## A GRAND SUCCESS

Was the Entertainment of the First and Second Grades.

The entertainment given by the pupils of the first and second grades in the opera house Wednesday night was a grand success.

The house was well filled when the curtain went up, displaying a scene that would remind one of a scene from an opera. The stage was filled with little folks dressed in costumes representing various nations. The effect was novel and pleasing.

The following program was given:

### PROGRAM

#### PART I.

Opening Chorus  
American Lullaby  
Norwegian Lullaby  
French Lullaby  
Swedish Lullaby  
Russian Lullaby  
Recitation, Rockaby Lady,  
Elizabeth Rouse

Scotch Lullaby  
Indian Lullaby  
Tableau

#### PART II.

Italian Lullaby  
Japanese Lullaby

German Lullaby  
Lullaby, Olcott  
Negro Lullaby  
Bohemian Lullaby  
Mother Goose Lullaby  
Good Night, Song and Drill  
Tableau

All parts were well rendered but the ones that seemed to particularly catch the popular fancy of the audience was the Indian Lullaby which represented the stage as an indian camp with its wigwam and a full tribe of indians. Another was the German Lullaby sung by four little girls in german. The big hit of the program however, was the Negro Lullaby by a number of little boys with their faces blackened and dressed to represent "colored mummies."

Two very fine tableaux were given, the first being on the indian camp, and the second representing good night. In the second little Aline Simpson was shown in a trundle, bed with her dollie sound asleep.

The teachers, Miss Carrie Williams and Mrs. W. L. Mercer deserve much praise for the efficient manner in which the little tots were trained.

If you want to attend the world's fair at St. Louis, the Michigan Central offers you a great opportunity during the month of June. You can go on any of the following dates for \$8.05 for the round trip. The 2-7-9-14-16-21-23-28-30. The tickets are good for one week.

## A QUIET WEDDING

Wednesday Morning, at the Home of John C. Dick.

### AMID FLOWERS AND FERNS

Miss Susie Butler Becomes Mrs. Orville Curtis.

In the presence of a few friends and relatives, Dr. Orville Curtis and Miss Susie Butler took the vows that made them man and wife, at the pleasant home of the bride's uncle, John C. Dick, on Day's avenue, at 10 o'clock Wednesday morning. Rev. W. J. Douglass officiating.

After the ceremony a wedding dinner was served, and the happy couple drove to Niles, where they took the one o'clock train for the east. The trip will occupy about two weeks. They will stop at Niagara Falls, Saratoga, Albany, the Adirondack mountains, down the Hudson river to New York city, Philadelphia and Washington, D. C.

The bride and groom are too well known in Buchanan to need any introduction. Miss Butler has lived all her life in this village and is one of the foremost of our young ladies. Dr. Curtis has only been a resident here the past eight years, but in that time has made many friends and built up a lucrative practice.

Quite a number of very nice presents were received by them, including some fine cut glass, and silver.

The out of town guests, were Dr. Z. L. Baldwin and wife of Niles, and L. N. Baldwin and wife of Manchester, Mich.

Upon their return Dr. and Mrs. Curtis will occupy their own home on Clark street, which is all furnished and ready for occupancy.

The Record extends congratulations.

### Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the Kidneys and Bowels, stimulate the Liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c. and that is returned if it don't give perfect satisfaction. Guaranteed by W. N. Brodriek Druggist.

Mothers lose their dread for that "terrible second summer" when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for bowel complaints of every sort.

## THE MODERN WOODMEN

Working Hard for One Million at Milwaukee.

The Modern Woodmen now have a membership of 800,000 and are working hard to bring the membership up to one million by June 1905, when they will hold their national meeting in Milwaukee.

Every part of the jurisdiction has representatives of the order securing new members, and it is today the

O. H. LAHM.

largest fraternal insurance organization in the world.

In this district which comprises, Berrien, Cass and Van Buren counties. District Deputy, O. H. Lahm, is doing good work for the order. He put in a large class at Berrien Springs Tuesday night, and is now working in Galien. Mr. Lahm will be a guest of the Buchanan camp at their meeting tonight.

Insure yourself by taking out a policy in the Modern Woodman.

### First Band Concert.

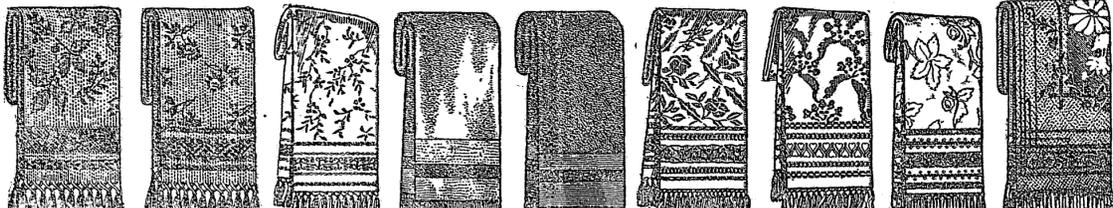

The citizens and country people were out in full force Wednesday evening, enjoying the first band concert of the season given by the Buchanan Cornet Band.

The boys are playing a high grade of music and a very noticeable improvement over their last year's work is to be seen. The night was an ideal one for a concert and it was appreciated, as the large crowd on the streets would testify.

The band boys have just elected new officers, and it is the policy of the new management to place the band in the front ranks of musical organizations of this kind in this section of the country.

The new officers elected are as follows:—President C. D. Stryker, Sec'y W. W. Wood, Treas. Jesse H. East, Business Mgr. John Morris.

Concerts will be given every Wednesday evening during the summer, unless prevented by the weather.

### At Lake Orion

One of the largest gatherings of its kind in the state this year will be held at Lake Orion, Mich., from June 28 to July 1. The occasion being the biennial convention of the Michigan Christian Endeavor union. Lake Orion is Michigan's leading Christian conference resort, and the entertainment of the delegates there will develop on the Endeavors of the first district, comprising Wayne, Oakland, Macomb and Monroe counties, who have constituted themselves hosts for the week. A rate of one fare for the round trip has been granted by the Michigan Passenger association from all parts of the state.

The convention's first session will be held Tuesday afternoon, June 28, and in the evening addresses will be delivered by Rev. Ernest G. Hildner of Detroit and Dr. W. F. Wilson of Hamilton, Ontario. During the following days speeches will be delivered by Von Ogden Vogt, of Boston, general secretary of the United Society of Christian Endeavor, and, aside from "Father" Clark, the most prominent man in the Christian Endeavor world today; Don O. Shelton of New York, young people's secretary of the American Missionary association; the Rev. Ernest Bourner Allen of Toledo, President F. W. Chamberlain of Detroit, Rev. C. Jacques of Albion, Rev. Carl S. Jones of Chelsea and dozens of other workers who are prominent in the Michigan society.

A feature of the convention will be the large number of conferences along lines of practical work. One entire evening, that of Thursday, will be devoted to a missionary conference under the leadership of Mr. Shelton. Friday afternoon will be devoted to recreation, sports and athletics, and the convention will close Friday night with an address on Personal Work, by Mr. Allen.

### "The Youth of Washington"

Whatever place fate and the wisdom of posterity may assign among historical writings to Dr. S. Weir Mitchell's "The Youth of Washington," now current as a serial in the Century magazine, it certainly has been found uncommonly interesting for the time being, and the audacity of Mr. Mitchell's attempt has been justified by its success. It reads like the truth, as, indeed, all the essential part of it is, and the character of the Mount Vernon lad is happily conceived and well sustained. After reading a page or so one is caught by the illusion and never thinks of the fictitious character of the matter or of the form of the matter he is reading. In the June installment we are to have young Washington as the surveyor of farm lands, telling of his experiences in his own words—words which, indeed, are frequently his own (for Dr. Mitchell uses all he can find of Washington's own writings in letters and the like,) but are as frequently the historian's.

### UNCOMMON WISDOM.

Buchanan People Should Profit by a Neighbor's Experience.

It's a wise man who profits by the experience of his friends and neighbors. Here is a chance to do it, and every man, woman or child in Buchanan who knows the misery of a bad back, the nervousness and restlessness caused by kidney complaint or the annoyance of urinary disorders, will show uncommon wisdom to profit by this citizen's advice.

Mrs. H. H. Huges of 185 Ogden Ave., Benton Harbor, whose husband is employed on the bridge gang for the Big Four, says: "I never got so much relief in such a short time as I did from Doan's Kidney Pills. For quite a while I had a dull pain and miserable feeling in my back, at times very severe. My husband used Doan's Kidney Pills some two years ago for backache and other kidney trouble, and was wonderfully benefited, in fact cured; so they were no new remedy to me. They acted promptly and stopped the pain and miserable feeling in my back. Doan's Kidney Pills are a reliable remedy and I do not hesitate to recommend them."

For sale by all dealers, price 50c. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

## SIX LIVES THE COST

Of Somebody's Blunder, Disobedience or Neglect on an Ohio Trolley Line.

### DEATH MAY CLAIM OTHERS

Several Are Badly Hurt—Lightning Kills Three Children—Fatal Handcar Accident.

Norwalk, O., June 3.—In the most terrible accident in the history of the Lake Shore Electric railway six persons were killed and a dozen or more others badly hurt as the result of a collision between an east-bound fast electric passenger car and a west-bound "package freight" car at Wells Corners, a few miles east of this city. The dead are: Charles Peck, Lorain O.; W. W. Sherwood, Garrettson, O.; Neil Sullivan Binghamton N. Y.; Clarence Ketcham, Lorain, O.; Ralph Williams, colored, Indianapolis; unidentified man carrying a key-ring with the name George Judd Taylor, Alliance, O.

**Names of the Worst Hurt.**  
The worst injured are: Steve Watego, body crushed, terribly cut about head; Frank Libling, and Amelia Furnice, Cleveland, heads cut; Rose Burns, Cleveland, head badly cut, teeth knocked out; Gertrude Miller, Cleveland, cheek cut, leg injured; M. McDonald, Cleveland, internal injuries, left side badly crushed; D. C. King, Fremont, head and back bruised; Mills Baebe, motorman passenger car, back injured; Mrs. W. R. Ensign, Toledo, leg broken; Mrs. R. G. Sayers, Toledo, head crushed; George Strugeon, motorman on package car, badly crushed.

**Others Expected to Die.**  
The accident occurred at a point quite a distance from any immediate means of communication, and assistance was sent from Norwalk, where every physician and nurse in the city was called into service and hurried to the place of the accident on a special car. All those killed were in the smoking compartment of the passenger car, and death came instantly, the bodies showing no sign of life when recovered. The injuries of several of those hurt are so serious that they may result fatally.

**Somebody Disobeyed the Rules.**  
It was necessary to jack up the freight car, which lay across the bodies of the men in the smoking compartment of the passenger car. Many of the women passengers had fainted; others were on their knees offering thanks for their safety. Manager Stout, of the Lake Shore electric, said as to the cause of the wreck: "Some one did not live up to the rules of the road; who it was I do not know."

### KILLED BY A LIGHTNING SHOCK

Three Children, One a Babe, Die Instantly—Father Fatally Hurt.

Booneville, Ind., June 3.—Three children were killed, one man fatally injured and a woman and child seriously injured by an electric shock which partly destroyed their home near Ferguson. The dead are: John Gentry, Jr., aged 14; Opal Gentry, aged 10, and a baby 2 years old. Fatally injured—John Gentry, Sr. Seriously injured—Mrs. Gentry and daughter Orta.

The storm swept over a greater portion of southern Indiana, doing much damage to telegraph and telephone lines, fences and out-buildings.

### Two Killed, One Wounded.

Evansville, Ind., June 3.—A freight train on the Louisville and Nashville railroad several miles below this city struck a handcar on a trestle. Two men were killed and one was injured by jumping from the track. The dead men are Wiley Blackburn, Bluff City, Ky., and W. L. Schultz, Adams, Tenn. Injured—William Scherer, of Carmi, Ill., hip dislocated.

### Kills the "Arbitration" Law.

Jefferson City, Mo., June 3.—The Missouri supreme court has decided that the state board of arbitration has no power to punish witnesses for contempt who refuse to testify before it. The law gave the circuit court power to punish witnesses who refuse to testify before the board, and the supreme court says this section of the law is unconstitutional. This, it is said, practically destroys the law.

### Labor Injunction Made Permanent.

Albuquerque, N. M., June 3.—Judge Baker, of the district court, has made permanent the injunction restraining the striking Santa Fe machinists from molesting the company's property or interfering with non-union employees. A motion by the machinists modify the injunction so as to permit them to converse with non-union men was denied.

### In Spite of the Duty.

Washington, June 3.—In a report to the department of commerce and labor United States Consul Hamm says that notwithstanding the duty of 25 cents a bushel Yorkshire, England, always is able to export to the United States large quantities of potatoes, and sell them there at a profit.

### Street Car Hits a Building.

Rockford, Ill., June 3.—A runaway car on the Rockford and Belvidere interurban railroad jumped the track at State and Wyman streets in this city, crashing into a business block with tremendous force. No one was much hurt.

### The Electric Lights.

We are pleased to state that the new lights that will be used on the streets have been shipped from the factory at Cleveland, Ohio. A gang of men will be put to work the first of next week on the line work. A large transformer arrived here Wednesday and will be installed at the new power house at once.

Unless some unforeseen accidents arise the lights will be turned on all over town by June 15.

### JURY IS DISCHARGED.

Buchanan Man Found Not Guilty of Assault.

Tuesday Judge Coolidge discharged the jury for the term and there will be no more jury trials until next September.

In the case of the People vs. John Stewart the jury found the defendant "not guilty." He was discharged. Attorney A. A. Worthington of Buchanan, defended the accused.

The defendant in the damage case of Susie E. Johnson of Benton Harbor vs. Benton Harbor & St. Joseph electric railway and light company asked for a continuance. This was granted by the court on payment of \$30 continuance fees, by the defendant. The case will be the first one tried in September.

The appeal in the case of Maggie Booth vs. Sylvester Parks was argued.

John Harris, the alleged horse thief, has been released from custody because of the disappearance of one of the principal witnesses.

Elmer Hawblitzel, Lakeville, says "Wine Lo-ti" (Coonley's beef, iron and wine with nerve) brought my wife out and done her more good than any other medicine we gave her. Give me two more bottles for my father." Price 50c a bottle at Dr. E. S. Dodd & Son's.

### Economy of the Commercial Automobile

The advantages accruing to the user and the community at large from the adoption of commercial automobiles are numerous.

First, there is the matter of economy,—economy of space, time and money. The business automobiles takes up less space in the stable, or on the street than the horse and wagon, and this is an advantage which is very important. As an example it may be stated that a Philadelphia firm was confronted with the problem of building a new stable for horses and trucks. Owing to the size of the stable needed, and to the high price of land, the cost of this was to have been two hundred and forty thousand dollars. Automobiles were investigated, and the fact that they took up so much less room than horses and trucks, resulted in the purchase of fifteen five-ton electric vehicles. An officer in a prominent New York department store stated recently that the automobiles used in their delivery work took up less than half the stable room formerly occupied by horses and wagons.

A business automobile can cover more ground in a day than a horse and wagon, a statement which has been demonstrated many times and under various conditions. A New York brewer found that an automobile truck could make three trips per day, as against one trip made by a horse-drawn truck. In the recent test, one automobile made one hundred service stops in a single day, a performance which could hardly be equaled by a horse-drawn vehicle.—From "The Automobile in Business," by J. A. Kingman, in the American monthly Review of Reviews for June.

### The House of Fulfillment

The second installment of George Madden Martin's first serial, The House of Fulfillment, in the June McClure's, carries the reader with sustained interest into the plot. Alexina, the heroine, returns from school to the Blair house and enters social life in Louisville with eager enthusiasm. The love affairs of her Aunt Harriet Blair and Major Rathbone come in for consideration and a dramatic climax is reached that fairly sweeps the reader to its conclusion.

Mrs. Martin's rare power of vitalizing her characters, of making them real and interesting, is shown to a marked degree. Her lovely little heroine wins and holds the affections from the first and there is every indication that Mrs. Martin is to repeat the success of her Emmy Lou.

## Climate and Crop Report.

The mean daily temperature for the week ending May 30 was 59.7 degrees, or 1.8 degrees above the normal; the average precipitation was 1.63 inches or 0.79 of an inch above the normal; the sunshine averaged 50 per cent of the possible amount.

Ample and well distributed showers have improved the condition of oats, barley, peas, meadows and pastures. Wheat and rye also show improvement, but their general condition still continues poor. The heavy showers have delayed field work somewhat, but good progress has been made in corn planting and sugar beet seeding.

Oats and barley are generally in good condition. Meadows and pastures are generally much improved; new meadows are quite promising, but old ones are rather short. Corn planting is now well advanced in all counties of the Lower Peninsula, but germination is slow on account of the cold condition of the soil, but more particularly on account of poor seed; some fields have been replanted. In the extreme southern counties early corn is up and receiving its first cultivation.

Sugar beet seeding is well advanced and germinating nicely, although rather slowly. Early potatoes are coming up nicely and late potato planting is in progress. Considerable bean ground has been prepared. All fruit prospects, except peaches, continue promising. Strawberries have blossomed quite heavily and at present indicate an abundant yield.

## WORLD'S FAIR HOTEL ACCOMMODATIONS.

St. Louis Hotelries Prepared to Handle Vast Throughs—Prices Not to Be Increased—Hotel Inside of the Exposition Grounds With a Capacity For 6,000 Guests.

Ample hotel accommodations have been provided for the World's Fair visitors at St. Louis both within and outside of the Exposition grounds.

The Exposition management has organized a free information service. A pamphlet has been issued for gratuitous circulation explaining many of the conveniences that have been provided. A list of all the hotels, with rates, is contained in this pamphlet. The entire city has been canvassed, and many thousands of private house-

POSITION OF VARIOUS INDUSTRIES BUILDING, WORLD'S FAIR.

holders have arranged to receive visitors. These houses are in every section of the city, and the rates at which guests will be received is a matter of record on the books of the bureau.

The inside inn, a hotel on the Exposition grounds, has a capacity for 6,000 guests. The Exposition management has control of the rates, which have been fixed at from \$1.50 to \$3.50 per day, European plan, including admission to the grounds. On the American plan the rates range from \$3 to \$5 per day. The hotel is 400 by 800 feet and its three stories high.

There are more than 150 established hotels in St. Louis, and a signed agreement has been made between many of their managers with the Exposition officials that rates shall not be raised during the Exposition period. Many new hotels have been built on sites adjacent to the Exposition grounds, and the published fixed rates warrant the assertion that no one need pay exorbitant rates for accommodations either at hotels or private houses.

Among the new hotels may be mentioned the Hotel Napoleon Bonaparte,

which stands at Clayton avenue and Skinker road, overlooking the Exposition grounds. This hostelry will accommodate 5,000 persons. The rates, European plan, are from \$1 to \$5 per day. The Grand View hotel, south of the Exposition, on Oakland avenue, has a capacity for 5,000 guests, and the rates are \$1 to \$1.50 per day, European, and \$2 to \$2.50 per day on the American plan. The Kenilworth, on West Park boulevard and Billon avenue, has a capacity of 1,500 guests, with a rate of \$1.50 per day.

The above mentioned are a few of the new hotels that have been erected near the Exposition grounds for the accommodation of World's Fair visitors. All told there are about two score. All are within easy walking distance, and all are situated on high ground, with comprehensive views of the grounds. All of the structures are well built, and in some of them the most luxurious quarters are obtainable. The rates are established and will not be increased during the Exposition.

## WHARFAGE FREE AT ST. LOUIS

Twenty Miles of River Front For Water Craft at World's Fair City.

Free wharfage will be given to all boats landing at St. Louis during the World's Fair. Traffic Manager Hill leary of the Exposition and Joseph P. Whyte, harbor and wharf commissioner of St. Louis, have decided on the locations assigned to the various kind of boats.

Yachts, steam launches and all boat propelled by their own power have been assigned wharf space between Choteau avenue and Middle street. These streets, running east and west, form the boundary lines for the central business district of the city.

House boats have been assigned wharf space north of Biddle street and south of Choteau avenue.

St. Louis has a river front of twenty miles. The Broadway line of the Transit company parallels the river from the city limits on the north to Jefferson Barracks on the south. At no point are the cars more than five blocks from the Mississippi river. The World's Fair may be reached for one fare by transferring to any of the eight lines that cross Broadway and reach the Exposition grounds.

No charge will be made for wharfage. Application for space should be made to the harbor and wharf commissioner at the City Hall, on Twelfth street, between Market street and Clark avenue.

## RELEASE IS ALL IN VAIN

Illinois Republicans Go to the Seventy-Eighth Ballot Without Making a Choice.

## CANNON PLEADS FOR A BREAK

Lowden Gets the Benefit of the One That Follows.

Doesn't Hold, and the Tide Turns the Other Way—Scrap Over a Yates Banner.

Springfield, Ill., June 3.—A desperate effort on the part of Republican leaders to break the deadlock in the state convention failed yesterday and at 8 p. m. the assemblage took a recess until 10 a. m. today without having nominated a candidate for governor. The attempt to bring about the break was a spectacular one. Ex-Representative Reeves, chairman of the committee on resolutions, and Chairman Cannon engineered the plan, which was made possible by the report of the committee on resolutions, which presented the resolution to the effect that the delegates be released from instructions.

Accepted by the Candidates. When it was presented Reeves called upon the candidates one by one, to come before the convention and express their opinion regarding it. Each declared in favor of the resolutions, speaking in the order named: Frank O. Lowden, Governor Yates, Charles S. Deneen, Attorney General Hamlin, Lawrence Y. Sherman, Representative Warner, and John H. Pierce. Then Reeves yielded a portion of his time to John W. Parker, who urged its adoption in letter, and in spirit as well.

Cannon Urges a Break. Speaker Cannon then demanded the attention of the convention and eloquently pleaded with the delegates to break the deadlock. He declared that the delegates must compromise, and called attention to the fact that the convention by its inaction was injuring the Republican party, not only in Illinois but in the entire nation. "Let's adopt this resolution," he said, "and then nominate a ticket; and let's do it today." There was not a vote against the resolution, but when the roll was called of the sixty-seventh ballot there was no substantial change from the ballots of the previous day. On the next ballot taken before the noon recess a number of the uninstructed delegates voted for Judge Sherman, and he received 80 votes.

## BREAK FROM YATES TO LOWDEN

Lowden's Vote Runs Up to 631, but the Tide Turns on Him.

When the convention reconvened for the afternoon session the long-expected break from Yates to Lowden came, and he got the vote of Speaker Cannon's district as well as the votes of several other counties, and some scattering delegates. For several ballots his vote increased until he reached a vote of 631. Then the tide turned, and on the closing ballot, the seventy-eighth, his vote had dropped to 532. It requires 752 to nominate. Yates' lowest vote during the day was 362, and his closing vote was 405. There was no material change in the vote of the other candidates.

Much excitement prevailed during the afternoon session. Lowden shouted several demonstrations in efforts to stampede the convention, and they made a great din. When Lowden began to fall back the Yates people began a demonstration, and let down from the girders a great banner bearing the quotation: "Hold the Fort." Chairman Cannon ordered it taken down, and a dozen ready hands, led by Sheriff Ben Brainerd, tore it from its fastenings and threw the wreck into the Morgan county Yates delegation. A free-for-all fight was prevented only by the interference of the police. The banner, after its rescue by the Yates' men, was hung up in the rear of the platform.

The first ballot of the day, the sixty-seventh, gave the following result: Yates, 471; Lowden, 408; Deneen, 388; Hamlin, 118; Warner, 39; Sherman, 53; Pierce, 26.

It was on the sixty-ninth ballot that the tide began to turn to Lowden, his vote running up to 573, and Yates' dropping to 388; Deneen going down to 368. Lowden's vote continued to increase up to the seventy-third ballot, which stood, fractions omitted: Yates, 362; Lowden, 631; Deneen, 345; Hamlin, 70; Warner, 29; Sherman, 40; Pierce, 24.

Then Lowden began to lose, getting only 620 on the seventy-fourth ballot, while Yates and Deneen gained, until the last ballot, the seventy-eighth, stood, fractions omitted: Yates, 405; Lowden, 532; Deneen, 365; Hamlin, 102; Warner, 28; Sherman, 45; Pierce, 24.

## PROHIBITIONISTS OF MICHIGAN

Samuel Dickie Heads Their State Ticket—Delegates Uninstructed.

Lansing, Mich., June 3. — At the Prohibition state convention sixty-three uninstructed district delegates to the national convention were elected with the following delegates-at-large: John Russell, New Haven; Fred W. Corbett, Adrian; Samuel Dickie, Albion; W. A. Taylor, Bellevue; J. K. Johnston, Grand Rapids; L. H. Ives, Mason; N. Norton Clark, Adrian. The following state ticket was nomi-

inated: Governor, Samuel Dickie, Albion; lieutenant governor, Trowbridge Johns, Hancock; secretary of state, Charles Evans, Greenville; treasurer, George H. Candee, Monroe; land commissioner, Jasper Smethzer, Vandalia; attorney general, Walter Westerman, Adrian; superintendent of public instruction, F. S. Goodrich, Albion; member of board of education, Alfred Lowther, Detroit.

Charles P. Russell, of Detroit, and Samuel Dickie, of Albion, were chosen presidential electors-at-large.

## TARIFF PLANK TO STAND PAT

President Wants No Hint of Revision in the Chicago Declaration.

Washington, June 3. — There have been several conferences in Washington within the last few days regarding the tariff plank to be inserted in the Republican platform by the Chicago convention. The general lines of this plank were laid down some weeks ago at the first conferences held, but it was not decided then whether the plank should stand firmly for protection or declare for some measure of revision by the party as the necessities of the case may require.

It is now understood that President Roosevelt desires the platform to stand absolutely for protection, with no suggestion of revision, and that this course will be followed. The president is convinced that practically no issue but the tariff will appear throughout the campaign.

## CANDIDACY OF FAIRBANKS

Harry New Seems to Think the Indiana Senator Is Only Receptive.

Chicago, June 3.—Colonel Harry S. New, national committeeman for Indiana, and one of the sub-committee on arrangements for the Republican national convention, has arrived in Chicago and joined Secretary Dover and Committeemen Schneider at the Annex headquarters. Asked in regard to the Fairbanks vice presidential candidacy he said:

"I don't really know much about that. Senator Fairbanks never has said, so far as I know, that he was a candidate for that nomination. The state convention did not instruct for him. As I understand it, if the other states all want him, then Indiana will be for him."

## Wyoming Instructs for Hearst.

Cheyenne, Wyo., June 3.—The state Democratic convention instructed for Hearst unanimously. He is strongly indorsed in resolutions.

## Will War on "Cut Price" Stores.

Chicago, June 3.—The Proprietary Druggists' association at its annual meeting here decided on a general reduction in prices of its goods to retail druggists, and determined that so-called "cut price" drug stores should be prohibited from handling the preparations of the members of the association.

## Illinois Man Promoted.

St. Louis, June 3.—Colonel Charles F. Mills, of Springfield, Ill., has been appointed chief of the live stock department of the World's fair, to succeed Frank D. Coburn, of Kansas, resigned. Colonel Mills has been connected with the department since its organization.

## Unique Gift to a College.

Lindsburg, Kan., June 3.—Colonel C. A. Smith, a millionaire lumber dealer of Minneapolis, who is here attending the commencement exercises of Bethany college, announces that he will give 100,000,000 feet of lumber to the college.

## McKinley Souvenir Distribution.

Cleveland, June 3.—The distribution of 37,000 souvenirs to Cleveland contributors to the McKinley memorial at Canton has begun here. The souvenir is a steel engraving of McKinley, the White House and the Canton home.

## Vandalism of a French Mob.

Toulon, France, June 3.—In consequence of the refusal of the pastor to admit to their first communion children who had sung anti-clerical songs a mob wrecked the pulpit and overturned statues in St. Jean's church.

## Admiral Dewey at Annapolis.

Annapolis, Md., June 3.—Admiral George Dewey was the feature at the graduation exercises at the Naval academy. He was given a salute of nineteen guns as he entered the grounds of the academy.

## Policemen Fight with Pistols.

Carthage, Mo., June 3.—Ed. Gaffney and A. Hurst, policemen, fought with pistols on the street here. Gaffney was shot in the stomach and will die. Hurst was shot in the head, but may recover.

## Downward Plunge of 2,000 Feet.

Monterey, Mex., June 3.—W. F. Clarke, a well known mining superintendent, slipped on a trail leading from Minas Nuevas to La Pama and fell a distance of fully 2,000 feet.

## \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Try for Health

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

At the present time however, it is hard to tell who will be nominated for this important office.

A wreck occurred on the Paw Paw river draw bridge, of the Pere Marquette railroad, between Benton Harbor and St. Joseph, Wednesday morning. The bridge was swung for the Highman Park launch to pass, when an engine not seeing the signals, came along at a 35 mile rate. The bridge had only swung about a foot when the engine run on. The ties were crushed and the engine settled onto the iron frame work of the bridge. The road was blocked until about 10 o'clock. The wreck necessitated the running of several trains by way of Michigan Central from New Buffalo to Buchanan and to Benton Harbor over the Buchanan branch of the Pere Marquette.

# IN MEMORIAM

## STEPHEN T. BAKER

Was born in Dutchess County, New York, Feb. 29, 1812 and died May 31, 1904, aged 92 years and 3 months. In 1835 he came from the east, traveling the entire distance by horse and wagon and settled in Laporte, Ind. Seven years later he moved to Michigan, being attracted by the water power in McCoy's creek, and with his brothers built a cloth dressing mill and established the town of Bakertown.

In 1838 he was married to Margaret McLane; three children were born to this union, Mrs. Wm. Redden, of New Paris, Ind., Mrs. Francis Wells, of Manchester, Oklahoma, and Louis, who died when 14 years old.

His first wife having died, he was married to Elanor Morgan in 1849, who died Nov. 12, 1901, on the anniversary of her birth. To this union were born five children, V. M. Baker, who lives on the old homestead, James C. Baker deceased, Mrs. Wm. Sparks, of this place, E. C. Baker and Geo. Baker, of Chicago.

The funeral was held from his late home yesterday afternoon, Rev. W. J. Douglass officiating, and interment was made in the Bakertown cemetery.

## We Wish Him Success.

The following clipping taken from the West Point, Miss. Leader, refers to one of our fellow townsmen. The Record wishes Squire abundant success in his new field.

S. A. Vinton, of Buchanan, Mich., with Messrs A. and O. Lucas of Birmingham, arrived in this city Monday, to begin active operation on the work of construction of the Acme Furniture Manufacturing company, which was recently organized here. The people of West Point and Clay county extend to them the very best wishes, and hope for them much success in their new business venture. That it will be a success, the start is an assured fact as these gentlemen are successful manufacturers, having been in the business all of their lives, and thoroughly understand all the details that go to make up a successful plant.

## July Designer

Patriotism is encouraged in the Designer for July by A Flag Drill, A Stars-and-stripes Entertainment, and A Fourth-of-July Party. Of interest pictorial and literary are Women Sculptors of the World's Fair, by Katherine Louise Smith; At the Sign of the Copper Kettle, by Isabel Gordon Curtis; The Monarch Butterfly, by Effie Thoms, and Four Rooms in a Summer Cottage, by Mary Kilsyth. For the fancyworker are given directions for making Pillow Lace, Old German Net Darning, Cut-work Embroidery, Hairpin Lace and How to Make a Cornshock Hat. The patterns illustrate the most up-to-date of summer garments, and the regular department is augmented by an article on bathing suits and another on sun-bonnets and shade hats. The short stories this month are Bedford of Bogue Bank, by T. Jenkins Hains; and How the Twins Celebrated, by Lillian C. Paschal.

## The Century's "Western Number."

The social changes in the West are in nothing more remarkable than in the fast-vanishing life of the Indians, and in the June Century, which is to be a "Western Number," this feature comes in for marked attention. Mr. Borglum's studies of Dakota life are the subject of an article on him entitled "A Sculptor of the Prairie," with examples of his work. "The Last Protest," a story of Montana by Henry Oyen, is written from personal experience of the Crow Indians, and Hamlin Garland gives two short stories of Indian life in Oklahoma. Ada Woodruff Anderson, under the title of "The Problem of Lisbeth," presents a story of the Washington hop-fields descriptive of the life of the Siwash in that State, and there is a reproduction in color of the painting, "The Sculptor and the King," by George de Forest Brush, whose studies of Indian life are well known.

## The Song of the Hack.

By profession I'm a writer  
Of the kind they call a "hack";  
First I send out funny verses  
(Which quite frequently come back),  
Next I write a gushing story  
Of a maiden and a man,  
Then I tell in simple language  
"How to Make a Feather Fan."  
Often times my mind will wonder  
To such themes as "Fancy Stock,"  
"Yields of Milk from Jersey Heifers,"  
"How to Make a Parrot Talk,"  
"Feed for Laying Hens in Winter,"  
"How to Cure a Wife Who Snores,"  
"Is the Human Race in Danger?"  
"Birds We See About Our Doors."  
I have never been a farmer,  
Never wielded rake and hoe,  
But I tell the country "hayseeds"  
How to make the melons grow;  
And I write on raising poultry  
All the latest methods heard;  
And "About Dehorning Cattle,"  
For the pay—so much per word.  
Anything will make a subject,  
Tho' 'twas never heard before,  
Study, think, imagine something  
And forthwith two dollars more  
Find their way into my pocket;  
Just an hour the brain to rack,  
Then the finished sketch or story—  
O' 'tis great to be a hack!  
—Charles H. Chesley, in Leslie's Monthly for June.

## Fight Will be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. ## DELUDED BY M'KNIGHT

Salsbury Says, in the Matter of a Pardon for the Water Deal Napoleon.

### SPROAT GIVES HIS TESTIMONY

Got \$13,500 of Salsbury—Heard of Conger's Demands—Miss Fiske Roasts the Varsity.

Grand Rapids, Mich., June 3.—At the trial of E. D. Conger Lant K. Salsbury testified that Senator Nichols and W. F. McKnight attempted to secure a pardon for him at the time he was released from the Detroit house of correction, and still had to answer to a bribery charge in the state court. McKnight reported to him that a pardon had been fully arranged for, but he found later that McKnight's statement was not true. William D. Pugh, claim clerk in Salsbury's office, testified to seeing E. D. Conger twice come out of Salsbury's office.

### Sproat Says He Got \$13,500.

J. Sproat, manager of the Grand Rapids Democrat, testified that Salsbury paid him \$13,500. He related conversations with several promoters, and said George Ellis was selected as holder of the promotion fund. Sproat was asked if on a Detroit trip there was any talk between him and Salsbury relative to the disposition of funds in Grand Rapids. To this Sproat replied:

### Conger Wanted \$20,000.

"Salsbury said he wanted \$5,000 for Senator Burns and \$10,000 to place in Ellis' hands to be paid to Editor Conger. I think he said something about Conger not playing fair; that he had paid him \$10,000, but that he had to have \$10,000 more." After testifying that he had never talked with Conger about the Lake Michigan water deal Sproat was turned over to the prosecution for redirect examination. This was in progress when court adjourned for the day.

### MRS. FISKE IN GREAT WRATH

Actress Roasts the Faculty of the Michigan University for Lack of Dramatic Appreciation.

Ann Arbor, Mich., June 3.—"I am disgusted with the faculty of the University of Michigan. They cannot appreciate high-class drama. If this had been the 'Girl from Maxim's' or some such production it would have been different." Mrs. Fiske flew into a high rage because the attendance at her production of Ibsen's "Hedda Gabler" was slim, and thus she scored the university authorities.

During the performance she ordered the curtain rung down until those in the gallery should cease munching peanuts. She vows she never will return here.

### His Wife Elopes Twice.

Flint, Mich., June 3.—Sherwood Kennison, who lived near Green Bay, Wis., came to this city in April in search of his wife, who he says had eloped with Arthur Hascall. Upon locating her he swore out a warrant for the arrest of both parties. Afterwards, upon the promise of his wife to go to Tuscola county and live with him on a farm, he withdrew the complaint. He is here again; his wife has eloped the second time with Hascall.

### Head First Dive Into Cement.

Flint, Mich., June 3.—While engaged in oiling the boxes of the main line of shafting at the cement plant near Fenton, Chester McCollum stepped off the end of the walking plank and fell head first a distance of forty feet into a bin of cement. The soft material broke the force of the fall and McCollum escaped with only severe injury to his left arm.

### Winners at a Spelling Match.

Bay City, Mich., June 3.—The spelling contest between the district schools of Bay county resulted in Linwood school, S. R. Hoobler, teacher, winning first place, Miss Jennie Souglin, wone first place, and Miss Lillian Rivkin, second place. Handsome prizes were awarded the winners.

### Starving Herself to Death.

Alpena, Mich., June 3.—Mrs. Mary Heinhold, the Alpena county woman in the county jail here awaiting trial on the charge of the murder of her husband with an ax, has been pronounced insane by local physicians. She refuses to eat and is slowly starving herself to death.

### Halderman and the Grand Rapids Team.

Grand Rapids, Mich., June 2.—Vice President Halderman, of the Central League, has wired that he will be in this city today to take over the local team, the ownership of which has been relinquished by A. H. Collins.

### Fall Kills a Little Girl.

Muir, Mich., June 3.—Genevieve Burling, 9-year-old daughter of Mr. and Mrs. Walter Burling, died from injuries received while jumping a rope gy falling.

### Child Burned to Death.

Paroda, Mich., June 3.—The house of William Horn, near Bridgeman, burned to the ground, and one of the children was burned to death.

### Blue Mine Resumes Operations.

Negaunee, Mich., June 3.—The Blue mine resumed operations after an idleness of two weeks. Three hundred men are put to work.

## TWO CRISES IN PROSPECT

Situation at Hanging Rock, O., Where There Are Labor Troubles Calling for Ohio Troops.

Hanging Rock, O., June 3.—A crisis in the strike situation here will be reached soon. The soldiers will take into custody a union man and striker who is said to be a leader of the forces which the troops have been sent here to quell. The soldiers have started a house-to-house search for arms and are confiscating all they find either in the hands of union or non-union men.

This is one crisis. The other is the imminence, as allaged, of an end to the strike. The state board of arbitration is at work, and it is stated that an agreement has nearly been reached. This agreement involves the discharge of the non-union men and the return of the union men to their old places, according to report.

### FIFTY THOUSAND ON CUT-TIME

Result of Orders to Curtail Production in the Textile Industry in New England.

Boston, June 3.—Orders have been issued by several cotton mill managers, instructing agents to curtail production on account of the depression in the textile industry. Many mills in southern and central New England have been running on short time all the spring, and at present about 50,000 operatives are affected.

The employees of the Pemberton mills, of Lawrence, have now been notified that the plant will be shut down tomorrow for two months. Similar notices were posted at other mills.

### GREATEST DISCOVERY YET

Professor Demonstrates That He Has Found the Microbe That Causes the "White Plague."

Naples, June 3.—Pofessor Schron, the discoverer of life in crystals, has given a public demonstration that he has found a new microbe which causes phthisis, a microbe quite different from that causing tuberculosis.

Professor Schron affirms that this discovery explains why Dr. Koch's serum not only did not cure phthisis, but aggravated it.

### Caught by a Folding-Bed.

Minneapolis, June 3.—Mrs. A. M. Woodward, wife of the president of the South Side State bank, is dead as the result of a folding-bed accident. While some of their household goods were being moved Mr. and Mrs. Woodward occupied an old folding-bed. It closed on them in the night. Three of Mrs. Woodward's cervical vertebrae were broken.

### No Conscription in England.

London, June 3.—War Secretary Arnold-Forster, answering a question in the house of commons, said the government had no intention of proposing to parliament the introduction of a system of conscription, as recommended by the royal commission on the volunteer and militia forces.

### Water Invades People's Homes.

Newton, Kan., June 3.—Six hundred people were driven from their homes by a sudden rise in Sand creek, which flows through the north and west parts of the city. The overflow was caused by heavy rains.

### "Culver" Day at the Fair.

St. Louis, June 3.—Yesterday at the World's fair was especially designated as "Culver day," in connection with "military week," and Governor Durbin, of Indiana, reviewed the Culver Military academy cadets.

### McClelland Beats Abe Attell.

St. Louis, June 3.—Jack McClelland, of Pittsburg, was given the decision over Abe Attell, of San Francisco, at the end of a fifteen-round bout here. Referee Sharp's decision was well received.

### THE WEATHER

The following is the official weather forecast for tonight:  
Illinois, Indiana, Lower Michigan and Wisconsin—Showers; fresh easterly winds.
