### STOLE A BRIDLE

And His Life May Pay the Penalty.

Battle Creek, Mich., Aug. 19.—Otis Mosher, a laborer, hailing from Cassopolis, was arrested Monday afternoon by Deputy Sheriff Annis for stealing a bridle from a farmer's wagon, and when he broke away and tried to escape the deputy shot him in the back. Mosher will die.

Mosher made a statement exonerating Annis and asserts that he ought to have stopped when the officer called to him twice. There is however, considerable feeling against the officer for shooting for so small a crime, and against the police department for keeping the wounded man in a cell instead of removing him to a hospital immediately.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

### Gone to Rest.

Mrs. John Shook died at 12 o'clock Wednesday night, after a lingering illness. She was 67 years of age and has been a resident of Buchanan for the past 45 years. The death was caused by gall stones and cancer of the stomach.

Mrs. Shook had twice been married. Her first husband was Walter Ingalls, and to this union was born two sons and one daughter. One son, James Ingalls resides at Hartford, the daughter, Mrs. James F. Wray, at Edmond, Kas., and Frank Ingalls, who went west years ago, and is thought to be dead. The second husband was Mr. John Shook. To this union was born 4 children, Rev. Chas. A. Shook being the only one still living.

The funeral will be held from the Larger Hope church, Saturday afternoon at 2:30 o'clock.

### Mysterious Circumstance.

One was pale and yellow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it by gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at W. N. Brodbeck, druggist.

### LATEST FASHION NOTES.

CHARMING NEGLIGEE OF PEAU DE SOIE.

Every woman appreciates a pretty negligee and nothing could be more charming than this creation of peau de soie, trimmed with heavy genuine lace in the new champagne tint. The front is mousseline de soie, shirred over heavy cords at intervals. The neck is round, not very low. The fronts of the negligee are loose and fall away from the sides where they are tucked at the under arm seams. The plait in the back falls from the neck and is embellished with an elaborate design of lace. The sleeves are finished with a cape-like face at the

top and a full mousseline de soie undersleeve ending in a deep cuff of peau de soie. The model is carried out in any of champagne tints, white, or ciel or pale rose. The best material to use for such a garment is crepe de chine or peau de soie which combined with the use of Corticelli sewing silk will invariably result in a dainty little negligee.

Red is still a favorite color for hats, red tulle hats trimmed with poppies being quite the thing. A black tulle hat, worn well back on the head has for its principal trimming two very large spread white wings. A hat of fancy straw for young girls may be bound with velvet and have a large white pompon on one side. The turban is very popular, the brim often being covered with flowers and sometimes being left plain, or with a stiff wing on the side.

Remember I meet every body's prices in groceries. Del Jordan.

## A NARROW ESCAPE

Little Girl Fell From Boat  
Dock at Clear Lake.

### VERY QUICKLY RESCUED

Big Time at Methodist Sunday School  
Picnic Yesterday

The Methodist Sunday school picnic, at West Clear Lake, was well attended yesterday. Only one thing happened to mar the enjoyment of the occasion. Little Nancy Henning, 7 year old niece of Mrs. H. M. Lawton, who is visiting her, fell from the boat dock, and but for the quick work of Fred Douglass would have been drowned.

When the child fell into the water Mr. Douglass was in a boat with some young ladies. He saw the child fall and dove from the boat grasping the little girl, brought her up with him. It was a quick rescue and speaks well for the young man's coolness and ready action.

The picnic was attended by about 75 and they passed the time by games, foot races, boating and bathing. Well filled baskets added much to the enjoyment of the day. They returned to town about 5 o'clock well pleased with the day's outing.

Worried over his misfortune unbalanced his mind, and he became so melancholy that it was thought best to have him placed in the asylum where he could have necessary treatment.

## LARGEST IN THE WEST

Pere Marquette System Will  
Make St. Joseph King  
of Resorts,

### AND SUBURB OF CHICAGO

Two Magnificent Excursion Trains will  
Establish Short Time Schedule  
Between These Cities.

St. Joseph is to be made the greatest summer resort in the west. This is the plan of the Pere Marquette system for 1904. The twin cities will become the summer home for the tens of thousands of vacation-seeking Chicagoans, and by new facilities to be in reality made a suburb of the great windy city. The plans of the railway company were given out by a prominent official who was in St. Joseph a few days ago, and he gives positive assurance that St. Joseph and Benton Harbor are yet to reach the zenith of their popularity as a resort Meca.

The plans for the new enterprise have matured and their fulfillment is in the hands of H. F. Moeller, general passenger agent at Detroit. The Pere Marquette have under course of construction a line from New Buffalo to Chicago and when it is completed, the road will be absolutely independent of the Michigan Central. This move will prove to be the greatest strike ever made for the twin cities.

A contract has been let to an eastern car works and the construction is already begun for two of the most magnificent excursion trains ever run across the state of Michigan.

They are to be elegantly furnished and provided with every convenience and luxury of travel. The cost of the trains will be \$500,000. One, when put in commission in June, will be known as the St. Joseph flyer, the other as the South Haven flyer. They will make two round trips from Chicago daily at \$1 round trip and when the season is at its height it is proposed to run a train out of Chicago for this city every hour. This will give an opportunity for a man attending his business in Chicago during the day and dining with his family at this waiting place in the evening. This great undertaking marks a new era for St. Joseph as a summer resort and it is understood that a company is soon to be organized for a large summer hotel on the beach.—Benton Harbor News.

### On Train But Once in Her Life.

A married woman residing on South Franklin street has had an experience which few at her age can duplicate. She is thirty-seven years old and was born and reared in this city, but notwithstanding her age and surroundings she never rode on a train of any kind until a few days ago, and has seemingly been possessed of a strong antipathy to railway travel. She never rode on a street car until two or three weeks ago, when she was induced to board a car to go down town to attend a band concert. A few days ago her husband asked her to make a trip with him to Chicago. After much coaxing she consented to go, but went reluctantly. The trip was made by train and this was the first time she ever traveled on a steam road.—Michigan City Dispatch.

The assault and battery case, brought by Terence Travis against Thomas Curran, was tried by a jury trial Wednesday, before Justice O. E. Sabin. Curran was found guilty and fined \$5 and costs amounting to \$34.95 in all.

### Escaped an Awful Fate.

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by W. N. Brodbeck, Druggist. Price 50c & \$1.00.

### They Were Entertained.

Mrs. Woodruff and daughter of Evanston, Ill. are guests of Mrs. Childs, of Detroit St., and on Tuesday evening Mrs. Childs invited some fifteen of our ladies to meet Mrs. Woodruff, who was a guest of Hon. E. H. Conger at Pekin, China, during the Boxer Rebellion, and the occasion was enjoyed by the guests to hear Mrs. Woodruff relate some of her experiences during that troublesome time.

Mrs. Woodruff will later in the season by the suggestion of the guests visit Buchanan and give a public lecture illustrating it with views that she took herself on the spot.

Mrs. Childs served ice cream and cake to the guests, who were Mesdames H. M. Brodrick, E. S. Roe, Alf. Richards, C. D. Kent, J. D. Paden, Chas. Bishop and daughter Blanch, H. F. Kingery, E. S. Dodd, H. L. Veach, Wm. Croxson, E. Roe, of Chicago, and a sister of Mrs. Childs.

## IN MEMORIAM

HANNAH WALLACE

Was born May 7, 1817, in Scipio, Cayuga Co., New York. She was married to Samuel Graham, Feb. 10, 1835. Six children were born to them, of whom four are living. She lived with Mr. Graham 25 years when he was taken away by death.

She lived a widow nearly 20 years. Dec. 11, 1879 she was married to E. H. Beardsley, with him she lived 5 years and 8 months. Sister Beardsley died Aug. 17, 1903 at the ripe age of 86 years, 3 months and 10 days. In 1858 she came with her husband to Michigan and settled in Niles township.

From a sketch of her life written by herself, I quote the following, concerning her religious experience.

"I gave my heart to God the first of January 1835, and my hand to the Methodist church. I never have taken it back, and bless God for doing so for it has kept me from many a sinful folly. I can truthfully say I never went to but 2 showings in my life I have tried to live a Christian life and to do by others as I should be done by. Perhaps I have failed in doing as I ought. I hope that all those I have wronged will forgive me as I ask God to forgive me. I have tried to love my children and to bring them up so they would be good men and women and be Christians so we shall all meet over on the other shore where the rest of my family has gone on before. They are looking, yes, they are watching for us to come. Shall we not all meet over there.

Years are passing by; days and months are fleeting away; time waits for no one; one generation after another is gone to leave place for others; one by one they are stepping off and soon it will be my turn to go. Oh! I hope and pray that I shall be found watching when the angel comes to call me home. Should I not watch and pray when I have such a kind Heavenly Father to care for me and keep me so many years. He has never left me nor forsaken me. No, not in troubles nor in trials, no-not even in the seventh. God is good in all his dealings with me. I have always found Him. He will stick closer than a brother. "Oh death where is thy sting, oh grave where is thy victory?" Her faith failed her not and in this faith she passed away.

There was also handed me a slip of paper on which she had written: "This shows how many times I have read the New Testament through and found something new every time." The record began April 1, and 1877 and closed with March 8, 1900. I do not know how many times she read the New Testament through since the last date reached on the slip, but between these dates she read the New Testament through 42 times and the Old Testament 8 times. Such faithful reading of the Scripture surely brought much instruction and comfort to her.

### Fire Alarms.

A fire alarm was turned in just after one o'clock this afternoon caused by a chimney burning out at E. E. Remington's blacksmith shop. No damage was done.

A second alarm was turned in at three o'clock, caused by a blaze at the residence of Eli Helmick. The fire was in the roof and caught from a defective chimney. The damage was slight, mostly caused by water. The fire department responded quickly to both calls.

### Brakeman Talk Too Much.

The passenger brakeman of the Michigan Central railroad have been notified that they must no longer carry on a conversation with the fairer sex, who happen to ride upon their train. The railroad officials say that brakemen have made it a practice to make the acquaintance of some young lady passenger on their train and at times have become so deeply interested in conversation that they have neglected their duty and often forget to call out the name of stations and to perform other duties customary for them to do. So frequently did the above occur that the officials thought best to forbid their employees to do the same and now the blue coat boys are found in their positions instead of chatting with young ladies.

### Nearly Forfeits His Life.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at W. N. Brodrick's drug store.

## PLANNED A SURPRISE

And It Made Proper Connections and Was a Success in the Engagement Line.

Terre Haute, Ind., Aug. 21.—Because her parents favored another suitor, Miss Muriel Nye, the 20-year-old daughter of Edwin A. Nye, managing editor and part owner of the Des Moines Daily News, and prominent in Des Moines society, planned a surprise by marrying J. I. Vanickie at the home of the bride's great aunt in Terre Haute.

The bridegroom is the son of a prosperous merchant in Vermillion, Ill. The young couple have known each other for several years. Miss Nye went to visit her grandfather, the Rev. J. W. Nye in Vermillion, and while there the marriage was arranged.

## SUICIDE'S DETERMINATION

Clonches a Faucet with His Teeth and Holds on While Water Runs Until He Drowns.

Salt Lake City, Aug. 21.—Andrew Adams, a waiter who on last Saturday murderously assaulted and frightfully slashed Mrs. Jennie Gerald with a razor, and then cut several gashes in his own throat in an effort at self-destruction, has committed suicide at Holy Cross hospital.

He evaded his nurse and went into a bath room. He got into the tub, and placing his mouth over the faucet turned the water on full force. He clenched the faucet between his teeth and held on until unconscious. He died within a few minutes. It is believed that Mrs. Gerald will recover.

## DOWIE RAID ON NEW YORK

Chicago, Aug. 21.—Passenger representatives of eastern roads have received notice that when John Alexander Dowie's expedition starts for New York on Oct. 14 at least 4,000 persons will have to be moved instead of 2,400, as originally announced.

Not all of the crusaders will come from Chicago and Zion City. Special rates of one fare for the round trip have been granted by the railroads from nearly all the western states to Chicago, and from contiguous territory to all of the large cities between Chicago and New York.

### Turks Acted Like Fiends.

Sofia, Aug. 21.—Fugitive families from Krushevo give terrible details of the situation which prevailed in the town of Krushevo after its capture by the Turks. The latter, they say, acted like fiends, running from house to house and street to street, slaughtering everybody they met.

### Turk Accepts Russia's Demands.

Constantinople, Aug. 21.—Tewfik Pasha, the Turkish foreign minister, visited the Russian ambassador and notified him that the Turkish government accepted all the Russian demands and begged that the Russian squadron be withdrawn from Turkish waters.

### Cornice Falls and Kills a Man.

Fort Wayne, Ind., Aug. 21.—Fifty feet of heavy cornice on the new high school building fell on three workmen. J. Cruise was killed, and the other men were seriously injured.

### Wisconsin Postoffice Robbed.

# BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 30, 1902.

First Race Between the Big  
Yachts Shows How the

## STOPPED BY THE LIMIT TO TIME

But the Reliance Outpoints and Out-

foots the Britisher Under

Shamrock Conditions.

New York, Aug. 21.—One of the big-

gest crowds of sightseers and yachts-

men that ever sailed down Sandy Hook

to witness an attempt of a foreign cup

hunter to wrest from America the

yachting supremacy of the world, re-

turned to New York disappointed be-

cause the sea had refused a field of

combat to the racers, but neverthe-

less jubilant in the conviction that Sir

Thomas Lipton's latest challenger, like

the two Shamrocks which had preced-

ed her, was doomed to return to Eng-

land empty handed. Of course, the

race was not absolutely conclusive,

owing to the light and shifting char-

acter of the air, but in a fifteen-mile

boat to windward, a portion of which

was sailed in a driving rain, the cup

defender Reliance showed her heels to

Shamrock III in commanding style,

and in weather conditions which were

supposed to be to the particular liking

of the challenger.

Badly Beaten as Far as It Went.

Fife's latest creation has been her-

alded as a veritable wizard in light

breezes in windward work, especial-

ly with a lumpy sea on, while the

Reliance in her trials had demonst-

rated best reaching and running in a

whole-sail wind. Yet with a breeze

varying from one to twelve knots and

against a long ground swell the de-

fender out-footed and out-pointed her.

The Shamrock did not turn the outer

mark, and there is no way of knowing

absolutely how badly she was beaten,

but it was estimated that she was

more than a mile astern, or about six-

teen minutes in the existing strength

of the winds, when the Reliance round-

ed.

It aims to guide the student in the construction for himself of a life of Christ, derived directly from the sources as they exist in the New Testament. ## BEN-HUR AT SOUTH BEND.

Klaw & Erlanger's "Ben-Hur," a dramatization of Gen. Lew Wallace's famous religious romance is the great attraction to be offered theatre-goers of this vicinity at the Auditorium theatre, South Bend the week of Sept. 7 to 12, with matinee on Wednesday and Saturday. Ben Hur will play its only engagement in this vicinity at the auditorium, for the stage of that playhouse is the only one upon which the massive production can be placed. The organization numbers 226 people including 180 singers and dancers, exclusive of the working staff of stage carpenters, machinists, electricians, millwrights, live stock trainers and attendants. The Company carries twenty-two blooded horses and three camels. The working staff numbers 73 people. An advance staff of mechanics have now possession of the stage of the Auditorium and are busy placing it in readiness for the great chariot race in which eight horses run at top speed in full view of the audience.

Ben Hur is not only the greatest of stage spectacles, but it holds the record for attendance and receipts in every theatre where it has been played. Although this is the fifth consecutive season of "Ben-Hur" it has only been played in about 80 cities, including the twenty-one weeks' engagement at the Drury Lane, London, where King Edward shattered all the traditions by ordering a royal box built in the pit, so that he could get a better view of the chariot race. Queen Alexandria saw the play on two occasions, and others of the royal family were frequent visitors while the production was in England. The placing of "Ben-Hur" on the stage in dramatic form was attended with many interesting circumstances. Gen. Wallace had strenuously opposed any dramatization of his immortal work. The author had always believed in the theatre as an elevating influence for good but he was unable to see how the main incidents of his book could be put into dramatic form without violating the firmly grounded principles of all who believe in the Christian religion. Many attempts were made to secure his permission, but it was not until Klaw & Erlanger had had an interview that he even consented to consider the matter. Klaw & Erlanger's experience and reputation as producers of the very largest spectacles satisfied Gen. Wallace that "Ben-Hur" would receive most adequate representation at their hands. They were able to convince the author that the chariot race, the galley scene and the representation of the Star of Bethlehem could be put on the stage when the question of the personation of the Messiah was considered. The book of "Ben-Hur" is interwoven with the life local and incidents of the Messiah. No dramatization which did not contain the tremendous dominating influence of Him could be a faithful portrayal of the work. Klaw & Erlanger submitted a method of procedure whereby the presence of Nazareth should not be seen, but merely indicated by a mysterious and almost supernatural white light of wondrous brilliancy and power. This solution removed all the author's objections and Klaw & Erlanger were authorized to have a proper dramatization of the book prepared. The question of a representation of the Crucifixion, which is so powerfully described in Gen. Wallace's novel, did not arise to Klaw & Erlanger as the author, held that this point of the play should not be made a part of the play nor indeed the part of any play. Having obtained Gen. Wallace's full consent Klaw & Erlanger engaged William Young to dramatize the book and he has written a play which has been seen by more people than any ever produced.

Klaw & Erlanger have made special arrangements with Manager Pickering of the Auditorium theatre to favor local theatre patrons regarding seats. Mr. Pickering will fill orders for seats for any of the performances if accompanied by a check or money order, in the order of their receipt. Box office sale of tickets opens Thursday, September 3, at the theatre box office in South Bend. As requests for seats are received by mail, they will be numbered and filled accordingly, so those intending to take in this entertainment should lose no time in filing their orders.

## Climate and Crop Report.

The United States Department of Agriculture, climate and crop bulletin of the weather bureau; Michigan section, publish the following for the week ending Aug. 17, 1903.

The mean daily temperature for the week ending August 17 was 60.3 degrees, or 6.7 degrees below the normal; the average total precipitation was 0.27 of an inch, or 0.23 of an inch below the normal; the sunshine averaged 64 per cent of the possible amount.

The cool, moderately dry weather of the past week has forwarded the completion of oat harvest and other field work, but has checked the growth of vegetation, especially corn. Oats and peas are mostly cut and, except in the extreme northern section, secured; there is considerable complaint of oat rust in the Upper Peninsula and northern counties and some of the crop was damaged by rain last week after being cut. Beans, late potatoes and buckwheat have made fairly good growth and are generally in promising condition. Sugar beets are in good condition and generally very promising. The cool weather, especially the cool nights, have greatly retarded the growth of corn, which has made very little growth during the past week; it continues healthy and is setting for ears nicely, but is small and generally backward. Pasture is fair in most counties. Plowing for fall seeding has been generally begun in the Lower Peninsula; it is well advanced in the southern part of the state; rye seeding has begun. The prospects for apples, plums and pears continues quite promising, although many correspondents report scab on apples and considerable dropping.

Berrien:—Late potatoes and beans good; apple prospect fine; oats mostly secured; plowing advancing rapidly.

## ISSUE IS MADE SHARP

### President Roosevelt Declares His Policy as to Work in Government Workshops.

### IS TO BE NO DISCRIMINATION THERE

### Either For or Against Union Labor—Quotes from the Anthracite Decision.

Oyster Bay, Aug. 21. — President Roosevelt has made applicable to all departments of the government service the principle he enunciated at the time he reinstated William A. Miller to the position in the government printing office from which Miller had been dismissed because of a disagreement with the bookbinders' union. The president has plainly stated to the members of his cabinet that that principle is to "indicate the policy of the president" in similar cases. The president has authorized the publication of a letter which was sent to each member of his cabinet on July 22. The letter was signed by Barnes, the acting secretary to the president and is as follows:

### As an Indication of Policy.

"My Dear Sir: The president directs me to send you herewith for your information copies of two letters sent to Secretary Cortelyou with reference to the government printing office, which define the attitude of the administration in connection with the subject discussed. They are sent you for your information and guidance, as they indicate the policy of the president in this matter."

### Uncle Sam's Rules Come First.

The letters to Secretary Cortelyou were written on July 13 and 14. The salient sentence of the first letter was: "There is no objection to the employees of the government printing office constituting themselves into a union if they so desire, but no rules or resolutions of that union can be permitted to override the laws of the United States, which it is my sworn duty to enforce."

### Adopts the Anthracite Decision.

In the letter of the 14th the president quoted the finding of the anthracite strike commission regarding the employment of labor as follows: "It is adjudged and awarded that no person shall be refused employment or in any way discriminated against on account of membership or non-membership in any labor organization, and that there shall be no discrimination or interference with any employee who is not a member of any labor organization by members of such organization."

### Government Shops Are Open Shops.

Concerning this principle the president wrote: "It is, of course, mere elementary decency to require that all the government departments be handled in accordance with the principle thus clearly and fearlessly enunciated."

### LORD SALISBURY IS DYING

End May Be Expected at Any Moment—Rallies Once from What Was Thought the End.

London, Aug. 21.—A bulletin issued by the physicians says that Lord Salisbury's condition is critical, and there is little hope of his recovery. The end may be expected at any moment. Once it was thought that his lordship had already breathed his last, but he made a surprising rally, and later it was announced that his condition had not changed since.

Telegrams have been dispatched to the king, the queen and the Prince of Wales, acquainting them with the critical condition of the ex-premier.

### Will Hold Farley for Awhile.

Chicago, Aug. 21.—Until the cases of the bookmakers at the Washington park race track are heard Ed F. Farley, a Detroit race horse owner, will be a ward of Cook county. Judge Chelmin decided that this state has now the first lien on him as a witness, and that the extradition papers issued for Farley will not become operative until Farley's usefulness here is at an end.

### Hampel's Ignominious Burial.

Oshkosh, Wis., Aug. 21.—Frederick Hampel, who shot and killed Thomas R. Morgan, and who committed suicide in jail, was buried in the potters field in Riverside cemetery. Mrs. Hampel declined to take any part in the burial of her husband and the city paid the expenses. There was no service of any kind.

### Lou Dillon to Go for the Record.

Coston, Aug. 21.—Secretary Jewett, of the New England Trotting Horse Breeders' association, has perfected arrangements with C. K. G. Billings, owner of Lou Dillon, by which the mare will be sent over the Readville track on Monday next to beat the world's trotting record of 2:02 1/4.

### Strike Came Off as Expected.

Minneapolis, Aug. 21.—Nearly 200 union bricklayers have quit work because they were not supplied with union helpers. Building operations involving over \$2,000,000 are tied up. The strike is for the exclusion from work of all who have not union cards.

### Will Be Buried in Michigan.

Kansas City, Mo., Aug. 21.—Captain J. P. Sutton, a civil war veteran, and a member of the staff of the governor of the National Soldiers' Home at Leavenworth, Kan., is dead, aged 62 years. Burial will be at his old home in Michigan.

Fitzgerald while riding home last  
night on the trolley fell off the car at  
the Big Four viaduct but had presence  
of mind to grab hold of the projecting  
ties and save himself from a terrible

## ALL WRONG.

The Mistake is Made by Many Buchanan  
Citizens.

Don't mistake the cause of back-  
ache, to be cured you must know the  
cause, it is wrong to imagine relief  
is cure, backache is kidney ache, you  
must cure the kidneys.

A Buchanan resident tells you how  
this can be done. Mr. B. S. Craw-  
ford, Nurse, living on Clark Street,  
says: "Some time ago I strained my  
back while lifting, waiting on a pa-  
tient, and the injury has bothered me  
ever since. Seeing Doan's Kidney  
Pills recommended so highly I  
thought I would test their merits,  
and I procured a box at W. N. Brod-  
rick's drug store. I am more than  
pleased with the result obtained.  
They acted very quickly and prompt-  
ly, relieving the dull aching pain that  
had annoyed me so long. I have no  
hesitation in recommending so valu-  
able a remedy to others."

north of Dayton. Under the O. F.  
canvases were spread and covers  
were laid for seventy guests. After a  
hard summer's work, and for all it  
was the Sabbath, old ties and friend-  
ships were renewed, good fellowship  
prevailed and all went home feeling  
the day was well spent. New Carlisle,

As news is getting pretty scarce,  
A ditty I will write,  
Of an automobilist  
Who took a ride at night.  
Right here I'll give you a quotation,  
"When near and far you roam,  
Unless you understand the auto  
You'd better stay at home."  
(Pears)

A little Lamb for mascot;  
Oh! to glide along was fun,  
But alas! at Rittinger's corners  
The critter balked and wouldn't run.  
A matter of small moment, so they thought  
The break we soon will mend;  
To get home they called the farmer  
And begged a horse to them to lend.  
Then they hitched old Dobbin foremost,  
And the auto on behind;  
And a slower automobile,  
Would be very hard to find.  
The owner rode the auto,  
Perhaps to see the sights;  
But when he reached town limits,  
He blew out all the lights.

There is no moral to this,  
And we hope no harm is done,  
'Cause we'd all like automobiles  
To hitch our Dobbins on.

P. S. Now friends do not call this ragtime,  
But read it with a smile,  
Then lay it by so kindly,  
It may be "Classic" afterwards.
