

Oddfellows and Elks To Play Ball Tomorrow

Both Claim Victory—Contest to be Furious

FINAL TEST FOR SUPREMACY TO BE DETERMINED—BETTING ODDS SOAR 20 DEGREES ABOVE NORMAL HEAT NO ADMISSION FEE EXTRACTED.

Challenge Accepted

The Oddfellows have nobly and most graciously responded to the gallant challenge issued by the Elks and beg to announce their hearty acceptance of same in a manner [which they hope] calculated to eclipse the famous Frenchmen, Alphonse and Gaston, in their courteous "No, I beg and implore you to hit the ball first," etc.—and all for Miss Sweet Charity. Amen!

the betting odds. Fred Eldridge is to pitch for the Oddfellows, probably because he has the strong arm of the law to throw with. Chas. Pears will look through the mask for the Elks and dodge Billy Porter's wild throws. Doc Peck officiates at third base and will also render first aid to the injured. Tony Kasnick, who created such a furor last year by appearing in green socks, will be a strong member of the Oddfellows. He is so smeared with bookbinder's paste that a ball can't fall out of his hands.

Mat Kelling will pull down flies for the Elks and save the bands. Jno Bishop also may appear in the field to catch sky skimmers and balls dropping from the milky way. Ed Bird has kindly consented to turn his wagonette into an ambulance for the afternoon. It is expected that a huge crowd will assemble to egg on the participants and families of the mourners will probably all be present. Geo. Slater and Doc Garland have been deputized to lead the rooting for the opposing forces. Altogether it promises to be a sad and cheerful spectacle. No admission will be charged and reserved seats can be had at the same price.

The baseball game tomorrow between the Buchanan Oddfellows and members of the local Elks promises to be a graveling contest, whatever is. The Oddfellows boast of possessing some of the finest ball players extant, yet claim there are good grounds for fearing the Elks. We do not know what these grounds are, but presume they are wet grounds. They also claim the Elks are strong on pitchers. Betting now is at a fever heat. It was announced today that Harry Weaver would shortstop for the Elks, but the latter claims this rumor was started by the Oddfellows to influence

BOLD TRACKSMEN WRECK SAFE IN FREIGHT OFFICE

Secure Small Plunder for So Much Trouble—Division Engineer's Office Also Burlarized—Easily Made Escape.

Niles, June 29—Expert cracksmen, who entered the Michigan Central freight office via a west window, which they pried up, thereby breaking the catch, dynamited the iron safe. They knocked off the combination knob with an ax, filled the crack between the door and the safe proper with soap, in order to make the explosion more effective by confining the concussion within the safe, after which they put a large charge of dynamite in the plug hole, where the combination knob had been, and touched it off.

There was a terrific explosion, which was heard by Switchtender Teich, who was at the west switch about 200 feet away. This was between the hours of 1 and 2 o'clock a. m., and after looking about for the cause of the noise, he decided that it must have been a cannon firecracker.

The cracksmen used a crowbar in smashing the door of the inner lock-box, which was not harmed by the explosion although the heavy outer door was completely wrecked and the safe was badly sprung out of shape. There was only \$5.94 in the cash box, however, some \$45 having been paid out the evening before just before the office was closed.

From the freight office, the thieves went to the office of Division Engineer C. C. Hill, which they entered via a window, but, aside from ransacking the drawers of desks, etc., no damage was done, and no plunder was secured.

There is no clue as to the identity of the burglars, and the local police are of the opinion that they were expert cracksmen.

BOTH ARMS SEVERELY HURT

George J. Perkins, a middle division brakeman whose home is at Jackson was the victim of an unfortunate accident Saturday at Michigan City. He was sent home at noon with both arms broken above the wrists.

Mr. Perkins, who is about 23 years of age, arrived on one of the west-bound freight trains the night before. He was engaged in making up a train on which he was to go east. While in the act of releasing the brakes of one of the cars being switched about in the yards he lost his footing and fell to the ground. Both arms were broken. The company's local physician attended the man and had him placed aboard the noon train bound for his home.

ST. JOE IS HUSTLING

Business Men Touch Live Wire of Enthusiasm—Now Working for Big St. Joe.

NEED CITIZENS' ASSISTANCE

Stock Must be Sold Before the Association Can be Incorporated and Do Business

The organization of a big development company is the plan of prominent business men of St. Joseph.

The bringing of new industries to the city and the general advancement of commercial interests is to be the sole purpose of the enterprise. Details of organization have not yet been worked out, but it is assured that every prominent business man of St. Joseph will become a member and a plan for gathering a fund by subscription for carrying on a commercial campaign likely to be adopted. Promoters of the organization will within a short time call a meeting of the citizens of the city and a program for making the company a permanent institution will be decided upon.

Business men in advocating the organization of such a company point to the success of the Benton Harbor Development company in inducing new factories to locate in the city and in acting as a leader in all matters affecting the commercial life of the whole community.

With the initial steps taken by the city council for the construction of the new bridge across the St. Joseph river which will open up the north side territory, it will only be a matter of a short time when a large area of land ideally adapted for factory sites will be thrown open.

One of the first propositions to be considered in the campaign of the new development company will be the erection of more houses to accommodate the mass of people employed in the factories. This plan will be worked out by the opening of several new additions.

For the Public Good

An independent and ably edited newspaper which commands a great circulation is probably the most potent influence for good in the United States today. The power for the better things in public affairs and policies, for instance, which is wielded by such a newspaper as the Chicago Record-Herald can scarcely be exaggerated, and much of that strength comes in the case of this leading Chicago daily from the fact that it is absolutely independent, fearless and fair. It is not the mouthpiece of any interest except that of the public. The Record-Herald champions the cause of the good, the clean, the beneficial in every matter of city, state or national moment. It is the knowledge on the part of its readers that it cares not whom it hits or what enemies it makes, so long as it is battling for the welfare of the community, which gives to the Record-Herald much of the influence it enjoys. It gives in its news columns the most complete and impartial reports of political events, another evidence of its splendid news service.

DEFECTIVE RAIL CAUSES WRECK

Frank Imhoff and Fred Miller, of Buchanan, and Louis Goodsell, of Niles, were riding on a Michigan Central motor car Saturday afternoon, going south on the Niles South Bend division at a rate of 25 miles an hour, when the car jumped the track. All three were thrown off the car with great force but the only one to receive injuries was Mr. Goodsell. His back was wrenched and an ugly scalp wound is in evidence. The car was broken to pieces. The men are employed in the bridge department of the Michigan Central. A defective rail is said to have been the cause.

WHEW! ST. JOE BARBERS FUSSY

The barbers of St. Joseph have at last come out in open rebellion. For months they have been objecting to the old ten-cent rate for shaves, and at last they have agreed to put their protests aside and act. It has been formally agreed that in the future shaves will cost 15c, there will be no charge for neck shaves only the one rate, 15 cents for a shave. In justification of their act the barbers point to the fact that in the past few years almost every commodity has risen in price, but that the wages of the barbers have remained the same, now they intend to equalize this by raising their prices. The new rule went into effect yesterday.

BOYS, BEWARE: LOCKJAW!

Danger Lurks in Every Explosive

Thursday will be July fourth. You will look for a solid day of boyish pranks and excitement, but danger lurks in the careless handling of fireworks.

Beware of lockjaw!

The records of deaths show that they are due to tetanus, popularly termed "lockjaw" which follow wounds from explosions of blank cartridges, toy pistols, giant fire crackers, cannon firecrackers, torpedoes and pin-wheels.

It is not assumed that these explosives contain the deadly germs. The tetanus germ exists and thrives in the incrustation or dust of filth; and in midsummer, in July, the atmosphere is laden with such dust which settles on the skin of human beings. A wound, then, permits this

dust so laden with tetanus germs to enter the abrasion of the skin, and, sealed in this medium, germs become prolific, causing the death of the human being in a short time.

It is therefore imperative that great caution be exercised in the use of explosives.

No matter how trivial your wound may be, by all means see that the wound is promptly and properly attended to. Whenever a boy's finger is cut by a bit of a percussion cap or burnt cracker, he should report the injury and proclaim himself ready for an injection of tetanus antitoxin.

The state board of health suggests above precautions in order to reduce the death roll and guard against needless sorrow.

Again, beware of lockjaw!

ENTHUSIASM SPOILED THRICE

Earl Gardner, the Buchanan boy who went to Washington to take a third physical examination for entrance to the Naval Academy at Annapolis, has returned home, and a number of prominent Buchanan men are considerably wrought up, as they claim that the examiners gave the young man no satisfactory explanation of why he was turned down, despite the fact that physicians of high standing in their profession have declared him to be sound. The young man was far and away ahead of all competitors in the mental examination, and physically he appears to be as fit as a fiddle, despite the fact that he has been rejected three times by the government examiners.

Obituary

MARTHA ANN HOLMES

Martha Ann Burrows was born in Preble county, Ohio, September 25, 1840. She removed to Michigan in the year 1855 and settled with her family near Dayton. She was married to Enos Holmes February 13, 1872, and by him had two children, one of whom died in infancy and the other, Miss Alma, is still living.

For three years she was severely afflicted but was a patient sufferer. She died June 27, 1907, aged 66 years, 9 months and 2 days. Funeral services were conducted from her late home Saturday at 10:30 a. m., Rev. Charles A. Shook officiating, after which she was laid to rest in the Bakertown cemetery.

AUTOMOBILE TOWN

In proportion to the population Buchanan can boast of more automobiles than any other town in the United States. She has now 14 in all and three more in perspective.

The RECORD, issued twice-a-week, reaches the greatest number of people in Buchanan and the rural districts than any other newspaper. This is a snap for advertisers.

What Ails You?—Consult "Doc"

Holy Smoke! Are We to Die from Stinginess?

NEWS ITEM—(Special)—Consult your doctor, quick! There may be faint or fierce symptoms of the dreaded malady. In an interview with a prominent physician, the reporter learned that the numerous deaths in this vicinity were due to chronic heart trouble. Ah, read further down for facts.

MORE FACTS! The physician, however, overlooked the essential point, which we were fortunate to discover before it was too late. With apologies to the doctor we will state that on further investigation and chemical analysis the causes are attributed to an exaggerated enlargement of the heart, or especially a tightening of the muscles governing the sentimental action of the heart, in short, stinginess. So citizens, take warning and fill thy hearts to overflowing with that warm feeling called "brotherly love." Live and let live to a glorious, ripe old age.

BOOST BUCHANAN

Why Not Enforce Ordinances?

It is a poor policy for other towns to prohibit our bills being posted in their territories when they at the same time send men to distribute bills in our town—a rule that doesn't work both ways.

They get us going and coming; we are denied the printing of those bills and the running of their advertisements which are the means with which we help keep the payrolls going and which reverts to the merchants.

When Buchanan people are lured to other cities by large flaming-type ads, purporting to be "closing out sales," "auction sales," and other fake sales that never ringed with truth, they work a hardship on our merchants, when they should patronize home industries.

Now, we have an ordinance for bidding the distribution of such advertising matter without a license.

But why are they not enforced? Are our ordinances simply dead letters, framed, passed and entered on our record books of the village, but never intended for rigid enforcement?

Some may find an excuse for their non-enforcement because a new book has not been compiled showing all the ordinances since the last publication, or our village officers are not aware of their existence on the record books and therefore do not enforce them.

But the duty of our marshal is plain, inasmuch as he is paid a salary to protect the interests of the taxpayers as well as compel them to obey the ordinances. The marshal being the servant of the public, not the master, must be on the alert for those who violate laws. As he attends all council meetings we have no doubt he understands his business.

Let us all co-operate in seeing that all laws are obeyed, and if they are poor laws it is up to the people to have the law-makers repeal or modify them to meet the requirements of the general public and not a favored few. Special favors and privileges should be unknown in this community. There are always a few persons ever eager for personal and selfish motives to break the laws.

Let's all put our shoulder to the wheel and boom Buchanan.

BOOST BUCHANAN

Don't Get Led Astray

If you want to boom any manufacturing enterprise, any railroad project, for the development of your town, for your lodge to increase your influence, or if your lodge desires to add to its membership or erect a new hall or in any way advance its interests, the local press is immediately appealed to for help. So it is with our churches. If it is a picnic or a festival, a new carpet or an organ the local press is found to be useful in furthering every good object. If a raid is to be made on sin by the ambassadors of Christ the columns of the local paper is used freely and gratuitously in advertising the revival or protracted meeting. The candidates and politicians find also the importance of the local press.

Clearly there are many reasons why the local press should be cultivated. Yet in spite of all these facts the people most interested in the local press

CASTORIA

For Infants and Children. The Kind You Have Always Bought. Bears the Signature of J. C. Watson

are sometimes the last to give their support and are frequently known to take several metropolitan papers and shut out their local paper altogether. If there is anything in the argument about the advantages of home trade, surely it makes a strong appeal on behalf of the local press, because the money for the labor is always expended where the paper is printed and if paid out with one hand for subscription, advertising or job printing it comes into the other hand and remains with you. If by any means you freeze your local paper out and leave yourself at the mercy of the foreign press you would find out more fully than words or arguments could explain why the local paper should be cultivated.

REPLY TO GENERAL CASTILLO

Cuban Patriot Is Told That Our Evacuation of Cuba Is Matter of Opinion.

Washington, July 2.—Secretary of War Taft has thrown additional light upon his plans respecting the United States evacuation of Cuba by sending the following cablegram to Governor Magoo at Havana:

"I am in receipt of a telegram from General Loinaz Castillo as to something I have said with reference to the restoration of Cuba to the republic. The plan for the devolution of the government of the island upon the person to be selected by a fair election, as outlined in my letter to you, has not been changed in the slightest. The question of the time within which that can be worked out, due to the doubt as to the time in which the census can be taken, is a mere matter of opinion. Please advise General Castillo accordingly."

Chicago Boy Surely Murdered.

Cleveland, July 2.—The dead body of William Cassidy, 18 years old, was found in a Lake Shore freight car here, and the authorities are convinced he was murdered. Cassidy was a moving picture operator and lived at 122 Randolph street, Chicago. His skull was fractured and a blood-covered brick was found near his body.

Wants the Jesuits Kept Out.

Lima, Peru, July 2.—In a note to the government Guillermo A. Seoane, prosecuting attorney of the supreme court, denounces the re-establishment in Peru of the Jesuit order. This he declares to be contrary to law and asks for the expulsion of the members.

Concentrating at the Capitol.

St. Louis, July 2.—The Mississippi valley bureau of plant industry of the United States department of agriculture has been removed from St. Louis to Washington, following the government policy to concentrate all departments in one city.

Public Debt Statement.

Washington, July 2.—The monthly statement of the public debt shows that at the close of the fiscal year June 30, 1907, the public debt, less cash in the treasury, amounted to \$578,596,755, which is a decrease for the month of \$16,185,775.

Honor for Dick Croker.

Dublin, July 2.—The corporation of Dublin has decided by a vote of 28 to 13 to confer the freedom of the city upon Richard Croker, whose horse Orby won the Derby at Epsom June 5.

SCORES ON THE DIAMONDS

Chicago, July 2.—Following are the base ball scores:

League: At Philadelphia—New York 1, Philadelphia 2; (second game) New York 2, Philadelphia 0; at Brooklyn—Boston 3, Brooklyn 6; (second game) Boston 2, Brooklyn 3—ten innings; at Chicago—Pittsburg 2, Chicago 5.

American: At Boston—Philadelphia 1, Boston 5; at St. Louis—Cleveland 5, St. Louis 2; at New York—Washington 15, New York 16; (second game) Washington 4, New York 8; at Chicago—Detroit 2, Chicago 4.

Association: At Milwaukee—Minneapolis 5, Milwaukee 7; at Indianapolis—Louisville 1, Indianapolis 16; at Toledo—Columbus 7, Toledo 2; (second game) Columbus 8, Toledo 8—eight innings. Games: at St. Paul—Kansas City 5, St. Paul 2.

Western: At Omaha—Lincoln 3, Omaha 2—six innings; at Pueblo—Des Moines 1, Pueblo 1—nine innings; at Denver—Sioux City 6, Denver 2.

ABSORBED IN FISHING

Farm Employee Pays Too Much Attention to His Lines—Distressing Happens.

TWO LITTLE CHARGES KILLED

Has a Terrible Message to Take Home to His Employer—No Booze for the Club Man.

Battle Creek, Mich., July 2.—Vere Wilds, employed on the farm of Joseph Wiggins just west of the city, went to Battle Creek for a Sunday fishing trip, taking with him the two little sons of his employer—Earl, aged 10, and Robert, aged 6. While he was tending to his lines the boys played on the Grand Trunk railroad bridge. They heard a freight train approaching from the west and stepped to the other track to let it pass, and did not hear an excursion train from Detroit coming on the other track until it was almost upon them.

Will He Ever Forget It?

The boys were in full view of Wilds, who yelled frantically at them, but before they could escape they were struck and instantly killed. The youngest boy's body was thrown across the river into a clump of willows. Earl was thrown under the wheels and the top of his head was crushed.

Fatally Hurt by a Base Ball.

Kalamazoo, Mich., July 2.—Mrs. Peter Sparrentak was struck behind the ear by a base ball, and Dr. Sassa man offers little hope for her recovery. She was passing a field where a crowd was playing ball when a ball thrown wild struck her.

Terribly Kicked by a Horse.

Vermontville, Mich., July 2.—Clarence Depugh, 7 years old, son of Clem Depugh, living north, was kicked through the side of the barn by a horse. His skull is fractured, his spine and hip injured and he can scarcely recover.

Shaved by a Lightning Bolt.

Detroit, July 2.—A bolt of lightning instantly killed Joseph Bourassa two miles west of Ecorse village. His whiskers were shaved clean from his face, but not a hair of his head was even singed. He leaves a widow and twelve children.

WAR ON THE SWELL CLUBS

Prosecution Will Put the "Kybosh" on the Sale of Liquors at Swell Places.

Grand Rapids, Mich., July 2.—Prosecutor McDonald has declared war on swell clubs and little back room clubs where liquors are sold on Sundays and at other times prohibited by law. He says that in most cases the clubs are but blinds for saloons. He says that the swell Peninsula club officers have sworn before United States internal revenue officers that they are engaged in the retailing of spirituous liquors. The prosecutor adds: "This club is popularly known as the rich man's club. Among its members will be found many of the wealthy and influential men of this city. It was organized, so its charter says, for literary and scientific study. Scotch high balls and the bewitching cocktail may be necessary to stimulate these gentlemen in their literary and scientific investigations, but it is a bad example to set for high school boys and others of literary and scientific inclinations."

Curiosity Is Mighty Costly.

Battle Creek, Mich., July 2.—Curiosity prompted Wilford Knox, aged 50 of Grand Rapids, to raise himself on one elbow while working a sawdust pit of the Tobias sawmill in Lacey. The buzz saw caught him in the left side, tearing a hole and exposing his lungs, while a second contact cut his arm nearly off, requiring amputation if the doctors conclude that he can live.

Went Mad While Farming.

Owosso, Mich., July 2.—Harrison Tyler, aged 18, was taken violently insane while cultivating corn in Bennington township. He ran wildly around the field and the combined strength of several men was required to hold him. He was committed to Pontiac asylum.

Waited All Day at the Depot.

Saginaw, Mich., July 2.—Cynthia Gardner and Martin Meyers, of Merrill, came to Saginaw to obtain a marriage license. He left his bride at the Pere Marquette depot while he went after a license. He got the license, but failed to return, and she waited all day.

Legislature Is "Martin" Ended.

Lansing, Mich., July 2.—Both houses of the legislature really adjourned since die Saturday without music or flowers. On motion of Martindale the senate adjourned at 11:40. Turner made the motion in the house. The presiding officers of both houses were present.

Haven't Heard of That Combine.

Kalamazoo, Mich., July 2.—The managers of the fifteen paper mills in the Kalamazoo valley say they know nothing of a combine of paper mills. George E. Bardeen, of Otsego, denies the report positively.

Long Live the King!

is the popular cry throughout European countries; while in America, the cry of the present day is 'Long live Dr., King's New Discovery, King of Throat and Lung Remedies' of which Mrs. Julia Ryler Paine, Truro, Mass., says: 'It never fails to give immediate relief and to quickly cure a cold or cough.' Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed by W. N. The wedding bells pealed forth their joyous note at Dayton Saturday evening, where Mr. Alonzo L. Matthews and Miss Emma A. Richter, of Dayton, formerly a teacher in our public schools, were united in the bonds of holy matrimony. The complete ritual service of the M.E. church was used, the nuptials were tied by the Rev. F. C. Watters, pastor of the Buchanan M. E. church. The house was tastily decorated and was crowded to its capacity by the many friends of the bride and groom, who attended the wedding. Mr. Fred J. Richter, brother of the bride, acted as best man, while Miss Ida Krools, of Michigan City, a friend of the contracting parties, supported the bride. Mr. Wm. Richter and Miss Bessie Matthews were the man and maid of honor, respectively.

There were two ribbon girls and also a little girl who acted as ring bearer. The guests enjoyed a sumptuous wedding feast. There were about two hundred and fifty in attendance. Mr. and Mrs. Matthews received many useful and beautiful gifts from their many admirers. The RECORD joins with their host of friends in wishing them a long and happy wedded life.

There will be a band concert Friday evening at 7:30 sharp.

W. P. Carmer has improved so as to be able to be out again after a week's illness.

Regular meeting of the S. F. A July 6. All members requested to be present.

"Catcher" Harkrider of the Buchanan Blues has accepted a position at Mat Kelling's Smoke House.

The milk dealers of Benton Harbor, have raised the price of milk from 5 to 6 cents a quart. The steady advance in the cost of hay and feed is given as the cause.

Hobos have now taken possession of the Twin Cities and local authorities are having plenty of trouble watching them.

Paul Mienka, of the Celfor Tool Co., who underwent an operation at the Battle Creek Sanitarium, is reported to be doing fine.

M. B. Fitch is preparing to move with his family to Flint, Mich., this week where he will take possession of the Childs Jewelry store, one of the largest in that city.

Edwardsburg, a small town 30 miles east from here, had a big fire last night, destroying three stores and one residence.

Miss Effie Vite, a graduate of this year's class, has received a teacher's certificate, qualifying her to teach this year.

Meetings are held each evening in the Seventh Day Adventist gospel tent except Monday. No meeting announced for the evening of the 4th. Subject tonight, "Prophecy." Wednesday, "Nebuchadnezzar's Dream"

"Uncle" Peter Weese died at his home in Dowagiac the last of the week. He was a pioneer of this section and was a resident of Buchanan for many years. Mr. Weese was a member of the local lodge of Odd Fellows.

Mr. Vallert, with the Celfor Tool Works, who has been sick and confined at home for the past three weeks, is reported as pulling through O. K., and when fully recovered will make a valuable addition to the Buchanan Blues.

Sam Smith, local cigar manufacturer, is putting in a new plate glass in front of his factory, together with other necessary repairs.

After having no end of trouble by ex-member of their sect, Abel Williams, the Flying Rollers, all of Benton Harbor, sought and obtained an injunction against the peace disturber from Judge Coolidge.

A party in an automobile, probably bound for Clear Lake, last Sunday, were obliged to halt on corner of Front and Detroit streets until the chauffeur could get a supply of gasoline.

John T. Murphy of St. Joseph, a Berrien county pioneer and father of City Clerk Murphy died last Thursday night and funeral was held Saturday morning.

The blowing up of the freight office at Niles by desperate burglars last Saturday has led the local authorities to suspect several hoboes, who constitute the army of yeggmen infesting that city, as responsible.

The Children's Day exercises at the Christian church last Sunday were greeted by a large congregation. Those having it in charge are worthy of all praise for such a fine entertainment.

M. B. Fitch, the jeweler who will soon leave for Flint, Mich., exercised a lot of nerve when he used considerable space to advertise his jewelry sale, and as a result his little store was crowded to the doors last Saturday. Many blocked the walk in front of the store.

Miss Zilla, daughter of Mr. and Mrs. Geo. Stanton, of New Carlisle, former residents of Buchanan, will be married tomorrow to a young man of that place. The wedding will be a quiet one, only the immediate relatives of the young people being present.

In climbing the embankment last evening at 8:30 on Portage street a young lady slipped and fell into the arms of a young man who happened along at the time both parties rolled in the dust but quickly recovered their equilibrium and went on their way rejoicing.

N. M. Main of Helen, Okla., related to Phoebe Best and John Curran, and who was an old Buchanan resident, born in St. Joseph county, Ind., in 1846, and lived in Buchanan until 1872 when he went West, returned for a visit to his old home and is now familiarizing himself with the old landmarks whereon old buildings stood, but which have, with the progress of time, been wiped away. He was accompanied by his wife, and his children, Mr. and Mrs. F. E. Main.

A well known farmer, says the Niles Star, residing near Buchanan, says the outlook is that the growing crop of wheat will be the largest the farmers in the vicinity have harvested for twenty years. The hay crop is not so good as had been reported, however, and pretty stiff prices will prevail after the crop is gathered in, it is predicted. There will be practically no apples and a few pears.

B. T. J.—You are quite passive in disposition and emotional in feelings, too much so for your own good. Endeavor to curb your feelings more. You are too easily influenced and persuaded and consequently vacillating and capricious. When a person has gained your sympathies, they have gained control over you to a very great extent. Be true to your better nature.

F. H. C.—You are honest and faithful in domestic life. You are at times somewhat stubborn but can be led by the affections. You do not meddle with others nor allow others to meddle with you. Sept, Oct and November will be very favorable months for you. Avoid excitement and worry. Quiet, rest and sleep are your best medicines.

I. E. R.—You are inclined to be set in your way of thinking. You have great endurance and a very good memory. Your likes and dislikes are very pronounced. Inclined to brood over your troubles too much. The early morning when you first awake is the best time for you to make your decisions and make your plans for the day. Things will be especially bright for you during the 25th, 26th and 27th year.

H. M. A.—You have a very positive nature. Your determination and will power has enabled you to overcome many obstacles in your life that otherwise have been insurmountable. You are a lover of home and have a generous disposition. You are exceedingly sensitive to the physical and mental conditions of others. You sometimes appear even eccentric because of this sensitiveness. You must be careful in matters pertaining to your digestive organs as there is a liability to some trouble of the abdominal. The future should bring you good financial success.

East Lynn will be given at the Bell on the night of July fourth.

During a thunder storm recently, lightning struck and broke off the flag pole on the French block.

Frank T. Plimpton and family, who spent last winter and spring in Chicago, have returned to their home on E. Main street.

Fruit reports in the county are much more favorable and the strawberry crop is surprising people.

Fred Felton's vaudeville theatre is now in process of construction next to the city hall. The front will be quite ornate and lighted with about three hundred electric bulbs.

Andrew Crawford's yacht Cornelia blew a signal of distress one day last week, about two miles out in the lake, her engines having broken down. The steamer Frank Woods, of the Transit company went out and towed her in.

Work has been begun on the buildings of the Malleable Iron works, which is expected to be in operation by fall and will employ at the outset from 75 to 100 hands. It is thought the company will bring more factories here in the near future.

June 23 was carnation day in this city, and 5300 of these beautiful flowers were donated by R. A. Smythe, of the Lake Shore greenhouses, and a friend of his in Chicago; and ladies of the Twin cities sold them, netting \$300 which will be applied toward the new hospital fund.

The police have to attend the services at the House of David on Sundays to keep the peace. When the faithful are preaching, an ex-member named Williams mounts a stand just off their grounds and refutes their arguments and exposes their secret workings. Then the Israelite bands will strike up and drown him out. Considerable bitter feeling has been aroused.

Benton Harbor will have a big celebration the Fourth. Rogers' celebrated band from Goshen and the three Israelite bands will furnish music all day. There will be competitive drills by the Berrier Springs Light Guards and the Naval reserves and M. W. A. teams. There will also be an exhibition run by the Fire department and various other amusements. In the afternoon the base of operations will be transferred to the race track where some fast races will be pulled off. Then to town for the evening, where several hundred dollars worth of fireworks will be enjoyed. Our mayor is endeavoring to prevent accidents on that day as far as possible. He calls attention to the state law on the use of toy pistols, which is very stringent and has instructed the police force to arrest any one firing torpedo canes. All except the small boy will rejoice that we are to have a less turbulent Fourth.

Some men would do wonderful things if some little thing were not in the way.

SMELLED TO HEAVEN

That Was the Condition at New York City When Relief Was Promised.

GARBAGE MEN GO BACK TO WORK

They Leave Their Case in the Hands of Mayor McClellan.

Limit Had Almost Been Reached and Foul Odors Were Wafted on Every Breeze—Guarantee of Protection Fails.

New York, July 2.—The strike of the city garbage collectors is over and the fears of a serious epidemic as the result of the conditions which have existed for the past week are at rest. A committee representing the striking drivers conferred with Mayor McClellan. He promised that if they would return to work he would take up their grievances. Later the committee announced that they had decided to send all the men back to work, trusting to the mayor's promise. It was also announced that the men will work overtime until the accumulation of garbage in the streets had been removed.

Sufferers Were with the Strikers. All day long the health department officials put forth their utmost efforts to gain some headway against the rapidly increasing accumulations in the streets. About 250 carts were in use, but men were hard to find and difficult to hold. Every cart was protected by police, and detachments of officers preceded the squads in which the carts were sent out, driving loafers off the street and out of the saloons, and doing all possible to prevent assaults on the drivers. Even on the east side, where the danger to health from the heaps of putrifying refuse was rapidly becoming very grave, hundreds of people hoisted the drivers from the windows of tenements, and hurled missiles at them.

Protection Had Been "Guaranteed." Police Sergeant William Duggan was seriously injured by the explosion of what the police believe was a bomb while escorting two carts in One Hundred and Sixty-ninth street. The sergeant was blown several feet. He was taken to a hospital suffering from shock and lacerations. Several of the drivers were badly beaten by strike sympathizers before they could be rescued by the police.

Conditions Almost Unbearable. On the east side streets conditions were almost unbearable last night. The return of hot weather added to the seriousness of the situation. In places the heaps of garbage practically filled the streets, and traffic was intere'd with. Attempts to dispose of the accumulations by burning were largely unsuccessful. But it is not alone the east side that suffers. The entire city is affected by odors. Even if the full force returns to work today it will require several days of hard labor before normal conditions are restored.

Success is the reward that comes to the man who will never recognize defeat.

The stock market is where the speculator hopes to clean up the filthy lucre.

Stevensville vs. Buchanan July 4th

FRIEDMAN'S LETTERS

Nothing Sensational in Those Read by the Defense in the Haywood Case.

FEDERATION WAS SPIED UPON

Pinkertons Posted on What Was Going on in the Union.

Didn't Seem to See Anything That Was Criminal—Friedman Defends His Treason to His Employers as a Virtue.

Boise, Ida., July 2.—Morris Friedman, the young Russian stenographer who left the employ of the Pinkerton agency at Denver to write a book in which he published certain correspondence of the agency that passed through his hands, was again the principal figure at the Steenberg murder trial. More than half of the court's day was occupied in reading to the jury copies of the documents which Friedman took from the Pinkerton records. They were chiefly the daily reports of secret agents operating as spies among the unions and union men at Cripple Creek, Victor, Globeville, Colorado City, Trinidad and Denver, and showed a complete surveillance of the Western Federation of Miners and the United Mine Workers of America during the labor troubles in Colorado in 1903-04. Pinkerton men sat in the Federation convention at Denver in 1904 reporting all proceedings.

Reports Not Sensational. None of the reports produced by Friedman and read to the jury by Darrow contained other than general references to the collateral issues of the trial, nor did they contain anything sensational, but they were offered in substantiation of the counter-claim of the defense that the Pinkerton agency conspired for the destruction of the Western Federation of Miners and the lives of its leaders. The prosecution offered no opposition to any feature of Friedman's testimony, and no objection to the introduction of any one of the documents that the defense obtained through him, and when Friedman was handed over for cross-examination it endeavored to ascertain if Friedman had any more reports or letters bearing on the general issue.

Charged with Stealing Documents. It attacked Friedman on the ground that he had played the Pinkertons false, had violated his pledge to them and had stolen the documents which he produced, but the witness would not admit that he had stolen the papers and would not allow Senator Borah to call him a "Pinkerton." He insisted that it was not stealing to take information that had been obtained by the fraud and deceit of secret service men, and declared that the public service which he performed in informing the people of the methods of the agency fully justified anything that he had done.

BORAH WANTS MORE RECORDS

Chief Detective Accused—Witness Tells a Humorous Story.

He said that if he had known this trial was coming up he would have taken many more letters and reports. Senator Borah pressed him to tell just what records there were in the Pinkerton office at Denver bearing directly on this case, and while the witness said he could not tell him of any particular one he remembered many letters written by Detective McParland in which all manner of crimes were laid at the door of the Western Federation of Miners.

Another interesting witness was Jas. I. Wallace, an attorney of Cripple Creek, who served with the militia first as a private and then as a lieutenant during the strike of 1903-04. He related several instances as tending to show the misuse of the power of the militia by the mine owners; gave the criminal records of some of the gun fighters imported by the mine owners; told of the working of the card system; recited the circumstances connected with the looting of the union stores and a newspaper office, and swore that he saw K. C. Sterling, chief detective for the mine owners, fire the first shot in the Victor riot the day of the Independence station incident. He said, however, the shot was fired at a billboard.

M. E. White, an organizer for the Western Federation, was the last witness and brought the trial participants back to great good humor with the drollest kind of a tale of his arrest by the militia with all the pomp and ceremony of war times, the activities of the vermin in the bull pen, and his happy release by a brother Woodman of the World who commanded the militia.

Counsel for the defense said that they might succeed in finishing with all of their witnesses except Haywood and Moyer by the end of the week. Their plan is to reserve those two principals for the last. The defense has prepared its draft of instructions and the state is working up its rebut-

Londoner, another Pinkerton, told how the citizens demanded the resignation of Sheriff Robertson, owing to his Federation sympathies, and threatened to hang him otherwise. Londoner said an attempt was undoubtedly made to murder C. I. Hamlin, secretary of the Mine Owners' association at Victor, Colo.

The soldiers fired into the union hall before there was any firing from the hall, but several hundred rifles, three barrels of ammunition and a stock of provisions were found in the hall. He also found photographs of two non-union men with crosses marked on the back, which he understood meant that they were to be murdered.

Letters from McParland say that the Colorado authorities have done many things that are unconstitutional in dealing with the strikers. Friedman testified that the Mine Owners' association was not a client of the Pinkerton agency in 1903-4-5, so far as he knew, but that individual mine owners employed defectives.

SCHOLARSHIPS FOR NURSES

Philadelphia School Offers Two Years of Free Training—Object of the Benefaction.

Philadelphia, July 2.—Special provision has been made by the Philadelphia School for Nurses for taking a large number of young women into the school and giving them two years' free training in nursing. The object of those providing the funds for this purpose is to carry hospital benefits to all parts of the country. The scholarships are available for young women in every state. Preference, however, is given to young women from the smaller towns and rural districts, where there is an absence of hospital facilities. The student is provided with room, board, laundry, nurse uniforms and all the refinements of a good home, with suitable training, instruction and actual nursing in the homes of the poor and among people of moderate income, and at the end of the course the student's fare home is paid.

ICE STRIKE SITUATION

Both Parties Claim the Better of the Fight So Far.

Danger of an ice famine in Greater New York due to the strike of the drivers employed by the American Ice company seems to have passed by reason of the activity of the independent dealers. Both the ice company and the drivers claim that they have the better of the situation. The strikers stated after a meeting that the foremen of all the company's stations and stables in Brooklyn had struck in sympathy with the drivers. It was announced at the offices of the ice company that arrangements have been made to fill the places of all the drivers who have struck, and that if the old drivers did not report for duty by 3 a. m. today new men would be employed. The return of warm weather accelerated the demand for ice, and the independent dealers did a thriving business. Many of the large consumers had no further complaint to make than that they were forced to use their own teams to haul their supplies.

JUST AS YOU PLEASE

These Opinions Will "Go" According to Where You Stand.

San Francisco, July 2.—"The strike is over," said Superintendent Ferris of the Postal Telegraph company. "The strike is over," said Manager O'Brien of the Western Union office in the Ferry building. "The strike has just begun," said President Smith of the Commercial Telegraphs union. These three statements are quite disconcerting to those posing parties and give a hint to their future action. Although the officials of both companies here in San Francisco are but subordinates and could not of their own volition take any steps toward a settlement it is not thought likely that any such settlement be taken while the local officials report that they are handling the business without unreasonable delay. The operators on the other hand state that they will carry on the fight even though the companies find a man for every key. President Small prophesied that "lightning will strike soon in unexpected places," but did not explain his remark.
