CHRISTMAS WEDDING BELLS

Miss Ethel Wells Becomes the
Happy Bride of Mr. Harry
D. Smith.

At the home of Mr. and Mrs. W. S.
Wells on Christmas Day, their daughter
Miss Ethel was made the happy
bride of Mr. Harry Smith, of Berrien
Center.

Promptly at four o'clock the wed-
ding couple, unattended, entered the
parlor, where they were made one by
the Rev. H. N. Wagner, pastor of the
Presbyterian church.

The bride was becomingly attired
in a gown of light blue silk with lace
trimmings, while the groom wore the
conventional black.

The wedding was a very quite af-
fair, only the immediate relatives of
the contracting parties being present.

The happy couple certainly outwit-
ted the merry crowd, that gathered
at the depot, to shower rice and
old shoes on them, for instead of go-
ing to the depot to take their 5:19
train, they went as far as the livery
barn, where they entered a carriage
and were driven as far as Niles. There
they took a train for Dowagiac, where
they will immediately go to house-
keeping, the groom having a home
furnished to take his bride.

Mrs. Smith is one of Buchanan's
most esteemed young ladies, having
resided in this village all her life.

Mr. Smith was formerly employed
in this place, and made numerous
friends, during his stay here.

The RECORD with many friends, ex-
tended hearty congratulations to the
happy couple and wish them every
success through life.

BIRTH RECORDS ARE MIXED

Old Records of Births in This
County are in Bad Shape.

Just by accident two representa-
tives of twin city newspapers were
looking through the birth records of
Berrien county Saturday morning, in
an aimless quest for certain names,
but they suddenly stumbled across
facts which appalled them and a
more thorough investigation was
then made. Each one of them un-
dertook the task of looking up his
birth record, both of them being
born in this county, and taking down
one of the old well worn books they
searched the years of their respective
births for the record. One of them
was fortunate. He discovered that
he had been born in Berrien county
well enough, but while he has always
celebrated his birthday on the 20th
day of November, the record shows
that he entered this vale of tears on
November 19. It has always been
supposed that his birthplace was Ben-
ton Harbor, at least so he had been
informed by his father and mother,
but in this also the record claim-
ed differently and his birthplace is set
down as St. Joseph.

But his plight was nothing com-
pared, to the plight of the second
newspaper man. He discovered that
he had never been born at all, ac-
cording to the record and a complete
search of the year, when he was sup-
posed to have made his first appear-
ance before the public failed to show
his name.

The search was then continued and
it was found that not only these two
names but many more which should
have a place on the birth records of
Berrien county were missing and the
condition of the record was such that
it was impossible to trace a name
with any ease.

The fact is that the birth records
of Berrien county are in a deplorable
state. Many names are left out, others
are put under wrong years, the birth
places of some are confused and the
whole shelf of books might almost
as well never have been compiled as

to be in the shape in which they now
exist.

Such a condition may cause end-
less trouble and while it is impos-
sible to better matters now, the fact
remains that such conditions are de-
plorable and throw a shadow against
the methods employed by former
county clerks of Berrien. The records
which were found to be so badly
confused were for the years of
1835 and 1886.

The records of the past few years
have been kept strictly up-to-date
and it is easy to find the record of
any child born in the county, but the
conditions before this have been ex-
tremely bad. County Clerk Miners
was as much surprised as the news-
paper men at the manner in which
the books had been kept and bring-
ing out the present records showed
how different they were from the old
ones. The present records as has
been stated are in excellent condition
and they are a credit to the clerk.

**POULTRY SHOW
ON NEXT WEEK**

Berrien County Poultry and
Pet Stock Association Will
Give Exhibition

The Berrien County Poultry and
Pet Stock Association will hold its
first annual exhibit in Benton Harbor
next week, beginning on January 3,
and continuing the remainder of the
week. This will be the first exhibi-
tion of the kind ever held in the
county and from present indications
will be a grand success. The associa-
tion starts out with about 100 mem-
bers and is now equal to any other
association of a similar kind in the
state. The members are all working
to make the showing of chickens and
all kinds of poultry the finest that
can be secured. There are a large
number of fine poultry breeders in
that vicinity and all of them have
signified their intention of making
exhibits at the Benton Harbor show.

The large building recently vacated
by Louis Haas, on Territorial street,
has been secured for the show. This
building is well adapted for this pur-
pose, being steam heated and well
lighted.

One of the best judges that can
be secured has been engaged. The
association considers itself very for-
tunate to engage Judge Charles Mc-
Clave of New London, Ohio, who is
without doubt one of the best in
the country.

From inquiries that have been com-
ing in the past few days it is safe
to say that at least 1,000 birds of
various breeds will be shown at this
exhibition, and the Berrien county
chicken fanciers will have the oppor-
tunity to see each other's stock and
judge for themselves what their
neighbors are doing.

The exhibition will not be confined
to poultry, but along with this will
be a fineshowing of pets of all kinds.
Fine bred dogs, cats, pigeons, rabbits
and all other kinds of pets will be
classified in this exhibition to com-
pete for the liberal prizes.

A large premium list has been pre-
pared and is now in the hands of the
printers. The lists will be ready for
distribution within a few days. Rib-
bons will be given for the first, sec-
ond and third classes and two fine
silver cups will be awarded.

Besides these, the merchants and
friends of the association have liber-
ally contributed premiums which will
be awarded to those who can show
the finest birds or pets.

Additional information can be se-
cured by inquiring of any member of
the association.

SANTA CLAUS WAS STUCK

Boy Who Attempted to Slide
Down the Chimney
Was Caught

Philadelphia, Pa., December 22.—
Stuck in an old chimney for nearly
two hours while his mother and
neighbors fished for him with
clotheslines, William Matson, a 13-
year-old lad, of Shawmont, just
above Roxborough, had the scare of
his life while playing Santa Claus
and was so badly scared and
shocked by his experience that he
had to be taken to St. Timothy's
hospital for treatment.

Matson and his brother and three
other boys went to a vacant house
in Shawmont avenue, near Ridge
avenue, to play. The boys are from
9 to 14 year old, and when it was
suggested that the time-honored
drama of Santa and the chimney be
enacted. William Matson clamored
for the star part.

He got it, and armed with an old
satchel filled with straw, mounted
to the roof of the old house, which
has not been occupied for years.
His companions waited on the floor
below by an open fireplace, through
which he was scheduled to make a
triumphal entry.

Matson lowered himself boldly in
to the chimney, and began to slide
down the ancient coat of soot with
a joyous thrill. Half way down he
stuck, and it became evident there
was a bend in the chimney. His
companions, instead of a joyous
shout from the fireplace, heard a
dismal cry from the wall above, and
recognized their playmate calling
wildly for assistance.

They ran to his home, a few doors
away, and told his mother. She,
thoroughly frightened, got a ladder
a clothesline and a stout boat hook.
Getting on the roof she lowered the
rope and managed to get the satchel,
but could not land the boy.

Then some men came out of the
big crowd which had gathered in the
street, and with several more ropes
they managed to get a firm grip on
young Santa Claus and hauled him
to safety.

Postmaster C. R. Smith, of Niles,
has received notice from the treasury
department at Washington that final
consideration and a selection made
of a site for the United States govern-
ment building to be erected there,
will be made Jan 17, 1907. The
public is invited by the notice to sub-
mit further statements in regard to
the sites on which bids have been
sent, if they desire. The Landow
site is generally expected to be the
site selected on account of location
and price.

Sheriff's Force Will be Busy
Making Arrests Next

Saturday Prosecuting Attorney
White was working strenuously at
Niles in endeavoring to prepare the
thirty warrants against the individ-
uals indicted Friday by the grand
jury. It was the aim of the prose-
cutor to get the warrants in the
hands of the sheriff as quickly as
possible. Late Saturday afternoon
the warrants were all prepared and
were immediately turned over to
Sheriff Tennant. It is quite possible
that the indicted men will be served

Sheriff Tennant confidently believes
that none of the indicted parties will
endeavor to leave the county. Asked
if he expected any of the men to

"Why certainly not. I actually be-

A sign of settlement: President Roosevelt is taking an interest in the car shortage question.

A Yokohama paper suggests that Japan may not be getting its share of American heiresses under treaty rights. The Japs are picking up even the art of humor.

Several of the unfortunate heiresses who married foreign noblemen will petition to be restored to American citizenship. This title is never a disappointment and grows brighter by use.

At the Nevada gold diggings coal is \$60 a ton and it is a struggle to get a meal and a cot. A part of the American people would be unhappy if deprived of the hardships of the Klondike somewhere.

Meat has become so dear in Germany that many are compelled to drop it from the bill of fare. It is an awkward issue in the coming election for the officials who have been at pains to disparage and exclude American meats, which may be safely pronounced the best exported anywhere.

How Amusing

In the issue of this week's Argus, they come out with a bulky article written by their "so-called editor" or with the assistance of a paid editor in a neighboring town, who did some toward the assistance of an article, with which was a slam for the editor of the RECORD some time ago, but we are very thankful to say that we do our own writing at home, and not employ outside assistance to help us out in facts, such as the editor or his "assistant" did some two years ago. Whether they had to acquire his assistance this time, or whether they have gained a little more knowledge about writing sarcasm, we are not well versed enough to say, but in regard to our article of last week, we were perfectly right, for people from Buchanan, who were in South Bend on that particular day, saw the editor's wife purchasing articles in that city, and they come out with a "joke" that they were the recipients of gifts, which they think the citizens of Buchanan are easy enough to swallow.

That brings forth an incident, that is an actual fact concerning our competitors. When the editress of this paper was employed in that office, they asked her to send for a bed, mattress and springs of the firm Hartman & Co. of Chicago, and have the goods shipped in her name, so that the Buchanan merchants would not know they purchased anything out of town, and she thinking they would keep up their monthly payments of 50 cents consented, and they got the articles in mention. But the interesting part comes, when this party in mention received a (please remit) every month

for the articles for this editor, requesting the back payments, and when she would call them up over the phone to request a payment for "their own goods" they were so small that they would hang up their receiver without even a reply. "This is indeed VERY embarrassing to go in such details, and explain their business affairs, just for the sake of letting the people of Buchanan comprehend, but facts are facts the world over.

Only recently the Argus editor's "assistant" went to two of her neighbors, and wanted them to send to Chicago for goods for her, but they being aware of how the Argus' former employee had been treated they flatly refused, and now they come out with a "bluff" that they were the recipients of presents. Why, the joke is too good to keep. How could they think our merchants and citizens were so foolish as to believe such rot?

The Argus also comes out with a saying that the RECORD is advertising the Argus, (for it needs it) well, we are glad to do some good in this world, but they do not seem to comprehend, that in this case, instead of advertising them, we are placing them in their true light before the public. They have got in such a habit of misrepresenting themselves and their "weekly yellow journal" that we only want them to see themselves as others see them, so if we may offer a suggestion, it is time for them to get wise to themselves.

Editors Want More Pay.

Bloomington, Ill., Dec. 26.—Country papers all over Illinois are advancing their subscription rates. Nearly all the publications that have been sold for a dollar per annum are now asking from 25 cents to 50 cents more. The publishers say that the high price of paper and materials of all kinds and the greatly increased cost of production in every department make an advance in the subscription rates imperative. At \$1 they claim that the great appropriation of the expense is thrown upon the advertisers.

ANNUAL FESTIVITY.

The annual Christmas dinner of the Knight family was held Tuesday at the home of Mr. and Mrs. J. L. Knight on Cayuga street.

A sumptuous repast of four courses was served by a number of charming waiters and waitresses. Covers were laid for 27 and all did ample justice to the delicacies that were given them, and Mr. and Mrs. Knight were voted charming entertainers.

Among those present were: Mrs. M. W. Hicks and daughter Eva, of South Bend; Mrs. Emma Ocker, Mr. and Mrs. A. T. Dester and daughters, Pearl and Imogene and Mr. and Mrs. H. A. Richland Bank Robber Who Broke From Jackson Prison is Recaptured.

Jackson, Dec. 24.—John Allison alias Walter Johnson York, one of the three Richland bank robbers who escaped from prison August 9, 1904 has been returned here to serve the remainder of his 17-year term, of which five had expired.

Allison was captured at Rock Island, Ill., where he was in the employ of the Moline Plow Co. He was married two years ago and has a baby 9 months old. Chief of Police Pearson of Rock Island will get the \$200 reward held out for the capture of the fugitive.

Spellman and Slater, who escaped with Allison, are still at large.

BUILDS FINE ICE HOUSE

Michigan Central Constructing One of the Finest in Michigan

The Michigan Central has almost finished the construction of the mammoth new ice house which it has been building at the junction of the Benton Harbor and St. Joseph branches, for several weeks. The ice house is one of the finest in Michigan and by far the best in this section of the state.

It is 200 feet in length and over 70 feet wide and will hold several tons of ice. It is constructed on the latest principles governing such structures and the ice can be safely kept there for almost an indefinite length of time.

There is a wall of sawdust, several inches in thickness and an air chamber. These two will protect the ice from the ravages of the outside elements, principally from some of Berrien county "scorchers."

The railroad plans to make this point a central icing station for the whole division and will ship ice from here to various points along the road.

The company will probably cut considerable ice on the St. Joseph river, and it has also made arrangements to cut ice on Berrien Lake, near Niles and haul it to St. Joseph.

This new arrangement should insure for St. Joseph, a much better system of car icing than formerly existed there and the Michigan Central should have no difficulty in holding a great share of the fruit shipper's trade.

received from Paw Paw lake by the Union Ice & Coal Company of this city state that ice has formed there to a thickness of three inches and in some places is even thicker than that. This will mean that a few days more of continued cold will start the annual harvest at that important point and that the dreaded ice famine of last season will not be repeated.

The St. Joseph river was choked with ice Wednesday, but it is ragged and broken and in many places composed of loose cakes, the river, however, gives promise of freezing over very soon and that event will herald the beginning of the harvest in St. Joseph.

SUPERVISORS SOON TO MEET

They will be preceded by the Settling Committee

The board of supervisors will go into session at the court house on Tuesday, January 3, two weeks from Tuesday. They will be preceded by the settling committee who will go over the respective accounts of the clerk and treasurer and who will then present them to the board.

The amount of business which will be brought before the supervisors is not expected to be large, as it is not believed that their session will last a week and they will probably make Friday of that week their closing day.

The regular work of the supervisors is about all that they will be forced to contend with, when they meet, there being nothing special to come before them at this session.

M. L. JENKS, Family Reunion

The annual family reunion of the descendants of Michael and Rebecca Cauffman, was held on Christmas day at the home of a son, Lewis F., of Portage Prairie. The majority of this large and well known family were present. A bountiful dinner was served to forty merry-makers with ages ranging from seven weeks to sixty years. Recitations and some choice music was rendered by different members of the family, after which a beautiful Christmas tree was relieved of its burden. When the twilight began to was those who had driven for miles, sleighs were made ready and with all good wishes to one another the happy crowd departed for their several homes.

ADDITIONAL LOCALS

Mr. and Mrs. Wm. Koons and son Walter, Mrs. Dora Poulson, Mr. and Mrs. Glenn Davis and son, Harold, of Dowagiac. Mrs. Roxa Rollings, of Berrien Springs, Mr. and Mrs. George Dressler and Mr. and Mrs. Wm. Borst and family, ate Christmas dinner with Mr. and Mrs. Noah Canfield.

Mr. Jacob Cauffman, residing south-west of town had the misfortune to break his arm on Monday. He was endeavoring to start a brush heap on fire, and it would not start, so he started to jump upon the brush when the blaze started, and in his attempt to get away from the blaze, he fell on his hand, turning it back in such a manner that he broke the bone in his wrist. The injured member was dressed by a physician in South Bend.

The Christmas exercises of the Methodist Episcopal Sunday School were held last Monday evening in the Presbyterian Church. The program was not very long but nevertheless it was well rendered. The concert consisted of recitations and singing by members of the Sunday School. After the concert was the interesting feature of distributing the presents from the Christmas tree. All of the Sunday School scholars were given a sack of candy, besides this many of the Sunday School teachers gave presents to their individual scholars while many of the teachers received presents from their scholars. Several unique souvenirs of the teachers and names of the Sunday School scholars were among the presents received by the scholars. The church was well filled and the greeting "Merry Christmas" was frequently heard.

CURED**

If you have transgressed against the laws of nature, you must suffer. Youthful ignorance, later excesses and nervous diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. B. A. Sidney, of Toledo, says: "At an early age I was the victim of youthful complaints. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The weakness ceased, wormy veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my physical system vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

and vicinity are invited to consider the advantages offered by the AMERICAN TRUST COMPANY, of South Bend, as a depository for savings or surplus funds.

All funds deposited prior to January 10th, 1907, will begin to earn interest, compounded semi-annually, from January 1st, at 4 per cent.

This high rate of interest is made possible because the active and prosperous condition of South Bend's mercantile and manufacturing enterprises and the steady and rapid growth of the city, which calls for the building of many dwellings and other buildings yearly, enables the company to loan its funds at good rates and on sound security.

The capital, surplus and profits of the American Trust Company now exceed \$225,000.00

The total resources are more than \$1,000,000.00

You are most cordially invited to make the AMERICAN TRUST COMPANY your headquarters when in South Bend.

Lawrence Mead was very badly injured last Thursday, by having a tree fall on him. He with several other small boys were playing on the ice across from the Michigan Central depot near where Mr. Schlut was cutting down a tree, which was rotten on one side, they were mistaken in the direction, which it would fall and the little mead boy was directly under it. His left leg was terribly crushed and mangled, and his back and head bruised. Dr. King attended his injuries, and he is now resting easy. It was a very narrow escape for the boy, and had it not been for the small trees, which helped to break its fall, it would have killed him.

Louis Phiscator and Frank Narre-gan are moving the old Holmes build-

It is getting to be quite the thing for large business firms to give presents to their employees at Christmas time. The Young-Peck's Co., the Metal Sectional, the Spencer-Barnes the Baker-Vawter and others have thus generously remembered their helpers.

Last Monday afternoon, a street car on the Fair Plain route left the track after bumping over the ties a few rods and came to a standstill on the other side of the wagon road. The accident was caused by the rails spreading. Of the two ladies and six gentlemen aboard, no one was hurt except Mrs. E. Stone of Fair Plain formerly of Buchanan, who did not take in the situation quickly enough to catch hold of something and prevent her from being thrown to the floor. Her lips were bruised somewhat but not seriously.

Old papers have recently been found which show how the ship canal was possible for Benton Harbor. The main promoters were Sterne Brunson, Charles Hull and Henry Morton and they gave the contract to one Martin Green of Chicago, who began the work the year before the war broke out and finished it in 1865 at that great struggle. Those who had money gave it in sums of two dollars to a hundred and others brought, hay railroad ties, grain and like commodities which could be converted into cash. A few of the contributors are still living. The canal was accepted by the government as a public waterway about 1870.
