SUCCESSFUL SEASON

Messrs Ingalls and Denno Report This as the Best Season They Have Ever

HAD IN STURGEON FISHING.

An Account of Which is Given Below.

C. P. Ingalls and Elta Denno, who have been engaged for five years in sturgeon fishing in the St. Joseph river at this place, report that this was the most successful season they ever had. No doubt many of our readers will find it of interest to know about this industry in our midst.

With the season, May 1st, they had caught 42 sturgeon; the largest weighing 144 lbs. and the smallest 21 pounds. The largest number caught at one time was two, one of which weighed 130 lbs., the other 50. They have in previous seasons caught 3 at one time; of the fish caught 30 were males and 12 females. From the females they took 250 lbs. of roe,—one female alone produced 45 lbs.,—which is made into cavier, a relish which is highly prized in large and fashionable restaurants. Both the sturgeon and the cavier are shipped direct to New York. The number of lbs. shipped was 2,366 live weight, besides that which was sold in the community.

HAPPY RE-UNION.

Night-Mare Cooking Club, After Eight Years Separated, Spend an Evening Together.

That "auld acquaintance" should not be forgotten was evidently in the thoughts of the ladies of the former members of the Nightmare Cooking club last Friday night, when they met for a re-union at the home of Mrs. John Bishop.

A number of years ago when these now mature ladies were giddy girls just graduated from high school, they organized a cooking club, consisting of seventeen members. Through all these years no death has occurred among these members.

As was the custom of the club, from former years each person present did part of the cooking, and when completed a delicious three course was in readiness.

Miss Georgie Wilcox acted as toast mistress, and in her address said, that though the scenes through which the members had passed had been many and varied, yet on the whole, their lines had been cast in pleasant places. The toasts were exceedingly interesting and well worthy of a larger audience, though a more appreciative one would be hard to find. "Why am I single?" was responded to by Miss Susie Butler, "Troubles of Married Life" by Mrs. L. E. Peck, "Single Blessedness" by Miss Carrie Shafer, "Rearing a Boy" by Mrs. Harry Paul, "Husbands," Mrs. Glenn Smith, "Life in the West" Mrs. Winifred Rose (nee Higbee), "Traveling with the Show" Mrs. John Bishop, "Recollections of Nightmare Cooking club" Mrs. Myrtle Moore (nee Stettler) of South Bend. An interesting letter was read from Mrs. Rose Smith (nee Simmons) of Detroit, who was a member of this club.

A flash light picture was taken by Mr. John Fydell, before the club dispersed.

All felt the occasion an unusual one of real interest and value in strengthening the ties of friendship which bind these women together.

Base Ball

The Dowagiac high school played a game of base ball with the local team last Saturday afternoon. The result was a victory for the visitors by the score of 8 to 12. The playing on both sides was a little slow on account of the cool weather, but the game was close, Buchanan being ahead until the 9th inning.

The Buchanan team is getting ready to meet the St. Joseph team on the home grounds next Saturday.

VERY SUDDEN DEATH OF

Mr. P. B. Gosline on Saturday Morning.

ONE OF OLDEST CITIZENS

Funeral to be Held Tuesday Afternoon at His Late Home.

Mr. P. B. Gosline, almost 90 years age and the oldest citizen in Buchanan, except Mr. Joe Sparks, on Saturday morning, was around as usual; he had walked about on the lawn with Mrs. Gosline when he complained of a pain in his stomach. He went into the house where his good wife made him as comfortable as possible upon a couch, but before many minutes had passed the venerable gentleman was called to his long home. For 37 years he had been a resident of Buchanan.

One by one the old citizens pass away and others come to fill their places. The funeral services will be held Tuesday, the services taking place at 2 o'clock at his late home, corner Clark and Smith streets. The Rev. W. J. Douglass will preach the sermon.

SENIORS ARE ENTERTAINED.

Junior High School Pupils Provide Pleasant Evening.

The annual reception of the juniors was given to the seniors Friday night at the home of Louis Runner on Clark street. The guests were all assembled at 9 o'clock, when an excellent program was rendered as follows: Instrumental music, Ethel Stryker; address, Carey Tremmel; recitation, Willard W. Wade; duett, Miss Seymoure and Mr. Brown; reading, C. L. VanEvery; vocal solo, Mrs. W. L. Mercer; impersonation, H. P. Bailey; vocal solo, E. Crossman; prophecy, J. D. Spennetta; violin solo, L. O. Runner.

After this was given games were introduced, first a digit game in which Principal Brown was winner of the first prize and C. A. Brant the consolation prize. After this a three course lunch was served. Two more contests were held and after a most agreeable time the guests departed expressing themselves as passing a most pleasant evening. The house was handsomely decorated in the class colors and flowers.

SCHOOL NOTES

The seventh grade is glad to hear that Grace Fowler, who has been sick about three weeks with measles, is improving.

Claude Wood, of the third grade, has been absent several days on account of sickness.

Hazel Irwin visited the eighth grade on Wednesday.

The fourth grade is sorry to lose Rubie Strauser and Jessie Eisenheart. Miss Seymour is teaching the fifth grade a new song, "Bob White."

The third grade are studying about Berrien county this week.

The schoolroom windows of the seventh grade are brightened up by many plants.

The eighth grade has lost several members on account of spring farm work commencing.

The A arithmetic class of the sixth grade is reviewing denominate numbers.

The seventh grade is learning a new song entitled "Bob o'link."

The A class, fifth grade, have completed their geography and will spend the rest of the time in review.

The third grade has spent some time this week on the lives of Alice and Phoebe Cary. A number of their poems were read.

Robert Reamer won in a recent spelling contest in the sixth grade.

We of the fourth grade were reminded, by the May baskets, of the first of May.

Constructive Studies in the Life of Christ

By ERNEST D. BURTON and SHAILER MATHEWS Professors in the University of Chicago

A book prepared especially for use by advanced Bible students. An admirable help for students of the New Testament in colleges and academies, and advanced Bible classes. It aims to guide the student in the construction for himself of a life of Christ, derived directly from the sources as they exist in the New Testament. The most important political and social features of the New Testament are described, and the endeavor is made to present the events of the Gospel history in a true, historical perspective.

Waifs of the Street.

The homeless, the most illiterate, the most dishonest, the most impure—these are the finished products of child street labor. Whether or not we agree with this conclusion of Ernest Poole's paper in the May McClure's entitled "Waifs of the Street," we can not help reading it with intense interest. It is a powerful picture of the darker side of the life of the little street workers, of which we catch only a glimpse, and Mr. Poole assures us a misleading glimpse at that, when we buy an evening paper or get a "shine" on our way up town. In the author's opinion, the popular notion that "every street worker represents a starving, widowed mother," is largely myth. The street, it is said sharpens a boy's wits and makes a little man of him. True, says Mr. Poole, "the wits are sharpened, but we fail to see in which direction they are pointed." Mr. Poole has collected abundant testimony to the truth of his views, and his article is a notable one. It is copiously illustrated. —May McClure's.

June being the favored month for weddings, that issue of The Designer gives special space to articles of interest to the woman who expects soon to be a bride. "Brides and Bride Attendants," "The Juné Bride's Trousseau" and "Woman's Fads and Fancies" all cater to this one subject, and even the fiction leans to that side, for "Lavinia's Wedding Gown" and "Thalia's Successful Play" have matrimony as a theme. The fashions and millinery shown in this month are charmingly summery and dainty, and so too are "Fashions and Fabrics" and "Points on Dressmaking," both of which have left heavier subjects on the light and airy side of woman's attire. In the literary portion of the book "The Magic of the Roof Garden," "Summer Sitting Rooms," "Farm Life for the Children's Summer Vacation" and "A Cherry Ripe Drill" all breathe of summer freedom and wholesome outdoor-doors. A new department is "A Page of Puzzles" for the little folks, while their elders are invited to edit for cash remuneration "What Women are Doing" and "Helps Along the Way." An extremely interesting article treats of "Labor-Saving Devices for Women," and the usual departments of "Etiquette Hints," "Floriculture," "Book Notes," "Toilet Table Chat," "In Motherland" and "The Kitchen Kingdom" are none of them permitted to lag in interest.

For Your Vacation Trip.

The Yellowstone Park, the nation's playground, is larger than the state of Delaware and nearly twice as large as Rhode Island. As in size it exceeds all other national parks of the world combined, so in grandeur and scenery it is unequalled. Here are located the eight great geysers of the world. Mount Washburn, one of the peaks in the park, has an altitude of 10,388 feet. The whole park is an area of wonders unparalleled. It is from 1,000 to 5,000 feet about the level of the sea and is therefore within the zone of two seasons.

But to really know this wonderland you should take a trip through there. You cannot spend a vacation season more profitably or more pleasantly. The Chicago, Milwaukee & St. Paul Railway offers choice of routes to and from Yellowstone Park. If you are interested, complete information about the cost of the trip, choice of routes, train service and tickets will be furnished on request.

Bridge Takes a Plunge.

Tuesday afternoon the bridge over the Paw Paw River between St. Joseph and Benton Harbor took a sudden plunge in the river. For the first time this season it was swung open to allow a dredge to pass up the river, and the fastenings broke and let the heavy draw down. Fortunately no one was injured; one employe on the dredge was given an involuntary bath in the river but was rescued. Trains on the Pere Marquette were delayed the balance of the day, but by Wednesday the bridge was again pronounced safe.

LATEST FASHION NOTES

LOOSE COAT OF TAN CLOTH.

Loose coats and wraps promise to be quite the thing for winter wear, a fact which is to be welcomed, as then we are less liable to crush our dainty waist—something every woman has experienced and deplored. The material of this very attractive model is the palest shade of tan cloth richly trimmed with cream "flet" lace. The sleeves are quite wide and flaring and are ornamented with three very narrow folds showing at the edge several rows of machine stitching done with the same shade of Corticelli silk, size D, which is generally used by the best dressmakers for this work.

A long loose coat of bright red light-weight lustrous cloth worn with a white wool gown would be charming for afternoon wear or driving. Indeed, a full or three-quarter-length wrap of some description is quite an essential item in every perfectly appointed wardrobe this season. When the one wrap must answer for both street and evening wear, black taffeta or peau de soie may be used. Lace or embroidered bands are particularly effective on these coats, though for a simple and stylish effect a broad collar of Irish lace or one of embroidered, batiste would be attractive.

The Maps.

Sometime ago we had a large number of maps which we gave to our subscribers. A number of persons who wanted them failed to get them so by an effort we have gotten another and last lot, at the present rate each person paying \$1.25 on his subscription now can have one of these maps, as long as they last. The maps are worth one dollar if bought elsewhere, so your subscription costs only 25 cents.

Some persons who had paid for their subscription before we made this offer wanted a map but did not want to again pay for another year. We now offer any such subscribers a map for 25 cents if called for at once. Remember that we will not continue the 25 cent offer.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. READ ALL OF THIS.

It Will Amply Repay Buchanan People to Make a Note of This Information.

Will the reader from morbid curiosity alone, if from no other reason read carefully the statement published below, then compare it with similar statement made by other medicinal preparations which appear daily in Buchanan papers.

Mr. S. F. Snell, Sugar manufacturer, of Division Street, Dowagiac, says: "I found by personal experience that Doan's Kidney Pills procured at Sherwood & Burlingame's drug store is a medicine of rare virtue. I had a severe lameness which was something unusual and when on my feet I had an aching across the loins. Doan's Kidney Pills gave me almost immediate relief and it was only a short time till the lameness and backache was a thing of the past. Doan's Kidney Pills did for me all that they claimed to do."

Just such emphatic endorsement is plentiful in Buchanan. Call at W. N. Brodrick's drug store and ask him what his customers report.

Business

Openings.

Under the above head we will publish from time to time business opportunities as we see them, and any one desiring information and addressing the Record we will do all we can to furnish information desired.

There are a number of very desirable and beautiful sites in Buchanan for the building of a fine hotel, and there is nothing that is more needed or would pay better than a first class hotel. It could be filled both summer and winter, for certainly we have the most natural advantages of any town in this part of the county. Some one having money to invest profitably could do well to look into this.

A Business Opening.

The publishers of "Success," the great home magazine of America, published in New York, write us that they desire to secure a local representative in this county to receive and solicit subscriptions. The compensation given by "Success" is said to be the largest offered by any first class periodical, and if any of our readers are desirous of undertaking work of this character, we suggest that they communicate at once with The Success Company, Washington Square, New York.

The Scholarship Bureau of The Success Company will also gladly explain a plan by which boys and girls can secure an education. The Success Company purchasing Scholarships in return for a comparatively small amount of work. Address for full information, The Success Scholarship Bureau, 32 Waverly Place, New York City.

TERMS \$1.25 PER YEAR

Entered at the Post-office at Buchanan, Mich. as second-class matter.

TUESDAY, MAY 5, 1908.

Your Subscription.

A little over year ago when we took charge of the Record office, one of the things that we had more trouble with than any other, was that our predecessor stopped the paper as soon as the subscription was due and the number of mad people could hardly be counted. Therefore we decided that if people wanted their Record stopped, they would inform us so when their time had expired, and that no one should be cut off without their notifying us that they wished to be. We of course thought there would be no one small enough to take the paper longer than he paid for it, then after three or six months instead of coming in and paying for what he deliberately came and took away, tell the P. O. officials that he did not want the paper. There can be no trouble in knowing when the subscription is due for every paper carries the date when due with it.

Owing to the condition of our work during the past six months when we were weeks behind with our office work, it has been impossible for us to look after our subscription list as closely as we expect to.

We have had a couple of cases like the above when persons have taken the Record for some months longer than they paid for, then instead of stepping into the office paying for it and asking it stopped they have informed the P. O. officials they did not want it.

We want to make a clear statement now—look at the tag on your paper and if it is over due and you do not want it to run longer come in, pay up and stop it, for we have no desire to send the Record to any one who does not want it.

If we have been kind enough to send you the the Record when your subscription expired because for some reason it has not been convenient for you to-day at the time, we feel that all will be as willing to pay as they have been willing to take the paper from the office.

In conclusion let us add if your Record is over due and you do not want it any longer just step in, or send in, pay up, and we will stop it.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c. at W. N. Brodrick, druggist.

FRUIT PROSPECTS.

Rather Discouraging Outlooks.

The past week was one of exceedingly varying mood. Wednesday was a typical spring day and all were rejoicing because they thought we would have settled weather, but, alas, how often our hopes are blasted. Thus it was in our hopes that spring had arrived, for Wednesday night there was a refreshing rain and all vegetation seemed to fairly bound out of the earth but Thursday it grew colder and continued to grow colder during the night. When the sky cleared Friday morning, May 1st, it presented to the anxious fruit raiser that which he most feared—much of the fruit destroyed, some of it entirely. Below we give the opinion of some of those who are interested in fruit:

James White brought into the office a strawberry stalk on which were buds in all stages and they were all destroyed. He says there will be no strawberries and that the peach crop has largely been destroyed.

Frank Stryker says that there will be very few early straw berries and plums, if any, also that the peach and cherry crop will be reduced at least one half. Out of 12 apple blossoms 6 were killed.

The following is the report from Berrien, Van Buren and Allegan counties:

VIEW OF BERRIEN GROWERS.

Warren Morrill, Benton Harbor—I

do not think that peaches are injured in the least. Peaches in full bloom will stand a temperature of 20, or 7 degrees colder than we had last night. Probably the cherry crop is badly injured.

Roy Clark, Pipestone—at noon today the peach blossoms looked as bright as ever and I do not believe that they are injured. If there has been any damage it is not yet apparent.

Marshall Hull, Benton Harbor yellow commission—I think the damage is heavy. Strawberries of the early varieties are killed. I talked with a Sodus fruit grower this morning who told me that the peaches in his neighborhood were cooked.

Harrison Merry, Fair Plain—Asparagus is frozen to the ground and my loss is 100 bunches. I believe that the cherries are injured but do not believe that the peach blossoms are killed.

F. Morley, Benton Harbor—I do not believe that it was cold enough to do any damage to fruit trees.

B. M. Nowlen—I have not examined the peach trees today but if they are frost killed they would show it before noon.

Daniel Stump, Benton township—The freeze picked my early strawberries cleaner than they were ever picked before.

Mrs. C. E. Lockwood, Covert—I left home too early this morning to tell whether the peach crop is damaged or not. Most of the people about us fear that great damage has been done. It is generally conceded that early strawberries have been killed.

VAN BUREN COUNTY

The Evening News today received the following telegrams from the leading fruit centers of Van Buren county.

South Haven, May 1—No damage reported from the freeze last night except on very low land, and even there but slight injury was done.

Hartford, May 1—Frost killed all early strawberries and peaches excepting those on high ground which suffered no apparent damage.

BELOW FREEZING IN ALLEGAN CO.

Fennville, May 1—Mercury went down to 25 this morning. Plums and sweet cherries are nearly all killed, while peaches and apples are badly hurt. Close to the lake the buds are not so far advanced and are less injured. The total fruit crop will probably be reduced one-half. The prospect for a good berry crop is not much hurt.—Benton Harbor Evening News, May 2.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect pill. 25c. at W. N. Brodrick's drug store.

The P. P. F. Club.

The Portage Prairie Farmers Club met at the home of Mr. and Mrs. Albert Rheades Friday evening May 1.

An excellent programme had been prepared for the evening consisting of a song "I love the dear old farm the best of all" sung by Mr. and Mrs. E. J. Rough, Mrs. Grace Rough and Mr. E. S. Arney. The roll was then called showing a goodly number of the members present and likewise non-members. Song "Don't be in a hurry to leave the Farm" Mrs. Zella Rhoades after which the question for debate was taken up which was "Resolved that city life is preferable to country life." Affirmative side was taken by Mrs. Rose Arney, Frank Rhoades and Emory Rough; negative side Mrs. Grace Rough, Jacob E. Rough and E. S. Arney.

The judges were Mr. Harvey Korn, Mr. Andrew Havaly and Mr. Wm. A. Womer and it seems they thought city life the best and so decided for the affirmative.

Mr. Arthur Eisele and Miss Edith Swartz then favored the club with music on guitar and piano. The club then motioned to adjourn to meet with Mr. and Mrs. E. J. Rough May 14. Among the guests present were Mr. and Mrs. Andrew Havaly of Michigan City.

Grand Jury.

The grand jury is still in session at St. Joseph this week and rumors are numerous that Buchanan is not to escape the investigation.

LAPSING TO SAVAGERY

It Would Seem, When Barbarism Like This Is Considered Amusement.

BOY IS BRANDED ON THE FOREHEAD

Employers Organizing to Fight the Strike—John S. Helmick's Harvest Record.

Grand Rapids, Mich., May 4.—John McPherson, president of the junior class of the Grand Rapids high schools, bears an ugly mark on his forehead in the form of the figures '03 firmly imprinted there, he alleges, with hot branding irons by members of the senior class. McPherson was inveigled at night into a vacant lot surrounded by bushes and trees, where the conspirators were waiting to decorate him and where a fire built in a hole in the ground heated the irons. He was firmly bound and then two young men who wore masks applied the brands.

Thinking of Fighting the Unions.

Grand Rapids, Mich., May 4.—The strike of the carpenters here has culminated in the issuing by the contractors of a call for a meeting of all building contractors and manufacturers of and dealers in building materials in the city to form an organization to combat union methods. The contractors have conceded the advance in wages, but object to other demands by the carpenters. About 200 carpenters are out. Five hundred building laborers are also on strike for an increase of pay.

Turners Meet at Grand Rapids.

Grand Rapids, Mich., May 4.—Delegates from thirty German Turner societies belonging to the Turn Bezeirk, of Chicago, gathered in this city for the forty-sixth annual convention of the organization. The local turnverein society is the only one outside of Illinois affiliated with the Chicago organization and this is the first time the annual convention has been held in Grand Rapids. The meeting lasted two days and closed with a dinner and entertainment.

HE NEVER MISSED A SEASON

John S. Helmick, a Pioneer Farmer Who Worked Seventy Years in the Harvest Field.

Buchanan, Mich., May 4.—John S. Helmick, who had a remarkable record as a Michigan pioneer, is dead in this city. Helmick had reached the age of 79 years, and for seventy consecutive seasons worked in the harvest field, having never missed any part of any season from the time he was 9 years old till he himself was gathered among the sheaves.

He began with a sickle in Warren county, O., when he was 9 years old, "gouging out" in the land that was being cut by his father. The next year he was taken into the field as a full hand and in all of the years since he has harvested grain. He came to Michigan in 1836. His father and mother, with five children, drove a four-horse wagon and five cows. Four years of his harvesting record he put in in North Dakota, where he ran a header.

Must Report Labor Troubles.

Lansing, Mich., May 4.—Governor Bliss has signed Representative Duncan's bill to require mayors and village presidents to report impending labor troubles to the state board of arbitration. He has signed also the measure authorizing the fire commission of the city of Detroit to grant a pension to Mary Neville.

Deal Involves \$675,000.

Houghton, Mich., May 4.—The Higgins Development company, organized here by James R. Dees, includes local, Chicago, Duluth, Pittsburg, and Bisbee capitalists, who will acquire the Higgins group of eleven claims adjoining the Copper Queen mine at Bisbee, A. T. The price paid was \$675,000.

Young Alleged Murderer Arrested.

Dearborn, Mich., May 4.—Joseph Brown, who attacked and fatally wounded Mrs. John Ellis, an aged woman, here, has been found at Woodmere, Mich. He had been arrested at that place on the alleged charge of snatching a pocketbook.

Disappointed in Her Love.

Gallen, Mich., May 4.—Miss Adah Freeland, of this village, committed suicide at South Bend, where she was visiting relatives, by drinking carbolic acid. Disappointed love is supposed to have been the cause.

Michigan Gets Revenge.

Ann Arbor, Mich., May 4.—By the score of 12 to 4 the University of Michigan base ball team took complete revenge for its defeat at the hands of Chicago university three weeks ago.

Tragedy at a "Serenade."

Bay City, Mich., May 4.—Fred Wendt, aged 16, was hit on the head while "serenading" a newly-married couple at the home of Charles Cook, Salzburg. His skull was fractured.

Record of Michigan Veterans.

Lansing, Mich., May 4.—The house has appropriated \$22,350 for the purpose of publishing and distributing a record of Michigan soldiers in the civil war.

The Wage Worker's Dollar!

It often represents hours of arduous toil. When that dollar is spent it should command the fullest buying power. To give it that power is one of the vital principles of this business. We ask that no assertions made by us go unchallenged. Apply the test at any time and you will find us prepared to back up our promises. Our spring stock of Clothing is complete, and one of the largest in Berrien county. Can we have the pleasure of showing the line to you?

THE FORD'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.
I cannot recommend Theford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

MONEY FROM TOYS.

Wealthy Man in New York Makes Fortune Peddling Toys.

Going up Riverside drive in New York the other day, a friend pointed out what is usually called a "palatial" residence at the corner of Seventy-ninth street, and remarked:

"I wish you could see the inside of that house. It is fitted up in the most extraordinary manner. In the basement is a billiard and smoking room finished exactly like the smoking-room on the steamer Kaiser Wilhelm der Grosse. The dining-room is an exact imitation of one of the apartments in a famous London restaurant. There is a bedroom in which the arrangements and the decorations of the Empress Josephine at Fontainebleau are reproduced in the greatest detail, and other rooms in the house have been copied at great expense from famous apartments in the palaces of Europe or those which have attracted the fancy of the owner in hotels, museums, restaurants and private houses that he has visited.

"An even greater novelty, however," continued my friend, "is an extraordinary collection of toys, perhaps the most costly and remarkable in the world. No museum has anything to compare with them. The owner cares very little for other ornaments, and every table, mantel, shelf and cabinet in the house is filled with novelties and mechanical toys that are worth fortunes; hundreds of the most 'curious and expensive ever made. The last toy he brought home from Europe was a wire cage of gilded silver containing a golden bird about the size of a canary in which there is concealed a music box. When it is wound up by a key it will give an imitation of a canary singing so perfect that no one would ever suspect that the bird is not alive. This novelty cost the owner several thousand dollars."

"Who is he?" I asked.

"His name is Edgar Lehman, a Jewish millionaire, who for many years peddled toys on Fourteenth street, Twenty-third street and along Broadway and Sixth avenue and other parts of the shopping district. Fifteen years ago he was a familiar figure to the shoppers of New York City. He wandered up and down the street with a tray filled with toys hanging by a leather strap about his neck, and on his arm was a basket filled with surplus stock. He now practically controls the toy trade in New York City, and is also largely interested in the fur business.

"You can infer from the size and style of his house that he is not compelled to peddle any longer."

"And what is the story?"

"Lehman is now about 60 years old. He was born in the London ghetto, was brought to the United States by his parents when a child, and raised in the Hebrew quarter of Newark. When he was about 11 years old and a schoolboy in that city—for every Jewish boy must go to school until he is 14, no matter how poor his parents are—Lehman discovered in some way that the tobacco manufacturers of that town would pay good money for the little square sheets of tin foil in which they wrapped plug tobacco and which are always thrown away by the buyers. With this knowledge that little Jewish boy organized a syndicate of other boys in Newark, which afterward extended to New York and Jersey City, for the purpose of gathering the wrappings of tin foil which were cast away by people who chewed tobacco. The boys entered into arrangements with hotel porters, janitors of building, women who sweep out offices, clerks in grocery stores and the slopmen of saloons to save the stuff for them, and they brought it to the Lehman child, who disposed of it secretly to the tobacco manufacturers for about twice the price he paid the other boys for it.

"This was the beginning of a remarkable business career. In the meantime he peddled hot coffee and sandwiches to the skaters on the Passaic River at Newark in the winter, and lemonade, ice cream and cake to boating parties in the summer. He acquired two or three newspaper routes and engaged in other little enterprises, all of which were profitable until when he was 15 or 16 years old he had several hundred dollars in the bank and was loaning money to grown men in the bank in the Newark ghetto at high rates of interest.

"One day when about 16, he was passing a store in New York where a stock of toys which had been damaged at a fire were being sold at auction for the benefit of the insurance

company. Young Lehman's business instincts recognized an opportunity for speculation, and he purchased nearly all the stock for a trifling amount of money, perhaps 1 or 2 per cent of its actual value. He paid cash from his deposit in the savings bank and had the goods shipped to a store-house in Newark, where he opened the cases from time to time and instructed his mother and sisters, and his father, who was a peddler by a trade, how to repair those that were broken and restore those that had been damaged by water. In the mean time he sent his father out in one direction, while he went in another to peddle the toys to the public. He also employed other Jewish boys and men as agents. Giving each a tray full of toys he would station them in the neighborhood of schoolhouses and parks where children came to play. When the trade of Newark was exhausted he invaded Jersey City, New York and Brooklyn, and being able to undersell the toy stores made a large profit. The stock of toys which he purchased for a few hundred dollars at that auction lasted him for a dozen years, being replenished from time to time with novelties that would attract the attention of purchasers.

"As he accumulated money he invested it in toy stores and manufactories and became involved in a fur establishment by loaning money to a friend. Now he lives in one of the grandest houses on Riverside drive and has the finest private collection of toys in the world."—William E. Curtis in Chicago Record-Herald.

The Most UNPLEASANT FEATURE

Of shoe-wearing used to be the breaking-in process. People used to expect at least a week's foot unhappiness. They looked for it and were seldom or never disappointed.

Different now. It is a daily occurrence for us to have people say about a new pair of shoes: "They are as comfortable as the old one's." It ought to be so.

A shoe that is the shape of the foot, that is not too large, and not too small, will feel comfortable from the first minute you wear it.

Plan for Paper

In all your plans for improving your home take wall paper into consideration. If you leave that out you omit the most essential feature. Eventually people will change the dress of their room each year; many do it now, that is why wholly new styles of decorations come out each season.

All the most attractive and artistic designs for this year are now here and we wish you to feel at any time and see them.
