INTERESTING OLD MAP

Of The Counties of Cass, Van Buren and Berrien in Possession of the

BUCHANAN HIGH SCHOOL.

Published in Philadelphia Forty-three Years ago, Before Benton Harbor was in Existence.

There is in the possession of the Buchanan high school, an old map of considerable interest, possibly the only one of its kind in this section of the country. It is about 5ft. square and is made up of the counties of Cass, Van Buren and Berrien.

The map was published by Geil, Harley and Silverd, Philadelphia, 1860, and is in a good state of preservation, and the pictures on it are very clear, there being around the margin 42 fine pictures of residences, schools and business places of the men of prominence in the three counties. Buchanan is represented by the Buchanan mills, Beach and Bainton proprietors. Bainton was the father of the present hustling Bainton Bros., who so worthily do justice to their father's occupation. The old mill is still standing and occupied by Mr. Edward Cooper. Mr. Beach at that time was one of the most prominent millers in the country, being interested in a number of mills.

Another of the pictures is the Excelsior block, owned by Ross & Alexander, which stood where the 1st, National Bank now stands, but faced on Main St. It was a three-story brick and was destroyed by fire in 1869. Alexander was the father of John Alexander of Toledo, who recently sold the homestead to A. F. Howe, and who still owns the property occupied by Steve Arney and Bertha Roe, west of the post office.

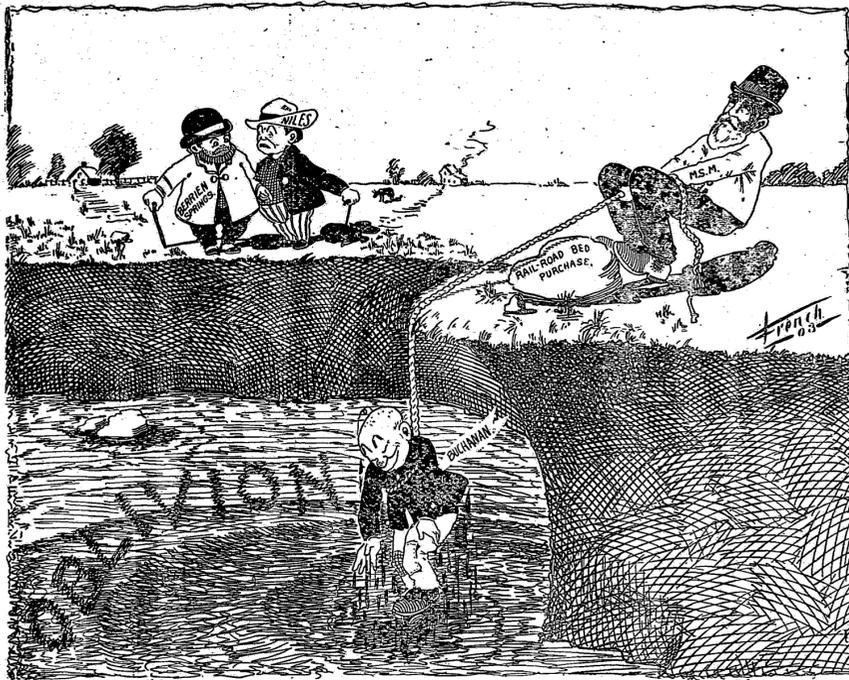

Among others is the residence of A. C. Day, on the S. W. corner of Portage and Front Sts., still standing on the same spot; also the property of Wilkinson Colvin where Chas. Bradley now lives,—the house has burned. The residence of Joseph Coveney, now occupied by Geo. Cassler is shown; also the residence of H. J. Howe, where Geo. Hanley now lives; the residence still remains but much improved, and the residence of J. D. Ross, now owned by E. W. Sanders, the house has been considerably changed.

Among these were the following St. Joseph pictures: Residences of Hon. A. H. Morrison, J. E. Stevens, O. Stevens, B. C. Hoyt, and Capt. N. W. Napier, also J. E. Stevens' store and Perkins' house. Niles is very well represented as follows: Residence of Dr. J. Lewis, R. C. Payne, J. K. Brown, R. W. Landon, Maj. W. Graves, Wm. Bort, D. Bacon, the Arcada Block, Bond House, Industrial Steam Flouring Mill, L. Bingham, prop.; Union School and Merchant's Exchange. Galien Township Residence of A. J. Cuthaw and store, residence and Steam Sawmill of G. A. Blakeslee. Three Oaks township: Residence of Henry Chamberlain.

The plans of all the towns and villages in the three counties are also drawn upon the map around the margin inside of the pictures. Those of Berrien Co were Niles, New Buffalo, Buchanan, Colombo, Berrien, now called Berrien Springs, then the County seat; St. Joseph and Millburg. It will be seen that Benton Harbor is not mentioned, it having at that time no existence, but in the forty-three years it has far out grown its sister towns until it now stands head and shoulders above them all. Niles then enjoyed the distinction of being the largest town in the county, in fact we think from what we can learn it was almost as large then as now. Buchanan also remains about where it has been for a good many years, but with Myron's pull there is some hope that it too will grow.

NILES—So did I, but that man Myron with his purchase will bring him to the top again.

IN MEMORIAM

TITUS THAYER FRENCH

Was born in Warran Co., New York, November 24, 1814; when a small boy he came with his parents to Onondaga Co., N. Y., and in Feb. 1856 he came to Michigan, living south of Buchanan until the summer of 1892, when he went to Cassopolis, Mich., where he lived until called home Nov. 8, 1903.

When a young man he united with the Presbyterian church in Borodino, N. Y., and on Aug. 31, 1859 he joined the Presbyterian church at Buchanan, Mich. by letter. He was very much attached to his church and was always found in his place until poor health and old age kept him at home.

He died at the ripe old age of 88 years, 11 months and 14 years.

The funeral service was held at the home of his brother, J. E. French, conducted by the Rev. Cole, pastor of the Presbyterian church. Interment was at the Howe cemetery.

MRS. CHARLES HOFFMAN

Oldest daughter of George G. Rough and his wife Phoebe, was born on February 29, 1853, in the town of Bertrand, St. Joe county, Michigan. Her early life was spent at home, where she received a common school education. On October 1, 1871 she was united in marriage to her now sorrowing husband, Charles Hoffman. They became the parents of five children, four of whom preceeded the mother in death. The only living child being Mrs. W. H. Hinkle, of South Bend, Indiana. She also leaves three brothers and two sisters.

Last Saturday, November 21, she started with her husband, to visit their daughter in South Bend, feeling, seemingly, as good as ever; little anticipating that death was so near. She had been suffering for several years with fatty degeneration of the heart, which malady caused her death on the highway, enroute to South Bend at about 4 p. m.

Mr. and Mrs. Hoffman moved to town about eighteen years ago, during which time they have made many warm friends to whom her sudden death was a terrible shock. She joined the L. O. T. M. remaining an honored member.

When but a girl she first made a profession of religion, uniting with the Evangelical church at Portage prairie, of which church her parents were esteemed members. She was one of the charter members of the Evangelical church of Buchanan and was always a loyal and faithful member. She was an active worker in the ladies' aid society, in which circle she will be missed.

Mrs. Hoffman was loved by all who

knew her. Her home attachments were very strong. Being of a kind, loving, happy disposition she easily made and kept friends. Her home was open to all and often the gathering place of relatives and friends.

The funeral services were conducted by Rev. J. A. Halmhuber at the Evangelical church Wednesday, November 24, at 10 a. m. The text of the discourse was taken from Luke 8:58, "Weep not. She is not dead, but sleepeth." The church and lecture room, which were neatly decorated in black and white bunting, were filled with friends and mourners. The casket was covered with many beautiful floral tributes.

After the closing service by the L. O. T. M. lodge, which attended in a body, twenty-four carriages accompanied the remains to Portage prairie cemetery where interment was made.

Those who attended the funeral from out of the city were: Mr. and Mrs. F. J. Lewis Meyer, a sister; Mrs. Geo. G. Rough and Miss Edna Meyer, Mr. and Mrs. J. W. Hinkle, Miss Etta Mae Hinkle and Mr. Harry Hinkle, of South Bend; Mrs. Wellington Vanderhoof, of Havelock, Iowa, a sister of Mr. Hoffman's; Mrs. Wilson Amen, Niles, Mich.

Mrs. Frank Rowley, of Portage prairie, a sister of Mrs. Hoffman, was unable to attend the funeral on account of the great shock.

MINING COMPANY

In Grand Rapids is in Hard Shape—Investors Lose Money.

Grand Rapids, Mich., Nov. 24.—About 100 local stockholders of the Little Frank S. Mining Co., of Cripple Creek, Col., met in the Lincoln club rooms last night and took their last lesson in gold mining. The company was organized a few years ago, with a capital of a million and a quarter. Former Judge Cyrus E. Perkins was its president, and among its promoters were O. A. Crozier and Dr. W. A. Dorland, all of this city. In less than six months after its organization about \$40,000 worth of its stock was unloaded here at 15c per share. The expected dividends were not declared and at a recent meeting it was learned that there was only \$18 in its treasury.

A committee was appointed to investigate the action of the company's officers and the meeting Monday night was to hear that committee report. The committee found that Dorland, Perkins and Crozier had each received \$25,000 shares as a gift at the time of the organization of the company, and that the stock formerly sold for one cent per share.

Many of those present were laboring men who had invested the earnings of a life time in the mine, thinking that their 15c shares would soon be worth \$1. Great indignation was expressed over the manipulation of the stock, and after the report was read an effort was made to secure pledges for a sum sufficient to institute proceedings with a view of forcing the officers to refund the money invested. The officers state that every dollar has been used in developing the mine.

EVERYBODY BUYS,

Clothing At Spiro's.

The Big Store is popular because people can get what they want here. There isn't a good article of clothing for Men and Boys that we haven't in stock. Not just a sample or two, or a window display, but a full complete stock with all the sizes wanted and at the prices you wish to pay. The "big store" doesn't mean a "high priced" store. You know if you buy one package of food it costs fifteen cents while two can be had for a quarter. Same with clothes. We buy suits by the thousands for our four stores and get prices the single store dealers never dream of. You get this reduction, too. Why, there isn't another store in the city that can meet your wants in clothing like this one. Everything needed is here and abundance. We can clothe the men and boys—each in a dozen different ways—at a dozen different prices. Come with any amount you choose and you are sure of the best possible values—because it is SPIRO'S where trading is safe and prices so much less than others can afford to ask. This is good honest advice—you'll admit it when you see the stock and fully realize the folly of losing time hunting elsewhere.

INVEST AT HOME.

In today's RECORD we publish the experience of some of the people of Grand Rapids in investing in mining stock. This is the experience of ninety men out of every hundred who are investing in the schemes abroad. If they invest in one at home that fails to come up to expectations, they are ready to pour cold water on every effort made. Again let this prove a warning to RECORD readers. Your chances of failure are many times less at home than abroad. There is always likelihood of failure, even when you manage affairs yourself. When you have money to invest and can invest where you can at least see something of what is being done, do it in preference to sending it abroad.

A Surprise on the Preacher

Last Wednesday evening the 25, as the Rev. W. J. Tarrant and wife returned to their home they found the parsonage in charge of about fifty of the members of United Brethren church and friends of the congregation, who came together to help the pastor remember his birthday and to provide a Thanksgiving dinner for the pastor and family. A very pleasant time was enjoyed by all present.

That turkey, friends was fine. Thank you, and it would be very unkind if we allowed you to depart without inviting you to come again.

W. J. TARRANT.

J.C. Club.

The J. C. Club met at the pleasant home of Mr. and Mrs. F. H. Andrews last Friday evening and enjoyed one of those pleasant times for which the "Club" is famous. Games were played and an excellent supper served by the hostess.

They adjourned to meet with C. H. Wells, Dec. 4. Progressive flinch will be played.

Card of Thanks.

We desire to thank the many kind friends and neighbors for their help and sympathy in the death of our wife and mother.

Proud of Their Record

Michigan may claim the championship of the West, as far as football is concerned, for another year at least. In the final game, played in Chicago yesterday, between the Universities of Michigan and Chicago, the former, won by 28 to 0. There were 20,000 people to see the game and the Chicago team and their supporters felt much humiliated.

80 PER CENT OF SILVER

California Miner Says The Umholtz Ore is Real Thing

From the office of the Umholtz Oil Co., the following facts are being given out to those interested in this oil well.

If the statement of C. L. Wilson, who claimed to be a miner and professional assayer, just fresh from California, is true then the mysterious ore found a few days ago in the Umholtz Oil well, four miles northeast of Buchanan is silver.

"It is silver, there is no mistake about it," he said, "and if they really have a six foot vein of the stuff out there at the shallow depth stated, then they are in a position to buy the rest of the county."

Mr. Wilson said that the specimen he had used for his test was very nice and would run 80 per cent pure silver.

The Berrien County Teacher's Association Meeting.

The time is the evening of Dec 4th and Saturday, Dec. 5th, all day. The place is at the M. E. church, St. Joseph. This is to be one of the very best meetings that Berrien county has ever had. No pains have been spared in getting good material.

Prof. S. H. Clark, the head of the department of public speaking, Chicago university, has few equals in the line of literature and the teaching of reading. Superintendent McKone, of Albion, will give instructive lectures upon "Conditions of a Successful School," "Elements of Governing" and "The Recitation."

The Ward method of reading will be practically demonstrated by a class recitation. This alone is worth all the trouble of attending this meeting. Physical culture will also be demonstrated by a class drill.

It is understood that every teacher of the county will be present or give satisfactory reason why not. Arrangements have been made to accommodate all with rooms at reasonable rates. Prof. Schiller issues the following:

TO THE TEACHERS OF BERRIEN COUNTY Fellow Teachers—

The annual meeting of our Association will be held at St. Joseph Friday, Dec. 4, and continue through Saturday. We have secured for the meeting the best talent obtainable in Chicago, in the person of Prof. S. H. Clark, of Chicago University. Prof. Clark has few equals in his line of work, literature and reading. This is a line of work in which we feel a deep interest, because it touches every grade and every line of school work. Prof. Clark's subject for the evening lecture will be "The Spirit of Literature." His talks on Saturday will be on "Practical Hints on the Teach-

ing of Reading."

Superintendent W. J. McKone, of Albion, will also be with us and speak on general subjects connected with school management. If time will permit, we will devote one hour to a "Round Table" discussion of practical questions. While this is the annual meeting of our association, yet it will also partake of the nature of an inspiration institute which no teacher in the county can afford to lose. Come and have an enjoyable and profitable time. Come prepared to join the association and help support a good organization that is ready to help you. Very truly yours, J. S. Schiller, president of association.

WHAT SCHILLER SAID ONE YEAR AGO

From President Schiller's last year's address is found the following: "Believing that in union there is strength, that all trades and professions are forming such unions for mutual support and profit, and that in order to elevate the work of teaching to a recognition of a profession, and for the purpose of aiding each other by sympathy, support, suggestion of methods for the different grades of work and the different fields, and to secure such inspiration from other fields as we can secure by such cooperation, there was a complete reorganization of the Berrien County Teacher's Association.

And now, in order to realize from this organization all that is hoped and should be, it will require the earnest and mutual support of every teacher in Berrien county. With such support, we can raise the standard of teaching in this country, and with this higher standard of work must come a higher remuneration. Teachers, let us lead, the people will follow if we are teachers indeed. Let us bring the schools of this rapidly growing county to rank foremost in the

state. Send your name to the secretary, W. M. Marsh, Coloma, for membership, and enclose dues if you can, fifty cents for ladies and one dollar for gentlemen, but enroll as a member and give us your hearty support."

MONDAY CLUB.

The Monday Club had one of the most unique meetings of the year this week, at the home of Mrs. Sarah Black Smith. The committee for the day was Mesdames Smith, Weaver and Miss Samson.

An old time social with quaint costumes and early day games, illuminated by candle light made the afternoon merry. A program of instrumental music interspersed with speaking pieces, was carried out to the delight of those present. Refreshments, consisting of apples, popcorn, cider and nuts, served without modern accessories, was enjoyed.

The ladies adjourned to meet next week with Mrs. Kent.

W. N. BRODRICK.

A Startling Test.
To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at W. N. Brodrick's drug store.
