Dodd, candidate for register of deeds, Alva Sherwood, candidate for treasurer and Chas. E. White, candidate for prosecuting attorney were present at the meeting.

Both afternoon and evening meetings were attended by good sized crowds and much enthusiasm manifested.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed at all drug stores.

Monday Club

The M. L. Club met with Miss Maria Samson Monday, Oct. 10. Owing to the absence of the president, the vice president, Mrs. A. A. Worthington, called the meeting to order.

The meeting opened with singing "Jesus Lover of My Soul," Mrs. P. N. Weaver leading. Mrs. Graham presided at the piano. This was followed by the Lord's Prayer repeated in

Old Lady was Murdered so Says Coroner's Jury

Niles, Oct. 8.—(Special).—"We find that Mrs. Pauline Kellar was murdered by an unknown person"

This is the verdict returned this afternoon by the coroner's jury under direction of Coroner Alonzo Platt, after an inquest over the body of Mrs. Kellar, whose lifeless body was found in the basement of her house on the outskirts of the city Wednesday night.

From the testimony given by Mrs. P. C. Williams, a neighbor, the jury could not consistently return another verdict. Mrs. Williams says that when the body was first found, a blanket was wrapped around the head and shoulders, and that there was a gag in the mouth. Upon preparing the body for burial she found that a criminal assault had been committed.

The finding of the jury has caused a great sensation in this city. The officers are using every endeavor to get a trace of the murderer. If the fiend should be captured it is feared that a mob would lynch him in this city.

Mrs. Kellar lived alone in a small hut on the outskirts of the city. Wednesday night some of the neighbors called at the house and found the house open but no trace of the old lady. Mrs. Kellar was 75 years old and had not been feeling well for some time. A search was instituted and in going into the cellar the searchers were horrified to find the lifeless body of the woman. Her head and shoulders were covered with a blanket. There were some blood marks on her clothing, and as Mrs. Williams testified, a gag was in the mouth. At first it was thought that heart disease had caused death but Mrs. Williams in preparing the remains for burial made a horrible discovery. She neglected to tell the authorities until this morning when on the witness stand she told her story.

George Moyer, arrested by the officers Thursday morning for strange actions, had been impersonating an officer among the farmers and telling them that he was investigating the Kellar murder case. He was intoxicated. Moyer was in the county jail until last night when released by the order of the prosecuting attorney.

Chief of Police George Francis says that the verdict is absurd and unreasonable, and that there was no unimpeachable evidence to warrant such a verdict. Coroner Alonzo Platt says the verdict was a great surprise to him, and that he does not take it seriously, because the only evidence that indicated foul play was that of Mrs. P. B. Williams, who laid the body out, and who testified that deceased had, in her opinion, been ravished. Mr. Platt says, however, that the testimony of Dr. S. Belknap, who made a thorough examination of the body, disposed of Mrs. Williams' testimony, the doctor testifying that he could find no evidences whatever of an assault having been perpetrated, and giving it as his opinion that the woman died a natural death.

Sheriff Collins promptly came here from the county seat, upon learning the nature of the verdict returned by the jury, but after consulting with the coroner and the local police, he scouted the murder theory and returned home.

After the first flutter of excitement, which was occasioned by the announcement that the jury had returned a verdict to the effect that the woman had been murdered, the people generally speedily arrived at the conclusion that the verdict was erroneous, upon learning that no testimony had been adduced which warranted such a verdict.

The Christain Church Has a New Minister

The Christain church of Buchanan has engaged as minister Elder C. B. Black, of Indiana. He was not unknown to the older members of the church, as he held a successful meeting here about seventeen years ago. He is remembered as a preacher of exceptional ability. He ministered for the church at LaPorte Ind. for eight years; has been president of the Ministerial Association of the churches of Christ of that state, and has preached for churches in Kentucky, Indiana and Illinois. Elder Black preached for the Christain church here last Sunday morning and evening, exhibiting in both sermons his characteristic ability. Exposed At Last

The Niles Star has let the cat out of the bag, and declares that the Detroit Tribune is a Democratic paper. The Tribune has always posed as a Republican, but the Saturday issue of the Niles Star, in an unguarded moment gave the snap away. It seems that E. L. Curtis, secretary of the Berrien County Progress Club, a colored organization, interviewed W. H. Nimmo, representative of the Tribune, when he was in Niles with Mr. Ferris, to get him to use his influence with Mr. Ferris to obtain money for use among the colored voters. The Star in a long article asks Mr. Curtis several very pointed questions, among which is the following: "Why were you, the secretary of

this club, which you say is solid for Warner, so anxious to communicate with the representative of a Democratic newspaper, whose mission here was to do all in his power to advance the interests of Mr. Ferris, the Democratic candidate for governor?" This only places the Tribune before the people of Michigan in its true light, and is in accord with the stand it has taken during the present campaign, although passing as a Republican organ. It is only another case of a wolf in sheep's clothing.

IN MEMORIAM

LUCY SHAFER

Lucy Shaffer, daughter of George and Elizabeth Shaffer, was born Jan. 5, 1814 in Adams county, Pennsylvania, and died in Weesaw township Friday, Oct. 7, 1904, aged 90 years, 9 months, 2 days.

At the age of six years she moved to Stark county, Ohio, and there at age of sixteen she united with the Lutheran church, of which she remained a member till her death.

In 1855 she was married to John J. Smith. They moved at once to Mich., and settled near Buchanan. Two children were born to them, a daughter and a son both of whom died in childhood. Her husband died thirty-five years ago.

Last spring she came to the home of her brother, Ruben Shaffer, where she finished her long life. The funeral was held Sunday from the home of Ruben Shaffer, and interment was made in Oak Ridge cemetery, Buchanan.

Harvest Home Service

Sunday morning at the Evangelical church was held a harvest home service. The church was very appropriately decorated with fruits, grains and vegetables.

Back of the pulpit were two arches made of corn and apples, these were connected together by strings of pears, apples and gourds. Beets, cabbages, potatoes, turnips, pumpkins, peppers and sheaves of wheat all held a prominent place in the decorations. The music was arranged for this service and was particularly appropriate.

Rev. J. A. Halmhuber gave an excellent discourse from Gen. 8:22. The theme being "God's promises concerning harvests."

The church was well filled and the congregation much pleased with the services. Next Sunday afternoon a german service will be held in the Evangelical church at 8 o'clock, and one week from Sunday a service will be held especially for the old people.

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

Jim Sams, well known in Bangor, shocked the good people of Paw Paw one day last week by swallowing 37 raw eggs in four minutes. He'll do the stunt any day for a dollar, but it is a sickening sight.

By slashing just one hour and five minutes from the fastest record ever made by a passenger train on the Pere Marquette system between Chicago and Grand Rapids, the "meat" express was recently inaugurated on the line and the first train made the dash through New Buffalo from Chicago and on to Grand Rapids in six hours and five minutes. A contract has been closed by the officials of the road with the Union stock yards of Chicago to transport 200 cars of meat per week for seven years between Chicago and Buffalo, N. Y., under a guarantee to get the train at its destination within 32 hours. The best time of other roads has been 88 to 34 hours.

The Grand Rapids Herald, commenting upon the experience so far in counties of this state, in the operation of the primary method of nominations, says that it shows that where there are a dozen candidates for one office the man nominated will probably be selected by a small minority and not by a majority. By collusion with a few friends who are popular and will aid him as straw candidates, together with a deal made with friends in the opposite party, a shrewd manipulator can make an inclined plane for easy climbing over others' heads. The possibilities were revealed in the Kent county primaries and are likely to be more marked where candidates are more numerous, as in Wayne, where there are nearly 1,400 candidates, and as many as 67 for a single office.

The tendency of recent invention in "Applied Science" is shown by Henry Harrison Suplee in an interesting resume in the October-December Forum. It includes comments on hoisting apparatus in mines, method of obtaining high rotative speeds, the prevention of smoke, space telegraphy for the transmission of standard time, fireproof buildings, etc.

The old superstition that bad luck follows the shooting of a cat was verified the other day at Traverse City. John Stamp and Martin Winne started out on a hunting excursion, when a neighbor's wife asked them to dispose of a superfluous cat for her. Winne refused, citing the bad luck superstition, but Stamp killed the cat. A little later Winne shot at a rabbit, and a part of the charge hit some obstruction and flew back piercing Stamp's cheek. He won't kill any more cats.

"Take me back to So & So, and receive \$1 50 in trade," is the legend being made to adorn silver dollars up in the Saginaw and Genesee districts, and officials of the treasury department in Detroit are getting busy with an investigation. The trick consists merely in the dealer having a number of circular "stickers" printed, the size of a silver dollar, and plastering one side of the coin. Wherever that coin goes it advertises the man who plastered it and proclaims his liberality. Does this constitute a "mutilation or defacement" of the coin, within the meaning of the statute? Treasury Agent Dick has been advised that it does, and there may be some prosecutions.

MR. WARNER'S RECORD

He Has Been a Faithful Public Servant.

SPLENDIDLY EQUIPPED

For the Duties of Governor—Papers Now Assailing Him Also Vilified McKinley, Hanna and Chandler

No warmer commendation was ever given to the public acts and purposes of any man than was given by the Detroit Evening News and the Detroit Tribune in referring to the legislative course of Fred M. Warner during the sessions of 1895 and 1897. On May 31, 1895, at the close of Mr. Warner's first term as senator the News said of him:

"While the term corporation will always be associated with the legislature of 1895, and deservedly, too, it is only fair to say that there was a respectable minority in both houses, which had it been able to shape the course of affairs, would have made a brighter history. Such senators as Warner and seven others, naming them, and thirteen members of the house, naming them) were the more conspicuous of the little group at each end of the capitol whose course was uniformly the reverse of that marked out by the machine and other corporation lobbyists."

After Fred M. Warner's Second Term as Senator.

"There has been a small minority in the senate that has all along represented the patronizing way Thompson talked about them and of his ability to swing the majority for or against any bill as he pleased. They are Republicans like Warner (and five others, naming them). Their districts will make no mistake in re-electing them."—Detroit Evening News, June 1, 1897.

Warner's Record as State Senator.

Fred M. Warner voted in favor of a bill for the taxation of sleeping cars in 1895.

Fred M. Warner was one of the twelve senators who voted (May 27, 1897), to take the Michigan Central Charter Repeal bill from the committee.

Fred M. Warner voted for the so-called Atkinson Railroad Taxation bill at the special session of 1898. Discussing the measure (Senate Journal, 1898, p. 238) he said: "I am in favor of the passage of this bill. I think it is in the line of equal and just taxation and should be passed."

Fred M. Warner was one of the nine senators who voted against tabling the bill which provided for the reduction of railroad fares in the Upper Peninsula.

Fred M. Warner was one of the seventeen senators who voted in favor of increasing the rate of taxation of express companies in the special session of 1898.

The above is proof positive that Fred M. Warner never has been and never will be controlled by any man or machine or combination whatsoever.

DON'T LOSE SIGHT OF THIS FACT.

Republicans should not lose sight of the fact that the next legislature will reapportion and redistrict the state on congressional and legislative lines. How would you like to see the state gerrymandered by a legislature bossed by Czar Campau, with a governor, Campau-machine-made, to sign such a bill? It would, of course, mean a gerrymander that would outgerrymander anything ever before attempted, and for what purpose? To elect Campau United States senator and give the Democrats in congress comfort by the election of several Democratic congressmen two years hence. It would make Michigan the battle ground in the next congressional election with a probable Democratic electoral vote in 1908. Republicans will not be drawn into this trap.

WAS REPUBLICAN LEGISLATION.

The Australian ballot system means in the mind of pretty much everybody, the feature of an authorized uniform ballot furnished by official authority, and the private booth in which the voter prepares his ballot secure from observation. These are the effective safeguards that are in the mind of every man when he speaks of the Australian ballot, and without which no other features of it would be worth anything. Those are provided in the election law enacted by the Republican legislature of 1899, and approved by Gov. Cyrus G. Luce. The law was passed by the votes of 80 per cent of the Republican members, while 60 per cent of the democrats either voted against it or did not vote at all. In an amendment adopted by the succeeding Democratic legislature the feature of the blanket ballot was added; but that is a detail of trifling consequence beside the provision of the official ballot to be furnished by the state or the county, and the private voting booth, which are the features of vital consequence, and were both republican measures.

THE REPUBLICAN CANDIDATES.

It is reason for congratulation that the head of the Republican state ticket has with him as accompanying candidates a list of gentlemen who will bear the scrutiny and investigation which comes to men who desire official positions. In every instance they are cordially supported by their home friends, several of them having won their way to official promotion through faithful and intelligent service rendered in other official state relations. The Republicans of Michigan need have no fear as to the personal strength of their candidates before the people, nor as to their ability to well perform the duties that will come to them after their election.

THAT FERRIS MEETING

Distorted and Exaggerated Reports in Detroit Tribune

Every day the readers of the Detroit Tribune and Detroit evening News are regaled with a report of the Ferris meetings through the state, and accompanying the daily report is always a statement of "Life long republicans" who have decided to vote for Mr. Ferris for Governor. We had wondered how many of these statements were really true, and it was only after the meeting held here yesterday that we were able to form any just estimate of the veracity of the Tribune and News' statements.

The Detroit Tribune of this morning contains a column article which indicates that its reporter could see nearly if not quite double when he visited Cassopolis yesterday, for a crowd of about four hundred was exaggerated into a throng of seven hundred, which "filled the hall to overflowing" in spite of the few vacant chairs down in front. The Tribune also contained the usual tale of Republican support tendered Mr. Ferris, but only names definitely two such men, ex-postmaster C. C. Nelson and Dr. F. Goodwin. Mr. Nelson was seen this morning and denies positively that he has ever said he would vote for Mr. Ferris, and further adds that he has no intention of doing so. He will support Fred M. Warner for governor. Dr. Goodwin was also interviewed and, while he admires Mr. Ferris personally, he cannot vote for him for governor, but will give his loyal support to Fred M. Warner.

Inasmuch as the Tribune's statements concerning the Cassopolis meeting have been found to be false we can only conclude that its statements concerning other meetings are equally false and that it is engaged in a dishonest effort to create a stampede to Mr. Ferris' band wagon.

Postmaster Armstrong is another Republican quoted as calling upon Mr. Ferris, yet he is a known strong supporter of Warner, and called as a matter of courtesy. For the same reason the Republican county chairman, Jas. G. Hayden called upon Mr. Ferris in the presence of Ira Lundy, S. B. Turner and Gilbert White of the reception committee, and after introducing himself enjoyed a friendly chat with the Democratic candidate. —Cassopolis Vigilant, October 6.

The Telegraph Girts The Earth

And now electricity has ushered in an era more wonderful still. Trolley cars run through the streets of Seoul and Nagoya. The Empress-Dowager of China wires her decrees to the provincial governors. Telegraph lines belt the globe, enabling even the provincial journals to print the news of the entire world during the preceding twenty-four hours. We know today what occurred yesterday in Tokio and Beirut, Shanghai and Batanga. The total length of all telegraph lines in the world is 4,908,921 miles, the nerves of our modern civilization. It is not merely that Europe has 1,764,790 miles, America 2,516,548 miles and Australia 277,479 miles but that Africa has 99,409 miles and Asia 810,685 miles.

I found the telegraph in Japan and Korea, in China and the Philippines, in Burma, India, Arabia, Egypt and Palestine. Camping one night in far northern Laos, Siam, after a toilsome ride on elephants, I realized that I was 12,500 miles from home, at as remote a point, almost, as it would be possible for man to reach. All about was wilderness, relieved only by the few houses of a small hamlet. But walking into that tiny village, I found, at the police station a telephone connected with the telegraph office at Chiangmai, so that, though I was on the other side of the planet, I could have sent a telegram to my New York office in a few minutes. Nor was this an exceptional experience, for the telegraph is all over Siam, as indeed it is over many other Asiatic islands. From the recesses of Africa comes the report that the Congo telegraph line, which will ultimately stretch across the entire belt of Central Africa, already runs 800 miles up the Congo River, from the ocean to Kwamouth, the junction of the Kassei and Congo rivers.—From "The Opened World," by Arthur Judson Brown, in the American Monthly Review of Reviews for October.
