WEAK KIDNEYS MAKE WEAK BODIES
Kidney Diseases Cause Half the Common Aches
and Ills of Buchanan People

As one weak link weakens a chain,
so weak kidneys weaken the whole
body and hasten the final breaking
down.
Overwork, strains, colds and other
causes injure the kidneys, and when
their activity is lessened the whole
body suffers from the excess of uric
poison circulated in the blood.
Aches and pains and languor and
urinary ills come, and there is an
ever increasing tendency towards di-
abetes and fatal Bright's disease.
There is no real help for the sufferer
except kidney help. Doan's Kidney
Pills act directly on the kidneys and
cure every kidney ill. Buchanan
cures are the proof.
Mrs. M. Griffin, of West Front
street, Buchanan, says: "I used
Doan's Kidney Pills, procured at W.
N. Brodrick's drugstore, and I think
them an excellent remedy for back-
ache and kidney complaint. I was
troubled for some time with a dull
aching feeling in the small of my
back often quite severe, more espe-
cially if I overexerted myself or took
a slight cold. I used a great many
remedies, of which some were worth-
less and others relieved me for a
time. This I cheerfully say about
Doan's Kidney Pills, I received more
permanent relief from them than
from any other remedy I ever took."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,

States. Remember the name Doan's,

HE MET A SUDDEN DEATH

Harold Johnson, of Detroit,
Was Hit by Train at
Dayton

WAS A HORRIBLE ACCIDENT

The Man Was Killed During the Night,
Having Been Hit in the
Head

This morning at about 6 o'clock,
Frank McDonald, residing near the
school house at Dayton, noticed a
man lying on the track of the Michi-
gan Central, and upon investigation
found that he was dead.

Mr. McDonald at once notified the
officials regarding the unfortunate,
and upon a search through his pockets,
they discovered a letter written
to him from his brother. The en-
velope bore the name of Harold John-
son, and his home is supposed to be
in Detroit. Besides the letter several
keys, a looking glass, a pipe and five
cents were found in his pockets. He
was fairly well dressed, and did not
have the appearance of a hobo.

Mr. Johnson, the deceased when
discovered had clothing on that were
wet to the waist band, and it is
thought, he must have been in the
lake near the track, and in crawling
out was struck and killed by a pass-
ing train. He had a deep gash on
his head, otherwise he was not
mangled.

A jury was impanelled by Justice
S. E. Allen for the inquest, consisting
of Messrs. Aiden Camp, F. M. Ham-
ilton, John and Frank McDonald,
Wilson Arnold and Floyd Weaver,
and they returned the verdict, that
the man met his death by being
struck by the cars. The railroad
company was exonerated from all
blame.

A FORMER BUCHANAN GIRL

Dies After Year's Illness Well
Known Resident Succumbs
to Cancer of Stomach

Although prepared for the worst
the relatives, friends and acquaint-
ances of Mrs. W. H. Donly were
pained Saturday afternoon, when it
became known of her death which
occurred about 4 o'clock. Death
came to this well known lady
after an illness of more than a year.
In November, 1904, Mrs. Donly was
taken ill and since that time she had
two serious attacks of illness. She
rallied from each and was able to be
up occasionally. The last siege be-
gan last December and from it she
was only able to be up a short time.
Two weeks ago Sunday she was taken
to her bed. Death resulted from a
cancer of the stomach.

Fannie J. McCoy was born near
Buchanan, Mich., Sept. 30, 1842, and
was the eldest of eleven children.
She was a daughter of Russell and
Esther McCoy and a niece to the
late Samuel Weaver of Buchanan.
She grew to young womanhood in
the place of her birth, where she
was married 23 years ago to Mr. Donly.
They came to this city, where
they since resided with the exception
of one year, '88-'89, which was spent
in Indianapolis.

Mrs. Donly was a member of the
First Methodist Episcopal church
and of the ladies' society of the
church. She belonged to no other
organizations. Her death has cast
a shadow of sorrow over the entire
community and in the sad hours of
their bereavement the family and re-
latives have the sincere sympathy of
their friends. She was a woman who
was highly thought of by all who
knew her.

The funeral services were held
Tuesday afternoon at 2:30 o'clock
from the Methodist church, Rev. A.
J. Waller officiating.—Michigan City
News.

State Items

Bitten by his 7-year-old girl when
he was giving her medicine for scar-
let fever. Rev. George S. Crawford,
pastor of Calvary Baptist church, at
Port Huron, is now afflicted with
blood poisoning, which threatens his
life. To prevent the disease from
spreading he submitted to the ampu-
tation of a part of the finger Monday.
The little girl died of the fever.

Loren Cole, aged 15, is said to
have confessed that he and Floyd
Elliott, aged 22, while intoxicated
rolled a heavy freight truck onto the
Michigan Central track, at Oakley,
just before a through express train
was due. The truck was discovered
and pushed off the track just before
the train rushed through the village.
Elliott and Cole were arrested.
Frank Cole, father of the boy, died
Monday, leaving a widow and nine
children. Elliott is the only support
of his aged parent.

Two-year-old Robert Graham, child
of a farmer northeast of Decatur, fell
into a pan of boiling maple sap and
was fatally scalded Tuesday, before
he could be rescued.

Louis Kapling, 1015 Atwater street,
Saginaw, is at St. Mary's hospital in
a very serious condition. He was
employed at the Old Saginaw mine
and was cleaning out the shaft at the
foot of the cage box at a depth of
200 feet. By some mistake the cage
was lowered while he was thus em-
ployed. Looking up he was horrified
to see the cage descending upon him,
threatening to crush his life out. He
made an outcry which was heard by
those above in time to stop the cage
before he was completely crushed
between its bottom and the floor.
He was found to have suffered severe
injuries, and it was at first believed
his back was broken. It is now be-
lieved his spine is uninjured and
that he has a chance for recovery.

**Do Not Fail to Enroll on Monday,
April 2nd**
A petition signed by enrolled voters
representing one-fifth of the voters of
their party is required to be filed
with the County Clerk before May
12th this year, in order to have the
question submitted at the June 12th
Primary Election changing to the
direct voting plan of nominating
officers. If a petition from the neces-
sary number is so filed you will vote
at the June 12th Primary Election on
the question of direct nominations.
At this same June Prima Election
you vote direct by marking a cross
before your choice of the candidates
for Governor and Lieutenant-Governor,
and also vote on the question of
continuing the same system of nomi-
nating those two officers for the fu-
ture. You also elect at the same
Primary Election the number of dele-
gates which your precinct is entitled
to in the County Convention to elect
delegates to the State Convention
called for the purpose of nominating
the balance of the state ticket.
This change entirely goes away
with all early or so-called "snap"
caucuses or county conventions.
This June 12th Primary is under the
Australian system of voting and the
regular Election Board in all districts.

IT'S KIND OF HOME LIKE TRADING AT SPIKO'S

We have some ideas of our own that seem to contribute to the satisfaction of our customers.

We believe that everybody coming into our store is entitled to the treatment of a personal friend—almost a guest.

Our ONE PRICE policy makes it easy for any customer to buy at the lowest prices. As there is no necessity to dicker here, or make a second appeal to buy, our goods must be right and our prices fair at the start. And that means fairness to everybody and not merely to the hard bargain driver. That's why we give you Men's and Boy's clothing, furnishings and shoes with style and wear and good value in them, at the very lowest prices.

You are invited to inspect our fine display of new spring suits, top coats and rain coats. You will not be persistently urged to buy.

We want you to feel at home, to walk through this big store, to look around and feel that you will be amply repaid for coming.

On Saturday night "Reuben in New York," a comedy drama in three acts, will be presented to fulfill the lines written in this delightful poem. This comedy was written especially for laughing purposes, and when acted by a competent company, as is carried this season, it certainly fills all requirements, but not only has this great comedy the lines that make you laugh but there are thrilling situations running through it that fairly make you want to stand and shout. In fact, no play touring the country this season has the combined elements that go to make an evening's pleasure as witnessing this entertainment. Seats now selling at Skeets

A theatrical company appearing at Petosky became very discouraged over the fact that loud hisses accompanied all of their dark scenes. The cause of it all was revealed toward the end of the show when the light was suddenly turned on in the wrong place and seventeen young men were found to be kissing their best girls. It must be remembered that the lid is on in Petosky and the swains must resort to their wits to get a chance to salute their young women friends in true lover style.

A banker sauntering home for his dinner saw a \$10 bill on the curbstone. He picked it up and took the number in order to find the owner. While at home his wife remarked that the butcher had sent in a bill amounting to \$10. The only money he had with him was the bill he had found, which he gave to her and she the butcher. The butcher paid it to a farmer for a calf, and the farmer paid it to a merchant, who in turn paid it to a washerwoman and she, owing the banker a note of \$10, went to the bank and paid the note. The banker recognized the bill as the one he had found and which, up to that time had paid \$50 of debt. On careful investigation he discovered that the bill was counterfeit. Now will some of our friends tell us what has been lost in the transaction and by whom?

There are a good many housekeepers who can make good breads. Those same home bakers prefer to get PORTZ POTATO YEAST BREAD.

There are reasons for it. It's very much like a home-made bread. It's light. Its ingredients are pure. It's free from that doughy taste—in fact, made so good that we are proud of it.

People Want the Truth: No Exaggerations.

To this end the editor of the Three Oaks Acorn, should keep a cow and patronize the local creamery; in this way he could inform himself correctly on the prices paid farmers for butter and other matters concerning the farm end of dairying.

For some time past and at present, he seems to be all creamery without any particle knowledge of the business, as the prices published in a recent issue of the Acorn, are considerable higher, than the prices actually paid. At a recent meeting of our Creamery Co., the secretary read a report covering the last six months of last year, and I understood him to say that the prices paid for both during that time was 17 1/2 cents per pound this seems a trifle low to me and I thought perhaps he might have made a slight mistake, but 17 1/2 is the figure he gave. For the same months the editor gives the prices at 21 1/2c. For May, he gives the price at 21, for June 19 1/2c. I had some milk in the creamery during those months, and I received for May 18, for June 16 1/2. I think Mr. Beesham paid me the ruling prices, this accounts for 8 months, the other 4 are likely off about the same. The Niles and Buchanan reports may be correct as intended. The people at those places have some interest in the reports because their territories join, and each editor is doing his best for the home creamery, and if their statements be a little overdrawn, there is some excuse for them. With us it is different, we neither join Niles or Buchanan, and have no interest in particular concerning their statements, yet if our statements looked well with theirs, it would have been in order to put it out. But their is always danger in putting out any other kind of a statement as some fellow is apt to examine the figures and prove to the people that they are being deceived.

A little further and the editor jumps into Wisconsin, when he found a statement that he was unable to digest, but imagines that the farmers at Three Oaks gets more for butter than do the farmers at Albion, Wis., and tells you. Now I am sorry to know that this is a mistake. Readers just think a moment, the editor tells you that the output of butter at Albion is three times larger than ours, don't it seem strange to you how those fellows could work at such large business, and actually pay less than Three Oaks. I am a Michigan man now, and don't like to boast on outside institutions to the detriment of our own. I collected some Wisconsin statements to show what was being done over there with a good creamery and a good butter maker, this was done for our mutual benefit and for no other purpose.

I have a little creamery stock, so has my neighbor. I don't want to hurt myself neither do I wish to injure my neighbor. I have nothing against the Three Oaks business men, that hold creamery stock, and I think him generous enough to give me an opportunity to protect myself. About 2 1/2 years ago I became dissatisfied with 84c per 100 pounds for milk, when the Wisconsin creameries were paying about \$1.10. I never blamed anybody, only Henry L. Hess, and the butter maker. The business was running a little rotten in those days, so I gave it a little airing. Business men and farmers generally say that the airing has been very beneficial, but it caused some unpleasantness. A proper investigation at the time, would have placed me in the right, and the fault would have fallen on whom it belonged, as it is a few good people that do not quite agree with me as the circumstances are not correctly understood by them.

You know that a bottle of whiskey with the cork out will always find talkers. Before Mr. Beeson became secretary, I had made arrangements to ship milk, consequently have had but little to do with the creamery since. I think he is doing all he can for the farmers, and conducting his part honestly. After Mr. Beeson was elected, I was hopeful that the unpleasantness would gradually burn out, but the editor has kept the matter fibbering with an occasional article colored slightly to my disadvantage. Probably he can give some light on the following figures: One of the directors informed me that for the year ending June 30, 1904, the output of the creamery was about 95,000 pounds of butter, the price of making that year was 2 1/2c per pound for 10 months, and 3c per pound for 2 months. Estimating that 70,000 lbs were made at 2 1/2 and 25,000 lbs at 3c per pound the earnings would be \$2,500, out of this Mr. Hess paid the operating expenses, made some substantial improvements at the creamery, paid \$600 on stock, something like \$100 to the reserve fund at the end of the year there was 60 ton of coal in the bin. During the year ending June 30, 1905 Mr. Beeson's first year 100,000 lbs of butter was made at 3 cents straight \$3,180. Mr. Beeson gave the operating expenses including a new churn and some small repairs at \$2,700, paid \$468.75 on stock added about \$100 to reserve fund. How could Hess get more out of \$2,500 than Mr. Beeson could get out of \$3,180.

International Theatre, Chicago, W. S. Cleveland's Greater Vaudeville

The International is living up to the claim made that it is the "home of the best vaudeville shows in America." The coming bill at the popular Chicago house is of surpassing excellence. Manager Cleveland presents his "Original Greater Vaudeville" at popular prices. An extraordinary announcement is the engagement of Bud Snyder, the great European sensation, who will come to the International for the week of April 2 direct from his triumphs in London and Paris. The death defying cyclist who, even violates the laws of gravity in his startling exhibition, has been the wonder of Europe, and his coming will be a great event in Chicago vaudeville circles. The balance of the bill is made up of all stars, notably Shean and Warren, who will present their great success "Quo Vadis Upside Down" Mr. Shean was formerly leading comedian at the La Salle theatre and is a great Chicago favorite. Bonner, the talking and thinking horse, of which there has been so much in the newspapers, will have his wonderful powers exhibited, and Omar Singh will demonstrate mystifying East India illusions, including the "Lady in the Clouds." A clever comedienne will be Dorothy Jardon, formerly of "The Chinese Honeycomb" and other companies, while Dolan and Lenharr in "The High Toned Burglar" and Carter DeHaven and Flora Parker in "A College Boy's Frolics," both of which have been pleasing large audiences the past week will continue.

In addition to all of the foregoing a number of other big features will round out what is conceded to be an exceptional program.

Daily Matinees, 10, 15 and 25c; nights, 10c to 75c.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago, the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

Chicago, Milwaukee & St. Paul Railway.

The successful crops of the last seven years, and the opportunities now offered the farmer, rancher or merchant in South Dakota should induce every man desiring to better his present situation to investigate the opening offered.

Recent railroad extensions through Lyman County have opened up a large portion of the state heretofore thinly settled because of a lack of railroads.

At present Lyman County offers unusual opportunities for the man looking for a good location. Land is cheap—from \$10 to \$15 an acre—but these prices will not last long. Water is plentiful, and the soil is rich.
