ATTACKED BY NIGHT

Clayton Houswerth the Victim of a Hold up Sunday Evening.

IN A DAZED CONDITION

Walked Back to Town, and Was Taken to His Home.

Sunday evening about 8:30 o'clock as Clayton Houswerth was driving home from church he was accosted by two men, at the crossing of Pere Marquette R. R., for a ride. He stopped and took them in as he is accustomed to do when asked for a ride and drove along without anything transpiring to cause any suspicion that they were not all right until they arrived at an empty house owned by Chas. Pears, just west of the spur of the M. C. R. R. running into the Axle Works, where they commanded him to drive into the yard. When he questioned their purpose they replied by holding a gun at each side of his head. As they drove into the yard two others appeared on the scene. They made him get out of the buggy and commanded him to take off his overcoat, which he did. Coat, vest, trousers, followed. When Mr. Houswerth resisted and attempted to free himself from his assailants, he was pounded into insensibility. When he recovered consciousness, his horse was gone and he was compelled to walk to town, barefoot, and scantily clothed. He went to the house of Rev. Halmhuber, who communicated with Will Houser, the latter furnishing a horse and buggy to take him home.

At the scene of the attack all property of Mr. Houswerth's was found later, except his purse containing 40 cents which was missing, and his horse which was later found in the stable at his home. His clothes were cut with a knife, making them worthless and the young man carries about some severe bruises on the hips and back of the head.

Sheriff Collins and deputy sheriff Pierce of Niles were in town Monday, looking up the matter and severe punishment will no doubt be dealt out to the law breakers if they are found.

Bits of News.

Miss Millie Griffith of Galien, who went violently insane last week, was taken Thursday to the Kalamazoo asylum. Her mental collapse is said to be due to close application to the study of music, of which she was passionately fond.

Two cases of malignant diphtheria have appeared in the family of Nathan Daniels, of Bridgman. The house is quarantined and the villagers alarmed.

Mayor Jones, of Dowagiac, is in Chicago to consult with the Selz-Schwab Shoe company, which offers to start a factory in that town to employ 800 men at guaranteed average wages if the city will build a plant to cost \$50,000. The Chicago firm wishes to locate away from strikes and labor disturbances.

Daniel Dowling was found dead in the county jail about 11:45 Sunday morning and the circumstances leading up to his death, which were brought about at the coroner's inquest led to the verdict that "death was due to the excessive use of intoxicating liquors and a fall to the pavement."

The ministers of the city of Buchanan met in the office of I. L. H. Dodd Monday at 2 p. m., and talked over the Local Option question. It was decided to hold temperance meetings once each month, the first to be held Sunday, Dec. 6, at the Advent church. Rev. W. J. Tarrant will preach the sermon.

ONLY TEN PERSONS LIVING

In Buchanan Who Lived Here or in Adjoining County Then.

The 17th day of November 1842 dawned about as this day, but before seven o'clock it began to snow and continued to snow all day and the morning of November 18th found 15 inches on the ground. Snow continued to fall during November and December till the first week of January 1843, when there were four feet of snow on the level. A thaw occurred during the first week of January which reduced the depth of the snow from 20 to 24 inches, which remained on the ground till the first week of April.

The last week of March it began to thaw during the day and freeze during the night which was continued till the night after election, in April, when it thawed all night and rained the next day, taking the snow away in a heavy flood. This account is given by one who was living in Buchanan.

The followed persons now in Buchanan were either living here or in an adjoining county in Indiana.

Joseph Sparks, Wm. Roe, Jesse Roe, Sanford Smith, Nathaniel Hamilton, Ira Sparks, Charles F. Howe, Mrs. Jane Wagner, Mrs. Nancy Beatty, Leonard Weese, Homer Hathaway, Wm. Hathaway.

SCHOOL NOTES.

HIGH SCHOOL

Miss Pendry, our new music teacher, was a visitor in chapel Monday morning.

Our special music for chapel was furnished by Miss Hershenow and Mr. Hallock.

The new regulations require all pupils to go to their homes as soon as school is dismissed at both the morning and afternoon sessions.

The B division of the eighth grade is just beginning involution.

The A division of the seventh grade had a contest in the history class to see who could recite the "Preamble of the Constitution," in the shortest time. The shortest time was made: Rose Hershenow 18 sec.; Mary Glidden 14 sec.; India Shetterly 14 sec.; Irene Troutfetter 17 sec.

Lillie Batten and Hildred Camp, of sixth grade, made the best drawing of an oil cloth pattern.

Robert Barnhurst, fourth grade, has been out of school for the past week on account of sickness.

Hazel Bradley entered the third grade Monday.

Ward and Ralph Hamilton are back in school after a week's absence.

"The Quakers" was a very interesting topic for B history class of the seventh grade. The pupils recited what they had found on the subject, one by one without being called upon. This made it seem more like a Quaker meeting and the class period was greatly enjoyed by all.

Sixth graders are much pleased with the green boards. These, with a new border and bunting, will brighten their room very much.

A new drawing has been placed on the fourth grade boards by Lillian Shaw.

Mrs. Bainton and Mrs. Bert Smith visited the third grade Friday.

Dana Rough entered the seventh grade this week.

Cora Lentz played the sixth grade organ this week.

Nature's storehouses and provisions for winter will be studied this week in the third grade. These pupils are preparing an exercise for Thanksgiving.

WARD SCHOOL

We are all glad to welcome our new music and drawing teacher, Miss

Why Spiro Leads

Have you ever thought of the advantages of trading at Spiro's store?

The immense stock of new clothing piled high on every table and shelf—the show cases brimming over with the latest ideas in hats and furnishings—the wonderful range of styles, fabrics and prices because of the splendid variety. It's a perfect exposition for men and boys. You can walk down the aisles free to pick and choose from the best the markets of the world afford.

Did you ever think of the volume of business done in a day at Spiro's?

Enough suits, overcoats, and hats go out every day to stock a small store; yet they are replaced so rapidly from our store rooms and surplus stock, that the vacancy is never seen.

Our one price system saves you the necessity of haggling over the price. In the first place it must be fair. We have no chance to "meet" competition; we have no chance to call you back and as a last resort do better, "seeing it is you". One price must be a tempting price at first or we can't make sales.

The unfailing courtesy of our experienced salesmen, the assurance of money back without argument or if you are not satisfied and at all times the lowest prices, secured by large purchases, make Spiro's the best, as well as the biggest clothing store in this part of the United States.

Now ready for inspection: New Fall and Winter Suits and Overcoats, Hats, Furnishings, Underwear, and the best shoes for men, "The Crossett" \$3.50—no higher, no lower.

TUESDAY, NOVEMBER 17, 1908.

THREE SISTERS CHARMINGLY ENTERTAIN.

Mesdames Peck, Blake and Bishop, Are Hostesses Friday Evening.

In spite of the evening being the unlucky Friday and that the 18th of the month, a merrier crowd than the one assembled at Mrs. L. E. Peck's that evening would be difficult to find.

A large number of invitations were issued and nearly all accepted for this pleasant party. Games of various kinds engrossed the attention of the ladies for the evening, Miss Bay Redden winning the prize for the largest number of games in the pedro contest; and Mrs. Lyons the prize in the other games.

A tempting course luncheon was served after the games were closed, and the guests lingered long enjoying the hospitality of the three gracious hostesses.

Livery Barn Burned

At Three Oaks Last Night With the Loss of Two Valuable Horses.

The livery barn at Three Oaks, in the rear of the featherbone factory, was destroyed by fire last evening. Three horses and a quantity of farm implements were destroyed. One of the horses was a stallion named Clover and owned by a stock company; \$2,000 had been paid for him and he was insured for \$1,800. The other horses were owned by Geo. Fisher, one of which was a very valuable stallion named Harry Wood. F. G. Hamlin lost a number of agricultural implements, on which there was an insurance of \$1,000.

Will. U. Martin will be in Buchanan on his regular fall trip about the middle of November. Orders for tuning or repairing pianos may be left for him at Morris Fair or address by mail at an early date.

COUNTY SEAT NEWS

In the Begecke murder trial Otto Lemke, the witness who claimed he saw the murder of John Bouvian last summer by Begecke, testified among other things that he was recently approached by the father and brother of the respondent and by them offered his board and spending money for a year if he would skip the county and not appear against Begecke at this trial.

Lemke proved to be a good witness for the prosecution although on cross examination he was shown to be a prison bird and a generally bad man. Lemke told the story of the 4th of July murder in detail. He with Begecke, Bouvian, Wm. Skall, Ole Alden and Henry Hudson were at a shanty on the river where they had a keg of beer and all drank freely. The quarrel and fight followed. Begecke drew a razor and struck twice at Lemke, but only cut his clothing. The latter ran to a barn and got a ball club and returned to defend himself against Begecke, who had secured an ax as well as the razor and held both as weapons.

Begecke was on the stand Friday morning and testified that he was only acting in self defense against the attack of Lemke and did not intend to cut Bouvian, nor did know at the time that he had cut him.

Begecke told a straightforward story and seemed to make a most favorable impression on the jury. This afternoon Judge Coolidge and Prosecuting Attorney Riford decided that the charge of manslaughter could not be proven and the prosecution decided to ask for conviction on the charge of assault with intent to do great bodily injury.

In the case of Clyde S. Walker vs. Michigan Central R. R. for damages resulting from being struck by a train at Niles a judgment for \$2,125 for the complainant was entered. The county clerk and other court officers have been busy for the past few days preparing for the December term of court.

COUNCIL MEETING

Last Night to Consider the Proposition to Light Buchanan With Gas.

The village council held a special meeting last evening to hear the proposition of lighting the village with gas by Mr. Parker of Niles. He proposes to put 75 gas lights at a distance of 150 feet apart for \$1800. If he gets the lighting of the village he will proceed to put in the gas at once.

Thursday evening was decided on to hear Mr. Chapin's offer for lighting by electricity. The Searchlight of America manufacturing gasoline lamps presented their offer at the last regular meeting.

Local Option.

The Methodist church was crowded last night for the opening meeting of the campaign for local option in Berrien county. The clergy gave expression of their views for the success of the movement and the leaders in the fight told the audience what was needed to go into a campaign and be successful. Rev. Ferris of Grand Rapids, temperance leader in that district and Rev. Strickland addressed the meeting. Both deplored the lack of moral courage in many who, while they heartily favored the movement, were unwilling, for business and other reasons, to give expression to their views.

Entering the struggle with the right spirit and without relaxation of effort, they thought that Berrien county would be in line with a majority against the liquor traffic. Evening News.

New Cash Register.

W. H. Keller has placed in his store a new cash register which is absolutely perfect in its arrangements. There are 9 cash drawers making it possible for every sales person to have his own drawer, which can be locked so that no other person can get into it.

One can hardly conceive of a more convenient and artistic register and Mr. Keller takes pleasure in his new acquisition and cheerfully shows its merits.

The Century's New Cover.

The new cover of the Century, which has made the November issue stand out boldly on every news-stand and bookseller's counter is being commended by readers and critics as "artistic," "dignified" and unusually attractive. It is of simple architectural design, in ivory, black and Venetian red, on a soft olivegreen; and is said to be the only permanent magazine cover at the present time in which green is the predominant tone.

THE LEADING DAILY

The Free Press' New Four Color Press.

In no other field has there been a greater evolution during the last decade than in that of newspaperdom. The constantly changing conditions the world over; the rapidity with which occurrences are transmitted from one part of the globe to the other; the growth of our country; the rapidly increasing foreign population, which still retains its interest in happenings in the fatherland; the growing interest in public affairs displayed by the masses, has made the daily newspaper absolutely indispensable to the home, the office, the workshop and has opened up a field of activity which a few years ago was not dreamed of.

The new four-color press which has just been put in operation, marks the climax of this onward march, and it is with a pride which is justifiable that attention is called to this masterpiece of mechanical skill, this triumph of the press builders' art.

Other presses of similar style and and a like capacity are also employed in turning out the thousands of copies of the Free Press sent to every part of the world every day in the year. The other presses are practically new, and the combined output of the press room as it stands today is 72,000 completed papers an hour, a capacity equalled by but few newspapers in a city the size of Detroit.

U. S. Corn Cure for Ladies is a perfect cure for hard or soft corns, Bunions and callosities. Use it once and you will use no other. Only 15c. E. S. Dodd & Son's.

Easy to be Mistaken.

The Transom of the Christian Church Was Not Taken Out by Human Hands.

Just look at that! Would you have thought it possible for any one to do that? was a remark uttered on Thursday as it was discovered that the large transom over the front door of the Christian church was out, and quickly the conclusion was formed that some one had some motive for taking out the transom. But the opinion was changed when later it was discovered that the transom was lying on the floor in the vestibule of the church it evidently having been blown out by the high wind. It is easy to be mistaken.

Party off for California.

Next Monday there will start for California the following persons: Mr. and Mrs. Peacock and family, Miss Anna Mead, Miss Velma Bronson and Brother.

Mr. Peacock and family expect to remain at least till spring and the others may possibly remain if conditions are favorable.

L. M. Jenks, relief agent of Michigan City will take the place of Mr. Peacock in the R. R. office.

The December Delineator (Christmas Number) represents the high-water mark of beauty and utility, and possibly of circulation also, in a woman's magazine, having a first edition of more than a million copies. It contains 240 pages. To produce this mammoth edition 728 tons of paper and 49 presses working 25 days were required. In addition to exquisite color work, clever fiction and strikingly illustrated articles, the number includes a display of charming Winter fashions covering forty-two pages, letters from the foreign fashion centres and illustrated articles on the fashionable fabrics and trappings, millinery, etc. Among the notable contributors are: Richard LeGallienne, with a delicate romance, A Wedding Ring in the Garden, containing lyrics in the author's best vein; W. A. Frazer, with an Indian tale, The Net of Leo; Albert Bigelow Paine, with a delightful sketch founded on the foibles of the collector; Harriette Prescott Spofford, with a love story of unusual interest; Andrew Lang, with a clever travesty on the usual fairy tale; and Gustav Kobbé, with an interesting paper describing the life of Mme. Emma Eames, in her Italian home, with her portrait in colors. There is also the third installment of the Evolution of a Club Woman, the piquant narrative of clubdom by Agnes Surbridge, and a remarkable photographic article by J. C. Hemment. There are many beautiful art features, among them four pages in colors representing Babyhood, Childhood, Girlhood and Motherhood—the work of Bernard J. Rosenmeyer. For the children there are entertaining games and stories, and the housewife many practical suggestions in cookery and other departments of the home, for the Christmas season.

St. Joseph Claims Best Port on East Shore of the Lake.

There has just been completed at St. Joseph the finest harbor on the east side of Lake Michigan.

At an expenditure of almost half a million dollars this port has been made one of the best on the great lakes and its great natural advantages as a shipping point have been immeasurably increased.

Three years ago it was with difficulty that a vessel drawing twelve feet of water could enter the harbor without hindrance. Today the largest freighter on the great lakes could shove her ponderous frame to the docks along the river without a perplexing delay from shoals and circling bars. As a haven of refuge this port has but few rivals for with widely diverging piers extending for over half a mile, vessels have easy access and here they can withstand the fiercest storms of the fall season.

Already the wonderful improvement have greatly stimulated the marine business and in the past six months more vessels have stopped at this port than ever before since St. Joseph became known to the navigators of the lakes.

The mouth of the harbor and the river for nearly a mile up has been dredged to a twenty foot depth. The north pier constructed to stand for decades has been extended 1,800 feet and the south pier 1,000 feet. The decaying superstructure of the old pier has been replaced with heavier foundation timber and planking giving an irresistible check to the sea.

The combined length of the piers is 5,245 feet. Every foot of the work has been under the constant inspection of a government official. E. R. Stolt of the docking company assumed the superintendency of the contract after work had been commenced and Col. Chas. A. Vorhees of Frankfort, Mich., has been the watchman for the government.

The story of the winning of the appropriation for St. Joseph involves a struggle covering many years among the powers that be at Washington. At first little impression could be made on the committee of appropriations. St. Joseph and Benton Harbor united in a determined fight. A committee of the most prominent citizens of the two cities went to Washington and aided by E. L. Hamilton and other congressmen of the state, secured a hearing before the committee. The representatives visited St. Joseph and on their return decided to give this port the largest allowance of any harbor on Lake Michigan. When the bill which was to give St. Joseph prestige as a lake port, was passed, there was great rejoicing in the Twin Cities.

INDICTMENT OF A U. S. SENATOR

Dietrich of Nebraska Charged with
Selling His "Pull" for the
Sum of \$1,300.

Omaha, Nov. 17.—The federal grand jury has returned true bills against United States Senator Dietrich and Postmaster Fisher, of Hastings, Neb., charging them with conspiracy and bribery in connection with the appointment of Fisher to the position of postmaster.

Charge Against the Senator.

The indictment against Senator Dietrich charges that he accepted money and property in consideration of his recommending Fisher for appointment as postmaster at Hastings. That against Postmaster Fisher charges him with making an agreement with Senator Dietrich by which the former was to pay in property and money \$1,300.

Alleged Go-Between Testifies.

The last witness called before the grand jury was William Dutton, a hardware merchant of Hastings. According to Dutton's testimony, he (Dutton) acted as intermediary in all the alleged transactions between the indicted men, and after hearing his evidence the grand jury excused the remaining witnesses who had not testified, and at once prepared its report to Judge Munger.

Composition of the Grand Jury.

The jury is composed of twenty members, nineteen of whom are said to have voted for the indictment and one against. The members came from all parts of the state, no two of them being a resident of the same town. The foreman, Frank E. White, of Omaha, is secretary of the grand lodge of the Masonic order of Nebraska. The other members are mostly prominent business and professional men. Four other cases said to be of a similar nature are being investigated by the grand jury, and a report on all or part of them is expected soon. All are cases in which postoffices and postmasters are concerned.

First of the Kind Ever.

This indictment is said to be the first ever returned against a United States senator on charges of this nature, and caused intense excitement in government official circles in Omaha and in adjoining towns when it became public. Just what action will be taken, if any, to apprehend Dietrich could not be learned.

FISHER MAKES A STATEMENT

Says the Indictments Are the Result of
Political Persecution.

Postmaster Fisher and his deputy, Edward Francis, both of whom were subpoenaed as witnesses, were seen at their hotel in Omaha, and Fisher made this statement: "This is the first I knew of indictments being returned against Senator Dietrich and myself. I can say, however, that they are the result of political persecution, and that I have been treated unfairly in the matter. I have been in Omaha ten days, expecting to appear before the grand jury as a witness.

"Not being called to testify, I made application both to the district judge and to Foreman White to be permitted to make a statement to the grand jury. I was unable to secure a hearing, however, and was today dismissed with the assurance that I would not be called as a witness. There is really nothing in the charges, and my friends will support me in my defense. If witnesses had been permitted to have been cross-examined the result would have been quite different and no indictment would have followed."

Washington, Nov. 17.—Senator Dietrich and Editor Rosewater, of the Omaha Bee, have arrived in this city and all inquirers as to the indictment of the senator were referred to Rosewater, who declared that the indictments were the result of a political quarrel. Rosewater asserted that Senator Dietrich had a good defense, and added that he and the senator had come to Washington at this time to bring about the removal of District Attorney Sommers. He said they already had been to the White House on this mission. Rosewater declared that District Attorney Sommers had pushed the charges against Senator Dietrich for the reason that they were politically antagonistic.

Cincinnati, Nov. 17.—The national convention of the Woman's Christian Temperance Union in a body went to pay a visit to "Mother" Thompson, an original crusader. "Mother" Thompson is now in her 88th year and as she was unable to get to the convention here the convention went to her. Mother Thompson lives at Hillsboro, O.

Street Railway Trouble at Pittsburg.

Pittsburg, Nov. 17.—Representatives of the Amalgamated Association of Street Railway Employees have made a demand upon President J. D. Callery, of the Pittsburg Railways company, for an adjustment of wages and hours, to take effect Jan. 1. The company will probably reject the demand.

The Kind You Have Always Bought

Creator

This Unique Musical Leader and His
Famous and Remarkable Italian
Band at South Bend.

South Bend is about to enjoy a
visit from the most unique and inter-
esting attraction in the musical world
today. Sig. Creator and his Italian
band will be heard at the Auditorium
Saturday, matinee and night.

There is no better concert band in
America than Creator's organization
of 50 or 60 men, and the world has
not produced another leader of Cre-
ator's energy and ability as a band-
master. He is a musical artist of the
very first rank and with more brilliant
ideas of interpretation and more
startling results in effects than the
American public has heretofore had
opportunity to contemplate. Some
of the best critics in this country have
gone into very elaborate comments
regarding the soulful feeling and
artistic temperament so strongly shown
in the music produced under Cre-
ator's baton.

He seems to be unique, or in fact a
delightful revelation in his line so
that new beauties, novel ideas and a
variety of charms are found in his
playing of music that has been heard
many times before. To the operatic
selections, which grace Creator's
programme at every concert, he seems
to give up his artistic soul, becom-
ing so absorbed with the sentiment
and passion of the music that he
seems to act it all out before his men
for their inspiration, and in illustrat-
ing to them the way he wishes it per-
formed upon their instruments. There
never was a truer leader, and it
seems at times that he almost plays
the instruments himself or makes them
respond to his every bidding. There
is a unanimity about his concerts and
a sympathetic ensemble that has been
blasted among the most marvelous
performances of any musical organiza-
tion.

Creator dominates every attempt
and every effect; he is so intense, so
serious, and so successful that if he
is not the whole attraction himself,
as many claim, he is the cause of all
the success and will be remembered
long after the concert is over, when
all else is forgotten. Seats now on
sale. Matinee prices, 25, 50 and 75c;
night prices 50, 75c and \$1.00.

BUNAU-VARILLA IS NOTIFIED

Jusserand Giving the Notification—
Colombia Sends in a Protest—
Peace Commissioners
at Colon.

Washington, Nov. 17. — M. Jusserand, the French ambassador, has advised M. Bunau-Varilla, the minister of the republic of Panama, that he will formally receive him today as the minister of the new republic.

Colon, Nov. 17.—The steamer Scotia, which arrived here Sunday caused such excitement, did not carry General Reyes and the commission from Bogota. Instead there were on board of her a number of prominent Colombians who came as a peace commission from the state of Bolivar. It is not considered probable at this writing that they are acting under the authority of the government at Bogota.

Junta Will See the Commission.
Panama, Nov. 17.—The junta has appointed a commission composed of Senores Arias and Espinosa to proceed at once to Colon and confer on board the United States steamship Mayflower with the Colombians, who have arrived there on what is understood to be a peace mission. The so-called peace commissioners are from the department of Bolivar, but it is not yet known whether they are authorized to represent the Bogota government, or whether they come on behalf of the department of Bolivar to recognize the new republic.

But They Must Recognize Panama.
If the commissioners represent the Bogota government, and are properly empowered to do and recognize the republic of Panama the matter of remuneration to Colombia for the loss of the isthmus may be broached. The Panama commissioners, however, are fully determined to do nothing that may in any way weaken the position of the young republic or endanger the independence of the isthmus.

COLOMBIA UTTERS A PROTEST

Sends to Europe Her Complaint of the
Action of the United States.

London, Nov. 17.—The expected protest of Colombia against the proceedings of the United States on the isthmus of Panama has arrived here. The salient point of the document, which is quite long, is that the "main responsibility for the secession of Panama lies with the United States government, firstly, by fomenting the separatist spirit, of which there seems to be clear evidence; secondly, by hastily acknowledging the independence of the revolted province, and, finally, by preventing the Colombian government from using proper means to repress the rebellion."

The paper says that the Colombian government has protested to the United States and sends the protest to Europe that the reasons therefor may be known to the civilized world. It declares that the United States have ignored article 35 of the treaty of 1846, which provides that the United States shall guarantee the sovereignty of Colombia over the isthmus of Panama, and also that the Colombian government denies the assumption that it has stood in the way of an isthmian canal.

On the contrary it points out that since 1835 Colombia has granted canal privileges to different people no less than nine times. The protest also says: "The hastiness in recognizing the new government which sprung up is under these circumstances all the more surprising to the Colombian government, as they recollect the energetic opposition of Washington to the acknowledgment of the belligerency of the Confederates by the powers during the civil war."

Washington, Nov. 17.—The protest of the Colombian government against the recognition by the United States of the independence of Panama has been received here and will be laid before the senate as soon as it is translated, as it is in Spanish.

DEMOCRATS TRY TO AGREE

On a Programme as to the Canal Business,
but Fail So Far.

Washington, Nov. 17.—Democratic members of the senate caucused from 1:30 until 5 o'clock, but were unable to get together on a programme as to canal legislation. Four distinct propositions were submitted and many other suggestions were made, but no agreement was reached and the caucus adjourned to meet again on call of Senator Gorman, chairman.

The resolution which was discussed at greatest length was offered by Carmack. It declared the sentiment of the Democrats to be that the present canal law should be put into operation by the president. The resolution declared the Spooner act to be the "present law," governing the authoritative course of the United States in regard to the building of a canal, and held that under that act the president should proceed to the building of the canal on the Nicaragua and Costa Rica route.

Censure for the president for his alleged assistance of the Panama revolt, but pledging support if a canal treaty were negotiated with the new republic, was the purport of a resolution offered

by Bacon. This opposite extreme met immediate rejection. It was at this point that some of the senators withdrew from the caucus.

The other two propositions were to refer the matter to a conference between representatives and senators and to authorize Gorman to appoint a committee to recommend a programme.

WALKER AND GUDGER CALL

At the Palace at Panama, and the De Facto Government Is Delighted.

Panama, Nov. 17. — Rear Admiral Walker, who is practically President Roosevelt's representative on the isthmus, and Consul General Gudger, who is here to direct the relations of the United States with the de facto government, called at the palace and in the name of the United States government paid their respects to the members of the junta. Rear Admiral Walker presented a letter from President Roosevelt, and there were mutual exchanges of good wishes. Otherwise the visit was quite informal.

The visit has been construed by the junta and by the people of Panama as a formal official recognition of the new republic, and has provoked many expressions of satisfaction and congratulations upon the new order of things.

Says We're Grand Masters.

Paris, Nov. 17.—Carlos Calderon, formerly Colombian minister of finance, has addressed a letter to the Paris edition of the New York Herald, in which he says that the presence of United States warships in Colombian waters will not be sufficient to abrogate the obligations entered into between the republic of Colombia and the French Panama Canal company. He ridicules Panama's desire for independence, and says the United States navy is the sole grand master of the revolution.

Wants to Know Where He Is At.

Washington, Nov. 17.—Dr. Herran, the Colombian charge d'affaires, has called his government that he is isolated here, and asking for immediate instructions. He received a cablegram dated Nov. 10 from an official of the Bogota government, but it was of a personal nature and made no reference to the isthmian matter.

FEDERATION OF LABOR

Brief of the Proceedings at the National
Convention Now in Session
at Boston.

Boston, Nov. 17.—Two spirited debates enlivened what would otherwise have been a dull session at the convention of the American Federation of Labor. The first was upon the question of whether the Federation should grant a charter to the Insurance agents of the country, and after a somewhat acrimonious discussion the matter was referred to the executive council.

The second debate was upon the subject of industrial depression. Several delegates expressed their opinion that Gompers' forecast was true. They urged as a possible preventive not only organization on trades' union lines, but also the formation of a political organization by labor workers. Fifty or more resolutions were disposed of during the day, many calling for the appointment of organizers for western and southern states being referred.

ANOTHER CHANCE FOR WAR

Dominicans Are to Sink the Cherokee if
She Attempts to Run Their
Blockade.

New York, Nov. 17.—The agents here of the Clyde line steamer Cherokee, which had trouble with the Dominican government authorities on her last trip to that island, declare that the Cherokee will sail tomorrow on her regular schedule, and will pursue her regular itinerary, stopping at Samana bay, Monte Cristi, Sanchez, Puerto Plata and Macoris.

Manuel de J. Galvan, consul general from San Domingo to New York, says that the Cherokee will surely be sunk if she attempts to enter the five harbors named, which are in the hands of the rebels and blockaded. "If the Cherokee attempts to enter any of those ports the gunboats will not parley with her this time," said Galvan. "They will surely sink her."

PROCEEDINGS IN CONGRESS

House Adopt the Rule Under Which the
Cuban Treaty Bill Is To
Be Ready.

Washington, Nov. 17. — The senate was in session but an hour and a half, most of the time being devoted to the receipt of petitions against the seating of Smoot of Utah and in executive session confirming nominations.

In the house there was a start made on the Cuban treaty bill, and the rule was adopted under which a vote will be taken at 4 o'clock Thursday afternoon on the bill to make the Cuban reciprocity treaty effective and entering on debate of the Cuban bill. The rule was adopted by a party vote with the exception that six Republican members from Michigan and California joined the minority in opposition to the rule. The vote was 176 to 155.

The Democrats opposed the rule on the ground that it was drastic and presented a vote being taken on any amendment to the bill, while the six Republican votes cast against it included opposition to the measure as antagonistic to beet sugar interests.

THEY CAN NEVER TELL

How It Occurred, the Victims of an Explosion That Killed All Who
Knew.

Columbus, O., Nov. 17.—Four men were blown almost to pieces on the stock farm owned by Dr. J. B. Hartman, south of Columbus. The dead are: Jesse N. Dyer, boss of the dynamiters; John Cox and Richard Cox, workmen; — Schlitz, spectator.

How the accident occurred will never be known, for all those who were present are dead. The men had been working since early in the summer clearing the farm of stumps and stones. They used dynamite, and were considered experts in the handling of the high explosive. When the sound of the explosion was heard in other parts of the farm it was surmised that something had gone wrong, and men were sent to the scene, a remote part of the farm. All four men were found dead, the bodies being terribly mangled.

DURBIN AT WASHINGTON

He Gives a Dinner to the Indiana Delegation in Congress, and Hemenway Reciprocates.

Washington, Nov. 17. — Governor Durbin, of Indiana, called at the White House, but had only a brief chat with the president. When asked about his reported candidacy for the vice presidential nomination Durbin replied that that yet was too remote for consideration.

Members of the Indiana delegation were guests of Governor Durbin at a dinner at the New Willard, and later the party adjourned to the Columbia theater, where they attended the performance of Anna Held as the guests of Representative Hemenway.

Extension of Trolley Lines, a Probability in the Near Future.

"Fruit Belt to the Atlantic by Trolley" is the startling title of a lengthy article in the Benton Harbor Post of Saturday. The following is a part of this very interesting article: From Benton Harbor to the Atlantic seaboard by electric roads will be an accomplished reality when the Kalamazoo and Lake Michigan electric line is completed between this city and Celeryville. It is not generally known in this city that there is a continuous stretch of electric roads between this state and the Atlantic, but such is the case, and it will be but a short time before those of Benton Harbor's citizens who have the time, inclination and cash, will be able to board a car at the Four Corners and step from the platform of an electric car to the sands bordering the eastern ocean.

The Michigan Central railroad Co. will sell tickets at reduced rates on November 25 and 26, limited to return November 30. This is the regular Thanksgiving excursion.
