Revolution Imminent.

A sure sign of approaching revolt
and serious trouble in your system is
nervousness, sleeplessness, or stomach
upsets. Electric Bitters will quickly
dismember the troublesome causes.
It never fails to tone the stomach, re-
gulate the kidneys and bowels, stimu-
late the liver, and clarify the blood.
Run down systems benefit particu-
larly and all the usual attending aches
vanish under its searching and thor-
ough effectiveness. Electric Bitters
is only 50c, and that is returned if it
don't give perfect satisfaction.

WM. ROANTREE LUMBER DEALER.

Makes Improvements in Office and Yard.

Mr. Roantree, the lumber and coal
dealer, has been making extensive im-
provements in his office by changing
all the furniture and putting up a
very nice closed cabinet for papers,
etc. The desks face west toward the
street, getting the benefit of the front
windows. He also has had a window
put in at the north end of the desk
making the room very light and cheer-
ful.

To soften the light and cut off the
heat a good awning has been put
over the street on the west side. The
office will be very comfortable and
cheerful. Mr. Roantree also is mak-
ing some improvements in the yard;
he will extend the sheds.

PETER ATTENDS A TE DEUM

New King of Servia Also Hears from Rus-
sia That the Regicides Must
Be Punished.

Geneva, June 19.—King Peter at-
tended a solemn Te Deum at the Rus-
sian chapel here. The Russian consul
general and many Russians and Ser-
vians were present. The arch-priest
received the king at the entrance to
the church and sprinkled him with
holy water. The king then kissed the
cross and the arch-priest prayed for
the prosperity of Servia.

St. Petersburg, June 19.—An official
note published in The Gazette recog-
nizing Prince Karagorgevitch as king
of Servia and welcoming his accession.
In brief, the note declares that it is
incumbent upon King Peter to avenge
the assassins of King Alexander and
Queen Draga, and expresses the con-
viction that he will know how to
severely punish the regicides.

NEGOTIATIONS ARE FUTILE

Chicago Waiters' Strike Is on Again and
They Will Try to Spread the
Trouble.

Chicago, June 19.—Striking waiters
refused to arbitrate and decided to ask
that the walkout be made more gen-
eral and engineers and elevator men be
asked to join them. After midnight
they began to send out committees to
call more strikes.

With the battle practically won, as
hotel owners thought, a committee of
theirs met a committee of the strik-
ers, but practically nothing came of the
meeting, and the waiters in a general
meeting then decided that they would
not arbitrate, but would undertake to
spread the strike.

Heath Will Say No More.

Salt Lake City, June 19.—Referring
to the statement of Fourth Assistant
Postmaster General Bristow in regard
to irregularities in the postoffice de-
partment, Former First Assistant Post-
master General Perry S. Heath said:
"All these charges were replied to four
years ago, and have been replied to by
a lot of people recently. It is not
necessary to make any further reply
to them. I have nothing to say."

Rich Gift to Northcott.

Indianapolis, June 19.—The head
camp of Modern Woodmen took up the
question of rate readjustment and dis-
cussed it. Finally a readjustment com-
mittee of twenty-five was appointed
to consider all questions concerning
rates. A chest of silver valued at \$1,
000 was presented to W. A. Northcott,
the retiring head consul.

American Derby Wide Open.

Chicago, June 19.—Nineteen horses
are now regarded as certain starters in
the American Derby tomorrow after-
noon at Washington park. The race
was never so open in its history, de-
spite the fact that Savable is still a 2
to 1 favorite. The annual "dark horse"
for the Derby is Bonnie Burr, a 200 to
1 shot.

WOMER WAS NOT HELD

Testimony in the Barn Burning
Case Seems to Have Been
Pretty Weak.

EX-SPEAKER ADAMS AND A JOKE

Which He Did Not Get Onto Brings a
Lecture to the Press—Mich-
igan State News.

Battle Creek, Mich., June 19.—"Cer-
tainly I'm not going to leave the city,"
said I. Womer, after his release from
custody on the charge of burning the
sanatorium barn. "There will be more
investigation into this matter and I'm
going to stay right here and see the
thing out. I've got nothing to be
skeeered of and I'm going to see the
end of this case. What's my theory
of how the barn caught fire? Well,
to tell you the truth, I ain't got no
theory about it. It might have been
set on fire for some reason, or the fire
might have been an accident.

Womer Believes in the Lord.

"Well, that Brensinger fellow pretty
near got you into a bad fix, didn't
he?" said a friend. "Yes, he did, that,"
said Womer, "but you've noticed,
haven't you, that the Lord never lets
an innocent man get in trouble be-
cause of a liar. Sooner or later the
lie is sure to be exposed and this one
didn't last long, did it?" Womer is
right in the belief that there will be
more investigation into the case. No-
body believes that the bottom of the
affair has been reached.

Accused Man at the Fire.

At the trial the first witness was
David A. James, a member of the big
"sanatorium family," who said he saw
Womer while the fire was in progress
and said to him: "Where's your team?"
"In there, burning," was the non-
chalant answer.

"How do you suppose the fire start-
ed?" James asked, more to be saying
something, as people will at such a
time, than with the hope of getting
any real information.

"It was set," was Womer's answer,
according to the witness.

Firebug Was To Be Found.

"How do you know that?" asked
James.
"Because I was the last man there,"
was the answer James swore Womer
gave.

James spoke to Womer about the fire
early the next morning. "Well, what
do you think of it now?" asked James.
"Do you still believe it was set?"

"Sure, I do."

Approaching James, Womer tapped
him on the breast with his finger and
added: "And in three or four weeks,
we'll know just who set it."

HE GIVES THE PRESS A SCORING

Ex-Speaker Adams Falls to "Sense" a Joke
and Says Newspapers Are
an Evil.

Grand Rapids, Mich., June 19.—
Toastmaster William Alden Smith, at
the Pythian banquet in a joking man-
ner called upon ex-Speaker Adams to
"explain or deny" his attack upon the
press of Michigan at Lansing. The
ex-speaker did not take the "call" as
a joke, and in an excited manner at
once proceeded to attack the press
again. He asserted that the newspa-
pers were an evil. He objected most
bitterly to what he termed the sen-
sational features.

He said the Sunday paper was made
up of four parts—the magazine sec-
tion, which was good, the society
part, which was harmless, the sensa-
tional part, the record of crimes, di-
vorcees, etc., which was simply vicious,
and the "want ad" part. The banquet
was the largest and best ever given
by the Pythians. It was held in hon-
or of Furniture City Company Uni-
form Rank, because of its winning
first prize in San Francisco and its
victory at Saginaw in the recent state
contest.

He Attacks the Tax Law.

Menominee, Mich., June 19.—E. H.
Eastman, attorney for the Wisconsin
and Michigan railroad, has returned
from Grand Rapids, where on behalf
of the company he started an action
in the United States court against the
auditor general of Michigan to restrain
him from collecting taxes levied on the
railroad this year. Eastman attacks
the validity of the Michigan and Valorem
tax law.

Much Marrying at the 'Varsity.

Ann Arbor, Mich., June 19.—Truly
this is "Cupid's commencement" at the
university, for never has such a deluge
of wedding announcements, wed-
ding invitations and engagements
greeted the close of a college year as
the month of June has brought forth
this year. Neither is this confined
to the students, for the professors partic-
ipate.

DEATH OF GEN. WHEATON

Made a Record in the War of the Rebellion
in Virginia, Maryland and
Pennsylvania.

Washington, June 19.—Major Gen-
eral Frank Wheaton, United States
army, retired, is dead, aged 70 years.

GENERAL FRANK WHEATON.

A widow and two daughters survive
him. Death resulted from a general
breaking down in health.

General Wheaton had an active mili-
tary career, and in the civil war par-
ticipated in many battles, notably those
in the various Virginia, Maryland,
Pennsylvania and Washington cam-
paigns. His record got him several
brevets.

CONCESSIONS TO ISRAEL

Russia Decides Upon Two Reforms That
Will Make the Hebrews More
Comfortable.

Chicago, June 19.—The Russian gov-
ernment has taken cognizance of the
protest against the Kischeneff mas-
sacre. The tidings were received in a
cablegram from Odessa by Leon A.
Berezniak. According to the dispatch
a committee of fifty of the most in-
fluential Jews of Odessa went to St.
Petersburg and was received by the
minister of law, Von Plehwe, and the
minister of finance, Witte. Before
these two a memorial was laid ask-
ing that the Jews of the region where
the persecutions have been most flag-
rant might be granted concessions.

A meeting of the ministry was called
and it was decided that all villages,
as regards the Jews, should be classi-
fied as cities, and that Jews should
be permitted to reside in them. As a
further concession it was decided that
the ukase prohibiting Jews from liv-
ing within fifty miles of the frontier
should be removed and that they be
permitted to live in any portion of the
country.

Collision Kills a Man.

St. Louis, June 19.—An east-bound
Big Four passenger train ran into the
rear-end of an Illinois Central train
which was standing in the approach of
the Illinois side of Eads' bridge. J.
L. Dodge, of Dallas, Tex., who was
in charge of an express car loaded
with race horses, was instantly killed.
Thirteen of the trotters were so badly
maimed that they will have to be
killed.

Y. M. C. A. General Secretaries.

Jamestown, N. Y., June 19.—The
thirty-first annual conference of the as-
sociation of general secretaries of the
Young Men Christian Association of
North America has opened at Lake-
wood, on Chataqua lake, with an at-
tendance of 375 delegates.

Students Hunting Fossils.

Big Timber, Mont., June 19.—Pro-
fessor Marcus S. Farr, of Princeton
university, with a party of students,
has arrived here. They are in quest
of fossil remains of prehistoric ani-
mals in the Fish river country.

National Hay Association.

Chicago, June 19.—At the session of
the National Hay association conven-
tion the following officers were elected:
President, John L. Dexter, Michigan;
secretary and treasurer, P. E. Godrecht,
Indiana.

U. S. Grant for Vice President.

San Diego, Cal., June 19.—The Union
announces that U. S. Grant is a candi-
date for the Republican nomination for
vice president next year.

Mazatlan Port Is Open.

Mazatlan, Mex., June 19.—Minister
of the Interior Corral having declared
the port open the population gave way
to general rejoicing.

Austria To Be at St. Louis.

Vienna, June 19.—The ministry of
commerce announces that Austria has
decided to officially participate in the
St. Louis exposition.

Words of Cheer From Oklahoma.

Many persons appreciate what is done for them but are not thoughtful enough to tell it.

We are thankful to Frank H. Thayer, of Hobart, Oklahoma, for his kind words of appreciation with the renewal of his subscription.

Pushing to the Front.

No greater satisfaction is offered us than to report Buchanan boys filling places of trust and usefulness.

In today's RECORD we publish a letter from Carey Tremmel who was called from here by telegram to fill the position he now occupies.

There are many in the village and vicinity that have very pleasant recollections of Mr. Tremmel and will be very glad to hear from him as the letter is for them.

Persistency of Nature.

We all could learn very useful lessons from every thing around us if we were observing and desired to learn.

We could learn from those around us, and from those who knew less along many lines than we do. Every event of life either good or bad ought to teach us something, but possibly outside of the book of books there is no other teacher from which we can learn so much as we can from nature.

Let us be observing and learn from all these things among us. If we were only, to a very small degree, as persistent in accomplishing some purpose in life as nature is, what good we might do in this world.

Learn something; be something; do something and be persistent. Look into our window and see an example of nature's work.

News From Home.

There are many who have gone from our midst who no doubt would be glad to hear from the home people. They may be son, daughter, or other loved ones in whom you are interested.

How often have you promised yourself and them, that you would write to them, but you are so busy and then writing is not your forte, so you put it off from one week to the next and from one month to the next until it comes to be almost, if not altogether, years, and then you grow out of each others' lives.

Should you not feel able to pay for a year send the RECORD for 3 months and it will no doubt be of enough interest to have them subscribe for it.

Lo-tus Pellets are perfect Liver, Nerve and Kidney Pills. Small and pleasant to take, take them once and you will keep them always in the house.

U. S. Corn Cure for Ladies is a perfect cure for hard or soft corns, Bunions and calouses. Use it once and you will use no other. Only 15c E. S. Dodd & Son's.

A Tour of Berrien County is Being Made by County Officers.

A plan is in operation this week, and will continue for some days, whereby nearly every point in the county will be visited by Sunday school to stimulate the interest along this line.

The party will consist of nine workers, some of whom will be in attendance at each gathering. The workers are: E. K. Warren, county president; Rev. E. A. Hoffman, first vice president; Miss Florence Hoffman, county primary superintendent; Mr. George Parsons, chairman, executive committee; Mr. J. H. Gillette, second vice president; Dr. J. D. Greenamy, county treasurer; D. W. Kean, county secretary and E. C. Knapp, general Sunday school worker.

The convention will be held in Buchanan next Friday, June 26, and all Sunday school teachers and officers are urged to be present.

Letter From Carey Tremmel. Colorado Springs, Col., June 15, 1903.

Editor Buchanan Record: In fulfillment of my promise to the editor I write a few lines to the RECORD's readers.

It has been nearly a month since I left Buchanan for Colorado, "The Land of Sunshine." While it has been unusually rainy here, there was something grand in coming across the flooded Missouri and up into the invigorating mountains air.

Within an hour and a half after arriving in Colorado Springs I had assumed my duties as Membership secretary of the Young Men's Christian Association of this place, one of the model Associations of America. At the present time I also act as assistant to the General Secretary, and have a second assistant to help me.

The reception I received here made it seem like having just come home, rather than having left home. I was glad, too, to see my brother Guy who has been here over a year.

It is impossible for me to write to all who asked me to do so, but I will appreciate as many letters as my friends wish to write. I am interested in the prosperity of Buchanan, for I expect always to remember it as my native home.

With best wishes, I am Very truly yours, CAREY J. TREMMEL

A DESIRABLE CONSOLIDATION.

Three Leading Monthlies United.

By a notable change in New York Publication circles three prominent monthlies have been united, and will hereafter be published under the title of THE HOUSEHOLD LEDGER. The magazines thus brought together are the Ledger Monthly, founded by Robert Bonner, in 1848, The Household, first published in Brattleboro, Vt., in 1868, later in Boston, and still more recently in New York, Every Month, first issue of which appeared in 1895.

In its departments the new magazines will be comprehensive, bright and replete with valuable suggestions. Columns of excellent fiction from pens of eminent writers, with several pages in each issue devoted to new music by prominent composers at once establish The Household Ledger upon a high place in the home field.

In these days of concentration, nothing could prove more attractive to the reading public than the uniting of these three leading publications which, under a single subscription price gives the reader the best elements of each.

Mr. Zerbe Has a Fall.

Mr. Michael Zerbe, while coming from the country with a load of hay on Wednesday, fell from the load to the ground, experiencing a very uncomfortable shaking up. The accident occurred near John Searl's residence, who finding Mr. Zerbe unconscious, brought him home to Buchanan. He soon recovered consciousness, and Dr. Peck thinks he has not sustained any serious internal injuries, and, as no bones are broken, his recovery promises to be speedy.

Mrs. Zerbe was in Hartford at the time of the accident, and was telegraphed for, who came at once reaching here Wednesday night.

Proves an Ideal Resort Within Easy Reach of South Bend.

Within about 18 miles of this city by a good wagon road; 3 1/2 miles from Buchanan, 2 1/2 miles from Dayton and 4 1/2 miles from Galien on the Michigan Central and also from the latter town on the old St. Joseph, South-Bend and Southern railway, is a delightful lake resort of which there is a surprising degree of unfamiliarity in South Bend, but which has for its patrons people from as far west as Denver and from Louisville, St. Louis, Chicago, Indianapolis and a great many other points.

This is the Clear Lake Farm, located on one of the prettiest small lakes the eye could ask to look upon. This lake—about 1 1/2 miles long and about two-thirds of a mile wide, nestles far down in a valley. It is surrounded, most of the way around by high banks covered with all varieties of trees peculiar to this climate, several yellow pines lending their stately grace and deep green to the forests and groves along the shore, while tamaracs in their pretty gracefulness form a dense cluster within sight of this lake.

The lake presents a view of rare beauty from whatever point seen, but far and away the best from S. C. Cook's Clear Lake Farm, whose great white house is an embowerment of shade and flanked by laden orchards, stands commandingly upon a summit nearly 100 feet above the lake, where there is a view for miles and from whose great porch nearly all the lake can be seen at a glance. This house with its very large airy rooms has just been much further enlarged by an addition to the dining room, where a wide expanse of hardwood floor suggests that there are pleasures other than dining that await the visitor there. There are also croquet, a tennis ground and a golf course for those who wish to indulge in these sports. Several small lakes in the vicinity furnish variety for the lovers of the piscatorial sports.

The home, with an immense barn, an adequate dairy, a great variety of fruits from strawberries to huckleberries, cranberries, plums and peaches is a feature of a 400 acre farm that Mr. and Mrs. Cook came about three years ago from Springfield, Ill., to take possession of, it being the former abiding place of Mrs. Cook's parents. Both being people of city experience and wide intelligence saw the great possibilities in store in the creating of a summer resort, "far from the madding crowd," in nature's fastness. They saw in Clear Lake and nearby smaller bodies of water just what people wanted who came from the city to escape everything cified, and every day since has been a day of further preparation and improvement of the Clear Lake resort. They erected two very convenient cottages on the high wooded banks of the lake and they improved interiorly and exteriorly, the home place, giving to it the refinements of ample reading facilities, a piano and above all, the health giving qualities of a hygienic table intelligently supplied and its menu prepared in rare perfection. Mr. S. C. Cook's address is Buchanan, Mich., rural route No. 2. He meets any train when notified—South Bend Times.

IN MEMORIAM

GEORGE S. O'BRIEN. George S. O'Brien was born in New York, June 25, 1836. He came to Berrien County in 1844. June 21, 1864 he married Eliza Hickman, and to this union two children were born; a daughter who died when 18 months old, and a son now 32 years old. Mr. O'Brien died in Brownlee, Nebraska, June 7, 1903.

Elder Wm. M. Roe was called to preach the funeral sermon and the deceased was buried in Long Lake cemetery, south of Berrien Springs. Mr. O'Brien was for many years a member of the Christian church, and died in the blessed hope of a blissful immortality.

A Frightened Horse.

Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behoves everybody to have a reliable Salve handy and there's none as good as Bucklen's Arnica Salve. Burns, Cuts, Sores, Eczema and Piles disappear quickly under its soothing effect. 25c, at W. N. Brodrick's drug store.

Read the Record.

The Portage Prairie Farmer's and the Portage Prairie Visiting clubs members and friends, to the number of 140 hied themselves to Barron lake Tuesday morning for a picnic.

A more suitable and convenient place could not be found for a social gathering of this kind than Kenedy's resort, as he has plenty of good tables provided on the lawn in the shade, whereupon the picnickers may place their delicacies, and a bountiful dinner had been prepared by the ladies.

After dinner they spent their time in various ways, viz: playing ball, pitching horse shoes, bathing and boat riding. About 5 o'clock ice cream was served and then the company began to disperse to their various homes feeling justly paid for the time they had spent at the beautiful lake side.

Close Call.

Mr. Cleve Brant had a close call on Tuesday. He was engaged with others in removing some trees that were likely to interfere with the electric wires between here and South Bend. In removing a limb that had fallen across the wires he received a shock that caused him to be thrown to the ground. His fall was broken by the limbs and he was not seriously hurt, either from the shock or fall, but it might have been recorded otherwise.

MIDNIGHT SURPRISE

Jolly Serenade Party Greet Mr and Mrs. Walter Best.

Tuesday evening at about 10:30, Mr. and Mrs. W. S. Best experienced a very noisy surprise. They had just said their prayers, and retired for the night, when beneath their window sounded a shrill trumpet blast and then burst forth, like the roar of a thousand battles, the deafening rattle of old shot-guns, flint-locks, horse-pistols cap-pistols and potash, accompanied by the muffled and terrible roar of the drums; the noise was nothing more nor less than old mill saws beaten by old bolts and rods of iron which were so skillfully manipulated by competent hands, that one could not distinguish it from a Chinese pow-wow, when those poor Oriental heathen are frightening away the legions of devils that continually torment their souls, much the same as human beings of the same class often harass the peaceful souls of harmless mortals in our own enlightened America; or from the great Barnum and Bailey's circuses that sometimes are held, through several performances, in spacious back-yard, where a dozen or so school-tots are endeavoring to amuse happy neighbors. But the effects of the terrible rumble and rattle of the implements of attack were somewhat softened and modulated by the gentle tinkling tinkle of cow-bells shaken so unconsciously by the innocent animals upon whom they were fastened.

But Mr. Best, who is a good-natured college chap and who has participated in many similar "larks," and his sweet-tempered wife, were ready for the occasion and equal to the emergency. After several nervous attempts of the former to strike a match, by the help of his bride, a lamp was soon lighted and matters began to be hastily adjusted to the circumstance.

When there was a lull in the din and battle-cry without, Mr. Best stuck his head carefully through the curtain and announced that he and his wife would soon be down, but the poor bride was somewhat slow, owing to her eagerness to see the jolly crowd beneath and to the unskilled and as yet untrained hands of her only servant, in making her toilet and arraying herself in her bridal gown.

So, of course, a second volley of rattly-bangety started up, but the reappearance, through the curtain, of the groom's somewhat troubled face induced another lull by solemnly assuring them that the newly-married couple had not gone back to bed, but that it was only some natural nervousness that caused the delay of donning wedding paraphernalia especially difficult even under the most favorable circumstances.

After that the couple of the upper chamber were somewhat soothed and re-possessed by the direful notes of "old Kentucky Home," in serenade. At the close of the beautiful strains, the bride and groom were ready to descend and the groom, expressed his appreciation that he and his bride were so considered by them and honored by their call, and also announced that Mrs. Best was in the front room ready to receive them and

invited them in. They readily assented to the proposal and accordingly were ushered into the presence of the bride whom they wished much joy. They deservdly congratulated the groom, who, in due time amid some confusion, procured seats for the whole company and took some definite measures for their befitting entertainment.

The evening before, Mr. Best and his wife had surmised that they would have guests the following night, for at that time Mrs. Clarence Spaulding informed them that herself and husband would call on them the following evening. They instantly perceived the cunning bait that had been laid by Clarence, who is always ready to help out in a good joke, and on that account Mr. Best and his "better-half" made definite arrangements what to do providing the guests should come.

The guests having been seated, they were informed that their hosts were at their service and it was inquired what they would like first of all. A song from the bride and groom was requested and accordingly rendered, then while the groom kindled the kitchen fire and put on the teakettle, the bride entertained them with several solemn instrumental prices suited to the occasion such as "Clorinda," "Creole Bell," "The Victors, etc, etc. The groom then returned to "take possession of the land," and, while his bride changed her wedding dress for more mode attire Guy Ingleright recited "Noah and the ark ah" and the groom sang "Die Lorelei" and recited other short German selections.

The hosts excused themselves then for a few moments and, leaving the company to their own amusements began to prepare refreshments and after the elapse of a few moments a midnight lunch was served. The refreshments were more or less substantial on account of the extraordinary exertions of the serenaders, most of whom were destined to begin work in a short time for it was already past the midnight hour. The merry party disposed of some coffee, reception wafers, pickles for love-sickness, cake Mrs. Best had made the precious morning for just such an occasion, and lastly, each a piece of the "groom's cake"—the groom now going hungry for want of something to eat. To Will Russel the captain of the army, a huge quart coffee-cup of coffee was presented by the bride in behalf of the groom to whom they had afforded so much pleasure.

About 1:00 a. m. Wednesday, Mrs. Best played for them the "Fantasia on the Mockingbird and Auld Lang Syne" and they departed to weary walks and dreams disturbed.

The jolly number was twenty-two, Messrs Will, Vess and Vell Russel; Johnnie Diment; Carl Bradley; Edgar Upham; Carl Schriver; Burton Burgoyne; Floyd Hartline, Sam Wilson, Ivan and Guy Ingleright, Wairie Swift; Sadie Light; Claud Bates; Mr. and Mrs. Clifford Ruper; Myrtle Hunter; and last, but not least, Miss Nora Ingleright and Mr. Everett Russell. And, judging from the formers engagement finger and amount of sewing being done, we think perhaps soon may be an excellent opportunity for some more serenading.

It may be well and of interest to note for a closing remark, that some of the callers were so dazed and dum founded at departure, that, for some mysterious reason, they failed to bear away with them some of their guns, and other trinkets. Wednesday morning however they despatched a little neighbor boy to get the guns and the saws are still scattered about the yard patiently awaiting their removal.

Notice.

Sunday, June 21, is Woodman Decoration day. Woodmen are all expected to meet at camp hall at 2 p. m. and march to the cemetery at 3, where impressive ceremonies will be held and graves of deceased neighbors decorated. Bring flowers where possible.

SECURE INDUSTRIES

Money Needed With Which to Get Them.

PROPOSITION TO BOND THE TOWN

Public Meeting to Be Held to Discuss the Matter.

The conditions in Buchanan for manufacturing industries are no different from the towns surrounding us except that there are some advantages here that are not to be had elsewhere, especially the power which is at our doors. But manufacturing industries can not be had without some expense to the village; every town around us has seen that, and are as rapidly as possible adopting measure to obtain means; notably among the number is Niles.

Benton Harbor has also this week voted, by an overwhelming majority, to raise \$50,000 to be used for securing factories. Why cannot Buchanan do the same? We answer it can. The money raised need not be any such amount as Benton Harbor and Niles have raised, but we could raise \$10,000; each person would then pay an equal proportion and the property valuation would be increased, by factory buildings, residences, etc., so that in a very few years the money could be paid back.

Additional factories in a town give an increased opportunity for employment, so that when one factory is slack another will need help. We must do what others do in this matter if we wish to compete. Let every one be interested.

Of course we do not expect that every one will fall in with this plan and we are not going to quarrel with you if you do not. A number of the business men have been interviewed today, and, to a man all are in favor of the plan.

Talk it over, don't get mad at one another, but talk about it and in a short time a meeting will be called where all can speak, where all can hear what they think on the subject.

Look at the tag on your paper, and if you are in awears it will inform you.

If the tag on your paper is not correct today please notify us at once as it ought to be right.

STRIKE LOOKS LIKE FAILURE

Three Months of Idleness Tires the Mill Men at Lowell Who Struck Away Back in March.

Lowell, Mass., June 19.—After a struggle of nearly three months it appears that the textile operatives of Lowell have tired in their fight for an increase of 10 per cent. in wages in the cotton mills, and are willing to declare off the general strike which was inaugurated March 30. At one of the regular meetings the agents discussed a communication from the textile council which is regarded as an overture for peace.

The main purpose of the strikers' note is to secure a conference, but in addition to this it contains a suggestion that the operatives be allowed to go back to the factories with the understanding that all shall receive the places held by them before the strike. This proposition meets with a flat refusal from the manufacturers, who say that the strikers had that opportunity presented to them when the gates were reopened a fortnight ago and refused it.

THREE CHICAGO DECISIONS

Alex. Sullivan, Gets a New Trial—No Policemen's "Union" and No Free Text Books.

Chicago, June 19.—Alex. Sullivan, former attorney for the North Chicago and West Chicago Street Railway companies, who was convicted of conspiracy growing out of the Bailiff Lynch jury-bribe case, will get a new trial. This is because the appellate court says he did not have a fair one at first.

The appellate court has also decided that there is no room in municipal government for policemen's protective associations. The court holds that the police force is a quasi military body, and the members necessarily resign rights which they might have as private citizens.

Judge Edmund Burke decided that the school board has no right under the present statutes to furnish free text books to pupils.

MAJOR POND LOSES A LEG

Had to Have It Amputated to Save His Life—Wound on His Foot Failed to Heal.

New York, June 19.—Major James H. Pond, manager of lecturers and singers, has had to have his right leg amputated to save his life. The operation was performed at his home in Jersey City. The patient, who is 65 years old, withstood the shock well, and the physicians believe the outcome will be favorable.

Major Pond has been ill for a month. Two weeks ago a slight operation was found necessary for his foot. The wound failed to heal and amputation of the limb finally became necessary.

ISSUE IS MOMENTOUS

Presented by an Injunction Granted by a Judge Against Your Uncle Sam.

STOPS THE LAUNCH OF A WARSHIP

It Is Executed, but the Washington Authorities Talk of Setting It at Defiance.

Richmond, Va., June 19.—Judge Grinnan, of the Richmond chancery court, has granted an injunction restraining Lieutenants Theiss and Grosdeck, of the United States navy, from proceeding further towards the launching of the cruiser Galveston, under construction in the Trigg shipyards here. The injunction was granted on petition of S. H. Hawes &

REAR ADMIRAL BOWLES.

Co., of this city, supply creditors of the Trigg company, now in the hands of a receiver, and restrains the government officials and all other persons from in any way interfering with any of the property at the Trigg yards under control of Lilburn T. Myers, the receiver, and especially the cruiser Galveston and the dredge Benard, under construction for the government.

Launching Set for Monday. Lieutenants Theiss and Grosdeck were sent here by the navy department to superintend the launching of the Galveston, which it was the intention of the department to send to the Norfolk yard for completion. All preparations had been made for launching the vessel Monday next.

COURT IS TO BE DEFIED

Launching to Go on Just as if Judge Grinnan Did Not Exist.

Washington, June 19.—It is stated here that proper respect will be shown the mandate of the court so long as they keep within their jurisdiction, but that the navy department cannot submit to an interference with its rights. The cruiser Galveston at Richmond, it was added, would be launched when ready. Secretary Moody is not at all disposed to act hastily regarding the Galveston, but indefinite delay upon the construction of that vessel, in the event of an international emergency, might prove a grave matter, and the department therefore feels bound to proceed with the work as rapidly as possible.

It is hoped that the vessel will be in condition for launching next Monday afternoon. Secretary Moody was informed of the action of the Richmond court, but declined to talk on the subject until after conferences to be held today with the president and the attorney general. Attorney General Knox also was unwilling to be quoted in the matter at this time. It can be stated, however, that the attorney general regards as eminently well taken the contention advanced by Rear Admiral Bowles, chief of the bureau of construction and repair, that no court has the right to interfere with work on a war vessel, and that the government would be warranted in calling federal troops to protect its agents engaged in such work.

Instructions have been sent Lieutenants Theiss and Naval Constructor Grosdeck, in charge of the work on the Galveston, to proceed with all possible dispatch in the effect to get the ship ready for launching on Monday. An invitation has been sent Miss Ella Sealey, of Galveston, Tex., selected as sponsor for the vessel, to be present on Monday to christen the Galveston with the traditional bottle of champagne. Captain Charles Train will act as the representative of the government.

Another Postal Man in Trouble. WHY IT SUCCEEDS.

Because it's for one Thing Only, and Buchanan is Learning This.

Nothing can be good for everything. Doing one thing will bring success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ill. Here is Buchanan evidence to prove it.

Mr. Henry Blodgett, of Main St., Prop. of the Tile and Brick Works, says: "After a careful and varied experience I have not the slightest hesitation in endorsing the claims made for Doan's Kidney Pills. At intervals for over two years I was not only annoyed but I actually suffered from severe pain in the small of my back and it was always worse if I did a hard day's work. Any cold I caught aggravated the pain, weakened my kidneys and too frequent action of the kidney secretions ensued. I read about Doan's Kidney Pills, got a box at W. N. Brodrick's drug store and took them with the result that the backaches entirely disappeared and my kidneys were strengthened. Mrs. Blodgett also used Doan's Kidney Pills with the same good result. We both are pledged to recommend so valuable a remedy."
