## BERTRAND BUCHANAN

Sunday School Union Have Interesting and Helpful Convention.

## SERVICES WELL ATTENDED

Meetings in the Presbyterian Church—Close Sunday Night.

The Sunday School convention which was in session in the Presbyterian church, in this village, on Saturday and Sunday, proved a service of beauty, and if the listeners follow the practical advice given by the speakers, it will be a joy forever.

The opening session occurred Saturday afternoon, and was presided over by D. W. Kean; there were short talks by the pastors and other Christian workers, which was followed by a talk on primary work by Miss Florence Hoffman of Benton Harbor. Miss Hoffman gave a number of excellent thoughts on the presentation of a subject to the primary grade, using blackboard illustrations and kindergarten paper designs.

Saturday evening, the principal speaker was A. C. Roe, who gave an fine explanation of the Sunday School lesson, for the following day.

Sunday afternoon Elder Veach of the Christian church, gave a talk on "The Necessity of the Teacher's Meeting", which was earnest and brought out the real need of teacher's united effort in each school. This was followed by a talk on grade work in the Sunday School, by Miss Hoffman, who presented the cradle roll, the beginners' class, and the junior department. Dr. Lowrie of Niles then gave an address on "The Value of a Child"—its possibilities, its negations, its endowment and its destiny. It was an excellent address. In the evening, Rev. Halmhuber, pastor of the Evangelical church, led the young people's service which was followed by an able address by Rev. W. J. Tarrant of the U. B. church. The auditorium was crowded to the walls and the people listened to a sermon on the "Leakage of the Sunday school".

### County News.

W. L. George, an honorable citizen of Benton Harbor, a leading republican and prominent in masonic circles, died suddenly at his home in Benton Harbor Saturday of last week.

A young woman in a paper mill at Watervliet found \$95.00 in an old bustle.

Board of Supervisors will meet May 27 at St. Joseph.

### Base Ball.

On last Saturday the Buchanan High School Base Ball team played Niles.

The following Buchanan boys made up the team: Knight, Ray, Richardson, Broceus, Fuller, YanEvery, Brant, Morris, Spennetta.

The boys were driven over by Will House and the Buchanan rooters were scarce. They played on a timothy field, the boys out-batted and out-played the Niles team but they failed on running bases, and the score was 17 to 13 in favor of Niles.

### PORTAGE PRAIRIE

The following items were crowded out of Friday's paper:

Mr. and Mrs. Albert Bachman, Mr. and Mrs. Jacob Housewerth, were the guests of Mr. and Mrs. G. A. Scott, Sunday.

Ed Smith, Miss Fannie Korn, and Miss Jennie Ostroth, visited at the home of Mr. and Mrs. Philip Smith on Terre Coupee, Sunday.

Mr. and Mrs. Daniel Chamberlain and Miss Daisy Anderson, visited with Mr. and Mrs. Wilson House Sunday.

Mr. and Mrs. J. W. Cauffman and family, were the guests of Mr. and Mrs. L. B. Rough, Sunday.

## ARE SOON TO GRADUATE

Commencement Week Rapidly Approaching When Many Will Leave School.

## TO ENTER ON LIFE'S WORK.

Class of Thirteen Have Completed the Course.

With the speeding years, another class is about to step out from the school room, leaving behind the completed task of the prescribed course of study of the public schools.

The graduates are Ethel Wells, Blanche Wells, Vera Jennings, Theoda Treat, Leah Ray, Elsie Smith, Henrietta Phillippi, Winifred Morley, Emma Conrad, Cleve Brant, Fred Knight, Walter East and Ray Weaver.

The baccalaureate sermon will be delivered on Sunday evening, June 7th in the Presbyterian church. On Wednesday afternoon following, in the Evangelical church, the class exercises will occur, and on Thursday in Rough's opera house, Prof. Goodrich, of Albion College, will deliver the commencement oration, taking for his subject, "A Living or a Life?" Prof. Goodrich is well known here and is a talented speaker.

### Salaries Lifted

The Postoffice Department announce changes in salaries of presidential postmasters in Michigan, based upon receipts for four quarters, ending March 31 and taking effect July 1. Following are the changes in this section: Berrien Springs, \$1,400 to \$1,500; Allegan, \$2,000 to \$5,100; to Dowagiac, \$2,400 to \$2,500. —St. Joseph Herald.

### PRESIDENT WORKS HARD

His Visit to San Francisco Is Jam Full of the Most Rapid Movement—Monument Dedicated.

San Francisco, May 15. — For strenuous proceedings those laid out for President Roosevelt the third day of his visit here must have warmed the cockles of his heart. His first "number" was the dedication of the Dewey monument, with a speech in which he again advocated a large navy and sharpshooters behind the guns. Then he visited the University of California and delivered the commencement address, incidentally receiving the degree of LL. D. Then he lunched with President Wheeler, of the university.

His next trip was to Ashland, where he spoke to the teachers and pupils of the high school. A visit to the Mare Island navy yard and the warship "Paul Jones" followed. Returning to San Francisco he had a little leisure until it was time to go to the Union League club, where a banquet was held in his honor. At midnight he departed for the Yosemite park.

### THEY STRUCK TOO SOON

Story Out That the Strikers on the M. and O. Made a Mistake.

Jackson, Tenn., May 15.—The committee appointed by the Commercial club to confer with General Manager Clarke, of the Mobile and Ohio railroad, made an investigation and wired Clarke at Mobile stating that it believed a mistake had occurred, and that if a conference could be held an agreement would result whereby the men would return to work.

Clarke, in answer, said he was certain the committee had done its work not knowing that he had attempted to get a conference on May 9, but that the men stated to him that unless he would come to St. Louis May 8 for a conference they would call a strike. It was impossible for him to be there on that date and they acted independent of any suggestion from him.

Clarke also says that it was now too late for him to hold a conference with the strikers; that several hundred men were employed to take their places, and he would not come to Jackson. He invited the leading officers of the strikers to meet him in conference in Mobile and offered as many men as desired to return to work their old places unless they had already been filled.

TERMS \$1.25 PER YEAR

Entered at the Post-office at Buchanan, Mich.  
as second-class matter.

TUESDAY, MAY 19, 1903.

The meeting of the Improvement Association on Wednesday evening developed considerable interest. Of the amount to advance the work less than one half has been paid in. It might be well to say that our opportunity of a few weeks ago, passed us by because there was not sufficient funds on hand to warrant the directors' making any agreement. Let the money be paid at once if it is going to be paid. Do something, do it in some business like way, and do it as if you were interested and if you can not do it just your way, do it as best you can, it may be better than your way. The directors are all good clean business men and there need be no fear that the money will be spent in junketing or any other foolish manner. Come to the front and let us all pull together.

## Grand Jury Cost.

There is a disposition to parade the cost of the grand jury and no doubt Judas-like there are those who will say: "Why this useless expenditure? the money might be used for other purposes." But every good citizen will say it was money well spent if no other good was done than ridding the community of Jennie Korn. It is to be hoped that there may be much more good done; where the evil doers are now secretly gloating over their apparent escape. It might be well to remember the jury still lives.

O'Rourke and Watson will have their trial completed in Centerville, St. Joseph Co., before Judge Yaple, time for trial not yet decided upon.

The six Niles men indicted by the grand jury pleaded guilty and each was fined \$75.00.

## Fish Law

Through Deputy Game Warden W. A. Palmer the following information is received: Attorney General Blair has furnished the state game warden an opinion to the effect that the new fish law recently enacted, and which provides that trout less than 7 inches can not be taken from any of the streams does not repeal the special act fixing limit at eight inches for trout taken from AnSable river and its tributaries. He also, holds that the law regulating black bass fishing provides as before that these fish may be caught lawfully after May 20.

Mr. Cornelius Smyer, South Bend, says: "Give me an other bottle of your Wine Lo-ti-Coonley's Beef, Iron and Wine with Nerveine. I took a bottle last Spring and it helped me just like you said, I slept better right away." It is sold by E. S. Dodd & Son's. Large bottles 50c. Take no other for there is no other equal to it.

Our printing will please you.

Mrs. J. G. DeVinney, who has been spending several days at Parkville, Mich., as the guest of her son, Rev. J. C. DeVinney, returned to her home last week; she went to be present on his birthday anniversary and gave the young man quite a surprise, as he had no information of her coming.

Wine Lo-ti-Coonley's Beef, Iron and wine with Nerveine—is a perfect tonic. It is made of the finest old Port and Sherry Wines with pure Ext. of Beef, Iron, Nerveine and Cascara with Aromatics carefully selected and combined so as to be readily taken up by the most delicate stomachs and carried into the blood, giving renewed and permanent vigor. It does not interfere with other medicine of any kind but helps and improves their action. Large bottles, pints 50c. Take no other, there is no other like it nor as good. Sold by E. S. Dodd & Son.

The Pere Marquette R. R. is improving the roadbed of the branch between here and Benton Harbor. Saturday morning as the train pulled out of Buchanan two cars of ties were trailed behind, and it was quite interesting to the passengers to watch a gang of section men, who were soon taken on, drop the ties from the cars as the train ran along at reduced speed. When one car was relieved of its load the men were also dropped from the train, when soon another gang was loaded and a second car was treated in like manner. The men again landed on terra firma, the train sped on at a pleasant rate, and Benton Harbor was reached in good time.

## Geo. Fales Died on Saturday.

Geo. Fales who has been long and favorable known in Buchanan, who with his family, only a few weeks ago, became one of our citizens, ended his life at Mercy hospital, Benton Harbor, on Saturday afternoon, where he had been taken for treatment for blood poisoning.

It will be remembered that about three weeks ago he hurt his thumb on a hook while weighing mail. It rapidly became very serious and caused blood poisoning. How small a thing will cause a death!

## LATEST FASHION NOTES

### A STYLISH BLACK WAIST.

Black peau de cygne is the material of which this corsage is developed. It has a deep yoke of heavy lace and is simply trimmed with straps of the silk stitched with white Corticelli stitching silk. Particularly attractive are the flowing sleeves.

It is in the little finishing touches of the toilet that style lies. The new stocks and belts available for all sorts of gowns represent a studied art. There is a hint of the coming invasion of plaids in crush belts, in gay Tartan patterns in silk, the buckles being of severe plainness, in gilt, silver, or black enamel. Persian panne in its softly harmonizing colors and various backgrounds, is prominently displayed as well, and narrow belts of white, red or black suede thickly studded with cut steel nail heads or emeralds are in evidence.

### Constructive Studies in the Life of Christ

By ERNEST D. BURTON and SHAILER MATTHEWS  
Professors in the University of Chicago  
A book prepared especially for use by advanced Bible students. An admirable help for students of the New Testament in colleges and academies, and advanced Bible classes. It aims to guide the student in the construction for himself of a life of Christ, derived directly from the sources as they exist in the New Testament. The most important political and social features of the New Testament are described, and the endeavor is made to present the events of the Gospel history in a true, historical perspective.

### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### For Your Vacation Trip

The Yellowstone Park, the nation's playground, is larger than the state of Delaware and nearly twice as large as Rhode Island. As in size, it exceeds all other national parks of the world combined, so in grandeur and scenery it is unequalled. Here are located the eight great geysers of the world. Mount Washburne, one of the peaks in the park, has an altitude of 10,388 feet. The whole park is an area of wonders unparalleled. It is from 1,000 to 5,000 feet about the level of the sea and is therefore within the zone of two seasons.

But to really know this wonderful you should take a trip through there. You cannot spend a vacation season more profitably or more pleasantly. The Chicago, Milwaukee & St. Paul Railway offers choice of routes to and from Yellowstone Park. If you are interested, complete information about the cost of the trip, choice of routes, train service and tickets will be furnished on request.

## POINTS FEEDING.

Keeping more cows than can be fed profitably is one of the most common errors in dairying, says a writer in the Practical Farmer. Very often the feed which goes to nine cows could be fed to six with better results. In fact, six will in many instances give as much as the nine would. We have a neighbor who is a careful manager, but every summer his pastures get short, and his cows give little more than half what they should. During the past summer, he milked more cows than we did and would have needed to keep several more in order to get as much milk as we did, while no doubt his cows are fully as good as ours. I have noticed that when cows are well and regularly fed they do not go dry so long as otherwise. Scant feeding for a few weeks even is a great mistake, for it can be only partially made up when feed is flush. Then many farmers pay no attention to a balanced ration, feeding most of that which they have in abundance, and hence results are not always satisfactory. Clover, either as pasture or hay, is among the best all around feeds; also nicely cured corn fodder and millet hay are good. For a grain ration corn and oats ground and mixed with wheat bran and oil meal in proper proportions give excellent results. Most farmers prefer to feed only what they raise and have on hand. This is frequently a mistake.

### Feeding Separator Milk.

Somebody writes to American Cultivator to complain of the effect of separator milk on young calves, causing scours or indigestion. The trouble was not with the milk, but its condition. Being heated at the creamery and remaining warm for several hours, it quickly sours, and sour milk produces trouble sooner or later, besides which the calf will not drink enough of the bad tasting stuff to keep him growing at full speed. The milk should be fed as soon as it comes from the creamery and should be fed warm. Big feeds of cold milk ruin a calf's digestion. If the milk is put in a cool place in a pail that is washed clean every day, it will usually keep sweet till the second feeding. If only slightly acid, its taste can be restored by adding a teaspoonful of cooking soda to the gallon. Separator milk is as good as any milk with the cream taken out, but to fatten veal calves a little flour or some other starchy food must be added, and the milk must be warm and sweet. Owners of separators have an advantage here, being able to feed the milk fresh from the machine.

### Hay For Cows.

It is poor policy to scrimp the cows, losing more in milk than will be saved in hay. Fortunately in the year of high prices for hay it is possible to buy something a good deal cheaper than the top grades, which will make the best of cattle feed. Clover, alfalfa and clover mixed are all three good values for the prices which they bring in wholesale markets. One leading Massachusetts dairyman buys alfalfa hay in car load lots. It comes well cured, bright, clean and fragrant, and he finds it far better for milk production than the best timothy, but costing one-third less. Much of the clover hay is poorly cured this year, but with care it may be fed to farm horses as well as cows with good results. It is so likely, however, to reach the horses in a dusty condition that it is safer to give it all to the cows. In general, the more clover in the hay bought the better value for cattle.

### When Cows Lack Lime.

When the cattle chew leather, wood or old bones, it indicates a lack of phosphate of lime in their food, which is required to supply bone material.

A teaspoonful of bone meal given daily with their grain will correct the habit and supply the deficiency which induces it. If the disposition to eat bones is indulged in when cows are in grass, the deficiency then evidently exists in the soil, and the pasture will be greatly benefited by a top dressing of bone dust. Two or three hundred pounds to the acre, sown broadcast, will repay attending expenses in a better yield and in quality of milk and butter.—Midland Farmer.

### The Cows Were Starving.

The following incident recorded by the Ohio Farmer may have its counterpart in some other herds:

"Our veterinary editor was recently called to see a herd near this city (Cleveland, O.) that was running down, without any apparent cause. At last he requested to be shown the food that was given them. The secret was there. It was commercial feed stuff, composed largely of ground corn cob, oat hulls, etc. The cows were starving. He ordered a change of food, and the cows at once began to pick up and increase the milk flow."

### Cement and Gravel Silo.

It is quite practicable to build a silo from cement and gravel. Indeed this style of construction is becoming quite popular in Canada, where the English practice of building once for all is more prevalent than on this side the line. Of course there will be some freezing, but this objection is not given much weight at the present time. It is not necessary to put such a roof on a silo as one would put on a barn or a house, but there should be roof enough to keep out the greater part of the snow in winter, and in practice nearly every silo is provided with a substantial roof.

### When Alfalfa Fails.

The Oklahoma experiment station has been investigating the pasturing of alfalfa, and it finds that one of the chief reasons of failure is due to pasturing it with cattle or horses.

### Congressman Hamilton Dissatisfied With Interview.

St. Joseph Correspondent Got the Matter Twisted.

Niles May 15.—Congressman Hamilton was shown the alleged interview with him published in a St. Joseph paper last night and he says that he was misquoted. This is what Mr. Hamilton says of the senatorial situation:

"Senator Burrows has many warm friends here and I think on the whole that the district will be for him. This is merely an expression of personal opinion."

"Will you be a candidate to succeed Burrows in 1911?" the congressman was asked.

If I am alive politically and otherwise eight years from now I shall be glad to talk the matter over with my friends. Anything said now might seem ridiculous then. I certainly feel honored to be thought of in this connection. Any man who says that I would not care to go to the United States senate might well be questioned as to his sincerity if not his sanity."

Mr. Hamilton spoke highly of Wm. Alden Smith and said that they were friends and thoroughly understood each other.—Palladium.

### SCHOOL NOTES.

Mabel McGee of the 3rd grade has been absent two weeks on account of sickness.

B. class, 6th grade, are deeply interested in, "How Cortez Entered the City of Mexico," an extract from "The Conquest of Mexico" by Wm. H. Prescott.

Harry Sweet, 4th grade, won in the spelling contest this week.

Vita Lewis, 5th grade, for the second time won in the weekly spelling contest.

"Children of Arabia," was the subject of the morning talk, Friday in the 3rd grade.

John Long, of the 4th grade, is back in school again, after being absent on account of the death of his grand mother.

A class, of 3rd grade has completed the reader.

The 5th grade nature study class enjoyed a few minutes Friday morning with flower conundrums.

Bessie Royer of the 7th grade has had to stop school on account of ill health.

Lizzie Lano, 8th grade, was absent several days this week on account of the death of her grandmother.

### South Haven Can Bond.

Can Thus Get Money to Secure Factories.

A law has just been passed giving the city of South Haven the power to bond for \$50,000 with which to purchase a site for a park and for other improvements.

This is the plan of the new development company in that city to secure funds to locate factories. South Haven people are united in favor of the plan.—Evening News.

### PROVE ALL THINGS

This Old, Old Command is Easy to Fulfill in Buchanan.

To win a wager an English Marquis stood on London Bridge and offered for an hour British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer. There are several good reasons why the ordinary mortal could not be induced to buy, but no reason can be given why Buchanan people will not accept the following convincing proof about Doan's Kidney Pills. Read this.

Mrs. C. J. Hempstead, wife of C. J. Hempstead, Grocer, living at 215 Cortland Street, Dowagiac says: "My back troubled me for a long time and the aching was so severe that at times I could hardly attend to my household duties for the pain went clear up through my shoulders. I doctor-ed and tried different remedies but none seemed to do me any good. This was my condition previous to going to Sherwood & Burlingame's drug store for Doan's Kidney Pills. I could notice the good effect of the treatment at once and it was only a short time till my back was as strong as it ever was and as free from pain. To say I endorse the preparation mildly expresses what I think of it."

Just such emphatic endorsement is plentiful in Buchanan. Call at W. N. Brodick's drug store and ask him what his customers report.

For sale by all dealers. Price 50c. Foster—Milburn Co., Buffalo, N. Y. Sole agents for the United States. Remember the name, Doan's, and take no other.

**Mrs. Fred Unrath,**  
President Country Club, Benton Harbor, Mich.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

They are the supreme recorder, Mrs. Winnie Fielder, of Peoria, Ill.; the deputy organizer, Mrs. Ada Lawson, of Anoka, Minn., and Mrs. Joseph Riggs, of Seldon Ia.

The other injured are as follows: Mrs. Elizabeth Chesley, of Danville, Ill., hurt about head; Mrs. Elizabeth Zimmerman, of Indianapolis, scratched; Mrs. Allie Wamin, of Peoria, Ill., back strained; Mrs. Anna Bear, of Webster City, Ia.; Mrs. Sadie Householder, of Sheridan, Ia.; Mrs. Clara Zook, of Bloomfield, Ia.; and Mrs. Mabel Hamilton, of Northwood, Ia.—all slightly injured.

**DID HE SINK THE NARONIC?**  
Indications That the Vessel Was Blown Up at Sea by an Infernal Machine.

New York, May 15.—Among the effects of the man who sent the infernal machine to the Cunard line dock last week was a piece of paper on which was written in French: "The destruction of the Naronic was complete. Mr. Le Brun, who made the box, has this moment gone to Chicago."

The Naronic left Liverpool on the morning of Feb. 11, 1893, with 4,000 tons of freight, a crew of fifty-five men, and fifteen passengers, who had gone to England on the previous trip in charge of a cargo of cattle. She was never seen after she left the Mersey, and to this day no word of her has reached the owners of the line.

**Collapsed at Prison**  
"Peg" Schaefer Kept His Nerve Until Doors Slammed Behind Him.

Deputy Sheriff John De Temple has returned from Jackson, where he took Edward Schaefer to serve a 12 years' term. Schaefer was in good spirits on the train and bore up wonderfully well until the great iron doors closed behind him and it came time to bid the officer good bye. Schaefer began to tremble then and broke down and cried like a child. He was so overcome that he could hardly stand on his feet. He met Warden Vincent in the corridor but did not muster up the courage to shake hands with him. "Peg's" was taken immediately to the wardrobe where his clothing and his personal possessions were removed and he was fitted to a suit of the somber gray prison garb. He will be put to work Monday next, probably in the kitchen. His watch and chain and the money he had on his person will be sent home to his wife.

When "Peg" and the deputy arrived at the prison, the 740 prisoners were taking their 15 minutes recreation in the yard, a new idea introduced by Warden Vincent. The band was playing and "Peg" first impression of prison life was not the worst one he will have.

When Deputy De Temple appeared on the grounds all of the Berrien county prisoners flocked about him. There were about 20 of them including Sam Livingston, Stewart of Sodus, Hoadley, of Benton Harbor, Jake Nagel, Alexander Mc Donald, the jail breaker, Merrill W. Mason, the highway robber; George Boucher alleged murderer, and a dozen others. They plied the officer with questions regarding the people at home. They are all in splendid health. The prison authorities state that Livingston is working too hard and that his health will give way if he does not cease it. After his regular day's work in the furniture department, he works part of the night making watch charms and trinkets from which he derives a good income. He is saving his money and will be in good circumstances when he comes out in six years. Livingston sent Prosecuting Attorney Riford a handsome Masonic watch charm. The charm is engraved with Riford's initials and the insignia of the order. The charm is a splendid piece of work and would be a very expensive trinket at a jewelry store. Livingston also sent Sheriff Collins a fine Elk charm.—Benton Harbor News.

**Fearless and Independents.**  
THE CHICAGO RECORD-HERALD is a conspicuous example of the success with which the public rewards fearless nonpartisanship in the columns of a great metropolitan daily paper. It is an independent newspaper, in which men and measures are invariably viewed wholly from the standpoint of the public good and not from that of the interests of any particular political party. It is the very reverse of neutral—fearless and outspoken on all the great questions of the day, but presenting its editorial opinion upon independent judgment and entirely regardless of political affiliations. Partisanship is barred as strictly from the news columns as from the editorial page. All political news is given without partisan coloring, thus enabling the reader to form correct conclusions for himself. In the ordinary partisan newspaper political news is ordinarily colored to such an extent as to make it difficult if not impossible for the reader to secure a sound basis for intelligent judgment.
