MAKES A SPEECH

Congressman E. L. Hamilton
Delivered Talks on Capital and Labor.

RELATION TO PROTECTION.

Close Attention was Given to the Lengthy Address.

The Washington Times of Thursday, April 14th, says:

"While the general deficiency bill was under consideration in the House today Representative Hamilton of Michigan, who is one of the recog-

HON. E. L. HAMILTON.

nized orators of the house on the Republican side of the chamber, but who is seldom heard in debate, delivered a campaign speech upon capital and labor and their relation to protection.

The speech was prepared with care and intended to be used as one of the documents which the republicans will give wide-spread circulation in the coming political contest, as it sets forth the position of the party upon the questions which are calculated to be the leading issues of the campaign. Representative Hamilton dealt with the two great forces of labor and capital in the production of wealth, argued for the "stand pat" policy, explained the attitude of the Republican party toward trusts and labor unions, and threw out a warning against socialism.

ANSWER TO DEMOCRATS.

The speech was one of the "long talks" which the Republicans will use to combat the campaign speeches which the Democrats have been turning out from time to time throughout the session. It was filled with epigrams and argument, without the usual long array of figures and statistics which make the average campaign speech dry and uninteresting. Mr. Hamilton was given close attention and was frequently interrupted with applause.

He began by reviewing the rapid advance of the country in recent years and told of the "lean" years under Democratic rule and the "fat" years of prosperity when the republican party was returned to power.

The speech may be summed up as follows:

"There's something about the Republican party that sends things above par."

"We have been working forward through halting experiments, and labor has kept the pace."

"Protection is the Republican party's strongest argument to the laborer."

"The American farmer has a constantly increasing market at his door."

"Only 12.8 per cent of the total manufactured output of the United States is made by trusts."

"Ninety-two and five-tenths per cent of labor is employed by competing independent industries."

"Free trade means benefit of raw material to trusts; independents would go to the wall."

"Logically, protection is in restraint of trusts."

"Apparently, we are not yet ready for socialism."

"Anarchy would turn over to the strong and cunning, remnants of a destroyed staff."

"The French revolution finally resulted in a Napoleon."

"But the average common sense of the American people is behind the law and above the law."

DIED SUNDAY NIGHT.

Mrs. Elizabeth Grover, a Former Resident of Buchanan, Passes Away.

Mrs. Elizabeth Grover, who for many years made her home in Buchanan, died Sunday night in Elkhart, at the home of her daughter, Mrs. Frank Bressler, where she has been living since last fall, when she left Buchanan, at the time Mr. and Mrs. Brown went south.

The remains were brought here for burial last evening, and the funeral occurred this afternoon at 2:30. Elder E. R. Black, pastor of the Christian church at New Castle, Ind., was telegraphed for and delivered the funeral sermon, the services being held in the Christian Church.

Mrs. Grover had been in failing health for some weeks, her daughter Mrs. Brown, came from Citronelle, Alabama, a few days ago to see her, reaching her bed side a short time before her death.

Mrs. Grover was for many years a member of the Christian church at this place. Beside other relatives she leaves four children, Mrs. Brown and Mrs. Frank Bressler, of Elkhart, Mrs. Lily Sawyer of Laporte, and Henry Grover of Chicago.

Mr. Luther Hamilton is a brother of the deceased.

Deaths in Michigan During the Present Year.

During the year upon which we have just entered, something over thirty thousand people will die in Michigan. Of these about 3,000 will die of pneumonia, 2,500 of tuberculosis, 600 of typhoid fever, 1,500 of diarrheal diseases of infants under two years of age, and 1,600 of various forms of cancer. All of these deaths, with perhaps the exception of cancer, could be prevented and a large proportion of them should be. The knowledge of the possibilities for the restriction of all communicable diseases is now too common to permit any health official in Michigan to plead ignorance of it as a reason for inactivity.

To properly solve these problems requires many qualifications. The most important of these are knowledge, experience, discretion and energy. Fortunate is the community which has a health board and health officer possessing these qualities. While the men possessing them may usually be found in most communities and the voters are primarily responsible for not selecting them, this fact cannot be pleaded by health officials themselves in extenuation of their shortcomings.

No one should assume these duties, the most important of any which exist, without realizing the responsibilities which go with them, and without a willingness to meet these responsibilities to the very best of his ability. That a health officer's efforts may not seem to be appreciated, and that his salary is entirely inadequate, are neither of them valid reasons for shirking the work he has been selected to do and has pledged himself to perform. This work the ideal health officer should construe to mean the doing of everything in his power for the promotion of health and the extension of human lives. While he should obey the laws, the laws should not limit his efforts. He should be continuously familiar with all the conditions affecting the public health within his jurisdiction and be continuously striving to improve them.—Teacher's Sanitary Bulletin, February, 1904.

Wine Lo-Ti.

Made of beef, iron, wine, nerve, cascaro and Aromatics, is the most perfect food tonic in existence. It agrees with all other medicines and never fails to give permanent strength and vigor. Pleasant to take, it increases the weight and improves the appetite. Large bottles, 50c at Dr. E. S. Dodd & Son's.

Subscribe to the Record, only \$1 per year.

Talking About Chairs - - -

We will be glad to show you some nice new things in **Reed Rockers Saddle Wood Seat, and Cobbler Seat Rockers.** There's a lot of "good looks" in them; the low prices on them are attractive and better still, there's "solid comfort" in them. Solid comfort makes us think of those couches of ours, do you know our couches with guaranteed steel construction are not dust collectors?

WRITES LETTERS

E. C. Knapp of Three Oaks, Tells of his Trip—En route to the Holy Land.

HISTORICAL GIBRALTAR

Many Interesting Places Visited by Delegates to the World's S. S. Convention.

In the Three Oaks Acorn of April 15th, there appeared three very interesting letters from Mr. E. C. Knapp, one of the well-known Sunday School workers of Berrien Co., extracts from which follow.

On the Mediterranean Sea, Between Algiers and Malta, Mar. 22 '04

Dear Friends:

After leaving Madeira, we rode 580 miles before we reached Gibraltar. The sea was not as calm as it had been during the past week and yet only a small proportion was seasick. When we entered the Strait (36 miles long) we had smooth sailing. We anchored in the large and beautiful bay at Gibraltar early in the morning of Saturday, Mar. 19, and as soon as we had our breakfast we went ashore. As we sailed into the bay, we passed by the German Emperor's vessel. He was visiting Gibraltar at the time and many of the delegates had an opportunity to get a look at him as he rode through the town. * * * The rock of Gibraltar is supposed to represent a lion's head, but instead of facing Africa, it faces the bay on the west and Spain on the north. But the rock is fortified on all sides.

Perhaps no spot in the world, unless it be Mt. Moriah in Jerusalem, or the Acropolis in Athens, or the Forum in Rome, has attracted so much attention from the world for centuries. Nation after nation has struggled for its possession and many battles have been fought near it and for it. Had the Turkish Empire controlled it, the history of the world would have been different.

Although we were permitted to visit the channels in the rock and some of the fortifications, we were not permitted to go near the newer fortifications nor to see the latest modes of defense. It is said that not even the soldiers are informed as to all the in-

tricate channels and fortifications.

It was a beautiful sight to behold the rock, the town, the bay, the shores of Africa and of Spain as we sailed away about six o'clock in the evening. Soon our vessel left the strait and we entered the calm Mediterranean, whose shores were made historic by the great nations in the past.

One of the young men from Ohio was taken sick with appendicitis, before we reached Gibraltar, and as there is a good hospital at that place, it was decided to leave him there until he recovered. He had been quite low for several days but was feeling better at the time he was removed.

When we reach Malta, we hope to hear how he is getting along. * * * At Algiers we had our first view of oriental costume. The Moorish men are dressed in loose, flowing garments; their heads are covered with large garments, which hang down their backs. They wear shoes or slippers but their legs are bare up to their knees. The Moorish women have their faces covered with the exception of their eyes. They are also dressed in flowing garments. Their large white bloomers are especially conspicuous. The Moorish children do not have a super-abundance of clothing. Perhaps it is because the men and women have so much.

FIVE MORE ARE ADDED.

Berrien County Fremonters Now Number 145.

S. G. Antisdale, chairman of the county convention of Fremont voters has added five more names to the list of 140 and hopes to reach the half hundred mark which would entitle Berrien county to another delegate to the state convention at Jackson. The added names are O. D. Lason, John A. White, George W. Morris, Samuel Harris and C. H. Sherwood. Mr. Antisdale requests all Fremont voters whose names are not on the list to report to him and have their signatures inscribed on the roll of honor.—News-Palladium.

Sousa, the famous musician, and his incomparable band will be heard at the Bell opera house, Thursday afternoon, in Benton Harbor.

Wine Lo-Ti (Coonley's beef, iron and wine with nerve) is the perfect food tonic. There is no other like it or equal to it. Price 50c at Dr. E. S. Dodd & Son's.

Our printing will please you.

BOARD MET MONDAY

Berrien County Supervisors
Convened in Court House
April 18th.

CHAIRMAN CHAS. A. CLARK

Was Elected by the Board, Having 18 Votes.

The County Board or Supervisors met in session Monday at 11 o'clock, but as there were only about half the number present they adjourned till afternoon, and upon reconvening, elected Chas. A. Clark of Galien, as chairman.

The personnel of the board is somewhat changed, and for the first time in several years, the majority are republicans.

Of the 32 members of the board, 24 were re-elected this spring, an equal number of Republicans and Democrats.

Among the Democrats who will be missed is J. L. Richards of Buchanan, who served so faithfully as chairman of the equalization committee.

Those on the Republican side who have served for many consecutive terms are: Sam Miners, Luther Hemingway, C. A. Clark, Erastus Murphy, S. A. Peck, John M. Miller and Chas. Smith. And on the Democratic side are Capt. T. A. Walker, F. A. Potter, Si Caldwell, Alex Halliday, J. B. Thomson, James Babcock, Ira Stemm, J. A. Penwell and S. S. Beall.

The people are generally well pleased with the incoming board and have confidence that the affairs of the county that come under their jurisdiction will be well and wisely administered.

Delicious Strawberries.

J. F. Lister, of Castleberry, Ala., sent a case of 24 quarts, of magnificent strawberries to his son J. H. Lister, who is with his mother, Nettie Lister, at the City Restaurant. Mr. Lister did not forget the newspaper man, and we can assure him that we thoroughly appreciated his kindness, as well as the toothsome berries; and our sincere wish is that Mr. Lister may also enjoy many good things.

Shelf paper of all kinds, also crepe and floral crepe paper for drapes, etc.

Isn't It A Satisfaction

to enter a store that has only the newest, best and freshest stocks? A store that weeds out all the odds and ends at the finish of every season and keeps its counters and shelves filled with attractive new goods?

We have the largest, best equipped and most conveniently arranged clothing store in Northern Indiana.

Every article we sell is backed by the Spiro guarantee and that means the quality is there, the style is right and that it must come up to your highest expectation.

Good clothes are always worth what they cost, but paying the price doesn't get them.

The reasons for buying Spiro suits are: First, they are good clothes; second, they cost enough to be good, and no more; third, if you don't think they're as good as they cost, you can have your money back.

We are now receiving new springsuits and overcoats from eastern markets, and we will be glad to see you and to show them to you.

We won't bore you to buy if you should not be ready to.

THE ONE PRICE CLOTHIERS.

BUCHANAN RECORD.

TWICE A WEEK

D. F. BOWER,
EDITOR.

Entered at the Post-office at Buchanan, Mich. as second-class matter.

TERMS

\$1.25 per year, 65c for 6 months and 35c for 3 months. If paid promptly in advance when due the following rates will be made: \$1.00 per year, 50c for 6 months and 25c for 3 months.

APRIL 19, 1904.

Buchanan will soon have in the RECORD office, one of the most complete and up to date printing offices to be found in this section of the state. Messrs. Martin and Chamberlin are manufacturers of automatic and transfer binders, aluminum and veneer sheet holders, files, clips and indexes, shipping receipts, order blanks, books, and bill books, as well as all kinds of office and shippers' supplies and manifold work of every description. No need of any one in or around Buchanan going from home for his printing.

Do not be Deceived.

If Providence had thought it good for us He would have revealed to us our future, but He has kindly withheld what would crush us, if all our life was revealed at once.

Those who profess to be able to tell the future would profit by it themselves if they could do so; as a general thing they are among the poorest, and frequently there are accounts of getting into the confidence of persons and relieving them of their hard cash.

Be careful, do not be too anxious to know the future, it will be revealed to you perhaps faster than you care for.

Monday Club.

The M. L. Club met with Mrs. Chas. East Monday, April 18, called to order by the President. Mrs. East conducted the opening exercises. In the absence of the Secretary, Mrs. Kent read the report, which was accepted. Mrs. Johnson had charge of the history lesson period, covering 1887-1904. The afternoon program was in charge of Mrs. East. Mrs. Johnson read a sketch of the city of London. Miss Lemon had an excellent paper on the Libraries and Museums of London. Mrs. Stryker read a very interesting article, entitled "All Lon-

don at the Boat Race." Mrs. Weaver gave a short talk on the Clubs of London.

In a fruit contest the favor was won by Mrs. Kent. The committee served very delicious refreshments, and all felt they had had a delightful time.

The Club will meet Monday, April 25, with Mrs. E. S. Dodd.

Change at the Water works.

The many friends of Geo. Howard will be sorry to know that, after ten years of faithful service at the Water works station, he has lost his position as night engineer.

Mr. Howard is a first-class mechanic, and has earned a reputation along this line that extends beyond his home town, and if it were not for going from home, would be able to command a better position than here. It is hoped he will find employment in Buchanan.

Walter French has succeeded to the position vacated by Mr. Howard.

MILLINERY.

We have made a fine selection of pattern hats and street wear for our store, and invite the ladies to call and select a fine hat for \$3.00-\$3.50. We are going to make these hats a speciality during the entire season.

Mrs. E. PARKINSON.

Buchanan Girls Defeat Three Oaks.

Those who attended the game Saturday afternoon were treated to an excellent exhibition of girls' basketball. The game was marked throughout by good, consistent work.

The line up for Buchanan was as follows, basket, Mary Keller, and Dora Hershenow; center, Edna Kean and Grace Hamilton; guards, Lulu Broceus and Lura Keller.

The Three Oaks girls were very delightful, but in spite of their taking way they couldn't take the game.

The first half ended 1 to 0 in favor of Buchanan. In the second half, Three Oaks made one basket and one free throw and the home team made three baskets and one free throw, so the final score stood 8 to 2 in favor of Buchanan.

SPECIAL SERVICES

Evangelistic Meetings in Progress at Various Places.

There seems to be a general awakening among the people in all sections in regard to spiritual matters. Sunday evening a meeting began in Benton Harbor in an auditorium seating 2000 people, erected especially for the purpose and wonderful results are expected.

In Chicago, a large number of churches have united in a series of evangelical meetings.

In common with this spirit of religious awakening, the Presbyterian church here commenced a series of meetings last evening, and if the opening meeting is to be a test, they will be a great success.

Rev. Huffer, pastor of the Presbyterian church at Paw Paw and Moderator of the Presbytery of Kalamazoo, preached an eloquent and forceful sermon last evening to an attentive and appreciative audience. He will preach again this evening, and, in all probability, on Wednesday evening also.

On Thursday and Friday evenings Dr. Adamson, of the North Presbyterian church of Kalamazoo will preach.

Evangelist Sayles will be here next Tuesday for a two weeks' series of meetings.

Sometimes too much stress is laid on the Evangelist himself, during the work, but no man can cause a revival if the people are not in sympathy and ready to respond, even Jesus the Christ, said He could do no mighty works in certain places, because of unbelief.

The Delineator for April.

The April *Delineator* is an uncommonly interesting magazine, from the standpoint of both fashion and literary features. Almost as good as a trip around the world, educationally, promises to be the pictorial series *Around the world in Eighty Pictures*, the first installment of which appears in this number. *Nordica in Holiday Time* is the subject of an enjoyable paper by William Armstrong in the *Prima Donna* series. *Landon Knight's Romance of a Pair of Bluebirds* is a story that will appeal strongly to lovers of Nature, and to all women. Dr. Grace Peckham Murray's article on the care of the ears and nose will be of deepest interest. In *Beauty for Ashes*, Allan Sutherland tells of an interesting experiment that has been tried in several large cities of changing unbeautiful vacant lots into garden spots. The influence of frills, by Dolf Wyllarde, and *White Man*, by Alice MacGowan, are delightful short stories, finely illustrated, and there is a dramatic chapter of *The Evolution of a Club Woman*, by Agnes Surbridge. In addition there are entertaining stories and pastimes for little folks by Albert Bigelow Paine, Gabrielle E. Jackson, Lina Beard, and others, and for every phase of the household information of a practical character.

The Youth of Washington.

Critics all agree that the author of "Hugh Wynne" essayed a daring venture when he set out to write an imagined autobiography of General Washington, to combine history and fiction so skillfully that his readers could not distinguish which was history and which was fiction, to dramatize as it were one of the most conspicuous characters in history. The first chapters of "The Youth of Washington: Told in the Form of an Autobiography," in the April *Century* promised to justify the boldness of the undertaking; and the chapters in the May *Century* will, it is assured, continue to portray the young Virginian moving, a real and living person, as he is presented as telling with characteristic reserve the heroic story of his youth. These first chapters promise that Dr. Mitchell's "The Youth of Washington" will rank as an extraordinary achievement in literary art. The narrative, in the form of a journal begun at Mount Vernon in November, 1797, is neither bald history nor pure fiction; the larger historic facts are true, the fiction a daring piece of commentary.

U. S. Corn Cure for ladies is clean and colorless, sure and safe, stopping the pain at once and curing in a few days. Price 15c, two for 25c at Dr. E. S. Dodd & Son's.

SUSPECTS THE JURY

Judge Phelan Does, and He Seems to Have Reason To Be Vigilant.

CASE BEEN UP THREE TIMES

And Twice There Has Been Scandal—Farmer Nearly Killed by a Train State Notes.

Detroit, April 19. — Judge James Phelan, of the recorder's court, announced that he will discharge the jury which has been hearing the evidence in the murder trial of George W. Parker, and followed this action by dismissing the entire present panel of jurors drawn for the recorder's court and ordering 150 new talesmen drawn. There were 200 talesmen in the discharged panel. Judge Phelan's action follows an investigation of charges against jurors and talesmen that has been in progress for a number of days, during which it developed that Prosecuting Attorney Hunt had employed two detectives to investigate talesmen.

Gives an Order for Discharge.

Judge Phelan said: "I want you to produce before me in this court the names of 150 citizens of unimpeachable integrity. I order this in view of certain information that has come to me, and because I believe that it is necessary to give a fair and impartial trial to Parker." He then denounced the employment of men to ascertain the sentiments of talesmen before cases came to trial.

Judge Keeps His Word.

Later, Judge Phelan dismissed the jury, this one being the third that has attempted to try Parker. The first jury was dismissed after an investigation of charges that the jury had been tampered with. The second jury disagreed, and this time it was again a case of charges that attempts had been made to wrongly influence the talesmen. Ex-Talesman Charles R. Hinkley has been sentenced to thirty days in the county jail for attempting to tamper with the third jury. The work of securing a new jury for the Parker case will begin Thursday.

FARMER IS TERRIBLY HURT

Team Runs in Front of a Train and He Is Dragged Under the Pilot.

Owosso, Mich., April 19. — George Malone, a farmer, residing just east of Corunna, was unloading at the Grand Trunk station when his team started to run. Malone grabbed for the lines, but got hold of only one. As he pulled the team swung across the track in front of the train. Malone was caught by the pilot and dragged several hundred feet with his body lying across the rail just in front of the wheels.

The train was then stopped and Malone released. One of his legs was broken, his hip dislocated, his chest bruised badly, and he was cut about the head. He will probably die.

Mayor Dead of Pneumonia.

Portland, Mich., April 19. — Perry N. Moore, mayor of this city, is dead of pneumonia after a brief illness. He was serving his second term, having been re-elected in March. He had just been re-elected justice of the peace. He was prominent socially as well as politically. He was a veteran of the civil war, having enlisted from Fort Wayne, Ind. The funeral will be held Wednesday afternoon; burial under Masonic auspices.

Long Walk in the Snow.

Barrytown, Mich., April 19. — Emma Smith and Lulu Cogswell, the 13-year-old Indian girls who left the government school at Mount Pleasant, were picked up near Remus, twenty-five miles away. They made the entire distance on foot and without wraps or head coverings. A foot of snow fell during the day. They will be taken back to school.

Jury to Get Burns' Case.

Grand Rapids, Mich., April 19. — The trial of Senator D. E. Burns, charged with bribery in connection with the Lake Michigan water deal, was resumed and arguments were begun. The case will go to the jury today. The case against Alderman C. T. Johnson, charged with the taking of a bribe, is next on call, but may go over the term.

Raided a Gambling Place.

Battle Creek, Mich., April 19. — W. E. Howe's cigar store on one of the city's busiest streets was "pulled" by the police and Howe and fourteen youths were marched to the station by the police. Howe was fined \$45 and the players \$5 apiece. Most of them were shooting craps, but there is said to have been a poker game in progress also.

Charges of Fraud Is Made.

Marquette, Mich., April 19. — Sensational charges of fraud against the firm of Rathfon Bros., of Escanaba, are made by a number of creditors who have united in proceedings in the federal court here in an endeavor to recover large sums alleged lost through dealing with the defendants.

X-Ray Discovers the Trouble.

St. Johns, Mich., April 19. — X-rays have revealed that the 7-months-old child of Lewis Richmond, of this city, swallowed an open safety pin recently. The child has been seriously ill for several days, and no one knew what it had swallowed.

EXPENSE IS GREAT.

Seven Murders Have Occurred in Berrien County Within a Space of Three Years.

The death of Mrs. Payne makes the seventh murder committed in Berrien county, within a period of three years, as follows:

Peter Smith in Bainbridge in July 11, 1901; murdered by Hod Peters who afterwards killed himself.

Wm. Miksell at Berrien Springs, June 17, 1902, murdered by his son, Chas. Parks near Bridgman, June 18, 1902, in a box car. Supposed to have been killed by two colored men who were arrested at New Buffalo but after being held a month were discharged because of insufficient evidence to convict them.

Lee Shearer, on Dec. 4, 1902, and John Wells, on March 12, 1903. These were committed in St. Joseph.

Wm. Bouvland, cut in a hobo row in Sodus, July, 4, 1903. Bouvland was so severely hurt by Wm. Bejaska that death soon resulted.

Berrien county is thus called to stand a big bill of expense along criminal lines.—St. Joseph Herald.

Lo-tus Pellets you will find are the best family pills, curing indigestion and constipation and all diseases of the liver and stomach. Small and easily taken, particularly intended for ladies and children. Large boxes, fifty pellets for 25c at Dr. E. S. Dodd and Son's.

FOR SALE—Forty acres of land with a comfortable house and barn five acres of timber and a small orchard, situated one mile north of Dayton, Mich. For particulars inquire of Enos Holmes.

The Pan American wheel barrows for sale, inquire of C. D. Kent.

Saves Two From Death

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles, guaranteed by W. N. Brodrick. Trial bottles free.

School Notes.

HIGH SCHOOL

Rev. Halmhuber was a visitor at chapel Monday morning and had charge of the devotionals. He gave the pupils a very interesting and instructive talk.

The Board of Education has secured Patrick H. Kelley, of Detroit, and President of the State Board of Education, to deliver the commencement address.

Mrs. Pennell has been secured to teach the 8th grade for the remainder of the school year.

Isabella Cobb and Grace and Ray Grafford are new pupils in the 3rd grade.

Bertie Peacock and Bernadine Blake have returned to the 5th grade. George Chubb, B 4h, wrote the best story last week.

The story of Benjamin Franklin was told in the 3rd grade last week.

Blanche Williams and Myrtle Blodgett of the 7th grade have returned after an absence of several days on account of measles.

The 5th grade begin work in their new Werner Arithmetic this week.

Marion Peacock of the 7th grade is out of school on account of sickness.

Trips to Yellowstone Park were taken last week by A class, 6th grade.

The 4th grade are learning a new song.

The N. C. Club of 5th grade had an interesting meeting Friday p. m., with Paul White presiding.

A div. of 7th grade are very much interested this week in their study of Australia and the islands of the Pacific.

Anna Keller and Lottie Ravin of 3rd grade, won in the spelling contest Friday.

The advanced class of grade 6 have finished their years work in Physiology and will spend the rest of the time on review work.

WARD SCHOOL.

Mrs. Couse, Mrs. Lano, and Mrs. Troutfetter were our visitors last week.

The first "spring beauties" were brought in by Ray Hurlbutt and Alene Hunter.

Adelaide Couse entered second grade and Carleton Couse and Marie Hathaway, first grade, on Monday.

Bitha Remington is again in school after a siege with the measles.

One Result of Incivility.

William Travers Jerome, district attorney of New York City, in speaking of the necessity of public men exercising courtesy to anybody and everybody, told the following story:

I want to say, in the first place, that what I am about to relate is not told in order to emphasize the need of politeness on the grounds of mere policy only, but rather to show that an ungentlemanly action is pretty sure to act as a boomerang. Some years ago, a reporter called on a man of wealth and prominence, whom I will call Mr. Blank, in order to interview him in regard to the latter's alleged political ambitions. He was shown into his library.

"Well?" said the great man.

"The reporter presented his card and explained his errand. Mr. Blank glanced at the pasteboard, deliberately tore it in two, and threw it into the wastebasket.

"Nothing to say," he growled, and that was all that the visitor could get from him.

"So the reporter departed with a flush on his cheek and a burning desire in his heart to thrash the discourteous Mr. Blank.

"Several years passed, and Mr. Blank was a candidate for a municipal office. Meanwhile, the reporter had been made political editor of a journal whose views were opposite to those of Mr. Blank. In that capacity he again called on Mr. Blank and found him suave and silky. The editor did not forget the torn card. The incident rankled within him.

"So it came about that he made such a tremendous fight against Mr. Blank's election that, mainly through his efforts, he suffered an overwhelming defeat.

"A single act of unnecessary rudeness cost him position and power."—From Success.

Broke Into His House

S. LeQuinn of Cavendish, Vt., was robbed of his customary health by invasion of chronic constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They are guaranteed to cure, 25c at W. N. Brodrick's drug store.

THEY PUT UP A JOB

Democrats Did, on the Republican Pension Matter.

AMENDMENT THAT WAS LOADED

Stricken Out on a Point of Order—Senator Knute Nelson Grows Strenuous in His Anglo-Saxon.

Washington, April 19.—The Democrats in the house kept that body in session until 8:15 p. m. in an effort to put the Republicans "in a hole" on the issue of the recent order of the president establishing an "age limit" for war pensioners. The matter came up during the consideration of the general deficiency bill. There was in the bill an appropriation to carry out the president's "age-limit" order and Moon of Tennessee offered an amendment providing that persons who served ninety days or more in the service of the United States during the civil war shall, when they reach the age of 62 years, receive \$6 a month; after 65 years, \$8 a month; after 68 years, \$10 a month; after 70 years, \$12 a month.

Sharp Move of the Democrats.

It developed that this amendment was a sharp move by the Democrats. Hemenway made a point of order against it because he said it changed existing laws. Underwood promptly stated that it followed word for word the president's order, and inquired if the president was more entitled to change existing law than the house. Hemenway declared that in the confusion he did not get the drift of the amendment, and in defending the appropriation as provided by the bill said the Democrats had been wandering around for ten months for an issue in the coming campaign and they thought they had it now. But, he said, the Republicans would meet them on that issue.

Speaker Cannon Makes a Record.

After a rather lively debate the point of order was sustained amid derisive laughter from the Democratic side; all amendments were rejected and the bill was reported to the house. Payne of New York moved to recommit the bill and demanded the previous question. Roll call developed the absence of a quorum, whereupon Speaker Cannon, in order, as he frankly said, to gain time and secure the attendance of absent members for whom clerks were scurrying, had the roll call read a third time, regardless of the rule limiting the reading to twice. Finally the quorum was obtained, the motion to recommit defeated and the bill was passed. At 8:15 p. m. the house adjourned.

POWELL'S ACTION IS APPROVED.

United States Citizens Have Many Claims on San Domingo.

Washington, April 19.—Minister Powell's energetic attitude in behalf of United States claimants against San Domingo meets the cordial approval of the officials of the administration here. The United States would not be pleased to see any intervention by a foreign government in behalf of its claimants that would tend in any way to prejudice the prompt settlement and payment of claims which citizens of our own country have against San Domingo. It is probably along these lines that Powell has communicated with the San Domingo minister of foreign affairs.

There is a number of claims of United States citizens against San Domingo, all now awaiting settlement, and this government is anxious that they should be satisfied. The minister's action, it is believed here, was precipitated by recent publications indicating it to be the intention of the Italian government to force a settlement of the claims of its citizens against San Domingo.

Not only the Italian government but the British, French and German governments have large claims against San Domingo, and it has been known for some time here that all four countries were losing their patience in the effort to come to an agreement with the Dominican government. It has been declared by European diplomats of high rank that Europe will welcome any steps the United States would take in the direction of restoring order in San Domingo and maintaining the same.

"UNMITIGATED ANGLO-SAXON"

Used by Nelson of Minnesota in the Senate When Strenuous.

Washington, April 19.—The staid and dignified senate was convulsed with laughter for a moment during the discussion of a provision in the army appropriation bill for wagon roads in Alaska. Knute Nelson, of Minnesota, was particularly strenuous for this provision and after telling of his observations in Alaska when he visited the territory last year, and what hardships the people suffered and what they had done for the benefit of the territory he grew indignant at the niggardliness of the government.

At last, completely forgetting himself, he exclaimed: "All this they have done, Mr. President, and in return we have not done a d—d thing for them." The statement was a surprise to all present, apparently as much to the speaker as to his audience. There seldom has been as spon-

taneous an outburst of laughter in the senate as the exclamation provoked. Nelson joined in the merriment, though with many evidences of embarrassment. His only apology was the remark that "sometimes adjectives came from the heart."

Money For the Missouri Fund.

Washington, April 19.—Official society of Washington was represented largely in the notable audience which witnessed the performance of the beautiful spectacle "The Dream of Queen Elizabeth," given at the Lafayette Square theater in aid of the fund for the benefit of the kinsfolk of the enlisted men of the navy who lost their lives in the accident on the battleship Missouri. The fund will be increased \$3,000 thereby.

Anti-Chinese Bill as a Rider.

Washington, April 19.—Hitt of Illinois in the house offered, as a rider to the general deficiency bill, a bill he had prepared to enable the government to continue to exclude the Chinese after the treaty is abrogated by the action taken for that purpose by the Chinese government. After some sarcastic opposition by the Democrats who wished to make the point that riders were all right when desired by the majority, the rider was unanimously agreed to.

RUSSIA GETS A MOVE ON

BATTLESHIPS AND SUBMARINES

Her Great Desire Now, and She Is Buying and Building Japanese Transport Fleet.

London, April 19.—The news from the Far East has nothing in it this morning of fighting. St. Petersburg reports that Russia has bought two battleships in Germany, and is building fourteen submarines at the Neva works at St. Petersburg, all to be ready for business by July 15.

A St. Petersburg newspaper urges the evacuation of Port Arthur, while most Russians are now trying to decide what struck the Petropavlovsk, continuing to discredit the Jap mine explosion. It is said that the Russian capital that twenty Japanese transports were seen Sunday steaming in the direction of Yia Kow, and that the latest disasters to the Russian Port Arthur fleet have given the Japs entire control of the sea.

A dispatch from Seoul, dated 5 p. m. today says: "The commissioner of customs at Gensan reports that a strong Russian force, the number of which is not known, is advancing on the great south road, following the inland coast of the province of South Hamgyung. The Russians passed to the rear of Sungjin, which was occupied by a scouting party. The main body occupied Peuk Chyong, eighty miles north of Gensan, on the 17th inst."

BASED ON THE HAGUE DICTUM

We Are to Intervene in Case European Governments Attempt to Collect from San Domingo.

San Domingo, April 19.—United States Minister Powell has informed the minister of foreign affairs that in the event of any foreign power attempting to force settlement of the claims of its citizens, thus excluding the claims of other nationalities, he would in the name of his government take immediate charge of all the custom houses of the government, place in each a military guard and protect the same in the interest of the United States creditors, basing his action upon the recent decision of The Hague tribunal.

The energetic and decided action of Minister Powell has greatly relieved the present grave situation. By such action all such foreign claimants will stand upon an equal footing.

Will Reduce the Price of Gas.

Janesville, Wis., April 19.—The United Gas and Improvement company, of Philadelphia, which controls the gas plant in this city, has announced that on May 1 a general reduction of 50 cents a thousand will be made in all cities where the company controls the gas works.

Helen Gould in Poor Health.

St. Louis, April 19.—A letter has been received by the board of lady managers of the World's fair, from Miss Helen Gould, stating that owing to ill health she will not participate to any great extent in the social functions planned for the board's building at the exposition.

Sold to Stop Litigation.

Appleton, Wis., April 19.—The Green Bay and Mississippi Canal company has purchased the entire interests of the Kaukauna Water Power company, the price being \$118,000. The sale was on mortgage foreclosure, but was planned to stop litigation.

No Truth in the Report.

Chicago, April 19.—An official of the Standard Oil company said that there was no truth whatever in the story that the Standard Oil company is to build a large fleet to carry oil between the different cities on the great lakes.

SCORES ON THE BALL FIELDS

Chicago, April 19.—Following are the base ball scores:

League: At Cincinnati—Pittsburg 6, Cincinnati 5; at St. Louis—Chicago 7, St. Louis 6; at Philadelphia—New York 7, Philadelphia 6.

American: At New York—Philadelphia 5, New York 1; at Boston—Washington 0, Boston 5; at Chicago—Detroit 2, Chicago 9; at St. Louis—Cleveland 10, St. Louis 4.

PARKER THEIR CHOICE

New York Democrats Name Him for President, and Instruct Their Delegation.

HIS MAJORITY IS TWO TO ONE

Platform Declares for "Reasonable Revision" of the Tariff and Generally Hits at Roosevelt.

Albany, N. Y., April 19.—The Democratic state convention for the election of delegates to the national convention selected the following delegates-at-large: David B. Hill; Edward Murphy, Jr. of Troy; George Ehret, of New York city; and James W. Ridgeway, of Brooklyn. As alternates it se-

ALTON B. PARKER.

lected C. N. Butler, of Oswego; W. Cary Ely, of Buffalo; C. H. Ackerman, of Brown, and Francis Burton Harrison, of New York. The delegates were instructed by a vote of 301 to 149 for Alton B. Parker as the state's candidate for president.

Tammany Is Duly Recognized.

Tammany was not treated as badly as had been predicted, being allowed to name a delegate-at-large, Ehret, and an alternate, and one of the two electors-at-large, Harry Payne Whitney, the other being John T. Woodford. Among the district presidential electors are: Isador Straus, Robert B. Roosevelt, Hugh J. Grant, Herman Ridder and John D. Crimmins.

Salient Points of the Platform.

The platform adopted pledges again fidelity to Jeffersonian principles; opposes "executive encroachment upon the legislative or judicial department;" declares for keeping inviolate our treaties; opposes "unsteady national policies" and a "restless spirit;" declares for regulation of corporations by the state, and "taxation for public purposes only;" opposes trusts that oppress the people; urges economy in public expenditures; favors "reasonable revision of the tariff;" and the maintenance of state rights and home rule, and declares for the impartial maintenance of the rights of labor and capital.

What Is Said About Parker.

The presidential plank says: "The Democracy of New York favors the nomination for president of the United States of that distinguished Democrat and eminent jurist of our own state, Alton Brooks Parker; and the delegates selected by this convention are hereby instructed to present and support such nomination at the approaching national convention." Also the delegates are instructed to vote as a unit according to the will of the majority of the delegation.

GRADY OPPOSES INSTRUCTIONS.

And Has the Support of W. Bourke Cockran in His Views.

When Judge Parker's name was mentioned in the platform the audience rose to the occasion, with the exception of the Tammany delegates, and cheered loudly. McCarran moved the adoption of the platform and Senator Grady offered a minority amendment that declared that the delegation from New York to St. Louis would be most effective if left free to take such action as the majority thought best for Democratic success. There was added a eulogy of Judge Parker with the information that he has a cinch on his present position.

Senator Grady went on to argue in favor of his amendment, and challenged any friend of Judge Parker to find in Tammany's position any lack of appreciation of that able jurist. McCarran took up the cudgels for the other side. He began by saying that the smallest boy in the gallery did not believe a word that Senator Grady had said. "Senator Grady does not believe what he said himself," Senator McCarran went on.

Burke Cockran then spoke in advocacy of the minority resolutions, and declared the majority gave no reasons why Judge Parker's name should be presented at St. Louis. Hill rose after Cockran sat down. He made no speech. He just moved that the vote be taken by counties, and it was, and the Grady amendment was defeated.

Strike Is the Next Thing.

San Francisco, April 19.—The troubles between the street car men's union and the United Railways are believed to be reaching a critical stage.

Death of a Ball Player.

Canton, O., April 19.—Charles Ziegler, a ball player signed to play with Cincinnati for the present season, is dead.

GRIDLEY'S SON IS BURIED

Son of a Hero Laid in a Hero's Grave Beside His Father at Erie

Erie, Pa., April 19.—Second Lieutenant John Vincent Gridley, who was killed in the explosion on the battle-

LIEUTENANT J. V. GRIDLEY, ship Missouri, was buried beside his father, Captain Charles V. Gridley, the hero of Manila bay, in the Gridley circle at the Lakeside cemetery.

Hundreds of persons attended, and flags were displayed at half-mast on all government buildings and on nearly every residence along the streets traversed by the funeral procession. Court adjourned during the services out of respect to the young officer's grandfather, ex-Judge John P. Vincent, who is the Nestor of the Erie county bar.

TRIED TO SHIELD HER SON

Woman Preferred Conviction for Murder to Telling What She Knew of Her Husband's Death.

Stuebenville, O., April 19.—Affidavits filed in the court here are expected to free Mrs. Jennie Owens, who was recently convicted of murder in the first degree for the alleged killing of her husband, Calvin Owens, at Dungeon Hollow last October.

The affidavits set forth the confession of 12-year-old Melvin Owens that his father was killed by the accidental discharge of a revolver in his hands while he was struggling with his sister. Mrs. Owens had withheld this information from her attorneys, it is said, to shield her son, and only reluctantly admitted the facts when they were disclosed.

Press Parliament Vice Presidents.

St. Louis, April 19.—Charles H. Taylor, editor of the Boston Globe, president of the American Newspaper Publishers' association; Frank B. Noyes, editor and publisher of the Chicago Record-Herald, president of the Association Press, and P. V. Collins, of the Minneapolis Agriculturist, president of the National Editorial association, have accepted invitations to act as vice presidents for the United States for the World's Press parliament at St. Louis.

Illinois Man Is High Gun.

Kansas City, Mo., April 19.—At the fourth mid-winter interstate shoot at targets, C. M. Powers, of Decatur, Ill., made the highest score at Blue River park, breaking 192 out of a possible 200. W. R. Crosby, of O'Fallon, Ill., was second with a score of 189.

Japanese Plans Are Published.

Paris, April 19.—A dispatch to The Temps from St. Petersburg says the Japanese are preparing to cut the Russian line of communication along the peninsula of Liao Tung at the same time that they cross the Yalu river.

Well-Known Marksman Is Dead.

Boston, April 19.—Dr. Sumner Paine, the well-known revolver marksman, is dead of pneumonia at his residence here. Dr. Paine was a son of General Charles Paine, the yachtsman.

THE WEATHER

The following is the official weather forecast up to 8 o'clock tonight: Illinois—Indiana and Lower Michigan—Generally fair; variable winds, mostly northerly. Wisconsin—Fair; fresh northerly winds, becoming variable. Iowa—Warmer in northwest portion; northerly winds, becoming variable.

One Night to Denver

In as many hours as it once took days the journey from Chicago to Colorado is now comfortably made by the through train service of the

St. Paul and Union Pacific Line

Leave Chicago (Union Passenger Station) at 9:45 any morning, arrive Denver (Union Passenger Station) 2:30 the next afternoon. Or, leave Chicago 10:25 p. m. and arrive Denver 8:25 a. m. the second day. All meals served in dining cars. Union Stations in both cities.

Robert C. Jones, Michigan Passenger Agent, 32 Campus Martius, Detroit, Mich.
