The afternoon session opened by a song service by Rev. Hoffman, followed by a short talk by Mr. Knapp on the Bible lesson for next Sunday, it being review. A discussion followed regarding how to make review day an interesting one, and there were suggestions offered that were of practical value to every superintendent. The Round Table Conference: "Practical up-to-date Features," conducted by Mr. Washburn brought out the thought of Decision day as the important climax to Sunday school

Mr. Knapp then spoke on "A Higher Rating for the Sunday School," basing his remarks on the words painted on a large banner across the church: "Let us toge her seek to improve our schools, in management, in instruction, in equipment, in spiritual power. The end of the convention is

DELIGHTFUL DAY

Christain Church Sunday School Picnic at L. S. Bronson's.

Through the kindness of L. S. Bronson a Record representative had the great pleasure of a day off and enjoyed a delightful picnic at the home of Mr. Bronson. The morning was cool and threatening, but at the appointed hour the young people gathered at the church and a number of conveyances were ready to take them to Mr. Bronson's home. When the grounds were reached and the sports engaged in the day was not too cool. Mr. Bronson in his methodical way had taken thought of everything and provided against storm by clearing out the entire barn floors, putting up several swings, which were never idle during the day. The spacious grounds overshadowed by great tall trees, were arranged to meet every need while from the limbs of the trees dangled the tempting swings.

Soon the morning hours had passed in merry sports and the call to dinner came. Before proceeding with that most important part of the program all of the crowd was gathered on a huge platform scale, the total weight being 8,000 pounds; when the dinner was over an effort was made to weigh them again but the sports had greater attraction than the weighing, but from the way the good things disappeared it was thought the combined weight would not be far from 9,000 pounds.

During the afternoon those who could gathered in the house and on the porch, were entertained with sweet music, both vocal and instrumental in which Mr. and Mrs. Bronson and daughter participated; about the middle of the afternoon ice cream and cake were served and if anyone there had ever said they did not have as much cream as they desired they could not say so after that day—what a feast!

As the sun began to slowly sink toward the west the merry party satiated with the sports and the good things to eat, began to think of home and soon the wagons were filled with tired but happy people on their way home, and all were loud in their praise for Mr. and Mrs. Bronson and family for the good time enjoyed.

Fourth of July.

One week from Saturday and we will be celebrating the 4th of July.

Quite a number of our neighboring towns are making extensive preparations for a great day and once more our people will flock out of the town to enjoy themselves and spend their cash elsewhere.

Valuable Horse Dead.

The people will universally extend their sympathy to Miss Bird in the loss of her valuable horse and we feel assured that she will experience no difficulty in securing another so that her work may not be interfered with.

In another column we have a communication from Mr. L. S. Bronson stating how the loss occurred.

Does it Matter?

A Benton Harbor paper in commenting on the Bailey case says:

The late Dr. Bailey of Buchanan, accused by the circuit judge of getting a divorce by fraud and of living with a woman who was not legally his wife, was at one time the leading doctor of Buchanan.

It seems that they thought it strange, that "even after his illegal divorce and marriage" he should continue to enjoy a large practice, and this has induced us to ask the question. Does it matter?

In conversation some time ago a man tried to make us believe that the worse a man or woman was in business or profession the larger would be their patronage and the above seems to bear it out.

Do the people not lay some value on moral character? If not then let them be aroused in some way by some means.

FOR THE PUBLIC GOOD.

The Information Contained in This Gentleman's Statement is Invaluable to Buchanan People.

When the gentleman whose statement appears below, who has no monetary or other interest in the article which he endorses, who is anxious to do his acquaintances and fellow residents a good turn, publishes in this paper his experience with Doan's Kidney Pills, that gentleman must have good and sufficient reasons for doing so.

Mr. H. L. Gifford, of 407 Front St., retired farmer, Dowagiac, says: "For two or three months I was annoyed with a severe pain in the small of my back. I heard about Doan's Kidney Pills curing people who were troubled like me, so I got a box at Sherwood & Burlingame's drug store.

Just such emphatic endorsement is plentiful in Buchanan. Call at W. N. Brodrick's drug store and ask him what his customers report.

Remember the name, Doan's and take no other.

Band Concert

The band gave a splendid concert on Wednesday evening but the number out was smaller than usual, which was no doubt owing to the cool evening, but they missed a pleasant entertainment.

The next concert will be on Thursday evening of next week. Be sure to hear it.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles.

BUCHANAN AWAKENING

Prospects for the Future are Encouraging.

MONEY NEEDED FOR IT

Steps Being Taken to Secure Factories and Money.

There has been no time recently when the prospects for Buchanan looked brighter than today. Through the persistent efforts of a few, notable John Morris, there are at least two desirable institutions in sight. The preliminary arrangements of one are completed and the parties are expected to be here soon to close the deal.

It is feared that the money needed to secure the second institution now being considered can not be had in time by bonding, and if it is to be secured, the money must be gotten in some other way.

Every property owner in and around Buchanan will be benefited by industrial institutions coming here.

Those who raise produce will find a better market, every craft will have more to do. For these reasons every person ought to be willing to give something towards this movement.

Monument Dedicated.

An immense concourse of people from every section gathered in South Bend yesterday to witness the dedication of the soldiers and sailors monument.

A more beautiful day from an atmospheric standpoint than this could not be desired. Providence appears to have been with those who selected June 25 for the dedication of the monument and with the people who arranged to be in the city.

Surprise Party.

About 50 neighbors and friends gathered at the home of Mr. and Mrs. William Eisele of Portage Prairie, on Monday evening, upon invitation of Mrs. Eisele; the event being in honor of her husband's birthday anniversary.

Lo-tus Pellets are perfect Liver, Nerve and Kidney Pills. Small and pleasant to take, take them once and you will keep them always in the house.

A Great Loss.

Last Tuesday morning when Miss Cora Bird went to the barn where she had stabled her horse for the night, she found her tried and much valued animal dying from an over feed of new hay.

She had driven the horse to Mr. Andrew Feather's home near Hinchman in her round among the members of her music class and stopping there for the night, she gave the horse in charge of a farm hand charging him against feeding the animal new hay.

The death of the beautiful animal was a real loss to Miss Bird for it was an important factor in assisting her in reaching her music scholars, as the most of them resided in the country and sometimes far apart.

For years Miss Bird has been known and recognized by the color and beauty of the horse she drove. No animal was ever more cared for, petted and loved than was her faithful horse "Pet."

Prof. Brown Weds Miss Hall.

Miss Alice Hall, daughter of Dr. and Mrs. Freeman Hall, of Kalamazoo was united in marriage Wednesday morning at 11 o'clock at the residence of the bride's parents in Wheaton avenue to J. W. C. Brown, a former student at Kalamazoo college, now principal of the Buchanan high school.

The bride is a very intelligent young woman, a graduate of the high school and Kalamazoo college, in class of 1902 with innumerable friends.

They will spend some time visiting relatives in Kalamazoo and Lawton after which they will come here.

REUNION.

Former Buchanan People Have Jolly Time in Chicago.

A part of the former residents of Buchanan and who now live in Chicago held a very pleasant reunion Saturday afternoon, June 20th at Lincoln Park and later in the day at the home of Mr. and Mrs. H. H. Daw.

Mr. Albert Weaver and wife, Mr. John Graham and wife, Mr. Elias Eaton and wife, John W. Snyder and wife, Mr. H. F. Strong and wife, Mr. Wm. H. Pratt and wife, Dr. Emory Roe and wife, Mr. H. H. Daw and wife, Mrs. Lillian Noble Starret, Mrs. Belle Platts, J. M. Platts, Geo. W. French, James Provan, Harry Curran, Olive Curran, Paul Plimpton, Mary Reynolds. Invitations were sent to all others who were known to be in the city and whose addresses were obtainable.

The ladies gave abundant proof of their ability to uphold their Buchanan reputations for being good cooks. Mr. J. W. Snyder acted as official photographer.

It was suggested that arrangements be made for a yearly or semi-yearly gathering. To this end it is desired that the names and addresses of all old Buchananites who have strayed, been lost or stolen from their native health and are now living in the "Windy City," be sent at once to J. M. Platts, Chicago, Ill. (Care of Western Electric Co.)

DECREE IN BAILEY CASE

Says His Divorce Was Obtained by Fraud, and His Second Marriage Void.

WIFE NO. 2 TO APPEAL

At Least She Has Notified County Clerk She Will Not Abide by Divorce

Judge Coolidge has amended his decree in the Bailey insurance case. The amendment does not materially change the effect of the decree of June 10, but as a matter of court record it administers a stinging rebuke to the late Dr. Bailey, of Buchanan, and to the wife he married after his divorce from Florence H. Bailey.

The alleged marriage between George L. Bailey and said Elma H. Duncan, which pretended marriage is alleged to have been performed April 21, 1899, was wholly void and of no effect and said Elma H. Bailey never was the wife of said George H. Bailey the person at whose instance the certificate of insurance was issued by said complainant.

The pretended divorce granted to said George H. Bailey, April 14, 1899, in North Dakota, in which pretended divorce said Florence H. Bailey (wife No. 1) was named as defendant was null and void and of no force or effect whatever, for the reason that neither said George H. Bailey or Florence H. Bailey ever resided in North Dakota, and further that the charge of desertion preferred by said George H. Bailey against Florence Bailey was untrue and by him known to be untrue at the time he preferred it, the alleged divorce having been granted upon the ground of desertion so as aforesaid found to be untrue.

Said Florence H. Bailey was the lawful wife of said George H. Bailey at the time of his death.

The court decrees that the \$2,000 of Woodmen insurance be paid to Alden O. Bailey, administrator of the estate of Leonidas Bailey, deceased. The \$71 paid to attorneys White and Worthington, who represented the Woodmen, is not to be returned, and County Clerk Church who holds the \$2,000 of the Woodmen insurance, and the same amount from the Banker's life, is directed not to turn the money over until the administrator has filed a \$4,000 bond acceptable to the probate court and only after the claim of Gore & Harvey, attorneys, has been paid.

Elma H. Bailey, the second wife, has given notice that she will appeal the case.

Judge, Coolidge has added to his decree of June 10, in the Bailey insurance case. It does not materially affect it, but it contains a stinging denunciation of the late Dr. Bailey and wife number two. He says the second marriage was a pretense and wholly void because the divorce obtained in Dakota was entirely illegal. Neither the Dr. nor his first wife ever lived there and the charge of desertion, which he preferred against her, was untrue. The numerous lawyers employed on the case will absorb a large portion of the insurance, especially as the second wife has notified the county clerk that she will not abide by the decision, but will appeal the case.

TAKES ALL THREE RACES

Yale Has a Great Triumph Over Harvard in the Annual Rowing Match at New London.

New London, Conn., June 26.—For first time on record Yale triumphed over Harvard in all three of their boat races in the annual regatta on the Thames. The wearers of the blue won the eight-oared varsity race by three and one-half boat lengths, the freshman eight-oared race by two and a quarter lengths, and the varsity four-oared race by one and a half lengths. In all three races Harvard put up a memorable fight, and went down to defeat after gallant struggles in which her boys rowed out the last ounce of their strength.

The official time of the races was as follows: Varsity race—Yale 20 minutes, 43 1-5 seconds; Harvard 20 minutes, 29 3-5 seconds. Freshman race—Yale, 9 minutes, 43 1-5 seconds; Harvard, 9 minutes, 43 3-5 seconds. Varsity four-oared race—Yale, 10 minutes, 59 2-5 seconds; Harvard, 11 minutes, 10 1-5 seconds. Yale's three victories are attributed by the experts to the superiority of the stroke taught Yale by John Kennedy over that taught Harvard by her graduate coaches.

CABLES TO THE PRESIDENT

Kaiser Keeps His Word to Telegraph to Roosevelt of the Kearsarge's Efficiency.

Washington, June 26.—President Roosevelt has received the following cablegram from Emperor William, dated Kiel, June 25:

"On my rival at Kiel I was saluted by a fine American squadron, and had the pleasure of receiving Admiral Cotton and his captains. It was a very happy and kind inspiration on your part to send the squadron to Kiel for the week, and thanks to this fact I was able to inspect the magnificent flagship Kearsarge today, when I was able to compliment the captain on the exceptionally good state of efficiency and neatness of the ship and the fine appearance of his gallant crew.

"With the expression of my warmest thanks I assure you that the squadron is warmly welcomed here, and will, I trust, make an agreeable stay. Every body will vie with each other to make them feel at home, in response to the kind and friendly reception of my brother by the citizens of the United States."

CONCILIATORS READY

Board to Settle Disputes in the Anthracite Regions Organizes for Business.

EVERYTHING WORKING SMOOTHLY

Will Begin Hearing Grievances Next Week—Richmond Under Martial Law—Strike on the Alton Road.

Wilkesbarre, Pa., June 26.—The board of conciliation which, at the suggestion of the late anthracite strike commission, was created for the purpose of adjusting any grievances which may arise between operators and their employes in the hard coal regions, and which is composed of three representatives from each side, met here and organized. William L. Connell, of Scranton, one of the operators' representatives, was chosen chairman, and Thos. D. Nicholls, president of district No. 1, United Mine Workers, was elected secretary. The meeting was harmonious and rules were adopted to govern the sessions.

No Need for an Umpire.

From present indications there will be no need to call in an umpire to settle any disagreements among the members of the board, as both sides are proceeding with the work in a manner indicative of dealing justly. After organizing the rules to govern were adopted, and this was followed by an informal discussion of the grievances pending. The meeting adjourned to assemble here again on Thursday next at 10 a. m., when the various grievances will be taken up. Those from the Schuylkill region will be the first to be considered. The sessions were private.

Operators Deny a Report.

The operators' representatives deny that they will raise any objection to John Mitchell appearing before the board in the interest of the mine workers. Connell said: "The miners have the privilege of selecting Mr. Mitchell or any one they please to represent them at the meeting."

RICHMOND STREET CARS RUN

From Four to Eight Soldiers Required on Each Car to Make It a Go.

Richmond, Va., June 26.—Street cars were run on three of the city lines and were run at night without serious molestation. On each car were four, six or eight militiamen, with rifles loaded and bayonets fixed. Strong guards of militiamen were on duty at all the power houses and car barns, including the West End barn in Henrico county. Stringent orders were issued by the authorities with the object of maintaining order. Women and children were asked to remain at home as far as possible, and the troops were specifically directed to shoot promptly, and to kill, if necessary to prevent destruction of property or peril to life or limb.

Arrests are made on the slightest provocation, and, altogether, what is very nearly martial law is being enforced. There were some slight outbreaks of disorder. A volley was fired over the heads of a riotous crowd by a squad of troops on a car, but generally the cars ran over the whole extent of the several lines, and no rioting of any consequence was reported from any part of the city.

Just before midnight unknown persons in ambush a little outside the west limits of the city opened fire on passing cars. A motorman and two soldiers were slightly wounded. Troops and county officers scoured the fields for the shooters and made two arrests. The number of passengers carried is very small.

TROUBLE ON THE ALTON ROAD

Freight Handlers Fail So Far to Obtain Assistance from Other Unions.

Chicago, June 26.—The strike of freight handlers on the Alton railway is not making much headway at this writing, and the railway men say they have all the strikers' places filled. It is printed that the road has been looking for the trouble to arrive, and had a lot of men engaged and kept on hand ready for an emergency.

In spite of the assertion made by Larry Curran, president of the Freight Handlers' union, that assistance of other organizations was pledged to him, this is not borne out by the facts. Hugh McGee, president of the truck drivers' union; James Barry, of the express drivers', and a representative of the coal teamsters' union were on hand at the freight houses to see that no interference with the teamsters was attempted.

The slugging of one of the union freight handlers employed by the company, because he advised against striking, has caused great dissatisfaction in the ranks. This man is M. F. Crosby, a checker. He was waylaid on his journey home and badly beaten. J. Pence and P. Lavelle, members of the union, were arrested, and charged with the assault. It is on account of the discharge of these men by the company that the strike was called.

John Mitchell Out West.

Kansas City, June 26.—After attending two meetings, one of the district officers of the U. M. W., and the other of the Missouri and Kansas operators, and both unofficial, John Mitchell said: "We really have done nothing at all. We

simply talked and only ourselves about the coming conference at Pittsburg, Kan., and about having the operators meet there with us. The operators have not yet accepted our invitation to meet with us, but I rather think they will do so." Mitchell said the miners intend to ask for an increase.

GOV. HUNN ON WILMINGTON

Says the Law Must Be Sustained at Any Cost—Town Is Again Riotous.

Wilmington, Del., June 26.—In an interview Governor Hunn said: "Conditions at Wilmington are a great humiliation to the entire state. * * * What has been done so far by mobs I do not think could have been prevented by the authorities, but a halt must be called instantly. After hearing of the mob's work in forcing the release of a prisoner I felt that I could not stand back any longer. The fair name of Delaware has been dragged in the mire. It was no ordinary mob that lynched the man who murdered Miss Bishop. The crowd seems to have been composed of good citizens. The effect of their work has been disastrous. The law must now be sustained at any cost."

PAPAL DECLARATION STAYS

Lords Reject a Bill to Abolish the Denunciation of the Pope in the Royal Oath.

London, June 26.—The interest which two years ago was attached to the question concerning the terms of the royal declaration against the papacy was revived for a brief period when the house of lords took up the second reading of Earl Grey's bill to abolish both the royal declaration on accession and the coronation oath. The earl said he introduced the bill not because he was a Roman Catholic, but in the interest of imperial unity.

In the course of the debate the archbishop of Canterbury reviewed the historical aspect of the matter, and said the bishops were prepared to accept a form of words which should not be offensive, but which must not be ambiguous. Finally the bill was rejected—109 to 63.

PROTEST TO BE SENT

President Will Forward a Document to the Czar from United States Citizens

RELATIVE TO BLOODY KISHINEFF

In Spite of the Notice Recently Sent Out by the Government of the Czar.

Washington, June 26.—The announcement that the president would transmit a protest (gotten up by the B'Nai B'Rith, relative to the treatment of Jews in Russia) to St. Petersburg, and have it laid before the Russian government by our ambassador at that court was followed promptly by a visit of the Russian ambassador to Washington, Count Cassini, to Secretary Hay. The call of the ambassador upon Secretary Hay was shorter than usual, but it developed officially the fact that the government of the United States intended to forward the Jewish petition to the czar if it is possible to do so.

Point Made by the Jews.

At the White House conference on the 15th inst. the Jews had made the point that the czar was kept from a knowledge of the truth as to the condition of the Jews in his empire by the bureaucrats who hedged him about on all sides, and they were sure that if the president would only assist them in laying their case before the czar himself he would at once adopt measures to alleviate their condition.

Danger of Getting a Short Answer.

It was at once perceived that to do what was asked involved the danger of a short reply, and a disposition developed to regard the full publicity which had been given to the White House conference as sufficient to meet the needs of the case. For it was assumed that the czar could not fail to see some of the newspaper comments and reports upon this subject. The Jews, however, were not satisfied with this passive attitude and the president decided to adopt the bold course of sending their petition directly to the czar through the United States embassy at St. Petersburg.

Encic San, May Got a Snub.

Officially it is expected that this will be received, but privately it may be stated that there have been no lack of intimations from informed sources that the czar will never be permitted to see the petition, as the Russian prime minister will not receive it for transmission. In fact it is realized that the Russian position is still correctly described in the statement telegraphed from Washington on June 9 by the Associated Press; in which it was practically notified to all whom it might concern that Russian would attend to her own business if other nations would attend to theirs. If Russia sticks to this the United States will get a snub at St. Petersburg.

TAXATION OF RAILWAYS

How the Valuation of the Physical Property Is To Be Arrived at in Wisconsin.

Madison, Wis., June 26.—The valuation of the physical property of railroads, which is to be assessed under the ad valorem system provided by the act passed by the recent session of the legislature, is to be made by the chief engineers of the various roads, and then verified by Professor William D. Taylor, expert engineer in the employ of the state board of assessment, which is the state tax commission.

This was the understanding reached here at a conference of the state board and Professor Taylor on the one side, and representatives of three of the principal roads of the state on the other. The representatives of the railroads also agree to accept the board's general basis of assessment.

MORELAND BOUNCED

Detroit, After Much Labor and Worry, Gets the Official Head of a Man.

MAY CALL ON THE GRAND JURY

Gov. Bliss and the Tax Commissioners—Notable Deaths—Mrs. McKnight's Examination.

Detroit, June 26.—The common council, by a unanimous vote, has deposed from office Department of Public Works Commissioner D. W. H. Moreland. The commissioner had been under fire for some weeks, and various charges had been preferred against him and investigated by a committee of the council. Among other charges it was alleged that the commissioner had misapplied public funds and had neglected the dues of his office. As an outcome of the Moreland investigation and the flood of rumors it brought out Prosecutor Hunt has decided to make a formal application to the circuit judges for a grand jury to investigate the municipal affairs in the city.

Cases of Freeman and Sayre.

Saginaw, Mich., June 26.—Governor Bliss has not yet demanded the resignations of Freeman and Sayre, nor has he fired them, neither has he made up his mind to take either course. He still has the matter under serious consideration, and is in consultation with Attorney General Blair. A correspondent saw the governor and asked him if there was anything new in the case. "Nothing more than has been published," said the governor.

Governor Is Considering.

"Do you intend to take either course, remove them or demand their resignations?"

"No decision has been arrived at," he answered. "I have had one conference with Attorney General Blair, and shall have another. In the meantime the matter is engaging my very serious attention. Both the attorney general and myself feel very humiliated and sore. I am indignant over the matter."

"Then nothing definite is to be announced at present?"

"No; I am seriously considering the whole situation, and shall have the advice of the attorney general."

NOTABLE MICHIGAN DEATHS.

Mrs. McKnight's Examination.

Kalkaska, Mich., June 26.—The examination of Mrs. Mary McKnight, who according to Prosecuting Attorney Smith confessed to him that she poisoned her brother, Joseph Murphy, and his wife and baby, has been begun before Justice Kellogg. Joseph Battenfield testified that he was present at Murphy's death, and the death agony as he described it was typical of strychnine poisoning. The witness also testified that three or four days before Murphy's death he secured some strychnine for Mrs. McKnight. The next witness was Dr. P. W. Pear-sall. He testified to removing the organs from Murphy's stomach in the cemetery and swore that there were evidences of strychnine poisoning.

As he is 74 years old, there is fear that his injuries will be fatal.

She Gets and Absolute Decree.

Doherty Thinks He Has Had Enough.

Grand Rapids, Mich., June 26.—Senator Doherty, of Clare, has written friends in this city that he will make no attempt to be re-elected. He thinks he has had enough.

NOTHING TOO GOOD FOR THEM

Kaiser "Laying Himself Out" to Show His Admiration of Our Tars and Their Ships.

Kiel, Prussia, June 26.—Towards the end of the dinner on the royal yacht, Hohenzollern, at which the United States naval officers were present, Emperor William proposed "The President of the United States," and all the guests arose and embraced standing until the band finished playing "America." His majesty also read to the United States naval officers his message to President Roosevelt regarding the Kearsarge.

He touched glasses with Admiral Cotton, Captain Hemphill and Naval Attache Potts. He afterwards showed them the machinery of the Hohenzollern, and discussed the turbine engines. The emperor has invited all the United States captains to accompany him on his racing yacht Meteor during today's race.

TALK OF A BOYCOTT

Library Association People Not Satisfied with Home Publishers' Way of Doing Business.

Niagara Falls, N. Y., June 26.—The American Library association may boycott home publishers, it was said at the convention here. The publishers, it is declared, have decided to fight the department stores in the retail book business, and aim to put out a \$1.20 book whenever possible instead of a \$1.50 book.

The discount to the librarians is cut so the cheaper books cost them more than the more expensive ones did, they say. The librarians say they will buy their books in England if they cannot get concessions. Imported books for libraries enter this country free of duty.

day, school convention, the fact was brought out that 88 per cent of the people who join the protestant churches are Sunday School scholars. This being the case the Sunday school is worthy of all advance steps that are known to this progressive age.

A children's meeting followed in which Miss Hoffman, Miss Pardee, and Mr. Knapp made brief interesting addresses.

Rev. Brower, who has been pastor of the Congregational Church at South Haven, came in the afternoon and took charge of the singing at the evening service, and also gave an interesting talk at the close of the service about his trip through the Holy Land. Mr. Washburn gave a fine

talk on organized work, tracing the interdenominational cooperation organization, through the world, national, state, county and township work, down to the individual Sunday school.

Miss Pardee then read a very helpful paper on child study. Miss Pardee is a partical kindergartner, and spoke from a heart full of experience. Of the 20,000,000 children in the United States only 10,000,000 are in Sunday school. Is there not work for all teachers then, gathering in these stray ones?

"The work of the world is Done by a few God asks that a part be Done by you."

FRED WASHBURN, Sup. Home Dept.

Miss Hoffman, the county primary superintendent then gave in her winning way, a short impromptu talk on the value of a child, and of Christ's estimate of the child's worth she made an earnest plea for a primary union in this township.

Mr. Knapp, in his bright breezy way gave a telling talk on "Ten Reasons Why the Boy Left Sunday School." These he gained from conversation with various boys. 1st—Too Pokey. 2nd Did not know the boys. 3rd Didn't care for a fellow. 4th Music was no good. 5th The teaching was negative—always say-
