STATEHOOD BILL IS CUT

Arizona And New Mexico Are Left Out.

OKLAHOMA IS ADMITTED

Deciding Vote is 37 to 35—Measure Goes Back to House, Where Victory is Hoped for.

Washington, March 10.—Friday at 5:35 p. m. the senate passed a bill for the admission of a new state to be called Oklahoma, and to be composed of the territories of Oklahoma and Indian Territory. It was the house joint statehood bill with all the provisions relating to Arizona and New Mexico stricken out. The motion to strike out was made by Mr. Burrows, and it was carried by the close vote of 37 to 35, after having been lost by the still closer vote of 35 to 36.

Immediately after the disposal of the statehood bill, the house railroad rate bill was made the unfinished business, but as the senate adjourned over Saturday and Sunday the actual formal consideration of the measure will not begin until Monday.

The vote on statehood came as the climax of a day devoted exclusively to that bill. Most of the time was given to discussion, but the voting on the bill and amendments consumed an hour and a half. The speech making excited comparatively little interest, but there was pronounced excitement throughout the voting period and it culminated when the success of the motion to eliminate Arizona and New Mexico was announced after the second vote on that proposition.

A constitutional convention with 110 members, 55 of which are to be chosen by each of the territories, comprising the state, is provided for and all male citizens or male Indians 21 years of age are made eligible to membership in it. There is an especial provision protecting the Indians in their rights and continuing the prerogative of the national government to control their affairs.

The sale of intoxicating liquors in what is now Indian territory is prohibited for 21 years and longer unless the constitution is changed. Sections 16 and 36 of each township of land in Oklahoma are set aside for the benefit of the common school system, as is also 5 per cent of the proceeds of the sale of public lands.

There is an appropriation of \$5,000,000 from the national treasury for the benefit of the schools. Provision is made for the support of higher education and charitable institutions. Two districts for United States courts, one in Oklahoma and the other in Indian territory, are provided for. Guthrie is made the temporary seat of government, but the house provision continuing it in that capacity until 1915 was eliminated.

Death of Highly Respected Resident
The remains of the late E. E. Simmons, of Galien, were brought to this place Monday morning for burial.

Mr. Simmons was a highly respected citizen of Galien, and well and favorably known in Buchanan. He was employed as ticket agent for the Michigan Central R. R. Co. at Galien and performed his duties most faithfully. His death is a great shock to Galien and surrounding vicinity for up to a week ago he was still at work. Heart and liver trouble was the cause of his sudden demise.

Mr. Simmons is the son-in-law of Mrs. Alice Rose of this place. He leaves to mourn his untimely departure, a kind and loving wife, three children and a host of friends and relatives.

Public Sale
I will sell at public auction to the highest bidder at the Geo. F. Harding farm 2 1/2 miles northeast of Buchanan, on Tuesday, March 20, commencing at 10 a. m. sharp, 8 head of horses besides all stock farm implements, and household goods.
Geo. F. Harding, Prop.

REPUBLICANS ELECTED

Election Passed Very Quietly and Little Interest Was Manifested

WAS IDEAL REPUBLICAN DAY

The Prohibitions Made a Remarkable Showing, When the Ballots Were Counted

The village election held in our town yesterday, passed off very quietly, and the Republican ticket carried the day.

This year there was three tickets in the field, the Republican, Citizen's and Prohibition, while last year there was only the Republicans and Prohibitions, as the Citizens failed to call their caucus in time to nominate a ticket. There were 77 straight Republican, 60 straight Prohibition and 12 straight Citizen's tickets cast yesterday.

The result of the election is as follows:

He Wrecked A Train.

Harry Meredith Arrested On Serious Charge At Niles.

At 12:40 o'clock Sunday morning, Harry Meredith, a woodchopper aged 23 years, wrecked, it is claimed, a Michigan Central freight train, by breaking a lock connected with a certain switch in the east yards, thereby causing a westbound freight train to run onto a siding, on which stood several cars, one of which was loaded with steel rails.

Engineer Long, of Jackson, saw a man, he claims, strike the lock with a stone and open it, after which he threw the switch. Both the engineer and fireman jumped for their lives, and the engine crashed into the cars on the siding. The result was that a mass of wreckage was piled up and the engine was tipped over and badly damaged.

Nightwatchman John Bachman captured Meredith, and he was lodged in jail. Yesterday Henry C. Decker of the Michigan Central, made a complaint against him before Justice Beaver, who read the charge, to which the prisoner made no response.

The magistrate then stated that this is a case in which he has no jurisdiction, further than to examine into the facts and that inasmuch, as a very thorough examination should be conducted, he would adjourn the case until the 20th instant, at 9 o'clock a. m. He then fixed bail at \$3,000, which Meredith was unable to furnish.

A gentleman who has known Meredith for years, says that he is not well balanced mentally, and that he has done many foolish things that have led people to consider him as

being weak minded. About four years ago, Meredith's twin brother lost both legs by being run over by a Michigan Central train in the east yards, and young Meredith has since had a grudge against the company, it is said.

The damage which resulted from his nefarious act, will amount to about \$2,500.

For the crime of train wrecking, the statute provides a penalty of life imprisonment, or any term of years not less than five.

Dr. Conkey Was Guilty
Buchanan Horse Doctor Must Pay Miller Back His Money.

The jury in the Miller vs. Conkey horse case which occupied the attention of Justice Beaver's court at Niles, Thursday, found the local horse doctor guilty as charged, and he will be required to repay Mr. Miller who bought the horse that could not do the work it was claimed it could do, the purchase price viz. \$65 and he will also have to stand the cost of the suit. Conkey's refusal to swear that the horse was sound, and that it had nothing the matter with it but a spavin on one leg was his undoing. The jury were out only about 30 minutes.

The horse was already in Conkey's possession. Miller having returned it the same day he led it away, and he demanded his money back then, which Conkey refused to pay. Hence the suit.

As Conkey had to hire a couple of lawyers and pay the costs of the trial it is safe to say that he is out about the price of the horse for refusing to pay Miller back his money when the latter brought the horse back.

BETTER NO SALES THAN A DISAPPOINTED CUSTOMER.

It is a satisfaction to know that we have won the leadership in the clothing business in South Bend, but we realize the large responsibility that is put upon us.

At no other clothing store in this vicinity are you so sure of correct styles and right prices in wearing apparel. Take New York, Chicago or Indianapolis. There is always one store that leads in its line. Look about South Bend. Just this one big store is absolute authority on Men's and Boy's clothing.

We never sell a garment that is not up to the Spiro standard. That will not add to the good name of this store. We'd better throw out the back door a hundred suits, if they were of a bad style or unreliable materials, than to sell them even at a profit.

People don't forget. Neither do they fail to appreciate right treatment and an honest endeavor to give satisfaction. You can always depend upon what you buy here. "Our word is back of it."

Remember, please that we always reduce stock at this time of year. It is good business to do it—and get ready for the next season. Clearances big reductions—ends of good lines, are now to be found all through the store. The loss is ours—the saving yours—and they are well worth looking into.

A doll social will be held at the home of Mr. and Mrs. John Houseworth on Friday evening, Mar. 16, under the auspices of the Y. P. A. of the Evangelical church. WINTER EGGS PROFITABLE.

It Pays the Poulterer to Encourage His Hens to Lay When Eggs Are High.

Winter eggs are far more profitable than eggs produced in the spring or summer. This is due to several reasons. One is that there are fewer eggs produced in the winter and they are higher on that account. Another factor is that eggs are more uniformly good in the winter, and there is a larger demand for them, especially in hotels, restaurants and railroad trains. People that travel more generally call for eggs in the winter than in the summer. The cost of producing the winter egg, says the Farmers' Review, is not much greater than the cost of producing the summer egg, because in the winter the hens have to be kept and fed whether they are laying or not, and this winter cost of keeping has to be charged against the production of the summer egg if the hen produces eggs only in the summer. Every farmer should therefore try to secure most of his eggs in the winter season.

Suburban Luxuries. Mr. Cittman—Why in creation do you pucker your face over those sour, green grapes, when you can get beauties at the fruitman's for a mere song?

Mr. Suburb—They wouldn't taste as good as these.

"Why not?"

"I raised them myself." A quail well spent on a good tool, a fowl, animal, vehicle or implement is a planted dollar, from which a harvest will be reaped.

The Pattern Egg. "See what I got!" cried Bobby, a city-bred boy, as he came running in from a chicken coop, holding in his hand a china egg.

"Oh, go put it back!" exclaimed Mabel, his six-year-old sister. "That's the egg the hen measures by."—Judge.

Uncle Sam owns one railroad, that across the isthmus at Panama, and it remains to be proved that it can be worked as effectively as before. An improvement would be creditable to the government's representatives.

It is said that owing to the open winter several of the "Uncle Tom's Cabin" companies tramping through Michigan are compelled to carry their own artificial ice plants.

That "Jack the Hagger" scare at Battle Creek didn't amount to much and has evaporated into thin air. Who would want to hug a sanitarium girl, anyhow?

A Frankfort father used to have "Welcome" on the doormat until the tenth olive branch came. Now he has changed it to "No Trespassing by Storks or Other Animals Allowed."

The story is just out of how a Vermontville miss looked on the chicken question. She was intently watching her mother dress a fowl which had been running in a field of millet near the house. The chicken had filled up on millet seed and during the operation the youngster noticed that the crop was full of millet seed. She asked her mother if the bird was a young one remarked that she thought it was an old one, as it had gone to seed so.

A Buchanan husband woke up the other night to find his better half apparently going through his trousers' pockets. He asked what she was after and she stammered that she was just going to sew on a button. He then got up and got his coat and vest and pointed out nine buttons that were just ready to drop off and made her sew them all on, together with four on the trousers, remarking of the thoughtfulness of the little woman who would crawl out of bed on a cold night to see that her husband's clothes were in good shape.

He was a painter; one of the gruff, cranky kind, who do not like any one around when they are working. He had almost finished graining the parlor woodwork when the door opened and the mistress of the house entered, slid her hand around the door on to the graining and screamed out:

"Oh dear me, Mr. Painter! I've got a lot of paint on my hand. How do you get it off?"
He glanced at his spoiled door; then at the woman, and answered: "I wipe it off on my pants!"

Last Sunday afternoon Mr. Perry Green, of Galien, was invited to the room occupied by Bert Tourje over Noble's store, where he in company with Messrs. Tourje and Jim Hanover, indulged in a number of drinks. Mr. Green states that after he had partaken of a few drinks, he became unconscious, and upon coming to about the middle of the afternoon and getting ready to leave, he discovered he had been robbed, where upon he demanded his money which was refused him. The men attacked him, rendering him incapable of taking his part. After being so boldly and roughly attacked he lost consciousness, and when he came to the second time that day he found himself in the hallway. He at once went to the home of Deputy Sheriff Stryker, and told his story, where upon Mr. Stryker proceeded to do his duties and arrested the men. Both men are at liberty having been released on bail. The hearing will be held Monday in Justice Sabin's office.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE Chemists 409 Pearl St., N. Y. 50 cents and \$1.00 All druggists

THE CASE DROPPED

John McFallon Was Vindicated in Circuit Court last Friday

THE COSTS ARE ASSESSED

Against the Complainant—Buchanan Liquor Dealer Would Not Put up.

Recently Mrs. William File of Buchanan, commenced suit against Jno. McFallon, the well known retail dealer of that place, to recover damages in the sum of \$6,000, alleging that the defendant sold liquor to her husband after he had been notified not to do so, and that, while under the influence of the liquor thus sold, File broke into the Michigan Central freight house at Buchanan, stole eight quarts of whiskey, for which unlawful act he received a sentence of 60 days in the county jail.

Mr. McFallon, who bears the reputation of being a law-abiding citizen of Buchanan, denied the charge that was preferred against him, and declined to part with a dollar in settlement of the case. The result was that it was taken into the circuit court Friday and dismissed by non suit, Mr. McFallon being awarded a judgment for \$18.50 damages.

Marshall Howell of Cassopolis, and Frank Sanders of Buchanan, were attorneys for McFallon, and Will Stevens of St. Joseph, for the plaintiff.

It would seem that the time has come when the liquor dealers of the county can not be bluffed into putting up their money to settle every case that is trumped up against them but to the contrary, they seem to have decided to take their chances upon getting justice at the hands of a jury, who can usually distinguish between a genuine grievance and a trumped up case that has been inspired by some attorney, to whom the case has been framed out, as so infrequently happens. Whether or not the McFallon case was of this stripe, the writer knows not, but the outcome would indicate that the charge was not based on facts. Niles Star.

"Raffles, The Amateur Cracksman"

Playgoers have a genuine treat in store for them in the coming of the celebrated English actor, Kyrle Bellow, to the Grand Opera House, Chicago, commenced last Sunday night (March 11) in his unique play, "Raffles, The Amateur Cracksman." Mr. Bellow is just concluding his third season in this interesting drama. He was seen at the Grand Opera House last winter for three weeks and so great was his success at that time and so many have been the inquiries as to his return that the management of the Grand Opera House have induced Liebler & Co to send the popular star back again for a fortnight with an extra performance on Sunday evening, March 25, which will be in the nature of a farewell, as Mr. Bellow goes directly to London where he is to present "Raffles", for the first time at the Duke of York's Theatre on Easter Monday.

The fame of "Raffles" is particularly widespread both from E. W. Hornung's stories, from which the drama was derived, and which have been read by everyone, and also because this was the only drama to remain in New York 200 nights season before last. Much of this success was due to the original character of the play, more to the splendid work of Mr. Bellow in the odd title role, and no little to the fine cast which is still supporting and which besides Clara Blandick, Hattie Russell, Lorenza Atwood, Mignon Beranger, Olive Wyndham, Frank Roberts, Thomas Thorne, and Frank McCormack, includes so famous and gifted an actor as E. H. Holland. For one who was a successful star so long as Mr. Holland to support another star is very unusual. The Liebler & Co. went to the big expense of engaging him in such a capacity shows the pains and money they expended to make the "Raffles" production notable. Mr. Holland plays Captain Badford, the detective, as he did through the long stay of the drama in New York.

This will probably be Mr. Bellow's last visit to Chicago in this play and no one who enjoys a thrilling drama ought to miss it.

State Items

John Allen, aged 29 years, a table waiter, was arrested Thursday night at the home of his parents, at Coldwater. He is charged with being implicated in making silver counterfeit dollars. The officers have fifteen counterfeit silver dollars made on some dies which, it is alleged, he had in his possession. He was taken to Detroit by a deputy United States marshal this noon.

The instant death of Thomas Matthews a Citizens' Telephone Co. lineman, at Nashville Tuesday, is all the more sad as his wife of just a year is in delicate condition. She has been living here for the last two months with her husband's mother. Matthews while at his work litted up his head and it touched a live wire. He dropped dead from his perch on the pole.

While tearing down some old buildings owned by Billings Fisher, of Lawrence, Myron Sanborn was seriously injured last Friday afternoon. Mr. Sanborn saw that the building on which he was at work was going to fall and in order to save himself from instant death he jumped, but struck the ground with such force as to break his leg, shattering the bones frightfully and crushing the heel far into the leg.

William Hogan, of Jackson, more widely known as "Bill" Hogan, balloonist, is dead at the age of 63. Some five years ago he gave up the balloon business because of advancing age and for two years had been suffering from consumption. His two brothers met tragic deaths, Ed in New York City, where he went up in an airship and was never heard from, and Jack, who was killed in a balloon ascension at the old Detroit exposition grounds a number of years ago.

Safe crackers blew the safe at the St. Clair postoffice Thursday night and secured \$75 in stamps and \$20 in silver coin. They were unable to break into the money chest and thus failed to make a bigger haul of cash. The robbers also evidently mistook Postmaster Hopkins' money order book for a scrap book and thus missed \$1000 worth of stamps of larger denominations.

Rev. C. T. Patchell of the First Congregational church at Bay City has planned a \$80,000 church and a \$20,000 parish house, the latter to be equipped with club rooms for men and women, billiard room, bowling alley, school room, dining room and drill hall. The clubhouse is to be open every day in the week. Considerable money has already been subscribed by persons outside the church who are interested in religious and social work among young people.

They Get The Dam

Work to Begin Early This Week. Great Prosperity in Sight For Neighboring Town.

The Dam at Berrien Springs, which for years have been the subject of discussions, lawsuits and almost endless litigation, has been secured at last.

Thursday morning at 10:30 o'clock the last document was signed and executed between this village through its Council and the Berrien Springs Power & Electric Company, which secures to us the erection of a \$1,000,000 21 foot dam at the head of Pardee Island, twenty-five large electric arc lights, 50,000 gallons of water daily, with additional power during fires, and the payment of the town's indebtedness. The power company further agrees to sell power to consumers in the village at a rate twenty per cent less than is paid at South Bend. The power company will pay all the taxes on their plant, which they claim will be more than the entire tax paid by the village. A suitable room will be provided at the dam for the machinery of the water plant of the village.

The dam will create a lake fourteen miles long and from one-fourth of a mile to two miles wide, and is second in size only to the one built at the "Soo."

The actual work of construction will begin as soon as it is possible this spring and will give employment to hundreds of laborers. It will probably require three years to complete this mammoth feat of engineering and when completed it is estimated the water flow will generate approximately 12,000 electric horse power.—Berrien Springs.
