NEW THEORY IN DYNES CASE

Paroled Prisoners From Joliet
May Have Killed
Lloyd Dynes

An investigation, which has been
on for more than a month, revealed
Friday the fact that the large number
of robberies which have been com-
mitted in cities and towns along the
trunk lines out of Chicago in the
western part of this state, have been
committed by a number of paroled
convicts from Joliet prison.

Grand Rapids, Battle Creek, Kala-
mazoo, Niles, Benton Harbor, St.
Joseph, Three Rivers and a number
of smaller towns in northern Indiana
have been visited by these men. De-
fectives on the Lake Shore and Penn-
sylvania railroads have been working
on the theory that the thieves and
burglars lived in Chicago.

Information was obtained Friday,
proving that the two men who en-
gaged the Kalamazoo police officers
in several pistol duels last Saturday
might have lived in Chicago and were
paroled from Joliet. Other robberies
were traced to them. The names of
these men the officers will not make
known, but say arrests will be made
in a few days.

It is not known how many are in
the gang. Paroled prisoners work in
Chicago and are under charge of the
Prison. It is said they quit work at
noon on Saturdays and in the after-
noon take trains out, coming to this
state or going to Indiana towns. They
commit the thefts and return to
Chicago Sunday night, make their
report to the prison and go to work
again.

It may have been this same gang
who murdered the night operator
Lloyd Dynes at Galien, on a Sunday
night and the capture of these con-
victs may unravel the Dynes murder
case.

THE CASH BOY TALKS

His Father's Idea of the De-
lights of Municipal
Ownership

"Say, boss," remarked our cash
boy this morning, "my paw is red
not for minniesickle ownership. I
don't know what that is, but paw
says everybody is going to own every-
thing and divide up the profits. He
was telling ma about it last night.
"Ma asked him where the people
would get the money to buy those
things, as they would cost millions
of dollars.

"Paw said, 'Issue bonds.'
"Yes," said ma; "but how will you
pay the bonds when they are due?"
"Issue more bonds," said paw.

"But how about the interest?"
said ma. "Won't you have to tax
the people for that?"

"Why, no," said paw. "Pay the
interest with bonds."

"I don't see how you could do
that," said ma.

"You don't, eh?" replied paw.
Now, when we went to housekeeping
didn't I pay for all our furniture by
giving a note, and when it came due
didn't I give the man another note?
You women know nothing about fin-
ance. You wait until the minniesic-
kle ownership gets in power, we will
divide the profits among the people,
and no one will have to work. We
will all be Vanderbilts. Won't you
be proud of your hubby when he be-
comes part owner of all public utili-
ties? You see, madam, there are
some things you don't know."

"And then paw looked wise. Ma
stood and gazed at him for some
time and then said:

"Yes, there are some things I
don't know, and one of those things
is this: If there is a man more fit for
the lunatic asylum than you, I don't
know him."

"Then I commenced to whistle
'Everybody Works but Daddy.'
Say, boss, you see that lump on the
back of my head? Paw has had that
tune poked at him before, and I
wasn't looking when his old shoe
came flying my way."—Yonkers

BEARS CROWD OUT DEER

Reports From North Show
That Plenty of Bears
are There

With the opening of the deer sea-
son Saturday, reports are coming
from the north woods to the effect
that black bears are so plentiful the
deer are in a state of nervous frenzy.
The deer it is said, are daily seeking
more civilized parts to get away from
the hungry black beasts.

Letters from L'Anse, Mich., bear
the information. There, the report
states, it is dangerous to venture
forth unarmed. Wolves are said to
be as numerous as bears.

"The fellow who writes me," said
a hunter, "insists that the deer have
been seen browsing within a stone's
throw of his cabin door. He is a
game warden in that section and, of
course, would not say they were
within rifle shot."

L'Anse is situated in a heavy tim-
ber county within a few miles of the
south shore on Lake Superior.

Deputy County Clerk Oldfield is
said to have issued 20 more licenses
for deer hunting Friday morning and
more are coming. This brings the number
up to 296 and it will be well over 300
before the day closes.

Duck hunting continues to attract
many Nimrods despite the fact that
the weather thus far this fall has
been hardly snappy enough to start
the big flight southward. Gun stores
are crowded with the "duck fever
victims" and duck calls are tried
and new double-barrel shotguns are
brought up to the shoulders of the
prospective buyers. St. Joseph Press.

A NEW TRIAL FOR WALKER.

Lawyers Object to Different
Rulings Made by the Court
During the Trial

Attorneys Gore and Lambert, who
appeared for the defendant in the
case of the People vs William Walker
have filed their requests for a new
trial. One of the principal grounds
upon which the attorneys base their
request is the admittance of the so-
called dying declaration of Cleo
Bark. It was on this point that they
argued during the trial and it was
upon this point that the whole case
hinged, but Judge Coolidge main-
tained that the declaration should
be admitted, inasmuch as he believed
that it should be classed as a death
bed declaration.

The attorneys also object to the
ruling made by the court in admit-
ting the bottle found under the straw
stack and to the ruling admitting
the testimony concerning the conver-
sation which ensued between Cleo
Bark and her father.

WHEAT OUTLOOK IS GOOD

Present Prospect is for 85 per
cent of a Crop.

Lansing, Mich., November 9—
Secretary of State Prescott, in his
monthly crop report, issued this ev-
ening confirms the claim that consid-
erable damage was done to potatoes,
sugar beets, apple and grapes by the
snow and cold weather of October 10.
He notes first the weather has been
favorable for wheat, which promises
85 per cent of a crop from the present
outlook.

Corn is estimated as having yielded
37 bushels of shelled corn per acre

Seventy-two per cent of an average
crop of cloverseed was harvested, the
yield being 1 62 bushels per acre.
The potato crop is said to be con-
siderably below the average, as a re-
sult of the long drought and blight,
the estimated yield being 88 bushels
per acre. Thirteen per cent of the
farmers are said to have used com-
mercial fertilizers on their wheat fields
this fall.

The condition of horses and sheep
in the state is 96 per cent, cattle 95
and swine 97. Considerable hog
cholera is reported in the southern
counties.

CAUSE FOR THANKSGIVING

The People of Michigan Should
Assemble in their Churches
and Offer Praise to God

Lansing, Nov. 10—Gov. Warner's
Thanksgiving proclamation is as
follows:

"The year now drawing to a close
has marked an advancement in ma-
terial progress and prosperity of our
people. No calamity has befallen us
as a state nor has the hand of friction
been laid on any community.

"Thanksgiving day was established
and observed by people who had far
less to be thankful for than the poor-
est of us have today. The debt we
owe the New England pioneers is not
to be forgotten and the observance
of this day will be a blessing if it serves
no other purpose than to recall to
those now living, the sturdy virtues
of those who laid broad and deep the
foundation for the government we all
believe to be the best on earth.

"Civilization in such a country car-
ries with it constantly increasing re-
sponsibilities. Problems growing out
of the enormous increase of wealth
confronts us as a nation and that we
have a fearless president is not the
least of the reasons why we should be
thankful.

"Now, therefore, by virtue of au-
thority vested in me, I do hereby
designate and set apart Thursday,
Nov. 29, 1906, as a day upon which
the people of Michigan, laying aside
their usual avocations, should as-
semble in their places of worship and
reverently thank God for the mani-
fold blessings.

"After that has been done let our
homes be made places of good cheer
and joy. Forgetting the cares and
duties of business life for that day
will make us better fitted on the mor-
row for our allotted tasks"

THE CITY WATER IS PURE

Water Was Tested and Found
to be in a Pure Condition

The returns has been received from
the State Board of Health, and the
analysis of our artesian wells and re-
servoirs shows that the present con-
ditions of the water is pure, and
could not cause typhoid fever, while
the analysis of the creek water shows
that it is very poisonous and it is not
a safe drinking water.

Of course this does not mean that
people drink this water, but cows
and horses and chickens, etc., who
drink of this poisonous substance
and thus spreads disease.

People should from now on beware
of leading their cattle to this creek
for water, especially cows, for doing
so, they not only endanger the lives
of the animals, but themselves as
well, providing they use the milk,
which is full of these germs.

A sample of this water, running
through the center of our village
was tried on a guinea pig, which
died in about 6 hours after drinking.

Boys are in the habit of swimming
in this water, during the warm weather,
and they more or less get some of
the water in their mouth which pass-
ed rapidly through their system.
This should be prohibited from now
on, so as not to endanger any of their
young lives.

BERRIEN MAN IN TROUBLE

Arrested on Young Girl's Com-
plaint Friday Afternoon

Frank Ingleright of Berrien
Springs has been arrested on a charge
of illegal parentage.

Ingleright demanded an examina-
tion and Justice Bracelin of St. Jo-
seph continued the case until Nov.
16, at which time Prosecutor White
will be present.

The girl who accuses Ingleright
and made the complaint against him,
occupied a prominent place in the
room, and while the Justice was en-
gaged in making out the bonds upon

which he was released, the young
lady never took her eyes off the man.
The accused man kept his eyes upon
the floor and never moved until re-
quested by the justice to sign the
bonds which released him to appear
for examination.

Bertha Crego the complainant re-
sides in Berrien Spring. She is not
more than seventeen and of good
appearance. Ingleright gave bonds
in the sum of \$500 and was released.
Manuel Ingleright, a brother of the
accused, signing the bonds.

Prepare For a Hard Winter

That the coming winter is going to be the hardest one for the past twenty years, there is abundance of signs to show, and among them may be mentioned:

First—That the corn husks are an inch and a quarter thick and the stalks lean toward the west.

Second—Owls are leaving the country a month earlier than usual, and squirrels are laying in sweet pot toes, as well as nuts, for winter provision.

Third—That a better grade of clothing has been purchased by our customers than ever before. They are asking for higher priced garments and are choosing the best makes of warm, well made and stylish clothing.

Fourth—Farmers who have taken the trouble to investigate, tell us that toadstools have wrinkles on them. The last time this happened we had winter weather that froze the handles of plows.

Fifth—That warmer underwear, better made shoes and complete winter outfits for the little fellows have been purchased more freely than ever before from our immense stock of **men's and boys' Furnishings.**

Sixth—We have the largest, most modern and best equipped clothing store in northern Indiana and are doing the biggest business in the establishment's history. That's the best sign of all.

YOUNG MEN TRY TRAIN WRECKING

Placed Tie on Railroad Track Without Effect

Three Polish young men have been arrested at New Carlisle for attempting to wreck a Lake Shore train.

On October 23 they went to Lydick, Ind., stole a keg of beer, brought it to New Carlisle and hid it in a barn. The next day they came back and drank the contents of the barrel and the same evening started for home walking down the railroad track. When near the Michigan crossing the young men placed a large railroad tie across the tracks 15 or twenty minutes before the west bound express was due. The train hit the tie which was knocked 75 feet. The engine was not damaged.

They pleaded guilty when arraigned before a justice at New Carlisle and were placed under bonds.

The officers found a quantity of silverware at the home of one of the trio of youthful criminals which he admitted having stolen from a box car.

AN EXPERT ON LAMPS

Have the Wick Dry and Just Long Enough to Touch the Bottom

A "lamp expert" in the employ of a big oil company recently explained the methods by which kerosene could be made to burn bright and clear, or the reverse. Among other things, the wick was thoroughly dried out, and just long enough to reach the bottom of the oil bowl—no longer. This sounds unimportant, but it was considered sufficiently valuable to be borne in mind in commercial demonstrations of the oil. It is always wise to dry out a new wick thoroughly before putting it in the lamp, as dampness causes sputtering. Another point this expert laid stress upon was trimming the wick so as to give a thin flame; a thick flame burns yellow, a thin one clear white. Trouble will also result from a dirty burner, giving imperfect ventilation, or one twisted or knocked out of shape, which causes the lamp to smoke. Few of the minor annoyances of life cause more discomfort than a dim or smoky lamp; it is quite worth while to use some thought in avoiding such trouble.

DOING THEIR DUTY.

Scores of Buchanan Readers Are Learning the Duty of the Kidneys

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow; Urinary trouble, diabetes. Doan's Kidney Pills cure them all.

Mrs. Geo. Gardhefner, 424 E Railroad street, Dowagiac, Mich., says: "I have no hesitation to tell about the benefit I received from the use of Doan's Kidney Pills. I suffered for several months from weakened kidneys. There was a dull pain in the small of my back a great part of the time, and in damp weather it always gave me increased annoyance. I saw Doan's Kidney Pills advertised in the papers and so well recommended that I made up my mind to test their virtue. They helped me right off. I was surprised to see how quickly the pains and aches became a thing of the past."

Plenty more proof like this from Buchanan people. Call at W. N. Brodrick's drug store and ask what his customers report.

Most people know that if they have been sick they need **Scott's Emulsion** to bring back health and strength.

But the strongest point about **Scott's Emulsion** is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

"Have you read Longfellow?"
"No, sir."
"Have you read Shakespeare?"

An old maid lived in our town so I have heard it said who, if you called a dress a gown, would blush like poppies red. Her mind was neither frail nor weak—her modesty was rare, of autumn leaves she'd never speak because their limbs were bare. When night its sable shadows threw, she'd tumble in a swoon if curtains did not hide from view, the man up in the moon. She never sang a sacred song—a very modest whim; To think of one she thought was wrong because it was a hymn. A plumber caused her death one day, so the story goes—by asking her in a careless way to let him see her hose.

We notice in the Galien exchange that Buchanan has seven cases of typhoid fever, which we wish to rectify, as it present writing there is one case of typhoid, and we have only had two cases that resulted seriously, the other cases having been all cured.

R. S. Black, of Chicago, underwent a very serious and critical operation, Sunday, at Roosevelt-Hospital. Dr. Backus performed the operation assisted by Dr. Emory Roe. Mr. Black is a former Buchanan resident and his many friends will be sorry to hear of his illness, but hope he will soon be able to be out again.

Dr. O. W. Curtis of Buchanan, has gone with a party of friends to the deer country in quest of big jack rabbits, game birds, bear, deer and other game of the woods. During their absence they will live like true woodsmen. Some remarkable stories of their hunting operations may be expected upon their return.—Niles Star.

An American once asked Pat to show him the largest hotel that Ireland could boast of. Pat took him to the largest hotel he knew.

"Oh!" exclaimed the American "This hotel would sit in one corner of some of the hotels in New York."

Just as they were at the door coming out they saw two horses drawing a large piece of iron, about 20 feet long.

"What is that for?" asked the American.

"Oh!" exclaimed Pat, "we're building a new hotel in the next street and that's the stove poker."

Manager J. C. Rough is to be complimented upon securing such a fine up-to-date company, as the one that played in the Opera House last night, and presented "When Women Love." This company carries a raft of scenery, and that with the ability of each and every actor, made up a company that seldom comes to as small a place as Buchanan. They played to a full house, and those who were in attendance state, that it was as good a play as they have seen in cities. Mr. Rough has endeavor to get only the best companies for the winter season and he is meeting with the greatest success.

A scarlet fever epidemic is raging at Berrien Springs, and the authorities have deemed it necessary to close the public schools, with a view of preventing the further spread of the dread disease. One victim has already succumbed. A strict quarantine is being enforced by the village health officer, and every measure is being taken to wipe out the disease.

Pierce Cauffman, who several years ago lost his arm in a corn husker, met with another accident last Saturday. He was working around some farm machinery and in some unknown manner caught his middle fingers in the machine, tearing it off at the first joint. We are very sorry to hear of Mr. Cauffman's bad luck, and hope it will change for the better in a short time.

A married couple was coming out of the house and they were speeding down the street, he dressed to kill and she with a hair pin in her mouth and doing her best to pull on a pair of refractory gloves. "Why don't you dress in the house," he growled. "I would as soon see a woman put on her stockings in the street as her gloves." "Most men would," she said sweetly, and then the silence was so intense that you could hear a chocolate drop as they hurried to catch the train.

State Items

As the result of a peculiar blunder in the county clerk's office, at Grand Rapids, Alex Kwitkoski has both a deer and a marriage license. He applied for a license Friday Deputy Clerk Moshier had heard talk about a deer license and thought the Pole was the man. He asked if Kwitkoski wanted a deer license and was told he did. Friday the man brought the paper back and wanted to trade, but as all deer licenses must be accounted for, he had to get an extra marriage license.

The Old People's Home, a charitable institution, at South Haven, was entirely destroyed by fire late Friday afternoon, the loss being estimated at \$15,000, about one-half covered by insurance. The thirty-five inmates of the place were carried from the burning building in chairs and on cots and were cared for in neighboring houses. The firemen were badly handicapped by low water pressure, while the fire was fanned by a strong northwest wind, which

barred burning embers to the roofs of nearby residences. These places were saved only by the spectators, who turned in and formed bucket brigades upon the roofs, which were covered with wet blankets.

Burglars blew the postoffice safe at Birmingham, shortly after midnight, Thursday. Henry Spicer heard the explosion and notified the telephone exchange, but the robbery was not reported to the officers until morning. Postmaster John Hanna says the burglars secured about \$150 in stamps and cash from the money order department. They did not succeed in getting into the burglar-proof vault.

When missing on a hunting trip at Marquette, Saturday, the companions of Erick Johnson, aged 38, of Negaunee, found him lying, dead with his face submerged in a pool of water. He had stooped to quench his thirst and had been seized with an epileptic fit, drowning while unable to help himself.

A woman giving her name as Jenny Jones, of Wosso, was arrested at Lansing Saturday afternoon, by officers for the stealing of about \$600 worth of furs, silver and jewelry. The woman went into a large department store, and had been there but a short time when the manager of the fur department saw her walking under a cloth one. She was followed to the north end, where she was arrested at a depot.

PROPHECY OF DEATH CAME TRUE

A spiritualist medium's prophecy was fulfilled in a remarkable manner recently in Paris by the death of Antoine Fleurier, who was killed at midnight by a motor car.

M. Fleurier, who was himself a spiritualist, was dining the other night with some bachelor friends, who noticed that he was downcast and silent.

They rallied him for being glum, when M. Fleurier said he had been told by a medium that he would be killed by a motor car at midnight that evening.

"I have arranged all my affairs, and made my will," he said. "And before leaving you all to-night I shall say good bye to you forever, for I am certain you will never see me alive again."

p. m., Fleurier and a friend who lives in the same neighborhood failed to find a cab. They started to walk home together, and had not gone far when the hoot of a motor car horn was heard as they were crossing a road.

There was plenty of time for them to get across the road, but M. Fleurier, who seemed to be hypnotized with terror, remained in the middle of it and was run down.

He was picked up and hurried to a hospital, where he died at midnight.
