

Dowagiac to Have Band Concerts Every Thursday

Good Example for Our Village to Emulate

Dowagiac will have band concerts this summer which Buchanan ought to emulate. Beginning this week and every week, hereafter Dowagiac citizens will enjoy the concerts.

This good fortune is from the concentrated effort of public spirited men who think enough of Dowagiac to help support the band. It should be borne in mind that band concerts help the town. They help both directly and indirectly. Not only do people come here from the surrounding towns and lake resorts, bringing trade into local channels, but people themselves make these band concerts a time to visit the business portion of the town. Indirectly to transient people and people passing through, the impression given by up-to-date

music by an up to-date band should be valuable.

The Dowagiac committee plan to raise \$300. For this amount they will receive band concerts through the summer at the rate of \$20 a concert. The band then agrees to give three Sunday concerts free of charge. If the amount is raised Dowagiac is assured the best music by one of the best bands in this part of the country—the well known Round Oak Band.

As is usual however, there are a few who are against anything that will help the town. There always was that class of people on the earth and there always will be. They cannot or will not see that anything that helps the town helps them. You are not that kind. Be a booster.

Warner May Run for Governor Again—"If"

Provided His Political Opponents Do Not Try to Make His Administration an Issue—Would Seek Popular Vote

Lansing, June 27—Gov. Fred. M. Warner may run for a third term. It is too early to make a more definite statement but the fact is that the chief executive is watching the political situation very closely and will not hesitate to make the fight if his opponents care to make his administration the issue of the campaign. "I will not say that I will or will not run," said the governor when told that a rumor was current that he would be a candidate for a third term. "One hears a good many stories just now. I do not want a third term, but I will say that if my administration is to be made the issue by professional politicians, I will be very glad to go into the campaign, and let the people of the state decide."

RELIGION FAKER HAS SKIPPED

St. Joseph's "Second Christ" Cannot be Located

St. Joseph, Mich., June 27—Rev. William Abel, known in the beach community of this city as the "Second Christ," because of his peculiar religious teachings has mysteriously disappeared after causing a great deal of trouble among the Germans and other foreigners among whom he worked.

He seemed to have a peculiar fondness for the women, calling upon them and offering prayer while the men were at work and when the husbands and fathers came home to their meals they were not ready because the women had been conducting "devotionals" all day long. Threats were made against Abel for the disturbances that he was creating and he quietly left the city Sunday night. It is believed that he is hiding in Chicago.

Social life among the Germans has been tabooed, the boys and girls are no longer permitted to play together and the young men and women do not speak as they pass on the streets.

NILES MAYOR WANTS CITY HALL

Mayor Earl of Niles thinks that city needs a new city hall. The Van Noppen sanitarium building is offered for sale at \$4,500. As the building is in a decayed condition and, if purchased, would sink the city into thousands of dollars of deep debt which is causing the council to hesitate, though Mayor Earl insists on it being a good bargain. The people are opposed to buying the decayed building and if Niles must have a city hall they prefer to have an entire new structure.

NILES DESPERADO COST COUNTY NEARLY \$100

Charles Savage, the Niles desperado, who broke down Monday when he faced the jury and who changed his plea to guilty after pleading not guilty and securing an attorney at the county's expense, cost Berrien almost one hundred dollars. Had he been tried and convicted or even acquitted, the amount would not have appeared wasted, for it would then have been expended in providing means for the accused man's defense.

It appears, however, almost like throwing money away to expend \$78.80 as it was expended Monday. The jurymen drawn for the case cost the county \$37.80; the witnesses, \$21 and the attorney provided by the county to defend Savage, \$20.00.

Tornado Hits a Kansas Town.
Topeka, Kan., June 28.—Word has been received here that Ulysses, Kan., 40 miles southwest of Topeka, was struck by a tornado, accompanied by a heavy hailstorm late Wednesday night. Two of the largest dwellings in town, together with many barns and outbuildings, were destroyed. The three daughters of A. S. Miller were injured, one of them seriously.

Cloudburst in Montana.
Livingston, Mont., June 28.—A heavy cloudburst in the vicinity of Lavana, in the Mussel Shell river country, has destroyed thousands of dollars' worth of property. Three employees of the Billings & Northern Construction camp are reported to have lost their lives.

CHINA THANKS UNCLE SAM

EMPEROR IS GRATEFUL FOR REBATE OF INDEMNITY.

Minister Delivers Message at a Notable Luncheon Given By President at Oyster Bay.

Oyster Bay, N. Y., June 28.—President Roosevelt Thursday entertained a luncheon party which consisted of members of his cabinet, members of the diplomatic corps, representatives of the army and navy and distinguished authors.

Sir Chentung Liang Cheng, the Chinese minister, bore the personal thanks of his emperor for the generosity of the United States in remitting the greater portion of the Chinese indemnity. The minister also said his farewells to the president. He relinquishes his post as minister and will sail for China next Wednesday.

Commander Dahl, of the Norwegian navy, who, on the flagship Haar Fagre, now anchored in New York harbor, is on his way to the Jamestown exposition, was presented to the president by C. Hauge, the Norwegian minister, and both were of the luncheon party. Secretary Metcalf assisted in extending the courtesies to the representatives of the Norwegian navy, who arrived with the secretary on the gunboat Yankton.

Postmaster General Myer, who is returning to Washington from his home in Boston, came to luncheon and remained to discuss post office affairs with the president for some hours before returning on the Yankton. Capt. Richard Wainwright, of the naval general board, and Col. W. W. Witherspoon, of the army war college, came together from Washington. John J. Boyle, the sculptor, and Ernest Ingersoll, who writes of birds and animals, came from New York.

B. F. Osborn, who styles himself a "sailor of fortune," and adds that he has been afloat half of his 80 years, had an early audience with the president for the purpose of exhibiting a double bulkhead device which he explained would render vessels unsinkable. Mr. Osborn went away bearing the president's approval for an interview with Secretary Metcalf.

President and Mrs. Roosevelt both attended the commencement exercises of the Cove school, from which several of the Roosevelt children have graduated.

SUNDAY NOT A WEEK DAY?

Novel Question Raised by Saloon-keeper in Seymour, Wis.

Seymour, Wis., June 28.—L. A. Stammer, a saloonkeeper here, has raised a novel question. He was recently arrested for keeping open his saloon after 11 o'clock Sunday night. He will fight the case, claiming that the ordinance under which he was arrested reads: "Shall be closed each and all week days at 11 o'clock p. m." Stammer claims that Sunday is not a week day.

IT'S TO BE A DOUBLE HEADER

The Stevensville team which has a wide baseball reputation, having defeated Three Oaks and the South Reserves, has been engaged to cross bats with the Buchanan Blues July 4th. It will be a double-header, two games, morning and afternoon. That these games promise to be the most exciting, interesting and hair-raising of the season no one will doubt.

Spend the Fourth at home! Turn out and give the Blues a rousing good encouragement. Let your enthusiasm help forge the boys to two straight victories.

Prospects are bright for adding Wm. McCann, son of the new saloonkeeper, formerly of New Carlisle, to Blues team. McCann played catcher for New Carlisle, the town where our "Happy" Crouch came from.

With good management we can get up two teams in this town which will give the boys valuable practice and enable us to have Sunday games for the benefit of sweet charity. Saturday games can be another feature.

"Practice makes perfect." If the Blues take practice in large, heaping handfuls at frequent intervals they would make a strong and healthy bunch equal to the White Sox.

If other players make speculator stunts like, or near like, Harkreider did at Dowagiac, they would get a nice dubbing as the "real goods."

LIGHTNING BOLT SHOCKS FAMILY

Henry Alsbaugh, of Dayton, who is a weekly visitor here, had a very narrow escape from lightning last Tuesday. It was half an hour before they recovered from the shock.

ROWLEY SENT TO JACKSON

Albert Rowley, the self-confessed horse thief, who recently stole a horse and buggy and considerable other horse goods, pleaded guilty and was given a sentence of three years at Jackson, instead of Ionia where Chas. Savage, another convicted burglar was sentenced. Judge Coolidge stated that it might be possible later to secure a parole for Rowley as he had shown himself repentant for his act and had done everything to make reparation.

KENTNER'S MIND NOW A-BLANK

Edward Kentner, who was seriously injured while attempting to flip a fast moving interurban car at South Bend last Sunday, is reported having lost his mental facilities, unable to take notice of things transpiring around him. It is feared his condition is serious and if medical skill cannot save him he may lose his mind for life.

AUTOMOBILE GETS BALKY

While trying to force his automobile up the steep Oak street hill last Sunday, the chauffeur was mortified to find his auto balky for ten minutes; and would have been compelled to send for a horse from the livery to take it to the garage had it not been for the ready wit of an expert machinist who happened to witness the chauffeur's plight and came to his rescue.

THREE OAKS TO CELEBRATE

Three Oaks, June 27.—Three Oaks is to have a good old Fourth of July celebration. Not for many years has there been the interest displayed in Independence day that there has been this year. The committee on arrangements have arranged for a great day of fun and sport. A Benton Harbor orator, Willard J. Banyan, will deliver the principal address of the day.

Remarkable Rescue

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled by hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work."

Putting Men

Some men actually pout. They are all cut up about something most of the time.

They are worse than the individual who is ever looking for trouble because the latter generally gets what he is looking for and is satisfied, for the time being, but the "pouter" never gets exactly what he wants. He wears a long face with disappointment written all over it. He reminds one of the base ball crank, when, with three men on bases and two down, the heaviest hitter on the team strikes out. If you doubt that some men, grown-up men, pout like two-year-old children, either your education has been neglected or you are not observing, or perhaps a little of both. Anyway, some do pout and they generally succeed in casting gloom all about them.

Note How Prof. Peters Gives Advice to Readers

M. D. P.—You are a lover of literary pursuits and would make a good writer. You are a little too free with your money, inclined to be careless. Practice self control and you can become a great force for good. A good proposition will be made to you the second week in July, accept it, the result will be excellent.

B. M. H.—You have passed through a troublesome time, but a change for the better is near and the next five years should be quite favorable to you. There is a liability to stomach troubles. Be careful during the summer months.

J. E. M.—You have a good personal magnetism and capable of making many friends of both sexes. You have quite a temper but you know how to control it. You could do well in the way of literary pursuits if you gave your attention to them. You are disinclined to work with

your hands. You are dignified and weigh well your words before speaking. You have an affectionate nature, inclined to be somewhat jealous but would make a good and loving wife and a home happy. There will be a happy change for you before this year closes and much happiness and success will be yours.

W. A. F.—You have very good business talent and can make your way in the world. You are capable of carrying through anything you undertake. You are naturally agreeable although given to good natured banter. You shall enjoy good health. Steer clear of strong medicine and drugs. Nature is your never failing remedy. You are capable of reaching great heights if you have full confidence in yourself.

R. T. W.—You have great vitality and seldom sick. You never lack admirers. You will grow old very slowly and enjoy life in many ways. You are pleasing in manner and speech but sometimes you will give your friends wrong impressions. You are destined to marry in the near future and have four children.

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system. RULING HAMPER HAYWOOD DEFENSE

PROOF OF ALLEGED COUNTER
CONSPIRACY LIMITED.

ED BOYCE ON THE STAND

Defends Purposes and Work of West-
ern Federation—Asserts Right
of Miners to Bear
Arms.

Boise, Idaho, June 28.—A ruling
made Thursday by Judge Wood while
Edward Boyce, for years the leader
of the Western Federation of Miners,
and now a wealthy mine owner of the
Coeur d'Alenes, was testifying in be-
half of William D. Haywood, may ma-
terially limit the showing of the de-
fense as to the existence of the coun-
ter conspiracy against Haywood and
his associates which it alleges.

James H. Hawley, for the state, ob-
jected to a general question as to the
policy and practice of mine owners
throughout the west in blacklisting
union miners, and in the argument
that followed Clarence Darrow, for
the defense, claimed that same lat-
tude in proving counter conspiracy
that the state enjoyed in showing a
conspiracy.

Hawley's Point Sustained.

Mr. Hawley contended that the state
had directly shown the existence of a
conspiracy by Harry Orchard, and by
so doing had laid the foundation for
and made the connection of all the
evidence subsequently offered on the
subject. He said that the defense
was trying to show a counter coun-
spiracy by proving various isolated in-
stances and certain general condi-
tions, none of which was connected
with the case and for none of which
a proper foundation had been laid.

In ruling the court accepted in part
the contention of the prosecution and
limited the proof of the defense along
this line to events in Colorado and
the Coeur d'Alenes connected with the
case as now established.

Boyce Defends Federation.

Ed Boyce was the principal witness
of the day and his testimony was
chiefly devoted to the history, pur-
poses and work of the Western Fed-
eration. He denied the existence of an
"inner circle," or that there had
ever been a conspiracy in the organi-
zation to do an illegal act. The chief
importance of Boyce's cross-examina-
tion was the production of a speech
by him at the convention of the fed-
eration held at Salt Lake in 1898, in
which he said that every union should
have a rifle club, every member a
rifle, so that the federation could
march 25,000 armed men in the ranks
of labor.

Mr. Boyce would not agree with the
accuracy of the quotation, but, say-
ing that the sentiment was correct,
declared with spirit that when he
spoke the words imputed to him, he
had in mind the misconduct of state
troops in Colorado, the use of troops
elsewhere against the federation, and
the constitutional right of all citizens
to bear arms, which was as much the
right of the miner as the aristocrat.

Gives Orchard the Lie.

William Easterly, one of the most
important witnesses in the case, was
called just before adjournment, and
his testimony will be continued Fri-
day. He occupied the witness chair
long enough, however, to directly deny
the statements of Orchard charging
him with criminal misconduct in Colo-
rado. He denied that he had ever
discussed the Vindicator or any other
plot with Orchard, or that he had
helped Orchard in experiments for the
device that blew up the Vindicator
mine and denied that he and Orchard
had discussed the Vindicator matter
or any subject with Moyer and Hay-
wood at federation headquarters in
Denver.

YALE'S CREW WINS MAGNIFICENT RACE

DEFEATS HARVARD BY ONLY A
SCANT BOAT LENGTH.

E. H. HARRIMAN ARRESTED

Magnate Ignores Course Rules and Is
Made Prisoner By President
Roosevelt's Naval
Aide.

New London, Conn., June 28.—Be-
fore the largest crowd that ever wit-
nessed a race on the Thames river
the Yale crew Thursday evening, row-
ing on an average of four strokes to
the minute less than Harvard, held
the big Cambridge eight even, until
the last half mile, when the blue let
out their speed and won a magnifi-
cent contest by a scant boat length.

Not once in the whole four miles
did the long, graceful shells cease to
lap each other. Thousands of persons
aboard the observation trains and on
every kind of floating craft and those
who lined the shore sent cheer upon
cheer to the old rivals as they fought
out one of the grandest races in the
history of boating. Yale's time for
the four miles was 21 minutes and
10 seconds; Harvard's, 21 minutes and
13 seconds.

E. H. Harriman Arrested.

The race was accompanied by one
disagreeable incident. This was the
arrest of E. H. Harriman, the rail-
road magnate, by Lieut. Bulmer, Pres-
ident Roosevelt's naval aide. Lieut.
Bulmer, who was in charge of the
revenue cutters, had warned every
boat owner not to follow the race.
The big varsity struggle had scarcely
been started when Mr. Harriman, in
a powerful motor boat, started to fol-
low the race.

Lieut. Bulmer and Chairman
Schweppe, who were aboard the reg-
atta committee's boat, the Arrow,
repeatedly warned Mr. Harriman to
stop his engine and get out of the
course. Mr. Harriman not only paid
no attention to them, but took a po-
sition right alongside of the referee's
boat and held it. Off the navy yard
Lieut. Bulmer signalled for a launch
and tooted the revenue cutter whistle,
which finally caused Mr. Harriman to
look around.

"You are under arrest, sir," shouted
Lieut. Bulmer. "You will give your-
self up to this man who will take you
aboard the Gresham to await my or-
ders."

Magnate Threatens Schweppe.

Then it was discovered that the
man in the powerful and speedy boat
was Mr. Harriman. Chairman
Schweppe, of the regatta committee,
was very angry and he shouted to Mr.
Harriman in terms which the latter
could not mistake. The millionaire
leveled his forefinger at Chairman
Schweppe and yelled back:

"Young man I will see you later."

Schweppe's friends aboard the Ar-
row gave Mr. Harriman a gentle
laugh. Mr. Harriman saw no more
of the race but was detained as any
ordinary prisoner aboard the Gresham
until after the race was over, when
Lieut. Bulmer went aboard the
Gresham and released him, but or-
dered his boat tied up at the navy
yard. The incident may cost Mr. Har-
riman a fine of \$500. This was the
penalty imposed on a yacht owner
at last year's race for transgressing
the rules governing the course.

Race Delayed by Wind.

The race was scheduled to be rowed
at half past one o'clock, but at that
hour a stiff northwest breeze was
blowing which every now and then
broke out into little squalls that would
have swamped a racing shell. At half
past ten o'clock this morning, Referee
William A. Melkeham, the old Colum-
bia oar, had been compelled to post-
pone the freshman eight-oared race
and the varsity four-oared race be-
cause the judges of the two crews
both agreed that the river was too
rough for shell racing. The freshman,
and the four-oared races were finally
postponed until Friday.

The big crowd, which never consid-
ers the oarsmen, but always wants to
see the race, was growing impatient
when shortly before six o'clock the
breeze gradually died away, and at
seven o'clock, when the two eights
reached their stake boats just above
the big draw bridge, there was scarce-
ly enough wind left to rattle the hun-
dreds of flags that floated from the
finest yachts of the eastern seaboard,
which formed an avenue all the way
up the river for four miles.

tion and is the best advertisement
medium in the country.

F. J. BANKE

ARBITRATION TO BE FIRST

MANY NATIONS SEEK TO MAKE
HAGUE COURT PERMANENT.

Want Strong Institution That Would
Gradually Abolish War—Difficul-
ties in the Way.

The Hague, June 28.—All the dele-
gates to the peace conference agree
that the first important sitting will
deal with arbitration, which, many of
the powers, chiefly the United States,
desire to strengthen to such a point
as to make it become an institution
which gradually will lead to the abo-
lition of war among nations, as confi-
dence in the justice of ordinary courts
gradually lead to the abolition of
dueling among citizens.

The principal efforts in this direc-
tion are concentrated in an effort to
render the Hague arbitration tri-
bunal really permanent, giving it such
power, prestige and influence, and
above all unshakable impartiality, as
to command universal confidence,
and also to simplify the procedure
and lessen the expenses, thus making
it more accessible.

Prof. DeMartens has made proposi-
tions on the subject of good offices,
mediation and an international com-
mission of inquiry, including the draw-
ing up of rules and regulations for
procedure in cases of arbitration, as
deduced from experience of the last
eight years, being in reality a modifi-
cation of the convention of 1899, with
the object of broadening arbitration
and trying to make it compulsory in
as many cases as possible, while fur-
ther reducing the exceptions com-
prised under the terms "national
honor" and "vital interests." Several
countries, including the United States,
Great Britain, Germany and Italy,
have other propositions on the sub-
ject of arbitration ready to be pre-
sented separately or as amendments,
all aiming to make arbitration the ordi-
nary course to be followed by disput-
ants.

The greatest difficulty is the sys-
tem to be followed in the selection of
the judges, as upon their integrity and
high character will greatly depend the
success of the permanent arbitration
court. The proposition that each sig-
natory power select two persons of its
nationality, recognized as eminent
jurists, is considered impractical, as it
would transform the court into a par-
liament of nearly a hundred members.
Gen. Horace Porter has several propo-
sitions on the subject, but they have
not yet been announced or definitely
drafted.

Besides the proposition regarding
arbitration, Italy will present a propo-
sition against that of Great Britain
on the laying of automatic, floating
and submarine mines, as Italy needs
mines to defend her 5,000 miles of
coast, and she will also present an
amendment to the French proposition
on the opening of hostilities, not
agreeing to any delay between a de-
claration of war and the opening of hos-
tilities.
