WM. E. SMITH & CO.

116-118 S. MICHIGAN ST. SOUTH BEND, IND.

STATE FARMERS' INSTITUTE.

Gathering at Eau Claire, Michigan
February 18, 19.

The progressive farmers of the state, will, many of them, gather next week at Eau Claire to gain knowledge and help along the lines of improvement in farming.

The convention opens next Wednesday morning and an excellent program has been arranged for the three sessions that day and Thursday, all of which will be conducted by W. W. Farnsworth, of Waterville, Ohio.

T. A. Farrend, of South Haven. A. M. Welch, of Ionia, C. J. Monroe, of Kalamazoo, and Mrs. Carrie Ives Saunders, of Saginaw, are the state speakers on the program.

A large number of local speakers from Eau Claire and nearby towns will present papers on various subjects. Some of the subjects are: "How and When to Spray," "Cultivating and Feeding the Orchard," "Pruning and Trimming the Peach," "Labor on the Farm," "Beautifying the Home Grounds," "Tillage and Rotation of Crops," "Small Fruits for Profit," "Fruits and Vegetables for Canning," "The Good Roads Problem," "Dairy Herd and its Care" "The Centralized School."

The women will have their meetings simultaneously, and the farmer's wives will have a service on Thursday afternoon. Mrs. Sarah R. Howe, of Buchanan, is chairman of the ladies section.

"Coonley's Cough Balsam cured my boy of a bad cough after he had kept us awake for a week. It is the best cough medicine made." Charles Murdock, South Bend. Price 25c and 50c at Dr. E. S. Dodd & Son's.

THE ST. JO. GAME.

Interesting Basket Ball Contest Last Friday Night.

The St. Jo. boys came here last Friday night and defeated the Buchanan boys at basket ball by the score of 27 to 7. While our boys were not the victors yet it was the most encouraging game they have played.

The St. Jo. team is one of the best in the state, but outside of throwing baskets our team work was in every way the equal to that of the St. Jo team. We had the ball in our possession at least as much of the time as did the visitors, and made a greater number of throws for the basket. The St. Jo. boys were certainly stars while our boys had an off night.

The week before at Three Oaks our boys threw 85 points in 40 minutes but an all around basket man, like a base ball pitcher, requires time for development and our boys have made fine progress during the five weeks they have been in the game.

The opera house was crowded and the order was excellent.

A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by W. N. Brodrick

THE WHEELS TURNING

The Long Looked for Event
has Been Realized

THE WATER TURNED ON

And the Industries That Have Been at a Standstill Because of Lack of Power are Busy.

After days, weeks and months of anxious waiting the expectations of the people were realized last Friday in seeing the new power house completed and the water turned into the pond from the river. The river being unusually high filled the pond almost to overflowing. A goodly number of the men and boys of the village witnessed the event, but not quite "half of the town was there."

As soon as the water was turned in it was run over the old wheels and the old engine abandoned, and it is to be hoped that henceforth and forever we will continue to have power day and night. The new wheels have not been run as there is no occasion for that yet as the old wheels will be able to supply Buchanan all the power needed for some time; unless manufacturers arrive faster than they have been coming, which let us hope will be the case.

Coonley's Beef Iron and wine with Nervine did me lots of good last year; give me a bottle for my wife." Edward Herring, South Bend. Large bottles 50c at Dr. E. S. Dodd & Son's.

REAL ESTATE TRANSFERS

Almetta Spennetta to William W. Watterson lot 20 Ryncarson add Buchanan \$85.

J. J. Atkinson, the genial court reporter, has started the tedious task of transcribing the record of the Brunke murder trial. When completed the proceedings will fill nearly 700 pages of typewritten matter.

Mr. Atkinson has been busy on the Bailey insurance case and is compelled to work on the Brunke record at odd moments. With steady work it will take nearly three weeks to complete the job.—St. Joseph Herald.

Millions Put to Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For Constipation, Sick Headache, Biliousness or any trouble of Stomach, Liver or Kidneys they're unrivaled. Only 25c at W. N. Brodrick's drug store.

WILL BE A STATION.

St. Joseph is to be a Part of the Marconi Telegraph System.

The Chicago papers announce that the Goodrich Transportation company has made complete and final arrangements with the company controlling the Marconi wireless telegraph system whereby the system will be installed on the boats of the line and also on the boats of the Graham & Morton line. Stations will be established at Grand Haven, St. Joseph, Chicago and Milwaukee.

The station at St. Joseph will be a very important one and will be installed early the coming season.

By means of the St. Joseph station the G. & M. company can be kept informed of the movements of its vessels crossing the lake, and the boats will be able to converse with each other in midlake.

Marconi will be in Chicago himself in a short time and a great banquet will be held in his honor. It is not improbable that he may also visit St. Joseph.—Niles Sun.

PROSPEROUS CONDITION

Farmers' Mutual Fire Insurance Company Meet and Elect Officers.

Even a casual observer would have noticed on last Saturday, that there was an unusually large number of Berrien Co.'s intelligent farmers in town, and upon inquiry he would discover they were here to attend the annual election of officers and directors of the Farmer's Mutual Fire Insurance Co.

The company was found to be in excellent condition and all realized the efficient work of the present officers so they were nearly all reelected. The following are the officers, all of whom were elected to succeed himself except E. N. Matrau, who succeeds F. S. Hallman:

President, W. R. Rough; secretary, R. V. Clark; directors, Stephen Harner, Oronoko, J. T. Beckwith, Benton Harbor, G. M. Dean, Berrien Springs, R. W. Goodwin, Union Pier, E. N. Matrau, Bainbridge.

As the man who handles the money of this company is a very important one, the company found from experience they could choose no more wisely than to reelect as treasurer, the genial Stephen Harner, who had done such careful and satisfactory work the past year, so he was duly placed in office and will again serve the company and its large number of patrons.

Coonley's Beef, Iron and Wine with Nervine is a perfect Tonic and Nourisher. It is a true food and helps in all cases by building up and increasing the strength. It can be taken with all other medicines. Large bottles 50c Dr. E. S. Dodd & Sons.

COULDN'T TAKE IT

Niles Had No Building for Desirable Factory.

If Niles had had a building ready to use with a floor space of 50,000 to 60,000 square feet it might easily have landed the Schaeffer Piano Co. They were established in 1875 in New York, moving fourteen years later to Chicago, where they were burned out a few days ago and they decided to seek a new location.

Thos. Fitzgerald thought it was possible for Niles to handle the proposition but they wanted a location at once, and on looking over the local situation while in this city early in the week and consulting with business men, he found there was nothing here that would answer for their requirements, so he went over to Buchanan. That village had a building but it did not meet the requirements.

Meantime the company had been informed of a building located at Kankakee, Ill., and they closed a deal for it at once.

South Bend made a bid also for this factory but they had no building that met the requirement.—Niles Sun.

Jolly Country Club.

The J. C. club met last Tuesday at the home of Mr. and Mrs. John Wells, of South Bend, for a social time. Though the weather was all the furies of the air could make it, this jolly crowd went to South Bend, and meeting other guests from the city, there who came by invitation of their host and hostess, spent a delightful day. By night the storm had so increased in violence that they were unable to return and remained over night. In many respects it was an occasion long to be remembered.

Are You Going West?

Beginning February 15th continuing every day thereafter until April 30th, there will be a special rate to all points in Washington, Oregon, Idaho, Montana and British Columbia. For maps, rates, routes and other information write at once to H. W. Steinhoff, District Pass. Agent, Wisconsin Central Railway, Saginaw, (W. S.) Michigan.

Wagner School Social.

The candy social at the Wagner school last Thursday evening was a very pleasant and successful affair.

Though this school is the largest of the buildings in the township, all seats and standing room were occupied, so many gathered on this occasion. A very pleasing program was rendered; the singing by the school was fine and gives full credit to the music teacher, Miss Cora Bird, who has had the class in charge.

The social netted \$14.06 and will be spent for the singing class and library. Mr. H. C. Eisele, the teacher, feels well paid for his efforts in getting up the social.

"One bottle of Coonley's Tonic Ext. of Sarsaparilla cured my daughter of a bad case of catarrh and eruption on her face, leaving her complexion smooth and fresh." Charles Bruce, contractor, South Bend. Large bottles 50c at Dr. E. S. Dodd & Son's.

TERMS \$1.25 PER YEAR

Entered at the Post-office at Buchanan, Mich.
as second-class matter.

TUESDAY, FEB. 10, 1903.

The winter thus far has been such a very pleasant one that all should be thankful that no blizzards lasting for a week or more at a time, has fallen to our lot.

John C. Wenger went to Jackson last Friday evening where he has a lucrative position offered him. We are pleased to announce his good fortune but sorry to lose another of our best citizens. But thus it is and ever will be.

Lost Opportunity.

We have made, during the past month, an unusual offer to induce subscribers to renew and for new ones to subscribe, and a great many have taken advantage of it, but there are those who should have, who have not. If you have not you are to blame.

No maps will be given after Tuesday, Feb. 10, except with a new subscription. The maps are worth the price of the subscription and if you had paid three or six months or some a year in advance, it would have been a saving.

WOODMAN ELECTION

Of Delegates to County Camp.

The following Neighbors of Buchanan Camp M. W. A., were elected delegates to the county camp which meets at Buchanan, Wednesday, April 1, 1903: J. W. Broceus, O. P. Woodworth, R. Henderson, H. M. Beistle, E. J. Long, A. Emerson, J. B. Rynearson, J. A. Garland and M. J. Bliss.

Alternates are: C. S. Cook, H. O. Weaver, S. Arney, F. E. Lough, C. A. Baker, W. F. Runner, J. A. Ray, C. B. Treat and J. T. Dempsey.

Buchanan camp is solid in favor of what is termed "Majority Rule" in regard to changes of rate of assessment and a reserve fund.

Coonley's Tonic Ext. of Sarsaparilla is guaranteed equal to any of the \$1.00 Sarsaparillas made, and is sold at 50c a bottle At Dr. E. S. Dodd & Son's.

In the Courts.

The celebrated Mikesell murder case will come up for trial February 23.

The two highwaymen who held up and robbed Edward Stewart and Edward Forsythe, of Niles, last month, have been captured by Sheriff Collins and his force; they were arrested, one in Chicago and one in Kalamazoo, last Saturday night and are now lodged in St. Joseph.

There are 23 divorce cases on the docket for the February term of court.

The Bailey insurance case is about completed except the arguments to be presented by the lawyers, which will be given next Friday afternoon at Niles.

\$20 VERDICT

For Isaac Rollins Against the M. B. H. & C. R. R.

On Saturday before Justice J. C. Dick was tried the case of Isaac Rollings against the M. B. H. & C. R. R., for the killing of a hog. Mr. Rollings claimed \$35 damage and was represented by Attorney Alex. Emery, the railroad was represented by Attorney Sam'l. Kelley, of Benton Harbor, who took the judge and jury up the road about three miles, to where the porker came to an untimely end, hoping to convince the jury that it was not the fault of the fence that the "rooter" came to his death, but it seems they were not convinced as they rendered a verdict of \$20 for Mr. Rollings.

The "Niagaras" are Entertained.

The Misses Carrie and Minnie Shafer entertained the "Niagaras" last evening at supper and a jollier time it would be hard to imagine.

This party of people are wont to have a good time when out together and if any one did not have a happy time Monday evening as guests of the Shafer sisters, the fault must have been with the guests themselves.

Berrien County Teachers.

Will Meet in Convention at Niles February 20 and 21.

The first meeting of the reorganized teachers' association will be held at Bullard's Hall, Niles, Feb. 20 and 21. No pains nor expense have been spared to make this the best meeting Berrien county has ever had. The very best talent has been secured.

As a guarantee of the high character of the association we give a list of its officers: President, Supt. J. D. Schiller, Niles; vice president, Supt. E. A. Wilson, Benton Harbor; secretary, W. H. Marsh, Coloma; treasurer, G. N. Otwell, Stevensville; executive committee, Supts. E. P. Clark, St. Joseph; W. L. Mercer, Buchanan; J. D. Schiller, and the commissioner of schools. Teachers should dismiss their schools in time to reach the evening lecture. The following is a summary of the program:

FRIDAY EVENING FEB. 20.

Lecture, "Education and Efficiency," Prof. George Vincent, of the University of Chicago. (All the members of the executive committee were delighted with this lecture at Saginaw.)

SATURDAY FEB 21, 9 a. m.

Address, "Common Sense in Education," Dr. W. N. Hailman, former professor of pedagogy in Columbia University.

Address, "Problem of the Teaching of Reading" and "Literary Interpretation," Jessie L. Newlin, Chicago University. Miss Newlin presents Prof. S. H. Clark's methods, "How to Teach Reading" and comes highly recommended by him.

1:30 p. m.

Address, "Educational Ultimates," Dr. Hailman.

Address, "How to Create an Atmosphere in the Reading Lesson, Get, Hold, and Give the Thought," Miss Newlin.

Address, "Culture," Dr. Hailman. Miss Long, teacher of the violin at the Benton Harbor college will give violin solos, and the program will be interspersed with other good music, readings etc.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures Cuts, heals Burns and Bruises, subdues inflammation, masters Piles. Millions of boxes sold yearly. Works wonders in Boils, Ulcers, Felons, Skin Eruptions. It cures or no pay, 25c at W. N. Brodrick's drug store.

Y. M. C. A. Convention.

The 31st annual state convention of the Michigan Young Men's Christian Association will be held in Pontiac, Feb. 12, 15.

The Program Committee is fortunate in securing the attendance of strong men, who are so well and favorably known to Michigan Associations. Neither City, College, Railroad nor Small Town Association need hesitate to strongly urge their members to attend this Convention, as they undoubtedly have many members who have received blessings and inspiration for greater service from their previous contact with these men.

Other prominent speakers have been invited, but at the time of going to press we are unable to announce definitely which ones will be present.

Mr. Eugene S. Willis, of South Bend, Ind., will have charge of the music. He will be ably assisted by the Detroit Glee Club and the Grand Rapids Male Quartet.

Young men from unorganized points are invited to attend this convention and get in touch with the Association brotherhood.

Further particulars can be obtained by addressing the State Secretary, L. E. Buell, 1212 Washtenaw Avenue, Ann Arbor, Mich.

"Lo-tus Pellets are the best Liver, Nerve, and Kidney Pills made. Large boxes, fifty pellets for 25c. at Dr. E. S. Dodd and Sons."

Whoever is interested in educational matters will find considerable food for reflection in some criticisms of modern pedagogic methods that are advanced by H. G. Wells in the February Cosmopolitan. "The tendency of the present time," he says, "is enormously to exaggerate the importance of school in development, to ascribe to it powers quite beyond its utmost possibilities, and to blame it for evils in which it has no share. And in the preposterous invasions of the duty of parent, clergyman, statesman, author, journalist, of things which are in truth scarcely more within the province of a schoolmaster than they are within the province of a butcher, the real and necessary work of the school is too often marred, crippled and lost sight of altogether."

IN MEMORIAM

FREDERICK CHRISTOPHER SCHIMDT

Was born in Sacho, Meiningen, Germany, Feb. 18th 1832. In the year 1862, May 18th he came to Niles Mich., and in the same year he moved to Dayton where he lived many years. In 1853 he was married to Katherine Koenigshoff and six children were born to this union, five of whom died in infancy and the wife and mother died Oct. 14th, 1882.

The deceased had been a sufferer from paralysis for several years which also caused his death on the morning of Feb. 3rd, at 9 o'clock. He was 71 years, 11 months and 17 days old. There remains to mourn one son and one brother with many friends and neighbors.

Thus is life, though brief yet full of meaning. He who has loved best will be most missed.

MRS. MARY BARTMESS

Was born March 8, 1839 at the Broadie farm near Dayton, Ind. She was the daughter of John and Mary Broadie, and when twenty years old was married to Joseph F. Bartmess, the wedding occurring September 13 1859. Of this union there were born four children, three sons and one daughter; the sons are still living but the daughter Mamie died a few years ago, which was so serious a shock to her mother that the latter never recovered from its effects.

Elder Bartmess was for years in active service as pastor in the United Brethren church, and at one time made a trip through the Holy Land to more thoroughly equip himself for preaching and lecturing. His health failing him about two years ago, he gave up active service, and last winter was taken to a sanitarium in New York state, where he still is. His son, Ed, lives in the same city, who, with his father and two brothers now on the Pacific coast, survive the mother.

Mrs. Bartmess died without relatives near her, while making her temporary home with Mr. and Mrs. Ans. Wray on Feb. 7, 1903, at the age of 63 years, 11 months.

She was a member, for many years of the U. B. church and passed away in the triumphs of a Christian faith.

The funeral services were held at the home of Mr. Wray conducted by the Rev. W. J. Tarrant assisted by Rev. W. J. Douglas, on Monday Feb. 9, and interment was in Oakridge cemetery where her daughter was laid to rest.

WILLIAM F. DRAGOO

Son of Mr. and Mrs. L. V. Dragoo, of Buchanan, was born August 8 1866 in the village of Buchanan and died February 5 1903, at his home in Mishawaka, Indiana.

On December 23, 1896, he was united in marriage to Augusta Lietz, his now sorrowing companion. Three children were born to them, Ernest, Elza and LaVern. He resided in Buchanan until about four years ago, when he moved to Mishawaka, where he resided until death.

The deceased leaves to mourn his early departure a grief stricken wife, three children, father and mother, three sisters, Mrs. N. Strawser, of South Bend; Mrs. J. Rhoads, of Kingsbury, Ind.; and Mrs. C. Upham; and also one brother, Clyde, of Kalamazoo; and other relatives with a large circle of friends.

He was a member of the local lodge M. W. A., of Mishawaka, camp No. 4788. Brief services were held at his late residence by W. S. Tracy after which the remains were brought to Buchanan for final services in the Evangelical church conducted by Rev. Niergarth, after which the remains were interred in Oakridge cemetery.

Life's race well run;
Life's work well done;
Life's crown well won;
Now rest.

Rest for the toiling hands;
Rest for the anxious brow;
Rest for the weary way-worn feet;
Rest from all labor now.

Rest for the fevered brain;
Rest for the throbbing eye.
Through those parched lips,
No more shall pass the moan or sigh.

Rest weary one awhile, till Christ Shall bid the rise, and soon as From refreshing sleep, thou wilt Wake with glad surprise.

Soon, soon from out of the dust Shall all come forth and sing.
Sharp has been the frost of winter, But brightly shines the spring.

Let hope cheer those who weep,
Even now the rays of dawn Above the eastern hillslope creep;
We are near the light of morn.

Death of Mrs. Moulton of Benton Harbor.

The death of Mrs. Roy Moulton, wife of the city editor of the Benton Harbor News, comes as a deep sorrow to the many friends of Mrs. Moulton's in Benton Harbor and elsewhere.

The News of Friday said editorially: For the first since this paper was started death laid its finger this morning upon one directly connected with the production of the paper—the wife of the city editor, Roy K. Moulton.

When death visits the large newspaper office of the large city it makes no difference with the production of the paper for there are hundreds of the workers on the paper who never knew the dead. On a paper in a small city it is different. All the workers in all the departments are bound together by mutual ties, and the loss of one is the concern of all.

No one connected with the Evening News has been in the spirit of work today. Their minds have constantly reverted to the one thought, the thought of death made more terrible by its suddenness to those who stay, and better for those who go.

And so if today's paper and the paper of tomorrow are of little interest the readers will know the reason. It is hard to work at one thing while the mind is busy with other thoughts.

NEW R. R. SYSTEM.

Milwaukee, Benton Harbor & Columbus
Will Unite With South Haven &
Eastern.

The Milwaukee, Benton Harbor & Columbus, the South Haven & Eastern and the Paw Paw lake train railway will soon be blotted off the railroad map and in their places will appear a new system to be known as the Michigan Shore & Eastern system that will operate 125 miles of track as soon as the proposed additions are built. The general offices of the system will be located at Benton Harbor.

The present management of the Milwaukee Benton Harbor & Columbus road, President Steele and General Manager Maher, will be in charge of the new system. The first thing that will be done will be the construction of connecting links, track to connect the Benton Harbor division with the Paw Paw lake road, which will necessitate the building of a new track from this city to Coloma. The right of way for this extension is nearly all purchased. The Paw Paw lake road will then be extended to Covert, possibly to Toquon, where connection will be made with the South Haven & Eastern.

The South Haven & Eastern will be extended to Kalamazoo and to Vicksburg, giving the system connection with the Grand Trunk. The Benton Harbor road will be extended from Buchanan to Niles, to South Bend and to Nappanee, where connection will be made with the Baltimore & Ohio. The South Haven division will be extended to Saugatuck, and give that port its first steam railroad. This will give the peach growers about Saugatuck a chance to ship their fruit to Chicago over the South Haven boat lines.

Benton Harbor has long desired a line directly south to the Baltimore & Ohio. The extensions proposed for the new system will tap rich territory and should make the road a very profitable one.

When the system is completed Benton Harbor will be the king pin. Trains will leave this city for Nappanee and also for South Haven. The extension to Coloma will give the Benton Harbor company control of the Paw Paw lake business.

THE PLAN IN DETAIL.

A charter for a new railway will be applied for at Lansing within a few days; the name of the new organization will be "Michigan Shore & Eastern Ry." The purpose will be to take over the present Milwaukee, Benton Harbor & Columbus, South Haven & Eastern and Paw Paw Lake train railways, as well as to build extensions to Kalamazoo, Saugatuck, Vicksburg, Pavilion and Niles, Michigan, and South Bend and Nappanee, Indiana; also to connect the present three lines north from Benton Harbor through Coloma either to Covert or Toquon.

The new company will use either steam, electricity, compressed air or combinations of these motive powers. Fred M. Steele will be president of the new organization and Edward Maher, the general manager of the Milwaukee, Benton Harbor & Columbus, South Haven & Eastern and Paw Paw Lake train railways will be the general manager of the new road. Hon. S. H. Kelley will be general counsel. It is altogether probable that the entire official, agency and operating forces of the present organizations will enter the service of the new company.

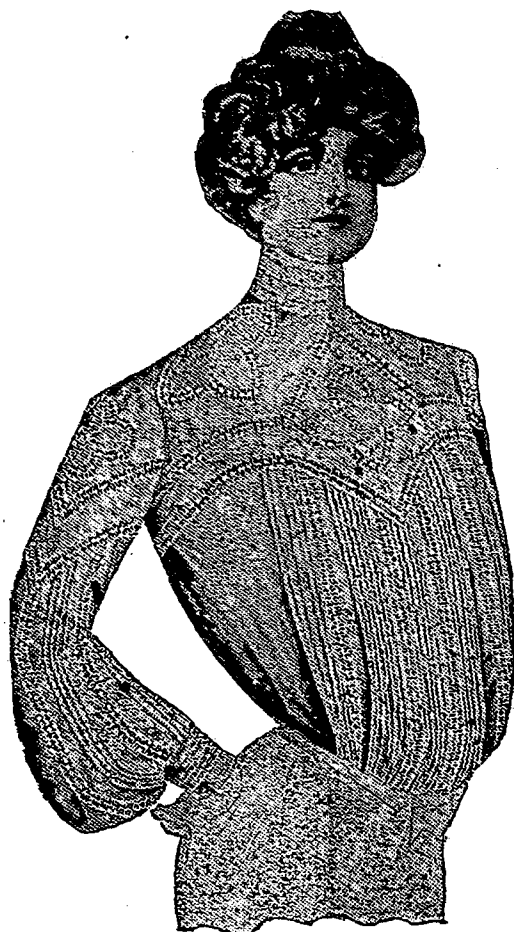

The same energy that has marked and characterized the administration of the affairs of these railways during the last year will be applied to the business of the new company and the extensions proposed will probably be made with celerity as soon as operations are practicable. More than ever will the new organization deserve the proud title of "The Great Traffic Arteries of Van Buren and Berrien Counties."—Benton Harbor News.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City O. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for Consumption, and our darling was soon sound and well. We are quite sure this grand medicine saved his life." Millions know it's the only sure cure for Coughs, Colds and all Lung diseases. W. N. Brodick guarantees satisfaction, 50c, \$1.00. Trial bottle free.

LATEST FASHION NOTES.

Ivory [white taffeta is used for this waist with front laid in alternate tuck clusters and stripes of openwork fibre braids, in drop-shoulder style. The fanciful decorations of braid are varied with medallions of chiffon. The back is in tucked effect, and the narrow belt is of silk.

The new shirt-waists are veritable triumphs of the modiste's skill and cunning. Embroidery occupies an important place among the season's decorations, and blouses of white flannel or cashmere are lavishly elaborated in black and white Corticelli silk in a pattern of bow knots and fancy stitches. A tucked yoke that was in pointed outline at the center of the front was the characteristic feature of the shaping of a waist of this order, that was made to accompany a Norfolk suit.

Magazine Reviews

Manufacturing in Montana and Washington.

The production of metals in the Northwest is intimately connected with its production of coal. Both are cause and both are effect. The demand of the smelters for coke is imperative, and the dependence of the mining industry on local smelters is complete. The production of ores in the Northwest has only begun. In ten years, Montana will be a great iron-producing center. Hardly more than ten years will be needed to develop the iron ores of Washington. Unlike gold, or even copper, the distance that raw iron can be economically shipped by railroad is limited. Near the places where it is produced, it must be wrought into rails, car wheels, and cutlery. The recent movement toward developing the iron ores of the Northwest means more for the development of the country than the rapid growth of its mines of precious metals. It means diversified manufacturing, and here again the abundance of cheap fuel plays an important part. All that Pennsylvania is, it is safe to predict for Montana; and all that New York stands for in the way of fruit, manufacturing and commerce, one may prophesy for Washington. With the Northwest an iron-producing center, yards at Puget Sound to rival those of the East in constructing ships for the still embryonic Oriental trade are a natural consequence.

The vigorous efforts to develop the transcontinental trade over the northern roads will be another factor in stimulating the coal-mining industry of the Northwest. The opening of the isthmian canal will doubtless be a disturbing factor for a time, and goods destined for the East will reach New York by water. The middle West, however, no longer finds that Eastern customs mark aids the selling of goods, and Chicago houses are importing directly from Japan. The growth of the inland trade will ultimately make amends for the loss of through Eastern traffic. —From "The Coal Deposits of the Northwest," by Frank A. Wilder, in the American Monthly Review of Reviews for Feb.

The fountains of the eternally virginal spring in every human heart and keep the world of new emotions perennially fresh and beautiful; and to each of us is given the right not only to possess them, but the obligation to cherish them. —From "My Old Maid's Corner," The Century, February, 1908.

"Heads I Win, Tails You Lose," Either Way.

A young lawyer, whom, out of respect for his feelings and for the sake of convenience, we will call A. made a wager with another youthful member of the same profession, to whom we will refer as B. A. lost, and it was arranged that the debt should be paid when he won his first case. But as A. didn't have many cases, and as he lost what he did have, B. got tired and determined to sue A. for the debt. He felt very much satisfied about the matter, for he had studied it all out, and his legal mind had enabled him to reason thus: If I win the case, of course I shall get the wager, and if I lose, A. will have won his first case, and, according to the terms of the original agreement, will have to pay me.

When A. heard of B's intention of bringing suit for payment of the wager, he chuckled wisely over his law books, for his training had taught him to reason thus: If I win the case, why, well and good; I just won't have to pay the money, that's all; and if I lose, why, by the terms of the original agreement I won't have to pay, for I shall not have won my first case. Who won the suit?—Will Carleton's Magazine, Everywhere.

Coonley's Cough Balsam is the only cough cure that is tonic and laxative, working off a cold and stopping the cough at once. Pleasant to take, particularly recommended for children. Price 25c and 50c at Dr. E. S. Dodd & Son's.

Possible Trouble Ahead.

Many of the county papers this week contain account of Dr. Blankner's practicing medicine without a license. The following is from the Niles Sun of Feb. 6:

Dr. Blankner, the rather theatrical appearing gentleman of professional tendencies, who with his retinue occupied the boards at the Niles opera house all of last week, may be investigated by the authorities. The "doctor" claims to be a specialist in the diagnosis of diseases; can tell just what's the matter with you at a glance. He also extracts teeth without pain and meantime his vaudeville artists amuse the audience who are attracted by the inducement of a free show. The doctor and his troupe are at Buchanan this week. The charge against him is that he is treating diseases without proper legal authority. Complaint has been made to the prosecuting attorney and the doctor will be investigated.
