A number of college students plan to hold a "spread." The boys are to be drawn in through the window in a basket. The plan is discovered by Prof. Egerton who has himself drawn up and is finally compelled to join the merry-makers. Miss Judkins, the preceptress, is suspicious and finally walks into the room where they are. The Prof. and Miss Judkins finally enter heartily into the sport and all ends well.

and scores of eager listeners were forced to remain outside.

Anticipating a similar condition the school officials made extensive preparations to seat all those who attended the Class Day and Commencement exercises at Rough's opera house.

The hall was prettily decorated in class colors, gold and white and foliage.

Matte's orchestra, of South Bend, furnished the music for Commencement and also for the annual alumni banquet which was held in the hall following the exercises.

M. W. A. CELEBRATE AT NILES

Camp No. 900, M. W. A., of Niles held their annual Decoration Day Sunday, having postponed it from the first Sunday of June in order to have the 93rd Battalion present, of which the Niles Foresters are a company. They marched to the Silver Brook cemetery where a very impressive program was rendered which consisted of speaking, selections by the Male Quartette and a selection by the Niles City Band

After the program they marched back to the city where the 93rd Battalion put on an hour's drill. South Bend followed with a fancy exhibition drill which won hearty applause from the spectators. All appeared satisfied with the program and the work of the Foresters. About twenty were present from Buchanan. Next Sunday, June 23 the 93rd Battalion go to Dowagiac to assist in a similar Decoration Day program

He Fired the Stick

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklin's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by W. N. Brodrick, druggist. 25.

IT TAKES BIG FIGURES

When It Comes to Telling How Much Business Was Done at New York in 1906.

New York, June 18.—The annual report of the Chamber of Commerce of the state of New York shows that the last calendar year was most prosperous. The total value of the foreign commerce of the metropolis for the calendar year ended Dec. 31 last was \$1,507,729,325, as compared with \$1,374,417,122 for the preceding year. It shows that the balance of trade in favor of the United States for the fiscal year was \$517,302,054, an increase of \$112,233,479 over the preceding year. The enormous business activity during last year is shown by the total clearings reported by the clearing house, which amounted to \$104,675,000,000, as compared with \$93,822,000,000 in the year preceding. The total foreign commerce of the United States, according to the report, in 1906 was valued at \$2,424,370,000, as compared with \$2,383,677,922 in the year preceding.

THEY DON'T KNOW McNULTY

Man Who Gave Himself Up at Los Angeles Seems To Be Something of a Faker.

Wilkesbarre, Pa., June 18.—J. McNulty who gave himself up to the Los Angeles police and confessed to three murders at Yatesville, Pa., is not known there. Kate McDermott, of Yatesville, was not killed as McNulty alleges, but John Sartain, her sweetheart, while talking to her one night about ten years ago, was killed.

John and Michael Mulherrin, of Pittston, who McNulty alleges he murdered, were both found cut to pieces on the Delaware and Hudson railway tracks several years ago, and it was thought they were killed by a train. George Martin, formerly of Yatesville, who is now in Los Angeles and who the despatch alleges identified McNulty, disappeared from home five years ago.

Let His Wife Kill Himself.

New York, June 18.—Laura, the 19-year-old wife of James Wardell, was shot through the head and killed at their home in West Twenty-fifth street. The husband, who is six years the senior of his wife, notified the police, explaining that his wife had taken her life in accordance with a suicide pact into which the two had entered. He was arrested.

Three Fatally Injured.

Trinidad, Colo., June 18.—Eighteen passengers were injured, three fatally, in a wreck of an eastbound passenger train on the Santa Fe near East, twenty miles east of here. The fatally injured are Mrs. W. W. Nichols, Fort Smith, Ark.; F. Royva, Trinidad, and F. M. Jones, Pueblo, Colo. Fifteen others were more or less cut and bruised, but not seriously.

I want an Onest John.

DOWAGIAC COUNCIL FACES INJUNCTION

Bonding Proposition Favored by Majority of People

RESTRAINED BY ENEMIES

Council, However, Will Contest the Restraining Order—Entire City Officers Involved

Dowagiac, June 17—Dowagiac's special election which resulted in favor of bonding the town for \$25,000 to buy land and erect buildings thereon for factory and bonus purposes may come to naught.

The clause from which issues the restraint in the injunction is as follows:

"That you do absolutely desist and refrain from issuing said bonds and using the money obtained from the sale thereof for the purpose of purchasing or building any building to be used by any private industry or manufacturing concern and the said city treasurer be enjoined from paying any money towards the construction or purchase of buildings or lands for any private concern"

The names subscribed to the writ are F. H. Ross, James Gould and Elias Pardee. Although neither of the names of C. L. Fowle or W. F. Hoyt

a peer on the proceedings, they are generally believed to be actively engaged in the matter.

Mayor Herkimer insists that if no settlement is made, that the city will fight the matter through the courts. He has faith that the injunction can be dissolved, the same as the paving injunction was.

At a meeting of the council it was decided to fight the matter to the end. None was desirous of giving up. They will carry the matter through and endeavor to win for bonding and public improvement despite the attempts of the enjoiners to hold the proposition up. This means that the city will go into court in defense of the proposition on July 10, which is named as return day.

The Tragic No. 3

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles; by W. N. Brodrick, druggist, 50c.

WELL-KNOWN CITIZEN DEAD

Samuel W. Hurdle, Connected with the Famous Lexington Quartet, Chicago, Is No More

MADE MANY FRIENDS HERE

During His Brief Residence—Was Member of Many Fraternal Societies. Remains taken to Chicago.

By the death of Samuel W. Hurdle, which occurred at nine o'clock last Saturday evening, Buchanan sustained the loss of one of her newest citizens, yet one who, if judged by the number of friends made during his brief stay in our midst, is entitled to rank as an old inhabitant. The news of his sudden death came as a great shock to all; and his loss will be most keenly felt by the many who have come in contact with him in a personal or business way. Mr. Hurdle was progressive and favored all which stood for improvement. He was a gifted singer, always ready to lend his talents on all occasions. He had the gift so rarely found of getting acquainted quickly and made his new friends feel as tho' they had known him always. In a social way he was the moving spirit at all gatherings he attended, always ready with quip and jest and with a ready command of true wit.

Mr. Hurdle came to Buchanan on August 15th, 1906, to regain, if possible, his failing health. He purchased the Mrs. Kean property on Moccasin avenue and has since lent his entire time to improving and beautifying it. Being unable to secure help he was compelled to labor early and late, much harder than his physical condition permitted. His residence and adjacent grounds bear evidence of his labors.

For twenty-five years Mr. Hurdle conducted a haberdashery in Chicago, catering to the city's most exclusive trade. For 20 years of that time he

was connected with the Lexington quartet, one of Chicago's foremost musical bodies, and his daily labors in his store combined with the almost nightly task of appearing in public with the quartet proved more than he could stand and his health was undermined.

Mr. Hurdle was 48 years of age, was born in Washington, D. C., and was a direct descendent of the famous old Calvert family.

Probably few men in Chicago are as widely known as Mr. Hurdle, due to his natural ability to make friends and to keep them and also to his being allied with so many fraternal societies. He was a 32nd degree Mason, an Odd Fellow and an Elk, the latter being the only order in which he transferred his membership to his new home. He belonged to St. Cecilia Lodge A. F. & A. M., York Chapter Tyrian Council, St. Bernard Commandery, Oriental Consistory, Medinah Temple Shrine, Queen Ester Chapter O. E. S. 4, Grotto No. 1 of Chicago, Dowagiac Lodge No. 889 B. P. O. E., I Will Lodge I. O. O. F., and Lexington Council, National Union.

The remains were taken to Chicago at 10:28 this morning, the Mason, Elks, and Odd Fellows acting as escort to the train. Upon arrival in Chicago they were removed to Medinah Temple, where funeral services were conducted this afternoon under the auspices of St. Bernard Commandery, K. T. The interment took place at Rose Hill cemetery.

Mr. Hurdle leaves a wife and daughter, Marion, aged 19 years, of this village, and a step-son and step-daughter in Chicago.

Buchanan extends its deepest sympathy to the bereaved and mourns with them the loss of one we have known but a short time, but whom we are grateful for having known.

Chicago Grand Opera House.

The sixth and final week of Frank Daniels' very popular and prosperous engagement under Charles Dillingham's management, in "The Tattooed Man" at the Grand Opera House, Chicago, will begin on Monday night.

The season will end with the performance on Saturday evening, June 22 "The Tattooed Man" has been one of the most attractive entertainments offered in Chicago in many seasons and it has perfectly satisfied the playgoers' demand for an amusement offering that is at once bright, funny, musical and free from vulgarity or coarseness. It is quite probable that Mr. Daniels may commence his Fall season in the West and in that case

he will play in September and October all the important cities in the territory adjacent to Chicago; thus giving theatregoers in those centers an opportunity to see what the Chicago press and public have conceded to be his most successful and best comic opera.

The next attraction scheduled at the Grand Opera House will be another of Mr. Dillingham's productions and one of the most presentions and important of modern stage offering; none other than "The Red Mill" in which those clever comedians, Montgomery and Stone have been appearing for nearly a year at the Knickerbocker Theatre, New York. It is announced that "The Red Mill" will be presented at the Grand Opera House, Chicago, for the first time on Monday, August 19th next.

PROBLEM IS SOLVED

Trouble About People to Do Farm Work Ends in This Neck o' Woods.

SOLUTION IS IN THE RED MAN

He Does the Work and Does It Well —So Does His Wife—Ludington's Lost Boy—Items.

Howell, Mich., June 18.—The labor problem has been solved in Livingston county by some farmers who imported Indians to work on farms. M. B. Sopp, hearing that farmers west of Howell were having success with imported Indians, decided to go to Isabella county to get Indian help. Four of the copper-colored men and one woman returned to this county.

Work Well and Know How.
Sopp did not need five Indians on his place, so one man and his wife are working for Henry Clemens, who says: "They work well and know how to do everything. The two working for me say they have a farm in Isabella county, but upon hearing of the chances to get work at good wages decided to rent their place." The Indian woman seems contented. Her work is the regular household duties of the farm.

Afraid of the Kodak.
Her husband works with a team in the field with the rest of the men, and from all appearances, would be detected from the ordinary farm hand only by his advanced "tan." Both the man and the woman talked freely, but when it came to having their pictures taken the Indian blood came to the top and they could not be persuaded to stand in front of the camera.

Wanted His Dog with Him.
James Walker, an Indian lad, who worked across the road, did not object to being "taken," but, true to his ancestral nature, wanted to know if he could have his dog in the picture with him. The young red man is working on a big dairy farm, and was just finishing milking. He was doing his work alone and seemed competent to take care of all the duties of an ordinary dairyman.

WAS THE BOY KIDNAPED?

Three Days of Search Discovers No Trace of a 6-Year-Old Boy Missing at Ludington.

Ludington, Mich., June 18.—After three days of diligent search by fifty persons no trace has been found of A. C. Davis, the 6-year-old son of Mr. and Mrs. Maurice Davis. The disappearance of the lad is shrouded in deep mystery. Life-savers have thoroughly dragged both the river and lake without result. And every building and all neighboring woods have been carefully searched.

It is now believed the boy has been kidnaped, for it is impossible to account for his disappearance in any other way. The distracted parents are crazed with grief over the affair, and the entire country for miles around is being scoured by the big searching parties.

Took Less Than They Demanded.

Detroit, June 18.—After twice voting to strike if their demands for increased wages and improved "tripper" car conditions were not granted by the Detroit United Railway company, the street railway employes by a referendum vote, virtually decided, 767 to 504, to accept the company's compromise offer of improved "tripper" conditions, without a general increase.

Didn't Get That Big Snake.

Hastings, Mich., June 18.—The great snake hunt is over and Carter's snake still lives. About thirty-five armed men participated in the expedition into the wilds north of this city, and the only thing captured was a snapping turtle. The hunters also gathered a good appetite for the supplies not being confined exclusively to sandwiches.

Nearly Hiccoughed to Death.

Calumet, Mich., June 18.—After hiccoughing constantly for four days with scarcely a moment's relief, John Adams, aged 65, of Laurium, and physicians working constantly, has found relief, but he is now a shadow of his former self. Eight years ago he suffered a similar attack and hiccoughed for a week.

Michigan Mortality Report.

Lansing, Mich., June 18.—In the mortality report for May, 234 of 3,169 deaths were credited to tuberculosis, 329 to pneumonia and 185 to violence. The increase over May last year is 142. There were 4,178 births, an increase of 22 over last year.

Gas Bursts Into Flame.

Ypsilanti, Mich., June 18.—David Oliver, while tapping a gas main in a trench on Forest avenue, was severely burned on the face and hands, the gas bursting into flame as the tap was opened. Oliver will be laid up several weeks.

Retired in the Best of Health.

Saginaw, Mich., June 18.—John H. Higgins, aged 45, prominent south side resident, was found dead in bed when his wife called him for breakfast. He is of health.

MISS THEODA TREAT WILL WED WALTER CLEVENGER

Tomorrow, Wednesday, at high noon, Miss Theoda Treat, daughter of Mr. and Mrs. C. B. Treat, will become the bride of Mr. Walter Clevenger, son of Mr. and Mrs. I. Clevenger. The ceremony will be performed by Rev. Chas. Shook of the Advent Christian church with which the bride-elect has been affiliated for many years, both as member and organist. The wedding will be followed by an elaborate dinner served under a large tent, arranged to accommodate the numerous invited guests. The newly married couple will start immediately for Appleton, Wis., where Mr. Clevenger holds an important position with a large mercantile concern of that city.

The Record joins their numerous friends in wishing them a happy and prosperous voyage through matrimonial life.

LADIES HAVE GAY EVENING

Mrs. Orville Curtis, Mrs. Anna Butler, Mrs. Maryette Mansfield and Miss Beatrice Mansfield very pleasantly entertained about sixty of their lady friends last Tuesday afternoon and evening. In the afternoon session, cards being the feature of the entertainment, the prize was won by Mrs. Clara Richards, while for the evening session Mrs. Sarah Smith carried off the honors. Light refreshments were served and the ladies departed, declaring that they had had a most pleasant time. Mrs. Tamersou Merrill, who has been in Ironton, Ohio, for some time, being unable to accept the invitation of the four ladies sent her regrets in the following vein:

Mrs. Orville Curtis
Mrs. Anna Butler
Mrs. Maryette Mansfield
Miss Beatrice Mansfield

Your invitation received
And how glad I would be
If I could be numbered
With your company.

I can just see the ladies
In rich silk and laces
Hair dressed pompadour
And well powdered faces.

Forms so plump and perfect
With neck and arms bare
No sculptor ever wished
For models more fair—

And the charming hostesses
Each in their place
Gives the occasion
A wonderful grace

If I could be there
I'd win the prize I know
The records prove
That it was always so.

Thanking you for remembrance
But, I am so far away
I expect I'll be called a "Globe
trotter"
Some day.

NOTED PALMIST HAS RETURNED

Prof. Peters, the noted palmist and advisor, who has made many startling predictions that proved true and which have upset traditional skepticisms among our inhabitants, and who left in April for Chicago and other parts of Illinois to spend a long vacation, has returned to Buchanan. He promises to make more revelations of the future and read the past of all those who need his advice. He has rented offices in the Redden block, over Buchanan Cash Grocery, where he will be glad to see all his old and new friends. Prof. Peters' prediction that the Record's circulation would climb up to the high water mark has astonished even ourselves.

TAKES ROSY VIEW OF SITUATION

Chas. F. Peas, the Buchanan banker, was in the city Friday. He takes a very rosy view of the industrial situation in that village following the settlement of matters in dispute between the village and Chas. A. Chapin. One of the best results is the retention of the Geo. R. Rich Mfg. Co., which is to have a new factory building, work on which has already commenced—Niles Star.

The Dowagiac Champions defeated the Buchanan Blues on the latter's grounds Thursday afternoon, by a score of 3 to 0. It was a good game and was witnessed by a large and enthusiastic audience. It was claimed that the Dowagiac team imported some outside players for the occasion, but even at that the Buchanan team would have given them a hard rub had it not been for a few unfortunate errors. There are a large number of baseball fans in Buchanan, and there is not a better baseball town in South western Michigan.-Niles Star.

GERMANS ARE PESSIMISTIC

They See All Sorts of Trouble to Grow Out of the Recent Coup of the Czar.

Berlin, June 18. - The semi-official view of the Russian situation is of the most pessimistic nature, according to an official, who said: "The events in Russia doubtless will create unrest in Poland and the Caucasus; increase the insurrectionary feeling and swell the numbers of the terrorists who will not shrink from the worst deeds in order to avenge their alleged wrongs. "The government, judging from the military preparations and the gagging of the press, evidently expects risings, which it intends to suppress with determination. Meanwhile Russia is under an autocratic government with unlimited powers until the meeting of the new duma."

Remarkable Rescue

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Cast Away a Crown

A few days ago the voters of Dowagiac by a majority of more than five to one decided to bond the city in the sum of \$25,000 for the purpose of encouraging manufacturing industries to locate there.

The bonding of a city for the purpose of securing funds to bonus factories is contrary to law and by means of an injunction one citizen who is a taxpayer can stop the sale of the bonds.

Just such a thing has happened in Dowagiac. It would have happened in Benton Harbor a few years ago, when \$50,000 was voted for factory purposes, had not the bonding been made perfectly legal by the Development company selling the citizens a "park" worth \$2,500 for the sum of \$50,000.

What Dowagiac will lose through the penuriousness of the objecting citizen can be hinted at by taking into consideration what Benton Harbor would have lost had there been chance for an injunction in the case of her \$50,000 bonus fund.

The \$50,000 expended in bonuses will bring over 1,000 factory hands to Benton Harbor, over half of which number will be employed in iron industries, the best paid of all skilled labor. It will mean the addition of at least 3,000 to the population of the city. The new property added to the city will more than pay the interest and principal on the bonus fund.

The frost injury to the fruit industry this year would make Benton Harbor a "blue" town but for the influx of new industries, which will enable the city to continue on her prosperous way.

If Dowagiac had a conservative Development company, like the Benton Harbor organization to distribute its funds the injunctive means that one in individual has been able to pick the stars out of a commercial crown that the Injun city was about to put on.

There is much to gain in above experience.

The RECORD of June 14th contained a complete and exhaustive report of the Common Council, necessitating an extra supplement, giving also details of the contract and settlement between the village and Chas. A. Chapin. Those few who are not subscribers to the RECORD, but desire to be well informed on the council proceedings and the Chapin settlement are welcome to ask for a copy of the RECORD. No obligation, whatever, is placed on those who call for a copy, it being the desire of the parties interested to see that every citizen, regardless of political differences but anxious for the future growth of the village, be fully posted. Nothing could be more disgusting and cowardly than to conceal the important facts from the public.

The RECORD is now, as in the past, heartily in favor of using publicity as the proper way to stand nearest to those who have an unbounded interest in the village's future welfare.

If you have not read the council reports and the Chapin controversy you should do so by all means, and if you believe your friends should have the same privilege it is your duty to induce them to call and ask for a copy.

It's free.

Abe Ruef, San Francisco's dethroned boss, paid the newspapers a compliment when he said they were responsible for his downfall. So much for publicity which is the only means to bring city rascals to lime.

VOICE OF THE PEOPLE

[The Record welcomes communications to this department from its readers, but will not be responsible for any utterances made or opinions expressed.]

CONCERNING CHAPIN SETTLEMENT

It is suggested as perhaps proper and safe to submit the agreement and indentures between the Village of Buchanan and Chas. A. Chapin to the Supreme Court or other reliable authority for inspection to ascertain if these agreements and promises made by both parties, made on such settlement of their disagreements, are such as can be enforced, and not oblige either party to resort to legal law to create a bill of expenses in the future to fight such agreements.

A SUBSCRIBER.

ORCHARD TESTIFYING

He Goes on the Stand Again To Be Questioned by the Defense.

WILL TRY TO IMPEACH HIM

Has a Conference with the Prosecuting Lawyers.

Steve Adams Is a Trouble, It Seems, but He Will Probably Be Called by the State—New Witnesses Arrive.

Boise, Ida., June 18.—When the Steunenberg murder trial is resumed today Harry Orchard will be the first witness called to the stand by the state. He will then be placed in the hands of the defense in order that a series of formal impeachment questions may be presented, and then the prosecution will take him over for his re-direct examination. Despite his long stay on the stand there were several points relative to the Steunenberg murder and alleged conspiracy behind it that were not developed and these the state will bring out. The prosecution also wants to clear up several matters dealt in by the defense when Orchard was under cross-examination.

Prosecution Holds Conferences.
 When Orchard was brought over from Caldwell yesterday his guards took him to the office of James H. Hawley, senior counsel for the state, for a conference as to his testimony, and at the conclusion of the meeting he was driven back to the penitentiary. Counsel for the state had an extended conference as to the concluding moves in their case, and chiefly relative to the course to be pursued by them toward Steve Adams. The decision as to Adams was not final, but it was tentatively agreed to call him as a witness for the state, but to leave him for the defense if it sees fit to make him a witness.

New Prosecution Witnesses.
 Adams stands by his repudiation of the confession which he made to Detective McParland and there his connection with case, other than in the use of his name, rests for the present. Orchard will be succeeded on the stand by James Kirwan, acting secretary of the Western Federation of Miners. Several additional witnesses whose testimony is said to be of importance to the state's case will arrive here today and tomorrow, and will be called as soon as the way is cleared for them. Charles Neville, son of John Neville, who was a member of the camping party that accompanied Orchard on his flight into Wyoming after the Independence station was blown up, has arrived here.

Will Affect Orchard's Story.
 Orchard alleges that on the day of the explosion he started out with Charles Neville and his father, John Neville, since deceased, and that after the party went into camp for the night he stole away, mounted a horse, rode back to the station, then hurriedly rode back to the camp. The youth's testimony as to the events of the night should have an important bearing on the truth or falsity of Orchard's story.

Continuance for Orchard.
 Caldwell, Ida., June 18.—Harry Orchard was brought to the scene of the crime which landed him within the clutches of the law and taken before Judge Wood at the county court house. The Haywood case at Boise was adjourned over to enable Judge Wood to come to Caldwell and enter an order formally adjourning Orchard's trial for the present term of court. The proceedings began at 11 a. m., and occupied only a few minutes, at the end of which time all the parties went back to Boise.

LUXURIOUS QUARTERS

Custom House at New York Is Going To Be a Palace When Completed.

New York, June 18.—Rapid progress is being made toward the completion of the custom house in Bowling Green. Although the contractor predicts that

the building will be ready for occupancy July 1, treasury officials believe it will be September before it is moving day from the present Wall street building. The building has been under construction for eight years, and, including the land, has cost approximately \$5,000,000.

It is estimated that the new custom house will have floor space of 300,000 square feet. The suite of offices to be occupied by Collector Stranahan is off the first corridor of the main floor. A hand-carved screen of massive oak divides the main apartment into ante-chambers and reception rooms. The reception room contains a great open fireplace of carved stone.

Broke His Neck in a Scuffle.
 Junction City, Kan., June 18.—In a scuffle between Privates James Force and Blayne Devine, both of Battery D, Sixth field artillery, and both garrison prisoners at Fort Riley, Private Devine's neck was broken and he died instantly.

Another Competitor of the Standard?
 Dover, Del., June 18.—A charter has been issued to the Barnsdell Oil company, of Pittsburg. The company has an authorized capital of \$10,000,000 and is empowered to acquire oil and gas lands.

Mrs. Besant Is World President.
 Kansas City, June 18.—Mrs. Annie Besant, of Adyar, India, the noted writer and lecturer on matters occult, has been elected world president of the Theosophical society, to succeed the late Colonel Henry Steele Olcott, formerly of New York, according to a private cablegram received in this city from London.

Father of the Curfew Law Dead.
 Omaha, Neb., June 18.—Colonel Alexander Hogeland, of Louisville, the newsboys' friend and the father of the curfew law, was found dead in bed in his room at the Murray hotel, with the gas turned on and the windows and the transom closed. His death, however, is believed to have been accidental.

SCHMITZ IS DEPOSED

Mayor of San Francisco Is No Longer Mayor, Being Confined in Jail.

SUPERVISOR IS IN HIS PLACE

Scheme of the Reformers Is to Make a Clean Sweep.

Will Likely Be a Hot Fight in the Courts—Hint of Trouble Over the Man to Pick in Place of Schmitz.

San Francisco, June 18.—Under orders of William H. Langdon, the board of supervisors adopted a resolution declaring Mayor Eugene Schmitz temporarily unable to perform his official duties and appointing Supervisor James L. Gallagher acting mayor. The latter says he will assume the mayoralty at once, and he denies that he has made arrangements with the district attorney or any one to resign at demand in order to make way for a reform mayor whose name is yet to be announced. District Attorney Henev, Rudolph Spreckels and Langdon and their immediate associates in the bribery graft prosecution are by this move placed in actual control of the municipal situation.

Legal Contest Is Expected.
 That they will be allowed to so remain without legal contest by the convicted mayor's attorneys is not expected. It is the plan of the prosecution to call for the resignation in a few days of some one of the eighteen supervisors. This forthcoming. Acting Mayor Gallagher will appoint to the vacancy a man named by the district attorney. So soon as he takes office Gallagher will resign from the mayor's chair and his resignation will be accepted. The board, acting under orders from the prosecution, will select the new member as president pro tempore and by virtue of the office he will at once become acting mayor.

Spreckels Opposes This Man.
 The man most persistently mentioned for this place is Attorney Joseph Dwyer, president of the Independence League, but that political connection is said to render him unacceptable to Spreckels, the financial guarantor of the whole bribery graft investigation. The first act of the reform mayor, if the prosecution's programme is carried out, will be to demand the resignation of practically the entire Schmitz administration, whose places will be filled with reform agents as fast as vacancies are created. Unless disturbed by the courts the new regime will endure until next January.

Mayor Schmitz in the County Jail.
 Mayor Schmitz, convicted last week of the crime of extortion, remains a prisoner in the city and county jail. The resolution declaring the mayor's chair vacant and appointing Supervisor Gallagher to fill it was adopted after a fight on the floor. It was opposed by Supervisors Trevilmo and O'Neill. It was voted for by twelve supervisors, each of whose confessions taking is transcribed in grand jury records. As none of these has been indicted for bribe-taking the general opinion is that they are to escape punishment if they continue to do the bidding of the district attorney and his prosecuting associates.
