TOTALLY DESTROYED

Buchanan Cabinet Co's Plant a Mass of Ruins Caused by Fire Last Friday Night

\$35,000 TO \$40,000 LOSS

Is An Estimate of The Machinery, Lumber and Buildings

PRINCIPAL LOSERS IN FRIDAY NIGHT'S FIRE

Buchanan Cabinet Co. \$35,000 to \$40,000

B. F. Fisk, blacksmith shop \$1000

About 10:30 o'clock last Friday night Buchanan citizens were startled to hear the shrill shrieks of the fire alarm, which brought a greater part of the population to the scene, it being the Cabinet works and the blacksmith shop of B. F. Fisk, which were both totally destroyed.

The origin of the fire is thought to have been caused from a defective wire in the motor room and within 15 minutes after the alarm was sounded the entire building was a mass of flames, and with all the heroic efforts of the fireman it was impossible to extinguish the rapidly spreading blaze, which at one time threatened the destruction of a large part of the business portion of the town. Much praise is given on all sides to the diligent and faithful work of our firemen and the citizen's who so kindly rendered their assistance.

Nothing is left of the plant of the cabinet factory save the finishing room, which was across and alley and the wind was blowing softly from the opposite direction, otherwise this part of the industry would have met the same fate as the other buildings. The lumber yard, containing expensive oak and other valuable wood, caught fire and the stock is damaged or burned. The office building was consumed with the manufacturing plant, but the contents of the office was all saved. The machinery in the plant is valued at \$10,000 and the entire loss is estimated at from \$30,000 to \$40,000. The loss was fairly covered by insurance.

The Buchanan Cabinet Company is composed of John E. Barnes, president, of Benton Harbor, John Rouch, vice president; Alfred Richards, secretary and manager, and W. S. Wells of this place, and they are the heaviest losers. Mr. B. F. Fisk feels the loss of his blacksmith shop, as he carried no insurance. His loss is estimated at \$1000.

The residence portion on the east side of Day's avenue was in immediate danger and those residing in the near vicinity moved their goods away.

The Pears-East Grain Co. building caught fire about 15 or 20 times from flying debris, and by the diligent work of men, pouring water on the roof saved that building. The contents of the Argus office, which could be carried out; was taken away including the Village books, etc. In the Pears-East department, about \$5000 worth of clover seed and beans were carried to a place of safety.

The livery barn belonging to Bradley & Uplinger was on fire several times and the south side is badly charred. Had this building, with its loft filled with hay ignited, it is doubtful if our city would not have been numbered with the things of the past.

The building of W. E. Pennell was also on fire, but no damage sustained.

Help was called for from Michigan City, and the fire department at once responded, but on their arrival our boys had the fire under control. The Michigan City department, consisting of Chief Chas. Shuntz, 7 firemen and the engineer and firemen arrived here about 1 o'clock, but did not unload their steamer or hose cart. They at once relieved our boys, who were almost exhausted and stayed until about 3 o'clock when they returned to their city. A delay of about one-half an hour in Michigan City was caused by the swing bridge

being open, and it was impossible for them to get out of the yards, but when once started they made rapid time, getting here in 35 minutes.

A lunch, consisting of doughnuts, sandwiches and coffee were served to the firemen.

This disaster is a terrible loss to Buchanan for it has thrown in the neighborhood of 60 men, (with families) out of employment, besides the workmen all losing their tools. Although there are many rumors afloat as what will be done in regard to the building, etc., up to the present time no definite arrangements have been made.

NOTES

"Ajax" the old steamer proved to be as much a favorite with the people as ever.

The fireman played streams of water on the burning ruins until Saturday forenoon.

The Buchanan Cabinet Co. presented the firemen with a check for \$100 to show their appreciation for services rendered.

A straw stack at the home of Wm. Bainton was ignited by a spark from the fire but put out by Jas. Swift who was passing at the time.

Hiram Boyer and Billy Barlow had a narrow escape from injury when the smoke stack fell. It landed about two feet from them.

A number of our citizens received free shower baths, some of them 'tis said remarked it was the first bath they had taken this summer.

The Buchanan Cash grocery and C. D. Kent furnished refreshments for the fire fighters, and Mrs. Chas. Bishop opened her house and made the hot coffee.

It was a bad blaze, but the RECORD looks upon it in an optimistic light, as it could have been many times worse. However we sincerely hope that our village will not be visited by another such disastrous fire.

A number of the men employed at the Cabinet Works, who did not hear the fire alarm the night previous, went to work at the usual time, Saturday morning, and to their astonishment they found a mass of ruins.

Several peculiar incidents occurred which brought many a smile to the bystanders, such as one man carrying one sheet of paper from the Cabinet Co's. office across the street, and laying it down and then returning to render more assistance. Also another lifting the lumber from a pile and handing it to a second man who placed it back, where the first got it, then suddenly the first partie awoke and made the following remark to the second man, "Wait a minute; there is always a right and wrong way to do everything."

Proposed That National Banks Start Fund

Washington, Oct. 13.—Government insurance of national bank deposits is proposed by C. F. Ellis, of Erie, Pa., who has been attending the meeting of the national bankers' association.

His scheme is that every national bank shall make an annual contribution to a fund to be held in trust by the comptroller of the currency. He has figured that had every national bank contributed \$100 each year for the past five years the depositors of every bank that failed in that time could have been paid in full and that the fund would have \$2,000,000 on hand now. He thinks such a fund would increase public confidence in the banks.

VICTIM OF ACCIDENT

Benton Harbor Citizen to Avoid Horse Jumped in Front of Car

HE MET INSTANT DEATH

Skull Fractured, Neck Broken, Right Leg Cut off, and Otherwise Mangled

Benton Harbor, Oct. 13.—Peter Christensen, about 50 years of age, was instantly killed yesterday afternoon by a street car on the Morton Hill branch of the Benton Harbor and St. Joseph road.

The victim's skull was fractured, his neck broken, his right leg cut off below the knee and the bones in his left leg were broken above the knee. His body was otherwise mangled.

Mr. Christensen was talking with M. J. Vincent on East Main street. A car was coming up the hill and Vincent had a buggy which he stopped a few feet from the track. Mr. Christensen was standing between the carriage and the track and as the car approached the horse began to pitch. Christensen was much scared and jumped on the track immediately in front of the car, which was not going at a high rate and the motorman was ringing the bell.

Instant death was the result, as the victim practically jumped underneath the wheels of the car.

Dr. Ryno was first to reach the scene but there was no life in the body upon his arrival. Dr. Ryno says that as near as he can learn no one was to blame but Christensen who seemed less afraid of the car than of the frightened horse.

House cleaning time is drawing near, and plenty of old papers can be purchased at the Record office for that purpose.

Tidy and Griffin Murder Trials Begin Next Week at Goshen

Goshen, Oct. 13—Bert Tidy and William Griffin were arraigned in the circuit court and pleaded not guilty to the charge of murdering Robert Nodhruff, of Sodus, Mich., on August 24, the day of the excursion to Marion.

A special venire of sixteen jurors was ordered and the two men will be given separate trials. The trial of Tidy will begin next Tuesday. Attorney V. M. Gore and W. C. Hicks, of Benton Harbor and P. L. Turner have been engaged to defend both defendants.

The attorneys made a motion to quash four counts in the indictments but the court overruled it. No bond was given and the prisoners are still in jail.

The Goshen city council convened and appropriated \$800 for the purpose of paying the expenses of the trial in Elkhart county.

The ladies also entertained their gentleman friends. About twenty were present including Mr. Victor Metzger and Mr. Otis Beardsley, of Chicago. A jolly good time was enjoyed by all present, and at a late hour they all departed, wishing for many more happy events.

"The audience that greeted Edward N. Hoyt at the Majestic last night saw one of the best presentations of 'Hamlet' ever made in this city and were treated to a surprise by a pleasing and artistic young scholar. Mr. Hoyt showed the result of his early training in old school methods that seemed most pleasing to the select audience last night. He seemed to rise to the strong situation with more of a suggestion of genius than any Shakespearean star that has ever appeared at anything like popular prices in this city."—Grand Rapids Post. At Rough's Opera House next Wednesday night, Oct. 18.

Many amusing incidents are noted by the "man behind the counter" and here is one that occurred at an establishment in this place the other day. Clerks as a rule weigh up a little more—rather than a little less—than the amount of the article called for. A youngster came shuffling in, threw a nickel upon the counter and demanded five cents worth of cheese. When the skipper's abode had been carefully wrapped and tied the clerk announced that there was 6 cents worth and asked if that would be too much. "Nop," replied the youth, "guess we can eat it," and then walked out leaving the clerk to wonder where the cents profit was coming in.

Royally Entertained

Mrs. Myron Smith and Mrs. Glenn Smith royally entertained their friends Thursday and Friday afternoons of last week, and the weather was

perfect and the ladies came gowned in their prettiest, and with a spirit to have a good time which they without a doubt had.

Thursday afternoon, the ladies of the Colonial Dames and the Happy-Go-Lucky clubs were in attendance. Cards were the order of the afternoon. Mrs. R. J. Blake and Mrs. Frank Lamb being the champions, and after a draw, Mrs. Lamb winning the prize.

Friday afternoon, the Day's Avenue club and other friends of the hostesses were present, and in the card contest for that day Miss Mansfield and Mrs. Carrie Crotser won, Mrs. Crotser carrying off the prize. Delicious refreshments were served both days.

Appreciation

To the fire department and citizens of Buchanan and the Michigan City fire department, who so nobly fought the fire which destroyed the machinery department of our plant, we take this means of expressing our sincere appreciation and our heartfelt thanks. BUCHANAN CABINET CO.

Church Notes

EVANGELICAL
Harvest Home Festival last Sunday was well attended and the program was carried out as printed in our last edition. Rev. J. A. Halmhuber delivered the morning sermon to a large sized audience. Rev. Ruth preached in the afternoon to the Ladies Aid Society. The members of the Young People's Alliance had charge of the evening services, and a most appropriate program was rendered. The church was decorated with fruits and grains and wore a most pleasing aspect.

The "Rich" Broomholder

This is the way my brooms were before I got one of Rich's Broomholders. It was very hard work for me to sweep, as my broom was always bent so badly.

This is the way my broom is now for I have one of Rich's Broomholders and it makes my sweeping easy and my brooms last twice as long.

Several Reasons Why You Should Get One.

- 1st—It keeps the broom straight, as the bending of the broom is caused by standing on the floor and should be hung up at all times when not in use.
 - 2d—You always know where to find the broom when you use this holder.
 - 3d—How many times per day do you have to pick up your broom from the floor being knocked down by the children or yourself, where if you had one of these holders it would not happen.
 - 4th—Cleanliness and neatness are only attained around the house by keeping everything in place, and you cannot do so by letting your broom lay around.
 - 5th—Your broom will last twice as long by keeping it hung up.
 - 6th—Just think of the extra work and time lost every day, by trying to sweep with a broom that is all bent over and which would not happen if you had one of Rich's Broomholders.
- For sale by all stores which handle brooms, and if they have not got them, ask them to get them, or send 10 cents to me and I will forward you one prepaid.

OCTOBER, 17, 1905.

The America people produced \$80,000,000 worth of gold in 1904, thus adding a dollar to the per capita.

The South expects to get \$500,000,000 for its cotton crop this year, and will sit well up to the front on Thanksgiving day.

Joseph Jefferson left his favorite fishing reel to his friend Grover Cleveland. But no one is qualified to fall heir to the old gun that figured in the last act of Rip.

On the very eve of the council meeting, at which the officers were instructed to arrest all intoxicated persons found on the streets, one arrest was made when there should have been at least a dozen. If the law is to be enforced at all, enforce it in all cases.

Too much praise cannot be given the Buchanan Fire Department for their noble work performed at the disastrous fire which visited our village Friday night, but not alone is to the local fire department is due the praise for the heroic work done at the fire but to the Michigan City Department, for their ready response and assistance after arriving at the scene of disaster, and to the many of our citizens, who so untiringly worked throughout the fire. This faithful work only proves that there are heroes in time of peace.

On several occasions, during the past summer, the RECORD has called the attention of the village government to the fact that Ordinance No. 2 of the village ordinances, was not only being violated repeatedly, but was not being enforced against the violators. Saturday night the council held a special meeting and instructed the village officers to arrest every intoxicated person found in the village, and gave it out that the Ordinance should be enforced hereafter to the letter. This will be all right as far as it goes, and the council is to be commended upon its action, but simply fining a man for being drunk, or sending him to jail for thirty days (to be boarded at the expense of the village) has been tried so often, and as often proved a failure in eradicating the drunkenness in our village, that an amendment of more drastic proportions should be made to the ordinance now in force. Put the offenders at work upon our streets with a ball and chain attached

to them and make them work out the fine, and it would only be a short time before an abatement in this drunken brawling would be decidedly noticeable.

Four arrests for drunkenness were made, Monday morning, and the offender were taken before Justice Sabbin and bound over to circuit court in time of peace.

The west bound train, due here at 10.28, did not reach Buchanan last Saturday, until after 1 o'clock owing to an accident causing the engine to get derailed. The rear wheels came off the tender, and it was necessary to get another engine before continuing the journey.

The Advent Christian Conference of Southern Michigan and Northern Indian convened with the Advent Church last week from Thursday until Sunday night. Each meeting was well attended and good sermons were enjoyed by all present. A number of strangers were in attendance.

The remains of Mrs. Austin Reniger, of Detroit, was brought to this place, Monday for burial. Mrs. Reniger was formerly a Buchanan girl, and is better known as Alice Curtis, daughter of Mrs. Henry Curtis. The deceased father was brought here a year ago last July for burial. She leaves to mourn her untimely departure, a husband and mother, who accompanied the remains to this village.

Chief Frances has been asked by a Buchanan girl, who recently came to Niles to enter the employ of a local family as domestic, to recover for her a ring which she says see lent to a Niles young man some time ago. The young man refused to return the ring, she says, and so she applied to the officers. When questioned by the chief the young man denied that he had the ring. The girl may swear out a warrant for his arrest.—Niles Star.

There is a minister who appreciates the editor. A recent editorial convention he offered the following toast: "To save an editor from starvation, take his paper and pay for it promptly. To save him from bankruptcy, advertise in his paper liberally. To save him from despair, send him every item of news of which you can get hold. To save him from profanity, write your correspondence plainly on one side of the sheet and send it in as early as possible. To save him from mistakes, bury him. Dead people are the only ones who never make mistakes."

WAS A SAINT JOSEPH BOY

Injured in An Accident at Galien and
Dies Before His Aged Parent
Reaches Him

St. Joseph, Oct. 16.—An act of appreciation never before known in railroad circles in the history of southwestern Michigan was a volunteer order issued by Conductor Edward Riley of the Michigan Central system, sending a special passenger train from St. Joseph at an early hour yesterday morning to Galien, scene of a minor railroad accident, followed by the death of Fred Bastedo of St. Joseph.

Bastedo has been employed as brakeman on the Michigan Central for the last month. While stationed on the pilot of a locomotive Saturday night he was fatally injured by the locomotive colliding with several cars of sand standing on the side track near Galien. Following the accident, telegrams were received in this city stating that Bastedo was making a dying request to see his parents. The attending physician announced that the injured man had only a few hours to live.

Conductor Riley immediately made known the demand for a train and 20 minutes later a special train bearing the aged father of the injured brakeman was speeding against death from St. Joseph to Galien, a distance of 21 miles.

The journey was made in exactly 21 minutes, but young Bastedo had passed away about the time the train left this city.

His dying words were: "Have father tell mother."

State Items

Miss Pauline Seibel, 509 Sycamore St., of Lansing, while riding a horse at the farm of Frank Risely, north of that city last Friday, was thrown from the animal and dislocated her shoulder.

John Bloink, aged 59, of 1877 Concord avenue, Detroit, was robbed and possibly fatally slugged while returning home from a reception at St. Anthony's school Wednesday night. He was found unconscious Thursday morning on the sidewalk at the corner of Helen and Palmer avenues.

Miss Hilda Rogers, the Kalamazoo girl who was taken from a train at Buffalo last Wednesday, in a critical condition from poisoning, is still delirious and in a serious condition Wednesday. The attendants have been unable to secure from her any statement as to the cause of her condition.

The ill-fated schooner, Thomas Hume, which left Chicago 14 years ago loaded with lumber for Muskegon accompanied by the consort, Hans Simmons, has been found in 56 feet of water, ten miles northeast of Michigan City. Seven sailors were on the schooner when she foundered in a terrible storm, but none ever were found. Fishers, while dragging last week caught the wreck in their nets.

While threshing beans on Charles Gibbon's farm west of Lapeer, Mich., Jack McQuinn was caught in a belt on the machine and badly injured last Thursday. He was feeding the machine when the belt caught his coat sleeve and carried him up to a pulley which broke and released him. He was brought to the city in an unconscious condition. His injuries consist of two badly torn arms and several broken bones.

Before she can be arrested as one of the two women indicted by the coroner's jury as the slayers of her child, Mary Van Tassell, of Battle Creek, the 18 year old mother of the child, born alive at Lake Goguae, and drowned in a jar of water, will undoubtedly die. While her mother was giving testimony incriminating herself and her daughter, the latter grew worse. If her condition permits the girl will be taken to Nicholas hospital to save her life. If she recovers, arrest for infanticide is expected.

Michigan Crop Report
WHEAT

The final estimated yield of wheat is, in the northern counties 18 and in the central and southern counties and State 19 bushels per acre. The quality is good and only very little of it will be unfit for milling purposes. It is difficult to estimate the total yield, since the Department has no accurate data at hand concerning the acreage of the crop. Heretofore the supervisors have reported the number of acres of wheat on the ground in May and in this way it was generally easy to estimate the crop for a given year. Now that this report has been discontinued, other means will need to be adopted to fix the acreage. However, a conservative estimate would be 1,000,000 acres, which would indicate a crop of 19,000,000 bushels. The total number of bushels of wheat reported marketed by farmers at the flouring mills is 239,764, and at the elevators 110,037, or a total of 349,801 bushels. Of this whole amount 238,072 bushels were marketed in the southern four tiers of counties, 86,841 bushels in the central counties and 39,888 bushels in the northern counties. The total number of bushels of wheat reported marketed in the two months, August and September, is 817,960, which is 506,224 bushels more than reported in the same months last year. At 26 mills and elevators from which reports have been received, there was no wheat marketed in September. The acreage sown this fall as compared with an average is, in the southern and central counties 95, in the northern counties 96 and in the State 95. The average date of sowing wheat in the southern counties is September 20th, in the central counties September 17th, in the northern counties September 16th, and in the State September 19.
