THE "THREE B" FEATHER DUSTER COMPANY

Mr. Breen, of the Firm, arrives with the Factory Paraphernalia, and Proceeds to Get into Readiness for Work.

Last week a deal was closed with the "Three B Feather Duster Company" to establish their factory here, by moving to this place from Chicago; yesterday, Mr. Breen one of the three young men who compose the firm, arrived in the village with the machinery of the factory and proceeded to locate the factory, and find houses for the two or three families who will move here at once. The factory will occupy the second story of the Outlery Building on Main St., which they will fit up immediately.

As they wished to know what could be done in regard to securing girls for the factory, they advertised for help, and thus far there have about forty girls registered at this office for places. The people of the village may look forward to work beginning in a few days, and the prospects are good for the factory developing into one of the thriving industries of the place.

COUNTY NEWS.

The Y. M. C. A. of Benton Harbor has closed its doors. The board of directors who have been interested in the work for years hope to be successful in raising abuilding fund and resume the work later.

The Fahnstock hotel, of Niles, known recently as the Michigan Inn is now a thing of the past. B. W. Pinch, the owner of the building has decided it shall be closed until further notice.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

Laid to Rest.

The funeral of Mr. Alex Kaminski was held Wednesday afternoon at the late home of the deceased, and was conducted by Rev. Douglass assisted by Elder Shook. A trio composed of Mrs. Garland, Miss Stella Phelps and Mr. Porter accompanied on the organ by Mrs. M. M. Knight, sang very impressively.

At the cemetery the Modern Woodmen had charge of the burial, each comrade marching past the open grave dropped in a spray of evergreen.

The sorrowing family have the sympathy of a large number of friends.

Paying the Price of Happiness.
"In quest of happiness, in the attitude which we take toward the world, these things it behooveth us to mind: It is the things we desire that are our best index, and not the things that we have. It is willingness to pay the price of our happiness that gauges our real earnestness to have it. And it is not true that any other person's idea of happiness is 'all wrong' because it is not your idea or mine."
There are the concluding paragraphs of a paper by Miss Clara C. Laughlin, in the August Delineator, on the quest of happiness—a subject about which philosophers have busied themselves for some thousands of years, but a solution of which, adequate to all, none has been able to provide. Miss Laughlin does not offer any universal panacea but some wholesome advice that may be taken to heart by many who are engaged in the pursuit of happiness.

FALES CLAIM IS PAID.

Patricians Make Liberal Settlement With Mrs. Fales.

The board of directors of the Patricians settled the claim of Mrs. George W. Fales on account of the policy held by her husband at a meeting held this forenoon.

The policy was written for \$1,000 and was taken out while Mr. Fales was an employee of the Benton Harbor post office. The bylaws of the association specify that when a policy holder engages in a hazardous occupation that he must either pay an increased assessment or that his policy becomes null and void. It makes it the duty of the policy holder to give notice to the scribe of his court of such change in occupation.

When Mr. Fales went on the road as railway mail clerk he failed to notify the clerk but continued to pay \$1.45 a month instead of \$1.90, the rate for the hazardous employment; living up strictly to the laws of the order the policy was void but a settlement was made by paying the policy holder the amount of insurance that \$1.45 a month would pay for at the \$1.90 rate on \$1,000. This gave Mrs. Fales a check for \$750, which seems to be highly satisfactory to all concerned—Benton Harbor Evening News.

Wedded in Atchison

Mrs. Wm Pears is in Atchison, Kan. visiting relatives and while there attended the wedding of her niece Miss Mabel Harwi. The Atchison Globe contains the following account of the wedding:

An interesting wedding occurred in the Congregational church last evening, when Miss Mabel Harwi, daughter of Mr. and Mrs. A. J. Harwi, and Harrison Porter Shedd were married. Before the entrance of the bridal party, Mrs. Glen Sprague, accompanied on the organ by Miss Edith Hooper, sang "Because." The bride was preceded to the altar by the ushers. They were followed by the bridesmaids, and the maid of honor, Miss Edith Harwi, of Boston, a sister of the bride. The bride followed her maid with her brother, Frank Harwi. The groom and his best man, John G. Houston, of Chicago, and the officiating clergyman, the Rev. C. C. Mackay, met the procession at the altar, where the marriage ceremony was performed. The bride wore a white crepe de chine wedding dress and tulle bridal veil. She is a very pretty girl and her friends will remember her as a beautiful bride. The bride's maids and maid of honor wore becoming dresses of pink pineapple tissue and bridesmaid's veils. The bridal couple left last night for New York and will spend the summer on the Atlantic coast. The bride was born in Atchison, where she is admired for being a dutiful daughter and an attractive woman. The groom is buyer for Marshall & Field, of Chicago, in New York, and, during his visits in Atchison, has made many friends. Mr. and Mrs. Shedd will reside in New York.

GENUINE EXCURSIONS.

Metropolitan Pleasure for Everybody.

Nearly every one living in this community will doubtless want to visit Benton Harbor on Saturday, August 1st, when the Adam Forepaugh and Sells Brothers' Great Consolidated Shows, comprising double circus, double menageries, double museums, double hippodromes, will appear there. The menageries contain the greatest number of rare wild beasts ever seen in one collection. In the circus there are 300 star performers, and in addition to all the standard circus acts there are a score or more of sensational features. There is not space to enumerate them here, but prominent among them may be mentioned the world-famous Diavolo, who performs the exceptionally wonderful feat of looping the loop on a bicycle, an act which has astonished the world; then there is Minting, the unicycle marvel; the famous Aurora Zouaves, wonderfully drilled soldiers; La Belle Leona, the renowned equestrienne; Starr, the shooting star, and the seven, Ryan-Zorrillas world's greatest aerialists, and numerous other great features. All lines of travel will offer especially low rates of fare and provide all the necessary accommodations for the throngs who wish to go to see them. The agent of these lines of travel will furnish all necessary information as to time of trains and rates of fare. There is one thing certain, and that is that these excursion arrangements will enable people who live here to see identically the same show as seen by those who live in the metropolitan cities.

Enjoying an Outing.

A party of four ladies left this morning for St. Joseph to spend today and tomorrow enjoying an outing.

The ladies are Mrs. W. B. Blowers, Mrs. E. C. Baxter, Mrs. E. S. Roe and Mrs. Henry Kingery. Upon their arrival at St. Joseph, they will take a trip up the river on the steamer, May Graham and later spend some time at Higman Park, where they will be joined by Mr. Blowers.

The affair is given in honor of Mrs. Emmett C. Baxter, of Mansfield, Ohio, who is the guest of Mr. and Mrs. W. B. Blowers.

Maccabee Picnic.

On Wednesday the Maccabees from the surrounding community held a picnic at Hudson Lake which was attended by the Buchanan Cornet band, which furnished music for the occasion. A number of races and games filled the morning hours with fun and then all enjoyed a sumptuous dinner.

An address was made by Sir Knight Replogle and a lady eloquist of first class ability entertained the crowd for a time.

MUST STAND TRIAL

William Begeska Bound Over to the Circuit Court.

The examination of William Begeska for the murder of John Bouvian was held Tuesday in Justice Hammond's court and the defendant was bound over to the September term of the Circuit court on \$8,000.

Begeska has a brother who is a real estate agent in Chicago and is expected here in a few days to arrange for bonds. In order to have him released on bail it is necessary for a resident of Berrien county to go on bonds of surety. The brother, Joseph Begeska, is said to be worth a half a million of dollars. He will indemnify some one here and the defendant will be released if such is the case.

William Begeska the accused young man, who must stand trial for the murder of his friend, is much depressed and grieves over the matter. He said he did not intend to kill or even injure John Bouvian and that he didn't know he was cut until bystanders examined Bouvian.

He said he carried the razor to shave with and had been in the habit of shaving the other members of the camp, and that he had procured it from the sleeping quarters just previous to the trouble and had intended leaving the place because there was too much quarreling.

On the day of the trouble he claims Otto Limpiski came toward him with a ball bat and he told him to keep away from him. Limpiski still came on and he drew his razor when Bouvian interfered and received the wound in the arm which caused his death.

Dr. Tutton testified that Bouvian came to him on Saturday afternoon about three o'clock with the arm bandaged with three soiled handkerchiefs. There was no evidence then of blood poisoning and 20 stitches were taken. July 5 Bouvian was taken to Mercy hospital and there was indication of blood poisoning. One stitch was removed from an angry spot in the wound and the doctor then thought that amputation would be necessary but the man grew worse so rapidly this was impossible.

He was delirious all of the time and his death was caused from septic poisoning because of the germs taken up by the blood from the soiled handkerchiefs.

The attorneys for the defense will claim at the trial that Begeska is no more guilty of killing Bouvian than if he had scratched him with a pin or pricked the skin and blood poisoning had set in.—Palladium.

COUNTY SEAT NEWS

Mrs. Ruth Meredith of Niles, a woman fifty-five years of age, has been adjudged insane and committed to the asylum at Kalamazoo.

On Tuesday a decree was handed down in favor of the complainant in the case of Anna Burke vs. Irving Pearl, administrator of the estate of John Smith deceased and John Hutton.

The bill of complaint was originally filed against John Smith in his lifetime and upon his death the cause was revived against the administrator and the defendant, John Hutton, was also brought in as a party defendant. The bill alleges that John Smith deeded 30 acres of land in Benton township upon a valid consideration to the complainant and that thereafter Smith threatened to oust the complainant and her husband from the premises.

Later he secured the aforesaid deed of all his lands to John Hutton. The court holds that the deed to Mrs. Burke was founded on a full and valuable consideration and the transaction equitable and that Hutton's deed is invalid.

OLEO DECISION HURTS

Real Butter Makers Don't Feel 'Happy Over the Court's Recent Deliverance.

LINEMAN GRABS A LIVE WIRE

Shock of 2,280 Volts Kills Him—State Guardsmen and the Kentucky Camp—State News.

Lansing, Mich., July 17.—It is the statement of a reliable authority that the production of butter by Michigan dairies, which amounts to about 60,000,000 pounds a year, will be seriously affected by the decision of the supreme court, which will permit manufacturers of oleomargarin to make its color yellow, to resemble butter, by the use of ingredient coloring matter. Ingredient coloring, it is said, is cheaper than artificial coloring, which the court has decreed cannot be used, and thus the oleo can be produced very cheaply. This will give the oleo manufacturers a wide market, and it is predicted that the sale of their product in Michigan will increase with a bound.

He Prefers the Old Method.

It would be much better, says an official, to have oleo colored with a pure vegetable, though artificial, coloring matter, than with the ingredient coloring. When the yellow is supplied in the latter way, it is done by simply increasing the proportion of cottonseed oil in a somewhat crude state. The proportion varies and in the winter, when it does not melt easily, it is said that sometimes cottonseed oil forms 75 per cent. of the whole substance.

Only Way for the Farmer.

The suggestion has been made that the only way to carry out the wishes of the farmers would be to require oleo manufacturers, if they insist on imitating the cow's art, to color their product with extraneous material, which would be subject to the internal revenue, and thus enable the farmers to compete with it. The legislature could do this, it is said. Apparently the dairy and food department hasn't any anti-color law now to enforce.

HE GRABBED A LIVE WIRE

To Save Himself from Falling and Was Dead in an Instant—Received 2,280 Volts.

Battle Creek, Mich., July 17.—Harry Hayward, a lineman for the Michigan Telephone company, was killed by electricity while working on a wire thirty feet from the ground. He was riding on a small seat along the cable when he lost his balance. Instinctively thrusting forth his hand he grasped a live electric light wire and received 2,280 volts.

A helper saw smoke curling from his hand and called the fire department. Meanwhile Hayward's body fell from the live wire and hung suspended across the cable ten feet below. The accident occurred at Main and Monroe streets, and hundreds of people saw the man's body smoking on the wire and afterwards falling. Hayward had been on the job but two days. He came from Grand Rapids. He was single.

Old Soldier Drops Dead.

Alden, Mich., July 17.—Charles Brookmeyer, aged 87, dropped dead on the street. Brookmeyer came to this country from Germany fifty years ago. When the war broke out he enlisted and he served during the rebellion and in the regular army for eight years. He had been in the soldiers' home at Grand Rapids for some time, and was out on furlough, visiting his grandson in this place and other friends.

Foot Ball Is Prohibited.

Alma, Mich., July 17.—At the annual meeting of the school district resolutions were passed prohibiting foot ball at school hereafter. Alma's high school has been a member of the Interscholastic Foot Ball association for two years, and it came near winning the state championship last year. Much indignation has been aroused by this action, and serious discord may result.

Michigan Will Stay Away.

Detroit, July 17.—At a meeting of the state military board held here it was decided that the Michigan National Guard will not attend the federal encampment, which is to be held this year in Kentucky. The members of the board expressed dissatisfaction on account of the delay of the federal authorities in not deciding on the place for the encampment before July 15.

Grand Rapids May Lose Base Ball.

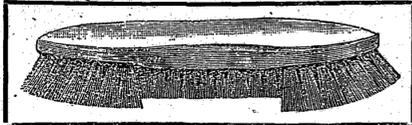

Grand Rapids, Mich., July 17.—Vice President C. W. Halderman, of the Central-Base Ball League, says it is probable that the Grand Rapids team will not return here this season, giving as his reason his unwillingness to pay the price asked for the local grounds under former Manager Lindsay's contract.

Did What He Said He Would.

Coldwater, Mich., July 17.—William Lippert, aged 35, a well-to-do Algazne farmer, told his mother and sister that he intended to commit suicide on account of domestic troubles. The mother and sister followed him home, but when they left him alone for a moment he shot himself.

Beware of Ointments for Catarrh that Contains Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system, when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio.

Sold by Druggists. Price 75c per bottle. Hall's Family Pills are the best.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by W. N. Brodriek. Price 50 cents.

Notice Read carefully how to get these beautiful presents. Trade at Del Jordan's Grocery, pay cash for your purchases. With every cash purchase of 5 cents, and over you will receive a cash coupon for the full amount of your purchase. These cash coupons entitle you to your choice of a full assortment of hand decorated chinaware, floral and gold designs, such as cups and saucers, dinner plates, breakfast plates, pie plates, sauce dishes, vegetable dishes, sugar bowls, platters, creamers, etc. A complete dinner set can be had free and be matched for years to come.

Mrs. Hiron's Death at Fort Wayne.

The Fort Wayne Sentinel of July 13, contains the following:
 Mrs. Laura A. Hiron, wife of John Hiron, died at 1 o'clock Sunday morning at her home, 815, Columbia avenue, from apoplexy, at the age of 69 years. Mrs. Hiron's suffered an attack of the disease about two months ago, and on Thursday last there came a second stroke, and she gradually declined until the end came early Sunday morning, terminating a life that had been uniformly active, kindly, useful and helpful.

Mrs. Hiron was born March 12, 1834, and removed with her family to this city in 1896 from Wellington, Kan., which had been their home since 1874. She is survived by the husband and six children. There are also four brothers; S. L. Beardley and A. R. Beardley, of Elkhart; W. G. Beardley, of Minneapolis, and B. F. Beardley, of St. Paul.

The deceased was a devoted member of the First Methodist Episcopal church; a woman of most lofty character and admirable personality, who enjoyed the highest respect and esteem of every acquaintance.

LATEST FASHION NOTES.

GOWN SHOWING INCORPORATIONS OF VENISE.

In addition to the collars of Venise or Irish lace, the tendency is to appliques and incrustations. This latter form of trimming is introduced on a gown of hydrangea blue voile, displaying the popular mutton-leg sleeve. Incrustations of white Venise in floral pattern add richness and beauty to both skirt and bodice. The stitching at the head of the plaits, vary the sleeves and skirt, is done with Corticelli stitching silk. The rounding neck is a feature of late design for warm days.

We shall not entirely depend on Irish lace for whole dresses this year. There is a course make of thick lace, between Cluny, Maltese and Yak, which is adapted to the same purpose. Chiffon is employed much for evening gowns, and one of its adopted uses is a bridal veil, seen on the Continent, but not as yet here. It is a material that lends itself to soft bouillonnes and infinitesimal tuckings. Tulle blends best with silver for evening wear; and tassels fall everywhere.

Climate and Crop Report.

The United States Department of Agriculture, climate and crop bulletin of the weather bureau, Michigan section, publish the following for the week ending July 6, 1903.

The mean daily temperature for the week ending July 13 was 73.0 degrees, or 3.3 degrees above the normal; the average total precipitation was 0.50 of an inch, or 0.03 of an inch above the normal; the sunshine averaged 78 per cent of the possible amount.

The hot, humid weather, with moderate showers which were fairly well disturbed, has been very beneficial to all crop growth. Corn is very much improved and is now in nearly normal condition; it is rather weedy. Oats, meadows, pastures, peas, barley and buckwheat have made good progress. The weather has been favorable to haying, which is well advanced in the central and southern counties, and generally begun in the northern counties, and Upper Peninsula; in most cases the crop has been well secured; it is of fine quality, but below the average in quantity; the yield from new meadows is fairly good, but old meadows are mostly short and rather thin.

Wheat harvest is in progress in most of the southern counties and is just beginning in the central; the yield is fair and is being well secured in stack and barn.

Oats have made good growth; the straw is rather short, but the heads are filling nicely. Barley and rye are ripening fast and are nearly ready to cut. Potatoes continue to do well. Beans have improved and show fairly good stand—the acreage is large. Sugar beets are doing well, although their cultivation is rather backward. Buckwheat is growing finely. Pasturage is good.

Apple prospects continue fairly promising.

Berrien: Corn doing finely; potatoes promising; oats maturing and fairly promising; wheat and hay being well secured; apples promising; pears poor; early corn tasseling.

TRADES UNIONISM AND PATRIOTISM

By GEORGE W. CRAWFORD (Colored), Honor
Man of Yale Law School

BUT before an honest and patriotic laboring man all the reasons why he should ally himself with organized labor, still he turns upon you with these UNANSWERABLE OBJECTIONS: The union reduces all to a common level, makes the worthy support the unworthy, prevents the honest citizen from serving his country, disregards the rights of individuals and of the community, and finally stands for lawlessness and disorder. No completer indictment could be made out against the patriotism of trades unionism than a proof of these facts, and for this proof we have but to turn to the events of a single year.

Patriotism in this country means more than to sing "America" on Independence day, more than bearing a national flag along with a union banner in a Labor day parade, even more than a declaration of loyalty in a trades union constitution. PATRIOTISM ANYWHERE IN THE ULTIMATE ANALYSIS IS ALTRUISM PROFESSED AND LIVED.

The question arises then, naturally, What is to be the basis of reorganization? Our answer is simple. We would plant the new unionism on the basis of brotherhood, which is only another word for democracy.

There are unmistakable signs that the rise of the NEW UNIONISM is more than a remote possibility. The revolt of good citizenship against the excesses to which the old unionism has been subjected has already taken the form of an independent labor movement, whose chief objects are "to maintain amicable relations between employer and employee; to assist its members in obtaining the highest wage consistent with the general good of all concerned; to defend the inalienable rights of all mankind to work, and, finally, to oppose strikes, lockouts, boycotts and black lists."

Here is the realization that the devotion of a labor organization to the interests of its members does not divorce it from its higher obligations to the state; that the obligations of the Golden Rule do not stop at the boundary of one's own immediate interests; THAT TRUE PATRIOTISM ANIMATES A MAN IN ALL THAT TOUCHES THE WELL BEING OF HIS COUNTRY.

AMERICA'S MATERIAL AND INTELLECTUAL ADVANCE

By M. JUSSERAND, French Ambassador to the United States

MATERIAL interests are laying nowadays all things in the world under their dominion. Your achievements in this line have been marvelous. To keep pace with so rapid a material advance very great things must be done in the intellectual and spiritual field, and it is not a little pleasant for a friend of this country to see that this is well understood; that the number of universities, the number of students in each of them and the excellence of the work produced there are on a constant increase. Whenever one of us treats any learned subject now he must always begin saying to himself, Let me see first what our American friends have said and written on it, and a great many and VERY VALUABLE THINGS, IT IS USUALLY FOUND, THEY HAVE SAID AND WRITTEN, AND THAT THEY ARE WORTH KNOWING. The time is gone when such a town as Chicago would produce foodstuff only. It produces mind stuff, too—essays, studies, books of true importance.

ADVANTAGES AND LIMITATIONS OF COEDUCATION

By President AYERS of
Cincinnati University

IN recent years the growth of the coeducational movement has not been due to the withdrawal of opportunities offered to women, but rather to the DISINCLINATION ON THE PART OF YOUNG WOMEN to take up the work involved in extended professional training.

In the various branches of learning known as the cultured studies the movement of coeducation has been WIDELY SUCCESSFUL, as is witnessed by its spread through not only the colleges of our own country, but also through the educational institutions of Europe. Young women, however, do not take to the sciences and the application of science, and this is probably due to the general feeling on the part of humanity that LABOR IS UNDIGNIFIED because it was first pronounced as a curse on man. It is for this same reason that domestic economy is neglected. We must reach the plane of thought where we recognize OCCUPATION AS A BLESSING as well as a duty. This is the coming viewpoint, and when it is generally accepted the various lines of human endeavor will experience a new success and one of the great aims of education will have been accomplished.

To succeed in the world women must recognize that ALL WORK IS HONORABLE. It is not necessary for all of them to be engaged in menial labor, but they should all be occupied with that which is useful and exerts an uplifting influence upon humanity. Coeducation will do much for woman, but it will never fit her for those things which nature primarily intended for man. The disinclination of the gentler sex to enter the professional fields is due to the fact that, after the first enthusiasm over equal opportunities with man, woman has found that THE ETERNAL FEMININE IS THE DIVIDING LINE, and this barrier to all but the exceptional few cannot be removed, even by coeducation.

IN TEN MORE DAYS.

Interurban Line. Will Then be Completed.

C. H. DeFrees stated today that the electric cars would positively be running between South Bend and Niles within ten days.

The work outside of the two towns is complete with exception of the overhead bridge at the "Y," south of Niles. On account of the Michigan Central railroad, which runs directly under this bridge, the mammoth spans and heavy pieces of steel can be placed in position only on Sunday, when the Central trains are not running. A large crew of men were ready to do this work last Sunday, but the Central ran an excursion train here from South Bend, with the result that the electric line is delayed a week at least.

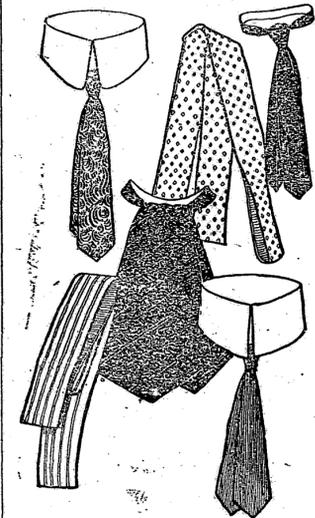

The wires will be strung on Main street Saturday, and all will then be complete but the bridge.

One hundred men went to work today out of South Bend filling in between the ties, ballasting, stringing the wires, and otherwise perfecting the road. Several hand-cars are in use to convey the materials, and the work of completion is being pushed with all possible speed.

The service will be hourly at first and eventually the run will be made in 20 minutes. The fare will be 15 cents one way and 25 cents for the round trip—Niles Star

FEMALE WEAKNESS

521-2 Congress St.
Portland, Maine, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmim S. S. S.
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

Mr. Riley Enos of Athol, South Dakota, a brother of Mrs. John Carr of Buchanan, is on a visit to his sister's. The father of Mr. Enos was one of the early settlers in Buchanan, having a tannery here about the year 1848.

A Buchanan lady who saw an amusing incident at one of the small railroad stations in the west, told the account to a Record representative recently. An uneducated, uncouth country woman, and her green and growing son, were among the passengers who stopped at the railroad station for a hasty meal. Upon alighting from the train the boy went to a water tank and took several copious drinks of water, where-upon the mother cuffed his ears with vehemence exclaiming: "Look a here Sam, I aint goin' to pay a quarter for a good square meal for you and then have you fill up on water so you can't eat the money's worth. Quit that drinking I say and come on in and get to eating."

The program included two very interesting papers, by Mrs. Whitman, and Mrs. Beardsley, and a bright talk by Mrs. Blowers. After the meeting the hostess served wafers and sherbit.

Jacob Miller has a very intelligent horse but this week she has shown more than usual common sense. Mr. Miller and his wife drove to the huckleberry marsh northwest of town and getting out of the buggy, tied the horse with her head toward the marsh. When they came out of the marsh there was no horse to be seen and later investigation showed that an intelligent animal had managed to get loose, back out of the thick brush, turn around and start home. A man plowing in an adjoining field called to the horse and she stopped immediately. The horse has long been a family pet and will be considered more than ever trust worthy.

Trouble begins with the first backache. "Tis serious trouble! Key trouble. Neglected means other pains more dangerous. Urinary disorders quickly follow. Doan's Kidney Pills cure all kidney ills.

Mr. George W. Closson, proprietor of the large livery stable and hack line, at 137-139 West Main street, and residing at 320 Territorial street, Benton Harbor, says: "Doan's Kidney Pills procured at Harry L. Bird's drug store have been used in my family and undoubted results were obtained. My wife first learned of them through her brother-in-law, Mr. J. P. Mitchell, employed as mail clerk on the Michigan Central R. R., between Detroit and Chicago. He advised her to use them and they promptly be an excellent remedy. I heathis, join Mrs. Closson in endorsing edo valuable medicine. To anyone complaining of backache or any of the incidentals which follow in the wake of that far too prevalent complaint kidney disease, my advice is, use Doan's Kidney Pills."

Just such emphatic endorsement is plentiful in Buchanan. Call at W. N. Brodrick's drug store and ask him what his customers report.

POPE'S LIFE IS EBBING

Death Holds Off on a Day, When He Was Looked for at the Vatican.

PREMONITION DID NOT COME TRUE

Pontiff Stands by Rampolla When He Is Attacked—Grant of Power Given.

Rome, July 17, 2:55 a. m.—Dr. Lapponi has again had recourse, with beneficial effects, to an injection of caffeine, which had not been used for some days because of the pope's dislike to it.

Rome, July 17, 7:45 a. m.—Pope Leo passed a comparatively tranquil night and his general condition this morning is stationary.

Rome, July 17.—Another day has passed and the pope has lived through it notwithstanding that it was the feast of the Carmelite Madonna, the day that was to have ended all on earth for Leo XIII, if it is true that he had a premonition that he would die on that day. It is said that when he awoke yesterday he began paying with such fervor that his valet hurried into the room, and the pope, hearing him, said: "Ah, Pio, your task is nearly done. Today is the feast of the Carmelite Madonna." But he lived through it, and had mass said in the chapel adjoining his bed room. All day his condition was grave, the distinctive feature being the continuance of his extreme weakness.

Grants Powers to Rampolla.

The doctors seriously considered another operation to remove the liquid in the pleura, but it was finally decided to let it alone for the time, in spite of the fact that an examination showed that its quantity was augmented. No one was admitted to the sick room, except the cardinal secretary of state, Cardinal Rampolla, who was only allowed in on the repeated request of Pope Leo, who said to him that he desired to confirm and extend the power his eminence had early exercised because of his position, and authorized him to take measures which in ordinary times would necessitate the direct intervention of the pontiff "in recognition of his personal devotion to the pontiff and the services he had rendered to the church."

Pope Stands by His Faithful Servant.

The tenacity of Pope Leo is most admirable, not only in his organism, but even in his feeling. The best example thereof is perhaps the continual proofs of confidence that his holiness bestows on Cardinal Rampolla, who, after faithfully serving the pope for sixteen years, is now being made the object of most bitter attacks, especially during the last period, because of the Francophile attitude of the papacy. The pontiff seems to have had an intuition that while he lies with one foot in the grave Cardinal Rampolla's adversaries are beginning to take advantage of his tottering power to pull down the idol which until yesterday they worshiped; so his holiness leaves nothing unattempted to show the world up to the last moment how much he trusts his secretary of state.

BELKNAP UNANIMOUSLY

All the Votes in the Kentucky Republican Convention Thrown for Him for Governor.

Louisville, Ky., July 17.—Colonel Morris B. Belknap, of Louisville, a wholesale merchant widely known throughout the country, received the nomination for governor on the first ballot in the state Republican convention. His delegates, contrary to predictions, stuck to him, though how much of their tenacity can be charged to the announcement by ex-Governor Bradley that he was not a candidate can only be conjectured. Belknap was nominated after an enthusiastic supporter of Bradley had placed the former governor in nomination and the followers of Augustus B. Wilson had tacitly withdrawn the man supposed to be Belknap's nearest competitor by failing to present his name.

There was a slight unpleasantness during the vote for governor. Bradley had reiterated his statement that he was not a candidate, only to be interrupted by a delegate, who tauntingly cried: "You're beat now." The interrupter was hissed, and Bradley turned to the point whence the taunt had come and shouted: "I don't know who you are, and I don't care, but you are a liar."

The platform is standard Republican, but there is no reference to the money question. Its feature is its unqualified indorsement of Roosevelt as president and as the nominee next year.

The other nominations are: Lieutenant governor, J. R. Wilhoit, of Ashland; treasurer, John A. Black, of Barbourville; auditor, George Welsh, of Danville; attorney general, William Beckner, of Winchester; secretary of state, J. C. Speight, of Mayfield.

Murdered Man Identified.

Hammond, Ind., July 17.—The remains of the murdered man dragged out of Lake Michigan have been identified by Charles Gerbalt, of Chicago, as Edward P. Nielsen, also of Chicago. Nielsen was formerly a lieutenant in the Danish army and came to this country four years ago. His profession was that of a sculptor.

CHIEF ARTHUR DROPS DEAD

While Speaking at a Banquet the Head of the Locomotive Engineers is Summoned.

Winnipeg, Man., July 17.—P. M. Arthur, grand chief engineer of the Brotherhood of Locomotive Engineers, dropped dead while speaking at the

P. M. ARTHUR.

banquet closing the annual convention of the Brotherhood of Locomotive Engineers, which has been in session for the past few days.

Arthur had just arisen to respond to a toast, and repeated the words: "It may be my parting words to many of you," when he fell backward and expired a few minutes afterwards.

Cleveland, O., July 17.—The Associated Press bulletin was the first information that Mrs. Arthur had of her husband's death. She was too much distressed to make any statement.

GOES TO THE DEATH CHAIR.

Where the Victim's Life of Knapp, the Wife-Slayer, Will Be Suddenly Ended.

Hamilton, O., July 17.—Alfred A. Knapp was convicted of murder in the first degree for the murder of his wife, Hannah Goodard Knapp, by Judge Belden's jury here. There was no recommendation to mecy, and the public thinks that is as it should be.

This degenerate has murdered five women since 1894. He confessed all of the crimes and then pleaded insanity. It took the jury a dozen hours to agree and many ballots before the members all came to one mind. He will probably end his career in the death chair at Columbus, unless the inevitable appeal turns him loose.

Latest Trial of the Shamrocks.

Atlantic Highlands, N. J., July 17.—After a forty-mile leeward and windward race off Sandy Hook lightship Shamrock III led her trial horse to the finish line by six minutes and thirty seconds. Her time was really about five minutes better, for the other Shamrock had a wind during the latter part of the race that the challenger felt nothing of. Shamrock III did twenty miles to windward seven minutes and eighteen seconds faster than the Shamrock I.

Will Accept the Bishopric.

Springfield, Ill., July 17.—Very Rev. Edgar McGee, of Galcsburg, secretary of the committee appointed at the synod of the diocese of Quincy to notify Rev. M. Edward Fawcett, rector of St. Bartholomew's church, Englewood, Chicago, of his election as bishop of Quincy, has received a letter from Dr. Fawcett accepting the position.

Walking Delegate Parks on Bail.

New York, July 17.—Samuel Parks, Timothy McCarthy and Richard Carvel, the walking delegates who have been indicted for extortion, have been arraigned. The defendants did not enter a plea, this being put off until next Monday. They were released on bail. Ex-Chief of Police Devery signed the bonds.

Brussels Carpet Weavers Expelled.

Philadelphia, July 17.—The Brussels carpet union, of this city, which was affiliated with the Central Union of Textile Workers, has been expelled by the latter organization because the Brussels carpet weavers returned to work last week at practically the old conditions.

"Probable" Is a Good Word.

Birmingham, Ala., July 17.—W. B. McKinney, mine foreman at Belle Summit, was shot and instantly killed by Bob Sawyer, a negro. A mob is in pursuit and summary punishment is probable.

All Except the Platt Amendment.

Havana, July 17.—The senate has ratified all the treaties with the United States excepting the Platt amendment treaty.

AT THE EXTRA SESSION

Which Convenes Nov. 9 Next, President Roosevelt Wants Action on the Finances.

WANTS IT TAKEN PROMPTLY, TOO

Lodge Announces This After an Interview at the Oyster Bay Capital.

Oyster Bay, N. Y., July 17.—President Roosevelt is deeply interested in proposed financial legislation. As a student of affairs he has noted for a long time the necessity of financial legislation of a remedial character, and he has expressed to Senator Lodge, of Massachusetts, his desire that early action upon the subject should be taken by congress along the lines of his recent messages and speeches. Indeed, it can be said he hopes action will be initiated at the extra session of congress which he will call on Monday, Nov. 9. Senator Lodge came here and passed the day with the president at Sagamore Hill. He is a member of the Alaskan boundary commission, which is to begin its sessions in London early in September.

Talked of the Extra Session.

Before his departure Senator Lodge gave to the Associated Press a statement concerning his conference with the president. In this statement the president's hopes regarding the financial legislation are reflected. "We discussed," said Lodge, "a variety of topics, including the work of the Alaskan boundary commission which is to begin in London early in September." "Yes," the senator continued, in response to an inquiry whether he had discussed with President Roosevelt the proposed extra session of congress, "we considered it at some length."

Desires Financial Legislation.

"You know, of course, that an extra session is to be called to meet on Monday, Nov. 9, immediately following the fall elections. The session will be called primarily for the purpose of enacting legislation approving the Cuban treaty, which was ratified by the senate last spring. The president hopes, however, as I do, that we shall be able to take up for early consideration financial legislation along the lines of his messages and speeches since he became president. In this legislation the president takes the deepest interest."

No Specific Bill Discussed.

"Did you discuss with the president any specific financial measure?" "No, not at all. No specific bill was under consideration. The preparation of a measure of that kind is the work of congress itself. It was understood when the senate adjourned last spring that the committee on finance would prepare a remedial financial measure during the recess. The committee now is engaged on that work. I assume that the house committee on banking and currency also will take up the subject, but I am not informed whether it is the intention of that committee to begin the consideration of the subject before the extra session shall convene."

Hopes for Early Action.

"As I noted the president is deeply interested in this proposed legislation and it is his hope and desire that early action may be taken by congress to remedy existing financial conditions."

GASOLINE STARTS A FIRE

Boy Probably Fatally Burned, Several Others Scorching and \$18,000 Loss in Property.

Appleton, Wis., July 17.—Fire which started from an explosion of a can of gasoline probably fatally burned Harrison Bates, 12 years old, painfully hurt six other persons, and destroyed the building and stock of the Appleton Shirt and Pants company, and of the Appleton steam laundry. The loss is \$18,000.

The injured are: Harrison Bates, burned about head and body, may die; Frank Bissing, driver for Morris Oil company, head and arms burned; E. J. Anderson, proprietor of laundry, cut by falling glass; Henry Russell, proprietor of shirt company, painful burns; Howard Russell and Mrs. E. J. Anderson, slight burns; Herman Heikert, burned in attempting to rescue Bates.

Capt. Harts Pays a Heavy Fine.

San Francisco, July 17.—Captain William W. Harts, U. S. A., who came from the Orient on the transport Thomas, and who failed to declare 158 articles in his baggage subject to customs duty, has paid a fine of \$1,971 to the collector. This money will be held subject to the decision of the treasury department, to which Captain Harts will appeal to have the fine remitted.

British Soldiers in South Africa.

London, July 17.—During the discussion of the army estimates in the house of commons War Secretary Brodrick said it had been decided to keep a force of 25,000 men permanently in South Africa, whence reinforcements could be readily dispatched to India in the event of an attack on the frontier.

Called to Meet at Winona.

Boston, July 17.—W. T. Hartshorne, of this city, chairman of the executive committee of the International Sunday School association, has issued the official call for the annual meeting of the committee to be held at Winona Lake, Ind., Aug. 6-10, 1903.
