MET WITH A SUDDEN DEATH

Tragic End of Niles Steeple
Jack Causes Comrades
to Quit Business

Chicago, Ill., July 17.—After years
of dizzy work on steeples and smoke
stacks and scores of narrow escapes
that had left their nerve unshaken,
John H. Rohrbach and Walter Peter-
son, steeplejacks, have quit their pro-
fession forever as the result of a fatal
accident to a comrade.

The 165 foot plunge of their fellow
workman last Tuesday from the
smokestack of the Consumers' Ice
Company plant at Thirty-sixth and
Butler avenue, completely shattered
the nerves that had endured the
hazards of the most dangerous of all
professions for a score of years.

James E. Glenn was the companion
whose terrible fall so affected them.
"I am done with the business,"
said Rohrbach as he helped to gather
up the broken body of Glenn.

Peterson looked up at the smoke-
stack and for the first time in his life
shuddered at the thought of such a
fall.

The accident to Glenn was peculiar.
The smokestack was an old one,
built of brick, and the purpose in
scaling it was to bind it with iron
ropes to make it secure. For three
weeks steeplejacks had in vain tried
to devise means of reaching the top
of the stack. Then Edward E. Har-
bert, a specialist in kites and balloons
of 1637 Briar place, was called upon.

With the aid of his kites Mr. Har-
bert threw several cords over the top
of the chimney. But the heat burned
them up instantly. He finally tried
wire and succeeded in looping the
top of the huge stack.

Then with a kite five feet long, a
large hook to which was attached a
block and tackle and a rope, was
raised to the level of the chimney top
and skillfully hooked over the 12-inch
brick wall. Thousands of spectators
cheered the feat.

Rohrbach started up but when he
got half way, felt something give.
He returned to the ground. Glenn,
for whom Rohrbach was working,
said he would go up himself.

The intense heat that issued from
the top of the stack had not been taken
into account. It is said to be
3620 degrees.

Glenn began the ascent and while
he was mounting higher and higher
the heat was rapidly melting the iron
hook that held his weight. As he
nearly the top and was about to clasp
a rope that had been looped around
the stack, the hook gave way.
Glenn's fall was a fearful one. Near-
ly every bone in his body was broken.

No more work was done on the
smokestack last week and yesterday
Peterson and Rohrbach announced
their intention to quit the business.

erage score was over 93 per cent.

BREAKING UP OF GANG

Michigan City Convict Helps Send up
Last of Crowd

A convict in the state prison at
Michigan City, Ind., helped to put
an end at Hamilton, O., to what is

believed to be the largest gang of
horse thieves that has operated in re-
cent years. when a jury returned a
verdict against Harry Spayd, of St.
Marys, O., for the theft of a horse at
Hamilton in 1904.

The conviction was brought about
solely through the testimony of Harry
Foster, a convict in the Indiana state
prison, who was taken to Hamilton
recently as the chief witness for the
state. Foster and Spayd were for-
merly "pals." Foster is suffering
from consumption, and professes to
be anxious to atone for his offenses
before he dies, as he will hardly sur-
vive his term. He confesses to more
than twenty-five horse thefts, implicat-
ing Spayd in them all. He said
that Spayd's stable in St. Marys
where the Hamilton horse was found,
on information tipped off by Foster,
was used for years to conceal stolen
horses.

HAMILTON RE-NOMINATED

By Republicans at Hastings
Monday

The Congressional Convention held
at Hastings, Wednesday, re-nominat-
ed Hon. E. L. Hamilton as congressman
from the fourth district. The six
counties which comprise the district
were unanimous in his selection. This

is an honor of which Berrien county
is justly proud.

The nomination was made amid the
cheers of the convention, which had
resolved itself into a love feast to do
honor to the "peerless Hamilton,"
and the new cry of "Ed, you're a
brick," was heard when the congress-
man made his appearance on the floor
of the convention hall.

SHE KNEW HER OWN

Mother Hen Called Her Brood
and Fixed Ownership

Deputy Sheriff Johns, Grand Ra-
pids, has proved himself a shrewd
detective, but it was with the aid of
a clucking hen. He was sent to Cut-
lerville to arrest Edward Hooker for
the alleged theft of some fowls from
the coop of one of the residents and
to make the identification of the birds
complete, Johns hit upon a brilliant
plan. The hens were carried to the
coop from which they were supposed
to have been stolen and Mistres Hen,
the fond mother of a chirping brood,
was released. A few lusty clucks
gathered about her the band of little
youngsters and the maternal tenderness
which she displayed left no
doubt as to the ownership. One of
the other hens at once sought its ac-
customed nest and the exultant cack-
ling a few minutes later gave the
news of another egg's production.

THEY WILL HAVE SPORTS GALORE

At The Young People's Picnic
Wednesday August 1st.

Lithographs are now in evidence,
advertising the 31st annual young
people's picnic, which will take place
at Berrien Springs on Wednesday,
Aug. 1. The lithographs recite that
the management have arranged to
make this the best picnic that they
have ever held; that the orators of
the day are Frank E. Herring of
South Bend, and John J. Sterling of
Benton Harbor; that the Otuarus,
one of the best troupes of Japanese
acrobats on the road today, will ap-
pear on the grounds in the morning
and evening in full costume; that the
musical Pierces are booked for two
free performances, morning and after-
noon, at platform on Main street;
that there will be a high dive from
the interurban bridge at 4 o'clock;
that "Happy Jack Gardner" a fun-
maker that has no equal will be on
deck, the Elbel's celebrated band of
South Bend, and the Buchanan Mil-
itary band will furnish music during
the day, and close with an hour and
a half concert at night.

The horse races promise to be bet-
ter than ever. For full particulars,
write or telephone John R. Bishop,
chairman committee of races. There
will also be a baseball game between
two of the best teams that can be
procured.

A company of colored cake walkers
will give an exhibition on the plat-
form in the morning and will sing
their plantation songs during the ex-
ercises at the grove in the afternoon.

The Southern Michigan Railway
company will have plenty of cars to
accommodate the crowd, and as
usual, the Pere Marquette will run
special trains. With their help, the
management expects to entertain
20,000 people on that day.

There will be a fine pyrotechnical
display in the evening, between 9
and 10 o'clock.

FOUND VICTIMS THERE

"Fish Lure," Sold in Iowa,
Does its Work Well

There is a company at Des Moines,
Ia., that is advertising extensively
to give free some of its famous "fish
lure," which is guaranteed to bring
all the fish up or down the streams
for long distances to grab at the allur-
ing bait and then be harpooned by an
automatic hook, also for sale by the
company. Several Michigan Cityites
took the "lure" and wrote for the
sample. Very promptly did they re-
ceive word that it was desired to
have that party act as agent here, to
get which agency it would be neces-
sary to send \$1 and receive in return
four boxes of the "fish lure" and a
number of the hooks.

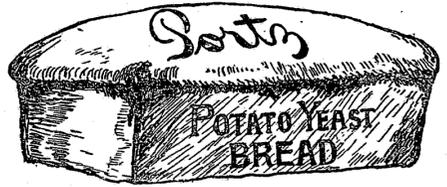

In the event that the party did not
care for the agency if they would send
fifty one-cent stamps, two of the
hooks and a box of the "lure" would
be sent on as samples. At least one
party sent the stamps.

He waited a week but received no
reply from the manufacturers of
"lure." He again wrote and another
week has gone by and no words as to
either stamps or "lure." This leads
the party to believe that the Des
Moines company is putting out a
very successful brand of "lure" and
that the fish caught are principally
of the human kind and are of the sort
often termed "suckers" and that it
is for such that the Iowa company
prepares its own bait and does its
own fishing.—Michigan City Dispatch

That Chapin Assessment

In justice to present and past mem-
bers of boards of review, and myself
I wish to explain the very mislead-
ing statement made in the last issue
of the RECORD, regarding the assess-
ment of the C. A. Chapin dam and
electric plant.

The statement was this, that Mr.

Because it's made so good. We haven't heard any com-
plaint about our bread. It's popular with the children.

C. A. Chapin had paid \$100,000.00
for the property and that I assessed
it at \$185,000.00, and that I made
oath to same. The facts in the case
as near as can be ascertained are
these:
Original price paid by C. A. Chapin
for dam, races, land, power house
and overflow. \$100,000 00
New power house, cement
work, excavation, etc. 120,000 00
New electric machinery
installed. 60,000 00
\$280,000 00

Allowing for overflow and
land otherwise assessed 30,000 00

Leaves a balance of \$250,000 00

In assessing this property at \$185,-
000.00 we fail to see where Mr. Cha-
pin has any ground for complaint.

C. B. TREAT,
Village Assessor.

Referring to the above the RECORD
wishes to state that it intended no in-
justice to Mr. Treat on any Board of
Review, but took only the statements
as claimed by Chapin. We do not
think there is a citizen of Buchanan
or vicinity, but knows that Chapin
made thousands of dollars worth of
improvements on his original pur-
chase, which of course would cause
the increase in his assessments.

The Record has the largest circula-
tion and is the best advertising
medium in the county.

How to buy good Clothes

You know your own business, of course, but do you know anything about the clothing you wear? You buy machinery or wagons or live stock, only after a thorough investigation of their merits, yet you buy clothing mainly on its looks behind a fine plate glass window, or because you have been in the habit of buying it at a certain store.

Do you know what is inside of the clothing? Do you know whether the fabric is all-wool? Do you know whether it has been tailored by hand or machine?

Suppose you begin a little investigation. Come in at any time to The Biggest and Best Clothing Store in South Bend, and we will tell you why we allow nothing but dependable fabrics to be used in our clothing, and show you how we test fabrics to prove them all-wool. Why we permit nothing but hand tailored work in the important parts of the clothing, we will even rip open a coat and show you what hand tailor work means.

All sorts of summer suits now ready, including serge and the stylish grays, \$10, \$12.50, \$15, \$17.50, \$20, \$25.

New, desirable styles and dependable qualities of clothing, hats, furnishings and shoes. Select the styles to suit your taste. No other store offers so wide a choice.

Our one price policy gives you the figure anyone is able to get without delay or argument.

Our policy of "money back if you want it" insures confidence in all our dealings.

JULY 20, 1906.

The czar's soldiers have improved their tactics to the extent that they are now able to fight among themselves.

According to the findings of the military court, Admiral Rojestvensky was of unsound mind when he surrendered to the Japs. Other authorities insist, however, that he showed remarkable intelligence.

In the list of British notables who have given garden fetes and moonlight picnics in honor of Col. Bryan the name of Richard Croker is conspicuously absent. Can it be that the boss has lost his interest in American politics.

A military band in the Philippines which knew only two tunes, "Always in the Way" and "A Hot Time," has stirred up plenty of trouble by playing the former at a soldier's funeral. The choice seems difficult, but the preference of the boys themselves ought to have been respected.

The democrats of Michigan should not entirely forget that two whole years must elapse before W. J. Bryan can possibly become a campaign issue. In the meantime there is a state campaign before them, and many heretofore paramount issues which they seem to be entirely forgetting, Mr. Bryan's prospective candidacy will receive adequate consideration from the republicans when the proper time arrives, and in the meantime they will do their best to keep it true, as Bryan declared in London, that in all

that a nation seeks to attain, and in all that a people should strive to be, the United States stands foremost.

TWO WIVES MET IN JAIL

Their One Husband Was There At The Same Time.

Port Huron, Mich., July 19.—Two alleged wives of William Turner, of Capac, had an unexpected face-to-face encounter in the county jail today.

William Turner and Mrs. Agnes Baily, alias Turners, are locked up on a charge of luring a Capac citizen to their cabin and robbing him. The woman pleaded guilty to the charge and is awaiting sentence.

In the meantime Mrs. Susan Turner, the alleged first wife of William Turner, came to town and, becoming intoxicated, was put in the same ward with the other woman. Recognition followed and the row, which ensued when the women became heated in the argument, required interference of the officers.

THE HARDWARE MAN

An Irishman's Will

The following curious will is recorded:

"In the name of God, amen, I, Timothy Doolan, of Barrydownerry in the County of Clare, farmer, being sick and wake on my legs, but of sound head and warm heart—glory to God—do make this my last will and old and new testament. First I give my soul to God, when it plazes Him to take it—sure, no thanks to me; I can't help it then—and my body to be buried in the ground at Barrydownerry Chapel, where all my kith and kin that have gone before me, and those that live after belonging to me, are buried. Pace to their ashes, and may the sod rist quietly over their bones! Bury me near my god-father and my mother, who lie separated altogether at the other side of the chapel yard. I lave the bit of ground containing ten acres—rare ould Irish acres—to my eldest son Tim, after the death of his mother if she lives to survive him. My daughter Mary and her husband, Paddy O'Reagan, are to get the white sow Teddy, my second boy, that was killed in the war in Ameriky, might have got the pick of poultry; but, as he is gone, I'll lave them to his wife, who died a wake before him. I bequeath to all mankind the frest air of heaven, all the fishes of the sea they can take, and all the birds of the air they can shoot. I lave to them all the sun, moon and stars. I lave to Peter Jafferty a pint of potheen I can't finish, and may God be merciful to him."

Press Notes For The August Designer

In addition to the many handsome and practical fashion designs of the month The Designer for August presents two special articles: One is on "The Baby's First Short Clothes," and the other on "Becoming Styles for the Stout Woman." Hats for late summer wear are also pictured and shoes and slippers of the latest cut are given an entire page. A new departure is the picturing of several full page fashion plates in two colors in addition to the regular color plates. "Points on Dress making" this month tells how to fit and bone a close fitting lining, and the Millinery Lesson instructs as to the making of a horse-hair hat.

"The work of Vacation Schools" is set forth by Delia Austrian, Mary Kilsyth gives advice as to buying "Dining Tables and Sideboards," and Bertha Hasbrook "In the Interest of Bread Winning" advocates giving embroidery lessons. A droll little pickaninny drill is "Dat Watermillun," by Harriet Wilbur. Caroline Fuller, the author of "The Alley Cat's Kitten," contributes "A Hook and Ladder Kitten," a short story for children. Susie Bouchelle Wight, author of "A By-Path in Altruria," presents "By the Grace of Anne," a love story in which humor is prominent, and Della Thompson Lutes tells of later doings of "The Village Improvement Society."

In fancywork are supplied "Lace and Embroidery for Table Linen," and "Copenhagen Cut Work." "Hot Weather Breakfasts" are pictured and described in detail, so too is "A Make-Believe Vacation," which gives suggestions to the stay-at-homes. "Men's Fashions" illustrates new materials for autumn suits, and the various departments edited by the readers are filled with most interesting and helpful suggestions.

The McCabe class, of the Methodist Sunday school, held a lawn social, last night, at the home of Mr. and Mrs. A. F. Howe. They had a big crowd and a good time, and the young ladies will clear about \$20.00, which will be used for the new church.

After a hearing Wednesday, Railroad Commissioner Atwood granted an order allowing the Benton Harbor-St. Joseph Traction Co., to build a subway under the Pere Marquette and cross two sidings of the Michigan Central at grade at St. Joseph. This permits the traction company to reach the Graham & Morton docks.

It is said that a Buchanan woman returned some sausage to a meat dealer, stating in an angry tone that she had found a brass dog license tag in the stuff. The butcher assured the woman the packing house could not afford to furnish silver ones, but he would see if an exception could not be made in her case if she insisted.

The steady pur of the steam fire engine has caused many citizens to wonder why the engine has been running. Repairs are being made on one of the wells that is located outside of the reservoir, and in digging down to the required depth, the hole becomes filled with water. In order that the work may be carried on satisfactorily, the steamer is used to pump the water out of this hole.

Fred Walters, employed on his brother's farm at Portage Prairie, was the victim of a runaway accident Wednesday which may cause his death. He was raking hay when the team became frightened and ran away. The tongue of the rake dropped to the ground and snapped off. Walters was thrown high into the air and fell directly in front of the team and was run over. He was picked up unconscious and fears are entertained for his recovery.

The Independent Five and Ten Cent stores secured a lease on the Kirby building on South Michigan street, South Bend, now occupied by the Shidler hardware establishment. F. M. Murphy, of Chicago, general manager of the corporation, made the necessary negotiations for his concern. The building will be remodeled for reception of the new enterprise. Special fixtures of modern design will be installed and the place will be made thoroughly up-to-date. The entire three floors and basement of the building will be used. The concern expects to open its doors about Aug. 1.

An unusual service was held at St. Joseph's Catholic church in St. Joseph Sunday morning when Rev. Father Esper offered prayers for rain for the benefit of the numerous farmers in that vicinity. There has been a drouth for several weeks and rain is very badly needed. Berries and all kinds of vegetation have been suffering from the drouth. The prayers were answered by a light shower which fell Monday at an early hour, but not enough to alleviate the trouble which threatens to shorten all fall crops.

The past ten days a gang of telephone linemen have been putting new cable in place, and they will be followed by another gang that will set the poles and string the wires for the new rural lines. The Wednesday morning papers contained a story of a scandal in which Edward B. Reynolds, president of the First National bank of South Bend, and his mother, Mrs. Jeanette Reynolds, are principal characters, they being sued for \$100,000 damages by Regina Koenke, of Chicago, formerly a domestic employed by the Reynolds family. The girl alleges that Reynolds, assisted by his mother, drugged her and attacked her, and that she was permanently injured. Reynolds, she claims, threatened to have her declared insane if she ever told of the matter. The case will be tried in the South Bend courts though the girl is a resident of Chicago.

GRANGE HALL

A terrible affliction came to Orrin Draper, ten years old, last Friday morning. The muscles, cords and achilles tendons on both legs just above the ankles were completely severed, also the Tibia, the small bone in the left leg. The little fellow went into the field where Johnnie Steinback was cutting grass for Frank Kinney, and was striking the horse with a stick, when he got in front of the sickle and had both legs nearly

cut off. The boys were about a mile from the house. Johnnie unhitched the team from the mower, put them onto the wagon, lifted Orrin onto the hayrack and started the team home on the run. Drs. Green and Smith of Berrien Springs dressed the wounds. He is at his uncle Frank Kinney's.

Mr. and Mrs. Geo. Wheeler and three small children, the oldest 13, walked during the last three months, the thousand miles between Arkansas and Michigan and arrived in this city Wednesday. They are converts to the faith of Mary and Benjamin and were received with open arms by the Flying Rollers.

Billy Hill, a colored man from Kentucky, was drunk Wednesday night and becoming very angry at a small boy who had got into his boat, tried to get at him. He partly fell and partly jumped toward the boat, but missed and fell into the water which is about 16 feet deep. His body was recovered within ten minutes, but could not be resuscitated, though a doctor and some of the life-savers worked over him for nearly two hours.

Mr. E. Lyon, of Chicago, a resorter at St. Joseph, suicided Wednesday night about midnight, by first drinking carbolic acid and then jumping off the south pier. He left a note saying there was nothing now to live for. In a pocket of his clothes, left on the pier, was the picture of a very pretty girl. On the back of it he had composed and written a verse of very poor poetry. His body has not yet been found. A brother in New York City has been notified.

Sagert, the bigamist, who has been in the county jail for sometime, was released on bail Thursday, much to

the regret of Sheriff Tennant, who feels sure he will forget to return. His brother in Chicago brought over the necessary \$1,000, but it could not be accepted direct, so T. L. Wilkinson of St. Joe, took it and issued the necessary bond.

There are many accidents on the water this season. A 10 year old boy Maxham, Moulds, who lives on Superior street, was playing Tuesday morning on a raft on the canal near the coal station. He accidentally fell in, but was seen by an engineer whose engine was coaling and he quickly sprang in and got him before his head went under. The canal is 16 feet deep and not a very good place for boys to play around and hereafter the docks will be patrolled by the police and they will take charge of children found loitering there.

Bert Mittan, second son of Will Mittan formerly of Buchanan and victim of the opera house fire, is employed at the Lake View hotel, St. Joseph. Wednesday night he was accidentally locked into the rooms of one of the boarders who went away for the night. Bert accepted the situation and went to bed and to sleep and was not found till the chamber maid made her rounds in the morning. The police and hotel employes were searching for him all night along the docks and beach, seeking to solve the mystery of his disappearance.

State Items

Elmer Van Deusen, of the firm of Weinberg & Van Deusen, of Elsie, was hurried from his wagon when the pole dropped as his runaway team reached the railway track. The wagon was thrown high in the air, and Van Deusen shot over the horses heads and fell unconscious between the rails. His left shoulder was crushed and dislocated, both legs and both hands and face and head were cut and bruised. He did not recover consciousness for over an hour.

The Lake Superior strawberry farm of Daniel Nehmer & Sons, near Ontonagon, is an example of the opportunities for farming in the upper peninsula. One hundred and fifty persons are employed there now picking berries, and from 800 to 400 crates are picked and shipped daily.

For stealing a watermelon at Vassar, Charles McDonald, of Flint; Jesse Riley, of Caro, and Archie Campbell, of Stratford, Ont., were fined \$15 and costs of \$5 each, or thirty days in the county jail today. They went to jail. Two of the boys are 18 and the other 23. One of them took the melon from the store of M. H. Ogden while the other two watched. They were caught before cutting into the fruit and pleaded guilty to stealing it.

While driving a mowing machine George C. Paine, of Fenton, was attacked with heart trouble and fell on the cutting bar being severely cut about the head and face. He is 70 years old and his recovery is doubtful.

Mrs. Carrie Broad was divorced from Harry L. Broad, well known young merchant, on Saturday, at Alpena, and at 8 p. m. was married to Jack Dean, who claims to be a pugilist. The divorce and wedding were suppressed.

Employed foot ball tactics, W. L. Parks, president of the Twin City Creamery Co., of St. Joseph, threw himself from his bicycle when overtaken by a rapidly approaching street car, plunging into the street as if he were making a tackle. His bicycle was demolished, but he escaped with minor bruises. He played four years on the M. A. C. foot ball team.

Nelsnn Herrick of St. Louis is the proprietor of an improved chicken which was hatched last week. The chick has three perfect feet and legs and will naturally have a big advantage over other members of his family, for it can dig with one foot and keep right on traveling with the other two.

F. J. Horrell's Collie dog "Mac" of Fenton, is as bright as you find them. Mr. Horrell has arranged a cross piece to a handle of a parasol and any of these warm, sultry days "Mac" coolly saunters along, holding

his umbrella and seeing to thoroughly enjoy the protection from the sun.

A bolt of lightning which struck the Escanaba lighthouse during a severe electric storm, played all sorts of peculiar antics in the living apartments of L. A. Rose, the keeper, and imperiled the lives of three members of the family. Every window on the first and second stories of the house and every door in the interior was torn from its hinges and thrown to the floor. Nails heated by the electricity were drawn from the walls in several rooms and scorched holes in the carpet where they fell. Mrs. Rose and daughter and son were in the house at the time. All escaped injury.

A special writer for the Chicago Tribune be-wails the fact that St. Joe does nothing to entertain Chicago visitors. It is not necessary, as the Chicago visitors are a constant source of entertainment to the St. Joe folks. For genuine, all around freak features no aggregation on earth can beat the average Chicago Sunday excursion crowd.

FIFTY-FOUR DROWNINGS

Lansing, July 17—The total number of deaths reported to the department of state for June was 2,650, an increase of 256 over the corresponding month of 1905, but a decrease of 377 from May of this year. The death rate was 12.5 per 1,000 population.

Tuberculosis was the most important cause, claiming 228 victims. Of the 307 deaths from accidents and violence nine were caused by lightning and fifty-four from drowning. Tetanus claimed four victims during June, but none of the deaths resulted from the careless handling of explosives. There was one death from hydrophobia and one from smallpox.

Colored Men Good

The colored population of this county has evidently turned over a new leaf, for during the past six months they have been law abiding citizens and not once has one of them been confined in the county jail for any offense.

This is an exceedingly good record when the arrests of former years are taken into consideration. Last summer the jail never had less than three or four colored prisoners and this number was larger at times. Some of them were held on serious charges but the greatest majority were drunks and disorderly characters.

This year the sheriff has yet to see the first colored man enter the iron door of the jail on any charge.
