SANTA CRUZ LOOKS GOOD

To Michigander Who Came
Two Days Before the
Shake

George F. Harding came to Santa Cruz from Michigan two days before the earthquake, thinking to buy property and settle here. He looked over several pieces of property, but when the earthquake came he decided to wait and see what the effect would be.

On Wednesday May 9 he purchased the residence of Mrs. M. A. Lindbloom, on Van Ness Ave., through Harry Towne's office. He has decided that this is a better community to live in, all things considered, than any other in California, and will buy more property and erect cottages thereon in the near future.

The above is taken from the Santa Cruz Sentinel. The Record with the many friends of Mr. Harding, are pleased to note he is so well satisfied with his new home.

Berrien County Republican
Convention Will Meet
There June 18

9 DELEGATES FROM HERE

Representatives from Various Precincts
Will be Chosen by Primary
Election on June 12

The Berrien County republican committee held a meeting at the office of Attorney Samuel H. Kelley, of Benton Harbor, Tuesday, and decided that the Berrien County republican convention would be held in the city of Niles on Monday, June 18, 1906 at 11 o'clock in the forenoon for the purpose of electing twenty-one delegates to the republican state convention to be held at the city of Detroit, August 8, 1906; twenty one delegates to the republican congressional nominating convention to be called; thirty two delegates to the republican senatorial nominating convention to be called; for the election of a county committee and for the transaction of such other business as may properly come before the convention.

Following the action of the state committee, the apportionment of delegates to the various wards and townships is based on the total vote cast therein for the republican candidate for governor at the last election, viz: one delegate for each twenty-one votes and fraction over one half thereof. This entitles Buchanan to nine delegates.

IN MEMORIAM

GORA B. OHLAR

Gora B. Ohlar was born in Carl Co. Ill., March 6, 1870, and died May 18, 1906, at her home on Portage street, Buchanan, Mich., aged 36 years, 2 months, 7 days. On September 5, 1887, at Springfield, Dakota she was married to William McGee.

To this union were born ten children. Three of these jewels preceded their mother to the Glory World. She spent the first eight years of her married life in Nebraska.

In the year of 1895 moved to Plymouth, Ind., where they resided six years, and then moved to Buchanan, where she remained until her Savior called her to her Eternal home. In 1890 she was converted at Plymouth, Ind., and united with the Plymouth U. B. church, of which she remained a member until her death. She has been a devoted wife, a loving tender mother, one who will be missed very much.

A loving husband, seven darling children, a dear mother, two beloved brothers, besides a number of other loved ones and a host of friends were left to survive her. We trust that she has answered to the call that all of Gods little ones finally hear. It is enough, come up higher, and is sweetly resting with Jesus.

The funeral was held May 15, 1906 at 2 p. m. at the U. B. church. Rev. Townsend officiating. Interment was made in Oak Ridge cemetery.

Home on Day's Avenue.
Wednesday Night

Mrs. H. R. Adams most pleasantly entertained the G. T. O. B. club, numbering about 16, at her home on Day's Avenue, last Wednesday evening. The evening was passed in games and general pleasantries of the day, after which the hostess served dainty refreshments.

At a late hour the guests departed thanking Mrs. Adams for their enjoyable evening, and voting her a charming hostess.

CHAPIN WINS HIS CASE

Buchanan Must Return Taxes
Paid by Him in the
Year 1904.

The case of Chas. A. Chapin vs Buchanan, which was tried in Cass opolis last Monday, was decided in favor of Chapin.

This action was brought by Mr. Chapin for the return of taxes paid in 1904 under protest, and the verdict means that Buchanan must return to Mr. Chapin \$2089 paid by him as taxes for the year 1904.

Another suit is now being brought by Mr. Chapin for the return of the 1905 taxes, which were also paid under protest, and will probably be tried in the near future. If he should win this case it will mean that Buchanan must pay back to him, the amount received from him for taxes in 1905.

Judge Des Voignes took the case from the hands of the jury and gave a verdict for Mr. Chapin. The amount allowed not only included the taxes paid but interest on this amount to date, which amounts to \$2,219.25 in all.

While the village administration of 1904 was grossly negligent, the records show that the administration of 1906 was equally so, and the coming case will hinge upon the records, the same as the one just decided.

State Items

Lewis Eward, of Quincy, attempting to rescue his horses from a burning barn Tuesday, was overcome with the heat and smoke and nearly lost his life. Being only about half dressed and barefooted, he sustained burns which have since confined him to his bed. The barn 32x92 feet, and basement, was destroyed with its contents, causing a total loss of \$2,500 with \$1,100 insurance. A flock of 50 sheep and 40 lambs in the barnyard succumbed to the heat.

Cutting their foster daughter's tongue with a knife for some trivial childish offense and tying her hands above her head and then beating her unmercifully are some of the offenses charged against E. D. Sanborn and his wife of Big Rapids, and not denied by them. This came out at a hearing before Judge of Probate Jones, before whom the case was brought on complaint of neighbors of the Sanborns, in Sheridan township. The little girl, who is 14 years old, has been in charge of the sheriff since the complaint was made to Judge Jones, and on hearing the testimony the latter decided that the foster parents are not fit persons to have charge of the child any longer. The girl's former name was Bessie Cooper, and she was adopted by the Sanborns two years ago in Newaygo county, her mother being dead and her father having disappeared.

Jerking on the lines of a team of horses to urge them on, Reuben D. Miller, of Lapeer, had his right arm torn from the socket, Tuesday. Alexander Kerr was driving the team. They reached a rut in the ground over which the horses could not draw the load. Kerr asked Miller to pull on the lines at the horses' heads. Miller did so with the disastrous result. The team started forward so suddenly that Miller could not release his hold. A physician was called and set the arm back in place. Miller is resting easily.

Wrapping her apron around a gasoline stove which was ablaze, Mrs. Eva Dyer, of Traverse City, carried it down the hall Tuesday, the flames surrounding her head, and threw it out the window. The flat was saved but she was painfully burned.

Geo. Pullman, of Big Rapids, aged 24, convicted of forgery in having raised a grain check giving credit for three bushels to 43 bushels, was sentenced Tuesday by Judge Palmer.

NOTICE

POSITIVELY all advertisements and news for the Tuesday and Friday issues of the BUCHANAN RECORD MUST be in not later than Monday and Thursday nights, if they want to get them in for the paper on the following day. All news brought in later, will be held for the next issue.

The paper trust has shown a good example by owning up. Monopolists pile it on when they add mendacity to rapacity and audacity.

Maybe the series of earthquakes in California will loosen the hold that the boodlers seem to have on the public lands of that locality.

A recount that exposes all the fraud in all the precincts is what the people of St. Louis want, no matter what candidate is hurt or helped.

If the Sunday lid can be applied in Kentucky, and kept in position, the officials of other states ought not to feel discouraged over the non-enforcement of the law.

The floral department of the Canadian Pacific railroad has made its ninth annual distribution of flower seeds, consisting of twenty-one varieties, and by this means each station will be a bed of bloom during the summer months. In adopting the

best transportation wrinkles the Canadians are second to nobody.

With the money received from Chapin for taxes in 1904 all spent, and it being up to the taxpayers to make it good, they are beginning to ask if it would not be advisable to engage a competent village attorney.

In view of the facts that have been brought to light by the Chapin case, the Record would suggest that the common council take some steps toward providing a proper place for the presentation of public records. It appears that just when the records are wanted the most, they are nowhere to be found. Wake up gentlemen, and get busy.

Official Incompetency

The case of Chas. A. Chapin vs Buchanan just decided, has brought out a number of salient features. It has shown conclusively that Chapin is a tax dodger in the true sense of the word. It has shown gross ignorance and neglect on the part of the officials who have conducted the affairs of Buchanan for the past few years, and it will show the tax payers and voters that it will be to their interests to elect officials who will know they are right before they go ahead. Not alone is one official to blame, but the whole administration, from assessor to president. During the year 1904, the public records and files of the village show only a part of the official transactions, and the part that is not shown, was of vital importance in the Chapin case just decided. It was the duty of the Village Clerk to keep these records, but he neglected to do his duty. The assessor was negligent in performing the duties of his office as required by law. The president and common council were also negligent in their duties, and Mr. Chapin has taken advantage of this carelessness, on the part of our officials, to dodge the payment of his just proportion of the taxes.

The fact that the officers of Buchanan have neglected to conduct the business of the village, as it should

have been conducted, releases Chapin, legally, from the payment of his taxes, but if he was a man of principle and integrity, he would have been willing to pay his just share of the public expenses.

Because the failure of officers to comply with the law, releases him from these obligations, it is not the INTENT of that same law, that any man should throw the burdens of public maintenance upon his fellow-men, and escape his share of such burdens.

THE NEW VISIBLE

At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivotal bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantages of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb. **PERFECT VISIBLE WRITING**—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2 1/2 ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

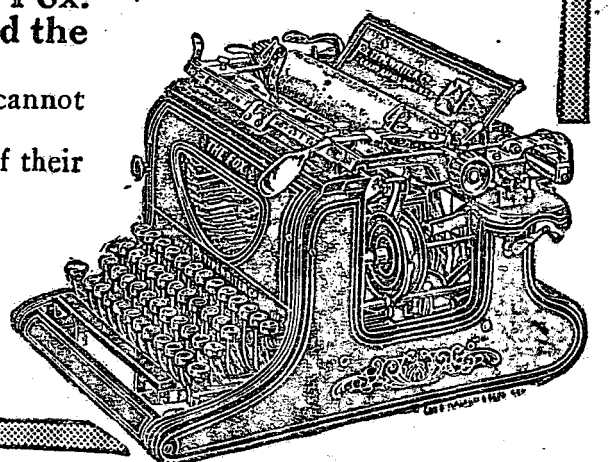

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

Miss Pangborn is well and favorably known in Buchanan, having lived here a greater share of her life. They will be at home to their many friends, after June 15 at Elkhart, Ind. The Record and many friends of the young couple extend hearty congratulations.

Mrs. A. F. Howe seems to be the victim of sneak thieves. She has a large bed of choice tulips of which she was very proud, but Tuesday night some one took the liberty to visit this flower bed stripping it of 57 blossoms. They ruined the beauty of this flower bed, which was greatly admired by the people passing by. Mrs. Howe would have been more than pleased to share these tulips with any one, who would come and ask for them, and she feels very bad that they took them in the manner they did. This is the second year her flower bed has been visited, and if she can find out who the guilty party or parties are, she will enforce the law, for which she would be fully justified in doing.

When E. I. Bird was coming down from the early train this morning with a passenger, he met with an unfortunate accident. He was in front of the Pere Marquette depot, when one of the wheels came off from his light spring wagon, throwing both of the occupants out. Mr. Bird hung onto the reins and succeeded in stopping the horse in front of George Bradley's home. Both were badly shaken up, and the traveling man sustained a sprained wrist.

The prevailing fad of having a gentlemen's reading and smoking room in each town, has been taken up in our midst, and the Geo. R. Rich Mfg. Cyril Scott in "The Prince Chap"

Beginning Sunday, May 20th, Walter N. Lawrence presents Cyril Scott in "The Prince Chap" by Edward Peple, after a long and successful run on Broadway, New York City.

Wholesome amusement is the dominant note in this successful comedy drama. Splendid tributes have been paid Mr. Cyril Scott in New York City and every big Eastern city as the greatest artist of the natural school as manifested in his admirable dramatic deftness in handling the cheering comedy and touching pathos in his role of "Billy Peyton, the Prince Chap."

Consensus of opinions of theatre-goers and critics wherever this play has been seen has given heartiest approval and it is safe to predict that Chicago will appreciate. It is a perfect piece of play-writing, full of warmth and heart interest, bright wit and wholesome, good humor and teaches the lesson of unselfishness in a manner pleasing to the most cultured intellect or the most untutored. It embodies much of the tender imaginings of youth and it peoples its world with only the good, the true and the beautiful, not with a haze of philosophic discoursing or long winded speeches but by means of a

natural picture of everyday life bathed in the sunshine of cheerfulness.

The story concerns itself with a poor sculptor, struggling for life in London, who has thrust upon him the care of a girl ward, Claudia Errington. He is a bachelor and his perplexities are great and provoke many a hearty laugh. He cares for her thirteen years as tenderly as a fond parent and having acquired wealth he suddenly discovers that she is a grown up young lady and his fatherly affection turns to passionate devotion and there is a happy termination. The scene is laid in a Bohemian atmosphere but never once during the action of the piece is the quality of wholesome sweetness lost.

Strikingly original characters abound in "The Prince Chap," winning from the most critical writers the title of the most excellent and unique play of the season. The part of "Claudia" is portrayed by three different actresses, one in each act. Runion, the fat butler, full of unctuous humor, and the dry manner of the wit of the jolly old "Earl of Huntington," and "Phoebe Puckers" the slavey, with her awkwardness and gamin-like sharpness, all ably support the star, Cyril Scott, in teaching that cheerful unselfishness makes life a beautiful thing and that happiness is a state of mind and gloom a bad fad.

Pleasantly Surprised

Last Tuesday evening Mr. and Mrs. Newton Barnhart were sitting at their back door having a quiet chat with some neighbors. They thought from the sound that suddenly came from the front room, that a portion of the San Francisco earthquake had struck them. Such a noise and commotion! Rushing in, she at the back and he at the front door, found their house completely in possession of their friends. They accepted the situation and gave them all a welcome, when they recovered from their amazement.

They came to have a good time and they had it. The fact that Mr. Barnhart was in the usual mix up resulting from house cleaning only added to the fun.

Games and refreshments were a part of the entertainment and a second surprise was added by Mr. Halmhuber presenting Mr. Barnhart with a fountain pen, a gift of the Young People's Alliance.

was taken to Mercy Hospital, yesterday for an operation.

A new confectionery and ice cream parlor has been opened on Main street called the B. Z. B.

Our baseball team met their first defeat this season at the hands of the Niles boys last Saturday.

Dr. W. C. Bastar submitted to a slight operation yesterday in Chicago and expects to be in his office by Saturday.

The \$15,000 for a new hospital has been raised, and now a movement is on foot to provide a better and larger site for it, than the one already purchased.

The G & M fleet will soon all be fitted up, and put in shape for the season's work. The pet of the line, the City of Benton Harbor will go into commission next week.

College Commencement tonight, at the Bell. The class numbers 22 the same as that of the high school, which will graduate next week Thursday. Rev. Cady will deliver their baccalaureate address next Sunday night.

Rev. Wm. E. Brooks, who was a pastor of the Congregational church here, some years ago, has relinquished his pastorate in Connecticut on account of ill health, and with his wife has returned to his residence on Pipestone street. We welcome their return.

There was great rejoicing in St. Joseph Wednesday morning, when the first passenger car on the new interurban arrived from South Bend. The trip was made in 90 minutes including long stops for inspection at Niles, Berrien Springs and Scottdale. St. Joe is arranging to give a banquet for the officials of the road.
