VOLUME XLII.

BUCHANAN, MICHIGAN, TUESDAY, JUNE 11, 1907.

NUMBER 39.

The mail-order habit will cut the limb of local prosperity from the tree of national life and drop you and your community into the bottomless pit of business stagnation. Are you wielding the saw that means certain disaster to you and your community?

## Just Keep Your Eye on 'Em

It was the intention of the Ad-Manager to announce the winner of the contest today, but so numerous were the replies that in order to scrutinize each answer carefully, the Ad-Manager decided to make known the results in Friday's issue, June 14. Meanwhile keep yourself alert for more of these contests, otherwise you will wish you had sharpened your wits before letting them escape. Read every advertisement in this issue and subsequent issues of the Record, and fearing to put you "too wise," the Ad-Man keeps mum

## TWO MORE PROBLEMS

President Tackles Them in Two Speeches on "Georgia Day" at the Jamestown Show.

### LIABILITY OF THE EMPLOYER

Would Make It Absolute, Regardless of Contributory Negligence.

Would Also Eliminate the Lawsuit to Collect Damages—Stands for Income and Inheritance Taxation.

Exposition Grounds, Norfolk, Va., June 11.—The Jamestown exposition management has determined to look upon yesterday, the occasion of President Roosevelt's second visit, as the real opening. The president lost no opportunity to voice his approval of the showing made since the backward opening of the exposition on April 26. It was Georgia Day, and the opening of Bullchall hall, a replica of the early home of President Roosevelt's mother, at Roswell, Ga., erected as the Georgia state building, was the feature that drew the president to the exposition for a second visit.

Was a Very Busy Day. From the time the president and Mrs. Roosevelt and their distinguished guests were landed at the government pier at 10:50 a. m. until their departure at 4:37 p. m., every minute was occupied. The president spoke in the George ceremonies from the reviewing stand and in the afternoon addressed the convention of the National Editorial association in the exposition auditorium. On both occasions he was given an enthusiastic welcome. He visited the Georgia building, the New York building and the negro exhibit, and in his drives over the grounds thousands of people lined the streets and gave him a continuous ovation.

Naval Review and Military Parade. The naval review of men-of-war in Hampton roads and the reception of the commanders of United States and foreign vessels which preceded the president's arrival at the grounds, and the military review on Lee parade followed the president's forenoon address, were similar to those events on the opening day except for some slight difference in the personnel of the participants.

### LIABILITY FOR EMPLOYERS

President Takes Radical Ground on That Important Subject.

The real features of the day were the president's two speeches—one to the Georgia people and the other to the editors. To the Georgians, after

expressing his gratitude and pride at the action of that state in making his maternal home their state building he elaborated his ideas on railway regulation and on corporation regulation generally—as regards the safety of employees, and declared against child labor—or woman labor either—in factories. As to the indemnity for injuries to employees he said: "The great increase in mechanical and manufacturing operations means a corresponding increase in the number of accidents to the wage workers employed therein, these including both preventable and inevitable accidents. To the ordinary wage worker's family such a calamity means grim hardship. As the work is done for the employer, and therefore ultimately for the public, it is a bitter injustice that it should be the wage worker himself and his wife and children who bear the whole penalty."

"Legislation should be had, alike from the nation and from the states, not only to guard against the needless multiplication of these accidents, but to relieve the financial suffering due to them. \* \* \* There should be additional legislation to secure pecuniary compensation to workmen suffering from accidents, and when they are killed, to their families. \* \* \* "The present practice is based on the view announced nearly seventy years ago that 'principle of justice and good sense demand that a workman shall take upon himself all the ordinary risks of his occupation.' In my view, principle of justice and good sense demand the very reverse of this view, which experience has proved to be unsound and productive of widespread suffering. \* \* \* "When the employer, the agent of the public on his own responsibility and for his own profit, in the business of serving the public, starts in motion agencies which create risks for others he should take all the ordinary and extraordinary risks involved, and though the burden will at the moment be his it will ultimately be assumed, as it ought to be, by the general public. Only in this way can the shock of the accident be diffused, for it will be transferred from employer to consumer, for whose benefit all industries are carried on."

The president added that congress should plainly enact that railway employees are entitled to damage for accidents, and make the law so that the long lawsuit which now so often wears out the plaintiff would be eliminated. The president closed with an appeal for every encouragement to the navy.

### HIS VIEWS ON TAXATION

He Declares for Taxes on Both Income and Inheritance.

To the editors the president spoke of the land question and irrigation out

west, and then tackled taxation, declaring for both income and inheritance taxes. He said among other things:

a desirable permanent feature of federal taxation, and I still hope that one may be devised which the supreme court will declare constitutional. \* \* \* In my judgment, however, the inheritance tax is both a far better method of taxation and far more important for the purpose I have in view—of having the swollen fortunes of the country bear in proportion to their size a constantly increasing burden of taxation.

"The progressive principle is peculiarly adapted to limiting the size of inheritable fortunes \* \* \* since it may be carried to its logical conclusion in a maximum rate of 100 per cent. for the amount in excess of a specified sum without being confiscatory as to the rest of the inheritance. \* \* \* I do not believe that any advantage comes either to the country as a whole or to the individuals inheriting the money by permitting the transmission in their entirety of such enormous fortunes as have been accumulated in America. \* \* \* Such a tax is in no way a tax on thrift and industry, for thrift and industry have ceased to possess any measurable importance in the acquisition of these swollen fortunes long before the tax would seriously affect them."

### TAFT IS OUT IN THE WEST

He Talks to Students and Others in the Badger State.

Milwaukee, June 11.—"Secretary of War William H. Taft is big enough and broad enough to fill any position which the American people may call upon him to fill," was the keynote of an address of welcome by Governor James O. Davidson, on behalf of the state of Wisconsin, at the banquet at the Hotel Pfister given in honor of the distinguished secretary of war.

Mayor Sherburn M. Becker, welcomed the guest of honor on behalf of Milwaukee, and referred to Ohio's many favorite sons, and said they were by no means in the "silent majority." To Secretary Taft more than to any other human being, the mayor said, is the country indebted at this time for its island possessions.

Secretary Taft delivered a long address on the history of the Panama canal and was frequently and enthusiastically applauded. Three hundred citizens of all shades of politics sat at the banquet table.

Before coming here the secretary had visited Madison, where he spoke to the students of the state university, referring to Senator Spooner in very complimentary terms. He was received with wild enthusiasm by the students.

### CONDITIONS IN RUSSIA

Special to a London Paper Says They Are Growing More Serious as to Murder and Robbery.

London, June 11.—A St. Petersburg dispatch to The Telegraph says that the internal condition of Russia is growing more serious. Murder is common; pillage has become a means of livelihood and incendiarism is but an expression of the peasants' dissatisfaction with the land owners.

Statistics show that during the week ended Saturday 158 persons suffered. Eighty were killed and seventy-eight wounded. In some of the provinces organized gangs of terrorists are holding up travelers, and many acts of incendiarism are reported.

### DONE BY THE NEWSPAPERS

Taft Says They Forced Him Into the Presidential Race When He Preferred Another Career.

Janesville, Wis., June 11.—Secretary of War William H. Taft passed through here en route to Madison, and was met at the station by some 200 representative business and professional men. At their request he appeared on the back platform of his car and made a short speech, paying a high tribute to Senator Spooner.

Secretary Taft said that he had been forced into his present position as a presidential candidate by the newspaper men, and that he himself had picked out another career.

### Earthquake at Guayaquil.

Guayaquil, Ecuador, June 11.—A violent earth shock of considerable duration was felt in this city at 5:30 o'clock yesterday afternoon and caused panic among the people. The quake is attributed to the activity of Mount Cotopaxi, which is throwing out great quantities of stones.

### Victim of the Devil Wagon.

Janesville, Wis., June 11.—Frank Cooke, the oldest jeweler in Wisconsin, is dead from injuries due to being run over by his own automobile. He was 69 years old.

### SCORES ON THE DIAMONDS

Chicago, June 11.—Following are the base ball scores:

League: At Pittsburg—Brooklyn 3, Pittsburg 14; at St. Louis—New York 8, St. Louis 2; at Cincinnati—Latonla Derby; at Chicago—Weather. American: At Philadelphia—St.

LOUIS 9, Philadelphia 3; at New York—Detroit 3, New York 9; at Boston—Cleveland 5, Boston 0; at Washington—Chicago 2, Washington 1.

Association: At Toledo—St. Paul 4, Toledo 8; at Louisville—Kansas City 6, Louisville 3; at Indianapolis—Milwaukee 4, Indianapolis 1; at Columbus—Minneapolis 5, Columbus 3. Western: At Omaha—Denver 1, Omaha 8; at Sioux City—Pueblo 1, Sioux City 3; at Lincoln—Des Moines 4, Lincoln 10.

## BIG PLANT IN TROUBLE

It Buidled Bigger Than It Could Raise the Money for and Needs Funds.

### CREDITORS ASK A RECEIVER

Owes About \$6,500,000 and Has Assets That William Nelson Cromwell Says Are Worth a Million More.

New York, June 11.—Application for receivers for Milliken Bros., incorporated, one of the largest manufacturers of structural steel, bridge work and construction of steel frame buildings in the city, has been made to Judge George C. Holt, in the United States supreme court. Just before the closing of the office an involuntary petition in bankruptcy was filed against the concern by McDonald & Bostwick, attorneys. Judge Holt held court in his chambers in the rooms of the Bar association and listened to arguments upon the subject. He took the matter under advisement.

### Cromwell Tells What's the Matter.

William Nelson Cromwell appeared for the corporation and later Cromwell issued the following statement: "The business consists of two distinct branches, one the construction and erection of bridges, etc., and the other the manufacture of open hearth steel and the rolling of the same into billets, blooms, slabs or structural shape, suitable for use in the construction of bridges and other structural work. The bridge department had been carried on successfully and very profitably for a number of years, and this led the company to the construction of the open hearth steel plant in 1908-1906 at Mariner's Harbor, Staten Island.

### Big Plant and Big Business.

"The plant, comprising 160 acres, and a modern and completely equipped bridge plant and open hearth steel plant, is completed and in full operation. The company has contracts for the erection of bridges and buildings the world over; it has about 3,000 to 3,500 men in its employment; its weekly pay roll is about \$50,000; its business under construction is about \$5,000,000 and is of a profitable character.

### Where the Trouble Come In.

"The estimates for the completion of this steel plant were, as usual, exceeded in fact, and exhausted the working capital. This was in part supplied by the individual resources of its principal stockholders, but still remained inadequate. The liabilities are about \$6,500,000, of which \$3,000,000 is represented by first mortgage bonds. The assets comprise a plant which, with the real estate and machinery, is valued at \$7,250,000, and merchandise and supplies on hand of the value of about \$750,000 more. About three-quarters of a million is invested in construction and outstanding contracts." Cromwell stated that he had in contemplation a plan for the speedy reorganization of the company and intended to submit it to the creditors at an early date.

### JOKE IS ON THE JAP

King Edward's Naval Musicians Are Barred "The Mikado," While the Japs Play It Themselves.

Chatham, England, June 11.—The order issued by the admiralty that the music of Sullivan's "Mikado" should not be played on British warships, in order not to offend the susceptibilities of the Japanese visitors is still in force, but a curious circumstance has arisen, and all Chatham is laughing over what is called "The Japanese Insulting Themselves."

The Japanese cruiser Tsukuba is lying in the dock yard here, and Setoguchi, the bandmaster of the cruiser, has chosen Sullivan's music to play at the after dinner dances given for the entertainment of visitors. The band's repertoire, written and played by Japanese, contains all the music of the "Mikado."

### Should Be a Hanging Offense.

St. Louis, June 11.—Albert Niesinger, a plumber, has been arrested on the charge of having thrown vitriol into the face of Mrs. Lena Wunach, who had refused to marry him. Both her eyes were burned out and her face

## TODAY'S STATE NEWS

### 'ROUNDROBIN' SENT IN

It Attacked an Officer of the M. N. C., and Thereafter Some Trouble Arose.

### ITS WRITER ASKED TO GET OUT

He Declines, and Appeals to the Governor—Spanish War Vet Butts in and Gets Snubbed.

Bay City, Mich., June 11.—The hospital corps of the Third regiment, M. N. G., is in a turmoil which may result in a court martial before the row is ended. It all started with a "round robin" requesting the resignation of Major Charles T. Newkirk, M. D., captain of the corps, who, it is alleged, has been too lax in discipline and has not kept the corps up to the mark in drill. Dr. Newkirk did not take the petition seriously, but referred it to Colonel Bates, who sent, through Dr. Newkirk, a request to Dr. Floyd Randall, hospital steward, to resign as the "round robin" was laid at his door.

### Spanish War Vets Snubbed.

Dr. Randall flatly declined to get out and took the matter up to the governor through his friends. Assistant Adjutant General Cox investigated and, it is said, found that Dr. Newkirk should get out for the good of the corps. The Spanish War Veterans and General McGurkin have become mixed up in the squabble through the veterans' organization taking a hand in behalf of Dr. Newkirk and writing a letter to General McGurkin protesting against the treatment accorded the doctor by Cox. McGurkin replied that it was not any of the business of the Spanish War Veterans and that he guessed the M. N. G. could look after its own affairs.

### Apology Is Demanded.

This aroused the anger of Commander McIntosh, of the veterans' organization, and he has demanded that General McGurkin apologize. Major Newkirk is a native of Canada and is now 55 years old. He served four years in the Brazilian army in the war with Paraguay from 1864, being surgeon of a division. He came to Bay county after the close of that war and has been prominent in Republican politics since his first vote was cast for Grant. He went to Cuba in the war with Spain with the rank of major and brigade surgeon. He was made United States pension examiner and was country physician for a number of years.

### AGED 90; WANTS A DIVORCE

Woman He Wants To Be Rid of Has Been His Wife for Twenty-Seven Years.

Kalamazoo, Mich., June 11.—Levi Woods, a territorial pioneer and for fifty-two years a pillar of the Presbyterian church here, has wearied of wed-

ding, and at the age of 90 demands a divorce from his wife, Mary, whom he married twenty-seven years ago. The circuit court has taken his case under advisement.

### Woods charges a daughter of his wife by a former marriage with causing trouble. He says she induced him to sell his property here and move to California, where she was living. He remained sometime and then returned, his wife preferring to stay with her daughter, he alleges.

### Made a Real "Hot Time."

Detroit, June 11.—Unable to stand the strains of "A Hot Time in the Old Town" as rendered by a bass fiddle within his hearing for the thousandth time, he says, Lawrence Kosowski, aged 45, who lives next door to the home of Walter Gradkowski, whence the strains emanated, rushed into the merry-making crowd with a revolver in each hand and emptied both weapons into Walter Zimris, the fiddler; Walter Gradkowski, and Gradkowski's wife, Nellie. None was fatally injured.

### Aged Man Hangs Himself.

Houghton, Mich., June 11.—Henry Steinback, aged 60, of L'Anse, a pioneer resident of the copper country, hanged himself in the tower of the school house at L'Anse, where he was janitor. He had been despondent for several weeks. He leaves a widow and several grown children, two of whom live in Chicago.

### His Mind Has Given Way.

Newberry, Mich., June 11.—E. W. Kibby, lately connected with the Upper Peninsula Land company, is a patient at the Upper Peninsula Hospital for the Insane, located here, with apparently little hope for his recovery. For many years Kibby was identified with the publishing business in Sault Ste. Marie.

### Case of John Allison Hangs Fire.

Jackson, Mich., June 11.—The board of pardons has closed a two-day's session here, having the petition of seventy-five convicts under consideration. No action was taken in the case of John Allison. The members of the board will go to Moline, Ill., and it is said that if they find the newspaper stories correct they will release him.

Orion, Mich., June 11.—The Bible and Christian Workers Institute for 1907 will convene at Lake Orion July 18 to July 28. Bible students from all over the country will be in attendance.

### Remarkable Rescue

That truth is stranger than fiction in has once more been demonstrated the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go work."

### An Event in Sunday Journalism.

The people of the middle West are rapidly discovering that the Sunday Magazine of The Chicago Record-Herald is not only a real magazine but also one of the greatest in this age of magazines. Its recent display of enterprise in paying \$25,000 for the exclusive serial rights of Conan Doyle's new romance, "Sir Nigel," compelled even the editors of the famous monthlies to acknowledge the presence of a new and powerful rival.

When this was followed by Anthony Hope's new Zenda romance, "Sophy of Kravonia," the reading world needed no further proof that the Sunday Magazine of The Record-Herald was able to capture the finest and most costly new fiction offered in England and America. Its illustrations and cover designs in color have from the beginning been of unsurpassed beauty and artistic grace. Its short stories, descriptive articles, humor, poetry and sketches of all kinds are the choicest that the literary market affords, many of them being written by the most popular authors and magazine contributors in the United States. In short, it is an entertaining, high-class magazine that will bear comparison with the best independent weeklies or monthlies, whatever the price.

### There is nothing else like it in American journalism.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles, by W. N. Brodrick, druggist, 50c.

## BUCHANAN BOY MAKING SUCCESS

Herbert Niles, Former Player with Buchanan Blues.

### STARTS FINE BALL CAREER

Though Not Full-Fledged, Is Displaying Astonishing Ability.

"Having displayed talent and ability which, if it relatively develops in course of the next three years as it has in the past twelve months, may break up the present game of baseball, Harry Niles, the young second baseman of the St. Louis Browns, has become the most interesting figure in the great national game.

"When Niles came to St. Louis one year ago he knew very little about the game in which he is now a star. Indeed, his knowledge of it is, as yet, rudimentary. Yet, neophyte as he is, he is the leading player of the country today," says a St. Louis exchange.

Hence the question very naturally arises, "What will he be when he attains the full measure of his ability?"

When Niles came to St. Louis all he had in his favor was great speed of foot, strength of body, a special disposition to learn the game and oodles of pluck.

The boy's splendid physique and great speed attracted attention, and held favor for him. While it was patent, even to the passing eye, that he knew little about the fine points of the game, everyone said: "His speed and great strength will make him a wonderful player if he learns just enough of the game to carry him along." So, playing his speed, his strength and his nerve, Niles went along for a season in a fair sort of fashion. He kept studying and learning all the time. Yet when the season of 1906 was over he was far from being a good second rate ball player.

When McAleer took his Browns South in 1907 he said to Niles: "Now learn to bunt. With your speed you can bunt .300, if you will only lay the ball down right."

Niles has learned to bunt pretty well. He is far from as perfect in the art as he will be three years hence. Yet he can bunt .300 now.

In learning to bunt Niles learned also to get away from the plate. He is yet far from perfect in this respect. Yet every time he taps a ball to infield he has an even chance to beat it out. His speed is driving infielders crazy. It is "rush it, rush it" with them every time Niles touches it.

As a batter he's built developed. He can bunt and hit balls thrown inside to him, but is a trifle weak on balls on the outside of the plate. Yet he is hitting almost .400 and practically leading the country. Last year he could not hit a lick.

Though he does not get a very fast start on a fly ball, he covers more ground on such than any man in the business. His speed enables him to cover vastly more territory on line drives than any man that ever played ball. Though he does not yet get the best sort of a start, his fleetness enables him to cut off and catch line drives and short flies that no other that ever played ball dreamed of getting.

### SPECIAL ABERDEEN-ANGUS PRIZES.

In addition to the liberal premiums made by the Michigan Agricultural Society at the State Fair, Detroit, this year, the Aberdeen-Angus Breeders' Association has consented to make three awards in each of eight classes to animals of the Aberdeen-Angus breed. This should encourage breeders of black cattle who have never shown to exhibit at this year's exposition.

The classifications and prizes are as follows:

A—Bull 3 years or over.	1st	2nd	3rd
B—Bull 2 years and under 3.	\$6	\$4	\$2.50
C—Bull 1 year and under 2.	6	4	2.50
D—Bull under 1 year.	6	4	2.50
E—Cow 3 years or over.	6	4	2.50
F—Heifer 2 years and under 3.	6	4	2.50
G—Heifer 1 year and under 2.	6	4	2.50
H—Heifer under 1 year.	6	4	2.50

The following conditions govern these awards:

"That it shall be obligatory on all parties applying for the payment of special premiums, that have been won in accordance with resolutions passed by this association, to file with the secretary at same time the recorded name and number of each animal, whether part of a herd or otherwise, by whose exhibition the premium was won.

Further: That no premium shall be due or paid to the owner of an animal which shall have been entered for exhibition before being recorded in the Herd Book. That this association reserves the right to interpret all premium list's rules of shows and State Fairs in connection with the payment of special premiums offered by the association."

## FAIR CLOSED SUNDAY

But Will Be Opened Every Evening

### NEW PREMIUM LIST OUT

The Beautiful Michigan Building at the St. Louis World's Fair Now Stands in the Foreground of the Michigan State Fair.

Despite the adverse comment of people who were not in possession of the true facts, the State Fair of 1907 will be conducted on the same orderly and broad basis that has characterized the exhibitions held by the Michigan Agricultural Society in the past. Every attraction on the grounds will have to come up to the high standard set by the executive committee or the permit under which it will be given access to the grounds will be revoked. It is the aim of the society to make the great Michigan fair an event to be looked forward to by those enjoying keen and exciting contests of speed, the opportunity to study the products and natural resources of the Wolverine state, and high-class entertainments.

In 1906 the fair was open on Sunday. It was the desire of the management to give those who could not get out to the grounds on week days an opportunity of viewing the exhibits that had been gathered from all parts of this great state. The Sunday program was in keeping with the day. There were sacred concerts, both in the afternoon and evening, while no shows of any kind were operated and all boisterousness was sternly repressed.

The fair of 1907 will be closed upon Sunday. This action was taken, not because the previous openings of the fair on this day had not borne out every contention made by the executive committee as to the advantages that would accrue to those who could not visit the fair at any other time, but simply to silence the criticism that came from many quarters, and to weld into a compact unit those who were giving the society's officers their support.

### MICHIGAN BUILDING AT STATE FAIR.

Standing conspicuously in the foreground as one approaches the main entrance to the State Fair grounds, Detroit, is the magnificent structure that entertained thousands of visitors to the Louisiana Purchase exposition under the name of the Michigan Building. As one views the grounds from the Woodward avenue approach its tall columns, airy verandas, and ornate architecture show the care that was expended by the St. Louis commissioners who selected the plans before its erection in St. Louis.

After the long journey from St. Louis to Detroit, and reconstructed it is even more beautiful and graceful than when erected in the Missouri city. It is now a permanent structure, while when first built the walls were of staff and intended to stand only for a few short months. While at St. Louis the building stood upon a temporary foundation consisting of a few piles, today it is on a solid foundation and there is not the slightest danger of the structure sagging, for no expense was spared when it became a companion structure to the glass and brick buildings nearby.

Early in 1905 the St. Louis fair commissioners offered the building to the officers of the Michigan Agricultural Society for the sum of \$1,250. The original contract price had been \$16,000 and in addition to this the contractors stood a loss of \$4,000 due to the high wages that were paid during the fair. The offer was eagerly accepted, but before the building was finally erected in Detroit the society paid out an additional \$17,000.

This year the entire upper floor will be devoted to the art collection which will be under the direction of Prof. A. H. Griffith, director of the Detroit Museum of Art. Part of the lower floor will be devoted to the mineral exhibit, of which Rep. W. J. Galbraith, of Calumet, will be the superintendent. This exhibit promises to be the finest collection of mining products ever shown in the history of the world.

In the Michigan building friends can meet friends, and seek rest on its cool verandas. The views in all directions are worth patiently sitting in a steamer chair and studying as the kaleidoscope of life and activity passes before one's view.

### NEW PREMIUM LIST OUT.

Replete with information the 1907 list of premiums that will be given by the Michigan Agricultural Society at the State Fair in Detroit, August 29 to September 6, will be mailed to live stock dealers, farmers and manufacturers early in June. The premium list will be in the form of a 124-page book and will be as attractive as the printer's art can make it.

The book will show a marked increase in the number of prizes that will be given to exhibitors this year, and will contain useful and varied information that will be essential to every person visiting the fair.

Among the illustrations in the book will be likenesses of President Pöstal, Secretary Butterfield, General Manager Charles Floyd and General Superintendent A. J. Doherty, of the new grounds, the Michigan building, and the immense exposition hall and horticultural building.

In the book will be the announcement of the details that have been worked out in order to take care of the greatly increased attendance that is expected this fall. Provisions that have been made for the comfort of visitors will be outlined, while a number of pages will be devoted to information particularly valuable to the exhibitor. This book will be sent to anyone on application.

Ladies interested in needle and fancy work will find an elaborate exhibit in the Administration building at the State Fair this year. Ample space has been provided and every exhibit will be well displayed. A wide range of awards will be given, which is open to residents of Michigan only.

Bring your printing to the Society.

**Haslett—DeWitt**

A very pretty wedding took place at the home of Mr. and Mrs. William Haslett Sunday afternoon at 3 o'clock, when their daughter, Miss Bernice became the bride of Mr. Paul F. DeWitt, of Laporte, Ind., son of Mr. and Mrs. C. DeWitt formerly of this place.

Rev. H. I. Voelker, pastor of the Evangelical church performed the ceremony in the presence of about 75 friends and relatives of the contracting parties.

After congratulations were received a wedding dinner was served.

Mr. and Mrs. DeWitt will reside in Laporte, Ind.

The very best wishes of their many friends go with them.

**Obituary**

ROSBANNA ROBINSON MALLOY

was born at Wabash, Henry county Indiana, November 23, 1824. She removed to Buchanan when a small girl and has spent the greater part of her life in this place. In the year 1856 she was married to Noah Davenport who died in the year 1864.

She was united in marriage to George Malloy in the year 1873 with whom she lived up to the time of his death in 1881. Early in life she was converted and united with the M. E. church afterwards uniting with the Advent Christian church under the labors of Elder D. R. Mansfield.

For two years she has made her home at the Soldiers' Home in Grand Rapids of this state where she died of old age, June 6, 1907, aged 81 years, 6 months and 13 days. She leaves to mourn her loss two nieces, Mrs. Harriet Matthews and Mrs. Alice Keiser, one nephew, A. M. Baker, three grand nieces, Jessie Smith, Kittie Root, and Georgia Rollins, and one great grandniece, Madge Smith, all of South Bend, Indiana. She died firm in the faith of a coming Redeemer and a resurrection from the dead. On account of unavoidable circumstances the funeral services were conducted at the grave [Saturday, June 8, 1907, at 5 p. m., her pastor, Elder Charles A. Shook officiating.

I want an Onest John.

Estate of James H. Morse, Deceased

STATE OF MICHIGAN, the Probate Court for the County of Berrien.

At a session of said court, held at the probate office, in the City of St. Joseph, in said county, on the 10th day of June, A. D. 1907.

Present: Hon. Frank H. Ellsworth, Judge of Probate.

In the matter of the estate of James H. Morse, Herbert Roe, having filed in said court a petition, praying for license to sell the interest of said estate in certain real estate therein described, at private sale for payment of debts.

It is ordered, that the 8th day of July, A. D. 1907, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Buchanan Record, a newspaper printed and circulated in said county.

A true copy. FRANK H. ELLSWORTH, Judge of Probate.

**STATE FAIR RACES.**

Since the first day of spring the race track at the State Fair grounds, Detroit, has been harrowed and then carefully gone over with drags until it promises to be in perfect condition when the racing program for 1907 opens up on August 29. Horsemen from all over the state unite in praising the course and predict that many a trotter and pacer will circle the oval in sensational time during the coming summer.

Among the trainers who have been working out their stables at the fair grounds this spring are Fred Tallmadge, Jeff Cunningham, Lacy McLaughlin, the Lewis brothers, Charley Culver and other well known handlers of the harness horse. They have been speeding their charges daily and from the time made, the track record will be placed at a low mark before the fair of 1907 passes into history.

"We will be only too pleased to encourage breeders by granting them the privilege of working their horses over the fair track, and will do everything in our power to aid them," remarked President Postal recently.

The attitude of the fair officials has been to encourage Michigan breeders, and to this end they establish comfortable quarters for the horsemen this spring. The program for the meeting to be held during this year's fair has also been arranged with a view to giving Michigan animals an opportunity to compete with the best in their respective classes, while liberal purses have been hung up for competition between state bred animals.

Among the horses that have been trained over the fair track this spring are: C. M. Jersey's *Gertie W.*, 2:16; Jeff Cunningham's *Requisition*, 2:12 1/4; Gale, 2:10 3/4; *Idol Star* from the Lewis string, Aleck S. with an eight to his credit in 16 seconds; L. De Lisle's *Delmas*, a promising green colt by Coinage out of *Pilot Medium*, and a mare of *Charley Culver's* that has been making fast time.

Horses worked out in the south have always had a great advantage over Michigan trainers owing to their early preparation, but many trainers say that with the encouragement given Michigan breeders by the State Fair officials this will be a thing of the past. In the early spring the trainers at the fair grounds were hampered by unsettled weather, but with sunshine the fast track rapidly rounded the horses into condition.

As showing what Michigan horses are capable of the remarkable career of *Gale*, chronicled by many as Michigan's greatest trotter reads like fiction. When first brought out the *Gale* horse was marked as "no account" by many experienced horsemen, but Mrs. Nettie Keil Moore had unbounded faith in the animal, and her confidence was more than justified when *Gale* went through the short ship circuit and cleaned up \$5,000. He has been changed to pace this year, his natural gait, and by the way he has been working out at the fair track, promises to be faster than ever.

Eugene Field, superintendent of the speed department at the State Fair, is one of the best known harness horse enthusiasts in the west. When he arranges a racing program every horseman knows that he will have an opportunity of entering practically every horse in his stable and with the assurance that he will receive considerable treatment.

\$10,200 that will be given out in purses during the six days' racing at the fair this year has been divided as follows: Trotting classes, 2:35, \$500; 2:30, \$500; 2:25, \$500; 2:22, \$500; 2:19, \$500; 2:15, \$500; 2:12, \$500; 3-year-old stakes, \$300; 2-year-old stakes, \$300; pacing, 2:35, \$500; 2:30, \$500; 2:26, \$500; 2:23, \$500; 2:20, \$500; 2:18, \$500; 2:16, \$500; 2:13, \$500; 2:10, \$500; 2:08, \$500; free-for-all, \$500; 2-year-old stakes, \$300; 3-year-old stakes, \$300.

During the past winter the stables have been enlarged, and improved, and excellent facilities provided for cooling-off and transporting feed. The transportation facilities have also been greatly improved and horsemen will have but little trouble shipping their stables in and out. All entries for the state fair program must be in by August 22.

Farmers visiting the State Fair should make a special effort to see the display of corn. The products of Michigan cornfields will be gathered from every section of the state and be displayed under one roof.

**LIBERAL PREMIUMS FOR FRUIT EXHIBITS.**

The Michigan State Agricultural society, Detroit, has recognized the opportunities and advantages of the newer section of Michigan for the production of fruits and general farm crops, and is desirous of stimulating and encouraging producers in this direction. To this end the society's executive committee has made provision for the following special prizes for grain and vegetable exhibits outside of the regular premiums offered:

For the largest and best exhibit of grains and vegetables from Arenac, Ogemaw, Alcona, Iosco, Alpena, Presque Isle, Cheboygan, Emmet, Charlevoix, Grand Travers, Leelanau, Antrim, Benzie, Manistee, Lake, Oscoda, Clare, Gladwin and Mason counties, \$60, \$50, \$40 and \$30.

For the best exhibit as above of grains and vegetables from any other county in the lower peninsula collected by individual or society, but one premium paid to one county, \$50, \$40, \$30, \$20.

For the best exhibit of fruit to be shown at the State Fair by an individual or society from either the counties of Cheboygan, Presque Isle, Alpena, Montmorency, Otsego, Crawford, Oscoda, Alcona, Iosco, Ogemaw, Roscommon, Arenac, Gladwin and Clare, but one premium to be paid to any one county, \$50, \$40, \$30, \$20, \$15.

For the best exhibit as above from either the counties of Emmet, Charlevoix, Antrim, Leelanau, Benzie, Grand Traverse, Kalkaska, Manistee, Wexford, Missaukee, Osceola, Lake and Mason, but one premium to be paid to each county, \$50, \$40, \$30, \$20.

For the best exhibit of fruit from any other county in the state than those mentioned above, west of the meridian line, number of varieties and quality to be considered, but one premium to be awarded to any one county, \$50, \$40, \$30, \$20.

For the best exhibit of fruit from any one county other than those mentioned above and east of the meridian line, \$50, \$40, \$30, \$20.

**Freight Charges on Fair Exhibits.**

Farmers, fruit growers, dairymen, and stock raisers who contemplate exhibiting at the State Fair this summer will be interested in knowing exactly what arrangements have been made with the railroad officials for the handling of freight.

Every railroad entering or making connections with other roads running into Detroit will transport livestock and property on the following conditions:

The freight must be receipted for as entirely at owner's risk, and in case of livestock the usual contract must be executed.

Charges from point of shipment to State Fair must be paid at full tariff rates.

Upon presentation of the original bill of lading or contract and paid freight bill, within 10 days after close of fair, together with certificate signed by secretary of the fair, that articles tendered for return shipment are unsold, exhibits which paid full tariff rates one way, they will (with the exception of horses as noted below) be returned free over the same routes, at owner's risk to the original forwarder at the original point of shipment.

In the event of change of ownership, full tariff rates will be collected for the return.

If exhibitors wish to show at another fair before returning to original point of shipment, charges to such fair (if on the line of the original railroad which hauled the original shipment to Detroit) will be assessed at half tariff rates, and will be returned free to original point by roads that carried same.

Horses for exhibition purposes only will be returned free (except on the L. S. & M. S., Wabash and D. T. & I. roads) on the same conditions as other livestock, but this privilege is confined to the state of Michigan only, and will not apply to horses originating from beyond the confines of the state.

The Grand Trunk has established a permanent station at the grounds called "State Fair," and all shipments for exhibition should be billed for this station.

The "Glade," the Midway Plaisance of the State Fair will be enlarged this year and will contain the greatest number of clean, refined, and instructive entertainments ever seen in Michigan. A fine list of shows has been arranged for and attractions may be seen ranging from the "deep sea" divers to the smallest man in the world.

Among the entertainments that have been provided for young and old will be: Trained animals, a real Gipsy camp where the fortune telling seer can be consulted, the razzle dazzle merry-go-round, both steam and electric, a zoo and many others. The fair offices in charge of the "Glade" will revoke the permit of any attraction that does not come up to the high standard of moral tone that they have set.

The bureau of information at the State Fair will be located near the main entrance this year. This bureau will furnish visitors the names, location and rates of many excellent boarding and rooming houses in Detroit, as well as to direct them to hotels and restaurants. It is the wish of the fair officials that out of town visitors feel free to consult this bureau for information of any kind, which will be promptly and gladly furnished.

The beautiful stained glass window in the Michigan building showing a life size figure of Father Marquette is one of the most beautiful and artistic examples of stained glass work ever seen in Michigan. It is just at the turn in the stairway of the building and can be seen on the way to the art exhibit.

A large grove of forest trees on the State Fair grounds this year will provide abundant shade, and afford a cool place where visitors who do not care to lunch at any of the numerous restaurants may eat their lunches and enjoy a picnic dinner with friends. The grove is remote from the more frequented places and free from dirt, noise and other annoyances.

**He Fired the Stick**

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklin's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by W. N. Brodrick, druggist. 25.

**A Turkish Health Report.**

The French government, wishing to obtain definite statistics on points relating to certain Turkish provinces recently sent blanks with questions relating to certain Turkish provinces, to be answered to the Provincial governors. The replies received from the Pasha of Damascus are worth quoting:

Question. What is the death rate in your province?

Answer. In Damascus it is the will of Allah that all should die. Some die young and some die old.

Q. What is the annual number of births?

A. God alone can say—I do not know, and hesitate to inquire.

Q. Are the supplies of water sufficient and of good quality?

A. From the remotest period no one has died in Damascus of thirst.

General remarks as to the local sanitation: Man should not bother himself or his brother with questions that concern only God.
