LAY DOWN LAW TO DOCTORS

Board of Supervisors Pass
Strong Resolution Deal-
ing With Bills

The Board of Supervisors have laid
down a new law, which they passed
for the especial benefit of the physi-
cians who render bills to the county
for services given the county's poor.
There has been so much discussion
over bills tendered by physicians in
the past and over bills handed in by
drug stores, for drugs, that they
have become exasperated and this
morning declared that they would
for now and all time put a stop to
the cause of their annoyance. There-
fore they passed the following resolu-
tion and caused it to be added to
their minutes.

"Resolved, That we, the Board of
Supervisors, at Berrien County, will
not pay any doctor's bills or any
bills for drugs or supplies, of any
kind, in case of quarantine or conta-
gious diseases, unless said bill is
properly certified to by the full local
board of health, said board also to
certify that said parties are unable
to pay for said services or supplies,
themselves.

The board did little else besides
pass upon a large number of bills.
There were but few which the com-
mittees saw fit to cut and these were
cut but a very few cents.

The settlement committee checked
up with County Clerk Miners and
found his accounts correct to the last
cent, they have also almost com-
pleted the work of checking up the
accounts of County Treasurer
Schultz and so far have found them
to be in admirable condition.

A communication from the State
Association of Supervisors was read
yesterday afternoon, in which the
local board was notified of the meet-
ing to be held at Lansing, Feb. 5th.
Rolland E. Barr, petitioned the
board, in behalf of the estate of An-
drew J. Carothers, to return \$125.00
of the liquor license which had not
been used by the owner before he
died and the request was granted.

The bonds of the county officers
were referred to a special committee
and the committee later reported
that they were in the best shape, pro-
tecting the county in every way.

REVISE PUBLIC HEALTH LAW.

State Board to Take up Im-
portant Work.

Lansing, Jan. 14.—At a meeting of
the state board of health a resolution
was adopted approving the examina-
tion in public schools of children's
eyes and ears.

The board recognizes the import-
ance of some action for the protection
of the water supplies in the cities and
villages and at its meeting discussed
the subject at considerable length.
A bill will be framed giving the
board of health or some state com-
mission power to prohibit the pollu-
tion of the running streams in Mich-
igan from which towns derive their
water supply.

The board also took up the ques-
tion of the general revision of the
public health laws of the state, which
are conceded to be in most unsatis-
factory condition, and it is announ-
ced that a general act embracing all
the existing laws probably will be
prepared.

The proposition of Secretary Shum-
way to establish a bacteriological
laboratory in connection with the
health department of Lansing, where
analysis of public water supplies
and other public work may be done,
was approved by the board.

PASS SERVICE PENSION BILL

Aid to Veterans Increased \$15,000-
000 Annually

Washington, Jan. 14.—After two
hours debate the senate Saturday passed
Senator McCumber's service pen-
sion bill without division after
amending it at Senator Carmack's
instance so as to make it apply to
survivors of the Mexican war as well
as those of the civil war and so as
to prohibit pension attorneys from
receiving fees for securing pensions
under the bill. The words in the
bill "war of the rebellion," were
changed to "civil war" after some
discussions as to what the war of '61
to '64 really was.

Money, Bacon and Patterson con-
tended that it was a "war between
the states," while Teller said it was
either a civil war or a rebellion and
he saw no opprobrium in the word
"rebel."

The bill grants a pension of \$12 a

month to survivors of the civil and
Mexican wars who have reached the
age of 62; \$15 to those who are 70
years of age and \$20 to those who are
over 75.

McCumber estimates that if the bill
becomes a law it will increase the pen-
sion expenditure of the country to
the extent of about \$6,000,000 an-
nually, while the commissioner of
pensions thinks the increase will be
\$15,000,000 a year.

GOV. F. WARNER TAKES OATH

Inaugural Was Held in His
Bed Chambers

Farmington, Jan. 14.—"I have no
prepared speech, but I will always do
the best I can and try to do the right
thing at the right time."

With these words Fred M. Warner
entered upon his second term as gov-
ernor of Michigan. He said; "I do,"
to the oath, affixed his signature to
the document, made the above ad-
dress, and the ceremony was over.

GOVERNOR WARNER
Who Took Oath of Office on His Sick
Bed

There was scarcely a dry eye in the
room, so solemn was the occasion.

The governor was confined to his
bed in his Farmington home, having
been unable to go to Lansing at the
appointed time to take the oath. It
was believed that he would not be
able to get to Lansing within the 20-
day limit fixed by law.

The ground floor will consist of two 25x90 feet store rooms, and the second floor will be offices. The drug store will occupy the corner. It will have a pressed brick front. The old building will be moved. This block will be the finest in town, and will be modern in every detail. Work will begin early in the spring.

FIFTIETH ANNIVERSARY

Mich. Agricultural College Will Celebrate in May

The fiftieth anniversary of the founding of the State Agricultural College at Lansing will be celebrated in a fitting manner on the 29th, 30th and 31st of next May.

The American Association of Agricultural Colleges and Experiment Stations will meet at Lansing at this time as will also several other national organizations. This assures the attendance of a large number of distinguished educators.

President Roosevelt has consented to address the meeting on May 31st. President Snyder says:

"All alumni, former students, educators and other friends of the College are invited to join in celebrating not only the semi-centennial of the College, but what is of more importance, the fiftieth anniversary of the founding of the system of education of which this institution is an advocate."

MADE A POOR EXCUSE

Niles Man Said That he Was Not Running the Gambling Place

One of the gamblers who was brought before Judge Coolidge Thursday afternoon, from Niles, entered the plea that he was not running the gambling place himself, but that he was merely employed by others. Judge Coolidge questioned him as to who his employers were and he refused to state, the judge then called up the other gamblers and asked them if they knew anything of the case. The man who owned the saloon, over which the gambling room was located, testified that Fowler was working for himself and the judge therefore tacked on the usual fine and costs of \$100.00. Fowler could not pay but gave bonds for \$500.00. He was the last of the Niles men to be sentenced and finished the indictments issued to that city.

LOCAL MARKET FEATURES

Poultry, Fish and Vegetables Are Plentiful With Butter Scarce and Price for Latter High

The following is a feature of the markets in San Antonio, Texas, and shows how the prices vary from our local prices, and also shows what is in the market in the line of eatables. One of the features of the market this week is the large supply of poultry. The very finest of dressed chickens are selling at from 20c to 40c and dressed turkeys are selling at 15c a pound.

Fish is also more plentiful than usual. The price is the same, 10c a pound. The varieties in market are: Trout, drum, sheepshead, flounder, cat and redfish. Some very good oysters from the Texas coast are in market. A small supply of shrimp has been received. But it is very scarce in market this week. For some reason only a small supply has been brought to market and as a result the price is 35c a pound instead of 25c. For a short time the price has been 30c. Butter of a lower grade sells at 20c a pound and up.

The usual good supply of home

grown vegetables is in market this week.

Among the most popular are: Sweet potatoes, summer squash, egg plants, celery, English peas, string beans, tomatoes and lettuce.

Some very fine Texas cabbage is in market now. A great many beets, turnips, radishes, carrots and other roots raised in this county are being shipped to market and to markets further north.

Among the fruits in market are: Apples, bananas, oranges, coconuts, pineapples and grapes.

The usual supply of excellent Colorado Irish potatoes and home grown new potatoes is in market and also strawberries—Saturday's Daily Express, San Antonio, Texas.

Sheriff Tennant, of this county, who appeared as a witness before the jury, states confidently that the men will be convicted and that they will serve time for their offense.

Other functions are being arranged.

HUNG HIMSELF TO BARN RAFTER

Royalton Farmer Made Desperate Attempt to End His Life Yesterday.

Royalton township nearly had a sensational suicide Sunday when Abijah Birdsey made a tragic attempt to end his earthly career. Hanging to the barn rafters with a halter around his neck, the aged farmer was slowly strangling to death when he was discovered by his wife and his limp form cut down. After two hours of hard work the unconscious man was revived.

Despondency and constant brooding over a law suit in which his wife was defendant is said to have caused Birdsey to commit the rash act. Sunday afternoon he was with his family for some time but between the hours of 3 and 4 he was missed. Mrs. Birdsey happened to be searching in the drawers of a bureau when she found a note telling of her husband's suicide. Rushing to the barn she found her husband's body dang-

ling from a rafter with the noose drawn taut. Grabbing the body she raised it upwards, taking the dead weight off the rope. In this way she held her husband until her screams brought other members of the household to her aid, the rope being cut from about the farmer's neck. For a time it was believed that Birdsey was dead for his breathing had seemingly stopped and his pulse could not be felt. Dr. Beers was called and rendered medical attention.

Last week Mrs. Birdsey was sued for \$10,000 by Lucker & Son, meat dealers in St. Joseph, the meat men alleging that their business had been ruined by Mrs. Birdsey circulating malicious stories concerning meat which they had sold to their customers. This is said to have weighed heavily on the mind of Mrs. Birdsey's husband, prompting him to end his life.

What They do With Their Pay

The following is handed in by a soldier of the late war who served time in the Philippines and who says that it illustrates the experiences of a soldier in the land on pay day.

One month's pay, Held tight in his hand. Paid by his country For defending the land. How will he spend it? Where will he go? The cock pit, the race track Or orpheum show? But first there's the laundry, And then there's the Chinks. The tailor and barber And jawbone for drinks. When all is paid He is sadly bereft Because seven pesos Is all he has left. So once to the show, Then back to the woods. Never mind, when he's discharged, He'll be there with the goods.

Berrien Springs Gets Exultant Over Prospects, Kephart & Son Have Plans for New Block

Berrien Springs, Jan. 11.—The Era says at a meeting of the council the committee appointed made its report as regards the location of the wells to be used for water works. The test wells for the new water works will be driven on the opposite side of the river on the Geo. Halbeck farm.

The committee went to South Bend Wednesday and conferred with Mr. Bryan, vice President and general manager of the Berrien Springs Electric & Power Co. in regard to the location of the pumps in the power house.

"The location of this great dam at Berrien Springs means everything to this place and the people all realize it," says the Era.

"They have put forth every energy to land this project; and, what is the result? March 1st will see a gang of men 400 strong at work. Does this look good to the Berrien Springs people? Don't guess again. Our neighboring towns have asked this question many times: Will Berrien Springs ever come out of it? No one could answer this question until 1906 which was a starter. A newspaper endeavors to tell the exact truth without exaggeration, but it can not always verify each item that is handed in. For instance, two months ago we were told of a farmer who was gathering his corn, when he lost his balance just as he had reached the topmost ear and plunged downward. After falling about twelve feet he caught onto an ear of a neighboring stalk and held on until some neighbors pushed a load of hay under him and he was rescued.—Ex.

A colored man attempted to clean up on Hotel Miller last Saturday night, and met his Waterloo at the hands of a sturdy blacksmith. Leroy Watts was fined \$5 and costs for drunkenness and disorderly conduct. In the absence of the required sum, he was given 15 days in the county jail. The case was up before Justice of the Peace Chas. Diggins.

Charles Dunn, alias Joe Cline, returned from the Detroit house of correction Saturday, after serving 65 days for larceny, made his escape from the jail at Marshall Saturday and has not been recaptured. After reaching Marshall from Detroit, Dunn was taken to Battle Creek, where he was arraigned on a charge of forgery and was remanded to the lockup here. While a deputy was taking out another prisoner Dunn slipped out of his cell, made his way to the office and to the street unobserved.

The resort of the Petosky and Bay Shore Gas Co., was demolished by an explosion early Saturday evening, the shock being felt half a mile around. Ed Bush and Harley Buck, employes, were buried in the debris and severely cut and bruised. The big storage tank was quickly cut off and a more serious disaster avoided, as fire had started in the ruins. The loss is \$10,000.

The New Gaylord hotel was destroyed by fire about midnight Friday and one guest, Samuel Goldstein, of Bay City, perished in the flames. Several other persons narrowly escaped. Goldstein was to have been married next week to a young lady in Cadillac. The building was a three-story brick veneer and valued at \$20,000, with insurance of \$8,500 on the house and furnishings.

Rose VanHoten, of Owosso, 26 years old, and demented temporarily by an attack of tonsillitis, slipped out of the house at dusk Friday evening while no one was watching and barefooted and half dressed wandered along the frozen road south of Owosso to Hopkins lake. After two hours of search she was found standing on the ice in the center of the lake by a party of neighbors chilled through by the bitter wind and frost bitten. Doctors fear results of the exposure. The woman lives with her aged mother in a little house near the south city limits and though constantly in ill health has worked in local hotels as dish washer to support the family. The mother says the insanity is not the result of tonsillitis, but has been coming on for some time and she fears her daughter will have to go to an asylum.

Iva Oberlin, of Ovid, aged 13, has mysteriously disappeared from the home of her grandmother, Mrs. Samuel Oberlin. The sheriff has been asked to try to locate her. Iva's father, Alfred Oberlin, is living in Virginia. Her mother's address is unknown, the father and mother being separated. Iva has not been seen since she went to visit a neighbor Tuesday night.

Velma Wooster, the nine-year old daughter of E. D. Wooster, a farmer, living about 12 miles from Jackson, is in a hospital in a critical condition as the result of having her dress caught in a grinding machine used by her father. The little girl was passing the machine and her dress got caught in the shafting. This tore loose, however, but in her efforts to free her dress, the child entangled her hair and before the engine could be stopped, the child's scalp from the bridge of her nose to the back of her head was torn off. It is not thought at the hospital that she can live.

Mix This at Home

The following simple home-made mixture is said to readily relieve and overcome any form of Rheumatism by forcing the Kidneys to filter from the blood and system all the uric acid and poisonous waste matter, relieving at once such symptoms as backache, weak kidneys and bladder and blood diseases.

Try it, as it doesn't cost much to make, and is said to be absolutely harmless to the stomach.

Get the following harmless ingredients from any good pharmacy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle, and take a teaspoonful after each meal and again at bedtime.

This simple mixture is said to give prompt relief, and there are very few cases of Rheumatism and Kidney troubles it will fail to cure permanently.

These are all harmless, every-day drugs, and your druggist should keep them in the prescription department; if not, have him order them from the wholesale drug houses for you, rather than fail to use this, if you are afflicted.
