knives no forks, and how the ladies managed their turkey, pumpkin pie and the other many good things that were served, is still a mystery.

The ladies were appropriately dressed, most of them in Puritan costumes and looked charming. The house was decorated with jack o' lanterns, vegetables, and corn-stalks, and lighted with candles, presenting a unique and attractive appearance.

The program consisted of a song by Mrs. E. S. Dodd, a paper by Mrs. Worthington, song by Mrs. Runner and selections by a quartette composed of Mesdames Crotser, East, Rough and Howard.

Later in the evening cider was served from a pail with tin cups, and apples were passed.

The committee who planned so unique and delightful an affair were Mesdames Stryker, Phelps, Roe and Whitman.

LESSON IX, FOURTH QUARTER, INTERNATIONAL SERIES, NOV. 30.

Text of the Lesson, Judg. vii, 1-5, 16-21—Memory Verses, 19-21—Golden Text, Ps. cxviii, 8—Commentary Prepared by the Rev. D. M. Stearns.

[Copyright, 1902, by American Press Association.]
1, 2. And the Lord said unto Gideon, The people that are with thee are too many for me to give the Midianites into their hands lest Israel vaunt themselves against me, saying, Mine own hand hath saved me.

Gideon, the son of Joash the Abiezrite, was one of those whom God raised up to deliver Israel from her oppressors. The story is found in chapter vi, 11-16, where we learn his own estimate of himself and see his strength in these words from the Lord: "Go in this thy might. Lave not I sent thee? Surely I will be with thee." Then in chapter vi, 34, we read in the revised version margin that the Spirit clothed Hamsel with Gideon, so that whatever was done was by the Spirit through Gideon. The Lord alone must be exalted, and no flesh may glory in His presence (Isa. ii, 11, 17; xlii, 8; xlvi, 11; I Cor. i, 29, 31; Jer. ix, 23, 24).

3. Whosoever is fearful and afraid let him return.

By this proclamation the Lord would test and sift Gideon's army of 32,000 men, and it must have been greatly to Gideon's amazement when 22,000 cowards returned home. Can it be possible that among the professed followers of Christ today two-thirds or more are cowards, afraid to confess Him before the world, afraid to acknowledge their firm faith in His promises, afraid to follow Him fully, afraid of the cost of being whole hearted disciples, afraid of the call to go forth in His name to some distant land with the glad tidings of His salvation? It is greatly to be feared that it is even so.

4-7. And the Lord said unto Gideon, The people are yet too many. Bring them down unto the water, and I will try them for thee there.

From this test only 300 of the remaining 10,000 came forth as qualified in the sight of the Lord. What a sifting! It is the Lord's own searching of hearts, and He finds but 300 out of 32,000 whom He can use. It is not a tenth and scarcely a hundredth part that the Lord gets as His own. The first test took out the fearful, the people who were afraid. But who are these 9,700 who are asked to return home? They are not afraid. What is their trouble? They bowed down upon their knees to drink, while the 300 lapped of the water as a dog lappeth. Just a little self indulgence, a little of their own pleasure rather than zeal in His service. What a very little thing! And yet it was their test. It decided whether they should go or stay. He is ever testing us in the little, ordinary things of our daily life, and we are not apt to think of it.

8, 16. And he divided the 300 men into three companies, and he put a trumpet in every man's hand, with empty pitchers and lamps within the pitchers.

As to the rest it is written in verse 7 that he let them all go, "every man unto his place." The fearful went to their place of safety and the self indulgent to their ease. But the 300, with food, trumpets and torches, are ready for service. As we go against the enemy day by day we must be strong, our testimony must be clear and our light brightly shining, for the trumpet suggests testimony and the lamp or torch (margin) a light. It is necessary that the leader be a man of great courage, calm, confident, fearless. In addition to all that the Lord had said to Gideon and had shown him He further encourages him by causing him to hear some things that their enemies are saying among themselves (verses 9-15). It is not safe or wise to listen to what others say of you unless you have as clear guidance to do so as Gideon had.

17. And he said unto them, Look on me and do likewise, and behold, when I come to the outside of the camp, it shall be that as I do so shall ye do.

So also said Abimelech in chapter ix, 43, "What ye have seen me do make haste and do as I have done." Our leader whom we follow is the Lord of Hosts, the Son of God, the Great Head of the Church, the King of Israel, the King of Kings and Lord of Lords, and it is written of Him, "He shall not fail nor be discouraged" (Isa. xlii, 4). We are to follow Him, to walk as He walked, to run with patience, looking unto Jesus, to see no man save Jesus only and to let His mind be in us, humble, self emptied, seeking only the glory of God (Matt. xvi, 24; I John ii, 6; Heb. xii, 1, 2; Mark ix, 8; Phil. ii, 5-8).

18-21. And the three companies blew the trumpets and brake the pitchers and held the lamps in their left hands and the trumpets in their right hands to blow withal, and they cried, The sword of the Lord and of Gideon.

The result was that the Lord set every man's sword against his fellow throughout all the host of the enemy, and the Lord wrought a great victory for Israel. As the redeemed of the Lord we are in the world, but not of it. We are not to be in any way conformed to it, for the whole world lieth in the wicked one (John xvii, 14, 16; Rom. xii, 1, 2; I John v, 19, R. V.); but we are to be overcomers by the blood of the Lamb and the word of our testimony and by faith in our Captain, manifesting His life in these mortal bodies to the glory of God the Father (Rev. xii, 11; I John v, 4; I Cor. iv, 11; Phil. ii, 11). When in fellowship with the world and overcome by it, we are, like Israel by the Midianites, oppressed and enslaved; but when by a consistent life and a clear, ringing testimony to the blood of the Lamb (torch and trumpet) we honor God we are then like Gideon's 300. Remember it is the Lord and Gideon, the Lord being always pre-eminent.

IT GOES TO ANN ARBOR

Question Settled That Has Been Worrying the Foot Ball Roovers.

MINNESOTA'S "KICK" IS FUTILE

Business Can Proceed Now—Hunter Freed by Wolves—Charge of Use of Force—Notes.

Ann Arbor, Mich., Nov. 21.—At 11 p. m. yesterday Michigan university athletic board of control decided to play the Michigan-Wisconsin foot ball game on Thanksgiving day in Ann Arbor, on Ferry field, instead of at Detroit. The reasons given for holding so Ann Arbor in spite of protests from Detroit and Minneapolis is greater convenience and better accommodation for a crowd of 15,000 people, a better grid-iron, and the utter impracticability of the Detroit field. Minnesota mildly advised playing at Detroit to the last, but was overruled.

Inspection of a Detroit Park.

The board went to Detroit yesterday to inspect Bennett park and decide whether it was possible to play the game with Minnesota there. Professor Pattengill, of the board, was asked whether the game would be retransferred there if the park was found suitable for the game and said, "Speaking not for the board, but personally, I should say that it will." Newspaper men were barred from the park while the investigation was in progress, and when it was ended the situation showed scarcely any appreciable change. The members of the board of control refused to give out any decision pending the action of a meeting of the board at Ann Arbor.

At the Minneapolis End.

A dispatch from Minneapolis says that the members of the athletic board there at a meeting held yesterday afternoon sent the following telegram to the Michigan board: "Have heard Luby's report and Minnesota board of control is of opinion that Michigan board of control should stand by their choice to play at Detroit."

President Kenney, however, stated that there was no possibility of the game being declared off and that the contest will surely take place at either Detroit or Ann Arbor.

HE WAS TREED BY WOLVES

Deer Hunter Has a Bad Night and Then Spends Two Nights Lost in the Woods.

Houghton, Mich., Nov. 21.—Treed by a pack of wolves, E. C. Goodrich, inspector of the Michigan Telephone company at Houghton, remained for two days and nights with nothing to eat near King lake, below Nestoria. He had been hunting with other copper country men. They killed a deer at a considerable distance from camp, started back in the wrong direction and soon were hopelessly lost.

At dark Goodrich heard wolves and took to a tree. At dawn, the wolves having gone, he climbed down, nearly frozen, and wandered that day and part of the next. Finally he struck a railroad track and got his bearings. Friends had tried to find him, but gave up the search, thinking he had been shot for a deer.

Poison Found, and a Motive.

Cassopolis, Mich., Nov. 21.—David Weir was arrested here yesterday afternoon on the charge of having caused the death of his wife, who died very suddenly here Nov. 7. After Mrs. Weir's death her stomach was sent to the University of Michigan for examination, and arsenic was found in the stomach. Yesterday Mrs. Dora Poulson, of Buchanan, testified that she had been intimate with Weir and that he had promised to make her his wife.

Skeleton Has Been Identified.

Marquette, Mich., Nov. 21.—The human skeleton found in the woods near Big Bay, twenty miles up the lake by a deer hunter a few days ago, has been positively identified as the remains of Harry Proyer, keeper of Big Bay light, who disappeared a year and a half ago. He is believed to have been despondent over the death of a son.

Legislature to Meet Jan. 7.

Lansing, Mich., Nov. 21.—The coming session of the legislature will be convened on the latest day that it is possible to meet under the constitution. The session begins on the first Wednesday of January, and as December goes out on Wednesday it will be Jan. 7 when the legislature is called to order.

Will Cost Him His Leg.

Negaunee, Mich., Nov. 21.—While hunting deer at Maple Ridge Louis Goodrich was shot in the leg by a companion, who mistook him for a deer. The leg will have to be amputated. This is the second accident to Negaunee hunters thus far.

Goldie Got Rid of Her Neuralgia.

Grand Rapids, Mich., Nov. 21.—Goldie Forester, of Hastings, took five tablets to relieve a severe attack of neuralgia and it required the united efforts of Drs. Catlin and Decoux to rescue her from the fatal slumber.

Found Drowned in a Puddle.

Detour, Mich., Nov. 21.—John Watson, a farmer residing near here, was found drowned in a puddle containing but two or three inches of water. The decedent had been suffering with epileptic fits.

FRUIT FOR EXPORT.

The Manner of Packing Orchard Fruits For Shipment.

Of great commercial interest and possibilities is the work of the bureau of plant industry of the United States department of agriculture in its studies on the exporting of fruits to European markets, including the question of temperatures, packages, the best manner of packing and of handling the fruit after it is picked.

One week a shipment of 300 crates of peaches was made from Connecticut, and the week previous 200 crates of peaches from Connecticut and a carload of Bartlett pears from western New York. Three shipments of peaches have been made from Georgia, two from Connecticut and four of summer apples from the Delaware and Maryland peninsula. The work will be continued through the fall and winter by one or two shipments of peaches from Virginia or West Virginia. Kieffer pears will probably be sent from the same locality, and winter apples and

GRATE OF ELBRETAS—PEACHES WRAPPED SEPARATELY.

sweet potatoes, and possibly pine apple and cranberries, from different sections.

The export of winter apples has long been extensively practiced by American growers and shippers. There are thousands of bushels of early fruit which cannot be held and which glut our own markets, making prices ruinously low to the producers. Europe, particularly England, offers a great market at good prices for the fruit.

Peaches are shipped in the ordinary six basket carriers, which hold about twenty-four quarts. Trials are being made with both wrapped and unwrapped fruit; carriers nailed together somewhat more securely than is the common practice, but otherwise no special change is made.

Most of the fruit is wrapped, but some is unwrapped, in order to test which is the better method of packing. The early shipment of peaches from Georgia gave returns from 15 to 40 per cent higher than New York net prices.—American Agriculturist.

Black-Draught Stock and Poultry Medicine

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BLSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cared by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it is possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Magazine Reviews.

Animal Instinct in Winter.

With many forms of life the readiness for winter is not to secure a place to protect them from cold or even from freezing, but for security against sudden changes of conditions and of temperature. It is a protection in some cases similar to that of the plants on the lawn that were covered with straw by the gardener when he made them ready for winter. In some places of the kind, for instance in the squirrels nest there is undoubtedly real animal warmth and coziness. Fish seek the deepest parts of pools where the temperature of the water is a little above freezing, and these it remains very near this point until spring—Christmas St. Nicholas.

Frank Leslie's Popular Monthly.

A special number of ten cent magazine so enlarged and beautiful that it becomes an edition de luxe of its old ordinary self, with its value as well as its prices raised to twenty-five cents is an attractive innovation. In Leslie's Monthly for December the contents fully justifies the temporary rise in price. The increased number of pages are partly filled by stories by Ralph Connor Eden Philpotts, Harry Stillwell Edwards and with a tale by Egerton Castle printed in tint, and another by Semmas MacManus, on colored paper. There are a series of full page drawings, by Reginald Birch, John Cecil Clay, W. Glackens, Florence Seovel Shinn, Howard Giles, Lladislaw Benda, and John Wolcott Adams.

The second theatrical article, "The Dress Rehearsal," with its illustrations from Byron's Collection of photographs, is even fuller of amusing anecdote and theatrical gossip than the first one of the series. The most serious side of dramatic criticism is represented by a critical article on Janis Marlowe.

There is a rattling good football story, by Edwin Oviatt, and some excellent Christmas verse by F. L. Stanton, Emmett Campbell Hall and Ellis Parker Butler, while the Marginalia stories are worthy of the number and season.

A Great Preacher

Frederick W. Robertson is a striking figure in the religious history of the nineteenth century. His personality was as great a power as his words, and was the source of an attraction which has been felt by the most diverse minds. An eminent bishop recently pronounced Robertson the greatest spiritual force of the last century in England, and Principal Fairbairn has said that "no body of sermons preached by any man in the nineteenth century has had the same reformative power on the generation that immediately succeeded him as those of Robertson". Dean Stanley has compared him as a preacher with Newman and Arnold, and pronounced him as superior to either. An able writer in the "Contemporary Review" in extending the comparison, retained Newman, and added Archer Butler as alone worthy of comparison with him as the greatest English preacher of the century.

After fifty years his influence has not diminished, but has won increased recognition from the most eminent scholars of Germany and France.

—Prof. W. T. Hewett in the December Century.

Rev. Irl R. Hicks 1908 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through THIRTY YEARS, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through this great Almanac, and his famous family and scientific journal WORD AND WORKS, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1908, forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings.

The price of single Almanac, including postage and mailing, is THIRTY CENTS. WORD AND WORKS with the Almanac is \$1.00 a year. Write to WORD AND WORKS PUBLISHING CO., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

Stole a Horse and Buggy.

Last Thursday a man giving his name as Fox presented himself at Batchelor's livery stable asking for a horse and buggy to go to Niles. He said he had been working for Cole on the railroad for four years, but had quit work there.

Mr. Batchelor rented him the rig but when he failed to return Thursday evening he grew suspicious and on Friday he and Deputy Sheriff Richards started out to find the missing horse and buggy. They located it in South Bend where the man calling himself Fox had sold it to a saloon keeper. It was returned to the owner and the saloon keeper is out the \$50. that he claimed he paid for it.

State Championship.

Today at 2 o'clock in Ann Arbor will be played the foot ball game between Benton Harbor and Ishpeming High School for the championship of the state. Eight cars well filled with Benton Harbor rooters passed through here this morning over the M. B. H. & C. & M. C. R. R.

Sanatory Food Co.

The Sanatory Food Co. of Benton Harbor was organized in the spring with a capital stock of \$500,000. In May the company began operations, and in July placed their first product on the market. Their two best known foods are Avena Malta and Cereal King, which have found ready sale.

The grains entering into the manufacture of these goods first meet the securing process. They are then hulled in a machine for that purpose, then malted and placed in a large steam cooker and thoroughly steamed, passing from that through hot rolls, flaked, passing to the oven and by passing backward and forth across a large oven six times are thoroughly toasted, boxed and placed upon the market.

The management of the mill is under the direction of Mr. Linn, who is the producer of the formulas, a miller and a millwright, who is thoroughly competent to fill the position he holds. The company is officered, by T. L. Wilkinson, president; J. W. Fletcher, vice president; Ray Lee, secretary and treasurer; W. D. Downey, sales agent; Andrew J. Kidd and Frank Kelley, as directors with this board.

On the first and third Tuesday of each month until April 30, 1908, one-way second class Colonists tickets will be sold by the Chicago, Milwaukee and St. Paul Railway from Chicago to points in South Dakota, North Dakota, Nebraska, Kansas, Eastern Colorado, Texas, Oklahoma, Indian Territory and Southwestern Missouri, at about one-half regular rates.

When the cows are to be kept in the stable through the winter, each stall should have its drinking trough kept filled with water where the cows can reach it at any time, says farmers' bulletin No. 151, issued by the agricultural department at Washington. Such an arrangement is not expensive, as iron troughs large enough for the use of two cows in adjoining stalls can be purchased very cheaply. By placing them on a level in connection with a supply pipe and using a single float valve to regulate the flow, there will be no waste and each trough will receive a frequent supply of fresh water. There are objections to this individual system of watering, however, and some good dairymen prefer the overflow trough so placed that cows can go to it in stormy weather without exposure.

Gentle Treatment of Cows.

Every owner of a cow should see that gentle and quiet means are used in drawing the milk from her. Many good cows are spoiled by rough milkers. When it can be done, the same person should milk the same cow every time. Gentle treatment will surely pay, and the matter of profit should always be kept in the foreground. We like to see the cow reach around and lick the milker; then one can be sure that harmony does prevail.

Canadian Butter For Australia.

While last year Australia exported 15,000 tons of butter, this year the drought has so cut off the feeding crop that there has lately been a carload of Canadian butter sent there in a steamer from Vancouver. The price paid for it was above that paid in Canadian markets. It goes in cold storage and if it reaches there in good condition further orders are expected.

HOME WEDDING

Buchanan Loses One of her Fair Daughters Who Weds M. E. Minister.

The marriage of Miss Elsie Kingery and Rev. Frank Cottrell of Cooper, Mich. occurred Tuesday afternoon in the presence of only the immediate members of the family.

The ceremony was a ring service performed by Dr. J. C. Floyd, presiding elder of Kalamazoo District, assisted by Rev. J. W. Foy, of Battle Creek. The wedding occurred at 4 o'clock at the home of the bride. The out of town guests were Mrs. Willis Weaver and son, Emmons, of Dowagiac and Mr. and Mrs. Cottrell, of Jackson, father and mother of the groom.

The bride was dressed in a dark green traveling suit and carried white carnations. They left on the 5:30 train for a trip to Jackson.

Though there were no invitations issued a number of beautiful gifts were received by the bridal couple. Buchanan is losing one of her most popular and best educated young ladies, in Miss Kingery's going away and she will be much missed in social and church circles.

Owing to our not having power and as Thursday is Thanksgiving we will not issue another paper this week.

ASTOMINERS' HEALTH

Strike Commission Strikes That Branch of the Anthracite Investigation.

DOCTORS ARE PUT ON THE STAND

And Tell of the Diseases of the Coal Diggers and Their Effect—Tax Story That Makes Them Laugh.

Scranton, Pa., Nov. 21.—Ex-Representative Wolverton, counsel for the Reading Coal and Iron company, continued his cross-examination of Rev. Peter Roberts yesterday before the strike commission. The question of arriving at a fair price on rock in connection with mining, Dr. Roberts said, was one that could be adjusted only by the mine employes and the companies. He said it was far from the truth to characterize the operators as hard-hearted and unjust and as seeking constantly to grind men down to the last penny of wages, as had been charged. Wolverton read a long abstract from Dr. Roberts' writing, which recited numerous instances of violence, intimidation and boycott committed by the members of the union, particularly the Slavs, during the 1900 strike.

Doctor Makes an Explanation. Roberts said the newspaper reports of violence had been greatly exaggerated. Wolverton read copious extracts from a magazine article, which Roberts would not deny he had written, in which he described many acts of intimidation, violence and boycott. In explanation Roberts said that these acts cannot all be attributed to the union, and made a brief speech in which he said the operators refused to arbitrate and the men were forced to strike to gain their demands. "They grew hungry in the struggle," he said, "and a hungry man is dangerous."

Comparative Danger of Mining. It was brought out later that there is a compulsory school law in Pennsylvania requiring parents to send their children to school until they are 16. When witness was asked if the men were not largely responsible for the accidents owing to their carelessness, the witness said he could not state the percentage of such cases and Judge Gray remarked that there is always a margin of human carelessness which must be taken into account. Answering a question propounded by Judge Gray, Dr. Roberts said that a comparison of the number of fatalities on all railroads in the United States with those in the anthracite fields shows that 2.5 per 1,000 railroad employes are killed annually, while 3.5 1,000 employes are killed in the anthracite industry.

AS TO THE MINER'S HEALTH

Doctors Say That the Digging of Coal Prevents Long Life.

Much of the early part of the afternoon session was consumed in the reading of extracts from Dr. Roberts' book for the purpose of placing them in the records of the commission. These extracts referred to the rates of wages, the character and size of coal veins and various other local conditions about the mines. Roberts was followed on the stand by several physicians who testified to the amount of illness among the mine workers. Dr. John O'Malley, of Scranton, said that miners' asthma, rheumatism and lumbago are very common among mine workers. Nine-tenths of the miners he has treated suffered from miner's asthma. This disease, he said, is caused by coal dust, powder smoke or vitiated air. In post-mortems he had seen lungs of miners as black as anthracite coal.

Dr. Frank P. Lenahan, of Wilkes-barre, who says he has had a long experience among mine workers, testified that fully 99 per cent of the men who work in the mines are anaemic. Their health is impoverished, and their general condition is below par, thus decreasing their earning powers. The miners' asthma comes from coal dust, powder smoke and vitiated air. Dr. Lenahan testified that he had personal knowledge of a man coughing up coal dust nine years after he left the mines. He said he had information that a man had coughed up coal dust fifteen years after he had left the mines. It was also stated that 90 per cent of miners who reach the age of 50 years are afflicted with some form of rheumatism. Questioned as to whether or not miners' asthma was curable, Dr. O'Malley stated that the fatalities resulting from it were slight, but that the likelihood of its producing some fatal disease was common. The effect of asthma, he said, was very debilitating, it disturbs nutrition, and the person suffering from it has a gaunt, emaciated appearance, rendering it impossible for the miner to do good work. There were but few, he said, who could escape even moderate attacks. On cross-examination by Torrey, of the Delaware and Hudson company, Dr. O'Malley said he was not speaking from official records but from memory.

SOMETHING THAT MAKES 'EM LAUGH

That the Taxes of Pennsylvania Are Practically Paid by Corporations.

"What is the average life of a miner?" Commissioner Wright asked. Dr. Lenahan: "Very few get over 50 years."

"I mean after he begins to work." "Twenty-five or thirty years." Answering a further question he de-

clared the occupation of a miner to be very unhealthy.

On cross-examination by Everett Warren, counsel for the Delaware and Hudson, the witness said he was not aware that practically all the taxes of Pennsylvania were paid by the corporations of the state. "This reply produced some laughter in the court room. "That seems to be very funny to this audience," remarked Warren, "but it is true."

He then challenged the testimony of Dr. Lenahan that the corporations contributed little to the support of the hospitals, and said that while the state government gave a financial aid this was only possible by reason of the taxes paid by the corporations.

When asked if it were not true that all people who are employed out of the sunlight are likely to have a pale, anaemic appearance, the doctor said that if the statements he had today heard were true, the lack of sunlight would not contribute to any great extent to the miners' condition, because the companies claimed the men left their work before noon. He admitted that a number of the men employed in a nearby axle works had been affected with sciatica, rheumatism and consumption, and on further cross-examination said that a miner cannot be gotten away from the exciting cause of his ailments because he is unfit for other occupations.

Warren detailed the better conditions which exist in the mines now with respect to purer ventilation, and the duties of the fire boss who precedes the men in the mines, but the doctor said he could not see how the purity of the air could be increased without increasing the drafts, and consequently increase the exposure of the miner to rheumatism, pneumonia, etc.

Dr. Richard H. Gibbons, of Scranton, followed. He was questioned only a few minutes when the commission adjourned to meet tomorrow morning at 10 o'clock.

MISSED IT BY FOUR HUNDRED

That's How Close the Socialists Come to Controlling the A. F. of L.

New Orleans, Nov. 21.—The Socialists came within 400 votes of securing the control of the convention of the American Federation of Labor yesterday. The struggle lasted almost the entire day, when a roll call showed 4,744 votes against the socialists and 4,344 in favor of them. The miners vote solidly in favor of the socialists. No business was transacted in the convention during the day other than that of the debate and the report of the committee which investigated the Gompers-Shafter trouble. This report was to the effect that Shafter had come before the committee and declared that he had preferred no charges against Gompers.

When his accuser, Sheridan, offered to produce the minutes of the meeting of the Amalgamated Association at which the charges were made, Shafter objected, as the meeting was secret. This ended it with the committee and it reported, entirely vindicating Gompers, and the report was unanimously adopted.

WU TALKS OF EXCLUSION

Wants to Know How the Boot Would Fit if It Were on the Other Leg.

Council Bluffs, Ia., Nov. 21.—Minister Wu Ting Fang passed through this city yesterday en route home. When queried as to the Chinese exclusion act, he became much interested, and at the same time answered the query by firing the following question at his questioner: "How would you like it if China should pass a law excluding from her boundaries all Americans, and at the same time admitting citizens of all other nations of the earth? Don't you think the United States has drawn a pretty close line?"

Wu is accompanied by four private attendants. His wife and son remain in the United States for the present, to enable the son to complete his college course before returning to the mother country.

Dr. Lorenz at St. Louis.

St. Louis, Nov. 21.—Dr. Adolph Lorenz, the distinguished orthopedic surgeon from Vienna, arrived late last night from New Orleans. He will hold a free clinic here today and numerous persons suffering from congenital dislocation of the hip have presented themselves for operation.

Waterway from Chicago to New Orleans.

Chicago, Nov. 21.—"New Orleans believes in a waterway from Chicago to the gulf of Mexico, and as far as possible will assist Chicago in securing national aid, if the project advanced is economically possible," declared M. J. Sanders, of New Orleans, yesterday at the Auditorium Annex.

Seven Sailors Drowned.

London, Nov. 21.—The Danish steamer Knud II, Captain Hanssen, from Copenhagen, and the British steamer Svaldale, from Hamburg, collided at the mouth of the Tyne. The Knud II foundered immediately and the master and seven of her crew were drowned.

Has Been Missing Ten Days.

Saginaw, Mich., Nov. 21.—Charles Champlin, of Grand Rapids, has been missing ten days. He started for a lumber camp near this place, and never arrived. His parents and sister here have been notified.

Admiral Schley at Chicago.

Chicago, Nov. 21.—Rear Admiral Schley and party arrived from Kansas City this morning and were tendered a breakfast at the Hamilton club by W. B. Washburn and Edwin A. Munger.
