GIDEON ROUSE IS DEAD

Another Soldier Answers the Final
Roll Call.

Sunday afternoon, at his home on
Portage St., Gideon Tyler Rouse, who
had served his country as a soldier,
during the civil war, answered to the
final roll call and passed away from
earthly scenes.

Mr. Rouse was born in Tonawanda,
Niagara Co., N. Y. May 17, 1846, and
lived there with his parents until the
year 1855, when his mother died,
afterward moving to Buchanan,
Mich., with his father, two brothers,
and one sister.

He lived in the vicinity of Bucha-
nan from the age of nine until six-
teen when he enlisted as a soldier in
the civil war, serving three years in
the twenty-third Ill. Returning to
Buchanan after his discharge he en-
gaged in saw milling for a time.
When twenty-seven years old he was
married to Polly Judy, of this place.
Shortly after his marriage he went to
Nebraska and staid for three months
returned to Buchanan where he relived
until the death of his wife Oct. 4th,
1881. Three children survive this union,
two boys one girl. Ralph R.,
oldest son, Bertha L. Arney, and
George Earl Rouse living in Marion,
Ind..

In April 5, 1893 he married Annie
E. Miller, with whom he lived until
his death June 21, 1903. Two child-
ren survive this union, one girl Grace
Rouse and one boy Donald Rouse.

Three years ago he spent four
months in the Soldiers' Home in Grand
Rapids; and last year he spent three
months at the Soldiers' Home in Mar-
ion, Indiana. His death was caused
by chronic diarrhoea, and so emaciated
was he by this sickness that at the
time of his death he weighed but
fifty-one pounds.

The funeral occurred this afternoon
at 2 o'clock at the Larger Hope
Church Rev. W. J. Douglass officiat-
ing. The hall heaters were mem-
bers of the G. A. R.

ANNUAL CONVENTION.

Ladies of G. A. R. Have Interesting
Gathering at Muskegon.

About seven hundred members of
the Ladies of the G. A. R. gathered
from the state of Michigan, met at Mus-
kegon recently to hold their annual
convention.

The following officers were elected
for the ensuing year:

Department President—Mrs. Mary
Christenson, Grand Rapids.

Senior Vice President—Mrs. Carrie
Chilson, Galien.

Junior Vice President—Mrs. Edith
Smale, St. Charles.

Secretary—Mrs. Mary Nichols, Grand
Rapids.

Treasurer—Mrs. Celia Barber, Case-
ville.

Chaplain—Mrs. Marie V. Randall,
Detroit.

Council of Administration—Mrs.
Sarah A. Younglove of Bad Axe, Mrs.
Adelaide Eagan of Muskegon, and
Mrs. Armstrong of St. Charles.

Councilor—Mrs. Juliet Baird, of Bu-
chanan.

Delegate at Large—Mrs. M. Ellen
Sickafosse, of Buchanan.

Alternate—Mrs. Sarah Birdsey of
St. Joseph.

First delegate to national encamp-
ment, San Francisco—Mrs. Ella W.
Stevens, St. Joseph.

Alternate—Mrs. Emma Watson,
Carlton.

Mrs. Juliet Baird was signally hon-
ored by being elected councilor, an
office of dignity and responsibility.

Mrs. Sickafosse, the delegate at
large to attend the annual convention
in San Francisco in August, is well
worthy of this honor.

While the convention was in session
the Eastern Star ladies tendered a re-
ception to Mrs. M. Anna Hall, of
West Virginia, National President,
and the retiring Dept. President, Mrs.
Juliet Baird.

One of the pleasant features of the
convention was an invitation which
the ladies accepted with delight, to
visit the steamer, Indiana, and enjoy
a ride on beautiful Lake Michigan.

The Convention was, all in all, one
of real pleasure, as peace and har-
mony prevailed and all were united
in advancing the interests of the or-
ganization.

MODERN WOODMAN.

Large Number of Lodge Men Participate
in Decoration Day Exercises.

Sunday, June 21, was the day set
aside by the Woodmen Lodge to dec-
orate the graves of those of their
number, who have died and the local
lodge members, to the number of
about seventy, met at the hall, Sun-
day afternoon at 3 o'clock and, ac-
companied by the Buchanan Cornet
Band, marched to Oak Ridge Cem-
tery. While the members were dec-
orating the nine graves of deceased
members, eight of whom died here, one
having brought here for burial from
Mishawaka, the band played a dirge,
after which Rev. W. J. Douglass
made a brief but interesting and ap-
propriate address; following this the
band played two selections and the
people marched back to town.

It was the first occasion on which
the Forrester Team of the Woodmen
have worn their new uniforms, and
they presented a fine appearance. The
parade was a sight to rejoice every
resident of the village, as the young
men, full of life and vigor went to
pay homage to their beloved dead.

FIRST SCHOOL HOUSE.

As Remembered by one of the Oldest
Citizens.

The first school house erected in the
village of Buchanan was upon the
second lot north of the creamery on
the east side of North Portage St., in
the summer of 1841. The school was
taught by Miss Bird the winter of '41
and '42 and summer of '42, but near
the close of school the house burned.

There was a good deal of dissatis-
faction with some in the district when
it was located there and some of those
that were satisfied with it there, al-
ways thought it was set on fire. Mr.
Hiram Weese having built the house,
that summer, now owned and occu-
pied by his son Leonard, his old log
house was empty and stood on the
flatiron shaped piece of land at the
east end of Leonard Weese's

place, and the balance of the term of
school was finished up in that log
house. The winter school was taught
by Miss Jane Porter. The following
are the names of the children and
where they lived that attended school
in the school district that winter:

Julia, Johnson and Leonard Weese,
children of Hiram Weese, Mary and
Thomas Cathcart lived in the log
house close to the axle works, Homer
N. Hathaway lived on the Vander-
slice farm, Leonard S. Dorke lived in
the house east of Mrs. Chas. Black's
barn, and so close to the top of the
bank that there was only room for a
roadway between the house and the
bank. Jane, Joseph, Nancy and
John Mansfield lived in a log house
just north of the east end of Bainton's
side track at their mill, Newell Har-
rison lived in Chas. Cowles' shop just
west of Mr. Stryker's, Mr. Cowles
lived where Mr. Stryker does now;
he had no school children. Charity
Monger lived in the house now owned
and occupied by Robert Covell, Mary,
and Julia Day lived where John Wil-
ber's store building now stands. Geo.
and Robert Hamilton lived where
E. W. Sanders' residence now stands,
David Mitchell lived where the brick
house west of Mr. Palmer's now
stands; Timothy, Josper, and Polly
Halsted lived on the farm now owned
by Fred Andrews, joining the town,
and the house was in the hollow
south east of the barn now on the
farm; Jackson and Wm. Denend
lived on the farm now owned by Wm.
Rough in Buchanan township, the
first house west of Ben Chamberlain.
The only house on Chamberlain's
place was an empty log house north
of present house on the hill close to
the woods. I give these names and
place of residence of the scholars and
mention of families having no child-
ren so that there can be an idea form-
ed of just how the country was set-
tled at that time as these were all
of the houses then built in this school
district.

School was taught six days the first
week and five the second as that was
all the law required; the second Sat-
urday was called the teacher's Satur-
day, but the way the large boys and
girls had to work at home those Sat-
urdays made some of the scholars
think it was father's, and mother's
day. Roll was called every night
just before we were dismissed in or-
der to know how to make out the rate
bills, for the teachers wages were col-
lected after the term of school was
out by the school district treasurer
according to the rate bills; and there
were many teachers who taught
school who could not make out the
rate bills.

The American Protective Tariff
League, of New York, is early in the
field for the campaign of 1904. Real-
izing that the percentage of new
voters may prove to be sufficient to
turn the scale in several states, the
League has mailed to its members and
connections inquiry cards, asking
names and addresses of young men
who will, next year, cast their first
votes at a presidential election. Re-
plies to these cards are coming in, by
the hundreds in every mail, and
The League is rapidly accumulating
an immense list of names to which it
will send literature of the sort cal-
culated to inform young electors as
to the merits of the questions divid-
ing the two political parties.

Record Display Window.

Nature's products are always of interest to an inquiring mind, and during most of last summer there was on display here various forms of fruits and vegetable raised by our farmer friends.

One of the prettiest fruit branches thus far seen was brought to the Record office Saturday by Mr. M. K. Spaulding. It was a branch from a cherry tree, loaded to its utmost capacity with immense ox heart cherries. They were perfect in form and were a of decided interest to the passers by. Mr Spaulding lives on Mrs. A. M. Nutt's farm, on rural route No. 1.

Life Motto.

A gentleman hands us the following and says he wants this to be his life's motto:

Edward Courteney, Earl of Devonshire has as his epitaph "I expect to pass through this world but once; if, therefore, there be any kindness I can show, or any good thing I can do to any fellow human being let me do it now. Let me not defer or neglect it, for I shall not pass this way again."

Sunday School Rally.

They are coming. Who? The Sunday School Touring party. Who are they? Mr. F. Washburn, Mr. Knapp, Rev. Mr. Hoffman, and Miss Hoffman. When are they coming? Thursday June 25, '03. What are they coming for? To hold three services in the Evangelical Church. What will it cost? Simply an effort on your part to come out on Thursday and see them. Pastors, superintendents, teachers, scholars, fathers, mothers, saints, and sinners; come out on Thursday.

Children's Day at U. B. Church.

Children's day service in the United Brethren Church on Sunday evening was a success. The church was handsomely decorated. The front of the altar was decorated with green and white, with a rainbow clear across the rostrum, with a back-ground of ever greens, ferns, plants and flowers the walls were decorated with flowers and flags. A large congregation was present to listen to the recitations of the children and the singing by the choir all of which was enjoyed by those present.

REV. W. D. COLE.

New Pastor Takes Formal Charge of Presbyterian Church.

Sunday morning, Rev. W. D. Cole, formerly located at Brooklyn, Mich., took charge of the services, at the Presbyterian Church, assuming the responsibility of the pastorate of the church. His brief introductory remarks were an appeal to the church members for cooperation and for them to look to Christ as the head of the church, and not look to the minister. His morning theme was "Influence" and the sermon was a strong discourse, impressing each person with the undeniable thought of personal responsibility. The text was taken from the passage where people were brought into the street, that the shadow of Peter might fall on them. As surely as each person casts a shadow, so surely does he have an influence on the moral character of those with whom he comes in contact. Is his influence strong and pure and Godward, or is it weak and tending to encourage those things that are base and degrading?

Mr. and Mrs. Friday assisted the choir and in the evening gave some special music.

The members of congregations are very glad to welcome Rev. Cole, and anticipate for the church a growth and development, such as they have not experienced for years.

Re-adjustment Plan Lost

The Head Camp of the Modern Woodmen which has been in session in Indianapolis have elected the following officers for the coming two years: Head consul—A. R. Talbot of Nebraska. Head adviser—D. B. Horne of Iowa. Head clerk—Chas. W. Hawes of Illinois. Head banker—P. R. Smith of Missouri. Directors—G. W. Reilly, Illinois; O. G. Saunders, Iowa; P. R. Smith, Missouri; E. E. Murphy, Kansas; C. J. Byrnes, Michigan.

The readjustment plan was lost and they adopted the Iowa plan which will add \$2,000,000 to the assessments the first year.

The Iowa plan provides for a flat increase of from 25 to 100 per cent on the present rates of assessment, the amount of assessment increasing with age until a certain age limit is reached, when the assessments begin to decrease.

While the increase has been figured at \$2,000,000 for the first year no statement has been made for the years after that and it is thought the first year will show the greatest increase.

The Chicagoans won their fight for the admission of members from cities of over 200,000 inhabitants, and it was decided to admit the large cities to the jurisdiction, while power was given to the executive council to exempt any one or any section of any city.

The leader in the Chicago fight was Prof. O. E. Aleshire, former Supt. of Public Schools of Buchanan, but now in the insurance business in Chicago.

The Kent Camp Forester team of Grand Rapids, won one of the prizes in a drill contest.

\$30,000 IN PREMIUMS.

New Methods and New Plans for the West Michigan State Fair.

The work of preparing for the coming West Michigan State Fair, which is to be held in Grand Rapids September 14th to 18th, this year, is going on very rapidly.

Over \$30,000 is to be distributed in premiums, special attractions, etc., at Comstock Park, where the fair is to be held.

A landscape gardener of national reputation has been employed, and most artistic plans have been adopted for the beautifying of the grounds. It is planned to have a large lake in the center of the track, and large numbers of shrubs and trees have been set out all over the grounds.

One of the unique features of the premium list is the giving of a very large prize for the largest and best general collection of fruit grown in Michigan. The premium will be \$75 for the best, \$50, for the second, and \$25 for the third best collection of fruit.

There will also be a premium of \$30 for the best, \$10 for the second best and \$5 for the third largest and most judiciously selected, best grown and carefully handled exhibit of not less than twelve varieties of peaches exhibited by individuals or society, adapted for dessert, family and culinary purposes, affording a succession during the usual season of this fruit.

There is also to be a prize of \$20 for the best and most judiciously selected exhibit of not more than twenty varieties of pears for dessert, family and culinary purposes, affording a succession during the usual season, exhibited by society or individual.

A prize will also be given to the most judiciously selected and grown and carefully handled exhibit of not more than twenty varieties of plums for dessert, family or culinary purposes, exhibited by individual or society, affording a succession through the usual season. These premiums are most generous and are a great departure from the usual method of giving premiums in horticultural exhibitions.

One of the pleasant features of the West Michigan State Fair Association is the fact that they pay their premiums in cash as soon as the fair closes.

The Central Passenger Association has granted a rate of one fare for round trip all over Michigan to the fair, making it possible for a large number of people to attend this fair.

Mr. C. A. French who was so successful as secretary last year will be in charge this year, to whom all applications for space or information should be addressed.

U. S. Corn Cure for Ladies is a perfect cure for hard or soft corns, Bunions and calouses. Use it once and you will use no other. Only 15c at E. S. Dodd & Son's.

LETTER FROM REV. J. M. ROGERS.

Pastor of Marquette Presbyterian Church Reports Bright Prospects.

In a letter to his brother-in-law L. J. H. Dodd, Rev. J. M. Rogers, of Marquette, speaks of the encouraging outlook in the Presbyterian church of that place.

After a few introductory remarks in which Rev. Rogers tells of his being ill with rheumatism, he says:

Our church year closed with a most satisfactory showing in all lines, \$900 being given to our own Church Boards and \$700 to local charities and miscellaneous benevolences, and over \$6000 expended for all purposes. As we have no debt and our property is in good condition and \$500 in the treasury, it wasn't a hard thing to see the way clear to vote an increase of \$300 to my salary, and this was done very heartily and unanimously.

Now we have just celebrated the 46th anniversary of the organization of the church, on last Monday evening. As the last Moderator of Genl. Assembly, Rev. Robt. F. Coyle, D. D., was a Marquette boy, converted in this church, headed for college and seminary by a faithful pastor, and helped to get his education by church and individuals in it, and as a former pastor also has served as Moderator of the same body, we had quite a proud time. Two of the original fourteen members are still with us and were present and read papers on the early history, and many former members, scattered all over the world sent letters of greeting. Altogether we had a big time and it was a profitable occasion as well.

The church looked like a small thing to some people at some times in its history but it has outlived every firm and business corporation organized in that or in many subsequent years. The things that abide are not always the things that the "wise" of this world plan. Now I am informed that the Y. P. S. C. E. expects me to go to Denver as its delegate to the big International Convention next month. As this means that all my expenses are to be paid, I have concluded that I shall take my vacation then and spend the month in Colorado.

The weather hasn't been warm enough yet for us to give up fire night and morning, and I would take my garden in nights if it wasn't quite so big. We are hoping for warmer weather some time during the next month or so.

With greetings to all, I am,

Yours very truly,

J. M. ROGERS

Opening of Coney Beech Resort.

Invitations are out announcing the thirteenth opening of Coney Beach Resort on Friday evening June 26th, 8 o'clock. Mr. Fuller has made every effort to make this opening the best he has ever had.

\$25 To Colorado And Back.

It has been estimated that between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between \$400,000,000 and \$500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure per capita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

From July 1 to 10 this line will sell tickets to Colorado and return from Chicago for \$25. This will enable many to enjoy their summer's outing at slight expense. Colorado summer resorts are cooler than the seashore.

For scenic beauty the Rocky Mountain region is famous the world round. The most attractive spots among these peaks are beautifully pictured and faithfully described in a new book just published by the passenger department of the Chicago, Milwaukee & St. Paul Railway. It will be sent on receipt of six cents to pay postage.

Through train service, Chicago to Denver, every day via the Chicago, Milwaukee & St. Paul and the Union Pacific.

Case Comes in September.

Buchanan, Mich., June 17.—It is expected that the case of the village of Buchanan versus Millionaire C. A. Chapin, of Chicago, wherein the complainant seeks a permanent injunction to restrain Mr. Chapin from transmitting power from his dam in the St. Joseph river to South Bend or any other point beyond the corporate limits of the village, will come up for trial in the Kalamazoo circuit court next September.

Village President George H. Black is the leading spirit of the opposition, and the members of the village board appear to be with him to a man, hence a hot fight is expected. Mr. Black says transmission of the power means ruin for Buchanan, and that inasmuch as the village contributed \$50,000 toward building the dam, they are entitled to the benefits that cheap power would naturally result in, and that he is in favor of fighting the Chapin people to the last ditch.

When Messrs. Holmes and English built the dam, they entered into a contract with the village, according to the terms of which the power from the dam was never to be transmitted beyond the corporate limits of the town. President Black claims proprietorship in this contract was handed down from one owner of the dam to another and that he believes the courts will declare the document binding.—South Bend Tribune.

Interesting Speakers.

Rev. G. L. Cole D. D. and daughter Mrs. Jessie Hardison, of Pasadena, Cal. will conduct the services in the M. E. Church next Sunday both morning and evening. Dr. Cole will also give a stereopticon lecture in the church on Monday evening on the cliff dwellers which promises to be of great interest. The lecture will be free and a voluntary offering will be taken to pay expenses.

Mrs. Hardison is very well spoken of as a speaker of interest having worked among the Chinese of Cal.

Going to Carlsbad

Congressman E. L. Hamilton, when asked this morning as to going abroad said: "I have been handicapped for some time back by being out of health. The doctors tell me I have either got to give up work for a short time now or give it up for a good deal longer time later on. I am advised to go to Carlsbad and I am going as straight there as I can. I expect to start home the latter part of August." Mrs. Hamilton will accompany Mr. Hamilton and they expect to sail about the first of July.—Niles Sun.

RED LETTER DAY

South Bend Preparing for a Great Day Thursday.

Acceptances have been received by the committee on invitation from many civic societies in South Bend and G. A. R. posts in other cities, giving assurance of an imposing procession and thousands of people will visit South Bend. Grand parade 2 p. m. sharp.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss., has to say, "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by W. N. Brodrick Druggist. Price 50c, and \$1.00. Trial bottle free.

ANOTHER CONSOLIDATION.

Three Well-Known Publications United.

New York: Perhaps nothing more suitable could occur in the uniting of publications, which style of concentration has rapidly grown in popularity, than the bringing together of the Ledger monthly, founded by Robert Bonner in 1843, a publication devoted alike to the general field and to "home matters," The Household, preeminently a home publication, established in Brattleboro, Vt., in 1863, and the musical journal, Every Month, which has rapidly grown in favor since its first issue that appeared in 1895. This uniting of diversified interests, which however, all centered in the home, naturally at once establishes The Household Ledger upon a high plane in the home field.

Among the various features that will popularize the new publication is that of each month producing several full pages of music from eminent composers, without in any wise reducing the number of pages devoted to well conducted departments, stories by well-known writers, and other literary matter—in other words the new publication will contain a sufficient number of pages to treat clearly and fully of these matters. The subscription price has been placed at \$1.00, with an advertising rate of a like amount. This latter, with an average monthly circulation of 250,000 copies, is exceptionally low and must prove exceedingly attractive to advertisers in general.

In these days of concentration, nothing could prove more inviting than a system whereby the public receives greater value than under former conditions. This is exactly the case in the uniting of these three publications, for under a single subscription price the reader receives the best features of the three magazines. —"Profitable Advertising"—June number.

If factories are to come to Buchanan money must be had; it is up to the people how the money shall be got. Some good factories in Buchanan would increase the opportunity of labor and afford an opportunity for continued employment. Are a few liberal men to pay whenever money is needed, or is every body willing to help by taxation? Factories will increase the population. Increased population means more dwelling houses, more merchandise sold, more money circulated, increased property valuation, more money in the village treasury. Let us get factories.

APPEAL BY METCALF

**Dismissed Postal Official Does Not
Think He Has Been Fairly
Treated.**

ASKS RECALL OF HIS DISCHARGE

**Until He Can Be Heard in His Own
Defense—Pleads Honor-
able Service.**

Washington, June 19.—Postmas-
ter General Payne has received the fol-
lowing letter from Metcalf asking a
suspension of the order of dismissal
until his complete defense may be
heard:

"I cannot but feel that under ex-
traordinary circumstances such summary
action as has been taken in my case
would not have been had without giving
me a chance to be heard by your-
self in my own defense.

Suggestion of Hysterics.

"It must be due to the heated, ex-
cited and congested condition of af-
fairs in the postoffice department that
the postmaster general has consented
to this summary dismissal of a man
who for the best part of his life since
attaining manhood has devoted his
whole thought and being to the gov-
ernment and the best interest of the
postal service, in which no stain or sus-
picion has ever heretofore attached.

Justice Demands a Recall.

"Justice to myself, my family and
my friends require that I should ap-
peal to the postmaster general to re-
call this order of summary dismissal,
and accord me an opportunity to show
that in this matter, as in all others, I
was consulting only the best interests
of the postoffice money order service
in whatever I did concerning the Her-
man bid, and not my own self-inter-
est, and with no thought of myself
or my family, as is made to appear
in the charge against me.

Points to His Years of Service.

"The common sense of justice and
the right of defense, which my score
of years of faithful public service en-
titles me to, must impel the postmas-
ter general to grant me this oppor-
tunity of demonstrating to him that
his action has been hasty and unjust
to a faithful public servant, who has
devoted his life to the best interests of
his government. The suspension of
your order is respectfully asked until
such time as you may hear from me."

NO DOUBT OF THEIR NEED

**Victims of the Flood at Kansas City, Kan.,
Are Numerous and the Nec-
essity Is Great.**

Kansas City, Kan., June 19.—In re-
sponse to many inquiries asking as to
the correctness of reports regarding
flood losses in Kansas City, Kan., the
relief committee has made the follow-
ing statement:

"As the extent of the flood calamity
becomes more correctly known, it is
found that the reports heretofore given
out by the relief committees of the
city have fallen considerably below the
actual conditions.

"This is especially true as to losses
and damages on dwelling houses,
which are not far from 65 per cent. to
75 per cent. of total value in the flood-
ed districts, while the losses on house-
hold effects are probably near 90 per
cent."

"With these rates of losses suffered
by fully 23,000 people, composed as
they are largely of laboring people, the
need and necessity for aid in large
amounts is established beyond dis-
pute. All contributions should be sent
to T. B. Gilbert, mayor of Kansas
City, Kan." The foregoing is signed
by Mayor Gilbert and the committee
of outside aid.

Heppner Death Roll Increases.

Heppner, Ore., June 19.—The num-
ber of dead recovered from the flood
ruins totals 153 bodies at this writing.
Fifteen bodies were found in drifts
along Willow creek. The missing list
is reduced by these discoveries; but a
list of valises and trunks found es-
tablishes the fact that from fifteen to
twenty transient boarders at the Hepp-
ner hotel went down in the flood. The
number of dead and missing will prob-
ably reach 225.

Lieut. Gov. Northcott Robbed.

Indianapolis, June 19.—Lieutenant
Governor W. A. Northcott, of Illinois,
was robbed by a hotel thief of his gold
watch, chain and charm, valued at
\$300, and \$35 in money, and says that
some money and jewelry belonging to
his daughter was taken. The charm
was of Masonic design and was pre-
sented to him by the general assembly
of Illinois.

Dick to Manage the Campaign.

Columbus, O., June 19.—General
Charles Dick, of Akron, was selected
by the Republican state central com-
mittee, at a meeting held here, to di-
rect the campaign in Ohio this year.
General Dick was elected chairman of
the state executive committee.

Postmaster Derousse Located.

Philadelphia, June 19.—City Treas-
urer Moore, of this city, has received
word from Baltimore informing him
that Postmaster Derousse, of Camden,
N. J., is at the home of a friend in
this city, having arrived there "in a
bad physical and mental condition."

structed its representative to resume

Ann Arbor, Mich., June 19.—Pro-
fessor M. B. Cooley, of the engineer-
ing department of the University of
Michigan, has been offered the deans-
hip of the engineering school of the
University of Wisconsin. The same of-
fer was made him in 1895 while serv-
ing as a naval officer in the Spanish-
American war.

Michigan Shooting Tournament.

Jackson, Mich., June 19.—The Mich-
igan state shooting tournament opened

some of the best marksmen in the United
States and Canada.

Bob Is "Shorely" a Healer.

Chicago, June 19.—Robert Fitzsim-
mons, the well known prize fighter,
announces that he is engaged to marry
Miss Julia Gifford, a singer connected
with a theatrical company now play-
ing at a local theater. Miss Gifford ad-
mitted the engagement, but said there
would be no wedding "for a year or so."

One Jockey Out of Business.

Chicago, June 19.—Jockey Coburn
had his badge taken up at Earlem and
he was put off the track with orders
never again to ask for admission.
Failure to keep engagements and in-
ability to make weight owing to al-
leged dissipation caused the exclusion.

LATEST FASHION NOTES

STREET COSTUME OF BLUET HOPSACK.

A stylish costume is an absolute
necessity, and an evidence of good
taste and workmanship is shown in a
gown of bluet hopsack. This has a
novel collar, which gives the long-
shouldered effect and the strappings
of which cross in front, and are com-
pleted with an ornament of pendants.
Narrow plaits supply decoration, and
all of the stitching, a great deal of
which appears on the bottom of the
skirt and just above the strappings
on the skirt, is done with Corticelli
stitching silk of the same shade, size
D. This silk comes on one-quarter
ounce spools, and has generally been
adopted by the best dress-makers,
since it is just the right size and twist
for stitching purposes.

The pouched or blouse front is fast
being superseded by the deep corselet
and long narrow buckle, suggesting
the pointed stomacher, and many
evening bodices show the pointed
lower edge. Large floral patterns
obtain for the thin gown for warm
days, and a prodigious display of coarse
lace set on white bobbinet and shir-
ings will be the salient feature.
The exaggerated long shoulders will
be given by the deep lace collars of
all descriptions and construction, and
when these are not ruffled and frilled
will replace them.

Of Interest to Women.

It is doubtful if any other paper in
the United States caters so success-
fully to the varied interests of the
home as does The Chicago Record-
Herald. There is a fashion article in
every issue; a department devoted to
interesting items of unending variety
concerning matters in which women
have special interest; Mme Qui Vive's
"Woman Beautiful" column, in which
questions concerning the toilet, etc.,
etc., are answered and useful hints
are given. "Meals for a day," in-
cluding menus and recipes for the
three meals every day, an installment
of a "high-grade" serial story, and in
addition the "Stories of the Day"
column on the editorial page, S. E.
Kiser's humorous "Alternating Cur-
rents," the boys' and girls' page and
Dr. Withrow's article on the Sunday
school lesson in the Friday issues,
also entertaining and valuable book
reviews, and in the Sunday issues
numerous special fashion, household
and other articles, all very interest-
ing to the sex, including the best full
page of fashions appearing in any
newspaper. "How to be Healthy and
Beautiful," by Mrs. Henry Symes,
"A page for the Home Dressmaker"
and two full pages beautifully color-
ed, reproducing the latest fashions.

The Delineator for July.

The July *Delineator* shows a con-
siderable change in make-up from
preceding issues; the literary matter
has been brought to the front of the
book, then follow the fashions, and
lastly departmental matter. The
number is in many respects superior
to any previous one. The display of
the fashions is charming and up to
date, and the literary contents are of
striking interest. Christine Terhune
Herrick writes entertainingly of Mar-
ton Harland's souvenir garden at
Sunnybank, her country place in New
Jersey, and N. Hudson Moore con-
tributes to the number a finely illus-
trated paper on roses. Bird Babies
and their Cradles, by Landon Knight
is a very attractive article, illustrated
photographs. In the seventh "Miladi"
paper Miss Clara E. Laughlin discus-
ses woman's duties toward her neigh-
bors. In fiction, there is a short story
called Paper Dolls, written by Je-
seph Blothen and illustrated by A. L.
Keller, and the third installment
of The Bois-Brules, Mrs. Catherwood's
serial. A page of exclusive photo-
graphs of Viola Allen is a feature.
In the series on historic and modern
homes Van Cortlandt Manor Home
is described and illustrated, with
views of both interior and exterior.
For the children, Lina Beard begins
a series describing the construction
in miniature of the "Seven Wonders
of the World." The number also in-
cludes the introduction to a series of
tales for children called Firelight
Stories, by Livingston B. Morse.
The sixth lesson in Plain Sewing is
given, and the Departments are as
helpful and varied in interest as us-
ual.

The Boy John Wesley.

Of the nineteen children born to
Samuel and Susanna Wesley, only
ten survived the period of infancy,
and of these only three were sons.
John was thirteen years younger than
Samuel and six years older than
Charles. Of his early boyhood only
one incident is recorded. On a Feb-
ruary night in 1709 the rectory was
burned. The family, hurrying out
in terror, left the boy John sleeping
in his attic chamber, and he was tak-
en out through a window only an in-
stant before the blazing roof fell in up-
on his bed. Wesley always retained a
vivid recollection of the scene, and
more than a half-century later, when
thinking himself near death, he com-
posed his epitaph, he describes him-
self as "a brand plucked from the
burning."

His mother deemed his rescue a
providential indication that her son
was preserved for some great work,
and resolved, as she says, "to be more
particularly careful of the soul of this
child than Thou hast so mercifully
provided for." There is, however,
no evidence of anything precocious
in the religious development of the
boy, but only a certain staid over-
deliberateness, which he got from his
mother, but which to the more mer-
curial temperament of the father
seemed, in a lad not yet teens, half
amusing and half vexatious.
"Sweetheart," said the rector to his
wife, "I profess I think our boy Jack
wouldn't attend to the most pressing
necessities of nature unless he could
give a reason for it."—*July Century.*
