HANNA AND HARMONY

Including Herrick for Governor, the Visible Result of the Republican Convention.

ROOSEVELT IS INDORSED FOR 1904

And Hanna for Another Term as Senator, While on the Tariff Ohio "Stands Pat."

Columbus, O., June 5.—Following is the ticket nominated by the Ohio Republican convention: Governor, Myron T. Herrick, of Cuyahoga; lieutenant governor, Warren G. Harding, of Marion; auditor, W. D. Guilbert, of Noble; treasurer, W. S. McKinnon, of Ashtabula; attorney general, Wade H.

MYRON T. HERRICK.

Ellis, of Hamilton; judge of supreme court, A. N. Summers, of Clarke; school commissioner, E. A. Jones, of Stark; member of board of public works, Geo. H. Watkins, of Pike.

The chief significance of the convention was its indorsement of Roosevelt for 1904 and its re-indorsement of Mark Hanna for senator.

Points of the Platform.

Following are the important points of the platform adopted: The resolution first commend President Roosevelt's ability and adherence to McKinley principles, and favor his nomination, and the re-election of Hanna as senator, and praise Governor General Taft, of the Philippines; favor three of the proposed (state) constitutional amendments, maintenance of canals, better roadways, improvement of the Ohio river and tax reform. No change is wanted in the tariff or other national declarations. Certain planks insist on the enforcement of the amendments for negro suffrage or the reduction of the representation of southern states in congress and the electoral college. The resolutions also favor legislation to stimulate local bank circulation.

Harmony Was the Great Desideratum.

Another feature of the convention was the warm eulogy of Senator Hanna uttered by Foraker in his speech as permanent chairman of the convention. Senator Hanna said in his speech as temporary chairman: "Hands off." While Foraker was presiding as permanent president the delegates added to the "h's" the cry of "Hanna, Herrick, Harding and harmony." It seemed to be the policy to have "harmony" on the ticket as well as in the declaration of principles. While all conceded that it was "Hanna's year" yet he would not use his influence except for the head of the ticket in naming Myron T. Herrick for governor.

No Fixing of the Slate.

There never was more talk about fixing a slate in advance of the convention than this year, but the balloting indicated that such was not the case. At any rate Hanna and Herrick did not exercise their personal influence in giving the word, and left the ball before the nominations for the lower half of the ticket were made.

BIG LINER RUNS AGROUND

Deutschland, with 750 Cabin Passengers on Board, Is Stuck in Gedney Channel.

New York, June 5.—The steamer Deutschland, of the Hamburg-American line, which left her pier in Hoboken for Plymouth, Cherbourg and Hamburg, went aground in Gedney channel four hours after sailing, and is still aground at this writing. The fog is so thick that she cannot be seen from Sandy Hook.

The Deutschland is in no peril, it is believed, except from possible collision from some in-coming or out-going vessel groping along in the smoke and fog. This was the principal sailing of the Deutschland of the year, and she carried 750 first and second cabin passengers, many of them well known. It is the largest shipload of the season. She also has \$4,000,000 in gold on board, and several hundred steerage passengers.

Quincy, Ill., June 5.—Three levees between Quincy and Warsaw, on the east bank of the Mississippi river, are broken and water is pouring over 58,000 acres of farm lands. Many tenant farmers had to flee for their lives. The value of the corn and wheat on the land would have exceeded \$500,000.

TERMS \$1.25 PER YEAR

Entered at the Post-office at Buchanan, Mich.
as second-class matter.

FRIDAY, JUNE 5, 1903.

Mr. David Dutton remembered the Record with a box of Lockwood's best strawberries which were exceedingly fine. They were all very large and Mr. Dutton says they were not selected, but came just as they were picked. He is shipping quite a quantity of them. Thank you Mr. Dutton and may your crop never grow less in our wish.

We have been reminding those of our subscribers whose subscription is due, and overdue both in the paper and by personal communication, that if paid within a certain time there would be a discount; the time specified will soon be past, have you paid? Many have, but a few have not. Let us say once again do not find fault if you have to pay the full amount—\$1.25, for unless subscriptions are paid at the time stated we will have to send some one personally, which means considerable expense to us and of course you cannot expect us to ask less than the regular price of \$1.25 per year. Please give this your attention.

Portage Prairie.

Our correspondent from the prairie says that there are several correspondents on the prairie for Buchanan Niles and South Bend papers, and that it would be difficult for any one to find a community where there exists among the people such delightful social harmonious relations. All think well of each other and none thinks himself better than his neighbor; they are law abiding, God fearing and prosperous.

The Sabbath finds them, not withstanding their continued and laborious duties of the week, with their families, attending divine service. As many of them come from quite a distance in opposite directions and rarely see each other except on Sunday, some of their friends invite them home to dinner and thus in reports of the correspondents it is often stated Mr. and Mrs. So and So visited, or took dinner, with Mr. and Mrs. X. Y. Z. This it seems has caused a feeling among some of the people that the impression might go out that the Lord's day was made one of feasting and riotous living which, of course, was not intended. We are not going to say that this social and well meaning visiting is wrong or not wrong. If not wrong no one need fear being reported, but if any fear it might be wrong do not do it then there cannot be any offence given you.

Mexicans from Notre Dame.

The Mexicans who are attending Notre Dame, together with one Cuban, and one native of the Philippine Islands, all speaking the Spanish language, made a visit to Buchanan yesterday. They were accompanied by Prof. Green, and came to examine the electric power station. Prof. Green is also a Mexican. They came with a four horse team.

Baccalaureate Sermon.

The honor of preaching the baccalaureate sermon has been bestowed on one who graduated from the Buchanan schools in the class of 1895. Elder Chas. Shook, of the Advent Christian church, and you can expect something worth hearing, for Elder Shook is a promising young man and one thoroughly impressed with the importance of his subject.

It will be delivered in the Presbyterian church, on Sunday evening at 7:30.

SALT MAY SAVE HIM.

Wonderful Vitalizing Qualities of Remedy Being Used on Edward Brant.

The injection of a simple solution of sodium chloride, or common table salt is being used as a last resort to keep life in the body of ex-Mayor Edward Brant, who has been lingering near to death for several days. This is the most recently discovered, the simplest and yet the most powerful method of vitalizing the heart action ever known. Its use is comparatively a novelty here, yet it is predicted that it will come into common usage in a few years. The successive salt operations upon Mr. Brant, make the cure of vast local interest. There was absolutely no hope of saving the life of Mr. Brant last Friday and on the afternoon of that day, the relatives gathered at the bedside expecting death momentarily.

Then the salt treatments began and have been administered since by Dr. George M. Bell, Wakeman Mayo and Alex. H. Scott. There is not much hope now of saving the life but the salt treatment has stimulated the heart action and there is just a bare possibility that a continuation of the treatment will tide the patient over until a change for the better takes place.

The method of injecting the salt is a delicate and interesting operation. A hot water bag containing one and one-half quarts of a plain mixture of salt and water is hung near the ceiling in order to give the proper pressure. Two tubes with injection nipples lead from the bag and are attached to the breast, one on each side. The salt water gradually forces its way into the body. This is done twice each day. As soon as all of the solution has entered the body, the effect is instantaneous. The patient begins to feel new life. The heart beats stronger and there is a very apparent vitalization through the whole body. The salt so enlivens Mr. Brant that, after a salt treatment he can gain sufficient control of the paralyzed parts to take a little medicine or nourishment. The effect of the salt is noticeable for about two hours when the patient sinks into a stupor again. The good results are expected to come from the medicine that the patient is able to take through his paralyzed throat while the salt energy is in him.—Benton Harbor Evening News.

Engine Room.

The building used by the fire company and the common council stands on piles most of which are in the mill race. Many of the piles have decayed until the building is in danger of collapsing. Concrete pillars are being sunk into the water on which the building will be placed thus putting it on a firm foundation.

A Frightened Horse.

Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable Salve handy and there's none as good as Bucklen's Arnica Salve. Burns, Cuts, Sores, Eczema and Piles disappear quickly under its soothing effect. 25c, at W. N. Brodrick's drug store.

\$25 To Colorado And Back.

It has been estimated that between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between \$400,000,000 and \$500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure per capita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

From July 1 to 10 this line will sell tickets to Colorado and return from Chicago for \$25. This will enable many to enjoy their summer's outing at slight expense. Colorado summer resorts are cooler than the seashore.

For scenic beauty the Rocky Mountain region is famous the world round. The most attractive spots among these peaks are beautifully pictured and faithfully described in a new book just published by the passenger department of the Chicago, Milwaukee & St. Paul Railway. It will be sent on receipt of six cents to pay postage.

Through train service, Chicago to Denver, every day via the Chicago, Milwaukee & St. Paul and the Union Pacific.

SOME NICE LAID PLANS

Of Certain Michigan Solons Fail to Connect, So It Seems Just Now.

ADJOURNMENT COMES NEXT WEEK

While Primary Elections and a Penitentiary Twine Mill Are Both Dead Ones—Notes.

Lansing, Mich., June 5.—Senator Glasgow's plan for forcing the hand of the senate was adopted by Speaker Carton and the friends of primary election in the house. Carton and Colby were at work until late at night preparing their plan of campaign. As a result, the house by resolution, asked the senate for the return of the Baird primary election bill.

What the House Was to Do.

If the senate accedes to the request the house will promptly amend the bill to include the nomination of county officers and members of the legislature by direct ballot, and send it back to the senate for concurrence. The bill will be accompanied by a resolution setting next Wednesday as the date of the business adjournment of the legislature.

But the "If" Was in the Way.

The plan looked like it would work, but it didn't. That is the conclusion at this later writing, forced by the inexorable logic of facts. The programme outlined above was carried out, and the senate concurred in the house resolution fixing Wednesday next for the cessation of business and June 18 for the final adjournment. But the senate disposed definitely of the primary election legislation for this session by referring to the elections committee the request of the house for a return of the Baird primary election bill providing for direct nominations. The house killed the appropriating \$400,000 for a binder twine plant at the Jackson prison.

And It Was All for Nothing.

Undoubtedly the most tempestuous speech made on the floor of the senate this session was Moriarty's in favor of the bill to loan money to the Jackson prison for a binder twine plant. The speech brought about the passage of the bill, with only Senators Vaughan, Glasgow and Scripps voting nay. The house did not hear the speech, however.

Sleeping Car Tax Killed, Too.

The house killed, by a vote of 39 to 19, Representative Paddock's bill to tax sleeping, parlor and dining cars. Rodgers defended the car companies; he said the service given was cheap, and that it might be endangered by the passage of such an act. Paddock declared that such property should pay its just share of taxes.

BIG MERGER OF PLANTS

Lighting and Traction Companies To Be Consolidated with a New Jersey Charter and Much Capital.

Saginaw, Mich., June 5.—E. W. Clark & Co., of Philadelphia, and Hadenpyl, Walbridge & Co., of New York, are managers of a syndicate organized to consolidate all the lighting and traction companies of Saginaw and Bay City. The companies to be combined are: The Saginaw Valley Traction company, covering all the electric lines in Saginaw and the interurban line to Bay City, twelve miles; Bay City Consolidated Railway company, covering all the electric lines in Bay City and West Bay City, and the line to Wenona Beach, a total of twenty-one miles of track; Bartlett Illuminating company, covering all the electric lighting business of Saginaw; Bay City Gas company, covering all the gas and commercial electric lighting business in Bay City, and a small commercial electric lighting business in West Bay City.

The company will incorporate under the laws of New Jersey with \$7,000,000 5 per cent. authorized gold bonds, of which \$5,000,000 will be issued, and \$3,000,000 stock. Of the bonds to be issued \$70,000 will be for improvements and extensions in both the traction and lighting plants. The Saginaw City Gas company, covering all the gas business in Saginaw, has not yet been acquired, but negotiations for it are in progress.

Boycott for Non-Union Men.

Pontiac, Mich., June 5.—The union sidewalk builders have requested the members of the Teamsters' union to refuse to supply the non-union builders with sand and gravel. As there are only two or three non-union builders it is expected that the non-union builders will have difficulty in obtaining supplies. The non-union masons and bricklayers will be given no materials.

Mrs. Sanderson Commits Suicide.

Menominee, Mich., June 5.—Mrs. S. Frances Sanderson attempted to commit suicide by taking carbolic acid, and succeeded, never regaining consciousness and dying a dozen hours later. About three years ago she secured a divorce from her husband, S. D. Sanderson, a lumberman of this city, in the Milwaukee courts.

Why Pierre Simmons Is Dead.

Battle Creek, Mich., June 5.—Pierre Simmons, aged 14, is dead here because Frank Avery, an older companion, tried to show him how desperadoes shoot from their pockets with a revolver.

President's New Military Aid. Major Thomas W. Symons, U. S. A., who succeeds Colonel Bingham as master of ceremonies at the White House, is "officially in charge of public buildings and grounds in the District of Columbia," but this description

gives a small idea of the actual functions of the post. Unusual social prestige attaches to the position. As the military aid to the president he will enjoy unusual terms of intimacy with Mr. Roosevelt and will stand near him on all state occasions.

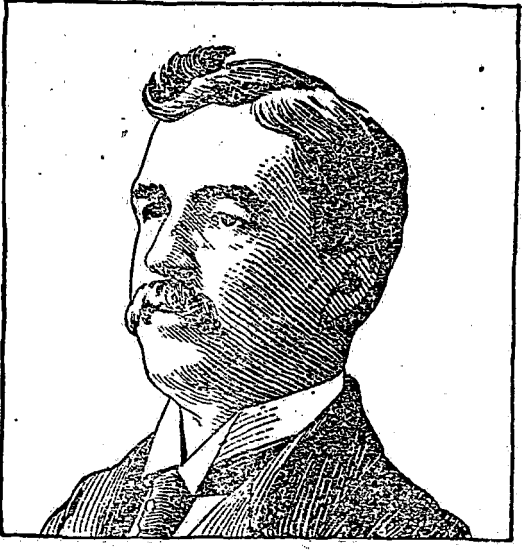

Jose Palma's American Bride. Mme. Jose Estrada Palma, whose elopement and marriage to the eldest son of the president of the republic of

Cuba caused somewhat of a sensation in Havana and New York, was Miss Mabel Jacobs, the daughter of a wealthy Hebrew tobacco importer of New York city.

Leader of Trainmen.

P. H. Morrissey, who as grand master of the Brotherhood of Railway Trainmen is a prominent figure in the labor world, began his career in the railroad business in 1880 as a clerk with the Chicago and Alton railroad

at Bloomington, Ill., his native city. Since 1888 he has been prominent as an organizer of railway trainmen, and he has risen progressively in the service of the movement, occupying many positions from that of clerk to that of grand master of the brotherhood. Mr. Morrissey is forty-one years old.

A Beautiful Hungarian.

Countess Marianne Csaky-Szell, the Hungarian whose recent engagement to Jan Kubelek, the noted violinist, created a sensation in Vienna, is a remarkably beautiful woman, tall and

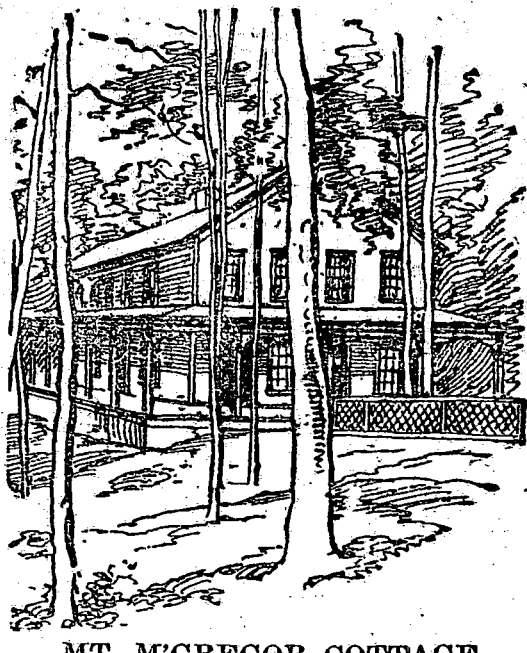

rather slender, with chestnut hair and large, expressive eyes. Countess Csaky-Szell is a daughter of Herr Wolfgang von Szell, president of the senate at Debreczin. She is a widow and is a year younger than Kubelek. They first met three years ago.

Maine, Vermont, New Hampshire and New York Forests the Prey of the Flames.

Bangor, Me., June 5.—Fourteen miles of territory in this vicinity have been burned over by forest fires which are unchecked because of the parched condition of the undergrowth.

Burlington, Vt., June 5.—Advices from all parts of Vermont show the

extensive nature of the forest fires. The largest fire reported is at Danby, where 2,000 acres of timber land have been burned over.

Manchester, N. H., June 5.—Forest fires have been raging for weeks in Cook county, and great expanses of timber land have been swept by the flames.

New York, June 5.—Forest fires are burning in the Adirondacks and all attempts to quench them have proven fruitless. The General Grant cottage, on the summit of Mount McGregor, is reported in danger. The loss will be very heavy in timber.

TIE-UP OF HASH HOUSES

Walters Who Attend in Chicago Restaurants Strike for More Pay and Other Concessions.

Chicago, June 5.—Waiters, waitresses and cooks in several downtown restaurants have made good their threat to walk out. One hundred men at Vogel-sang's and nearly that number at King's struck a half hour before the noon rush began, and were quickly followed by the employees of several other prominent eating houses.

No attempt was made by the proprietors of the places to serve patrons. The strike was decided upon by the joint board of the unions concerned, after having heard reports from every restaurant in the downtown district and finding that only two proprietors had signed their scale.

Later the help in the Grand Pacific and Chicago Beach hotels struck, the strikers in the latter hotel including every employee, down to the bell-boys. The guests voted to stand by the proprietors, and wealthy ladies donned cheap dresses and went to work.

Died Without Telling His Story.

Janesville, Wis., June 5.—Herman Zimmerman, the victim of a mysterious assault in the Court House park, is dead without having told who his assailants were. Two prominent men have been arrested upon suspicion.

Assistant Secretary Brigham Recovers.

Washington, June 5.—Assistant Secretary Brigham, of the department of agriculture, who has been quite ill at his home in Ohio for the past few weeks, has returned to duty.

WHAT THIS MAN SAYS.

Only Re-echoes the Sentiments of Thousands in our Republic.

The Buchanan reader is asked to thoroughly investigate the following: This can readily be done as the gentleman whose statement is published below will only be too pleased to give minute particulars to anyone enquiring, not out of idle curiosity, but if the enquirer really suffers from any of the consequences which always attend weakened or inactive kidneys. Read carefully what Mr. W. F. Surmerrill, proprietor of one of the largest butcher shops in Benton Harbor, residence at 112 Clay St., has to say: "I am very glad Doan's Kidney Pills were brought to my notice and I will always do all I can for them because I know their value from personal experience. I was annoyed with a dull pain in the small of my back at times quite severe and it bothered me for several months. I saw Doan's Kidney Pills recommended for such troubles and procured a box at once from Harry L. Bird's drug store. They relieved me right away and I soon felt as well as ever. I highly recommend Doan's Kidney Pills to others troubled as I was."

Just such emphatic endorsements are plentiful in Buchanan. Call at W. N. Brodrick's drug store and ask him what his customers report.

MRS. CECILIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.
For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecilia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

Prices of Milk Cows.
Milk cows are higher in the middle west on account of the demand from dairymen in northern New York and farther east, says American Cultiva- tor. But prices for milk and cream have been improved considerably of late in Illinois and adjoining states, and it takes a pretty good offer to in- duce a farmer to part with his best cows. Eastern buyers are said to be in the western markets for all they can find for sale. The fact is, a first class fresh cow is worth more to keep than she will bring in the market, and many owners are coming to realize the fact. Meanwhile the more farsighted ones are raising a batch of well bred heifer calves to make the future supply a lit- tle more secure.

Milk Rapidly.
Milking should be done rapidly, and it is therefore not well to have too many hands employed in the work. With one milker to a dozen cows there is more likelihood of efficiency of work than when half as many cows make up the tale. The slow hand gets less milk and dries the cow.

An Honest Milkman.
"My dear," said the young husband, "did you speak to the milkman about there being no cream on the milk?" "Yes; I told him about it this morn- ing, and he has explained it satisfac- torily, and I think it is quite a credit to him too." "What did he say?" "He said that he always filled the bottles so full that there is no room on the top for the cream."—Indianapolis News.

An Old Fashioned Garden.
Strange, is it not? She was making her garden.
Planting the old-fashioned flowers that day—
Bleeding-hearts tender and bachelors-but- tons—
Spreading the seeds in the old-fashioned way.
Just in the old-fashioned way, too, our quarrel grew until, angrily she set me free—
Planting indeed, bleeding hearts for the two of us,—
Ordaining bachelor's buttons for me.
Envoi.
Strange, was it not? But seeds planted in anger
Sour in the earth and, ere long, a decay
Withered the bleeding hearts, blighted the buttons,
And—we were wed—in the old-fashion- way.

The Chattanooga Medicine Co.

The Chattanooga Medicine Com- pany with laboratories and general offices at Chattanooga, Tennessee, and branch houses at St. Louis, Mo., and San Francisco, Cal., has become one of the largest proprietary medicine concerns in the world. In the growth of this great business two factors have been dominant: The merit of its products—Wine of Cardui and Theod- ford's Black-Drageht—has been widely recognized and the original advertis- ing methods adopted have excited great comment. The publicity for these medicines does not consist of the catch phrase and extravagant statement, too often employed in ad- vertising today, but instead the plain story of experience with the medicines given in the plain language of the people themselves. The following letter is a fair sample of the thousands of Wine of Cardui testimonials pub- lished during the past twenty years.

2068 Eastern Avenue,
CINCINNATI, OHIO, May 21, 1902.

I consider Wine of Cardui a most excellent woman's remedy. It is certainly a specific as a tonic and reg- ulator. For eight years I suffered with female trouble. I had intense pain in the back and head, leaving me so weak that I was unable to stand at times. Medicine did not seem to help me, but after all remedies had failed me Wine of Cardui proved my one great, true friend. What a relief I experienced! It came only a few days after I started taking it. I used it faithfully for four months and gradually grew stronger and better. I am now regular to the day and for the past two years have enjoyed bless- ed good health. I certainly wish every sick and suffering woman could know of your blessed medicine, how much pain and suffering it would pre- vent, and what a difference it would make to thousands of homes where there is sickness and sorrow today, if they had Wine of Cardui it would bring relief and joy instead.

Nature Fails to Restore.

Some time during last July a maple
tree, measuring 56 inches in circum-
ference about two feet from the
ground, at the northeast corner of
Wm. Sparks' lot on North Portage
street, was struck by lightning. The
bolt did not break the bark from the
tree but merely showed a scratch and
all during the remainder of the year
showed no signs of decline. This
spring it put forth buds and leaves,
but after a time it was noticed that
the leaves were not so large as the
neighboring trees, and an examina-
tion revealed that around the entire
trunk the bark was loose and has
since fallen off up to the limbs, a dis-
tance of seven or eight feet.

Nature made a strong effort as can
be seen by some of the bark, to restore
the damage done by the electric bolt,
but it had done its work and the tree
is dead. There are some very good
lessons to be learned from this.
What do you learn from it? We are
indebted to Mr. Homer Hathaway for
the information and the wood as seen
in the window.

mation from the executive office:
To the People of the State of Mich-

Greeting:
Acting under the authority of con-
current resolution No 10 of the pub-

suggested that on Sunday from the

on Monday all of the schools of the
state shall have exercises of a patriot-
ic order, there being no more sacred
duty than the teaching of patriotism.

GRAND TOUR IS ENDED

President Arrives at Washington Today from a Trip of Some 14,000 Miles.

LASTSTOPS ARE MADE IN ILLINOIS

At the State Capital He Dedicates a New Arsenal and Armory—Attends a College Dedication.

Springfield, Ill., June 5.—President Roosevelt spent four hours in Springfield. The president's special train arrived at 10:15 a. m. and was greeted with a presidential salute of twenty-one guns by battery A, of Danville, stationed at the national Lincoln monument. The business houses and residences were elaborately decorated with flags and bunting. From the railway station to the arsenal the president

STATE ARSENAL AND ARMORY.

was escorted through lines of cheering people by Governor Yates; the state, federal, county and city officials, and the reception committee; Governor Yates' military staff, troops D, of Springfield, and G, of Peoria, First cavalry, and the Fifth infantry, Illinois National Guards. On each side of Capital avenue, between Sixth and the state house there were massed 5,000 school children, who waved flags as the procession passed.

Visit to the Lincoln Monument.

At the arsenal the military escort was abandoned and the carriages drove rapidly to the national Lincoln monument, where the president addressed the National Lincoln-McKinley Veteran Voters' association, which had assembled there for its annual memorial exercises. In front of the monument were grouped members of the association and a company of the Eighth infantry, I. N. G., colored. The president was introduced by Senator Cullom, and spoke very briefly, his most significant saying being:

Equal Rights for All.

"Let me say one word: it seems to me eminently fitting that the guard around the tomb of Lincoln should be composed of colored soldiers. It was my own good fortune at Santiago to serve beside colored troops. A man who is good enough to shed his blood for his country is good enough to be given a square deal afterwards. More than that no man is entitled to, and less than that no man shall have."

Dedication of the Arsenal.

The president's party then drove back to the arsenal, where the dedication exercises took place, and where about 10,000 persons were assembled in the great hall. Secretary of State Rose called the assemblage to order and introduced Governor Yates as chairman of the day. Governor Yates paid a tribute to President Roosevelt as a soldier, police commissioner, governor and president; and introduced Senator Cullom, who received a great ovation. Cullom referred to Roosevelt as the present president and one whom he did not know how many times he might be hereafter president, and proposed three cheers for the president, which were given. President Roosevelt received a hearty ovation on being introduced. He spoke twenty-five minutes. His speech was a eulogy of Lincoln and an appeal for good government.

Luncheon with Governor Yates.

The president then went to luncheon at the executive mansion. Those who sat down at the governor's table comprised the presidential party and chairmen of various local committees. Next he received the local reception committee and the Hamilton club, of Chicago, which had come down in a body. At the conclusion of the reception the president's party was escorted by the troops to Wabash station, where at 2 p. m. he left for Decatur.

LAST SCHEDULED SPEECH.

Spoken at Danville, as His 14,000-Mile Tour Approaches Its End.

Danville, Ill., June 5.—President Roosevelt delivered the last scheduled speech of his long trip here, the home of Representative Cannon. Notwithstanding the inclement weather he was greeted by a large crowd. The stay here was but for twenty minutes, and at 6:40 p. m. his train left for Indianapolis, from whence it will go direct to Washington. The last day of the trip was in a measure an easy one. Stops were made only at Lincoln, Springfield, Decatur and Danville. The principal speech of the day was delivered at Springfield in the new armory building.

The president was the guest at dinner of the members of his party. The meal was served in the dining car Gilsey, the guests beside the president being Secretary of Agriculture Wilson, Secretary of the President Loeb, Senators Beveridge and Fairbanks, of Indiana, Surgeon General of the Navy Rixey and Assistant Secretary to the President Barnes.

The president will arrive at Wash-

ington at about 7 p. m. today, after a trip of 14,000 miles through twenty-one states.

SPEAKS AT INDIANAPOLIS Says in Reply to an Interrupter That He Feels That Indiana Is for Him.

Indianapolis, June 5.—The president's special arrived in Indianapolis at 9:05 p. m. A drizzling rain did not prevent 5,000 people from gathering in Jackson place, immediately in front of the Union station, to greet him. The Marion club, headed by Mayor Bookwalter, acted as the formal reception committee. Governor Durbin was in the sheds awaiting the president. Senators Fairbanks and Beveridge were on the train. The factory whistles and locomotives blew a greeting. Mayor Bookwalter hurried into the car, and the escort headed by him was formed through the Union station to the platform outside the entrance. There was a continuous burst of enthusiastic cheers when the president appeared.

With the president walked Senators Beveridge and Fairbanks. Mayor Bookwalter introduced the president, who spoke for ten minutes, mostly of the necessity of Uncle Sam having a big navy. During the speech some one shouted: "The Brotherhood of Locomotive Firemen is for Roosevelt." The president smiled and replied: "I know it. I feel that Indiana is solid for me." His speech concluded, the locomotives changed, and all ready, the train started east amid the cheers of the throng.

Address at a College Dedication.

Decatur, Ill., June 5.—President Roosevelt made an address here incidental to the dedication of the James Milliken university, before 10,000 people. The president's car was run to the university campus. He shook hands with James Milliken, who has given \$450,000 to the university, and during his speech said to the school benefactor: "Mr. Milliken, I feel that as an American it is proper for me to express to you and to those like you the obligations that good Americans feel for what you and they have done in the university and in other educational institutions throughout the land." President Roosevelt then spoke of the benefits of such institutions to the republic and of the duty of students to use their education in making good citizens. At the Wabash railroad station the president addressed another crowd made up largely of railroad and factory employees.

DEAD NUMBER SEVENTY-ONE List Keeps Growing of Those Lost in the Topeka Flood—Many Persons Are Still Missing.

Topeka, Kan., June 5.—The bodies of seven more flood victims have been found. The list of known dead now reaches seventy-one, with thirty people identified. It is the belief that many bodies are yet in the wreck. Scores are reported missing, and there is no way of immediately locating them. The river is still falling. North Topeka is a total wreck. The water is still over a greater part of the town.

From Manhattan, Abilene, Salina, Florence, Lincoln Center and Hutchinson come reports that the water has about spent its force and that the towns are slowly recovering. The yield of wheat will be much smaller as the result of the flood and the financial loss will be great.

Scott Has Forty-Nine Majority.

Quincy, Ill., June 5.—The official count of the vote in the Fourth supreme judicial district of Illinois shows that Guy C. Scott, of Aledo, is elected to the state supreme bench by a majority of forty-nine votes over Judge Joseph N. Carter, Republican, of Quincy. There is some talk of a contest, but Judge Carter does not approve of it.

Contract Breakers Hit Hard.

Chicago, June 5.—Four hundred blacksmiths who struck on May 18 in sympathy with the blacksmiths' helpers have returned to work to avoid threatened suspension from the International Brotherhood of Blacksmiths for violation of contract with their employers. The helpers also resumed work.

NEW FRUIT TRAIN.

The new arrangement will take the train men's families back to Benton Harbor.

Mr. Cornelius Smyer, South Bend, says: "Give me an other bottle of your Wine Lo-ti Coonley's Beef, Iron and Wine with Nerveine. I took a bottle last Spring and it helped me just like you said, I slept better right away." It is sold by E. S. Dodd & Son's. Large bottles 50c. Take no other for there is no other equal to it.
