ANNUAL SCHOOL MEETING

Was Held in the Union School
Building, Monday Even-
ing, June 9

The annual school meeting of Dist.
No. 1, was held in the school house,
Monday evening, July 9th, at which
98 votes were cast. The minutes of
the last meeting were read and ap-
proved, after which they proceeded
to the election of three trustees, with
the following results: F. L. Ray-
mond was elected to complete the
term of W. H. Keller, deceased; and
F. A. Stryker and Chas. A. Bainton,
each for a full term of three years.

The director then made his report,
showing the financial condition of the
the district. It was voted to raise
by taxation; For Repairs \$700
Directors Salary 100
Treasurers 50
Library 50

From the financial report it appear-
ed that there were obligations amount-
ing to \$685.80, that were not pro-
vided for. It was voted to add this
amount to the roll, so that settlement
may be made next December

Communication was read from the
State School Commissioner in regards
to the distribution of the money re-
ceived by the state on back taxes on
certain railroads. This fund is now
in the hands of the State officials,
and will be distributed on Nov. 10.
The amount by this communication
will approximate \$10 per capita, and
as the district has 418 pupils in the
census, we may expect to receive
about \$4,000 from this source, which
the law further provides can be used
for teachers wages only.

It was voted to have 38 weeks of
school the coming year. School will
begin on the first Tuesday in Septem-
ber.

E. S. Roe, Director.

NOTE: It might be interesting to
some to know, that the year just
passed; by the use of the new heating
plant, showed a saving of 68 tons of
coal over the old apparatus, which
consumed annually about 160 tons.
This shows a net saving in fuel of
about 40 per cent, or nearly enough
to pay the interest on the total cost
of the apparatus.

WRECK ON M. C. RAILROAD

Between Galien and Three
Oaks a Freight Train
Was Derailed

About 5 o'clock Monday morning
the east bound freight train was de-
railed in some unknown manner, half
way between Galien and Three Oaks,
thus delaying all east bound trains
on that road.

The freight train comprised of 12
box cars were all derailed, and help
was sent for at Michigan City, to get
the cars back, so as not to disable the
passenger traffic any longer than pos-
sible. The wrecking crew arrived
at an early hour, and the men work-
ed faithfully until about 3 o'clock,
when the train again moved on.

During the time the wrecking crew
was busy repairing the damages the
trains on east bound track came to
Buchanan from New Buffalo over the
Big Four and P. M. via Niles. The
regular service was resumed at about
3 o'clock, but all east bound trains
were late during the entire day.

LIGHTNING DOES DAMAGE

In this and Surrounding Vicin-
ity, During Electrical
Storm

At least one barn was struck and
destroyed in the fierce electric storm
that swept over this locality Saturday
afternoon. The barn in question was
located on the farm of Mrs. Fred
French north of Portage Prairie, near
the farm of Leroy S. Bronson. Be-
sides the barn considerable hay and
other contents were destroyed. The
only things being saved was a horse
and buggy. The loss is estimated at
\$1000 to \$1,200 and it is not known
whether it was insured or not.

Lightning also struck a shock of
wheat that was standing back of
Wm. Bainton's barn on River street.

The home of Myron Mead, of Day's
Avenue, was also struck by lightning,
during the terrific electrical storm.
The only occupants of the house
were Mrs. Myron Mead, and Mr. and
Mrs. Geo. W. Rough, of Portage
Prairie. The lightning entered the
house just about five feet from where
Mr. Rough was sitting. No one was
injured but all were badly shaken up.

WIFE INSISTS NO WHITE CAPS

Mrs. Sutherland Says Her
Husband Might Easily
Have Been Saved

Mrs. Aubrey D. Southerland is slowly
recovering from the shock of the
late disaster on the Fourth of July,
when the canoe in which her late
husband and herself were sailing on
Lake Michigan capsized and the
brave husband gave up his life for
that of his wife. The canoe went on
its side and Mr. Sutherland managed
to swim with his wife and place her
on the stranded craft. He found that
on its side the canoe would not float
them both and after a long struggle
he gave up and sank, telling his wife
to hold to the canoe and that it would
drift ashore.

Saturday morning Mrs. Sutherland
gave some new details of the disaster,
details that goes to show that had the
lookout in the tower been watching
the little bark the accident would not
have ended in death. She said:

"No one had a better license to go
out on the lake than my husband.
Ever since our marriage we have
made many trips every season and
many times there was as much wind
and sea as there was last Wednesday.
It was an accident. We were nearly
turned around when we were caught
in the trough of the sea and the ca-
noe capsized. But for that we would
have landed safely and without any
thought that we had been near to
danger.

"I believe that Aubrey might have
been rescued. We could not have
been more than a half mile from the
pier, and we could see the life sav-
ing tower and the people on the pier
and Silver Beach. After the accident
two launches sailed out of the har-
bor and we thought they were com-
ing for us, Aubrey tried to signal
them, but when he saw the effort
was taking his strength he stopped
the exertion, as it seemed of no use."

Mrs. Sutherland believes that the
life savers had time and plenty of it
to reach the scene of the disaster be-
fore her husband went down.
The body of the young hero has
not yet washed ashore.

POISONED FINE HORSE

Fiend Feeds Paris Green To
Fine Animal.

Thursday morning Abraham
Shadle, a prosperous farmer living
four miles from Berrien Springs,
went to his barn as usual and when
about to feed his horses discovered
one of them was sick. For some
reason he looked into the feed box
in the manger and saw paris green.
He immediately proceeded to the
home of Charles Whetstone, one mile
away and telephoned for Veterinary
Dr. Playne of Berrien Springs. Be-
fore he could reach the place the
horse was dead.

Deputy Sheriff Allen was then not-
ified. During the intervening time a
great many people, having heard the
news, arrived and tracked the ground
around the barn so much that it was
most impossible to detect any line
of the inhuman scoundrel leaving or
coming to the barn. However, De-
puty Sheriff Allen detected three dif-
ferent obscure lines to and from the
barn. Sheriff Tennant and force are
industriously working on the case.
The horse was valued at \$175. Mr.
Schadle is considered a good man in
his community and has never had
any trouble with his neighbors and
there is no suspicion of any low spite
work as yet.

HAMILTON IS WORKING

In the Interests of His Princi-
pal for Midshipman, Aaron
Earl Gardner.

Aaron Earl Gardner, the Buchanan
boy who was successful in the com-
petitive examination here for mid-
shipman at Annapolis, failed in the
physical examination there; as per
the following letter received by Con-
gressman Hamilton from the acting
chief of the Naval Bureau, on June
30:

"I beg to inform you that your
principal for midshipman, Mr. Aaron
Gardner, passed the mental examina-
tion June 19, but was found phys-
ically disqualified June 27, the Medical
Examination Board at the Naval
Academy making the following re-
port:

"High pitch breathing and some
consolidation below right apex."
Congressman Hamilton at once
took the matter up with Secretary
Bonaparte, to whom he related a his-
tory of young Gardner's struggle
with a view to entering the Naval
Academy, with the result that the
young man will be re-examined, as
per the following letter received by
Congressman Hamilton from the act-
ing chief of the Naval Bureau at
Washington:

"I am pleased to state that the de-
partment has directed that Mr. Gar-
dner be re-examined physically at the
end of two weeks."

Friends of Mr. Gardner say that a
newly acquired cold was responsible
for his failure to pass the physical ex-
amination at Annapolis, and they
cherish a confidence that he will be
more successful when re-examined.
In the examination here, Paul L.
Gillespie of Berrien Springs, won
second place and was named as alter-
nate, but he failed to report for the
examination at the Naval Academy,
hence, in case Gardner were to fail, a
serious question would arise as to
whether or not Gillespie would be
eligible in his stead.—Niles Star.

How to buy good Clothes

You know your own business, of course, but do you know anything about the clothing you wear? You buy machinery or wagons or live stock, only after a thorough investigation of their merits, yet you buy clothing mainly on its looks behind a fine plate glass window, or because you have been in the habit of buying it at a certain store.

Do you know what is inside of the clothing? Do you know whether the fabric is all-wool? Do you know whether it has been tailored by hand or machine?

Suppose you begin a little investigation. Come in at any time to The Biggest and Best Clothing Store in South Bend, and we will tell you why we allow nothing but dependable fabrics to be used in our clothing, and show you how we test fabrics to prove them all-wool. Why we permit nothing but hand tailored work in the important parts of the clothing, we will even rip open a coat and show you what hand tailor work means.

All sorts of summer suits now ready, including serge and the stylish grays, \$10, \$13.50, \$15, \$18.50, \$20, \$25.

New, desirable styles and dependable qualities of clothing, hats, furnishings and shoes. Select the styles to suit your taste. No other store offers so wide a choice.

Our one price policy gives you the figure anyone is able to get without delay or argument.

Our policy of "money back if you want it" insures confidence in all our dealings.

NILES MAN LOST HIS CASH

Pickpockets Spoil Romance of Niles Young Man and Fiancee

The course of the true love ran anything but smooth for one Niles couple, who Wednesday sought to be married in St. Joseph, but on whom the goddess of fortune played one of her jokes, and foiled the plan.

The young couple, whose names the Niles police refuse to divulge, left Niles on an early afternoon car with the intention of securing a license at the court house in this city, seek out a minister to perform the ceremony, and then follow by a honeymoon consisting of trips on the "Figure 8" and a boat ride on the lake.

They got to St. Joseph alright, but there was no hurry, and so they walked around the town, taking in the sights, and mingling with the crowd. Finally the hero decided to find the county clerk and the minister and get the ceremony over with. He went to the court house and stating the names, ages, etc., had the clerk's assistant make out the license.

Then he reached in his pocket to pay the fee, but found to his horror, that his "wallet" containing \$15 on which he proposed to get the license to be married and take his wedding trip had gone—he knew not how or where.

Hastily telling the clerk not to proceed further with the license, the youth found his intended bride and together they told the police of St. Joseph their tale of woe. The police of course were unable to help, for they could furnish no clue to the one who had picked his pocket and did not know whether it was in Niles or in St. Joseph or enroute that he had lost the money.

Sadly the young couple returned to Niles, and the police there were also informed, but so far no trace of the money or thief is reported.

Fred Marshall of Niles, a member

of the firm of Marshall & Henry of that city reported to the police there that he had lost \$200 in cash and checks but, there will be no chance of recovering the money.

State Items

Caught by the wheel of a sulky, a little girl named Bourber of Otter Lake, was thrown high in the air and under the hoofs of the horse. The accident happened during the races which were held in the road last Friday. The child walked out, from the edge of the crowd. Persons who saw her shuddered and turned away as they saw her whirled into the air and under the hoofs of the animal. The little one is in a serious condition.

Injuries that will undoubtedly prove fatal were received by William Ellis, lately of Alto, Mich., in an accident at the Union Steam Pump works at Battle Creek, Saturday. A foundry elevator fell, crushing Ellis under a load of pig iron. His right leg was broken in two places, his left leg was so broken and crushed as to require amputation above the knee and he received other injuries.

Walter Rogers, of Jackson, human locomotive, has been switched off at the Kalamazoo asylum. Rogers was arrested, Saturday, while racing up and down the Michigan Central tracks, whistling and puffing and otherwise acting like a real locomotive. He insisted he was pulling one of the express trains. "If you don't believe it, clear the track and give me the right of way," he said. The Probate court allowed he meant it and gave the signal to start for Kalamazoo.

Sterling Playford, of Cassopolis, the man accused of deceiving 15-year old Verna Zimmerman, waived examination Thursday, to the disappointment of a big crowd in the court room, and was bound over in the sum of \$1,000 for trial at the September term of court. His bonds men are Chas. H. Kimmerie, who is prominently mentioned for the democratic nomination for governor, and Henry Jones, an uncle of the defendant. Playford's wife has secured Kimmerie against possible loss, by giving a mortgage upon her home.

Richard Smith, aged 28 years, living in Alger, was killed by the cars early Friday morning, about two miles north of that place. He was returning home from a party at Greenwood, near there, and was struck by the down passenger train. He was not found until about 7 o'clock by section men. He was unmarried, and his parents live at Alger.
