AN AWFUL ACCIDENT

Italian Has Both Legs Crushed on the Rail

BECAME GREATLY EXCITED

And Fell over Backwards as Freight Train Bore Down upon Him at 30 Miles an Hour

A terrible accident occurred on the Michigan Central, two miles this side of Pokagon, about 10 o'clock Wednesday morning, when a westbound freight train, with Engineer George Binder at the throttle, ran down an Italian laborer, Zuccoras by name, crushing his two legs so badly that it was necessary for the attending surgeons to amputate them above the knees.

Zuccoras, who was a member of the steel gang, was standing on the track with his back to the freight train, which was running at about 30 miles an hour, and when his attention was called to it, he became confused and after a moment of fatal hesitation, tumbled over backwards, his feet dangling over the rail.

The engineer was powerless to avert the accident. The injured man was conveyed to the depot at Niles with all possible speed, was removed from there to a room that Mrs. Wurz kindly placed at the disposal of the railway officials. Dr. S. Belknap was hastily summoned, and everything possible was done to alleviate the poor fellow's sufferings.

Chas. Zuccoras' home is at Chicago Heights.

The shock of the accident, however, and the loss of blood rendered medical assistance unavailing, and Zuccoras passed away at 1 o'clock Wednesday afternoon.

Before his death Rev. Father Joos of Dowagiac was called and administered the sacrament.

A son of the deceased was present at Zuccoras' death and will decide on the funeral arrangements later. Undertaker Skalla took charge of the remains.

A NEW EXPRESS SYSTEM

Will be Installed in Buchanan. W. F. Runner Will be in Charge of Local Office

W. B. Harris, of Grand Rapids, general route agent of the United States Express Co., was in our village Tuesday making necessary arrangements for establishing an office of his company here. This express office will be installed in the drug store of Mr. W. F. Runner, who has been appointed agent. Mr. Runner is a very competent man and will fill this position to the best of his ability.

The United States Express Co. assumes the entire Pere Marquette system, which with the Lake Shore and Michigan Southern systems and connections, cover more territory than any other express company in Michigan. This will not only give Buchanan competition in express business, for nearly all parts of the country, and will in many cases entitle our citizens to only one rate, where now two rates have to be paid.

This company will be in readiness for patronage about November 1st, and goods will be delivered in a manner customary to express companies, as a delivery service is to be installed. We wish this company every success.

ROBERT C. JONES,
Michigan Pass'r Agent
32 Campus Martius, Detroit, Mich.

ATTACK ON BILLS

Committee on Sheriff's Claims Unearth Some Unusual Charges

OF A SENSATIONAL MEETING

Of the Board of Supervisors Held Wednesday Morning. They Want a Limited Salary for Sheriff

Vigorous attack upon the charges that are piled up against the county by the deputies of Sheriff Tennant.

Proposition to put office on salary basis.

After an effort to raise the salary of the county superintendent of schools on motion of Supervisor Walker the salary was kept at \$1,200 by a vote of 26 to 5.

Chairman E. S. Kelley of the committee on sheriff's claims sprung a sensation at the forenoon meeting of the board of supervisors. In the report which was signed by the full committee, including Supervisors Miller a republican of St. Joseph, and Nixon of Lake, a democrat, it was recommended that the sheriff be put on a salary and that the fee system be abolished. The report was a lengthy one and went into detail into a system of either stuffing accounts or of reckless book keeping.

It was found that in some cases where men arrested had paid a large sum for the costs that the county had been asked for the costs in the same case; it was found that in one or more cases one deputy was able to charge up for five half days' work in one day, and a list of other irregularities.

As soon as the report was read Chairman Kelley moved its adoption. In making this motion Mr. Kelley stated that the sheriff's work was one of danger and that the officer should be well paid. He believed that the fee system was a back number and that Berrien should relegate it to the woods along with the larger counties of the state. The report was accepted and placed on file.

Mr. Daigneau, of Benton Harbor offered the following resolution:

"Resolved, That the chair appoint a committee of three to investigate the matter of placing our sheriff officers under stated salaries and thus doing away with the fee system. Said committee to report at the January session with such recommendation as they may deem best."

In offering this resolution Mr. Daigneau said that the salary system was the most satisfactory system to good officials while grafters and others liked the fee system the best.

Sheriff Tennant was present and he secured the floor to say that the fee system in Indiana was a failure. In the case of horse stealing, for instance, under the salary system, the officers would chase the thief to the edge of his own county and then quit.

Supervisor Kelley interrupted the address of the sheriff by stating that he was out of order and that if he had anything to say he would be given a chance before the committee which will be appointed.

The investigation of the alleged overcharges by the sheriff's office will be watched with great interest. It is charged that each year the expense of the office had been growing out of proportion to the growth of population and the whole matter will be thoroughly investigated before the board of supervisors is through with the matter. The committee on claims believes that the fee system is responsible for the leak.

Your committee on sheriffs, justices and constables' claims, to whom was referred claim No. 252, Martin Dwan beg to report as follows:

This claim, originally amounting to \$401.90, was before the April session of the board, and was not reached for consideration by this committee until late in the session. There were some items which the committee were not satisfied should be allowed,

BANANA COFFEE

but owing to the fact that the session was about to close there was not sufficient time in which to give them proper consideration. They were therefore stricken from the bill with the understanding that they might again be brought to the attention of the board at the October session.

The items so stricken out amounted in all to the sum of \$33.12. This sum is made up chiefly of charges for per diem and expenses of the officer. Under the recent ruling of the board regarding allowance for expenses, the latter items have been allowed in full by your committee, and after careful consideration some of the charges for service have also been allowed. Some of the items, however, do not appear to your committee to be legitimate charges, and we cannot, therefore, consistently recommend their allowance.—News Palladium.

WEDDED IN RURAL HOME

Marriage of Mr. George W. Rose and Miss Laura E. Donley

The marriage of Miss Laura E. Donley, daughter of Mr. and Mrs. John Donley, residing six miles south west of this place, and George W. Rose, of Buchanan, Mich., took place at 8:30 o'clock Wednesday evening, at the residence of the bridesparents. About 75 relatives being present.

The impressive ceremony was performed by Rev. J. A. Halmhuber, pastor of the Evangelical church, in this place, which united forever the hands and hearts of the popular young couple.

As the strains of the Lohengrin wedding march was given out by the organ, presided over by Miss Emma Conrad of Buchanan, cousin of the groom. The line of march was formed, lead by Rev. J. A. Halmhuber,

followed by groom and best man, Bert Mitchell, who was also ring bearer, then came Gertrude E. Donley who was brides maid and bride of honor, followed by the bride leaning on the arm of her father who gave her away. The bridal party took up a position under a beautiful arch constructed of white lace, roses and smilax.

The bride was becomingly attired in an exquisite garment of cream silk mull with overlace and ribbon trimmings, and wore a large bridal veil. She carried a shower bouquet of white roses, and presented a very charming appearance. The groom wore a faultlessly fitting suit of black with a R. L. C. A. badge in the lapel of his coat.

The house was prettily decorated in white, the color scheme of the wedding.

After the officiating minister had administered the solemn obligation, there came a wedding supper served by young lady friends of the bride.

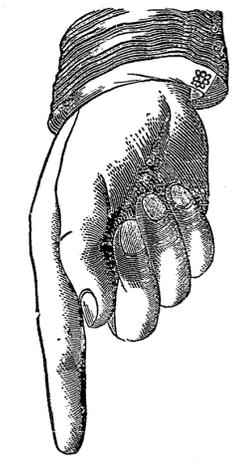

The bride is a most estimable young lady and has a host of friends that extend their hearty congratulations.

The happy couple were the recipients of many nice presents. After a wedding trip Mr. and Mrs. Rose will take up their residence in Buchanan at which place the groom is a rural letter carrier. They will be at home after Nov. 1st., at 128 South Oak street.

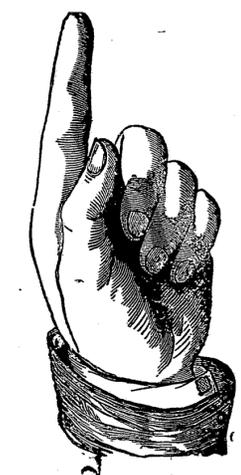

The guests present from out of town were, Miss Julia Donnelly from Dowagiac, Mrs. Mary Custer, Mr. and Mrs. John Rhone and Mrs. Lydia Lafue, of South Bend.

House cleaning time is drawing near, and plenty of old papers can be purchased at the Record office for that purpose.

The Record is the oldest newspaper in Berrien county. Read it.

Frank Phiscator Buys More Claims in
Alaska

A Dawson dispatch says of the Baroda gold king: "Frank Phiscator has bought claim No. 7 above discovery on Bonanza from Reese & McDonald, and claims No. 4 and 5, Eldorado, from Washburn and the lucky laymen.

"In connection with his original claim, Frank will work the new properties and continue to be one of the biggest operators on the Yukon.

In making the new purchase Phiscator shows his faith in the Klondike. He was in the Yukon before the Klondike was struck, and his operations on Eldorado the last few seasons have been among the heaviest pursued by the creek men.

"This summer he had 49 men at work on one of his claims, doing nothing but dead work."

"The Earl and the Girl."

A combination of circumstances last week gave the Grand Opera House one of the delightful surprises of the season, Richard Mansfield was to have made the first production in English of Schiller's "Don Carlos" at the Grand on the 16th inst., but the magnitude of the preparation compelled him to defer this event till the 30th of this month. Another event scheduled for last Monday was the re-opening of the celebrated Casino Theatre, New York. Strikes kept the work back and "The Earl and the Girl", which had been in preparation for months was suddenly homeless. It was promptly sent to Chicago to the Grand to fill the two weeks Mr. Mansfield vacated.

Eddie Foy, the unusual comedian, the man with the twisted face, is at the head of "The Earl and the Girl" Company. He is a fixed quantity in Chicago's affections, but his hit in "The Earl and the Girl" surprised even him. He was so hoarse after all the encores demanded on his earlier songs that, when it came to his last song, he talked the first verse, whispered the second, and whistled the third.

The "mostly girls" are likewise mostly the most engaging lot of pulchrous femalinity that the glittering side of Chicago footlights has known in many a day. The comedy is crisp as popcorn and the songs fetching as unlimited encores can define them.

Among the great favorites in the caste are Georgie Caine, Zelma Rawlston, Nellie McCoy, Amelia Summer-ville and Violet Hollis. And the winner pickers are tipped to keep an eye on Victor Morley. He's new and mighty good, and this won't be a secret long.

In another week the long train bringing Richard Mansfield, his enormous company, and all the vast paraphernalia which environ the great actor will roll in from New York. Chicago will, at the Grand Opera House of course, on Monday, Nov. 30, see, for the first time, Mansfield in his new role of Don Carlos. In a superb production of Schiller's "Don Carlos." It will be the event of several seasons. Mansfield's present engagement is for one week only with one matinee, a total of positively seven appearances only.

BIG FLOUR TONNAGE

That for Last Week the Greatest Ever Known Here

The greatest flour tonnage ever known went out of Minneapolis last week, the mills turning over to the railroads the enormous quantity of 481,937 barrels. This is equal to 1,240,523 bushels of wheat, on the conservative estimate of 4.40 bushels to the barrel of flour.—Minneapolis Journal.

Auction

Saturday Oct. 21st. at 2:30 p. m. on Main street (Runner's drug store,) household goods, buggy, harness, blankets, whips, etc.

J. M. HUBBELL.

COMFORTING WORDS

Many a Buchanan Household Will Find Them So

To have the pains and aches of a bad back removed; to be entirely free from annoying dangerous urinary disorders, is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Buchanan readers.

Mrs. W. F. Neiman, of North Fourth street, Niles, Mich., says: "Both my husband and I used Doan's Kidney Pills and in both cases a cure was the result. I had an awful time with a lame back for months and had become so bad that I could not turn over in bed without being helped. When I took cold it was sure to settle in my kidneys and then my back would almost give out and I could scarcely get around. I was also troubled with dizziness if I bent over and there were symptoms and weaknesses which showed my kidneys to be very much disordered. My husband got Doan's Kidney Pills for me and before I had taken all of one box I was cured and had no return of the trouble since. My husband was affected much with the same as I and he praises this valuable remedy as highly as I do."

Plenty more proof like this from Buchanan people. Call at W. N. Brodrick's drug store and ask what his customers report. For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

BUILDING OF CONCRETE.

Suggestions for Obtaining Cheap and Durable Building Material Where Stone Is Scarce.

The absence of good building material in the shape of stone or wood in many districts has brought before farmers the important question of building farm structures out of cement and sand. The success of this

method of construction has been thoroughly proven in a great number of cases, in the large structures now standing, a number of which are very old and quite beautiful buildings.

Many of the most successful constructors of such buildings make building blocks by molding the concrete, when mixed in a simple mold of wood formed by nailing together four one-inch planks, which are eight inches wide, and setting these on a smooth surface, preferably of rough timber, then pouring the mixed concrete into them and allowing to stand until solid. The sketch illustrates one of these devices.

Many of the larger but roughly constructed concrete works are being built by pouring the concrete between the temporary walls built of one-inch boards. Practically all of the heavy foundation work now being constructed in the cities, under large buildings, is made in this way. For small farm structures this is perhaps the cheapest method to employ. The procedure of such building is about as follows:

First there is constructed a solid wall of one-inch planking on the inner side of the ground, where the foundation of the wall is to stand. This is erected to a height of some four feet, with the smooth side out, being firmly braced within. Another wall of the same nature is constructed and placed facing it six to eight inches away, as the thickness of the wall is desired. When this has been constructed all around in the manner described, concrete is poured into this mold and allowed to harden. As often as the mold is filled some boards are added above and the concrete poured in, in layers of one to two feet deep. The board walls are allowed to remain until the concrete is quite solid.

The double wall is by far the most practical, since it has an air-space extending from cellar to joist, which retards the passage of moisture, heat or cold and makes the building much more stable. The inside wall supports the floor joists and is consequently made thicker than the outside wall. Usually the inner wall is five inches and the outer wall three inches thick, and the space four inches wide. The two must be fastened together, as they are built by the insertion of a number of small iron rods, which to prevent rusting should be galvanized. These may be placed in the concrete as the walls are raised.

Several machines are on the market for building these walls, consisting simply of a frame for the two outside surfaces, with a mold for the cavity. But very good success has been obtained by the use of constructed molds, says Farm and Home. These walls are usually smooth enough on the inside to take a putty finish and paint without further treatment.

The concrete used for this purpose, which is meeting with widest success, is made of one part of cement, three parts sand and five parts of broken stone or nut gravel. This mixture is prepared as it is used, since if allowed to stand any length of time after mixing it will harden and not make a solid wall.

Such a building is practically fire-proof, and if the walls are not thick will be very dry within. If the walls are very thick, however, the moisture will collect upon the insides of them and will not allow the plaster to remain without cracking.

A comparison of cost between frame and brick construction is considerably in favor of concrete. In an estimate on a building 24x36 feet, two stories high, the frame cost \$520, brick \$722, while a similar construction of concrete, with two walls, the outer three inches and the inner five inches thick, would cost about \$432.

Machines for the molding of single and two-piece building blocks are on the market, ranging in cost from \$25 to \$500, but for ordinary frame structures the scaffolding molds are by far the cheapest and most practical. For fancy structures, dwelling houses, etc., molded concrete blocks are very serviceable and may be introduced in any part of the wall to decorate it.

Excellent Cosmetic.

The following is said to be one of the finest skin foods for eradicating wrinkles: White wax, half ounce; spermaceti, half ounce; coconut oil, one ounce; lanolin, one ounce; oil of sweet almonds, two ounces; half ounce each of alcohol and elderflower water, and four drops of benzoin. Cut up the wax and the spermaceti very fine and put in a porcelain-lined kettle; add the almond oil, the lanolin and coconut oil; set the kettle in a pan of hot water (it should not boil); have the alcohol and elderflower water hot (by setting the dish containing them in a dish of hot water), and beat them very gradually into the wax and oils with an egg-beater, keeping all ingredients warm. When nearly cold, add the tincture of benzoin, drop by drop, and the perfume, if any is to be used. Beat all until it is smooth. Because of the oils, it will not attain the consistency of cold cream, but should not be grainy. Coconut butter is a fine fatter for the face and neck, but is rather coarse for constant use on the face.

An interesting damage suit was filed in the circuit court Wednesday afternoon by Attorney James O'Hara for Frank Phiscator. The case is one that the people of the county will be familiar with when it comes to trial. Dwight C. Rice is named as the defendant and the charge is malicious prosecution.

Upon the receipt of the Galien Advocate exchange, we notice a decided improvement in both the form and head line of that sheet. By glancing over this sheet you can readily see that their statement, announcing that they have a new supply of type, stock, a new press and last but not least a new man, is certainly verified. We wish our neighbor every success with his new outfit.

Miss Dorothy Currier was most pleasantly surprised last Tuesday evening, when the members of her Sunday School class of the Methodist church, came to spend the evening with her. There were about 15 present, and they spent the evening in games and music. Light refreshments were served, after which they all departed for their various homes. A good time is reported by all.

Last Saturday night at 6 o'clock the fire alarm at Benton Harbor sounded, it being the press room of the News-Palladium office, but owing to the prompt response of the fire department, but a small amount of damage resulted. But little water was used, for the rapidly spreading flames were extinguished by the use of chemicals, otherwise the ton of paper stock, that was recently placed in the press room, would have been entirely ruined. The building was somewhat damaged, and the belting was burned from the line shafting. The cause of the fire was from a defective wire.

On October 24 and 25 the Berries County Sunday School Association will hold its 27th annual convention at the Baptist church in Niles. Plans are now well under headway and every possible effort will be put forth to make this meeting equal to or even surpass any previous convention. We have been very fortunate in securing excellent help from outside the county. Mr. S. H. Myers of the Tul- lar & Meridith company of New York City, will have charge of the music throughout the convention. Plans are being made to have a large chorus and also an orchestra for the evening sessions.

ATTENTION EVERYBODY

Now is the time to buy you Robes, Horse Blankets Fur and Imitation Buffalo Overcoats, Whips, Cutters, Bob Sleighs, Single and Double Harness and in fact all kinds of winter goods. Moonshiner's Daughter at Rough's Opera House, Wednesday, Oct. 25.

Don't forget that Horace Shadel can please you with his workmanship.

Saturday, try some of our home made cakes, they are sweet and delicious at Portz's.

For watch and jewelry repairing try Horace Shadel now with Mr. Elson, opposite Hotel.

FOR SALE—No. 9 cook stove in good repair. A bargain. JOHN FERROTT, Oct. 24p.

Guy Ravin has gone to Chicago, and commence work next Monday as operator for the the Western Union in that city.

The Buchanan Cabinet Company showed their appreciation of the Michigan City fire department by sending them a check.

Stops itching instantly, Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabies—Doan's ointment. At any drug store.

Geo. R. Rich sold his entire interest in the Geo. R. Rich Manufacturing Company this week, and in the future will in no way be connected with the company. Mr. Rich informs us he will take a much needed rest before going into any other pursuit.

Twins, a boy and girl, weighing six pounds each, were born to Mr. and Mrs. Frank Nelson, Saturday morning. Frank's friends say, that he will be too busy from this time on to attend to the duties of the Highway Commissioners office.

Mr. H. C. Wright had the misfortune to sustain a severe accident, last Tuesday evening, while out to his farm southwest of this place. He in company with the hired man, were endeavoring to place a board across a stall to keep the horse in, when the animal reared, knocking Mr. Wright down, and causing him to fracture his collar bone in two places, besides receiving other injuries.

Rev. and Mrs. Frank Mutchler, of Bayard, Iowa, have been visiting relatives in Buchanan this week. They will start for Madison, Wis., today for a visit with Mrs. Mutchler's people. We are glad to note that Frank has been pushing to the front in his western home, and is held in high esteem by his congregation and fellow laborers.

Miss Mae Tarrant was surprised at her home on Oak street, Wednesday evening, when about 26 of her school friends gathered to spend the evening. Miss Mae is soon to leave her large circle of friends, and this was a little farewell gathering. The evening was indulged in by playing games. Light refreshment were served, and a jolly good time is reported.

A new and original love story entitled "The Moonshiner's Daughter," is a really dramatic surprise as well as a scenic treat. There is nothing of the cheap melodrama about it; all the players are of the higher order and the scenic effects superior in every detail and no expense has been spared to make the production high class in every particular. The public may expect something out of the ordinary and well worth seeing. The engagement here is for Rough's Opera House, Wednesday, Oct. 25.

"Dr. Thomas' Eclectric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Witaeare, Buffalo, N. Y.

The P. and H. society of the Larger Hope church will meet with Mrs. E. E. Fox, Wednesday afternoon at 1:00 o'clock for work.

Mrs. Ed. Bates was most agreeably surprised, Wednesday, when about 26 of her friends came to spend the day with her, and remind her of her (?) birthday. The guests arrived at about 10:30 o'clock in the morning with well filled baskets, and at noon all sat down to a bounteous repast. The day was spent in social intercourse, after which all departed for their homes late in the afternoon, wishing their hostess many more enjoyable birthdays. Mrs. Bates was the recipient of a number of beautiful presents.

Don't Waste Your Fuel!

Fuel bills cut such a figure—that we were very careful to select the best furnace to sell.

Round Oak Furnace

"As Easily Regulated as a Lamp"—and the scientific, carefully figured out plan, made especially for your home (furnished FREE). When your Round Oak Furnace is installed—you have ample heat—healthful heat—the right heat—where and when you want it—a fire under perfect control—burns any kind of fuel most convenient, and saves money in fuel every day it runs.

Pound for pound—ton for ton—(coal bills considered)—the Round Oak costs less than any furnace of equal heating power on the market, because other furnaces are pieced where the Round Oak has solid one-piece castings, making it the only air-tight furnace made.

Estate of Abigail N. Hamlin Deceased
STATE OF MICHIGAN, the Probate Court for the County of Berrien.
At a session of said Court, held at the Probate Office in the City of St. Joseph in said County, on the 17th day of October, A. D. 1905.
Present: Hon. Frank H. Ellsworth, Judge of Probate.

In the matter of the estate of Abigail N. Hamlin deceased, Emma Perrott, having filed in said Court her petition praying that a certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said Court be admitted to probate, and that the administration of said estate be granted to Harry O. Perrott or to some other suitable person.

It is ordered, that the 13th day of November, A. D. 1905, at ten o'clock in the forenoon at said probate office, be and is hereby appointed for hearing said petition.

It is further ordered that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Buchanan Record, a newspaper published and circulated in said county. (A true copy) FRANK H. ELLSWORTH, Judge of Probate, Register of Probate. Last publication November 3, 1905.

NERVOUS DEBILITY CURED

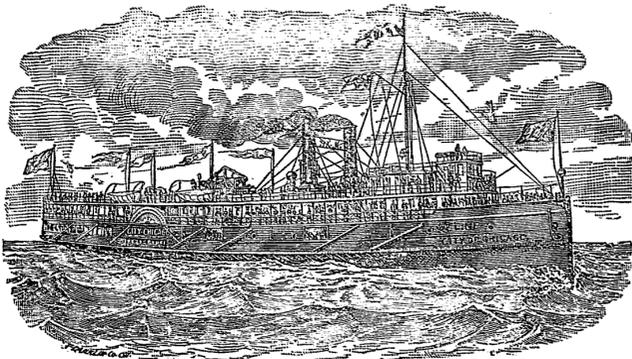

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand; the sallow, pimpled face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all losses and drains and quickly restores the patient to what nature intended—a healthy and happy man with physical, mental and nerve powers complete.

For over 25 years Drs. K. & K. have treated with the greatest success all diseases of men and women. If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure Nervous Debility, Blood Diseases, Stricture, Varicocele, Kidney and Bladder Diseases. Consultation Free. If unable to call, write for a Question Blank for Home Treatment.

A COMPLETE SURPRISE

At Home of Rev. J. A. Halmhuber on Tuesday Evening.

The Evangelical parsonage was the scene of a pleasant surprise last Tuesday evening. The members and friends of the church to the number of about 85 quietly went to the home of their pastor and wife, Rev. and Mrs. J. A. Halmhuber and completely surprised them. Everybody was loaded with good things for the surprise was in the form of a donation. The sitting room was loaded down with everything imaginable in the line of fruit of fruits, vegetables, grains and groceries. The pastor and his wife stood by in utter amazement and wondered when it would stop. The people of the Evangelical church are noted for their sociability and liberality, and they certainly did not discount their reputation in this social event, each trying to outdo the other in showing their love and esteem for the pastor and his wife. Besides all this a large purse of money was raised and donated.

The evening was spent in merry making, visiting and an impromptu musical programme. Luncheon was served to all present, after which the pastor, in a few well chosen words, made some very appropriate remarks, thanking the people for the gifts so cheerfully and liberally presented, but most of all thanking the people for this expression of their appreciation of his services and testimony of their undivided support. He exhorted the church to a faithful Christian life, stating that unity and harmony were essential to successful work and expressed his desire that the united efforts of all might be richly rewarded in a successful issue of this year's pastorate.

Before the guests departed two flash light pictures were taken, the married and one of the single people. The guests departed at a late hour, having enjoyed a very pleasant evening and wishing the pastor and his wife much success in their work.

This is Rev. Halmhuber's third year and the society is in a very prosperous condition.

Among the guests was Rev. G. A. Hettler, father of Mrs. John Housewerth, a former presiding elder of St. Joseph district and at present presiding elder of Grand Rapids district.

BOTH PROVED INNOCENT

In Case of the Murder of Robt. Nodhruff, of Eau Claire

Goshen, Ind., Oct. 19.—Judge Dodge last evening instructed the jury in the trial of Bert Tidy of Benton Harbor, charged with murder of Robert Nodhruff of Eau Claire, while traveling on an excursion train returning from Marion, Ind., to return a verdict for the defendant.

William Griffin also under indictment on the same charge, was released.

Tidy and Griffin returned to their homes last night.

The court sustained the motion of defense to dismiss, on the grounds the evidence was circumstantial and not sufficient to convict.

Late yesterday afternoon it was believed that the case would last for days, and it came as a surprise that it closed so soon.

The prosecution made a picture of the events on the train on the night of the murder. He told how Tidy tried to pick a quarrel with Nodhruff, who was trying to defend a woman from insult, and how Tidy struck Nodhruff. He told how Tidy swaggered back and forth in the car, drinking and talking fight. How Tidy and two others were seen to follow Nodhruff out of the coach which was the last seen of the latter. He also related the threats made by Tidy before the dead man's disappearance, and his brags afterwards.

Leo Aldrich, landlord of a hotel in Benton Harbor, as did others, testified to interfering in an attack started by Tidy on Nodhruff, and of Tidy's threats to "get his man," and of seeing three men following Nodhruff out of the car at Elkhart. He also testified that when Tidy reentered the car, the brim of his hat was broken as if in a melee.

Both Tidy and Griffin are considered to be in great luck, and Eau Claire people, the home of the murdered man, are wondering.

Do not allow your watch to run dry and cut the pivots. See Horace Shadel, have it cleaned, save trouble, save expense.
