RAILWAY VALUATIONS

Some Millions Taken Off Those First Fixed for the Michigan Central Line.

BILL TO SUPPRESS THE ANARCHIST

Some Maccabee Litigation—Editors Go to Lansing to See the So-lons—State Notes.

Lansing, Mich., Jan. 23.—Announcement was made yesterday by the state tax commission that the first appraisal of Michigan railroads under the new law, which provides for an ad valorem tax on this property instead of the old specific tax on gross earnings, and which was announced recently as reaching an aggregate valuation of \$208,212,500, has been reduced \$9,522,000 by the commission. The Michigan Central was reduced from \$47,000,000 to \$45,000,000; Pere Marquette, from \$27,000,000 to \$26,000,000; Grand Rapids and Indiana, \$1,000,000 reduction; Chicago, Milwaukee and St. Paul \$600,000 reduction. The valuation of the Lake Shore and Michigan and Southern was increased \$1,000,000, and that of the Duluth, South Shore and Atlantic \$1,250,000.

Drastic Anti-Anarchist Law.

Lansing, Mich., Jan. 23.—A bill was introduced in the state senate yesterday making the promulgation of criminal anarchist doctrine a crime punishable by \$5,000 fine or ten years' imprisonment, or both. Talking these doctrines or publishing them is covered by the bill, which also provides a penalty of \$2,000 fine or two years' imprisonment, or both, for a janitor of tenant who opens a room for anarchist meetings.

Litigation of the Maccabees.

Lansing, Mich., Jan. 23.—A hearing began before Insurance Commissioner J. V. Barry yesterday on the petition of the great camp of Modern Maccabees that proceedings be commenced against the supreme tent, Maccabees of the World, for alleged improper use of the corporate names and funds. The charge is that the supreme tent is interfered with, the extension of the great camp into other states by various means. The supreme tent denies these charges and also denies that the insurance commissioner has jurisdiction in the premises.

EDITORS ON A WINTER OUTING

They and Their Wives Gather at Lansing and Pay a Visit to the Legislators.

Lansing, Mich., Jan. 23.—The forty editors of the Eastern Michigan Press club and their wives, who came to Lansing Monday afternoon on a junket, left for home Tuesday night in the special car provided for them by H. F. Moeller, general passenger agent of the Pere Marquette railroad. The forty, on arrival, went to the supreme court room, where they had a number of impromptu speeches. Later in the afternoon they were received by Governor Bliss, the supreme court and state officers in the executive parlors.

After mixing with the legislators during the evening, they fled down the back stairs from representative hall into the state department, where Secretary Warner cut one of the cheeses of his own make, and served it with wafers and punch. The session of the legislature Monday night was attended by the club, and Tuesday was spent at the industrial school and the agricultural college, where the visitors were guests of the officials of those institutions.

Found Dead in His Room.

Holly, Mich., Jan. 23.—Curtis E. Humphrey, a prominent young druggist, was found dead in his room at the First hotel. He had shot himself through the head. The revolver was found at his side with one chamber empty. He was unmarried and was prominent in society circles. No cause is assigned for his act.

How He Came To Be Dead.

Owosso, Mich., Jan. 23.—George McKenzle, of Burton, got drunk here. In leaving a saloon by the back door he fell and gashed his head, rendering him unconscious. He was not found for several hours and then he was dead of exposure. There was talk of foul play, but a coroner's jury exploded the murder theory.

Coal Robbers at Detroit Arrested.

Detroit, Jan. 23.—Seven Poles were arrested yesterday on suspicion of being among the fifty men who robbed a Grand Trunk anthracite coal car Tuesday, when Special Officer Foley was kept at bay by about fifteen shots fired by the mob. The prisoners will be charged with assaulting an officer with intent to kill.

SUNDAY SCHOOL WORK.

10th. Annual Convention of Bertrand Buchanan Township Convention.

The meetings of the Sunday School Convention which closed Sunday night, proved interesting and drew a large attendance.

The opening session was held Saturday night, when Rev. Tarrent, of the U. B. church spoke on Sunday School work, the training of the young and holding of the young people in the Sunday School and other religious services. It was a helpful and practical address, replete with good suggestions.

Sunday afternoon was spent in consideration of the primary work, and the review Sundays; on the latter subject Mrs. D. W. Kean gave a very excellent paper, comparing the modern Sunday School with the old Jewish methods which are still in vogue in the Jewish synagogues of to-day. The speaker presented the value of memorizing Scripture which was so little done in the sabbath schools of this generation. She presented forcibly the thought that what was needed in the Sunday schools was not multiplied appliances, but the Pentecostal fire in the hearts of the teachers that would lead the pupils to Christ.

In the evening Rev. Niergarth led the union young people's service which was followed by an address by the president, Attorney A. A. Worthington. His theme was the influence of literature upon the young, contrasting the results of the mind fed on the dime novel and the one fed on the classics. The subject is certainly an important one and was exceedingly well presented.

The secretary, Miss Beardsley gave her reports and also read the treasurer's report.

The newly elected officers for the ensuing year, are, president, Rev. J. Tarrant; 1st. vice president, A. A. Worthington; 2nd. vice president, A. C. Roe; 3rd. vice president, Louis Rough; Secretary, Miss Edith Beardsley; assistant secy., Mrs. Dana Pheps. treasurer, Chas. B. Treat.

Fighting Snow in the West.

The history of railroading in the Rocky Mountain; and in the Northwest is the history of snow fighting as well as of engineering, bridge-building and tunneling. The snow begins early in those high altitudes. The railways lie often between sheer mountain walls. The winds—on the plains sometimes friendly as well as sometimes hostile, for they sometimes clear the track—are here all hostile. They can only blow the snow along the tracks. Down the mountain-sides the first hint of warmth in the late winter sends the released snow to block all possibility of traffic. Not merely the drift, but the avalanche, must be fought. The ways in which the snow problem is met are two—the preventive and the curative. The preventive agents are of three sorts—snow-fences, snow-shears and tunnels—though these last are not primarily for the purpose of outwitting the soft silent foe of travel.—February Woman's Home Companion.

We are informed on the best authority that if there is not too much storm, the water will be turned on, Thursday and Friday.

For over two weeks we have had no power at the Record office, except the hour preceeding midnight which we have thankfully used, but now we are delighted with the prospect of power whenever needed.

THEY HAMMER AWAY

Those Three German Warships,
at the Fort of San Carlos,
Maracaibo.

FIRE SAID TO VERY INACQUAINT

But Severe on the Defenders, as There
Are a Dozen Dead.

Nothing Said of the Effect of Brav
Gen. Bello's Return Fire—He
Has Five Guns Still in
Action.

Maracaibo, Jan. 23.—The bombardment of Fort San Carlos by the German cruisers Vineta, Panther and Falke was continued Wednesday afternoon until 6 o'clock. It was resumed yesterday morning at daybreak. Seven or eight shells were hurled at the fort at 4 a. m. at long range. They all fell short. At 6 a. m. the Panther, being of light draught, closed in and again became actively engaged. The fort replied. At 8 a. m. the engagement was proceeding as fiercely as ever. Twelve dead and fifteen badly wounded Venezuelan soldiers were counted in the fort at 7 p. m. Wednesday by the correspondent of the Associated Press. The correspondent left the fort for the mainland at 8 a. m. yesterday.

Description of Wednesday's Battle.
The Panther left her position close into Fort San Carlos, which she took up earlier in the day Wednesday, that afternoon at 3 o'clock and joined the Falke. This ship was half a mile outside the bar and about five miles from the fort. At 3 o'clock the correspondent of the Associated Press in a rowboat approached one side of the fort, out of range, and from this point witnessed the long range fire of the German cruisers, which was continued from 3 until 6 o'clock. The Vineta and Falke, at a range of four and a half miles, poured in a continuous rain of shell upon the fort, and only stopped firing with the advent of dusk at 6 o'clock.

Attempt to Land Troops.
Before drawing off they made a second ineffectual attempt to land troops in the village of San Carlos, situated at the base of the fort. At 7 o'clock Wednesday afternoon the correspondent, who was accompanied by a government telegrapher bearing a telegram from President Castro to the commandant of San Carlos, landed on the island and entered the fort. The walls of the fort are terribly battered and there were many evidences of the fierce engagement.

Magazine Has Narrow Escapes.
The fort is literally covered with pieces of broken shells. It was seen that a great many of the German shells had not exploded. The magazine had a very narrow escape, two shells having come within an ace of penetrating it. The walls of the fort which face toward the entrance of the lake suffered particularly and were greatly damaged. It is estimated by the commandant, General Bello, that the German ships fired more than 1,000 shells at Fort San Carlos.

GERMAN AIM IS BAD.
Most of the Shells Fall in the Village of
San Carlos, Playing Havoc.

Although the damage inflicted upon the fort by the sustained fire of the German cruisers is very great it is not all that could be expected from such a continuous fire from modern high-power guns. The village of San Carlos suffered greatly.

The aim of the German gunners appears to have been inaccurate, for more than 60 per cent. of their shells exploded in the village of San Carlos before reaching the fort. The cannon mounted at San Carlos have not sufficient range to reach the Falke and the Vineta, so the fire from these vessels was not returned, as they kept out of reach of the Venezuelan artillery. The Vineta and Falke are of too great draught to cross the bar. The Panther alone can do this, and this fact explains why the last mentioned cruiser was the only one to come in close to the fort.

Some of the artillery on the fort has been destroyed by the German fire, but there are still five guns that can be fired. General Bello is a soldier of remarkable courage and daring. He has shown great bravery, and is in no way intimidated. He will not abandon the fort, but will resist as long as it is possible for him to do so. He swears that on Jan. 17, the occasion of the first bombardment, the Panther fired upon him first without reason and without provocation. Wednesday night passed without incident and the German garrison of Fort San Carlos rested from the fight of the day and made preparations for what the morrow might bring.

A fisherman from the village of San Carlos has arrived here in a canoe with his family. Two of this man's children were killed by shells from the German cruisers. He reports that more than twenty-five Indian fishermen have been killed or wounded at San Carlos.

EXPLAINS THE LATE GUNPLAY
German Retired Military Man Has Reasons for Them Both.

Berlin, Jan. 23.—The government has no news from Venezuela. General Boguslawski, retired, the well-known writer on military matters, discussing the press telegrams, says: "The com-

mander of the Panther in the first incident was merely making the blockade effective on his station by seeking to prevent the carriage of coffee through Colombia. The second bombardment was probably intended to chastise the insolence of the Venezuelans and their exultation over the first affair."
London, Jan. 23.—The opinion of General Boguslawski, of Germany, that the bombardment of Fort San Carlos was fully justified by the necessity of making the blockade effective on lake of Maracaibo, finds support in the English press. The Daily Telegram, The Morning Post and The Standard admit that Germany may have been technically within her rights, but at the same time they doubt her wisdom in risking offense to the United States and in confirming President Castro in his irreconcilable attitude. What still more concerns the English press is the question how the bombardment of San Carlos will affect the Anglo-German agreement. The papers say the best to be hoped is that the pressure of an effective blockade will more quickly bring Venezuela to reason.

SHORTAGE IN THE COAL SUPPLY

Principal Matter Covered by the Testimony Before the Coal Strike Commission at Philadelphia.

Philadelphia, Jan. 23.—The question of who is responsible for the apparent shortage in the supply of anthracite coal was the subject of considerable debate yesterday by the attorneys representing the parties before the strike commission. It was testified that the miners are not obeying President Mitchell's request to make extra efforts to produce more coal to relieve the situation.

This was followed up by James H. Torrey and Everett Warren, both of Scranton, who represent several of the large companies, challenging the correctness of Mitchell's statement that 3,000 men are idle and ready to go to work. C. S. Darrow, for the miners, replied that he would show that it was the operators and not the men who were responsible for the shortage in the production. "If I don't," he said, "I will ask the commission to decide against us."

The Lehigh Valley Coal company closed its case and the Lehigh and Wilkesbarre company consumed a few hours in presenting its evidence.

Wisconsin Proposed Legislation.

Madison, Wis., Jan. 23.—A memorial to congress urging better regulation of interstate commerce has been introduced in the senate by Rogers, of Milwaukee. It asks that the interstate commerce commission be given more authority and recommends the passage of either the Elkins or the Wanger bill to afford the needed relief. A bill making insanity ground for divorce when the husband or wife has been insane three years was introduced in the assembly.

Lake Carriers to Reorganize.

Detroit, Jan. 23.—Without a dissenting vote the plan for the reorganization and incorporation of the Lake Carriers' association was adopted at the convention yesterday. The plan decided upon by the reorganization committee was presented to the convention and adopted after two long executive sessions.

He Was Not J. Wilkes Booth.

Oklahoma City, O. T., Jan. 23.—The old man who committed suicide at Enid, leaving a note saying that he was John Wilkes Booth, has been identified as Major D. E. George, aged 67, a native of Mississippi, and an ex-Confederate officer.

Representative Long Named for Senator.

Topeka, Kan., Jan. 23.—Chester I. Long was nominated by acclamation yesterday by the Republican legislative caucus as candidate for United States senator. All the other candidates withdrew.

BASKET BALL

Buchanan Defeated, but not Discouraged

The Buchanan basket ball party of ten persons went to St. Joseph last Saturday night, where our team played the high school team of that place. Our boys had no thought of a victory. The St. Joe team is one of the strongest in the state, and its members have been playing together for two years.

When we remember that in the game of basket ball the individual counts for very little and systematic team work everything, we can understand how our boys were entirely outclassed, having practiced together but three weeks. The St. Joe team had been scored on but once this year and when our boys got 7 points from them it made them forget most of the 70 points that the St. Joe team won from us. The St. Joe people were very fair and not a single objection was made to a decision of the umpire or referee.

The boys were entertained at Hotel Whitcome and returned home early Sunday morning.

The St. Joe team will play here Feb 6

Brunke Murder Case Proceedings.

A number of sensational features have been developed as the Brunke murder trial progresses, and at each session the crowds are eagerly attending awaiting results. Various witnesses were examined until Wednesday afternoon when Prosecuting Riford opened the case briefly telling of the killing of Lee Shearer and what he expected to prove as to Brunke's connection with it.

In his opening to the jury James O'Hara made a statement of the different phases of murder, manslaughter and killing. In order to be murder, the killing must be of deliberate intent. He stated that Justice St. Clair wished to let Brunke go free on \$1,200 bail and should it have been murder Brunke would not have been released on a bond of \$1,000,000. It was evident from the remarks of Mr. O'Hara that he will attempt to show that Brunke was not guilty of murder nor of manslaughter. He explained to the jury that every killing is not manslaughter nor murder. Many killings are merely accidental and some are committed in self defense.

Mr. O'Hara's opening address indicated that the defence will claim that Shearer did not die as a result of a blow struck by Brunke but did die under chloroform while an operation was being performed upon his windpipe by the doctors who had been called to the scene shortly after the blow was struck. Failing in this defense, Mr. O'Hara will claim that the blow was one which Brunke had a lawful right to strike. Mr. O'Hara stated that many cases are brought to the circuit court to satisfy public opinion and were it not for public opinion, the Brunke case would not have been brought to the circuit court.

The three doctors in the Brunke trial finished their testimony Friday (Witt, Wilson and Scott.) All testified that Lee Shearer might have lived with the injury he sustained, had their operation been successful. All three witnesses thought that from the injury in Shearer's neck, the appearance of the trachea and the blood clots in the neighborhood of the neck, the injury could have been caused from a blow from the fist or from a kick.

The testimony of the doctors was listened to by the largest audience so far attending. The heart of Lee Shearer was preserved by the doctor and brought into court but it was not used, only the part of the wind pipe where the injury was located being exhibited and this was examined by the jury closely.

Earl Bennett was a witness, who created quite a sensation. He saw Harry Brunke attack Lee Shearer and Lee fell about five or six feet from the witness. Next witness noticed Lee had got up and was standing at the bar.

Mr. Riford asked witness if he saw anybody kick Lee Shearer.

The witness answered "no."
Mr. Riford then produced a written statement signed by Bennett and stated that he was going to try and impeach the witness.

Mr. O'Hara objected, stating that the prosecutor could not impeach his own witness in that manner and a hot argument ensued, during which the jury was excused.

The signed statement, which Bennett admitted having read and signed contained an assertion by Bennett to the effect that he saw Harry Brunke kick Lee Shearer in the stomach after knocking him down.

Mr. Riford said that Bennett had come to him with one story on his lips and comes to the circuit court with another. "Such a man should be in jail," said Mr. Riford.

James O'Hara fought against the impeachment of Bennett and several supreme court cases were cited in full. The court rules with the prosecution, allowing the written statement in court before the jury.

Coonley's Beef, Iron and Wine with Nervine brought my wife right out last year; give me two more bottles for my father." Elmer Hawblitzel, Lakeville, Ind. Large bottles 50c at Dr. E. S. Dodd & Son's.

The box social given in the Broceus school house last Friday, was the occasion for a jolly good time for all who attended. Miss Grace Mutchler, the teacher was the moving spirit in the entertainment, and is rejoiced at the pleasant evening all had, and the \$5.00 which was raised.

ROYAL ENTERTAINERS

Monday Literary Club Provides Delightful Evening for Their Guests.

Though "neither enjoyment nor sorrow is our destined end or way," yet a casual observer might have thought, had he looked in upon the merry crowd assembled at the spacious and beautifully decorated home of Mr. and Mrs. E. S. Roe Monday evening, that enjoyment was the chief end in life, as all entered into the program provided with much enthusiasm and consequent pleasure. It was the occasion of the Monday Literary Club's annual banquet, and each member brought with her, her husband or a lady friend.

Several delightful selections from the phonograph opened the program, which was followed by an auction of rare old books, which was conducted by Mrs. F. A. Stryker; Mrs. P. N. Weaver, previous to the sale announced that perhaps the people had not come prepared to pay for the purchases so they would be provided with a medium of exchange, which Master Fred and Miss Mildred Roe gave to the guests which was a bag of beans. Some lively bidding followed, and finally a syndicate was formed in one corner of the room and distanced all competition in bidding.

Following the auction Mrs. Runner took a position at the piano, playing snatches of familiar hymns and ballads for the members of the party to guess the title of the air.

A three course luncheon, tempting and dainty was served by Misses East, Ruby Phelps, Graham, and Stryker, following this came the toasts bright and witty, given by Mesdames I. L. H. Dodd, Dana Phelps, Robt Henderson, and Miss Ella Hahn.

The house was decorated with the American flag, and the tricolor draperies were present everywhere.
