## POTTER AS CANDIDATE

Of The Democrats For Sena-  
tor is Surprise to Old  
Friends

The nomination of Rev. Herbert  
L. Potter, pastor of the M. E. church  
at Dowagiac, for state senator by the  
democrats at their convention held  
at the Michigan Inn in Niles Monday  
afternoon was considerable of a sur-  
prise, to those who were not aware of  
the trend of events.

Editor Moon of the Dowagiac  
Herald and Coy Hendryx, the Dow-  
agiac attorney and politician, seemed  
to be the only ones who were next to  
Potter's change of political senti-  
ments and they were chiefly instru-  
mental in bringing about his nomi-  
nation.

A few days ago Potter published  
his views in the Dowagiac Herald  
on certain matters in which he de-  
cided he could not longer agree with  
the republican party.

He declares himself to be an ultra  
tariff reformer and he also sees no  
virtue in the state tax commission, a  
view that is not greatly different  
than that held by many republicans.

The strange part of it is that early  
in the season Potter, who has held  
the office of county clerk or Berrien  
county two terms as a republican,  
was known to have aspirations to be  
the republican nominee for state  
senator in this district, but this hon-  
or was recently conferred upon the  
Hon. Jas. H. Kinnane of Dowagiac.

It is not known whether this dis-  
posal of the republican nomination  
for state senator had aught to do  
with the reverend gentleman's  
change of political affiliations or not,  
but the change following that in-  
cident so closely will cause comment  
at least.

Rev. Potter is considered one of  
the ablest men in the M. E. confer-  
ence and what effect his turning into  
political paths will have on his  
church connection can only be con-  
jectured.

But there is Washington Gardner,  
once a Methodist minister, now an  
avowed politician, who no longer de-  
votes any time to church affairs.

Personally Rev. Potter is well  
liked in this section and would be  
well fitted for conscientious legisla-  
tive duty were there any chance for  
his election as the democratic nomi-  
nee.

### LATER

Just before Rev. Potter was nomi-  
nated Monday a telegram was sent to  
Cadillac, where it was thought he was  
in attendance at the Methodist con-  
ference, asking him to state his po-  
sition. The telegram never reached  
Mr. Potter. Monday afternoon he  
was at his home in Dowagiac. He  
left the conference Saturday evening  
and spent Sunday in Grand Rapids.  
Monday morning he left for Dow-  
agiac.

Rev. Potter is reported as having  
made the following statement:  
"I am out of politics for good. My  
only interest in it now is as a citizen.  
My full time is to be given to church  
work."

"A week ago I published a signed  
communication, in the Dowagiac Her-  
ald giving my views on some state  
issues and setting forth what I thought  
our legislators should do. I wrote  
that letter as a citizen of Michigan  
not a candidate for any office. I  
knew that the republican nomination  
for the legislature had been decided  
so I thought I was safe from any  
wrong impression. I never dreamed  
that it would have any effect upon  
the democratic nomination.

Uncle Henry Chamberlain of Three  
Oaks stated yesterday that he had  
received Rev. Potter's declination but  
was not ready to give out the letter  
in full.

"At the same time the letter is given  
out," said Mr. Chamberlain, "I  
will have a statement to give out"

touching on the matter."  
The senatorial committee—that will  
be called upon to fill the vacancy  
caused by the withdrawal of Rev.  
Potter is composed of Editor Moon of  
Dowagiac, W. C. Hicks of Benton  
Harbor and Fremont Evans of St  
Joseph.

## GRAND JURY POSTPONED

Judge Coolidge Sets the Date  
For November 12 in  
Change

Judge Coolidge has changed the  
date for the calling of the grand  
jury to November 12. This will  
bring the opening of the jury after  
election day and this is what the  
office holders who are seeking re-  
election have been wishing for.

If the grand jury had been called  
at the time set, then both  
Prosecuting Attorney White and  
Sheriff Tennant would have been un-  
able to conduct any campaign what-  
ever, as the jury would have taken  
all of their spare time. Under the  
new ruling of the court the officers  
can do their campaigning and attend  
to the duties which the grand jury  
will entail afterwards.

Another reason for the change in  
the date, is the amount of work  
which is before Judge Coolidge,  
Prosecutor White and Sheriff Ten-  
nant during the coming term of  
court. There are enough cases to  
keep all the officers on a lively move  
for several weeks and one of the  
hardest sessions on record is prom-  
ised. For this reason, perhaps, as  
much as any other Judge Coolidge  
has decided to suspend the calling  
of the jury in order that the officers  
may have a rest from the strain  
which will be upon them during the  
session of the circuit court.

## THE CASE IS CITED

For Re-Trial at October Term  
of United States Circuit  
Court

M. Howell of Cassopolis, who was  
associated with Judge Mills of Kala-  
mazoo, and A. A. Worthington of  
Buchanan, on behalf of the complain-  
ant, in the trial of the case of O. A.  
Chapin of Chicago, versus F. Marion  
Gray of Niles, in the U. S. Circuit  
court at Grand Rapids, in November  
1905, says:

"The case has been cited for re-  
trial at the October term, but as yet  
no successor to the late Geo. Proctor  
Wanty has been appointed."

The case above referred to is the  
\$50,000 suit of Chapin vs Gray for  
alleged irregularity in the purchase  
of the Buchanan water power in 1900.  
The jury in the United States circuit  
court failed to agree after four hours  
deliberation.

Many prominent Berrien county  
citizens were subpoenaed as witnesses  
on one side or the other and the trial  
of the case was fought with wide-  
spread interest. Mr. Gray was de-  
fended by Attorneys Knappen of  
Grand Rapids, and Boudeman of  
Kalamazoo.

Mr. Chapin claimed that in the  
purchase of the water power Mr.  
Gray as his agent made a profit that  
should belong to the man whose  
money made the purchase.

This profit is with reference to the  
deal, whereby Mr. Lee of the Beck-  
with estate of Dowagiac, according to  
the terms of an agreement with  
Mr. Gray, paid him, Gray, \$50,000  
for two farms, after Mr. Chapin made  
his final payment on the \$100,000 pur-  
chase price of the Buchanan dam and  
electric light plant. The complain-  
ant, Mr. Chapin, alleges the farms  
were not worth to exceed \$25,000 to  
\$30,000 and that he was damaged by  
Mr. Gray in the deal to an amount in  
the sum of \$20,000 to \$25,000.

## ANOTHER OPERATOR

Was Tunked on the Head By  
Hold-up Men at Jackson  
Junction

According to reports received at  
Niles, Wednesday, the lives of the  
Michigan Central operators continue  
to be in danger and a third crime is  
added to those of the past few weeks.

The latest is the story of the at-  
tempted hold-up at Jackson Junction  
Tuesday night. As in the previous  
occasion when the operator at Wiards  
was knocked senseless by unknown  
parties, no direct information has  
been received, yet the story is given  
credence.

The operator whose name is given  
as Boomer was engaged in his duties  
as usual when he was struck on the  
head by his assailant who approach-  
ed from the rear. He quickly reach-  
ed for his revolver, not having been  
even stunned by the blow, and his  
assailants seeing the move made good  
their escape by jumping from a win-  
dow before he could fire. Boomer  
says there were three men in the  
party.

Jackson Junction is just a mile  
from the Jackson station and is in  
the Jackson yards. Of course no  
money is handled there for the com-  
pany but Tuesday the M. C. pay car  
visited the city and the fact that the  
operator had drawn his pay may have  
been known to the would-be-robbers.  
It is said that Boomer handed in  
his resignation to the company Wed-  
nesday morning.

### LATER

Concerning this affair later devel-  
opments states that the truth of the  
matter is that the entire affair was  
a put-up job. The operator, it seems  
planned the whole affair and the blow  
dealt him by his assailant was at his  
request. No reason, is assigned for  
this strange performance except that  
Boomer may have yearned for a lit-  
tle cheap notoriety. Following as it  
did the two previous assaults upon  
Lloyd Dynes at Galien and Harry  
Armstrong at Wiards more credence  
would be given his story by the rail-  
road officials.

With the exposure of Boomer's  
clumsy effort to get into the lime  
light a demand for his immediate  
resignation is said, to have been  
made, and thus ends the last of the  
sensations that seemed to make  
Michigan Central night operators  
the special object of attack by high-  
waymen.

## ATTEMPTS TO KILL

"Steeple Jack" Cut Ropes Sup-  
porting Men Working 250  
Feet up

South Bend, Ind., Sept. 18.—"Stee-  
ple Jack" Graham, while under the  
influence of liquor, ascended a stand-  
pipe 250 feet high today and told the  
painters at work at the top that he  
would cut the ropes supporting the  
scaffold. Realizing their danger, the  
painters lowered themselves to a  
small window, and hardly had clear-  
ed the scaffold when it fell all the  
ropes having been cut.

responded to, after which dainty  
refreshments were served, and Miss  
Percis Cook recited two pleasing se-  
lections. The club adjourned to meet  
with Miss Mansfield September 26.

### "She Called"

He had been courting the girl for  
a long time. It happened on Sun-  
day night after church. They were  
sitting on the sofa, and she looked  
with ineffable tenderness into his  
noble blue eyes.

"Tom," she murmured, with a  
tremor in her voice, "didn't you tell  
me once you would be willing to  
do any act of heroism for my sake?"

"Yes, Mary, and I gladly reiter-  
ate that statement now," he re-  
plied, in confident tones. "No  
noble Roman of old was fired with  
a loftier ambition, a braver resolu-  
tion than I."

"Well, Tom, I want you to do  
something really heroic for me."

"Speak, darling!" What is it?"

# Concerning Fall Clothing

We have sold a lot of fall clothes already. That is proof that there are men who come to our store right at the start of every season because they know what we tell them about right styles, good materials and correct patterns, can be depended upon.

We were the first store in South Bend to talk clothing for the new season. We were so well cleaned up on all our summer stocks we had to begin talking about fall goods—our summer suits were all gone. Another proof that patrons like our clothing.

This coming season, the standard of quality in Spiro clothing will be moved up a peg—it will be as near perfection as all these years of experience and high ideals can bring it. One hundred per cent wool, best of workmanship, best of style. New fall suits in dark tones of mixed Cheviots, Velours and Worsted.

A man may rise to rapid distinction in these days by not having his mug on a telephone post or a dead wall.

Capacity, industry, genius, honesty count in the making of a great fortune as exemplified by the career of Col. Bliss.

But the young man wants to know "what there is in it," before accepting Congressman Denby's advice to go into politics.

An injunction restraining the Pittsburg millionaires is the only thing that will relieve the stringency in the chorus girl market.

Oil has been discovered under the Rockefeller building in Cleveland; some day gas will be discovered under Bryan's barn.

About the worst charge that has been made against the railroads is that they gave Mr. Rockefeller his stepping-stone to wealth.

The cruiser Des Moines is watching the Cuban struggle with an impartial eye. This is equivalent to having an Iowa man on guard.

Congressman Denby's injunction to young men to go into politics is not necessarily responsible for one half the voting population being on the primary tickets today.

### State Items

In a raid on the livery stable of George Coulter at Lapeer, Tuesday night Ida Burkhart escaped through a window, wearing Coulter's clothes. She hid under an adjoining barn, and so far the officers have been unable to locate her. Coulter gave \$1,000 bail for his appearance Monday. The charge is made by Mrs. Coulter, who alleges the family has been broken up by the Burkhart woman who she says has been living at the livery stable for three years.

A launch belonging to Jubel Craig struck a snag in Bad river at St. Charles at the fourth bend below the straight water and capsized, Tuesday throwing the occupants, Mr. and Mrs. Craig and Hattie Wilson into the water. Mr. Craig was the first to come up. Miss Wilson came next and was near to the boat. Mr. Craig told her to cling to the boat. Then Mrs. Craig's head appeared above the water, about eight feet from her husband. He at once went to her rescue, but in her fright she grasped him about the arms, making him helpless, and both sank to the bottom. After a desperate struggle he released and pushed her toward the shore. After repeated efforts he got her on land, but she was unconscious and it was some time before she could be revived. Her condition is critical.

Heming Keranen and William Pentilla met death by suffocation at the Princeton mine in Marquette, when they could have easily saved themselves. A drift caved in, shutting off the air, and a few minutes' work would have cleared the entry but the entombed men apparently lost their presence of mind and frantically dug in the wrong direction.

Arthur Lewis, a negro, alleged to be the slayer of Miss Goldie Moss, has been arrested in Kentucky and returned to Kalamazoo by Sheriff Shean, who captured him through a decoy letter. Goldie was shot dead in the presence of her mother and a boarder as she opened the door on the night of July 20. Lewis says that if he shot the girl he must have been drunk, as he had no motive for murder.

When the steamer John J. Albright passed Port Huron, Tuesday night, her master reported sighting a lone man on a raft on Lake Huron five miles northeast of the Corsica lightship. A heavy fog overhung the lake and by the time the ship was stopped and turned around the raft had disappeared in the haze. The Albright searched in vain for some time and finally came into the St. Clair river and reported the occurrence. The government life savers were immediately dispatched out into the lake to take up the search for the raft. The Albright was not near enough to the man to hail him and therefore did not learn how he got in the predicament. It is possible that some boat has gone down.

## SUNDAY SCHOOL ASSOCIATION

Jackson, Nov. 13, 14 and 15. Speakers and Singers of National Reputation of the Program

The 46th annual meeting of the Michigan State Sunday-School Association will be held in the First Methodist Church in the City of Jackson on November 13-14-15, 1906. This meeting promises to exceed all previous conventions in numbers, interest and results. The program is to be exceptionally practical. In Marion Lawrence, the International Secretary, Prof. H. M. Hamill, D. D., Chairman of the International Educational Committee, Josephine L. Baldwin, President of the New Jersey Elementary Council and Messrs. Tullar and Meredith of New York, the committee has secured great attractions.

The Michigan Passenger Association has authorized a rate of one fare plus twenty-five cents for the round trip. Lodging and Breakfast will be furnished free to the delegates. The registration fee of one dollar voted by the last convention will be an advance to delegates and convention alike. In lieu of this each delegate will be given one copy of the song book used in the convention, one year's subscription to the "Advance" our state paper, a complete report of the convention and a suitable badge that will enable the holder to a seat until a certain fixed time after the opening of each session.

Let us with gladness plan for these days that they may be given to preparation for greater efficiency, that our ideas of the wealth and glory and urgency of the harvest may be enlarged and that our sickles of labor may be sharpened for grander results.

### International Live Stock Exhibition, Dec. 1 to 8 1906

Now that some of our state fairs have been held, a reasonable idea of what herds, flocks and studs are contesting for the year's honors can be formed, although it is natural that some of the breeders are desirous of making their first entrance into the year's show yards through their own state fair. However, there are enough outstanding animals at each of the fairs to anticipate a grand exhibit at the round-up show of the year of horses, cattle, sheep and swine, and the information as to the surprises in store in the car load and individual fat classes leads the management to expect the banner show this year. The rivalry amongst breeders and feeders of the various cattle states to carry off the honors for their state in the Rosenbaum State College specials, portends some unusual displays. If you are not posted on the move of events created by these specials, write to the show management for free information. Director James W. Wilson, of the South Dakota Agricultural College at Brookings, in speaking of the International, said:

"The International Exposition, held annually in Chicago, is looked upon by stockmen throughout the West as being THE event of the season. We have our state fairs that are good along their lines and very instructive. These fairs usually have an exhibit of stock governed largely by the quality of stock in the state in which they are held. While the International Exposition includes usually the prize winners at the different state fairs in all sections of the country. The educational value of this big show cannot be estimated in dollars and cents. Being in the center of the great live stock producing area and having better and larger buildings than ever before, the attendance at this show in December 1 to 8, this year, should be greater than ever. It has a tendency to bring together the cream of the live stock kingdom, and I am glad to say, in many respects it is a better show of stock than was put forth at the Royal show in England this year."

### THE PERFECT WAY

Scores of Buchanan Citizens Have Learned It

If you suffer from backache, there is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Alderman Jos. Keen, Mgr. Board of Trade, residence 449 Division street, Dowagiac, Mich., says: "I found after a thorough trial that Doan's Kidney Pills are a most excellent remedy for kidney trouble. I had every marked symptom of kidney complaint or rather weakness of the kidneys for some time which was very annoying. I had my attention called to Doan's Kidney Pills, I used two boxes and found they benefited me very much. I hold a very favorable opinion of Doan's Kidney Pills as a medicine for the kidneys and I gladly testify to their medicinal qualities."

Plenty more proofs like this from Buchanan people. Call at W. N. Brodrick's drug store and ask what his customers report. For sale by all dealers, price 50c. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

"Why do you always persist in saying you will not be a candidate for office?"  
"Because," answered Senator Sorghum, "it sounds properly modest and does not in the least interfere with my chances in case a nomination wants to come my way."

The second annual Cass County Fair will be held in Cassopolis, Tuesday, Wednesday, Thursday and Friday of next week. This promises to be a very interesting week, and the \$5,000 in premiums promises to have a tendency to get the farmers to bring in their best products. A large attendance is expected.

Percy Smith, an 8-year-old lad, of Benton Harbor, grew hungry just before bedtime Sunday night and went into the pantry to get a doughnut. He could locate none in the dark, so struck a match. There was a pan filled with gasoline standing on the shelf, an explosion occurred and young Smith was burned to death.

"I would employ convicts in the state prisons in making school books," says Rep. H. Sam Kelley, of Benton Harbor. "I was charged \$1.60 for a school book for my daughter. The price was outrageous. We can head off the extortion of the school book trust and save 50 per cent on the prices now asked, by employing prison labor."

It has been published in several of the county papers that Dr. E. S. Dodd & Son had disposed of their drug business in this place, but such is not the case. A gentleman from Cassopolis was in the village several weeks ago looking over the stock, with a view of buying, but the sale was not made, and Dr. E. S. Dodd & Son are still the sole owners.

Leather postal cards which have been mailed by the thousand as souvenirs by tourists, have failed to reach their intended destinations. These are classified as merchandise and should go as an ordinary letter only, with a two-cent stamp. Most persons put a one-cent stamp on them for transmission. Because of this misunderstanding the postals have been "killed" by the officials and sent to the dead letter office.

Thousands of young and middle-aged men are annually swept to a premature grave through excesses. Chas. Anderson was one of the victims, but was rescued in time. He says: "I sowed my wild oats when young. A change came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, restless at night, tired and weak mornings, burning sensation. To make matters worse, I became reckless and contracted other diseases. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

### Ben Hur Again to be Staged at the Auditorium

Conspicuous among the many splendid offerings that will mark the current theatrical season in Chicago will be another production of Gen. Lew Wallace's stirring religio-historic romance, "Ben-Hur," which has heretofore been so brilliantly and spectacularly staged in the western metropolis. Two seasons ago when the idea of presenting this play at the big Auditorium was conceived, the Klaw & Erlanger Company imported from London the production used at the Drury Lane Theatre. This equipment was the most massive and costly, as well as the most beautiful, that had ever been constructed for the setting of Gen. Wallace's drama, for it marked the advent of its producers in the English metropolis, and as a matter of managerial pride they were anxious that the production should impress, even if the play did not from a dramatic standpoint. It is now on record that not only did "Ben-Hur" score as a drama, but the production eclipsed everything that had theretofore been seen on the Drury Lane stage, which has for more than a hundred years been noted for the greatest spectacles of Great Britain.

When this production was being adjusted to the Chicago Auditorium stage, many opportunities for betterment and elaboration were discernible, for no stage in the world presents as great opportunity for massive and magnificent stage settings as this temple of amusement. Thereupon Klaw & Erlanger decided to build a production adapted to every opportunity permitted by this vast stage. For several months past a staff of artisans have been engaged in constructing this wondrous spectacle, which it is claimed will overshadow everything that has gone before, and which is of such colossal proportions that it cannot be used on any other stage in the world in its entirety. The first unfolding of this new and greater "Ben-Hur," will take place at the Chicago Auditorium on Monday evening, October 15th, when a limited engagement will be inaugurated. During the run on Sunday performances will be given, but matinees are scheduled for Wednesday and Saturday of each week. Novelty seldom if ever accrued from constant repetition of any drama except those of Shakespeare, but this instructive spectacle of dramatic and pictorial beauty seems to contain that virtue.

### "The Wizard of Oz"

The big original production of the famous Hamlin and Mitchell extravaganza "The Wizard of Oz," opened at the Grand Opera House Chicago, Sunday, September 16th, for a two weeks engagement and although this is the fifth time the play has appeared at this theatre the immense audience which is greeting it at every performance is conclusive proof that this remarkable attraction has lost none of its drawing power. The play this season is practically a "new edition" new songs, dances, musical numbers and specialties being introduced and all the old favorites retained. Among the new songs which are being very favorably received are, "Pocahontas," sung by Miss Rosa Gore, "That's What the Rose Said to Me," sung by Miss Ethel Green, "Come Take a Skate with me," sung by Miss Anna Wilks, and "How'd you Like to Love a Girl like me?" sung by Miss Nellie Nice.

Among the well known entertainers appearing in this season's production are George Stone, Fred Nice, Wm. Gaston, Chas. Mitchell, Cummins and Gore, and many others, including the Russian Pony Ballet and an American Beauty chorus of sixty charming girls who not only look well but who can sing and dance effectively.

It is wise to arrive at the theatre early, as the famous Kansas Cyclone scene takes place within five minutes of the first rise of the curtain.

### FARM AND GARDEN

### KENTUCKY BLUE GRASS.

Plant Whose Botanical Name Is Poa Pratensis Is One of Much Value.

This is one of the very famous grasses of the United States and one of the most valuable. In different parts of the country it is known by different names, among which are: Green Meadow Grass, June Grass, Common Spear Grass.

The grass attains a good height, sometimes being 30 inches tall. The leaves are narrow and long and are easily distinguishable from Canadian blue grass, which has a broad leaf. The roots are perennial and creeping,

THE KENTUCKY BLUE GRASS. (Poa Pratensis.)

and a pasture of this grass, if taken care of, will last for many years. The grass starts to grow very early in the spring and flowers in the northern United States in June. It likes a limestone soil, and on a soil rich in lime it establishes itself by forming a very compact sod.

This grass is better adapted to pasture than to hay meadow, for the reason that it does not work well into the rotations. It takes three or four years for it to form a compact sod. When a pasture has been once taken by blue grass, the farmer has something that will stay by him through cold and heat, flood and drought. In Kentucky the farmers pride themselves on the luxuriance of their blue grass pastures, some of which are more than 50 years old. It flowers but once in the season, but after being grazed or cut it quickly sends up a new vigorous growth.

The grass does well in rather dry soils, but will adapt itself to almost any soil, even to the wet meadows. In Kentucky and other states in which the winters are mild it is used, says the Farmers' Review, for winter pastures and it is not infrequent that herds are kept on it the year around. It does particularly well where trees are scattered about to give it a partial shade during the hot days of summer.

### TILE DRAINS AND ALFALFA.

Testimony of One Farmer Shows That Roots Do Not Fill Up the Drains.

A neighbor planned to sow 23 acres of alfalfa this spring, but some one told him that the roots would stop up tile, and render them worthless. I can not grow it, unless on tile-drained land, says an Ohio farmer in writing to the Ohio Farmer. In a field of alfalfa five years old on my farm, where there is as much as 50 rods per acre, the tile are still at work. In some of these tile, however, does the water flow continuously. In two or three days after a very wet spell, the water will, in the main, if not altogether, cease flowing. Several times I have examined carefully, to see if any roots could be found in the tile, but I was unable to find any. The roots grow down to the tile, and then pass on around.

I am told that where the water flows constantly through the tile, there is sometimes trouble from the alfalfa roots entering the tile. I have eight acres of alfalfa sown last August, that has near 400 rods of tile under it. From the prospects the alfalfa holds out to me, I am perfectly willing to take the risk. In fact, I put down 180 rods last spring, that I might feel safe in sowing the alfalfa. I have no expectation that I will ever need to take up the tile to clean the roots out of them.

The output of peppermint oil in the United States in 1905 is estimated at about 233,000 pounds. The Japanese output is said to be about 474,000 pounds.

Of the various combinations of grasses and clovers, a mixture of brome grass, meadow fescue, orchard grass and a small amount of alfalfa or of bluegrass and white clover, makes a good pasture for Neb conditions.
