\$30,000 the Verdict in the Adams-Baker Breach of Promise Case of Grand Rapids.

Miss Henrietta Adams sued Robert Stuart Baker for breach of promise, after a most sensational trial the case went to the Jury.

Judge Wolcott charged the jury that some judgment was demanded by the evidence, the fact of an engagement and its breach being unquestioned. For this reason the plaintiff was entitled to damages for the loss of the comforts of life which he would have had if the marriage had taken place, stating that under the law a wife was expected to share the property of her husband. In addition to this the plaintiff was entitled to further damages if it was found that she had suffered in feelings, and to still further damages in

case it was found that the girl had been pure minded before Baker's attention but had been led by him to write the indiscrete things shown by her correspondence.

When the verdict of \$30,000 was read in open court there was tremendous applause, and an old gentleman called out Amen. The feeling generally was that Miss Adams was imposed upon and that Baker was a scoundrel.

After the verdict was rendered Miss Adams said she did not believe she would have started the suit had she known the intense strain that it would be upon her. And she expressed sorrow for Baker's wife who had suffered humiliation during the trial.

THE BASKET BALL GAMES

Nearly One Hundred Persons on Friday Evening Went to

THREE OAKS MICHIGAN

To Witness the Contest Between the Buchanan and Three Oaks High School Teams.

Last Friday the girls' and boys' basket ball teams from the Buchanan high school together with 75 school mates and friends, went to Three Oaks on the 6:18 train. It was there that the opening games of the season were to be played with the Three Oaks teams, and there was almost as much excitement as in some of the college games we read about. Eight members of the Buchanan band accompanied the team and the people of Three Oaks must have thought there was to be another unveiling when the train pulled in and the delegation alighted. There were also on the train about 25 members and friends of the Happy Go Lucky club which helped to swell the numbers in the Buchanan crowd to nearly 100.

A procession, led by the band, was formed at the depot and a march made through the town to the hall where the games were to be played. When all were in the hall there was very little room left on the floor for the players and the largest part of the crowd seemed to be made up of Buchanan rooters.

Both games were very close and the excitement was intense from start to finish. The team work of the Buchanan girls was superior to that of Three Oaks, but they were handicapped by the poor baskets and the guarding of the Three Oaks team, which was not according to Ypsilanti rules, under which the game was supposed to be played. The girls game ended with the score of 8 to 5 in favor of Three Oaks.

The Buchanan boys found it almost impossible to throw baskets, because of the very poor back ground and they also suffered from several points given Three Oaks in the first half, because of a misinterpretation of the rules by the Three Oaks umpire. But our boys were right there with the goods all the time and were out by the score of 35 to 31. Mr. C. W. Altendorf, of Niles, was the referee, and his decisions were most satisfactory to both teams.

The Three Oaks team had been trained by a hired coach and they fully expected that the Buchanan team would be easy victims. Four members of the Buchanan team had never been in a game before. The Buchanan boys look exceedingly well in their new suits of black sweaters with a band of white passing over the shoulder, on the breast in the white band are the letters, B. H. S. in red; the trousers are white. The Three Oaks boys wore black sweaters and blue trousers.

The girls' team were: Genevieve Miller, Mary Keller, Edna Kean, Fleta McFallen, Lura Keller and Lulu Broceus. Boys' team were: Fred Lyddick, left forward; Fred Douglass, back forward; Louis Runner, center and manager; George Currier, left back and captain; Fred Fuller, right back; substitutes, Riley Zerby, Earl Crossman.

Artistic.

Some time since Baiton Bros. enclosed an alley way between the rear of their store building and the adjoining building, so that their delivery wagon could be drawn into shelter. They also put a platform up at the rear of the store for gasoline making it outside of the store proper but under cover. At the opening of the alley they have erected a large sliding door which when shut closes the entire alley way, the door is nicely painted and on it in a very artistic manner are the following words:

NO SERVICES ON SUNDAY

A Number of Elder Veach's Supporters Hold Services at the Parsonage.

The motion to dissolve the injunction in the chancery case of Henry L. Veach, et. al. vs. Solomon Wyrick, et. al. was heard on Monday October 26, at St. Joseph, and as a result the injunction was dissolved by Judge Coolidge.

The Judge in his decision holds that an injunction is not necessary to protect Mr. Veach's interest, that if his theory in the case is correct he has an ample remedy at law. The Judge also holds that an injunction cannot issue in this case for the purpose of testing the right to the possession of the real estate involved. The trustees by virtue of this decision are placed in the possession and control of all the real estate belong to the church. A. A. Worthington appears for the trustees and A. C. Roe for Henry L. Veach.

Several weeks ago Elder Veach found the church doors locked against him. He went to the court of chancery and applied for an injunction preventing the trustees from interfering with him, both in the church and parsonage. Armed with the injunction he proceeded to take possession, which was easily accomplished. The trustees answered his complaint and the result was as above stated.

Sunday the church doors were again locked and the situation is just as it was a month or more ago. Elder Veach, finding the doors locked, held services at the parsonage.

COUNTY SEAT NEWS

Two very important and interesting cases are now pending in the circuit court of this county. These cases were commenced by Julia A. and Calvin B. Potter against The Traders Mutual Life Insurance Company of Illinois to recover \$6,000 on two policies of insurance issued by the defendant on the life of Harrison K. Potter. It will be remembered that Harrison K. Potter fell from a 12 story window in the Great Northern Hotel in Chicago and was instantly killed. The deceased was a son of Calvin Potter, for many years a leading member of the Berrien County bar, and who committed suicide in Salt Lake City.

A. A. Worthington is one of the attorneys for defendant, and L. C. Fyfe appears for the plaintiffs.

Annett Bell and Fred B. Collins executors for John Bell deceased, sold the property of the estate at public auction at the court house Monday to Calvin B. Potter defendant in the proceedings instituted by the executors for \$986.10 this being the sum of certain notes and the interest accrued thereon against the estate.

McCLELLAN IS MAYOR

Son of "Little Mac" Defeats Low for Ruler of Greater New York.

BUT ONE BOROUGHS IS FOR LOW

And That by a Plurality of Only 200—Devery Nowhere

Massachusetts Remains in the Republican Column with Ohio and Iowa—Hanna's Sure Thing.

New York, Nov. 4.—At 8:15 p. m. Mayor Low entered his office and to the newspapermen said that he was about to send the following telegram to Colonel McClellan: "I congratulate you on your election. If I can be of service to you, pray command me." The mayor then said: "I think that the telegram sums up all that I have to say tonight."

New York, Nov. 4.—After a remarkable campaign in which there was united against him nearly all of the newspapers and practically every minister of religion in the city, George B. McClellan, son of the civil war general, has been elected third mayor of the Greater New York, over Seth Low, Fusionist, the present mayor, by a plu-

GEORGE B. McCLELLAN.

rality of about 70,000. Edward M. Grout was elected comptroller, and Charles V. Fornes, president of the board of aldermen. These two men were originally on the Fusion ticket, and were endorsed by Tammany, whereupon the Fusionists took their names from the Low ballots and nominated other candidates.

Devery Was an Also "Also Ran."

A surprise was the low vote for William S. Devery, ex-chief of police, who ran on an independent ticket which was given practically no support. This results shows a tremendous change of public sentiment since Mayor Low's election two years ago, when he won by 31,832. At that time he carried all the boroughs but Queens, his plurality in Manhattan and the Bronx being 5,663; Brooklyn, 25,767, and in Richmond, 763. In Queens Shepard, Dem., had a plurality of 561.

Low Got but One Borough.

This time McClellan carried Manhattan and the Bronx by about 58,000, a gain of 63,000; Brooklyn by about 6,000, a gain of 31,000, and Queens by about 5,000, a gain of more than 4,000. This makes a total net gain for McClellan of about 103,000, as compared with Shepard's vote of two years ago. Low carried only one borough—Richmond—by about 200 votes.

New York, Nov. 4.—McClellan's plurality in the city of New York is 61,414.

GAIN IN THE LEGISLATURE

Republicans Have Seven More Members—How the Mayors Fared.

Returns from all assembly districts of the state gave the Republicans a net gain of seven in the assembly, with two districts in doubt, thereby increasing the Republican majority in the state assembly. Harvey Watterson, son of Colonel Henry Watterson, of Louisville, was defeated by a very close vote in a strongly Republican district in Manhattan.

Returns from the state indicate the election of Republican mayors in Syracuse, Rome, Elmira, Plattsburg, Rochester, Albany, Binghamton, Watertown and Oneida. In Oswego, Utica, Schenectady, Troy and Amsterdam Democratic mayors were elected.

The latest returns indicate that the canal proposition to widen and deepen the state canals to admit of the passage of 1,000-ton barges, has been carried by a majority of about 175,000. The proposition carries with it an appropriation of \$101,000,000.

The vote of Brooklyn for mayor, with four election districts missing, gives: McClellan, 101,439; Low, 39,723.

IN THE WESTERN STATES

Dick's Claim in Ohio—Cummins Elected in Iowa—Nebraska and Colorado.

Columbus, O., Nov. 4.—The Democratic state committee is giving out no statements. The Republican state committee announced that the plurality for Herrick over Johnson for gov-

ernor would exceed any plurality ever given a governor in Ohio and that the Republican majority on joint ballot in the legislature for the re-election of Senator Hanna would be over 100.

Before retiring Chairman Dick sent the following telegram to Senator Hanna at Cleveland: "Herrick's plurality will reach 125,000. Republicans elect twenty-nine senators; Democrats elect four. Republicans elect eighty-six members of the house and the Democrats twelve. Twelve districts are not yet reported. This insures a Republican membership of 115 and a Republican majority on joint ballot of eighty-seven, giving you the largest vote for United States senator ever recorded in the general assembly of Ohio, and marking the most complete political triumph in the history of the state."

Denver, Nov. 4.—With nearly full returns from the election in this city and scattering returns from various parts of the state there seems little doubt of the election of John Campbell, Rep., for member of the supreme court. No other office was filled by this year's election. Chairman Miller Smith, of the Democratic state central committee, says: "Returns so far received show that Wilson, Dem., has carried this city by about 5,500 plurality, but that the Republicans have made gains in the state outside of Denver, and that Campbell is elected by a small plurality." The News (Democratic) concedes the election of Campbell. The Republican state central committee claims Campbell's election by 5,000 to 7,000 plurality over Wilson.

Lincoln, Neb., Nov. 4.—Based on returns from 115 voting precincts outside of Lancaster county (Lincoln) and Douglas county (Omaha) the Republican state central committee claims the election of the entire Republican ticket by not less than 10,000 plurality. This claim is considered conservative, and newspaper returns tend to confirm it. The vote for the 115 precincts gave Barnes, Rep., 9,642; Sullivan, Fusion, 8,192. The same precincts two years ago gave the Republican candidate 9,675, with the Fusion 8,107, a change so slight that it will require a Fusion landslide from an unexpected quarter to overcome the Republican plurality of 12,000 of two years ago.

Des Moines, Ia., Nov. 4.—Returns received up to this writing indicate the re-election of Governor Cummins by a plurality of at least 56,000, and his associates on the Republican ticket by substantially the same pluralities. At Democratic headquarters so large a plurality is not admitted. The legislative returns, although not complete, indicate material Democratic gains over two years ago; when the house contained eighty-two Republicans and eighteen Democrats and the senate forty Republicans and ten Democrats; but the Republicans have a good working majority. The Republican managers figure a plurality of 60,000.

Chairman Jackson, of the Democratic committee, said: "I still hold that Cummins' plurality will not be over 30,000."

BAY STATE RE-ELECTS BATES Including the Balance of the Republican Ticket—Other Eastern States.

Proton, Nov. 4.—Although somewhat pushed by the exertions of their opponents the Republicans in the state election re-elected Governor John L.

Bates by practically the same plurality as last year. The rest of the ticket was also elected and the party probably will have the usual proportion of two to one in the legislature of 1905.

The early returns showed that Governor Bates had made slight gains in the small towns and cities, but this was overcome by the Democrats in this city who succeeded in increasing Colonel Gaston's plurality of 13,000 last year to nearly 20,000 this year. In addition to electing their state ticket and holding the legislature, the Republicans were also successful in retaining control of the governor's council which will be composed of five Republicans and one Democrat.

With returns complete from every town and city in the state the total vote for governor is: Bates, Rep., 199,393; Gaston, Dem., 163,544—a plurality for Bates of nearly 36,000. The Socialist party, which had three members of the legislature last year, will be represented by only one, a member from Brocton. The total vote of the city for governor was: Gaston, Dem., 47,323; Bates, Rep., 28,894. Last year the city gave Gaston 45,666, and Bates 32,127.

Philadelphia, Nov. 4.—Figures from the sixty-seven counties of the state indicate a plurality for Mathues, Rep., for state treasurer of 217,784. Snyder, for auditor general, and Morrison and Henderson, for judges of the supreme court, were given approximately the same pluralities. Snyder, who became the object of criticism because as a state senator he voted for what is popularly known as the press muzzler law, was apparently cut very little. The returns indicate Republican gains in forty-nine counties and Democratic gains in the remaining eighteen counties. It is apparent from the nature of the estimates received during the night that the official count will increase the Republican plurality to such an extent that it may exceed 225,000.

Trenton, N. J., Nov. 4.—The Republicans in New Jersey elected four of the six state senators and enough of the assembly to claim both houses. The entire Democratic assembly ticket was elected in Union county, which is a defeat for United States Senator Keen. The next senate will stand fourteen Republicans and seven Democrats. In the house at least thirty-six

of the sixty members will be Republicans.

Providence, R. I., Nov. 4.—The returns indicate the re-election of Governor Garvin, Dem., by a greatly reduced plurality. The vote is very close, however, and the result probably will be in doubt until the last district is heard from. The Republican state central committee claims that later returns will overcome Garvin's lead.

MARYLAND AND KENTUCKY

Slow Returns, but Democratic Success Indicated in Both States.

Baltimore, Nov. 4.—At this writing only eighty-five of the 308 voting precincts of Baltimore city have been reported to the election supervisor's office. These, if the ratio of Democratic gains are maintained, indicate that Edwin Warfield, the Democratic nominee for governor, has carried the city by 7,000 or 8,000 plurality. Returns from the counties are meager. Indications point to the election of Edwin Warfield, Dem., as governor over Stevenson A. Williams, Rep., and that the legislature which will elect a United States senator will also be Democratic.

Louisville, Nov. 4.—With the close of an election characterized by an un-

J. G. W. BECKHAM.

usually heavy vote, numerous disorders, and evidences of many gross irregularities the re-election of Governor Beckham, the Democratic candidate, over Colonel Morris B. Belknap, Rep., by a majority of fully 15,000 seems assured. The Republicans concede the election of Governor Beckham. The day in Louisville was an exciting one and the election was bitterly fought, and the allegations of fraud are numerous, including intimidation of negro voters. These conditions led to many fights, the most serious of which occurred between Tom Kiley, a Democratic election officer, and Jacob Rieger, a Republican officer. The men used pistols and Kiley was seriously wounded.

Of the 119 counties in the state returns have been received from thirty-eight. These give Beckham 54,084 and Belknap, 36,770. Over forty of the counties are remote, some of them being nearly two days' journey from telephone or telegraph wires. Louisville and Jefferson county gave Beckham 5,200 majority over Belknap in round numbers. Yerkes, Rep., carried Louisville and Jefferson county at the last gubernatorial election by 5,100.

This gain of 10,000 votes, added to Beckham's majority of 3,500 at the last election insures him a majority of 13,500 if all the other counties in the state duplicate their vote at the last gubernatorial election. Beckham, however, has made a total gain of nearly 2,000 in his total vote from the twenty odd counties heard from.

Schmitz Wins at San Francisco.

San Francisco, Nov. 4.—The city election brought out a heavy vote. The incomplete returns indicate that Eugene T. Schmitz, the Union-Labor party candidate, has been re-elected mayor with Charles Crocker, Republican, a fairly close second.

Virginia Is All One Way.

Richmond, Va., Nov. 4.—The elections in Virginia, which was for members of the assembly, have resulted in a Democratic sweep of the state.

Five Men Go Down; One Dead.

Houston, Tex., Nov. 4.—A portion of a new bridge being built across the Brazos river near Chappel Hill by the Houston and Texas Central collapsed. The falling structure carried five men with it. Frank Wagner was buried in the river under a large amount of timber. E. Connors received internal injuries and may die.

Will Strike on Nov. 9.

Indianapolis, Nov. 4.—According to a decision arrived at by President John Mitchell, Vice President Thomas Lewis and Secretary William B. Wilson, of the United Mine Workers, the strike of the coal miners in district 21, embracing Colorado, New Mexico, Wyoming and Utah, will be called on Nov. 9.

Election Discussion in Kentucky.

Danville, Ky., Nov. 4.—While in an election discussion William Middleton, aged 20, struck Fountain H. Hasty with the butt of a gun, inflicting a terrible wound and crushing his skull. Hasty will die.

Date of the Republican Caucus.

Washington, Nov. 4.—The Republican caucus for the nomination of speaker and other officers of the house of representatives for the Fifty-eighth congress will be held Saturday afternoon, Nov. 7.

Statesman Falls to Register.

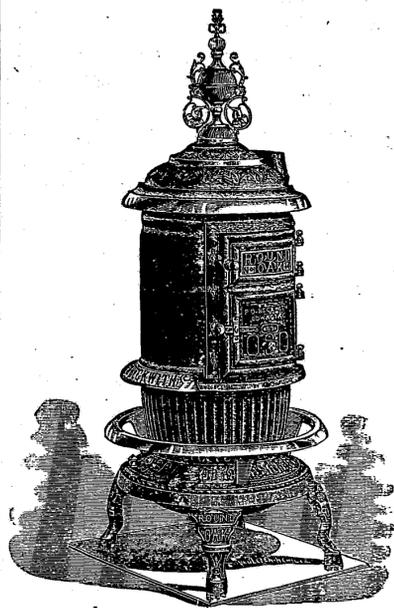

Des Moines, Ia., Nov. 4.—J. A. T. Hull lost his vote in the second precinct of the First ward. Hull was one of the first arrivals at the polls and was challenged because he failed to register.

CHOSEN PRESIDENT

Elder Chas. Shook Honored With Important Office in Advent Christian Church.

CONFERENCE ADJOURNED

Sunday Night Closing With Ordination Service.

The annual meeting of the Advent Christian Conference of Northern Indiana and Southern Michigan, was held in Buchanan Oct. 31—Nov. 1.

The principal business sessions of the conference were held on Friday morning and afternoon, Elder C. W. Smith was received as an ordained minister, pending his dismissal from Northern Illinois Conference. Elder H. E. Young was received as a licensed minister of good report.

The following officers were elected for coming year: president, C. A. Shook; vice president, T. C. Grundy; secretary and treasurer, G. E. Pullen, of Benton Harbor; board of directors C. W. Smith, E. W. Shepard, T. R. Harding. Elder C. A. Shook was elected delegate to the W. A. C. P. A. and Elder Royer as alternate.

Rev. Stewart of Chicago gave two excellent addresses on Saturday, on the subject of "Tithing."

The conference closed Sunday evening by a very impressive ordination service. Elder Shook delivered the sermon at the close of which H. E. Young was ordained as a minister of the Gospel. Elder Grundy offered the ordination prayer, Elder Royer gave the charge and Elder Shepard extended the right hand of fellowship in behalf of the ministry.

SCHOOL NOTES.

Teachers' meeting was held in the office Mon. after school to discuss some school problems and to plan the work for the coming month.

Rev. Tarrant attended chapel Mon. morning and gave the pupils some good advice which he illustrated and made interesting by relating some of his experience as a sailor boy. Our other visitors at chapel were Mr. and Mrs. Pennell, Mrs. Seymour and Mrs. Garland.

The class in Phys. Geog. are constructing weather maps which seem to be quite as good as those sent out by the weather bureau.

The pupils and teachers of our high school are very sorry to hear that Edna Kean is soon to leave school.

Miss Lottie Field entered school Mon. morning.

The subject of the conversation lessons in the 3rd grade last week was, Thickening of hair on animals, and Hardening of wood.

At the 8th grade election of officers last Friday P. M., Lucile Brockett was chosen Pres. for one month.

A new drawing, is being placed on the sixth grade board, by Alice Lumley.

The pupils of the 7th grade had Hallowe'en exercises, Friday afternoon. The room was darkened and Jack o'lanterns were lighted. Original stories, by Reba Binns, Bessie Royer, Rose Hershonow and Ruby Eldredge were read.

Cecil Bruce won in geography contest, of the A division, 4th grade, Wed. afternoon.

Pupils of the 3rd grade are learning the poem, "Farmer John," by J. T. Trowbridge.

Pupils of the 5th grade celebrated Hallowe'en with jack o'lanterns and ghost stories Friday afternoon.

The 8th grade organ is content to sound only when it is played now, and at such times it gives forth much sweeter music than before it was repaired.

Lena Richardson, of the 3rd grade is absent on account of sickness.

The B division of the 6th grade are enjoying the study of the Animals and Plants of North and South America and the Oriental region.

Myrtle Blodgett is the organist for the 7th grade, this week.

We are all sorry to lose Miss Seymour.

The pupils of the ward school will very much miss Miss Seymour, their drawing and music teacher.
 The physical class is being devel-

oped these beautiful Autumn days as he romps among the falling leaves.
 The pet squirrel in our walnut tree furnishes a fine subject for nature study.

A Genuine Surprise

The Happy-Go-Lucky Club are in the habit of celebrating Hallowe'en each year, and usually have a jolly good time; this year they chose Friday, the evening previous, for a social meeting and made the occasion one of a pleasant surprise for Mrs. Will Watson (nee Mead), of Three Oaks.

The club members went on the same train as the basket ball teams and the members of the Buchanan band, who were accompanying the players, went with them to Mrs. Watson's new home and rendered some music, as a serenade, from the lawn. The surprise was complete.

The ladies took a picnic supper with them, and after treating Mrs. Watson to a kitchen shower of such various shapes and sizes of granite ware as the uninitiated have no idea of, the jolly party partook of the supper.

It proved a pleasant occasion to all who were present, and Mrs. Watson has good reason to feel that her fellow club members have not forgotten her since Buchanan ceased to be her home.

FINE FUR HOUSE

Greenblatt Bro. South Bend's Reliable and Artistic Furriers.

It needs but an opportunity to demonstrate that Greenblatt Bros. of South Bend, fully understand making and remodeling fur garments.

They buy all skins direct from the importers and make all kinds of fashionable garments. This buying direct means a saving of the middleman's profit. They use only the best quality of choice selected skins, which are reliable and give good service. The manufacturing is done on the premises under their personal supervision insuring the highest degree of perfection in artistic workmanship and fit.

Fur remodeling and repairing which requires high class expert operatives to insure finish and satisfactory results are a special feature with Greenblatt Bros.

They carry a fine line of fur scarfs and neck wear made in the newest shapes in all the fashionable furs.

County Notes

The jury in the case of Calbeck vs. Ford late Friday afternoon returned a verdict for the plaintiff for the full amount claimed, \$1,000.

Gore & Harvey were plaintiff's attorneys, and Cady & Andrews, with George W. Bridgman as counsel, represented the defendant.

Lewis Calbeck of Indiana and Frank Ford of Berrien Springs got already to trade property—the former's farm for the latter's hardware store—and plaintiff claims the trade actually consummated when the defendant Ford backed out claiming after looking at the Indiana farm that it was practically worthless and that misrepresentations had been made as to its value. He claimed \$1,000 damages for the backing out of Ford, which amount the jury allowed.

The case will be appealed.
 Court adjourned till Nov. 9.

The two young boys, Miller and Pike, who have been doing time at the county jail, were released from custody Friday and turned over to County Agent Whitehead and will be allowed their liberty for a time or as long as they behave themselves.

They with a boy by the name of Merrifield, broke into a number of houses in this vicinity and committed other petty larcenies and it is understood that they are the boys who set fire to Samuel Hannon's stacks of hay on the marsh.

Young Merrifield will be held until the next term of court in January.

Why Spiro Leads

Have you ever thought of the advantages of trading at Spiro's store?

The immense stock of new clothing piled high on every table and shelf—the show cases brimming over with the latest ideas in hats and furnishings—the wonderful range of styles, fabrics and prices because of the splendid variety. It's a perfect exposition for men and boys. You can walk down the aisles free to pick and choose from the best the markets of the world afford.

Did you ever think of the volume of business done in a day at Spiro's?

Enough suits, overcoats, and hats go out every day to stock a small store; yet they are replaced so rapidly from our store rooms and surplus stock, that the vacancy is never seen.

Our one price system saves you the necessity of haggling over the price. In the first place it must be fair. We have no chance to "meet" competition; we have no chance to call you back and as a last resort do better, "seeing it is you". One price must be a tempting price at first or we can't make sales.

The unflinching courtesy of our experienced salesmen, the assurance of money back without argument or if you are not satisfied and at all times the lowest prices, secured by large purchases, make Spiro's the best, as well as the biggest clothing store in this part of the United States.

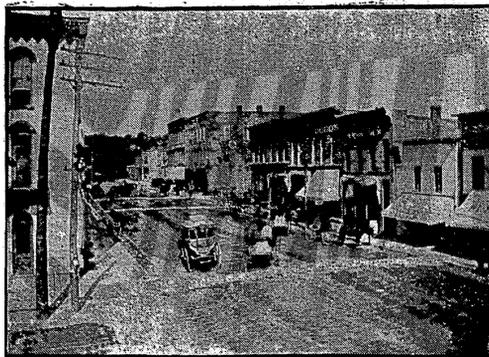

Now ready for inspection: New Fall and Winter Suits and Overcoats, Hats, Furnishings, Underwear, and the best shoes for men, "The Crossett" \$3.50—no higher, no lower.

Terrible R. R. Wreck. 16 Killed and 50 Injured.

Indianapolis Oct. 31.—In a head-end collision between a Big Four special, bearing 954 passengers and the team from Lafayette for the Purdue, Indiana football game, scheduled to take place here this afternoon, and a cut of coal cars, pushed by a switch engine, near the old gravel pit opposite the west end of Eighteenth St. on the Chicago division tracks, fourteen persons were killed outright and about twenty were seriously injured. Fully 50 other persons received minor injuries.

The special was the first section of two trains chartered to haul the crowds to Indianapolis. It was drawn by engine No. 350, in the charge of W. H. Schumaker, engineer, and L. E. Irvan, fireman both of this city. The conductor was F. M. Johnson, also of this city. It was made up of twelve coaches and was running at a high rate of speed at the time of the accident.

The switch engine was on the south end of the northbound cut of several coal cars and it was in charge of E. J. Smith, engineer, and John Clement, fireman.

Indianapolis, Nov. 1.—William Bailey of New Richmond, Ind., substitute player on the Purdue team, died this afternoon from injuries received in the wreck yesterday. This is the sixteenth death.

Fourteen dead bodies were shipped to their home today and the remaining two will follow tomorrow.

Thirty-four victims, thirty-three of whom are students of Purdue, are still in the hospitals. Of these fifteen are in a serious condition.

H. O. WRIGHT MAY DIE.

H. O. Wright of Pendleton, Ind., substitute player has a broken back, and his recovery is not thought probable. He is too weak to permit an operation. A. L. Holter of Oberlin, Ohio, half back, is also in a precarious condition. Sim Miller of Nineven, Ind., who played end on the team, has one leg broken twice and the other crushed. It is believed, however, he will recover. He is a brother of "Long John" Miller, who was captain of the Purdue team two years ago. C. O. Tangeman of Fern Bank, Ohio, student is improving. C. C. Adams of Osgood, Ind., member of the band, has an injured spine and is in a precarious condition.

Sister Was Prostrated.

Elkhart, Ind., Oct. 31.—Miss Pauline Shaw, sister of George Shaw, who it is supposed was killed in the wreck at Indianapolis this morning, on hearing of the news of the accident and the reported death of her brother was overcome with grief.

Conflicting reports have reached Elkhart and as yet it has been impossible to ascertain whether or not it was George Shaw, of Elkhart, who was killed. Telegraphic dispatches from Indianapolis give his address as Lafayette, Elkhart and Indiana Harbor. George Shaw, of Elkhart, was a senior.—South Bend Sunday News.

Hospitable Young Couple.

Mr. and Mrs. W. N. Brodrick are widely known as very excellent entertainers.

They entertained over Sunday Mr. and Mrs. Julius Courier, of Three Oaks, Miss Jessie Valentine, of South Bend, Mr. and Mrs. Guy La Pierre, Sam Quinby and Pauline Mayer of Niles.

LOSCHER CASE.

Which Attracted So Much Attention At St. Joe Last Winter Is To Be Tried At Centerville, St. Joseph Co.

The case of the Loscher sisters against two traveling men O'Rourke and Watkins will be tried this week at Centerville with assisting Prosecuting Attorney Hamilton and Atty Keigley of St. Joseph Co. for the prosecution and James O'Hara as counsel for the defendants assisted by attorneys from Chicago and Vincennes, Ind.

Mrs. Loscher and daughters were taken to Centerville Saturday by deputy DeTemple. Attorney Shauman will be there to protect the interest of the Loscher family. A number of witnesses on both sides have been subpoenaed.

Centerville, Mich., November 2.—

The desire of many people for the vile and filthy was demonstrated here today by the large crowd of people from all around the country who have flocked into the town having heard of the Berrien Co's. unsavory case. The two small hostleries were filled to overflowing by those from Berrien Co. and elsewhere.

Mrs. Loscher and daughters who arrived here Saturday have been keeping secluded but were in court when the proceedings began. Attorney and witnesses from St. Joe arrived shortly before noon. Defendants will be tried separately. Attorney O'Hara demanded that the father of the girls be brought into court. Attorney Shauman stated he was in Reading, Pa.

Watkins and O'Rourke came into court some time before the case was called. Each was accompanied by his mother, the old ladies wearing expressions of anxiety which told how painfully the ordeal bore upon them.

No trouble is anticipated in securing a Jury.

Quick Arrest.

TUESDAY, NOVEMBER 3, 1908.

The Fuel Question

Every person must admit that the fuel question will soon be one of vital importance in this climate, where eight months out of twelve there is need of fire, wood is becoming more scarce and higher each year, and with coal controlled by the trusts, it is time to look around for some cheaper fuel, and there is no doubt it will be found.

Let us go carefully and be in such a position that whatever we should decide to try we can control.

Suppose we should decide to use gas piped from Niles, there might be many contingencies arise that might not now be thought of.

One we do not think of, and it is this, that whatever the conditions would be, Niles would be first and Buchanan next. Suppose that severe weather would make heavy drains on the gas, as has often been the case in the natural gas field, someone would have to suffer. Who would it be, Niles or Buchanan? Certainly Niles would be served first. If it will pay to pipe it from Niles it will pay to have the industry in Buchanan.

We are not prepared to say that gas is the fuel to use, it might be peat. Mr. Roantree was telling a RECORD representative a few days ago, that he had a good sample of peat brought into his office, but whatever it may be, it behooves us to be careful and move slowly.

In regard to the question of supply for the village Mr. Parker, in reply to a question from the RECORD says, he will build a reservoir which will contain 20,000 cubic feet and as he has not calculated to use over 15,000 feet in 24 hours; there will be no trouble. Even in case of an emergency the supply would not be exhausted.

The ladies of the M. E. church have decided to hold their bazaar the second week in December. As many skillful needlewomen have been busy for some time preparing for this event, there will doubtless be a very pleasing display of useful and fancy articles. Wait till then for your Christmas purchases.

No Need Of Change

There have been rumors that Elder E. R. Black, who has already served twice as pastor of the Christian church, is to be recalled again to fill the place of Elder Veach. But we are informed by some of his friends, that that there is no thought of it, and if the report of the New Castle Daily Press is true it would seem that he would hardly be in his right mind if he came from there here. The report says:

Without any protracted meeting during the past year, there have been thirty-one accessions to the church, all adults but two. All expenses of the church have been met by the weekly offering, a system introduced and superintended by the pastor. Every month has found a good balance in the treasury, there being over \$100 on the right side of the ledger now. The overflow of the treasury has been used several times in the painting, decorating and repairing of the church.

Including the gift of the carpet about \$500 have been spent in improvements during the year. Nor has the church lived for itself. About \$500 have been given to various missions, half of this coming from the C. W. B. M., one of the best societies in the state.

House And Barn Burned

The Property of Mr. and Mrs. Thos. Payne Near Avery on The M. C.

On Saturday evening the house and barn of Thomas Payne and wife, of Weesaw township, near Avery station on the M. C. R. R., were entirely destroyed, by fire, with all their contents. Mr. and Mrs. Payne are very well to do and own 440 acres of land.

The buildings and contents were insured in the Berrien County Farmers' Fire Insurance company for \$3,250, which on investigation proved to be delinquent.

It looks as if the fire was incendiary. About \$400 worth of baled hay, of the George Brown estate, was also stored in the barn.

Boy's Mother Prostrated.

The tragic death of Gabriel S. Drollinger, formerly of the South Bend high school, in the Indianapolis horror, has brought such poignant sorrow to the parents of the boy that death may come to the mother. She is completely prostrated at her home near New Carlisle and her condition excites serious apprehension.

Young Drollinger was but 21 years of age and an only son. He was endeavoring to complete the four year course in three years.—South Bend Sunday News.

Foreclosure Sale.

Default having been made in the conditions of a certain mortgage, dated the ninth day of May A. D. 1892, executed by Henry Lingo and Amy A. Lingo, his wife, of Oronoko Township, county of Berrien, state of Michigan, to George Smith of the same place, which mortgage was duly recorded in the office of the register of deeds of the said county of Berrien, on the 12th day of May A. D. 1892, in Liber 55 of Mortgages on page 201; which mortgage was, on the 27th day of December, A. D. 1892, duly assigned by Joshua Feather as executor of the estate of the deceased George Smith to Judith A. Smith, then of the said township and county; which assignment was duly recorded in the office of the register of deeds of said county, on the 18th day of August, A. D. 1903, in Liber 59 of Mortgages, on page 109; on which mortgage there is claimed to be due on the date of this notice the sum of nine hundred and twenty dollars and nine cents, and no suit or proceeding at law having been instituted to recover the debt secured by said mortgage or any part thereof.

Therefore by virtue of the power of sale contained in said mortgage and of the statute in such case made and provided.

Notice is hereby given that on the 23rd day of November A. D. 1903 at ten o'clock in the afternoon, for the purpose of foreclosing said mortgage, the premises therein described, or so much thereof as may be necessary to pay the amount due on said mortgage as above stated, with interest to accrue from the date hereof to the date of sale herein after mentioned, at seven per cent per annum and the legal costs of this foreclosure, will be sold at public auction to the highest bidder, at the front door of the court house in the city of St. Joseph, in said county of Berrien; said premises being situated in the township of Oronoko, county of Berrien, state of Michigan, and described as follows: All that part of the west half of the west half of the north-west quarter of section twenty-nine (29) in town six (6) south range eighteen (18) west lying south of the center of road containing eight acres of land, more or less.

Estate of DeWitt C. Nash, Deceased.

STATE OF MICHIGAN, the Probate Court for the County of Berrien.

At a session of said Court, held at the Probate Office in the City of St. Joseph in said County, on the 19th day of October, A. D. 1903.

Present: Hon. Frank H. Ellsworth Judge of Probate.

In the matter of the estate of DeWitt C. Nash, deceased.

John C. Dick, administrator, having filed in said court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is ordered, that the 16th day of November A. D. 1903, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Buchanan Record, a newspaper printed and circulated in said county.

Monday Club.

The meeting of the Monday Club was held at the pleasant home of Mrs. Cora Rough this week. There was no formal program as it was one of the special days.

Various biographical sketches of American-English women were read by the members of the club and proved of rare interest to all present. The sketches showed how large was the number of wealthy American girls who marry titled foreigners.

Mrs. E. S. Dodd and Mrs. Rough rendered pleasing vocal selections of patriotic music, and Mrs. Graham gave a piano solo which was much appreciated. Mesdames Whitman and Johnson were the efficient committee for the day's program.

After recess a member of the 30 club who had been a delegate to the Michigan State Federation of Women's Clubs held at Grand Rapids recently, by invitation gave a report which showed something of the vast work the state organization is doing along educational and philanthropic lines.

Before the guests departed Mrs. Rough served dainty refreshments and many expressions of regret were heard at Mrs. Rough's prospective departure.

Shipping Apples.

Never in the history of Buchanan have so many apples been shipped from here, as this fall. Jas. R. White shipped a car load of his own raising to Coin Bro., Chicago, on Saturday, S. C. Cook is busy shipping as well as Bainton Bros. and others.

Skeet's Cafe Closed.

Skeet Rough's Cafe so long one of the principal places in the village looks forlorn with its door shut and windows painted over. Mr. Rough has not been home very much the past few months, and report says he will move his business to Chicago. Skeet will be missed by his many friends.

30 CLUB.

The 30 club met Wednesday afternoon with Mrs. F. F. Rough. The subject for the day was Sir Walter Scott. Interesting papers were read by Mrs. Hattie Kingery and Mrs. Daisy Rough. Music was furnished by Mrs. Barnhurst and "ghostly sentiments" were given in response to roll call. An informal talk on favorite novels and characters in Scott's works in which most of the members participated, proved very interesting.

Dainty refreshments were served by the hostess. The next meeting will with Mrs. Cora Rough.

Studying on the Cars.

"We have something of a reputation out west for busting," said a business man from Kansas City, "but I never saw such persons as New Yorkers, both men and women, for working on the trolley cars, the elevated and the ferryboats. I wonder the companies don't find some plan for renting desks in public conveyances. It is customary to see men reading on the cars everywhere, but you have to come to New York to find half the passengers on a car correcting typewritten manuscript, humping over music scores, casting up accounts in little memorandum books or on the back of an envelope and poring over shorthand lessons. Persons studying foreign languages read them aloud on the cars, and nobody appears to pay any attention to them except visitors from other cities, who are not accustomed to see such ostentatious industry at home. They don't do that even in studious Boston. I have noticed that advertisements for lost manuscripts and notebooks constantly appear in the newspapers."—New York Times.

Envious.

Visitor—You haven't got half as nice a cemetery here as we have in Elmville.

Prominent Citizen (of Hawville)—No, I've always heard that the cemetery is the only part of your town that holds out any inducements for permanent residents.—Chicago Tribune.

Sufficient Cause.

FARM GARDEN

A WAGON JACK.

A Handy, Steady Acting Affair Readily Made at Home.

An Orange Judd Farmer correspondent submits a plan for a wagon jack which, he says, any one can easily make. The construction is seen at a glance. A D consists of two strong pieces of wood connected with a strap hinge at C. This is bolted to the lever at A and to the base at D. On the end of the lever a strong iron hook is secured.

When the axle is to be raised disengage the iron rod at B and let the jack assume the position as shown by the dotted lines. By depressing the lever the axle is easily raised and is kept in position. With this device the weight is over the center of the base and the wagon or buggy will not run backward or forward, as it often does with other jacks. The base of the jack may be as long as necessary. The hinge at C should be somewhat below the center of A D. I always use bolts instead of nails for constructing this jack.

The Late Corn.

My opinion is that it would pay many farmers to build a cheap stave silo and convert a portion of their late corn into silage this year, especially if they have young stock on their farms or can procure young stock at reasonable prices to feed this winter. I am not yet ready to say that it is the best for older cattle—i. e., feeding cattle—nor have I any thoughts of saying that it is not good feed for them. I have not yet proved that to my own satisfaction. Through the college of agriculture we have been conducting experiments along that line on our farm, and we expect to have some very interesting and valuable figures which will come out in bulletin form when the experiment is fully completed. I would not advise going to too much expense in putting up a permanent silo right at the start, for the reason that what will suit one farmer will not always be applicable to his neighbor, and therefore we must choose for ourselves. My experience has been so far that I am satisfied that the silo will be a part of the feeding apparatus for the ordinary farmer in the future. I think there is no better way of curing late corn in a wholesale way for economical feeding than the old fashioned way of cutting and shocking, and I would consider it the next of second method for curing late corn. Following this comes the shredder, but this year there has been such an abundance of roughness cut in the way of clover and grass that there will be no lack of roughness, and practically all the barns are full of that kind of feed. Of course shredded fodder should go into the barn to be at its best.—E. D. Funk, Illinois, in Orange Judd Farmer.

Crop Rotation.

Throughout the region north of the cotton belt there is a three crop rotation which may be regarded as a system with innumerable variations. These crops are corn, small grain—wheat, oats, barley, rye—and grass or legumes, and the period covered by the rotation in some of its variations is commonly four or five years and not infrequently extends to eight or ten or more years, the length of the period depending mostly upon the ability of the grass or legumes to remain productive. Sooner or later most of the tillable land that is not bottom land or is not devoted to one crop, fruit or vegetables, passes through this rotation, but often with interruptions or the admixture of other crops in the effort to adapt the products to markets, prices, soil, weather and the special or general objects of farming. In some regions which produce considerable tobacco, potatoes or beans a portion of the land that would otherwise be given to corn may be given to one of these crops in this general rotation.—G. K. Holmes.

The Details of Success.

The endless details which go to make success in operating a successful dairy farm, market garden, fruit or poultry farm often seem like needless bother to the lit or miss farmer. Said one of these to a successful dairyman, "You are like a slave to wait on a barnful of cows." So he was, but method, enthusiasm and success made the drudgery a pleasure. All success requires some details which in themselves are unpleasant, but zeal and head work make them anything but slavery.—American Cultivator.

The Details of Success.

The average condition at harvest of winter and spring wheat combined was 74.7 against 80 on Sept. 1, 1902; 82.8 at the corresponding date in 1901 and a ten year average of 78.3.

THE LOCO WEED.

A True Narcotic—How Animals Acquire the Loco Habit.

The white loco weed is a small pealike plant six inches to a foot high, with conspicuous white or cream colored flowers from a thick, woody, persistent root. The white loco is distributed over nearly the whole plains region of the United States from Alberta and Assinibola south into Mexico and from Minnesota and Kansas westward to the Rockies. Extensive losses of stock attributed to this species are reported in Mexico, Colorado and Montana and to a less extent in most of the other states embraced in the region mentioned. In southern California and some other states the loco disease is attributed to other plants and in particular to two species of astragalus.

The loco is a slow poison and appears to affect primarily the nervous system, so that animals addicted to the habit become stupid, wander from the herd, step high, their eyes are glassy, their front teeth grow long and become loose, their coat becomes shaggy, and they seek the loco weed and will eat nothing else if it can be obtained. They not only eat the plant itself, but dig for the roots with their hoofs. They appear to have false ideas of form, size and distance, and horses in particular when they get hot or exhausted are apt to become frantic; whence the term "loco" or "crazy" has been applied to the disease.

A careful study of the subject seems to show that it is the lambs and yearlings that are chiefly affected; old sheep but rarely and then on ranges where the loco is abundant and other forage scant. Also it is usually colts that acquire the loco habit, and the adult horses are much less apt to become addicted to it. This is due to the fact that the loco plant is in full bloom during May and June when the lambs and colts are just learning to graze, and the conspicuous white flowers and their sweetish taste serve to attract them, while the intoxicating effects of the poison are more easily fixed in their system.

The loco poison is a true narcotic in its effects and appears to afford cer-

THE LOCO WEED.

tain pleasurable sensations to the animals eating it, so that the desire for the drug finally becomes a passion, and once the taste for the plant is acquired they will continue to seek it for the effects produced until they are removed from the loco ranges or die from its use.

If this theory that the loco habit is contracted mainly when stock are learning to graze be correct, then the disease may easily be prevented by grazing lamb bands on ranges free from loco, at least till after the 1st of July, when they will have learned their proper forage and the loco will be out of bloom except in the mountain pastures, where no cases of loco poisoning have been reported, and the same is true of the young colts. It is probable that the yearlings affected have acquired the habit during the preceding spring, but in less degree, and that it developed mainly during the second season. It will hence be necessary to look after the lambs and colts during the first two or three months after birth, and future care will not be needed.—J. W. Blankinship, Montana.

VILLAGE COUNCIL VERY HARMONIOUS

A Large Number of Representative Citizens Present at The Meeting Last Night.

SPIRITED COMPETITION IN THE MATTER OF LIGHTING

Three Firms Present Their Propositions—No Decision Arrived at. Prospects Are For Brilliant Lighting.

The seating capacity of the council chamber was fully occupied last evening by representative men of the village to hear what would be done by the trustees in regard to lighting the village.

President Black called the council to order shortly after eight o'clock, the clerk called the roll and every trustee answered to his name, and during the entire session there could not have possibly been a more harmonious body.

The finance committee made a report on a number of bills all of which were approved and ordered to be paid except one for about \$5.00 on sidewalk presented by W. S. Redden which was refused. Also a bill of Geo. Batchlor and A. Miller which was referred to a committee composed of trustees Pears, Bishop and Curtis.

The communication from Chas. A. Chapin was then read and President Black very courteously extended the privilege to Mr. Hosford to make any statement. He stated that they were willing to make a flat rate of 50c for the lights in the engine room and pumping station and \$1.50 per month for the seven lights in the council chamber for three meeting nights per month. He also stated that an arc light had been placed at the bank corner and another would be placed on the Record corner Wednesday—and the council could see the lights burning and when their discussion of lights was made Mr. Chapin would make them rates that would be right. Mr. Bascom Parker of Niles then presented a petition for a franchise to lay gas pipes in the village streets and alleys.

President Black again asked a general discussion of the matter. Mr. Parker made a concise and clear statement in which he assured the council and those present that he would ask nothing but the privilege of laying the pipes which could be done in from three to six weeks and that he would furnish gas at \$1.10 per hundred feet for lighting and heating with a cash discount of 5 per cent on bills. A number of the business men of the village spoke on the question and there was not a word of opposition in regard to granting a franchise which was done subject to the approval of an attorney. This will bring into active competition the gas and electricity for lighting the village, a matter that will have to be decided later.

Next came O. W. Haegg sec'y of the Search Light Mfg. Co. of America manufacturers of gasoline arc lights. Mr. Haegg had during the day suspended one of his lamps on Oak street and signified his willingness to let it remain for a few days that its quality might be demonstrated. And if the village then desired to buy the lamps they would be sold outright for \$20 and he would guarantee that \$20 per month would pay the expense of maintaining it. Or if they desired to give a five year lease they would maintain the lights at \$4.00 per month on midnight and moonlight schedule and 50 cents additional for all night. Mr. Haegg said he admitted that electricity and gas were both very good for street lighting but he very modestly asserted that gasoline would surpass all and invited all to examine into the merits of his lamp.

Certainly the council need have no difficulty in securing proper lighting at reasonable price for the village.

A communication was read from Chas. A. Chapin in which he stated that his village tax is excessive and that he pays it under protest and if there is not a refunding he will proceed to law—Referred to attorney.

PANAMA IS IN REVOLT

States Has Declared Its Independence of the Republic of Colombia.

TWO GENERALS IMPRISONED
Rebels Have 3,000 Men Who Are Armed for War

United States Gunboat Has Arrived and Is Watching Things—Signs of Trouble in Central America.

Panama, Colombia, Nov. 4.—The independence of the isthmus was proclaimed at 6 p. m. yesterday. A large and enthusiastic crowd of all political parties assembled and marched to the headquarters of the government troops, where Generals Tovar and Amaya, who arrived yesterday morning, were imprisoned in the name of the republic of Panama. The enthusiasm was immense and at least 3,000 of the men in the gathering were armed.

Colon, Colombia, Nov. 4.—There is a persistent rumor here that during the last few days a movement has been on foot looking to the independence of the isthmus. Noon of Monday was the time mentioned for its active inauguration, but no event publicly antagonistic to the government of Colombia took place. The rumor was prevalent yesterday that developments were expected last night. The government, however is not alarmed and apparently no steps were taken to quell any anticipated disturbance.

Obaldia Issue a Manifesto.
This seeming inactivity on the part of the government is looked upon as showing confidence in the reports made by General Abaldia, the governor of the department of Panama, who has issued a manifesto thanking all political parties for the adhesion promised to the government when it was reported that a revolutionary force was marching in the vicinity of Penomeme.

Hints That the Government is Ready.
In this manifesto the governor also thanked the inhabitants of the department of Panama for the sincere proofs of their patriotism, and expressed the hope that they will maintain the same line of conduct and thus save the government the painful duty of adopting stringent measures.

Has a Revolutionary Aspect.
The streets of Colon present somewhat the same appearance as during the days of the late revolution. Several hundred troops who arrived from Savanilla on the Colombian gunboat Cartagena with their wives, are quartered on the street corners. The battalion consists of 450 soldiers well supplied with ammunition, under the command of General Tovar. General Tovar has left for Panama, but the troops still remain here.

Thoughtful.
Miss Kate, I found the gas escaping in the kitchen last night. You must never blow it out.

Kate—I didn't, mum. I turned it out, then turned it on again to have it ready to light in the morning.

FATAL RACE TROUBLE

Lynching Winds Up a Shooting Down in a Town in Arkansas.

Lake Village, Ark., Nov. 4.—Two people are dead and three wounded as the result of trouble between whites and blacks here, which was not settled until a lynching had quieted the excited people. The dead are: Frank Anderson, white, Lake Village, killed in a fight; Henry Johnson, negro, lynched. Wounded—R. Vinson, white, a lawyer of Little Rock; Joseph Frame, white, of Lake Village; Ella McDowell, colored.

A row occurred between some negroes and whites early in the day. It is alleged that during the altercation Ed Coleman, colored, pulled a pistol and began shooting. A fusillade followed and when it ceased the foregoing casualty list was made up. The man who did the shooting got away, but another negro was arrested and put in jail, from whence he was soon taken and hanged by a mob.

GOVERNOR IS INCREDULOUS

Does Not Believe the Report That a Second Battle with Indians Has Taken Place.

Cheyenne, Wyo., Nov. 4.—Governor Chatterton discredits the report of a second battle with the Indians, having received information indicating that no posse could have come up with the fugitives. The fugitives have thirty-six hours' start of the first posse to reach the battlefield.

Eagle Feather was a half-breed Indian, and was known as Charley White when associating with whites. He is highly intelligent and a graduate of the Carlisle school, where he played on the football team. Hearing that Sheriff Miller intended to stop the depredations of his party, he sent word to the officer that he never would be taken. The trouble with the Sioux has been brewing for several years.

Mob Law at New York.

New York, Nov. 4.—Suspected of having shot Jeremiah Healy, a white boy, Arthur Patterson and William Black, negroes, were set upon by a mob of 500 white men and beaten so badly that they had to be taken to the hospital. Healy's wound is not dangerous, but the negroes would have been killed had not the police arrived.

New Counterfeit \$5 Note.

Washington, Nov. 4.—The secret service has announced the discovery of a new counterfeit \$5 silver certificate, series of 1899; check letter, A; plate number, 161; Lyons, register; Roberts, treasurer. The most noticeable defect in this counterfeit is the coarse, blotchy appearance of the Indian head.

Will Not Go Hard with Chase.

Denver, Nov. 4.—It is stated on good authority that the court martial which found Brigadier General John Chase guilty of disobedience of orders fixed his sentence at dishonorable discharge from the Colorado National Guard, but that Governor Peabody will commute the sentence to a reprimand.

Vahtan Krikorian Released.

Boston, Nov. 4.—Notification having been received from England that the prosecution of Vahtan Krikorian, held here upon the charge of murdering Sagat Sagouni, the Armenian leader in London, was not desired at this time, because of the lack of evidence, Krikorian has been released from jail.

Fatal Accident on a Battleship.

Newport, R. I., Nov. 4.—Lieutenant Albert M. Beecher, ordnance officer of the battleship Maine, fell from the forward turret to the handling room, a distance of forty feet, and was fatally injured. He died an hour later without regaining consciousness.

Plague Increases at Rio.

Washington, Nov. 4.—Consul General Seeger, at Rio, has cabled the state department that the plague had increased and that vessels from Rio for other Brazilian ports are required to be disinfected.

ASSASSINS' BULLETS

Fired at Captain Ewen, the Star Prosecuting Witness in the Feud Cases.

OUT OF AT ALLEY AT LEXINGTON

Kentucky Keeps Up Her Reputation—Bloodhounds Put on Dastards' Trail.

Lexington, Ky., Nov. 4.—Twelve shots were fired at Captain R. J. Ewen, the star witness in the feud cases recently tried in Breathitt county, as he passed along the dark end of Walnut street at night. The shots were fired from a blind alley.

Even Has a Close Call.

One went through his hat and another through the lapel of his coat, but none of them touched him. He was walking along with Judge W. H. Mann, at whose home he is stopping, and the judge had just crossed the alley in front of Ewen when the firing began. Ewen returned the fire, and it is believed hit one of his would-be assassins.

Bloodhounds on the Track.

Bloodhounds were sent for and were placed on the trail of the would-be assassin before daylight. One assailant is believed to be wounded. The entire detective force was assigned to the case. In the blind end of the alley, which is about 200 feet long, was found a blood bespattered handkerchief on which were found twenty-seven separate blood-spots, all fresh.

Scent from the Handkerchief.

From the blind end of the alley a path leads through a deserted graveyard which has several openings into a residence street. The bloodhounds as soon as they arrived here got scent from the bloody handkerchief. It is universally believed here that the attempted assassination was instigated from Breathitt county sources.

JOHN BULL NOT SATISFIED

Still Hopes to Win in the Case of Lynchehaun, the Assailant of Mrs. McDonnell.

Washington, Nov. 4.—There are indications that the British government is not to accept as final the action of the Indiana extradition commissioner who refused to hold for extradition the Irishman Lynchehaun, charged with murderous assault upon his landlady in Ireland. An inquiry into the precedent in such cases discloses the fact that the action of the Indiana commissioner does not prevent the bringing of new extradition proceedings before any other United States commissioner, or even a United States judge.

It is believed that the British authorities regard the principle involved in this Lynchehaun case as of the greatest importance, and consequently they are expected to prosecute it further.

Some Good Shot Should Go There.

Kokomo, Ind., Nov. 4.—Jacob Graff, of Taylor township, in the same neighborhood where Francis Sutton and Lewis Yeager were murdered, while returning home from a visit to his sweetheart late at night, in his buggy, was assaulted by four masked men, one of whom seized his horse, while the others tried to drag him from the vehicle. Graff was armed, and he showed such determined resistance that he was finally permitted to proceed.

Philip Partenheim's Novel Will.

Philadelphia, Nov. 4.—Philip Partenheim, a grocer who died recently, left an odd will, which has just been filed. His estate amounted to a few thousand dollars. To one son he bequeathed \$25, to be paid in weekly installments of \$1, and to another he gave \$100, to be paid in groceries or other supplies at the rate of \$2 a week.

Reduction of Hours and Pay.

Reading, Pa., Nov. 4.—The Reading company has issued an order that the track repairmen and other employees of the roadway department will hereafter work but nine hours a day. They had been working ten hours. They were also informed that a reduction of 1 1/2 cents an hour would be made in their wages, which makes a difference of 28 1/2 cents a day.

All the Vatican Treasures Safe.

Rome, Nov. 4.—The Osservatore Romano publishes an official communication concerning the fire which broke out in the Vatican Saturday evening last, saying: "We are authorized in the most explicit and the most absolute manner to announce that no object of artistic or historic value was lost or injured in the recent Vatican fire."

Three Killed by a Train.

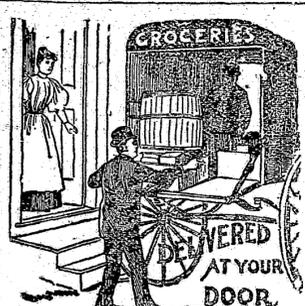

Stuebenville, O., Nov. 4.—While walking along the Panhandle track, just south of here, three Austrian laborers were run down and killed by a west-bound train. The names of the victims are: Metovoin Cowicovic, Peter Metrovich and Metevyren Totur.

Doctors find A good prescription for Mankind

The 5 cent packet is enough for usual occasions. The family bottle (50 cents) contains a supply for a year. All druggists sell them.

Agents make 300% selling our housekeeper's favorite, and other fast sellers. One agent made \$1,021.44 in 10 weeks, another \$21.10 in an hour; why work for small wages? If you have no time to canvass take exclusive territory. We help appoint sub agents, you take the profits, no work to do. Free samples. American Machine Co., Kalamazoo, Mich. n. 10 p.

MANUFACTURERS' GREAT SAMPLE SALE OF FINE FURNITURE

ONE-FOURTH and ONE-THIRD OFF

THE BUZZ OF SELLING EXCITEMENT will be greater than ever this week. Our buyer is always in the watch tower looking out for advantages and opportunities to save money for our customers. Merit has its reward in the furniture business as in any other endeavor. Two weeks ago we had the chance of our life when we bought \$8,200 worth of manufacturers' samples at the Chicago Furniture Exposition building at from ONE-FOURTH to ONE THIRD OFF regular prices; to this we have added \$3,500 worth of odds and ends and discontinued patterns from our own stock, all will be closed out at an AVERAGE DISCOUNT OF THIRTY PER CENT—this means that on every \$1.00 you spend here you save 30c; on every \$10.00 you save \$3.00; on every \$100 you spend here you save \$30.

HUNDREDS OF HOMES WILL BE MADE HAPPY BECAUSE OF THIS SALE

The goods are all here on our floors for your inspection, each special reduced article has attached a large yellow tag marked in plain figures, showing regular and reduced prices—read every line then come here as fast as you can, as there are no duplicates, only one of a kind, and the very one you want may be the first sold.
