### Cost of Grand Jury

A court house statistician has ascertained that the late grand jury was in session 20 days in four weeks, examined 229 witnesses and found 25 indictments, 12 against Niles men, 8 against St. Joseph men, 4 against Benton Harbor men and one against a Vineland man. The jurors' fees reached \$926 40 and the witnesses' \$572.30, a total on \$1498.70, aside from the county officials' extra fees and the cost of trials of the indicted men, as the expense to the county incident to the clearing up of its work.—The Palladium.

### SOCIAL GATHERING.

Pedagogues Entertained by Prof. and Mrs. Mercer.

On Friday evening at the cozy home of Prof. and Mrs. Mercer there gathered a jolly and interesting party.

The School teachers' after a week of arduous toil, laid aside all care and some of their dignity and just gave themselves to an evening of real enjoyment.

The evening was spent in a very delightful manner with music and social intercourse; games were indulged in, and delicious refreshments were served.

## THE BERRIEN COUNTY FAIR

Seems to be Assured—Almost Enough Stock Subscribed

### STREET FAIRS ARE NO MORE

They are a Thing of the Past and Wisely so.

There is a strong effort being made at Benton Harbor to inaugurate a genuine county fair which is no doubt a very wise thing, for a real good county fair wisely conducted will be of great value to the entire county. The street fairs which for a while supplanted them are about a thing of the past and justly so, for they, with few exceptions, were a great detriment.

The agricultural interest and the stock raisers and the encouragement of all kinds of handiwork were entirely lost sight of in the effort to amuse. Each person in the county ought to do all to encourage the county fair if it is to be a stimulus to all producers to take an interest. Of course the race track will be a necessary adjunct, but if it should be made the main feature as the side shows were in street fairs, it will not be a success.

Let the street fairs be relegated to the rear with the skating rink but push forward the county fair.

### THE OLD, OLD STORY.

Sharper Took in Farmer Garwood, Also His \$130.

A Penn. Mich., farmer by the name of Garwood was defrauded of something over \$100 yesterday by one Charles Fay, a peddler who had been operating in the city, but seems to have sought other climes.

Garwood shipped a carload of potatoes here over the Grand Trunk. He went to the Schuler & Klingel commission house and asked what was being paid for potatoes. They offered 40 cents a bushel, and Garwood next went to the South Bend fruit company, where he was offered the same. After leaving the latter place he met Fay, who though boasting no relation to the widely known Anna Eva Fay, seemingly possesses some of her wonderful powers. In some manner Fay got Garwood to turn over his way receipt and bill of lading, the latter showing that Garwood had paid the freight on the shipment.

Fay then returned to Schuler & Klingel's place and showing the bills asked what they would give for the potatoes. He was asked how he came to get hold of the bills and answered that Garwood had met him, and said that as the potatoes were second grade, that perhaps he (Fay) could get more for them. The firm examined the potatoes and found them of poor quality and offered 25 cents a bushel, which was accepted. Before being given the check Fay was asked where Garwood might be found, and said at the Sheridan hotel. He was called up there by telephone and asked if any dealings with Fay were proper and satisfactory to him. He replied in the affirmative the check was given Fay; and he cashed it soon afterwards.

After waiting some time at the hotel for the latter's return Garwood started out to look him up, but failed to get any clue to his whereabouts. Garwood afterwards explained that Fay had said that he would try to sell the potatoes at Notre Dame, and he supposed that the telephone conversation came from the university. He has employed attorneys in the hope of getting back his money, or potatoes.—South Bend Times.

## THE PUBLIC SCHOOLS

Satisfactory Corp of Teachers Who Will be Re-engaged.

### ONLY ONE HAS RESIGNED

Miss Lynda Sandberg of New Troy Will Take Vacant Position.

In inspecting the public schools of Buchanan, those who have been interested agree that never in the history of the village have the schools been up to so high a grade as at the present time. The general department of pupils, the promptness of replies in the recitation rooms, and the methods of teaching are giving general satisfaction. Not only is the school as represented by the scholars up to a high standard, but the school grounds and building are greatly improved, especially is this true of the Dewey Avenue building.

The present personnel of teachers has been very satisfactory and with the exception of Mrs. Tormey (nee Wright), who will reside in Niles, will probably all teach the coming year. Miss Carrie Lewis is now supplying the 4th grade vacated by Miss Lindsley, and is giving good evidence of being a successful teacher and no doubt will be engaged for the next year, although nothing definite has been done yet.

Too much cannot be said regarding each of the teachers, but special mention is made today of the work of Superintendent Mercer and Principal Brown.

Professor Mercer is an up-to-date superintendent, interested in county and state institutes which he attends each year to receive new methods and ways of work. He has the confidence and esteem of the pupils and teachers.

Professor Brown, principal of the high school has completed his first year in the work with great credit to himself and with profit to the school. Professor Brown is a young man of great possibilities before him and the future will no doubt see him high in his chosen calling. Buchanan is indeed fortunate in securing so efficient a young man.

The entire corp of teachers is fully up to the standard and can compare favorably with an equal body anywhere if not surpass them. The following are the teachers elected for the coming year:

W. L. Mercer, superintendent; J. W. C. Brown, principal; Clara A. Chase, science; Mabel Curren, language; Elizabeth Mercer, first grade; Carrie Williams, second grade; Anna Simmons, third grade; Nina Holliday, sixth grade; Caroline Pearsons, seventh grade; Cora Friday, eighth grade; Lynda Sandberg, who has during the past year been teaching at New Troy, has been engaged to teach the fifth grade.

The scholars of the schools are a real delight to look at, being bright and active mentally and physically and of a high moral standard. The graduates from Buchanan schools are filling many places of trust and importance and the coming class will compare favorably with any of the past.

TERMS \$1.25 PER YEAR

Entered at the Post-office at Buchanan, Mich. as second-class matter.

TUESDAY, MAY 12, 1903.

The Same Old Story.

Will humanity ever be satisfied with nature and providence? When nature a few weeks ago seemed to be rather severe, how nearly every one looked on the dark side.

Riford and St. Clair.

Fully Vindicated by Resolutions of the Grand Jury.

The grand jury, on Thursday, May 7, adopted the following:

St. Joseph, Mich., May 7, 1903. Whereas, the Grand Jury of Berrien county here assembled, after a thorough and impartial investigation of the charges made by the public and press of this county and of the Chicago American against our present prosecuting attorney and justice of the peace in the so called Loesch case, believes some action should be taken relative to the same; therefore be it.

Resolved, That it is the sense of this body that the prosecuting attorney and justice of the peace have been maliciously and unjustly charged of wrongfully receiving money in this particular case.

Further, that while we firmly and candidly believe that from the evidence received by us that the said officers made a grave mistake in the discharge of the respondents, O'Rourke and Watkins, we are just as positive they never received any money other than their regular fees.

Resolved, That a copy of these resolutions be presented by the clerk of this body to the prosecuting attorney W. I. Riford and justice of the peace John C. St. Clair, and ask that the press of Berrien county publish the same in justice to the said officers,

SERIOUS CONDITION Of Mail Clerk Geo. Fales Causes His Friends to Have him Removed to Hospital.

Mail clerk, George Fales, had his thumb hurt several weeks ago and has been suffering from blood poisoning which has caused his friends much anxiety.

Malta Commandery, Knights Templar, of which Mr. Fales is past recorder and a prominent member, sent Dr. Tutton to Buchanan Friday morning to see their sick brother and render any assistance possible.

Dr. Tutton thought Mr. Fales ought to be removed at once to the hospital so on Saturday morning he was taken to the hospital at Benton Harbor.

The Palladium of Saturday says Mr. Fales is at Mercy Hospital and while he is a very sick man shows a tremendous amount of will power and constantly insists he is "always better."

Tuesday morning reports were received that he was much improved.

School Notes.

The 7th. grade history class had a very instructive lesson in the form of a question box Monday.

A class 4th. grade has been very much interested in studying swamps this week.

The girls and boys of the 5th. grade are quite proud of their new picture of Longfellow, which they purchased with money earned by themselves.

The county examinations were held in the 8th. grade Thursday and Friday.

The 3rd. grade has been learning the parts of a flower.

Some good work in coloring maps has been done in the 6th. grade.

The B 4th. grade was the banner class this week.

Mattie Royer of the 6th. grade has been obliged to leave school on account of her health. We miss her very much.

Some very interesting stories from the "American Boy" have been enjoyed by the pupils of the 7th. grade for morning exercises.

Georgia Rollins of the 8th. grade is in school again after a short visit in South Bend.

The A class 6th. grade has completed their work in Geography and began reviewing Friday.

In the last regular spelling contest of the 5th. grade, Vita Lewis and Fred Wood won the "stars."

The 7th. grade A. are taking the 8th. grade examination in Physiology and Geography.

Newell Royer, Kenneth Hosford, George Chubb of the B 3rd; and Hazel Hayes, Nada Woodworth and Lester Rough of the A 3rd. wrote the best stories in language this week.

Clarence Hess of Glendora visited the 5th. grade Monday.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age.

Henry R. Hobart.

An Old Resident of Buchanan Died at Soldiers' Home Grand Rapids.

Saturday May 9th. at the Soldiers' Home Grand Rapids, Henry R. Hobart answered the last roll call and another name was added to the nation's dead.

His remains were brought to the home of his son, Walter, at Niles and from there to Buchanan on Sunday for burial in Oak Ridge Cemetery.

Mr. Hobart was born in Vermont, came to Buchanan from Ohio when about 8 years old, and with the exception of about 5 years spent in Kansas, and the time he served his country in the civil war, his life was spent in the vicinity of Buchanan.

Bedding and Vegetable Plants.

A fine lot of geraniums, asters, verbenas, salvia, etc, also cabbage and tomatoe plants for sale at the River St. Green houses.

Card of Thanks.

We desire to return our sincere thanks to the friends and soldiers who came to pay their last respects to our father, and their old comrade, on Sunday last.

Fish Law.

Act 111, P. A. 1889 has amended as to Sections One, Six, Seven, Eight and Fifteen, as follows:

Section 1. No person shall catch or take from any lake, river or stream of this state, by any means whatever, any speckled trout, land-locked salmon, grayling, California trout, Loch Leven trout or steel head trout from the first day of September in each year until the first day of May following thereafter; no person shall catch or take any muskallonge, or any black, strawberry, green or white sturgeon, by any means whatever, except by hook and line, from any such lake, river or stream, from the first day of March in each year to the first of July following thereafter.

Section 6. It shall be unlawful for any person or persons to take, catch or kill, at any time, any speckled or brook trout, German trout, California trout, land-locked salmon, Loch Leven trout, steel head trout, or grayling or any black, strawberry, green or white bass, or sturgeon in any manner whatever except by hook and line, in any waters of this state, excepting Lakes Superior, Michigan, Huron and Erie, and the bays and harbors connected with said lakes and Saginaw Bay, or in any other waters, under the provisions of any local act.

Section 7. It shall be unlawful for any person or persons to kill or capture, in any manner whatever, in any of the waters of this State, or to have in possession, any brook trout, speckled trout, California trout, landlocked salmon, Loch Leven trout, steel head trout or grayling of a size less than seven inches in length.

Section 8. Hereafter it shall not be lawful for any person to take or catch, by any means whatever, any brook trout, Loch Leven trout, steel head trout, grayling or California trout from any stream in which brook trout, Loch Leven trout steel head trout, grayling or California trout are not native, and which have been stocked with such fish by the State Board of Fish Commissioners, for the period of four years after the first planting of any such fish therein.

Section 15. It shall be unlawful for any person, under the penalties provided in section fourteen of this act, to kill or capture in any of the lakes, rivers or streams in this State, or any of their tributaries, more than fifty fish of any of the kinds hereinbefore mentioned in any one day, or to take with him therefrom or to have in his possession at any point away therefrom more than one hundred fish of said kinds at any one time.

This act is ordered to take immediate effect.

Approved April 29, 1903. I trust that all good citizens and true sportsmen will join in the enforcement of the foregoing law.

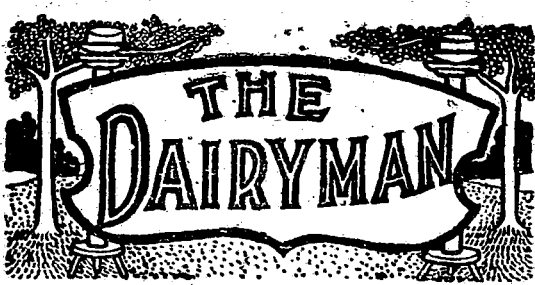

Send all information of violations of the fish and game laws to CHARLES H. CHAPMAN, State Game and Fish Warden, Sault Ste. Marie, Mich.

According to the eleventh census, the dairy industry of Pennsylvania was exceeded only by that of New York, Wisconsin, Illinois and Iowa.

The creamery operators of Pennsylvania are paying the farmers more for their milk than the operators of New York pay, yet sell their butter at no higher price.

The farmers of Kansas spent nearly \$500,000 for cream separators last year. One company sold 1,000, and this was not more than one-third the number sold in the state.

COLORS IN JERSEYS.

White Tongues and Switches Are Not Signs of Impurity.

A Pennsylvania breeder of fine Jerseys and a steadfast friend of progressive dairying writes me thus: "When you are writing 'Jerseys' for agricultural papers, won't you try to explain that white markings, tongue and switch are not signs of impurity? Farmers need this drummed into them."

It is a fact well known among Jersey breeders that our farmer friends who are not skilled in our craft and who are acquainted with the more material history of the Jerseys regard any departure from the grays, fawns, lemons, etc., of solid colors as of impure breeding.

Some of these same people may have been at the great Cooper sale last May and seen certainly the best working individuals in that great collection of magnificent animals sell for a song compared to the prices of some of the dainty pets of pedigrees.

From manifest taints of blood and that a white tongue may have a virulent propensity that shall contaminate a race.—W. F. McSparran in Stockman and Farmer.

Getting Around the Law.

The internal revenue department has seized a carload of cotton seed oil made by the Louisville Cotton Oil company for Moxley & Co., oleo manufacturers in Chicago, claiming that this oil has been artificially colored for Moxley's use in making butterine, thus evading the color tax oleo law.

PRINT CHEESE.

A New Form That Is Received With Favor by the Consumers.

The first print cheese was made at the Wisconsin Dairy school during the winter of 1898-99. Since that time some of the details have been changed, but the general plan of the operation is the same as originally carried out.

The following is the method adopted at the University of Wisconsin: The cheddar cheese curd is placed in a mold or hoop of rectangular shape, the bottom or "follower" of which is a carved board.

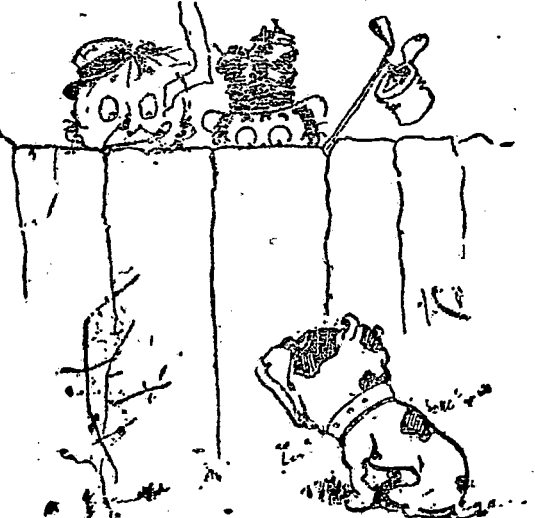

UNIVERSITY OF WISCONSIN PRINTS.

Each section on which U W are stamped represents one-half pound, two sections making one pound. This one pound print of cheese is about the size of a one pound print of butter.

This cheese was pressed in an upright press, the carved board being placed at the bottom of the rectangular mold and the bandage cloth cut to cover the carved board, sides and bottom of the cheese.
