BUCHANAN GAINING

In Popularity as it is a Beautiful Village Both in Summer and Winter.

Buchanan is proving an attractive place for many people, who are not residents of the village, and who come here to take an outing during the summer.

The accompanying cut gives some very pretty views of Buchanan and surrounding rural districts.

When "the times are out of joint" and one is tired from continuous work, what offers more recuperative influences than nature, in all the quiet and beauty of its scenes along the historic St. Joe? "Care finds no lodgment there."

The dam in the river while very enjoyable as a landscape scene, has greater value as a power producing medium, and new factories are availing themselves of the power thus offered and choosing Buchanan as a desirable place for location. One of the chief features of the village, is its large number of fine, shapely maple trees, which afford ample shade, and serve to made the residence streets cool and protected from the sun.

The drives in Berrien county, surrounding Buchanan are particularly pretty, the view from Moccasin Bluff being one of the most attractive.

Have you thought about the RECORD Magazine Club for your summer reading? All the popular magazines loaned for 15c per month, and the higher priced ones in addition for 30c.

DEATH CAME SUDDENLY.

Alex Kaminski While at Work Succumbs to Illness.

WELL KNOWN RESIDENT.

Employed by Michigan Central R. R. for Many Years—Member of Woodmen and Oddfellows.

Once more it is brought forcibly before the public the fact that life is uncertain and one cannot tell what a day may bring forth. In the morning one starts out with health and high hopes for the future but night finds all ambitions blasted.

Yesterday morning Alex Kaminski left his cosy home, wife and daughter in the best of spirits only to be brought to his home in the evening, a lifeless body.

Mr. Kaminski was one of the section men on the M. C. R. R. They had finished their work for the day and mounted the hand car for home; Mr. Kaminski having seated himself and lighted his pipe, when he fell from the car. His comrades picked him up, placed him on the car and hurried with their charge to the station, when Dr. Peck was telephoned for, but when the Dr. arrived he found the man, who had never known a day's illness, cold—the spirit had departed.

The sadness of the event was intensified by the fact that the wife

rapid. He shows all of the good-natured humor and the brighter side of everyday common life, which has carried this work to a very popular success. His drawings are on all of the various subjects of popular interest, political and otherwise. Current events are vividly portrayed in a way that pleases, yet often giving just criticism in a way that does not offend. Through his excellent work on eastern magazines Mr. Wilder first attracted universal attention: The Record-Herald recognized in him at once a cartoonist of unusual promise, and congratulates its readers on having been fortunate enough to engage him.

GENERAL NEWS

Melvin Boone, who was a life prisoner in the Michigan City state prison, died July 8th of consumption. He was the young colored man who was accused of killing Grocer Koonsman, of South Bend recently; he stoutly maintained his innocence to the last.

There will be an eight day institute for Berrien county at Benton Harbor, commencing Aug 3. C. H. Gurney will have charge of it; C. D. Jennings and Miss Belle Clisbe, will be the instructors.

Benton Harbor is to have another Rural route after August first. The authorities have been trying for some time to secure this.

Deputy Sheriff Tennant arrested George Deihl, of Warsaw, Ind., formerly a Benton Harbor tailor, on a warrant from wife No. 1, for his having recently married again, without a divorce.

C. S. Walker of Niles, has brought suit against the Michigan Central R. R for \$10,000 damages. Last Nov. Walker was struck at the Lincoln Ave. crossing and seriously injured.

Save your money! We guarantee Coonley's Tonic Ext. of Sarsaparilla at 50c a bottle equal to any of the \$1.00 Sarsaparillas made. Recreation as a Business Investment.

Americans are essentially and emphatically a working race. The phenomenal progress of this country in the educational, inventive and manufacturing life of the nineteenth century has been the fruit of ambitious and untiring industry, but the machine that runs incessantly soon wears out. Americans being industrious need rest and recreation in a ratio commensurate with their labors. The working power of an American, according to Mullhall, is twice that of a German or a Frenchman. It is considerably more than that of an Englishman; yet Germany, France and England all have more holidays than America, and the people devote more time to recreation and enjoyment. In the brief biographies which appear in that publication "Who's Who," the favorite recreation is always given. How a man enjoys his rest periods is as essential a part of his history as how he earns his daily bread, and this has come about as the result of a well grounded belief that recreation is a good business investment. It may be better "to wear out than to rust out," but it is a most extravagant folly to do either. A fortnight twice a year, put into healthful recreation will yield a large profit, for it will greatly increase the productive possibilities of the other forty-eight weeks. A well employed vacation is a body, nerve and brain stimulant, and is an investment which is sure to bear coupons.—Four-Track News.

Held in High Esteem.

The Dowagiac Herald, in recording the death of Mr. Harry Dewey, speaks in high praise of the young man. It says:

"Harry B. Dewey was born in the Dewey homestead on Green street March 18, 1870, and his whole life, with the exception of a few months spent in the west, was spent in this city.

About two years ago he with his brother Fred and Frank Warren opened The Daylight Furniture store, himself and Mr. Warren still remaining in the employ of The Daylight Dry Goods store, adjoining. The venture had proved successful, and he had just come to realize the feeling that comes to those who succeed in honest endeavor.

Everything that skill, good nursing and care can do, was done to save his life, with the result that one is taken from our midst who was a dutiful son, a kind husband and father and a citizen who was respected by the entire community."

The funeral occurred Sunday at the late home on High street, at 2:30 p. m. Rev. H. L. Potter officiating. Burial at Riverside.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. had been quite ill for several days past and when her husband left in the morning she was recovering rapidly, but the shock of her husband's sudden death has quite upset her and she is in a serious condition.

Mr. Kaminski made America the home of his adoption when a young man, having been born in Germany July 13, 1859. On February 20, 1887 he married Delia Wentland of Dayton, Mich., the daughter of Mr. and Mrs. August Wentland, still living there. They have a daughter, Elma, who is a bright young lady.

The funeral will be held on Wednesday at 2 o'clock from the house, Rev. W. J. Douglass officiating.

Deceased was a member of the Modern Woodmen and an Oddfellow. He died on the 44th anniversary of his birth.

Popular Cartoons.

The art of newspaper illustration in its present form is a development of recent years. Newspaper cartoons have become a most popular feature of up-to-date metropolitan daily papers. The unique and catchy drawing now appearing daily on the front page of The Chicago Record-Herald is one of the many special features of that great paper. The Record-Herald has been fortunate in securing one of the best young artists in the country to carry out its popular policy of presenting each day a humorous and good-natured cartoon. Mr. Ralph Wilder is one of the coming men in newspaper work. His success has been as pronounced as it has been

MARCONI WIRELESS.

Great Fortunes to be Founded in the New System.

When Alexander Graham Bell patented and perfected his telephone the skeptics were loud in their derision of the "toy." Nevertheless, Bell found believers, and those believers were rewarded for their faith by immense fortunes. Gardner G. Hubbard the father-in-law and faithful friend of Bell, was the man who risked the most and gained the greatest rewards in backing bell and the telephone until it reached the stage where the public no longer derided the instrument as a plaything, but clamored for it as a necessity. In the Marconi wireless telegraph there is a parallel of history. Just now in the formative and constructive period there are doubters and skeptics, but there are some faithful friends, and it is these friends and faithful ones who are going to reap the fortunes that are bound to follow the general adoption of the wireless system. The great advantage of this system over that using wires and cables is its extremely low initial cost, which relieves the company operating it of a large burden of interest, taxes and depreciation, thus increasing its earning capacity many fold.

Those who are investing in the stock of the Marconi Wireless Telegraph Co. of America to day are the ones who are certain to win great fortunes by the future increase in value of those stocks, as well as through the dividends earned and paid in the interim. Bell Telephone stock increased in value from \$1.00 per share to be worth over \$1,000 per share, and so Marconi stocks will be very likely increase from \$4.00, the present price, to over \$1,000 with a few years. Thus \$80 invested now may become \$20,000 within a decade. It is by wise investments such as these that the great fortunes of the big millionaires have been made. The Vanderbilts in railroads, the Goulds in telegraphs and railroads, the Mackays in cables, the Rockefellers in Standard Oil, the Hubbards in telephones. The man who has a few hundred dollars laid away to invest and who has the intelligence to grasp a fleeting opportunity will be the one to seize the Marconi offering and make his fortune.

"The Weekly Marconigram" is the name of a periodical devoted to the new wireless system, and its publishers, Messrs. Munroe & Munroe, 44-60 Exchange Place, New York, announce that it will be sent free to all who apply for it.

This firm is known as an aggressive enterprising combination of brilliant young financiers who have a successful career behind them as a guarantee of their future. They have agreed to keep the Marconi Company supplied with working capital until the system is thoroughly established and in full commercial operation. They have issued a handsome booklet, "Marconi Wireless," giving full particulars concerning Marconi and his system, with 32 illustrations in half-tone, which they send free to persons likely to become interested as stockholders in the company.

Mr. George H. Munroe, New York manager of the firm, says: "We are soliciting the investment of small amounts in Marconi securities for the reason that we believe that the American people will welcome the establishment of this competing system, and because we know that great profits will accrue to the investor from the development of this marvelous invention to a commercial stage. The company has, already, over a quarter of a million dollars invested in stations and apparatus in the United States, but it will require at least as much more before the business can be established upon a highly profitable basis. Once that is done

the value of Marconi securities must necessarily advance very rapidly, and those who buy now will in the course of a few years find themselves in possession of securities equally as profitable as Telephone, Western Union and Commercial Cable have heretofore been. If any body wants to know more about the opportunities this system offers, let him write to us at 44-60 Exchange Place, and we will be glad to give them."

EMANCIPATION DAY.

Colored People Planning Jolly Time for July 31.

On Friday July 31, the colored population of Buchanan will be host to all their many friends for miles around, as they celebrate Emancipation Day.

A number of interesting events have been arranged, consisting of bicycle races, foot races, wheel barrow races, automobile races, climbing a greased pole, catching a greased pig, jumping, etc. A game of base ball between Benton Harbor and a Kalamazoo team will be played in the afternoon, commencing at 3 o'clock.

In the evening there will be a grand ball at the opera house.

Crop Report.

The weather during June was cool, the average temperature being several degrees below the normal. The precipitation was also below the average although the departure was not so great. These conditions were not unfavorable for wheat but were for most other crops. In some counties serious damage resulted to hay and corn, the hay crop especially being very poor. In a few localities there was an excess of moisture which delayed the planting of late spring crops.

WHEAT.

The cool weather during June was, on the whole, favorable for wheat; it enabled the berry to develop slowly and also had a tendency to check the work of the Hessian fly. As a result a fairly good wheat crop is in sight. While the acreage will be small and the yield probably less than the average yet the quality of the grain will be good.

The average estimated yield in the southern, central and northern counties, and in the State, is 15 bushels, while one year ago the State average was 16 bushels per acre.

CORN.

This season so far has not been favorable for corn. In a few counties the crop is in good condition but in most parts of the State it is very backward. With favorable weather during the next two months corn may still make a good growth but at present the condition is below the average.

FRUIT.

Conditions were fair for fruit during June. The drop of apples was normal due largely to the cool weather. The peach crop in many localities was shortened by the prevalence of curl leaf yet where orchards were properly sprayed the damage from this cause was light.

MURDER IN FIRST DEGREE

Lost his Life by Trying to Keep his Friend from Fighting.

John Bouvian, who was wounded by Wm Beskea in a fight, in Benton Harbor died at Mercy hospital last week. In reporting the facts of the case the Evening News, says:

The murder of John Bouvian by his friend William Beskea, was one of the most unfortunate affairs in the annals of Berrien county crime. The two young men were each 22 years of age. They were born near each other in Chicago and grew up together, attending the same school. They were playmates and always shared and shared alike. Bouvian's parents came from Poland, Beskea's from Germany. When the two lads grew up, they went to work in the same can factory near the stock yards and have worked at the same place most of the time since then. Beskea was a tinner and Bouvian a "capper." They usually took their summer outing together. They came to Benton Harbor together and went to a friend's in the neighborhood of the Stump school house to visit for a few days. While there, Beskea got into a quarrel with a man in the neighborhood and pulled a razor from his pocket. His friend, Bouvian wanted to keep him out of trouble and interfered as best he could. Beskea turned upon him and sunk the blade of his razor into his friend's arm. A terrible wound, eight inches in length was inflicted and Bouvian bled terribly. There was not proper medical assistance at hand and a rough bandage was made. Bouvian became gradually worse and Saturday was removed to Mercy hospital.

Beskea was charged with murder in the first degree by Prosecuting Attorney I. W. Riford.

Buchanan Boy Preaches

In M. E. Church Sunday Morning and Surprised all his Hearers.

Mr. F. A. Carlisle, son of Ashley Carlisle gave the congregation at the M. E. Church Sunday morning quite a surprise. He delivered a splendid sermon full of thought, and which would have been a credit to more mature experience.

Stereopticon.

Friday evening at the M. E. Church Dr. G. L. Cole will give another free exhibition, the pictures will be Yosemite Valley and Grand Canon, southern California. If the weather is as at present he ought to have a crowded house and will ask those present to give a silver collection.

Hudson Lake.

K. O. T. M. of New Carlisle will picnic at Hudson Lake tomorrow. The Buchanan Cornet Band has been engaged to furnish the music for the occasion. Mr. Will House will start at five o'clock and drive the boys to Hudson Lake. We wish for them, delightful weather and we know they will have a delightful day.

"That" Is Proper.

There is one word in the English language, which can appear six times consecutively in a sentence and make correct English.

To illustrate: A boy wrote on the blackboard, "The man that lies does wrong."

The teacher objected to the word "that," so the word "who" was substituted. And yet it must be evident to the reader, for all that, that that "that" that that teacher objected to, was right after all.—Everywhere.

DELIGHTFUL SURPRISE

Band Boys Spring on Their Leader, Henry Dickinson

PRESENT HIM WITH CORNET

Pleasing Presentation Made by Frank A Stryker.

Monday evening the band gathered for practice as usual; all were in unusual good spirits which was an inspiration to their patient, genial, good-natured leader, and he was doing his best to add to their proficiency when Mr. Frank A. Stryker walked into the room with a mysterious looking package under his arm and seated himself behind Mr. Dickinson. Presently there was a lull in the music and Mr. Stryker, taking advantage of it, arose to his feet and revealed the contents of the package, which proved to be one of Carl Fisher's best triple plated silver Besson cornets. In a few well chosen remarks he presented it to Mr. Dickinson.

To say that he was surprised would in no way express it. It was impossible for him to say a word—he was simply dumb founded, and even half an hour afterward, when the boys insisted he should play on it, he was still unable even to play the scale. Altogether it was one of those occasions that will ever remain in the memory of all the participants.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. made of me a perfectly well woman." Mrs. Charles Hutton, Berville, Mich.

A Further Consolidation of Periodicals.

Those who read and use monthly publications recently had their attention called to a consolidation whereby the Ledger Monthly, founded by Robert Bonner in 1843, The Household, established in New England in 1868, and Ev'ry Month, a leading musical publication, were merged, forming The Household-Ledger, to appear monthly, published at 95-97 Liberty Street, New York.

A further uniting of publications now embraces Piano Music Magazine, established by J. W. Pepper in Philadelphia in 1900, and Literature, Art and Music, the first issue of which appeared in 1902, thus five publications have been purchased, by those who form The Household-Ledger Publishing Company. All will be published collectively as The Household-Ledger.

Some forms of concentration are possibly open to criticism, but that by which the best elements of several publications are brought together, whereby the subscriber receives all of these advantages at a cost not exceeding the subscription price of any one of the former publications, is quite beyond criticism.

The July issue of The Household-Ledger, will contain much of value to the general as well as the home reader. Its cover is appropriately designed with a conventional border of fire crackers and a typical American girl applying a lighted match to an open pack of crackers, which as they dangle, form the words "July, 1903."

Beware of Ointments for Catarrh that Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio. Sold by Druggists, Price 75c per bottle. Hall's Family Pills are the best.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by W. N. Brodrick. Price 50 cents.

The society have begun the use of Miss Hodgkin's Via Christi as a basis for their study this year and find it both interesting and instructive.

All ladies affiliated with the church are invited to be present.

Broaden Out.

The prisoners at Jackson have launched a little sheet on the sea of journalism, called "Broaden Out."

The title page bears these words at the head of the page: "Within your selves deliverance must be sought." In the second number it is remarked editorially: "We want you, the people of Michigan to take a kindly interest in our paper by sending us your subscriptions, and by helping us to get a wider circulation."

"Broaden Out" is not a money-making concern, and is not intended to be such, for we think it more than problematic to achieve pecuniary advantages from it, and for this reason it is provided in our rules that, if in course of time our receipts should exceed our expenditures, the surplus shall be used to ameliorate the condition of the men. This paper is, and will forever remain the common property of the inmates of this prison, and any benefit that we may derive from it, be it of moral or pecuniary nature, is for one and all of us."

BROUGHT TO LIGHT.

Buchanan People—Receiving the Full Benefit.

There have been many cases like the following in Buchanan. Every one relates the experience of people we know. These plain straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Mr. I. M. Vincent, retired farmer, of Oak Street, says: "For years I have had trouble with my kidneys more especially with the kidney secretions which were at times very irregular and highly colored. I used several remedies strongly recommended but got little if any results. I had so often seen and heard Doan's Kidney Pills recommended that I had made up my mind to try them, went to W. N. Brodrick's drug store and got a box. I did not hesitate to say that I derived a good deal of benefit from the treatment."

For sale by all dealers. Price 50c. Foster—Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

SENT FREE TO MEN AND WOMEN!

DR. ANDREW B. SPINNEY,

Formerly of Detroit, and proprietor of Reed City Sanitarium. The old reliable specialist, crowned with forty years of unparalleled success in treating Nervous, Urinary, Sexual, and all forms of Chronic Diseases, has such faith in his ability to cure those who suffer that he will send one month's treatment free. He has no patent medicine to advertise, nor a patent syringe. Each case is carefully studied by himself, and will receive the most careful attention. Particular attention is given to the treatment of the following long-standing diseases, viz.: Neural Genuerations, Pimples, Eczema, Tetter, and all forms of Skin Diseases, Foreign Growths in the Larynx, Laryngitis, Bronchitis, and Influenza, Stiffness of Blood, Loss of Voice, Enlarged Tonsils, Incipient Consumption, Asthma, Diseases of the Heart, General Debility, Diseases Peculiar to Women, Neuralgia, and all forms of Nervous Diseases, Diseases of the Kidneys and Bladder, Stricture, Constipation, Piles, Fissure, Hemorrhoids, and Indolent Ulcers. Hip Disease, Sciatica, Rheumatism, and Skin Diseases, Surgical Diseases of all forms, the Ear, Eye, Nose and Throat, including Deafness, Catarrhs, Old Sores, Cross-Eyes, Tumors, Hair Loss, and also Jaundice, Dyspepsia, Diarrhea, and all forms of Liver, Stomach, and Bowel Diseases.

YOUNG MEN led into evil habits, not knowing the harm, and now nervous wrecks, unable for study, social pleasures or business, with loss of memory, headache, weak back, palpitation, red and swollen eyes, pimples, tired nervous system, no attention to society, dizziness, and loss of sleep, which is passed too often, sometimes smarting, milky urine, kidney trouble, gonorrhea, gleet, stricture, or any disease of the sexual system, can have a safe and speedy cure. Charges reasonable, especially to the poor. Careful guarantee given.

THE SIGNS OF SYPHILIS are blood and skin diseases, painful swellings, bone pains, whitish patches in the mouth, hair loss, ringles on the back, and watery growths. These cured for life without the use of mercury. VARIOLE, CHOLERA, ETC., CURED AT ONCE. HAVE YOU the seeds of any past disease lurking in your system? EMBOLISM or Loss of Sexual Power, and do you contemplate MARRIAGE? Do you feel safe in taking this step? You can't afford to take any risk. We cure such cases by building up the system and purifying the blood.

If you cannot be treated successfully at home, we will tell you what to do. You can't afford to treat you for at the Sanitarium, where you can receive the best of treatment at the lowest price of any Sanitarium in the country, and where you have a first-class medical staff and the best of professional nurses.

Those unable to come to the Sanitarium should write particulars, including stamp, and receive question list. Thousands can be home by correspondence. Write us, and if the case is one that can be treated at home, we will do so. Consultation free. Our honest opinion always given, and special attention and care given to every patient. Address all mail to REED CITY SANITARIUM, Reed City, Michigan.

Dr. Spinney will be at Buchanan, Hotel Lee, Monday, August 3, from 8 a. m. to 6 p. m.

MONEY FOR HIS TIME

Demanded by a Man Who Has Just Been Released from State's Prison.

CONTRACTOR REFUSES TO DELIVER

Also the State—What He Can Do Next—Hies Him Back to the Woods—Michigan State News.

Lansing, Mich., July 10.—After serving 570 days in the prison at Jackson, during which he worked on the shirt contract of the Bronk, Mufflington company, Frank J. Thompson, who was sentenced from Newaygo county in 1897 for three and one-half years, on a charge of receiving stolen property, was released on a writ of habeas corpus. The state had received 35 cents a day for his labor, and he sued the shirt company for the sum of \$273. The courts held that the shirt company was not the party that should be made pay, so Thompson presented his claim to the board of state auditors. The board rejected the claim. Now his only resort will lie in the institution of mandamus proceedings against the board or an appeal to the legislature.

Michigan Pioneer History. Lansing, Mich., July 10.—In the next volume to be published by the Michigan Pioneer and Historical society will be included some of the Cadillac papers relative to the settlement of Detroit and Michigan by the French. The papers were obtained in Paris from copies of the original by President C. M. Burton, of the society, at an expense of \$12,000. Half the book will be devoted to them, and more will follow in the succeeding number. The late E. Lockhart, of Nashville, Lequeathed a collection composed of Indian relics and historical documents to the society.

Notable Increase in Earnings. Lansing, Mich., July 10.—The notable increase in the Michigan earnings of the railroads continues, the increase for the first five months over the same period last year being over 15 per cent. For May, the earnings were \$4,264,929.07, an increase of \$530,114.14 over May of last year.

COULDN'T ENJOY HIMSELF

Old Man Teal Wants a Boundless Continuity of Shade to Enjoy Life.

Owosso, Mich., July 10.—Francis Teal, the old man recently acquitted of the murder of Fred Marker, of New Haven, is again in his old home at Six Mile creek. Much against his will he went to Saginaw when discharged by Justice McCaugha, to reside with his son Bert. Asked why he did not stay there, the aged man said reflectively, as he sat on the bank of the creek and whistled at a willow whistle: "Saginaw is too big a town for me. Too noisy. My son wanted me to stay there and take life easy for awhile, but life here is much easier for me than it could be in Saginaw. I was all the time scared by teams, electric cars and those swift machines—what do you call them? So, I came back to the creek, where I can enjoy myself in my own way. I don't need a guardian here—not even from the boys over east (New Haven). I'll get along all right with my little garden, my pipe and the creek here, where I love to sit. No, I don't need to fear the boys any more."

Eloped with His Sister.

Port Huron, Mich., July 10.—Local officers are trying to locate Mrs. Philip Katz and her brother, Charles Steinmann, also of that city. Philip Katz, accompanied by a grown-up daughter, arrived in Port Huron from Chicago in search of his wife, who, he said, had eloped with her own brother. Katz says he runs a store at 2010 State street, while Steinmann, the brother of Mrs. Katz, keeps a store at 2325 State street. Mrs. Katz left eight children behind; the youngest being 1-year-old, and Steinmann left a wife and four children.

Carpenters' Strike Called Off.

Grand Rapids, Mich., July 10.—The carpenters' union has given up its fight for recognition of the union in the hiring of none but union men, and voted to return to work for all contractors who have granted the union wage scale and the eight-hour day, which were conceded at the start of the strike ten weeks ago. Most of the 300 men who went out will find work with their old employers.

Michigan's Military Encampment.

Lansing, Mich., July 10.—The state military board will try to ascertain from the war department at once whether Michigan's troops are to camp with the regulars. Unless an affirmative answer be received by next Thursday, when the board meets in Detroit, arrangements for an encampment in the state will be begun.

Got His Death on the Fourth.

Cadillac, Mich., July 10.—Leo, 12-year-old son of Mr. and Mrs. Samuel Burke, is dead after four days' suffering from tetanus. On the fourth of July he received a slight wound in the hand from a toy pistol.

Drowned in Gull Lake.

Kalamazoo, Mich., July 10.—Elmer McGibbey, aged 21, from Pittsburg, was drowned in Gull lake while swimming. McGibbey was an employe of the Pittsburg and Lake Erie railroad.

MISS HALEY A WINNER

Against Presidents Elliot and Butler in a Struggle in the National Educational Association.

Boston, July 10.—The National Educational association has elected J. W. Cook, of Illinois, president; M. C. Henry Rhodes, of Kentucky, treasurer.

MISS MARGARET HALEY

and seventy-five vice presidents, of whom President Charles W. Elliot, of Harvard university, is the first. The sensation of the session was the difference of opinion between President Elliot, of Harvard, and President Burder, of Columbia, on the one side, and Miss Margaret A. Haley, of Chicago, on the other, over a proposed amendment to the by-laws giving the selection of the nominating committee, now lodged with the state delegates, to the president. Miss Haley opposed the proposed change and was victorious after a lively forensic battle, holding that the change was a move to invest the power of government in the male members of the association.

THREE FEET MORE MAST

Put in the Shamrock III for the Remainder of Her Trial Races at New York.

New York, July 10.—The big steel mast of the Shamrock III was lifted out of her as she lay in Erie basin, and the mate to it, but three feet and a half taller, was stepped in its place. The new spar was one she had used in her early trials at Weymouth, England, and will give an opportunity for greater sail spread; which Designer Life evidently desires after watching the new boat's trials in the calm weather that has prevailed off Sandy Hook most of the time for the last ten days. The trials will be resumed next week and take place daily, weather permitting.

Five Killed at a Crossing.

Cincinnati, July 10.—The west-bound Pennsylvania train No. 31 from Columbus struck a wagon containing nine people at a crossing near Red Bank Junction, eight miles east of this city. Five people were killed and four injured. The dead are J. C. Copenhaver, Ollie Copenhaver (child), Grace Lemrick (child), and William Booth. The injured are Albert Copenhaver, Nellie Copenhaver, Samuel Copenhaver, children, and Charles Johnson, who is the only one sure to recover.

Secretary Shaw at Chicago.

Chicago, July 10.—Secretary of the Treasury Leslie M. Shaw has arrived in the city. Regarding his visit he said: "I am here partly on personal and partly on official business. The official business is in connection with the sub-treasury becoming a member of the Chicago clearing house."

Savage Storm in Wisconsin.

New Richmond, Wis., July 10.—A severe storm struck this section, doing much damage to crops and otherwise. The city hall, which is being raised, was blown from its temporary foundation. Telephone service was demolished and the electric power for the street railway was cut off.

Help for Oakford Park Sufferers.

Jeanette, Pa., July 10.—Almost \$30,000 has been collected for the relief of the sufferers by the Oakford Park dam disaster of last Sunday and the work of relief has been systematized. About \$50,000 more will be needed. Altogether twenty-one bodies have been recovered.

DELEHANTY'S BODY FOUND

Floating in the River Below the Falls with One Leg Torn Off, Probably by a Strenuous Propeller.

Buffalo, N. Y., July 10.—A body found in the river below the falls has been identified as that of Ed Delehanty, the famous outfielder of the Washington American League team. The body was mangled. One leg was torn off, presumably by the propeller of the Maid of the Mist, near whose landing the body was found. M. A. Green, a stockholder in the Washington team, identified the body by the teeth, two crippled fingers and the clothing. The body has been shipped to Washington.

Green also identified the luggage left by Delehanty on the train at the bridge a week ago, when he was put off. It in it was a pass to the Washington grounds made out to Mrs. Delehanty. Delehanty's effects have been sent to his wife by the Pullman people.

HE HAD SOME BAD HABITS

For the Practice of Which the Punishment Does Not Fit the Crime.

Milwaukee, July 10.—A case of cruelty was brought to light by President Buell, of the Associated Charities. Mrs. Mary Kasperski, 641 Green-rush street, has been confined to her bed for a year, unable for months to move her limbs. Her 20-year-old son regularly brought his mother part of his earnings.

When she refused to give her husband money to buy beer he was in the habit of choking her and taking the money away from her. The clothing on the woman's bed has not been changed for a year and her body is covered with bruises where her husband beat her. The husband was sent to the house of correction for the longest possible term and Mrs. Kasperski was taken to the county hospital.

High Papal Official Dies.

Rome, July 10.—Mgr. Yolpini, who was stricken with syncope Wednesday, is dead. He was secretary of the consistorial congregation, just appointed by the pope. The cause of his death was cerebral congestion, and the news thereof has been carefully kept from the pope. His office is important because of the pope's death Rampolla's (papal secretary of state) functions pass to the consistorial secretary.

Haberdashery

SHIRTS—for dress or business wear.
UNDERWEAR—so delicate in texture that the gentlest breeze will find its way through, yet durable enough to give excellent service.
HOSIERY—fast black and handsome designs.
COLLARS—of the very latest shape for morning, afternoon and evening wear, or the best.
NECKWEAR—made in this country for style and quality. All these things, and more, you will find here at smaller prices than others will charge for identically the same qualities.
