G. T. O. B'S GIVE DANCE

At Rough's Opera House, Monday Evening

SIXTY COUPLE PRESENT

The Hall Was Made Beautiful With Artistic Decorations

About sixty invited couples wended their way to the Opera House Monday night to enjoy an evening in dancing.

The G. T. O. B. girls had prepared the hall to look like fairy land, which was certainly accomplished. The hall was artistically decorated in bunting, Japanese lanterns and crepe tissue paper.

ROYAL NEIGHBORS ENTERTAINED

At Galien Last Saturday Night By Their Order

About 65 members of the Galien, Buchanan and Dayton lodges of the Royal Neighbor gathered at Galien last Saturday evening to enjoy a banquet.

Thirty-two members of the Buchanan order left on the 5:27 train, and were met by a committee, who conducted them to their hall, which has been made beautiful in the colors of the order. A two course supper was then served consisting of potato salad, cold boiled ham, pickles, sandwiches, coffee, ice cream and cake. After supper was over the guests were pleasantly entertained by a May pole

Last Number on Lecture Course Given by Band Boys

The last number on the Lecture Course will be given at Rough's Opera House, tomorrow night, by local talent. This being the last number on the Course, we trust the citizens will patronize this liberally, as the band boys are in need of your support. The previous numbers have been fairly well attended, and those who did go to these entertainments, claim this to be the best Lecture Course ever presented in Buchanan.

We regret the boys are about \$40.00 in arrearage, caused by getting this Course here for your amusement, and we sincerely hope they will be greeted by a full house on Wednesday evening. Those holding the reserve seat tickets, will have their same seats; no others will be reserved. The price of admission will be 25 cents. The price is in reach of all. Everybody turn out. A few selections by the band will be given in front of the Opera House before the opening of the play.

The following program has been arranged:

- | | |
|---------------------|-------------------------------|
| 1—Opening Selection | Buchanan Band |
| 2—Selection | Mandolin Club |
| 3—Selection | Ladies Quartette |
| 4—Reading | Mr. P. A. Friday |
| 5—Banjo Solo | Mrs. Fred Poyser |
| 6—Vocal Solo | Mrs. Nelle Hendra |
| 7—Clarinet Solo | Mr. Clem Conrad |
| 8—Guitar Duet | Mrs. Poyser and Miss Drummond |
| 9—Reading | Mr. P. A. Friday |
| 10—Selection | Holton Brass Quartette |

In the center of the ceiling a large Japanese parasol was suspended, and from the center of that a large Japanese lantern was hanging. A few feet from this parasol a wire was formed in a square, on which was hung numerous lanterns. From the parasol to this wire, crepe tissue was artistically draped which presented a very beautiful appearance.

Large mirrors in various portions of the room, draped in bunting added much to the beauty of the scene. In one corner there was a cosy corner, in another, a lawn swing. In another a peach tree loaded with artificial flowers predominate, bearing the sign "Don't pick the flowers." In the other corner was a large mirror. The stage was draped in a large flag, and altogether the hall presented a most pleasing aspect.

The ladies with their gentlemen friends, had an evening of pleasure, that will long be remembered. Music was furnished by the Fischer orchestra of Kalamazoo. Ice cream and cake was served during the evening. At a late hour the party broke up and the gentlemen thanked the ladies for their more than happy evening. The success of the evening shows that the ladies can royally entertain as well as the gentlemen, if not more extensively.

Card of Thanks.

We wish to thank all who kindly assisted us in the sickness and death of our mother, Mrs. Dressler, especially the Degree of Honor and all others who contributed flowers, also the choir who furnished the music.

THE FAMILY

dance given by 10 young girls.

The business meeting was then called to order at which 14 new members were taken into this organization. The initiatory work was exemplified by the Buchanan team. The team then gave their drill, which was exceedingly beautiful.

After the business meeting was over, a contest was given, and Mrs. Susie Rouse captured the prize. The fish pond, which was in great evidence, afforded great amusement for all. The ladies were then served with tea and wafers, after which they took their departure, thanking the Galien ladies for their kind hospitality and voted them more than royal entertainers. The Buchanan ladies returned home on the 12:45 train all reporting a very pleasant evening.

55,000 FOR WARNER

Republicans Want Him to Run for Governor Again

Lansing, May 5.—Petitions to the secretary of state that have so far been received at the capital, asking for the placing of Gov. Warner's name on the state primary ballot to be voted June 12, carry about 55,000 names. Those of Patrick H. Kelley, for lieutenant governor, which were not circulated in as many parts of the state, contain about 26,000 signatures. Less than 6,000 are required in each case.

Coaxes Your Appetite

Only GOOD bread coaxes the appetite. If it's not made right your stomach will rebel. No one should eat bread that's not wholesome. Coax your appetite with digestible, pleasing-to-the-taste and daintily baked bread. The right kind that comes under these requirements is PORTZ POTATO YEAST BREAD.

There are many kinds of bread. But think of the ingredients that go in them. We know just how much to put in and what to leave out—thus producing nothing but real, good wholesome bread.

There are other things to remember. Cleanliness is next to godliness. You will find our model bakery up to this mark.

WARNER GIVES THE REASON

Why He Opposes Convention Indorsement

Lansing, Mich., May 4.—An attack has been made upon Gov. Warner by Wm. Alden Smith's paper at Grand Rapids, which charges that the governor's friends were responsible for the defeat in the state central committee of the proposition to have the state convention indorse a candidate for United States senator. Gov. Warner has this to say on the subject:

"I have always favored, and do now, the election of United States senators by direct vote of the people. The constitution should be amended so as to give the people the opportunity to elect senators just as state officers are elected. That will be brought about, as the sentiment for it is growing stronger all the time.

"I do not favor, however, putting this contest into the state convention. I was opposed to the plan months ago, before the entry of some of those who are now candidates into the field, and am not subject to criticism by the friends of any of them, as my opposition to this plan is not based upon objections to any candidate.

"The Republican party has passed a primary election law and is opposed to corruption in politics. The people of Michigan, through their legislature, have expressed a desire for clean conventions. The nomination of candidates for governor and lieutenant governor has been taken from them with that object in view, and I cannot believe that the people

Letter From San Francisco

San Francisco,
April 26, 1906.

Dear Mother and Sister:

Well I suppose by this time you have received our telegram and learned that we are both safe and sound besides saving our home and Michael's shop. The day I sent the telegram, I also wrote a letter, but I have felt a little doubtful since about it, for there was no possible way of buying stamps, as everyone was mailing them unstamped, as I did mine, but I was sure that the telegram would reach you at any rate I suppose they collected, at your end for it, but it was beyond our power to send it otherwise.

Well mother and sister, I hope that neither of you, or your loved ones will never experience the terrible disaster that befell our city. It occurred just one week ago yesterday, April 18, at 5:13 p. m. I guess the greater part of the people were in a sound slumber, but it soon awakened all of us. It lasted for fully one minute, which seemed like five, but that wasn't all of our misery. It no sooner stopped shaking the city, than a terrible fire started, which swept away about two-thirds, or three quarters of our beautiful city. We have lost all of our main stores and buildings and there is not a theatre left in the whole city. It started on one of our middle streets and burned in all four directions. It cleared away the whole district which we call South of Market, North Beach, Hayes Valley, Chinatown, the Mission and Knot hill, also our main streets from beginning to end. It was a most pitiful sight to see the city burning, and to watch the poor people fleeing from their homes in every direction. More than half of our buildings were destroyed by dynamite, so as to permit the fire from wiping out the entire city, but even then it burned steadily from a quarter past five Wednesday morning until about noon the following Saturday. The reason being that there was not a drop of water to be had. The earthquake caused a break in the water pipe. We have had no running water since, no gas, no electric or telephone service, which is a great draw back for everyone. For four days and nights we could not have a light of any kind in our houses. All those that are in tents had to make up their beds before dark, but for the last three or four nights we are permitted to burn candles until ten p. m. No one is allowed to cook indoors except one bakery called, Yung & Swam's and that is in order that we may have bread.

Michael has been tacking on shoes for emergency horses, but did not have a fire in the shop until yesterday. He had to procure a permit before having one. As far as I understand he is the only one yet that is allowed one, that is, the only horse shoer. Our city is under the martial law, and there has been quite a lot of shooting and killing of those that disobeyed orders or attempted to do wrong.

The "Golden Gate Park" and nearly every vacant lot is occupied by those that lost their homes. They are dwelling in tents, furnished by the government. There are a number of places that one can go to for free supplies, but you have to stand in line and await your turn. The greater part of the United States has been and are very generous to our needy city, so there is no fear of anyone going hungry. In front of every home or tent there is a little camp fire so that we may do our cooking. Some of the people have moved their coal stoves out into the street, so that they may cook without danger. Nearly every house that remains has a couple of families living in it. We have my two sisters, brother-in-law and his little boy with us. His home and place of business was blown up.

I am writing this letter by a candle light, and it is fluttering so that it is almost impossible for me to see, so kindly excuse all errors.

Now dears, I have related all that we have gone through since that awful morning, excepting to say that since then we have had two or three shocks, but we do not fear those for they are very light. We only pray to God that the worst is over.

It is just ten minutes to ten, so I will have to bring my long letter to a close, for the candle must go out at ten. It is needless for me to say that I am happy with all of my loved ones around me, still I am ready to sympathize and help those that are needy.

The Little Tots

The problem that has long confronted the mothers of boys from two and a half to nine years old has been the question of getting the right kind of clothes for them. You have seen little boys wearing some nice fitting stylish suit and wondered why you were never able to get that kind. Adlers make a specialty of high grade childrens clothing, childrens suits, with style to them, childrens clothing different and far superior to any others to be had in Buchanan or South Bend.

In fact the kind of clothing that you would like to have your little boy wear, and it costs no more than the ordinary kind.

The prices range,

\$2.00 to \$6.00

THE NEW VISIBLE

FOX

At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivotal bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

PERFECT VISIBLE WRITING—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2½ ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

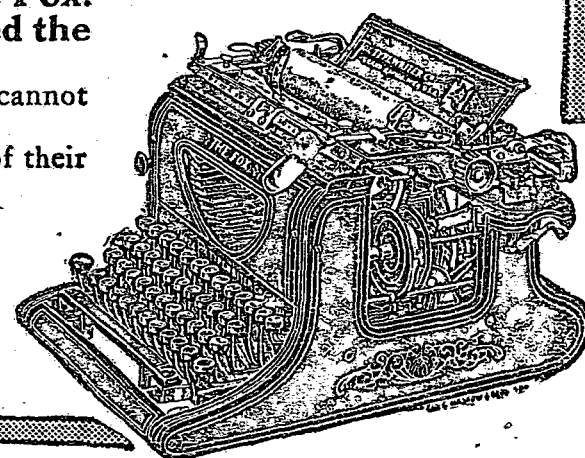

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

The best roofings are always the cheapest. H. M. R. Brand of granite coated prepared roofing may be laid by any one. Ask Wm. Roantree about them.

Mr. and Mrs. Eastman and family of Chicago, have rented the Hoffman residence on Detroit street, for the summer, and are now nicely settled in the same.

COMING—What? Why the last number on the Lecture Course. When and where? At Opera House on Wednesday evening, May 9th. Everybody attend and give the boys your support.

Prof. W. L. Mercer of Buchanan has been appointed by Hon. E. L. Hamilton to assist in conducting the examination of applicants to fill the vacancy in the United States Naval academy at Annapolis, which examination will be held in Niles tomorrow, May 9.

Heretofore the Pere Marquette R. Co. was unable to secure rates via the G. & M. boat line, but now they are able to do so, which will be welcomed news to Buchanan citizens. The rate from here to Chicago via that route will be \$1.36. The boat service will open up for daily traffic Sunday, April 32.

Mrs. G. Ellis of Buchanan is having a delightful time here on her first return visit to Chicago. The club she formerly belonged to, entertained for her Thursday evening at the residence of Mrs. J. Flynn in Hartland court. The evening was spent in card playing and singing by the talented singers, Master James Foley and sister. Refreshments were then served. She was also entertained by Mrs. G. Busch, Ohio street, on Friday evening and Mrs. J. Foley, Paulina street, Saturday evening.

If these church rummagesales keep on, ye editor will either have to borrow some clothes from the neighbors or paint himself and run wild in the woods. Even the old pair of unmentionables that we were using to plug up a hole, where a pane of glass had been broken in the back window of the office have disappeared. Our printer begs leave to announce that he has but one shirt left and it will do the Ladies Aid no good to call for more donations, and our devil comes to work every day in his bathing suit.

The following is taken from the Riverside Enterprise, Riverside, Cal., and bears the date of May 1st. "Miss Anna Mead of Buchanan, Mich., who has been staying at the Reynolds all winter, left yesterday for Kansas and Chicago, where she will visit relatives before returning to her home in Buchanan. Miss M. ad, who came here a nervous invalid, has quite recovered her health during her stay in California. She is a dainty little woman of charming personality and has made many warm friends here, who will bid her goodbye with genuine regret, and the hope that her return to the Golden West and its glorious health-producing climate may be a speedy one."

Nothing to rust out with the use of H. M. R. granite surfaced roofings. Nothing like it ever before offered. Sold by Wm. Roantree.

I want an On-est John.

A new lot of pattern hats just arrived at Mrs. E. Parkinson's.

Answering a knock at her door Friday night, Mrs. George Fisher, of Portland, received a shower of carbolic acid. She was badly burned about the face, arms and hands and the sight of one eye may have been destroyed. Mrs. Fisher was divorced from Grant Taylor and a few months ago was united in marriage to Mr. Fisher. Mrs. Fisher could not see who threw the acid.

The presence of mind and prompt action of Mrs. Harry Whitfield Friday noon, saved the life of Mrs. Mattie E. Axford, of 51, Mary Day avenue, Pontiac. Mrs. Axford was eating dinner with her family and a piece of beefsteak became lodged in her throat. Her son ran to the Whitfield home for assistance and Mrs. Whitfield responded. The victim was black in the face by that time, but Mrs. Whitfield opened the mouth and poked her finger down the throat until the beef was dislodged and dropped downward toward the stomach. Mrs. Axford caught her breath and vows she will hereafter chew her food to a pulp before she attempts to swallow it.

As that was the only way she said she wanted to die. Mrs. William Maier threw herself head first into a well Thursday night. Leaving her sitting up in the house, Mr. Maier retired. After he had fallen asleep she entered the room and attacked him. He succeeded in escaping and went to a neighbor's for assistance. When he returned with a neighbor all the furniture in the bed room was found broken, and she was not to be found. After searching for an hour they found her body in eighteen inches of water in the well. She had threatened several times to drown herself. Her end came after drinking excessively. Their home is two miles south of Harrisville.

James Milne, an employe of the gas works, at Battle Creek, notified the police this morning that John Harney and Tom Quinn had waited until he drew his pay Thursday night, then pounced upon him and robbed him. Milne was so badly hurt that he was laid up Friday. The police arrested Harney, but Quinn is at large. Milne's wages were \$12.

Five men were injured, one possibly fatally, in a Pere Marquette right wreck at Rothbury on the Pentwater division Thursday night. Fourteen loaded cars crashed into two cars. M. Jorgenson, road master of the Muskegon freight division, is in Montague hovering between life and death. Conductor Cahill, M. Coleman and Luther Gage, brakemen, and T. Melodie, traveling man, of Mancelona, were also injured.

During the heavy fog Thursday evening the steamer F. W. Hart of the Gilchrist fleet ran on the rocks at Mission point, Mackinac island. The boat was proceeding under check at the time of the accident, but struck with sufficient force to drive her bow out five feet. The bow is resting on a shelving ledge of rock, strewn with boulders, and the stern is in deep water. The forward compartments are full of water, and it is probable that at least 1,000 tons of the cargo will have to be lightered before the big boat can be floated. The Hart lies in a dangerous position, as she would be fully exposed to an east or southeast storm. The wrecking tug Favorite is now on her way to the wreck, and a lighter has been ordered from Sault Ste Marie. The Hart has a cargo of iron ore and was bound from Superior to South Chicago. She is commanded by Captain J. R. Walder.

IN MEMORIAM

MARY MARQUETTE
Mary Marquette, the youngest daughter of the deceased, John and Lena Marquette, was born in Buchanan township, Berrien County, Michigan, on Nov. 20, 1889, and died at the home of James Batten on Oak street, Buchanan, on May 6, 1906, at 8:45 p. m., aged 36 years, 5 months, 16 days. Miss Marquette spent her whole life in Berrien County, serving her fellowmen in various capacities. Though her years were rather few and suddenly cut short, she made a host of admiring friends, by her sunny disposition, her quiet and inconsidering manner, and the kind good words she was always ready to speak for and of her associated and acquaintances. She was always

ready to do a kind helpful act, of ten times going beyond her strength, thus risking her life for others.

When 12 years of age she joined the Catholic church in Niles, but when she located here about 10 years ago, began attending the Evangelical church of this place, and so long as strength and opportunity permitted, was a faithful attendant. She sought to regulate her life according to the precepts of Christ, whom she knew from a living faith and personal experience.

Miss Marquette was first taken sick about four months ago, her sickness rapidly developing into pulmonary tuberculosis. She found an open door at the home of her sister, Mrs. James Batten, who with her husband and family, did all that human love and kindness could do, making her sufferings as light and her surroundings as cheerful as possible. During her sickness, her disposition showed itself so happy that she never complained, never worried, and even comforted with inspiring words those who came to see her. The keynote of her heart were these: "If it is the Lord's will, I'll get well again, but the Lord knows best. Now don't worry, I'll be alright." She passed away very quietly, peacefully and happily.

She leaves to mourn her departure two sisters, Mrs. James Batten, with her husband and family, of Buchanan, and Mrs. H. H. Allen, with her husband, of Galien, besides a host of friends.

Funeral services were held from the Evangelical church on Tuesday afternoon, May 8 at 2 p. m., conducted by Rev. J. A. Halmhuber and interment was made in the Bakertown cemetery.
